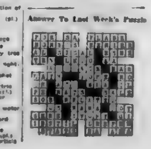
Answer To Last Week's Puzzle



South Saskatchewan River Dam Project A Mammoth Undertaking

(By T. R. Melville-Ness)

A PLAN that may materially change the face of Saskatchewan, the harnessing of the broad South Saskatchewan river, needs a lot of research before actual work begins. When the plan involves the expenditure of $60,000,000, a lake 125 miles long, and storage capacity of 7,000,000 acre feet of water, the amount of research needed is staggering.

That's what a newspaper correspondent found when he called at the proposed site to get a story. Jim McMorine, P.F.R.A., engineer in charge of the scheme, said that at least two years would be needed before the site could finally be pronounced suitable in every way and that four years of work had already been spent on the project.

The layman finds it difficult to appreciate the magnitude of the undertaking. Out on the site, just where the Coteau creek enters the river (now designated simply as "Site No. 10"), the broad river ambles through sand banks, sluggish and yellow at this time of the year. It isn't easy to conjure up a vision of a dam 210 feet high, a mile long at the crest. Such a structure, say the engineers would be among the largest earth-filled dams in the world. On account of its size, problems come in large doses.

Location Is Problem

Primary business of locating the dam is at present the chief problem of the engineering staff of Prairie Farm Rehabilitation administration. Geological studies on practically every square foot of the river bed eventually to be covered by the dam structure are being made, and the suitability of the material under the silt of the bed will eventually determine where the dam may be built.

Site No. 10, 12 river miles from the town of Outlook, appears at the moment the likely choice. Yet, irregular deposits in old channels of the river may rule out the site, otherwise suitable. At No. 10, the banks are high and a dam built between them would provide maximum storage. Farther downstream at Site No. 8, certain factors, including lower banks, would call for a much lower dam and consequent reduction in water storage.

Present investigations include the drilling of deep holes across the river bed and up on the banks. Material brought up by the drills is carefully examined, and lengthy reports made on their content. The important thing, according to Jim McMorine, boss of the project, is to be sure the site chosen will bear the weight of the 35,000,000 cubic yards of earth that will go into the huge [illegible].

You learn some remarkable things about earth dams from P.F.R.A. men at the site. For instance, you learn that a terrific amount of seepage must be expected through an earth fill dam. Seepage will follow a certain known pattern, in accordance with a clearly defined line through the structure called the "hydraulic [illegible]." To check such seepage Mr. McMorine said it was likely that "[illegible] piling would be used running vertically through the core of the dam cutting through the hydraulic gradient and raising above it. This would consist of a sheet metal wall, a sort of dam within a dam, sunk perhaps 100 feet or more beneath the level of the river bed. The big dam at Fort Peck, Montana, employs the principle of sheet piling successfully and P.F.R.A. engineers are studying this with a view to the possibility of adapting the idea to the South Saskatchewan project.

Big Possibilities

Included in the list of investigations needed before the dam can be built is the close study of the area it is proposed to flood. Engineers must make sure that the big lake can be safely impounded without the possibility of washouts and breaks at weak points. Cities and towns down-river from the dam would be threatened if there was danger of sudden release of even part of the water storage.

While the dam itself is still in the early stages of planning, some big things have been hinted at in the way of use of the water. A sure supply of water for towns and cities, including Moose Jaw and Regina, restoration of the lake levels in the Qu'Appelle valley, the filling-up of shallow Long Lake, establishments of new resort facilities along the shoreline of the 125-mile reservoir, are among the benefits which might be expected.

A survey indicated last year that some 500,000 acres of the area were irrigable, a matter of vast importance to Saskatchewan's dry-land farming economy. It is believed that apart from special crops which might be grown under the ditch, enough fodder might be grown by irrigation to supply the needs of the livestock in the province even in the dryest years.

Oddly enough, farmers themselves aren't particularly interested in this aspect of the business, in spite of varying degrees of crop failure this year in regions believed to be irrigable. They are interested mainly in another possible development, that of hydro-electric power, and say they'll take advantage of that just as soon as the dam can be built. When you've been a dry-land farmer all your life, they say, you cannot hope to develop the special skills and patience of an irrigationist, and they plan to leave irrigation development for their sons, and maybe incomers from other countries who have been used to working the small parcels of land on an irrigation project.

George Spence, former director of P.F.R.A., and one of western Canada's keenest conservationists, believes the scheme has unlimited possibilities in the way of improvement of Saskatchewan's farm economy. "In this dry country, it's nothing short of a crime to allow the water of the South Saskatchewan to run down into the Hudson Bay without using a drop of it," he declares. "The principle of conserving water in the west must be recognized. [illegible] be plenty of use for it when we eventually have it impounded."

While there has been no commitment on the part of the Dominion government to proceed with the actual construction, the two-year period of investigation still needed to establish a site is now under way. In the meantime, the South Saskatchewan development has become a live issue in the province, and is likely to take on even greater importance within the next few years.

Photo above shows one of the familiar landmarks along the South Saskatchewan river, the road and railway bridge at Elbow, which will pass out of existence if the dam is built. The water level at Elbow would rise almost 200 feet and certain railway lines in the vicinity would have to be re-routed.

Standing on the bank of the South Saskatchewan 200 feet above the river level, P.F.R.A. engineers, above, look over the [illegible] to the [illegible] suitable on which to build an earth-fill dam. [illegible] material. Investigations [illegible] under way to include drilling of almost every square foot of the site with a view of determining the structure of strata under the river bed, and the possibility of their being able to withstand the enormous weight of the structure.

Japanese Emperor's Wardrobe Not Large

TOKYO — Japan's imperial household filed with the tax office this record of Hirohito's clothing, listing all of it as "used":

Four uniforms, two Japanese style robes, two swallowtails, two tuxedos, six frock coats, five morning suits, 23 sack coats and 16 overcoats.

The Empress gets along on three [illegible] dresses, 19 dresses for everyday wear in the palace, 80 foreign-style dresses, 30 Japanese-style dresses and 15 overcoats. 2753

PRINCE PHILIP TO BE INCLUDED IN PRAYER

LONDON.—Britons who belong to the Church of England henceforth will pray for Prince Philip, Duke of Edinburgh, as well as the rest of the Royal family. Wherever the Book of Common Prayer specifically mentions the royal family the words "The Duke of Edinburgh" will be inserted after that of his wife Princess Elizabeth, the privy council decided.

There are about 75 pyramids in Egypt.

WILDMERE W. I. MEMBERS HEAR PROVINCIAL PRESIDENT

(From Wildmere Winks)

Wildmere W. I. members were privileged to hear a most interesting address on Thursday afternoon Nov. 20th at the Masonic hall Vermilion given by Mrs. Morton of Vegreville, Provincial president of the Women's Institute.

Mrs. Morton was officially welcomed to Vermilion by the Rev. E. A. Heikie who remarked that this was the first occasion that he had ever acted on behalf of a mayor but he was really happy for the opportunity to welcome Mrs. Morton to Vermilion. Mrs. Peter Jensen acted as chairman and Mrs. Culford of Lloydminster spoke briefly.

Mrs. Morton's talk dealt chiefly with her trip to Amsterdam Holland, to meet with the Confederate women of the world and the address was so interesting that it was too bad the audience did not number several hundred. We cannot begin to realize just what these poor souls in the war torn countries have been through and are still putting up with. For instance flour is made up of 95% wheat kills and all is in the bread which is very dark and coarse. The people are getting very tired of it. Very little butter can be obtained and Mrs. Morton only saw butter once while there and she never saw an orange lemon or an egg in her month of travel on the continent. The past summer has been one of the driest Holland has ever experienced so that there was no fodder for stock and cattle were being killed off while there was still some meat on them. This fact alone will set Holland back as there weren't many cattle left after the German invasion. No child, according to Mrs. Morton born in these war torn countries since the war started, has ever known enough to eat. Holland is very grateful to Canadians and people from this country received a warm welcome and a generous share of everything the Dutch people could offer. Belgium on the other hand appears to have lots of everything but at the most exorbitant prices. Mrs. Morton spoke of a breakfast she partook of in Paris. It was comprised of two small round slices of thin black bread, no butter, a bit of jam just what it was made from she did not quite know, and coffee from burnt grain with no milk or cream for it. For dinner if the bit of meat she had, had whinnied at her, she would not have been surprised. Electricity is off two days a week in Paris and to go along corridors in hotels after dark was rather spooky. The trip over on the liner Queen Mary was really wonderful and a great many beautiful sights were seen in England and on the continent. She saw many evidences of the people queuing up for their rationed food and also when after being in line for hours many are turned away as the last of the food is sold. However the British people seem so patient and happy through it all and seem to be glad to be alive, quite a contrast to the grumbling and groaning we hear on this side where we have no rationing and plenty of varieties of food. While away Mrs. Morton never once saw a glass of milk set anyone. She herself lost weight while away from Canada.

The speaker gave everyone a very good idea of just what to send over in food parcels. Try to include a bit of white flour, lard or shortening they simply crave for, cheese, tea, corn starch, rice, raisins dried fruit and especially dried apples. She wanted food parcels for overseas to be the objective of the W.I. for the coming year.

The writer could go on and on telling about this wonderful talk by Mrs. Morton and we are quite sure that she could have told us much more had time permitted that afternoon. Six of the eleven members of the Wildmere W.I. attended the meeting.

GUEST ARTIST

John Sturgess, popular Toronto baritone, appears as guest artist on the Northern Electric Hour on Monday evening, December 8. The program is heard weekly over the CBC's Trans-Canada network.

Mannville Old-Timers Get Together

REV. K. C. McLEOD HEADS PIONEERS

MANNVILLE.—An enjoyable social evening was held for the Mannville old timers in the Orange hall. The "senior" old timers present included Mr. and Mrs. George Whitson and Mr. Finlay who were among the earliest settlers of the district. Cards and dancing were enjoyed until lunch was served after which the annual meeting of the Old Timers' association was held.

The election of officers resulted as follows: President, Rev. K. C. McLeod, vice-president, Oscar Younge; secretary, H. G. Whitson; directors: Jack Clark, Jack McLaughlin, Mrs. Archie Hubbard, Julius Prell, John Finlay, Mrs. R. Bee, Mrs. N. McKinnon.

An interesting program featuring many of the old-timers followed and Mr. McLeod spoke in tribute to the pioneers. A duet by Mr. and Mrs. N. McKinnon, solos by Jimmy Johnson and old timer Jack Clark, quartet by Mr. and Mrs. N. McKinnon, Mrs. Symington and Mr. C. Torrance were the musical items on the program.

A talk by H. Thomas on some of his early pioneer experiences was much enjoyed as was the old time dance by Jack and Jim McLaughlin. The program concluded with community singing led by Bob Bennett.

Fred Haines Heads Wildmere A.F.U., 1948

The Wildmere A.F.U. held its annual meeting Nov. 19. There was a large amount of correspondence on hand as due to the late harvest it had not been possible to hold regular meetings for some time. Some of the letters dealt with the present wheat policy. It appears to be advantageous for farmers to attend these meetings as information is gained as to what is really taking place as far as [illegible] and not just that which is given [illegible] in leading editorials which reflect mostly the business viewpoint.

It was [illegible] that [illegible] extend an invitation to the Board of Trade to send representatives to our next meeting to discuss problems of interest between farmers and business men of Vermilion.

As this was the annual meeting the following officers were elected:

President—F. Haines
Secretary—R. Osterberg
Director, Sub-Dist. 3—F. Haines

At the next meeting the delegates to the annual convention will give their report. The delegates this year are G. Hughes and G. Haines. This should prove very interesting as there are so many subjects of interest to farmers discussed at these annual conventions which have a definite shaping of the organization's policy for the coming year.

Don't forget the date of the next meeting, Wednesday Dec. 10. The delegates will give their report and the Board of Trade will be represented so this should be a very good meeting.

(The balance of this report will appear next issue.)

Chatsworth Chatter

The previous week of mild weather was certainly most welcome. Perhaps we can look forward to a nice December.

Mrs. Pich came home from the hospital on Monday the 24th with her new daughter who is to be named Margaret Ann.

Mr. and Mrs. Bruce Hyde (nee Nan Cameron) and little daughter Betty, of Calgary, were visitors to Mr. and Mrs. Bob Cameron's last week end. The trip from the southern city was made by truck.

The dance at the school last Friday netted the sum of $9.33 in aid of the Xmas tree fund. Lunch, music and lights were all donated free of charge.

Mr. R. Good left by bus on Monday to attend the A.F.U. convention in Edmonton.

Frank Farkash is having a well bored and the outfit has struck water at 25 feet.

Congratulations and good wishes to Mr. and Mrs. Bill Wozwitka on their wedding date, Nov. 27th. A wedding dance was held in their honor on Friday the 28th.

Mrs. Robson and Miss Hazel Sharpe of the King Edward district, spent a few days visiting at Mr. and Mrs. Harry Good's last week end.

E. Thompson sustained a fractured nose and bruised face last Wednesday (26th) as he was working with a wood-sawing outfit. He was throwing logs off the pile to knock snow from them when one struck a short piece of wood on the ground, the latter piece bounced, striking him on the left side of the nose and also cutting him over the left eye.

After the last meeting of the Chatsworth Country club Mrs. Arnold Magee reports that she got size 7 overshoes which are not hers so ladies please check on your overshoes. Black velvet, low heels, dome fasteners.

As this will be the last opportunity to remind the members of the club via the Standard—the next meeting is to be held at Mrs. East's on Dec. 11 at 2 p.m. There is to be a sale of home sewing, novelties etc. and visitors are welcome.

Farmers Urged To Get Montcalm

Farmers wishing Montcalm barley for 1948 seed are urged to get their supplies as soon as possible.

This suggestion is made by the Barley Improvement Institute sponsored by the Brewing and Malting industries, presumably because it may be anticipated that unless Montcalm is obtained promptly there may be difficulties or inconveniences in getting adequate supplies later on. Farmers are asked to contact their nearest Montcalm grower, their local agricultural representative or the field crop commissioner of their provincial department of agriculture.

The variety Montcalm is one of four eligible in the $25,000 National barley contests of 1946 and 1947 also sponsored by the brewing and malting industries. It is now established as one of the best varieties of malting barley equal if not superior to the well-known variety O.A.C. 21. This year it has been giving highly satisfactory yields. Present prospects are that it may prove to be the best high quality malting barley.

This is another reason why farmers are being urged to get seed supplies for next year. Hitherto the variety hasn't been available in commercial quantities. A fair supply is available from the 1947 crop.

Medical men now believe we have sufficient knowledge to eradicate tuberculosis. Christmas Seal funds are used to put this knowledge into practice.

Seven times as many unskilled workers die of tuberculosis as professional people. The disease kills three times as many unskilled laborers as skilled workmen.

Test of Drivers A.M.A. Convention Topic

New plan of tests for those seeking drivers' licenses in this province is one of the subjects for discussion at the annual meeting of the Alberta Motor Association which will be held in Lethbridge, Saturday, Dec. 13th.

The provincial government has announced that commencing April 1, next, all those who are making application for drivers' licenses for the first time will be given tests before such licenses are issued. This also will apply to those who were involved in motor accidents during the past year.

The RCMP will have supervision of the arrangements for drivers' tests.

Many other subjects of importance particularly to motorists are on the A.M.A. agenda. These include discussion of progress of the provincial highway program, means of promoting the tourist industry and extension of membership services.

One of the largest organizations in the province, the A.M.A. now has a total membership in the neighborhood of 20,000, having made substantial gains at all three branches, in Edmonton, Calgary and Lethbridge this year.

OBITUARY

MRS. HANNA ELGIE

On November 28, Mrs. Hanna Elgie of Minburn, Alberta, passed away in the city at the age of 75 years. She is survived by one son Hugo of Minburn; one daughter, Mrs. T. Simmons also of Minburn. Funeral services were held Tuesday Dec. 2nd at 2 o'clock at the United church, Minburn. Interment took place in the Minburn cemetery. Andrews McLaughlin, Funeral Directors.

Bowtell Bulletin

Dont forget the dance this Friday folks in the school. Proceeds are in aid of the kiddies Xmas tree

Congratulations to the Morrisons for their outstanding achievement in raising the best turkeys in Canada. Uncle certainly should get plenty of credit as he does a lot of work in taking care of the turkeys, but he enjoys it.

Quite a number enjoyed the dances at Island Hill and Islay this past week, not forgetting Gerald Preston 'nuff said, says Gerald'

Mrs Repp and Mrs Morrison were busy Saturday buying treats for Xmas

[illegible] are now working at Winfield.

Jim Millar was the lucky winner of a coffee and tea pot at the dance at Islay

The writer and family were pleased to have Charlie Coulter for dinner on Sunday Charlie hurt his foot while working at the oil wells at Lloydminster but it is now healing up nicely.

A very good time was enjoyed Sunday evening when a surprise party was held at the Robinson home. Believe me folks Jim Millar can surely [illegible]

Leslie Sherwood visited the Sweet home in Islay Monday. The occasion was Dick's Birthday He also enjoyed a two-day visit with Bruce McClelland recently

Mr and Mrs Dodelly will move soon to the farm owned by their son-in-law They will have at least a good road This farm was formerly owned by Elmer Williams

Richard Jenkins is home again and feeling much better

Kenny Riedale is doing the chores at the writer's as at time of writing we are on the sick list

Mr. Scott is busy building a new garage for Mr Walker.

Mrs. Knutson is feeling better but is still under the doctor's care.

Jim Ronaghan has been busy delivering coal in the district

The World of Wheat

By H. G. L. STRANGE
Director, Research Department, Searle Grain Company, Ltd.

THE PRICE OF COARSE GRAINS

Since controls on coarse grains were lifted on Oct. 21st and these grains were put back on the open markets, farmers who are selling oats and barley have received from 20 to 30 cents a bushel more than they did under the government ceiling prices Eastern feeders of livestock, particularly of hogs, are protesting vigorously against these increased prices of Western coarse grains. They are having difficulty, they tell us, in feeding hogs at a profit with present ceiling prices on hogs contracted by the Canadian Government for Britain (this contract takes approximately half the hogs we produce in Canada).

So—these Eastern feeders are demanding that the low Government ceiling prices shall be put back. This of course, may be all very well for Eastern feeders, but it would be tough and hard on our prairie producers of coarse grains who greatly outnumber Eastern feeders

There is, of course a much simpler and better way to remedy the situation, which is for the Government to increase the price of hogs that are being sent to Britain. After all it was the Government and not our farmers which made the contract. Why should our prairie farmers alone subsidize cheap hogs to Britain?

Farmers who wish present higher prices on coarse grains to remain should, I suggest, write immediately to the Minister of Trade and Commerce Ottawa

-- Wanted --

RELIABLE MAN WANTED — THE Vermilion Watkins' Route is now open for a good reliable man with car No capital or experience required but you must be a real hustler [illegible] permanent connection with real future for reliable man. Interview by appointment Address all replies to P. D. McINNES, 10420-87 Avenue Edmonton [illegible]

Thirty-two Years Ago Today

Interesting Items Gleaned from the Files of the Vermilion Standard
32 YEARS AGO TODAY — 1915

Dec. 1st, 1915

Matt Brimacombe was elected as president of the curling club, S.R.P. Cooper vice-president, Bill Pilkie secretary-treasurer. Members of the executive were Bill Teddard, H. B. Parker, Wm. Trimble, W. J. Reed and Alf Watt.

The annual ratepayers' meeting was held Monday night. The auditor's report showed town finances to be in healthy condition Mayor Reed stated that on assuming office in 1912, there was a town bank indebtedness of $11 [illegible] this indebtedness had been reduced to $[illegible] when the audit was made and since then $[illegible] more had been paid, leaving the balance only $2,000 Chairman J D Stephens of the school board gave the actual operation expenses of the school for the year as $9,661 Principal R B Brooks gave the attendance in the public schools as 172 and in the high school as 46 Councillors whose terms expired were C. H. Glanville, A. E Pilkie and John Craig The retiring school trustees were Rev. J E. Tyner Fred C Long and H P Long.

Sixteen Years Ago Today

Dec. 3rd, 1931

Owing to the inability of Vegreville to ice a hockey team this year the senior hockey league has fallen through.

Norman McClellan was elected president of the Vermilion Inspectorate Trustees' Association and H P Long was secretary-treasurer.

Eddie McCourt of Kitscoty won the Rhodes scholarship at the University of Alberta.

Dr. Cross Endorses T.B. Seal Sale

The Hon. Dr. W. W. Cross, Minister of Health, has given his approval to the campaign of the Alberta Tuberculosis Association to raise funds through the Christmas Seal sale for its 1948 program of tuberculosis control.

Speaking of the diagnostic Clinics, Dr. Cross said "Most spectacular in the program of the Tuberculosis Division is the service of the Mobile Chest X-ray units which, thanks to the Alberta Tuberculosis Assoc have made a magnificent contribution to our diagnostic work in Alberta."

Dr. Cross said further "In Alberta we are attacking tuberculosis from every possible angle, and with every weapon at our disposal The earlier the discovery, the earlier the recovery. Only by 100% co-operation of all our citizens can all unknown cases and spreaders of the disease be found."

Christmas Seals play an important part in the Alberta anti-tuberculosis program. Only at Xmas time each year are the people asked to contribute toward this vital work

ETHELWYN

This column has been neglected of late so will attempt to bring the news up to date

Two very [illegible] have been held in the Rye school in aid of the Christmas fund The Mulgrew boys supplied the music

Congratulations to Mr and Mrs Alex McDonald on the birth of a daughter Nov 22nd and to Mr and Mrs Henry Carlton who have a new daughter also

The writer would like to thank the editor and staff of the Vermilion Standard for the very good support they have given in the campaign for better roads during the past summer

The many pictures of local people now appearing in the Standard are a great addition to the paper, every one likes to see pictures of someone they know

The article "Don't run over my little girl" cannot be printed too many times, but there is another side to the story Parents do tell your children not to stand in the street or the road, dancing and waving their hands until a car is almost upon them before they jump. There are many children who do this. It is enough to shake the nerves of every driver and could easily be disastrous

Everyone was sorry to hear that Mrs Ed Magistead suffered a severe back injury when she fell through the feed hole in the hay loft. She spent several days in the hospital and will be in a cast for a long time.

The Harold Cooper family [illegible] last week and [illegible] from the [illegible] of Mr and Mrs M [illegible] [illegible] their home in time for school Monday.

The writer is quite sure that every one enjoyed the story of early days [illegible] from [illegible]. We would like to read more homey stories like that one

UNIVERSITY OF MANITOBA
Imports Devon Sheep
to Improve Canadian
Strain.

An interesting new sheep — the Devon Closewool — arrived in Winnipeg over Canadian National Railways this week consigned to the University of Manitoba. As far as is known the seven arrived here are the first to be brought to the North American continent.

The Devon Closewool is a young breed in England, the breed society having been formed in 1923, and traces back to crosses between Devon Longwool and Exmoor Horn. The animals are adaptable to a wide range of climate and soil conditions and thrive well in high and open country. It is hoped they will be the answer to the Canadian sheepmen's search for a new type and breed

It is the university's intention to test the Devon Closewool in the [illegible] state and also undertake some crossing. No breeding stock will be released until the sheep has been proven under Canadian conditions.

It is a white-faced breed without horns, early maturing, medium in size, short-legged and broad backed with well developed hind quarters. The wool is a low medium staple popular with British manufacturers. The National Association of Sheep Breeders of Great Britain donated the sheep to the university which arranged transportation.

Accidents Higher on Prairie Farms

A comparison of the percentage [illegible] tribution of farm accidents an[illegible]

[illegible] only [illegible] greatest number of accidents occur in the Prairie Provinces but the relative frequency of accidents is also greatest there according to a survey of non-fatal accidents [illegible] Canadian farms during the 12 month ended June 1947 made by the Dominion Bureau of Statistics. The Province [illegible] [illegible] the [illegible] [illegible] with about [illegible] Canada's [illegible] [illegible] per cent of the accidents. This is no doubt accounted for by the greater mechanization of agriculture in the West and the [illegible] working with tractors and [illegible]

[illegible] to have helped to reduce [illegible] from the [illegible] cause of death in 1912 to 7th in 1947

SNOW OR NO SNOW, POLICE HAND OUT PARKING TICKETS—Three-day blizzard, first snow of the year to hit Fort Frances, Ont., left 15 inches in its wake. Helping each other over a huge pile of snow on way to work are Doreen, (left), and Lois Brechon. Georgina MacDonald watches.

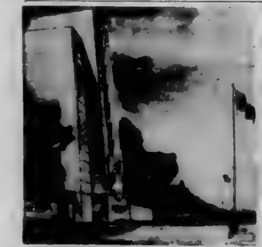
Parking space was at a minimum on Scott St., Fort Frances, as great piles of snow several feet in height took up most of the room. Police added to the woes of stalled motorists by placing tickets for overnight parking on the snowed-in vehicles.

ORDER OF MERIT GIVEN MR. KING—First Canadian to receive the honor, Prime Minister Mackenzie King has been awarded the Order of Merit, the highest honor the King can bestow which does not carry a title. The order is restricted to 24 members and is awarded for "exceptional meritorious service" in the service of the crown. The award, shown here, was followed by an invitation to lunch with the King and Queen.

ARMED THUGS TIE DENTIST, GIRLS, ESCAPE WITH $800—Armed and masked, two men taped Dr. K. L. Levinson, Toronto dentist, and three girls. They then robbed the office of a grocery market, next to Dr. Levinson's office escaping with $800. Money was on desk when one of gunmen entered office at Master Food Market, over the store, and scooped it up. Frances Kwinter, Lillian Winchell, and Ester Martin were ordered to dentist's [illegible]

FAMOUS BULL WEIGHS OVER TON — "Sam Jones", famous Brahman bull weighing over one ton, is admired by pretty horse-woman Patsy North in Blythe, Calif., as he is groomed for first competition of Brahman breeding cattle in the west. Sam will compete with other hefty bulls at a livestock show in Los Angeles. The big bull is eight years old.

EVEN SIX-YEAR-OLD WORKED FOR HIS PASSAGE—Archibald Robertson was second mate, his wife the ship's writer, and their six-year-old son scrubbed decks. That was the means the Robertsons took to come to Canada from Scotland. They plan to live in Hamilton, Ont. Mrs. Robertson recollects the time when Rudolph Hess was captured near where she lived in Scotland. He flew over her house and was taken into custody by her father. But Mrs. Robertson herself slept through it all and had to be told about it as though she lived a thousand miles away.



WAR MEMORIAL for every Canadian who helped save Canada in years of peril is announced by Prime Minister King. Design of the memorial will be decided by contest of Canadian artists. This is sketch suggested by Jacques Greber, planning expert, [illegible] design will be by a Canadian.

$597,000,000 STOP-GAP ON STARVATION—U.S. Secretary of State George C. Marshall is conferring with Lewis Douglas, (centre), U.S. ambassador to Great Britain, and Robert Lovett, undersecretary of state, (right), just before Secretary Marshall appeared before the joint Senate and House meeting on foreign aid. Secretary Marshall requested $597,000,000 as stop-gap aid to forestall starvation in Europe until such time as Congress can act on the Marshall plan, or the European Recovery Plan, as it is now called.

WELSH TAR BATTLES DEPORTATION—When Christopher Key, (right), "jumped ship" from the S.S. Parmatria, in Vancouver, he intended to stay in Canada for a short visit, but met Florence Revaine from St. Jean Man., (left) and changed his mind. He met her in a restaurant in Winnipeg and became engaged two weeks later. Now he wants to settle down in Winnipeg and save enough money to start a paint shop if immigration authorities agree.

PROTEST $200 PAYMENT TO MISS CANADA—Margaret Marshall, who won the Miss Canada beauty title this year, was the indirect target of criticism in St. Catharines, Ont., where the Local Council of Women protested the payment to her of $200 for a two-day appearance in the town. Here is Margaret with Mayor W. H. MacDonald, when she received the $. [illegible] sisted that any "free money" should [illegible] to charity.

WINNING EYES—Swedish actress making her first film in the U.S., Marta Toren has the most beautiful eyes in Hollywood according to a group of veteran photographers which has seen them all.

ONE KILLED, TWO INJURED IN SMASH-UP—[illegible] of [illegible] Ont., was killed, J. L. [illegible] of the University of Missouri, and D. R. Jackson of Oshawa, Ont., were injured in this head-on collision on the Queen Elizabeth highway near Hamilton, Ont. Jackson, according to travellers who stopped to render assistance, had both legs crushed and one eye badly injured, but sat calmly smoking a cigarette until medical assistance was summoned.

3758

FLOATING LOGGERS' CAMP—Lifting of duty on some types of Canadian lumber exported to the U.S. has given new impetus to Canada's lumber industry. Communities from Nova Scotia to British Columbia will be affected, and a major expansion is expected. Here is a floating loggers' camp at Holberg Inlet, B.C. It is a community on rafts. Private homes and bunkhouses can be seen in the centre of the picture, community hall and dining hall are in the background at right.

"PIMPERNEL" AUTHOR DIES—Baroness Orczy, [illegible], author of the world's "Pimpernel" [illegible], died in London, Eng., on Nov. 12. In half a century Baroness Orczy wrote more than 50 novels and plays, including many detective stories and tales of the French revolution. During the war Baroness Orczy was kept under surveillance by the Germans at her villa in Monte Carlo.

United States currency available for use in pleasure travel is now limited to $150 per person per year.

Christmas Carols At Bazaar

On Friday Dec. 5th in the Elks hall from 3 to 6 p.m., St. Saviour's W.A. is planning to make its annual tea and sale of work just a little different from previous years.

The Reverend T. W. Teape will officially open the Sale at 3 o'clock sharp. Home cooking, candies, aprons and fancy work of all kinds will be on sale at reasonable prices, and there will be a fish pond especially for the kiddies.

At 4:15 p.m. St. Saviour's Junior choir, under the direction of Mrs. Day will sing several Christmas Carols, and at 4:30 Santa Claus will arrive to talk to the kiddies and to wish everyone present a Merry Christmas.

Come to the Elks hall on Friday afternoon for a really enjoyable time!

Donations of any kind will be greatly appreciated by the members of the W.A. 27-8c

Increase Yields with this New National Grain SPRAYER

Nine years of research on chemical spraying of crops result in this new, 1948 sprayer. The National Grain Company, pioneers in research on chemical weed control, proudly present this specially-designed sprayer, which gives maximum results at low costs.

$395.00 Delivered complete in Prairie Provinces. Mounted on sturdy two-wheel trailer with 1½ H.P. motor and pump.

Sprayer in operation gives complete coverage with 2, 4-D at the rate of 4 to 10 gallons of spray solution per acre. Easily sprays 16 or more acres per hour.

PRACTICAL

The problem of manufacturing a practical sprayer at a reasonable price has been solved. A machine that operates at a low gallonage at a price every farmer can afford.

ECONOMICAL

Moderately priced to pay its own cost quickly in cleaner, heavier crops. Well designed and ruggedly built for long usage. Extra equipment for special jobs at low cost. Saves time, labor, water, chemicals.

These features mean a BETTER sprayer—at Low Cost!

A complete unit, mounted on trailer ready in an instant to tow behind your truck or tractor. Weighs 500 lbs. Self-filling, 100 Imperial Gallon aluminum tank. Can be used for spraying roadsides, barns, livestock, gardens, etc., with extra equipment at small additional cost. Newly-designed nozzles give more complete spray with less loss of chemical. Boom is 32 feet long - four 8 foot sections; folds for passage through gates and is adjustable for heights. Separate valve controls—one side can be used for spraying roadsides.

Cash in on Latest Farming Methods

Weed control with chemicals has made great progress in the past year. This new National Grain Sprayer is designed to make use of the newest discoveries. Definitely makes crops richer, heavier—gives more profit from farming.

Examine all other makes carefully, then compare any machine with the National Grain Sprayer. On both a value basis and a performance basis, you'll be convinced that this is the best sprayer buy on the market.

Report to the People

— by —
ROBERT FAIR, M.P.

While the people of Britain and Europe continue to face months of slow starvation, the Government of Canada continues to enforce its program of restricted production on our farms even though it has contracted with the British Government to supply certain specified minimum quantities of wheat, beef, pork, and other farm products.

Although the policy of restricted production has been in effect generally since the early years of the war, the Government continues from time to time to bring in measures that have the direct or indirect effect of compelling farmers to cut down production or work themselves out of business. One such measure became effective recently when the Government announced that the ceiling had been removed from oats and barley, but the subsidies on feed grains had been discontinued and that the ceiling on meats also had been removed. More recently still we have had a detailed announcement by the Hon. D. C. Abbott, Minister of Finance, of the Government's "AUSTERITY" program which immediately cuts down our supply of consumer goods which are already in short supply, causes an increase in prices that are already too high and no effective steps being taken to bring about a reduction and also increases the existing excessive taxation to the point that it becomes outright confiscation of the earnings of our people. The two announcements mentioned above have caused more discontent and unrest among the farming population than any that have been made since the outbreak of the war. The ultimate aim would seem to be in line with Rt. Hon. Winston Churchill's description of the British Labor Government's policy of "Organized Misery and Organized Scarcity" and will do more to promote the twin menaces of socialism and communism in Canada than can be done directly by these organizations.

Getting back to the removal of ceilings on oats and barley it would seem that the Government cannot justify its action in compelling farmers to deliver their coarse grains to the Wheat Board from August 1st to October 22 of this year at a fixed price and then compelling the same and other farmers to sell their oats and barley on the open market after Oct. 22 at prices considerably higher than the fixed price in effect up to that date. This is costly bungling by some of the Government's experts and in order to rectify this it is the duty of the Government to pay to those farmers who delivered oats or barley to the Wheat Board between Aug. 1 and Oct. 22 an amount per bushel equal to the difference [illegible]

[illegible] for breakfast. The reason: Failure of the Government to adjust hog prices in line with the price of the coarse grains, caused by higher prices being obtained after ceiling being removed and also subsidy on feed grains being removed.

The space allotted to me in this column will not permit me to deal fully with those questions above but as full production is necessary now and for some time to come to meet the demands first of our own people and then others abroad who [illegible] dire need of our surpluses, I feel that nothing should be permitted to restrict our production as that is necessary first of all. We should then see to it that our full production [illegible] pletely monetized, that is a dollar's worth of purchasing power [illegible] culation for every dollar's worth of goods produced at a lastly equitable distribution of this additional purchasing power.

Our old monetary system has [illegible] to fulfil its necessary function [illegible] rather than adopt a system that will work those in authority have [illegible] that the common people must put up with shortages of goods at ever increasing prices, more taxes, direct and indirect and many inconveniences, while the "Experts" try to patch up the thing that in the past [illegible]

Everybody's Business

by Don Graham

To get ahead in the world you need more than ability, personality and experience. You also need *good health*.

Nowadays the vital importance of the right diet for good health is being more widely recognized. Thus more and more people are eating less of the heavy starch and protein foods and more of the vitamin-rich raw and leafy vegetables, and fruits.

As for sleep, doctors advise a minimum of eight hours out of the twenty-four.

To most of us the idea of taking exercise is a chore and a bore. But it is virtually impossible to enjoy radiant good health unless we do so. A few minutes spent daily in setting up exercises is especially beneficial to those with sedentary jobs. Long, brisk walks are also recommended.

Above all, have your physician give you a complete check-up every year.

All this may have a familiar ring. But I have repeated these suggestions here because they can do so much to help you win success.

• • •

Just as health measures safeguard your physical future life insurance safeguards the financial future for yourself and your family. During the past [illegible] years [illegible] life insurance [illegible] paid out an average amount of $[illegible] to policyholders and beneficiaries every day.

Destruction By Fire

WIDESPREAD DESTRUCTION IS CAUSED in this country every year through fire. These losses are measured not only in dollars but in human lives and one of the most regrettable facts in connection with the whole problem is that many of these losses could be averted. Events have shown that although every effort has been made to educate the public in the matter of fire prevention, in many instances, tragic fires have proven to be the results of carelessness and disregard of fundamental rules of safety. Recent surveys have shown that fire losses in Canada are increasing each year. In 1946 they were 12 per cent. higher than in the preceding year and the increase over a period of five years was estimated to be about 85 per cent.

• • • • •

Serious Loss Of Property

In 1946 it was reported that 408 people lost their lives in Canada because of fires. In that year there were 55,400 fires in the Dominion and of these 41,005, which made up nearly 80 per cent. of the total, destroyed [illegible] property. This would be a serious loss at any time and is especially so now in view of the shortage of homes. It was estimated that the [illegible] destroyed or damaged by fire in 1946, would provide shelter for 200,000 persons. The damage done to commercial property, and the losses caused by forest fires were not reported but it is known that each year there are large fires in stores, warehouses and factories throughout the country and there is seldom a year when some part of our forest wealth is not destroyed by fire.

• • • • •

Frequent In Winter Time

Although fires are not confined to any one season of the year many of the worst fires do occur here in the winter time, and frequently in the most severe weather when heating systems are overtaxed, or inflammable objects are placed too close to heating units. Too often victims of fires in residential buildings are helpless children and each winter many pitiful accidents of this kind are reported from all parts of the country. When lack of regard for safety rules with which everyone should be familiar result in fires which destroy life and property, the tragedy is doubly regrettable, and it appears that many of the mounting number of fires which occur in this country each year are the result of carelessness and disregard of proper precautionary measures.

U.S. To Test 42,000-lb. Bomb

WASHINGTON.—The United States Air Force will begin test drops of [illegible] pounder at Muroc air base in the [illegible].

[illegible] pended from newly-devised shackles half in and half out of the lengthened bomb bay of a modified B-29 Superfortress and will clear the ground by [illegible] inches when the airplane [illegible].

The bombs dropped probably will be "duds" weighted to compensate for the lack of explosive charges. Experts then will conduct tests on the explosive potential.

20,000 PAIRS OF SHOES GOING TO U.K. CHILDREN

TORONTO — More than 20,000 pairs of shoes, collected by school children across Canada, are in Montreal ready for shipment to British children, the Junior Red Cross announced.

SLEEP . . . and awake Refreshed

If you don't sleep well—if nights are [illegible]—look to your kidneys. If your kidneys are out of order, failing to cleanse the blood of poisons and excess acids—your rest is likely suffering too. Then is the time to use Dodd's Kidney Pills. Dodd's help your kidneys get rid of trouble-making poisons and acids—help restore them to normal action. See how much better you rest at night—how much brighter you feel in the morning. Get and use Dodd's Kidney Pills today. 143

Constipated? Try All-Vegetable Laxative

NR, a mild, all-vegetable laxative, is an easy way to help such stomach, headache, weary feeling caused by constipation. NR's have thorough, pleasing action. They're all vegetable. NR Juniors ⅓ strength, for extra mild action. Regular NR's for average use. Chocolate coated or plain.

NR TO-NIGHT TOMORROW ALRIGHT Nature's Remedy 10¢ & 25¢

RELIEF as you sleep from all the miseries of COLDS

- Eases coughing
- Loosens phlegm
- Helps clear congestion of upper bronchial tubes
- Soothes sore throat
- Comforts aching muscles

You get all this relief while you sleep in comfort ... when you rub Thermogene Mentholated Rub on throat, chest and back at night. Double acting. A real blessing — try it! Buy today or write for free introductory tin to Dept. [illegible]

FUNNY And OTHERWISE

Ashwith: "Was Dauber's painting 'The Prodigal Son' well received?"

Critticus: "Not at first. But he changed the title to 'The Return of the Automobilist,' and sold it immediately."

• • • •

Luke: "Gee, I'm happy. A bundle of joy arrived at our house last night."

McGlubber: "Boy or girl?"

Luke: "Neither. Last month's laundry!"

• • • •

Because he needed suspence Mr. Henpeck daringly opened his wage packet and then went to the cashier.

The cashier counted the cash and notes, then replied, impatiently, "It's quite correct. I suppose you have forgotten you got a 10 shillings increase last August."

Mr. Henpeck shrank into his collar still further and said faintly: "My wife never told me."

• • • •

As the young lovers lingered in the twilight, he asked anxiously:

"Darling, have your people agreed to our marriage?"

"Not yet," the girl replied, as she nestled closer to him; "Daddy hasn't said anything and mother's waiting to contradict him."

• • • •

"I must have reminded him of some beautiful woman in history. He said I had a historical face."

Are you sure he didn't say prehistoric? [illegible]

• • • •

"Morning, Brown. How's everything at home?"

"The wife's well, thank you."

"Why is Jones pacing up and down in front of his house like [illegible]?"

He's awfully worried about his wife, poor chap.

Why, what's she got?

The car.

• • • •

Wife: "I went in to a bargain sale today."

Husband: "Did you see anything that looked real cheap?"

Wife: "Yes, several men waiting for their wives."

• • • •

Customer: Can I exchange this unbreakable doll?

Shop Assistant: Is there something wrong with it?

[illegible]: No, only the baby's broken every [illegible] in the house with it.

• • • •

The following, taken from a petty cashbook, is surely the world's shortest novel:

Advert for typist, 2s; typist's salary, 22. flowers, 3s; chocolates, 1s 6d; typist's salary 25. sweets for wife 6d. Winnie's salary £4; dinner and theatre for Winnie and self, £10 10s; fur coat for wife £15; ads for male typist 2s.

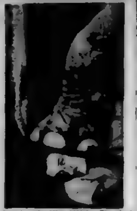
• • • •

Fortune Teller: I see a vision. It is your deceased wife. She craves permission to send a message to you."

Client: "Then that's not her, guvnor. My wife never asked for no permission when she gov her messages to me."

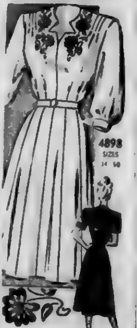
• • • •

Lawns should not be neglected in dry weather; weeds should be clipped regularly before they blossom and form mature seeds. 2718



LOAD ON HIS MIND—The foot poised just above John Gindl's head belongs to Lachme, a circus elephant. As long as "Lachme" keeps her mind on her work, Gindl, a circus trainer in Ascot, Eng., has nothing to worry about. One slip of the foot however and someone else will be needed for the act.

Fashions



By ANNE ADAMS

Star Neckline

Makes you feel simply beautiful! This dress trims your figure with the most flattering, gracious lines! The easy flower embroidery trims your dress! Smart Pattern 4898.

This pattern, easy to use, simple to sew, is tested for fit. Includes complete illustrated instructions.

Send twenty-five cents (25c) in coins (stamps cannot be accepted) for this pattern. Write plainly size, Name, Address and Style Number and send orders to the Anne Adams Pattern Dept., Winnipeg Newspaper Union, 175 McDermot Ave. E., Winnipeg, Man.

GEMS OF THOUGHT

TOLERATION

Toleration is good for all or it is good for none.—Burke

It is not a merit to tolerate, but rather a crime to be intolerant.—Shelley

The responsibility of tolerance lies with those who have the wider vision.—George Eliot

I have learned silence from the talkative, toleration from the intolerant, and kindness from the unkind; yet strange, I am ungrateful to those teachers.—Kahlil Gibran

We should endeavor to be long-suffering, faithful, and charitable with all. To this small effort let us add one more privilege — namely, silence whenever it can substitute censure.—Mary Baker Eddy

The more we know, the better we forgive.

Whoe'er feels deeply, feels for all who live.—Mme. DeStael

COULD BE HARMFUL

Laymen cannot judge the correct type of lenses to use in eyeglasses, therefore they should not pick them up from a store counter after testing their own vision, warn health officers.

GOOD FOR ACHES & PAINS Just pat it on!

Estimate Prairie Wheat Crop At 318,000,000 Bus.

Manitoba's Yield 41,200,500, Saskatchewan's 174,654,000, Alberta's 102,560,000

Prairie wheat production in western Canada is expected to be 318,414,500 bushels this year, according to an estimate issued by the North West Line Elevators association.

The estimate was based on a prairie wheat acreage figure of the Dominion Bureau of statistics of 22,992,000 acres and yields per acre were compiled from returns received from 93 per cent. of country points in the three prairie provinces.

Manitoba's wheat yield is forecast at 41,200,500 bushels, Saskatchewan at 174,654,000 bushels and Alberta 102,560,000 bushels.

The overall prairie wheat yield per acre is estimated at 13.8 bushels. Manitoba is expected to yield an average of 16.5 bushels to the acre, Saskatchewan 12.4 bushels and Alberta 16.0 bushels.

Oats production in the three prairie provinces was set at 151,635,400 bushels an average yield per acre of 23.0 bushels. Total barley yield was estimated at 131,203,500 for an overall yield of 18.7 bushels to the acre.

A rye crop of 12,311,200 bushels was predicted for the prairie west, showing an average yield per acre of 11.5 bushels.

Production of flax in the three prairie provinces was estimated at 10,193,600 bushels for a per acre yield of 7.2 bushels.

ACTIVE ARMY TO HAVE NEW SUMMER DRESS

OTTAWA.—New pattern summer uniforms for Canadian active force soldiers and army and air force officers have been authorized for issue next spring it was learned recently. Canadian airmen will continue to [illegible] them this year and no change is likely to be made in the traditional uniform worn by Canadian navy officers and men.

The new type summer uniform to be worn by R.C.A.F. officers is said to be of the same light weight [illegible] blouse style now worn by United States forces. New gilt buttons that require no polishing will replace brass buttons worn at present.

Army officers too have been warned against purchasing summer uniforms of any pattern until a firm policy has been decided in view of the possible introduction of a new type of summer dress, understood to be similar to the new air force officers' uniforms. Whatever pattern is approved for army officers, it was believed the same type would be issued to other ranks. The new battle dress summer uniforms will replace the khaki drill summer uniforms as unpopular with Canadian soldiers.

Six per cent. of humanity have 13 pair of ribs; all the rest have 12.

CANADA'S WEDDING STAMP—Canada is to mark the wedding of Princess Elizabeth with this special four-cent postage stamp which will be issued Thursday, Jan. 15. First day covers for philatelists will be handled only by the postmaster at Ottawa.

SELECTED RECIPES

MINCE PIE — MODERN STYLE: The pace of modern living allows little time for fussing over holiday dinners. But this can still be a blue ribbon winner if you know the right shortcuts! Fluffy Mince Pie is an easy dessert to make, and it holds up a long-established tradition!

Fluffy Mince Pie

4 cups corn flakes
¼ cup sugar
⅓ cup melted butter

• • • •

1 tablespoon unflavored gelatin
1¾ cups water
9 ounce package mincemeat
2 eggs, separated
3 tablespoons melted butter
⅓ cup lemon juice
½ cup sugar

Crush corn flakes into fine crumbs. Add sugar and butter, mix well. Press evenly and firmly around sides and bottom of pie pan saving two tablespoons for topping, if desired. Chill.

Soften gelatin in ¼ cup of the water. Add remaining 1½ cups water to mincemeat and cook until mixture thickens slightly. Beat egg yolks; add butter, lemon juice and sugar. Add to mincemeat. Continue cooking until mixture thickens. Add gelatin and stir until dissolved. Cool. Fold in stiffly beaten egg whites. Pour into crumb pie shell and chill about 1 hour or until firm enough to cut. Yield 1 9-inch pie.

Note. If home-made mincemeat is used reduce water to ¼ cup and use 2 cups mincemeat.

Standard Of Living High In Canada

WELLAND.—Canada has the highest standard of living in the world today, Labor Minister Humphrey Mitchell told a gathering of civic representatives at a dinner reception here. "This condition" he said, "didn't fall as the gentle rain from heaven, but has been brought about by the courage and tenacity of the Canadian people."

Mr. Mitchell said that the dollar saving program as laid down by his government would carry Canadians through the years ahead "with freedom as we understand it and with justice to all."

Mace is obtained from a fragile membrane growing between the two hard shells of the nutmeg kernel.

New Artificial Leg Being Considered

OTTAWA. — A veterans department spokesman said the department is experimenting with a new suction cup type of artificial leg for veterans but warned that it should not be regarded as a "cure-all" for amputees.

"We have several cases under trial," said Maj. C. A. Bell, director of prosthetic services for the department, "but the new limb is still more or less in the experimental stage."

He was commenting on a Berkeley, Calif., dispatch reporting that the leg, which attaches itself to the stump by suction and does away with much cumbersome equipment, will be furnished to some above-the-knee veteran amputees in the United States beginning in February.

WEDDING BELLS

COBURN—WILSON

A quiet but pretty wedding was solemnized on Saturday afternoon, Nov. 22nd at Grace United church by Rev. Morrison, when Miss Audrey Isobel, second daughter of Mr. and Mrs. Thos. Wilson of Vermilion, became the bride of Thomas Allan, second son of Mr. and Mrs. O. Coburn, also of Vermilion.

The bride was lovely, attired in a street-length dress of Robin's egg blue with accessories of black. She carried a bouquet of roses. Her sister, Mrs. Irene Johnson acted as matron of honor. The groom was attended by his brother Howard.

Following the ceremony a reception was held at the Boston cafe, Vermilion at which a number of guests attended, and later the home of the bride's parents was the scene of an informal gathering. The wedding dance was held on Monday at the Triangle school after which the happy couple left for their honeymoon in Calgary where they intend to spend the remainder of the winter. In the spring they will take up residence on the groom's farm south of Vermilion.

DANCING every Saturday night at the Elks hall, only 25c. 46stf

Local News of Interest

PARTY HONORS MRS. FIRTH

A party honoring Mrs. Fred Firth on her 80th birthday was held Tuesday Nov. 25th at the home of her daughter Mrs. Bill Pettigrew. A dozen or so close friends attended. Mrs. James Cavil baked the birthday cake.

On Wednesday the Order of the Royal Purple presented Mrs. Firth with a corsage.

A. Y. P. A.

The meeting of the Anglican Young Peoples' of Nov. 25th was held at the home of Glenda Scott. The group is going to have a "Stocking Dance" at the home of Audrey Watts on Dec. 16.

Next meeting will be at Davidson's. With no further business the meeting adjourned.

'TEEN TOWN

A special meeting was called by the president of the Teen Agers and held at the Baddock home on Nov. 29. Due to the fact that the regular meeting date had been used for a practice for the musicale to be held Dec. 23rd, business re further functions had to be discussed.

Kids — Don't forget our Record Dance on Dec. 5th beginning at 8:30. Admission 15c and lunch will be served.

Alliance Chapel

The Rev. Sam Buhler of Hearts Hill, Sask., will be at the Alliance chapel for both services Sunday Dec. 7th. Rev. Buhler is a singing evangelist and will be conducting Home Workers convention.

Sunday Dec. 14th Mr. George Moffatt, returned missionary who also sings, will speak and sing at both services.

A cordial invitation is extended to all to attend services at the Chapel.

United Church W.A. Group Meetings

The United church W. A. groups will meet on Wednesday Dec. 10th at 3 p.m. as follow: Mrs. Miller's group at home of Mrs. Miller; Mrs. Good's group at home of Mrs. F. Richardson; Mrs. Meyers' group at home of Mrs. Meyers; Mrs. Hay's group at home of Mrs. Hay.

Stagette Notes

Tuesday Dec 2nd was the regular meeting of the Stagettes with 19 members present.

After singing the club song a short business meeting got under way. The tickets for the Holly frolic Dec. 26th were distributed among the girls. Let's see if we can't sell them all girls. The Xmas party will be at Beth's this year. We certainly appreciate your hospitality Beth.

Following the business the handicraft work got started and everyone was as busy as a bee seeing who could do the best job. Even one girl was overpowered by her work — Eh kay!

The next meeting will be educational and we have decided to go to the violin recital for the evening.

CARD OF THANKS

I wish to thank everyone for the letters, cards, gifts and many acts of kindness received while a patient in the hospital at Edmonton.

Marj Stack

CARD OF THANKS

We wish to express our most sincere thanks to our many friends and neighbors for their kindness and the lovely present received on the occasion of our leaving the district. We also wish to thank Dever and Joe for their thoughtfulness.

Vol XXXIX. No. 29. Vermilion, Alberta, Thursday, December 11th, 1947 $2.00 A Year

Hockey League To Operate If Vermilion Can Ice Team

The Eastern Alberta Hockey league will operate again this winter providing Vermilion can gather together enough hockey talent to form a contender. Both Vegreville and Lloydminster declare that their teams are much below the standard of former years but they are highly desirous of continuing the league.

The league meeting was held here Sunday last when following officers were elected:

President—A. M. Watt
Vice-President—Albert West
Sec.-Treas.—Russell Carroll
Executive—W. Masterman and Jim Kinney of Lloydminster, Tom Cassen and Gordon Strong of Vegreville.

A tentative schedule was drawn up with Vegreville and Lloydminster playing a home and home series to give Vermilion a chance to round up a team. Art Wiebe is [illegible] rounding up players and a practice was held at the arena Tuesday evening. A big practice is planned for Sunday with everyone interested in playing intermediate hockey invited from town and district.

Vegreville plays at Lloydminster on Dec. 17, Lloyd at Veg. Dec. 22 and Lloyd at Vermilion Dec. 27th.

Jan. 2—Vermil. at Veg.
Jan. 7—Veg at Vermil
Jan. 10—Vermil at Lloyd

The full schedule will appear next week.

United Church W.A. Holds Enjoyable Christmas Party

A very enjoyable evening was held in the church parlors Thursday Dec. 4th. Following the business session Mrs. Good's group presented a delightful Xmas program.

Christmas carols were sung by Mesdames Corley, Edey, Donnelly and Miss Marion Roebuck. A duet "O Little Town of Bethlehem" was rendered by Mrs. Edey and Mrs. Good. Several members of the senior girls Sunday school class presented the beautiful picture of the Christ Jesus in the manger while Mrs. W. G. [illegible] read the Christmas story.

Miss Alice Keith, matron of the hospital, was presented with a Hymnary, the president of the W.A., Mrs. E. M. Stewart paying earnest tribute to Miss Keith's splendid work in this community.

Rev. and Mrs. Baikie were presented with a lovely Christmas gift in recognition of their splendid efforts in our church work.

All members joined in singing "They are Jolly Good Fellows" following which a dainty lunch was served.

Over sixty members of the W. A. attended this very enjoyable gathering, each one bringing a gift towards Xmas cheer boxes to be sent to our sick and shut-in members.

Much Work Is Done by I.O.D.E.

A tremendous amount of very worthwhile work has been accomplished by the Frog Lake Chapter I.O.D.E. this fall of which the following is a very short summary.

All provincial and national funds have been supported as well as a donation to the Cornwall hospital and local relief.

Five food parcels have been shipped overseas.

Sewing has been done for the local hospital and magazines donated.

A layette and other knitted articles are ready for overseas shipment.

Pictures of their Majesties the King and Queen have been framed for the new [illegible]

A full report on the [illegible] report was given at the [illegible] meeting by Mrs. Adam.

Mrs. Hill our Education convener has given two papers on the following subjects, Canadian [illegible] history books, Municipal elections.

The [illegible] outpost of the North West Air Command has been adopted by the Chapter and a parcel of books has been forwarded. Contributions of books, magazines, cards and records are needed for the carrying on of this work.

Members helped with the C.N.I. for the Blind Tag day and attended the Remembrance day service.

Mrs. Hill was appointed Chapter representative to the Educational Relief in devastated European countries.

ARENA RINK OPENS; CURLING STARTS

The arena rink opened Monday evening with the usual free night and the customary huge crowds in attendance.

Wednesday ushered in the curling season when all 32 of the men's rinks swung into action with 4 draws being played. Losers of each game purchased lunch for their victors. The lady curlers catered.

Cheaper Xmas Travel

WINNIPEG — A Christmas travel package will be offered to patrons of the Canadian National Railways. Tickets will be on sale at the rate of single fare and one half for the round trip from Saturday Dec. 20, 1947 up to and including January 1, 1948, and will be good to return leaving destination up to midnight, Wednesday, Jan. 7, 1948. These low fares will apply between all stations in Canada and tickets will be good in all classes of accommodation.

Council Approves Horse Shelter

SPECIAL MEETING CONSIDERS MATTER

A special meeting of the council was held Monday Dec. 8th with Mayor Morrison, Crs. Boake, Dawson, Kehoe, Stack, Stephens, Urquhart present.

Meeting was called to discuss the pros and cons of a horse barn for use of the rural public.

Messrs. Hill, Mitchell and Carroll attended for the Board of Trade.

Council decided to make a grant to the Board of Trade for the erection of a shelter fence on the town lot located immediately north of the town office.

[illegible]

Stack—Urquhart. That this Council agree to make a grant to the Board of Trade of 40% of the cost of a shelter fence for use of the rural public, to be located on Lot 26, Blk. 6. This grant not to exceed $150 and that a By-law be prepared covering this grant.

FOR — Stack, Urquhart, Stephens, Boake;

AGAINST — Dawson, Kehoe, Morrison.

Carried.

Bishop of Edmonon In Clandonald Field

WILL CONDUCT SERVICES ON SUNDAY, DEC. 14th

The Right Reverend Bishop Barfoot of the Edmonton diocese will spend Sunday Dec. 14th in the Clandonald Anglican field and will be the preacher at all the services. He will hold the service of confirmation at Irwinville at 11 a.m.; Evensong at Marwayne at 2.30 p.m.; Evening service at Clandonald at 7:30 p.m.

Louis-Walcott Fight Pictures at Columbia

The moving pictures of the great Louis - Walcott championship fight which took place last Friday night will be shown at the Columbia theatre Dec. 22, 23 and 24. Your chance for a ringside seat! 29-30

128 Curlers Swing Into Action This Week

32 RINKS SETS RECORD — MANY NEW SKIPS

128 curlers swung into action for the season Wednesday in a President vs Vice-President competition. The 32 rinks represented is an increase of nine over last season and is practically double the 17 rinks of two seasons ago.

Besides this there are nine rovers, curlers attached to no particular rink who have to depend on filling in for absent curlers. Skips are asked to give them first chance [illegible] the [illegible] rink [illegible]. Their names and phone numbers are posted on the board at the curling rink.

[illegible] Rovers are Jack [illegible], Robt. Fair, phone No. 263; E. [illegible] 127; Mathison, J. W. [illegible] Morrison [illegible] and 64; F. Cameron, 231; [illegible] 443; M. Kupen, shoe shop; [illegible] Kay 114.

A particularly nice feature of the personnel of the rinks this season is the fact that there are two rinks entered from the country, the [illegible] rink from north of town comprised of Art Strome, McIntyre, McCambridge and Richardson, and the Bushko, Alex Stone, Gordon Larsen and Bus Harle quartet from the south. Brent Macnab is also curling a member of the Hill Barr rink. There are two complete rinks composed of members of the V.S.A. staff.

The rapid increase in the number of curlers during the past two seasons necessitated several new skips taking the helm. It also meant two new players on many of the rinks. With the way things have lined up an exceptionally interesting season of the "roarin'" and sociable game is in prospect.

Just in case you like to pick the winners on paper, here are the rinks, with the skip named first.

Adam, Mitchell, Manyluk, P. [illegible]

Acclamations for School Div'n Board

CHAS. THOMPSON AND D. C. MAGRATH RE-ELECTED

The annual meetings in the various subdivisions in the Vermilion school division were held during the week ending Dec. 6th. Reports were presented by divisional trustees, superintendent E. C. Miller and the secretary-treasurer.

Nominations for divisional trustee were received for subdivision No. 4 at Vermilion and subdivision No. 5 at Clandonald. Mr. D. C. McGrath was declared re-elected for subdivision No. 4 and Mr. Chas. E. Thompson was returned by acclamation for his fifth term of office as trustee for subdivision No. 5.

Mr. Thompson has been chairman of the divisional board since the introduction of the larger units in 1939.

The various meetings were held at the following points: subdiv. 1—McLaughlin; 2—Kitscoty; 3—Marwayne; 4 and 6—Vermilion; 5—Clandonald.

Arrival of "Susan Jane" Makes Five Generations In Parker Family

The recent birth of a daughter, "Susan Jane" to Mr. and Mrs. Clayton Taylor (nee Gerry Bell) at Toronto makes the fifth generation on the mother's side of the family. Starting from Susan Jane the baby has her mother, her grandmother Mrs. Kathleen Bell, her great grandmother and great grandfather Mr. and Mrs. H.R. Parker, and her great great grandmother Mrs. Beck who resides at the family home in Vermilion. Four generations usually calls for special mention so that five generations is decidedly unique and rarely encountered.

CIVIL SERVICE ASSOCIATION

There will be a regular meeting of the Civil Service Association on Tuesday Dec. 16 at 8 p.m. at the Provincial school of agriculture.

Fight T.B. with Christmas Seals.

Local Legion Holds Nomination Meeting

OPPOSE HUTTERITE COLONY IN DISTRICT - SPONSOR PEE WEE HOCKEY TEAM

The regular meeting was held in George's Lower Deck Monday [illegible] with a good turn-out. Three new members were initiated into the Legion, E. H. Wagner, M. H. Mackey and G. W. Sutherland and applications received from three others.

Oppose Hutterite Colony

A considerable amount of correspondence was dealt with among which was a letter re possible formation of a Hutterite settlement in the Marwayne district. There was considerable discussion on this matter and a motion passed to the effect that the Vermilion branch of the Legion object very strongly to the formation of the colony and that our views be made known to other nearby branches and interested parties.

It was decided that the Legion sponsor one Pee Wee hockey team during the winter.

Nomination of officers resulted as follows: Hon. Pres. — Mayor Morrison; Pres. — E. [illegible]; 1st Vice Pres. G. W. Sutherland, G. Martin, V. Tillett; 2nd Vice—K. MacDonald, A. Katz, R. Allan; Executive (8 to be elected)—F. Brimacombe, A. M. Watt, F. G. Harrington, A. Katz, J. Kirk, G. Martin, K. MacDonald, G. W. Sutherland, S. C. Heckbert, T. Wilson, P. Manyluk, A. Holtz; Sgt.-at-Arms—K. MacDonald; Padre—Rev. T. W. Teal.

Further nominations and election will take place at the January meeting.

HIGH SCHOOL NOTES

VERMILION COMMERCIAL STUDENTS WIN AWARDS

The results of the October Bookkeeping contest have just come in. There were 31 bookkeeping certificates awarded to students who were able to send in a satisfactory entry to the international bookkeeping contest sponsored by the Business Education World.

The winners of certificates are as follows:

Junior Certificate: Dorothy Bathe, Ann Brass, Katherine Carey, Louise Davis, Gladys Coutts, Eileen Hillcox, Violet Klebanosky, Eleanor Krause, Anne Kusch, Alec Link, Gladys Martin, [illegible] McCormick, Pearl Nelson, Florence Thompson.

Senior Certificate: Dorothy Bathe, Ann Brass, Mildred Conboy, Louise Davis, Gladys Coutts, Eileen Hillcox, Ruth Hillcox, Violet Klebanosky, Anne Kusch, Alec Link, Irene McCormick, Pearl Nelson, Bob Reid, June Thompson, Florence Thompson, [illegible] George Webb.

The high school students were entertained by the College on Saturday Nov. [illegible] at a combined amateur program and dance. The talent uncovered [illegible] program was quite [illegible] and its extent [illegible] were thoroughly enjoyed. A [illegible] dance completely [illegible] followed the program. The next high school social event is [illegible] dance scheduled for [illegible] 12th.

[illegible] the popular sport this [illegible] many high school students are [illegible] regularly for practice. The [illegible] lost to the V.S.A. team [illegible] Wednesday the 3rd but [illegible] they [illegible] game. The girls [illegible] large end of [illegible] with the college girls in a battle [illegible] by the [illegible]. They were [illegible] about holding the College girls to the short end of the score for [illegible].

Editor Louise Haddock and her staff issued the first number of the high school paper which has been [illegible] last year's paper. There were 11 pages packed with [illegible] and views of student interest, well written and beautifully decorated by the staff artist Dorothy Hanson.

[illegible] kills more people than any other communicable disease. Money raised [illegible] Christmas Seals will strengthen the preventive program [illegible] community.

Oil and Cattle Big Shippers in November

[illegible] the C.N.R. for November. There were 69 tank [illegible] the [illegible] and 26 cars of cattle loaded here. [illegible] shipments were: Flour [illegible] Bran 1; Hogs 11; Horses 3; Cattle [illegible] from Clayamore [illegible] 49 from the [illegible]

[illegible] Seals fight T.B.

Bert Everitt Buys Local Meat Market

Bert Everitt of Edmonton, an experienced butcher and meat market proprietor, has purchased the Vermilion Meat market from L. Mann. Mr. Mann purchased the business from P. Davies two years ago. Mr. Mann and family plan to move to Edmonton.

The new owner has been proprietor of a butcher shop in Edmonton for the past three years and prior to that was manager and owner of a meat market at [illegible].

[illegible] having the usual difficulty [illegible] to secure living accommodation for his wife and two children who are at present in Edmonton.

[illegible] the regular weekly meeting of the Board of Trade Wednesday and received a hearty welcome to the ranks of the town's [illegible] stated the [illegible] the [illegible] active [illegible]

Hockey Scrimmage Sunday at 11 a.m.

There will be a hockey scrimmage on Sunday Dec. 14th at 11 a.m. in an attempt to find enough hockey talent to make an intermediate team of sufficient calibre to play in the North Eastern Alberta hockey league. Everyone from town, adjacent points and country is invited to attend.

Art Wiebe says that it is most important that every player turn out as this practice will determine and finally decide if there is to be any senior hockey in Vermilion this season. If there is not sufficient response to this appeal Vermilion will drop out of the league forthwith.

Christmas Holiday Period for Schools

A 13-day Christmas holiday period for Alberta's more than 150,000 school children was announced Tuesday by the provincial department of education.

Under the provisions of the School act, schools in the province will close on the afternoon of Tuesday, Dec. 23, and will reopen Monday morning, Jan. 5th. 29-30

Chimney Fire At Mrs. Dixon's

A fire caused by an overheated radiant vent pipe leading from a fireplace broke out at the residence of Mrs. M. P. Dixon Wednesday shortly before midnight. The fire was in the attic and partition. The brigade was quickly on the job and prevented the spread of the flames confining it to the portion of the wall and attic immediately above the fireplace.

Christmas Seals save lives.

Recital Attracts Near Capacity Audience

GREATLY ENJOYED

The recital of Kaoo Grapentin, violinist, presented in the United church, Vermilion on Tuesday evening Dec. 9th under the auspices of the United church choir, was an outstanding success and greatly enjoyed by the near-capacity audience. The artist's wife, (formerly Mary Drummond) was his accompanist and her performance at the piano attracted its full share of the enthusiastic applause.

The program was divided into four sections the first of which was the Sonata in E Major by Handel. This number as well as the rest of the program was performed with the highest degree of technical skill and artistic feeling and immediately established the performers as true artists. The second section was the Symphonie Espagnole by Lalo and this long and difficult number was, like the rest of the program, played entirely from memory and gave further evidence of the artist's mastery of this instrument. The third section of the program was a group of five shorter numbers all favorite violin arrangements and this part of the program was if anything most enthusiastically received by the audience. The last section consisted of two numbers — Polonaise Brillante by Wieniawski and Perpetual Motion by Novack, in each of which the artists again displayed an astonishing mastery of the technical difficulties and a great measure of artistic appreciation.

The completion of the program was followed in response to continuing applause, by several encores including Schubert's Ave Maria.

The choir of the church, under the leadership of Mr W. B. Elford, deserves great credit for having sponsored this recital and bringing to Vermilion the opportunity to hear one of Canada's younger artists of national standing. Such opportunities are all too few in the smaller centres and it is to be hoped that arrangements can be made for other concerts in the future. However, it would appear that these would require somewhat more generous support by local citizens if they are to be continued with success. At the same time however the sponsors wish to acknowledge their appreciation of the wonderful support received from patrons in the country and surrounding centres as these did their full share, and more, in making this event a success.

Vermilion, Alberta, December 11, 1947

POST MAIL EARLY IN THE DAY

We have all been advised or urged to get our Xmas mail away early by the Postal department, but another way that affects us locally is mailing early during the day. With so much mail at this time of the year, the local office has to make a cut-off earlier in the evening in order to prepare mail for despatch. This might mean a business letter losing a mail, whereas if it had been posted earlier in the day, it would have gone out alright. Everyone can co-operate in seeing that we get our mail away as early in the day as possible, not forgetting the mailing dates already published.

HERE'S WHERE YOU COME IN —

Last year in Canada nearly [illegible] men and women, most of them between the ages of 15 and 45, died of tuberculosis.

This appalling death rate which, more graphically, represents a loss each day of approximately 16 lives, can, according to informed medical opinion, be reduced to almost insignificant proportions. Why, then, if such unnecessary waste of human life can be avoided, is something not being done?

The answer is that something is being done; in fact, a great deal is being done. But victory over this age-old enemy can never be accomplished unless every man and woman in this country individually co-operates. Tuberculosis, an infectious disease, is a germ which medical science alone cannot fight; the battle against it requires the help of everyone.

One of the most tangible ways of helping to wipe out TB is through the purchase and use of Christmas Seals. Every cent raised through the sale of these Seals is spent on prevention and control measures and through mass X-raying, makes it possible to track down this enemy long before it forces its victims to seek medical attention. Early cases of tuberculosis, given proper treatment are almost always arrested in a comparatively short time; advanced cases mean long, costly hospitalization bring about frequent insurmountable domestic problems and very often end in death. Christmas Seal contributions are a substantial insurance policy for better health.

ISLAY

Haven't we had icy roads! Cars have had plenty of difficulty for a number of days now. Mr. and Mrs. W. O. Urquhart's car nose-dived into the ditch coming into Islay Saturday, also Mr. Bothwell's completely changed its direction of travel and then ditched. Help was needed to get both cars out.

FARM FORUM

Monday night Farm Forum group met at the Bothwell home, some 18 being present. The radio broadcast "The Teacher in the Community" was heard, and then there was plenty of discussion, more on the present day school system. From the radio both parent and teacher listened to some very good points. The broadcasts are very helpful and discussions following are interesting. The date for the next get together is Jan. 5th at the home of Mr. and Mrs. Ed McFadyen roads and weather permitting—otherwise meet at Harry Young's in town.

The W.A. bazaar on Saturday was a real success, some $100 realized. A wonderful display of candy and home baking was one of the highlights.

Mrs. E. Maire is spending a few days with son John while Mrs. John Maire and two boys are in the city. John and his mother motored down Tuesday as a rail car arrived and he had to ship cattle. More cars are needed here.

FIRE DESTROYS PUMPHOUSE
Curling Rink Saved

Fire consumed the pump house, hose and motor at the curling rink Monday a.m. at 10 o'clock. It is thought an overheated stove may have been the cause. Due to the presence of mind of Laird Kearns to rush along a few of those glass bombs that contain a liquid for extinguishing flames, the curling rink was saved. Nearly time this town had some fire fighting equipment. Not even a pail or a barrel of water is handy!

Fred Steinhauer is in the University hospital for a rest and check up.

School children are [illegible] a Christmas concert to be in the hall night of December 23rd.

The children need a skating rink but it can't be made without some work. All you dads who would like your children to engage in good healthy outdoor sport come along and offer your assistance even if only for an hour. It all helps. Macdonald Robertson and Martin have and are giving tractor assistance generously. Come and help them and a good cause.

ADDITIONAL TRAIN SERVICE FOR XMAS AND NEW YEARS

The Canadian National announces the following additional train service for Christmas and New Years.

Train leaves Edmonton December 23 at 6 p.m., arrives in Vermilion at 9:40 p.m.; Leaves on return trip Dec 24th at 6.30 a.m. arrives Edmonton at 12 noon.

Leaves Edmonton Dec 30 at 6 p.m., arrives at Vermilion at 9:40 p.m. Leaves on return trip Dec. 31 at 6 30 a.m., arrives Edmonton 12 noon.

OUR COMPLETE SHORT STORY—

Blind Date:

— By — FREDA AUBLE

"GOOD, dear," Mary Trent [illegible] at the foot of the stairs [illegible] inevitable bang of the front door announced the unmistakable arrival of her 17-year-old son. No [illegible] else ever slammed a door quite [illegible] Rod.

She turned and came toward him, a surge of pride welling [illegible] as it invariably did when she looked at her tall son. The tight, black cap of curls with which he was everlastingly waging battle, was rumpled with the fingers of the brisk wind and his black eyes danced with mischief as he slid to a stop before his mother.

"Hi-ya, Toots!" He grinned engagingly and threw an arm around her shoulders, giving her a quick kiss which brought a flush of pleasure to her [illegible]

"Oh, Rod," she said, laughing in spite of herself, "you're impossible."

He struck a pose and sighed heavily. "'Tis just me effervescent spirits, ma'am." Then he sniffed. "What's cookin', good lookin'?"

"It's chocolate cake and not a smidgin of it do you get until dinner. And that's final!"

Rod's sigh was highly exaggerated as he followed his mother into the living room, where he sprawled down into a chair, his long legs stretched out before him. He reached into a box of candy and crammed a piece into his mouth. Mrs. Trent said, automatically, as she seated herself across from him, "Don't spoil your dinner, Rod."

She looked at him for a moment speculatively, wondering just how to broach the subject uppermost in her mind right now. She decided, to use a phrase of her son's, to just take the bull by the horns and get it over with. She was pretty sure to encounter some resistance anyway.

"Rod," she began and then stopped. Really, she thought, Charlie might have done this himself.

"M-m-m?" Rod [illegible] at her with mild interest.

She plunged in. "Rod, dear your father wants you to ask Mr. Billings' daughter to the Festival Dance."

Rod looked at her unbelievingly and then bolted upright, indignation in every line of his lanky frame.

"What!" he exploded, "That drip!"

"You haven't asked anyone else yet, have you?" his mother asked anxiously.

"N-not exactly, but I thought I'd drag Elly. Do I have to, Mom?"

"No, son, you don't have to, but it would be a very friendly gesture. After all, the Billings are fairly new here and Anna Marie probably hasn't made many new friends yet."

"That I can believe," he muttered darkly, a mental vision of the daughter of his father's boss in his mind's eye. He'd seen her just once, when he'd driven downtown with his father one morning. Anna Marie had brought Mr Billings down to the office and Rod had just got a glimpse of her as her father got out of the car. Her face was an unbecoming shade of lobster red and she had some kind of greasy stuff all over it. Her hair had been tied up in bandana so he couldn't tell whether she was a blonde, brunette or redhead. It didn't make any difference anyhow, that face had been enough to curdle milk. Evidently she had thought so too, for when she had seen Rod staring at her, she'd turned away quickly.

That night, at the dinner table, Rod's father had remarked laughingly, "Mr Billing's daughter is sure a mess. She laid out in the sun yesterday and went to sleep. When she woke up, she was practically done to a turn." Rod had laughed and then promptly forgot all about it.

He turned to his mother now, despair darkening his face. "Did Dad tell Mr. Billings that I'd take her?" he asked, hopefully.

"I'm afraid he did, Rod. I'm sorry, son, but after all, you haven't asked anyone else and your father would be pleased."

"Nuts!" He shoved his hands deep in his pockets and kicked at the rug disconsolately. "Oh, all right, she's a creep, but tell Dad I'll give my all for the sake of the family."

The next three weeks sped by at an alarming rate. Rod, having called Anna Marie under pressure, reflected gloomily, as he dressed for the dance. "Oh well, I can take her home early. She'll probably be glad to get home after no one asks her to dance." He yanked his tie into position and turned to leave the room.

A half hour later, he was ringing the Billings' doorbell. The door opened and a sweet-faced woman was smiling at him.

"Oh, you must be Rod," she said, opening the door wide. "Come in, won't you? Anna Marie will be down in just a minute."

Rod stepped inside and stood nervously waiting for Anna Marie to come down. He looked up quickly as a faint sound reached him. He literally stopped breathing and his stomach turned a flip as he beheld the vision of loveliness descending the steps.

The lobster-hued face, slathered with grease had miraculously disappeared, leaving a skin as smooth and creamy white as the petals of a newly-opened magnolia. As the vision reached the bottom of the steps, he discovered that her hair, caught up in a soft cluster of curls, was like a sheaf of sunbeams caught and held by the gardenias he had sent her, under pressure from his mother. Her blue eyes were like cornflowers laughing at the dazed look on his face.

"Hello," she said, shyly, and dropped her eyes in confusion at the open admiration in his face.

"Jeepers! a dream-puss, no less," [illegible] then, "Ready for the ratrace, beautiful?"

The black lashes flew up and a smile curved the lovely, softly pink mouth.

"Natch," was the retort and, to herself, Anna Marie added, "Glamor-puss."

YOU CAN'T KID ME, MOM...

Sure, Crown Brand Corn Syrup is good for me. Sure, the doctor recommends Crown Brand Corn Syrup as part of my diet.

BUT—why tie it down to me?

How about the way you use Crown Brand for wonderful baking? For a sweetener? And why not mention how delicious it is with pancakes, cereals and hot waffles?

You can't kid me, mom, Crown Brand Corn Syrup is good for all of us!

For years doctors have recommended the use of Crown Brand Corn Syrup as a satisfactory carbohydrate acting as a milk modifier for bottle-fed infants.

CROWN BRAND CORN SYRUP
[illegible]
THE CANADA STARCH COMPANY LIMITED — MONTREAL — TORONTO

CROWN BRAND CORN SYRUP

HAT THAT CAUGHT ELIZABETH'S EYE — Mrs. Louise Guerrieri of Washington, D.C., is shown in London wearing the hat, a "simple little thing thrown together at the last moment," which caught the royal eye and gained its wearer an introduction to Queen Elizabeth and Princess Elizabeth. Mrs. Guerrieri, a Washington seamstress, sent a dress to the Princess as a wedding gift. In return, she was invited to tea with the royal family and to see the wedding gifts which fill five rooms in St. James' palace.

One U.S. Dollar Worth $145,000 In Chinese Money

SHANGHAI — The Chinese dollar dropped to a new low of 145,000 to one United States dollar.

The government foreign exchange equalization committee striving to keep within shouting distance of the black market, upped its open-market quotation from 64,000-to-one to 78,000-to-one. The government's official exchange rate virtually ignored now remains at the almost-forgotten low of 12,000 to one.

Financiers said that unless the run away inflation slows soon to a walk, any program of United States aid would find it a great deal harder to stop.

QUART OF ICE CREAM IS LUNCH FOR SEATTLE MAN

SEATTLE — No one is surprised any longer when Paul Beckley, 32, orders lunch.

It's always the same [illegible] of ice cream, usually vanilla.

Beckley says he has always eaten lots of ice cream ever since boyhood days on a [illegible] farm.

Sometimes I eat a quart [illegible] before going to bed [illegible] he added.

ANY KIND OF HOUSE

CANBERRA — An Australian [illegible] branch official said: "Since the war we have had to watch applications for lighthouse keepers closely — people will do anything for a house."

European Firms' Planning Branch Plants Here

Opinion Of Trade Minister MacKinnon After Trade Tour Of A Dozen Countries

MONTREAL. — Trade Minister MacKinnon told Canadian business here it was his opinion following a 25,000-mile trade tour to a dozen countries that Canada was an extremely favored nation and stood on the threshold of great trade opportunities.

In a speech to a meeting of the Canadian Manufacturers' Association the minister reviewed conditions in the various countries visited and disclosed that many large European firms are making immediate plans to establish "very substantial branch plants in Canada." He did not elaborate on this.

"We have seen something of the domestic problems faced by other nations, of local conditions of soil, of climate and geographical location," the minister said.

"In all these respects Canada seems to me to be extremely favored among the nations. In this perspective, our own difficulties, though real, seem much less imposing.

Of all the countries visited "South Africa appeared to be the most promising long-term outlet for Canadian products."

South Africa would absorb substantial quantities of newsprint, wheat and wheat products, canned and dried fish, electrical appliances, heavy railway and transportation equipment, stoves and refrigerators.

50,000 WANT TO COME TO CANADA

LONDON — Fifty thousand potential emigrants to Canada have registered applications for berths with shipping companies, James Callaghan, parliamentary secretary to the Ministry of Transport, told the House of Commons.

For South Africa the number was 95,000 and for New Zealand 20,000.

"The position will be somewhat eased," Callaghan said, "as passenger ships return after reconversion from military service and by new building, but I regret I cannot say when the existing waiting lists will be cleared.

Florist Grows Two-Color Chrysanthemum

PORT ALBERNI, B.C. — John Madelung, florist, has on display a freak of nature in the form of a large Chrysanthemum.

It is evenly divided, with one half of the bloom, a bright yellow and the other half mauve. This is the first freak of this kind Mr. Madelung has known after a lifetime in the florist business.

The bloom was one of four on a standard mum grown from a slip. Other blooms were normal.

Beat This! Dog Shoots Hunter

HINTON, W. Va. — James Lilly of Ballengee, W. Va., told authorities his dog had shot him during a hunting trip.

Lilly said a bullet entered his foot as he stooped to pick up a quail he had bagged. The dog had stepped on the trigger of Lilly's automatic shotgun.

Log Output Topping 1946 Production

Seven Hundred Million Feet More In First Seven Months In B.C. Forests

VANCOUVER. — British Columbia's log output in the first seven months of this year topped the previous year for the same period by more than 700 million board feet with every forest district registering large gains in July over the previous July.

Latest available figures from the forest branch in Victoria for July and the year to the end of July — show that in Vancouver Forest District the big coast logging area the cut was up 84,442,226 board feet in July this year over last with 296,003,200 feet for July 1947 as against 211,611,974 for July 1946.

Good logging weather, freedom from closures and greatly improved labor forces accounted largely for the big increases.

The seven-month period of 1947 saw a total of 2,212,067,474 board feet scaled throughout the province as against 1,508,973,039 in that time last year.

Timber scale by districts for July with July 1946, in brackets, was: Prince Rupert Coast 17,847,205 feet (12,310,426); Prince Rupert Interior, 9,251,316 (3,229,820); Fort George, 19,046,333 (14,220,616); Kamloops 17,461,284 (14,346,504); Nelson 19,843,434 (10,444,607).

Total for all districts in July this year was 378,284,736, as compared with 256,376,947 in July 1946.

The Late Margaret Morrison

'An Appreciation'

A paper read to the Vermilion I.O.D.E. at their November meeting, by Mrs Colford of Lloydminster.

"MADAM REGENT and MEMBERS:

I can assure you I appreciated very much your kind invitation to visit you and also your little note of appreciation for services in the I.O.D.E. It gave me a feeling of uplift. It is always very gratifying to know that one's work is recognized. However, I feel that you are giving me more credit than I deserve. There is one other to whom this Order [illegible] a great deal, in fact, I think it [illegible] its existence at the present time to her great soul, courage, tenacity of purpose and refusal to accept defeat at times when the I.O.D.E. in Vermilion was at its lowest ebb and it looked like the organization was definitely on the way out. I refer to the late Margaret Morrison.

It was at her invitation that I became a member. It was in November, eight years ago, that I wended my way to the home of Mrs. Mayhew where the meeting was held, expressed my willingness to join the Order and was accepted as a member. It was a very small meeting. I can only remember four present, besides myself. We struggled along as best we could the next year, with Mrs. Morrison as Regent, and did a surprising amount of work for so small an organization. Thanks to Mrs. Morrison—who had contacted two or three country Red Cross groups who sent in their work to us to be shipped overseas, and to the generous donations of the members, we packed many large boxes of blankets, quilts, and all kinds of clothing, for shipment overseas. I had to keep count of the goods sent and while I have not the figures now to refer to, I know the amount was very large. I remember sending 14 quilts and blankets in 1 shipment besides other clothing.

Meanwhile there was a movement underway to organize a Junior I.O.D.E. but when Mrs. Morrison was approached by the Provincial Council, she hesitated for fear of interfering with the Girl Guide movement which was then under the leadership of Mrs. J. M. Gandier. However, it was organized over her head, but in spite of this discouragement she carried on the work of the senior branch. During the second year of my membership, I was elected to succeed Mrs. Morrison as Regent of this chapter and was in my second year in that office when I sold my business and moved to Lloydminster. A little before this time, Mrs. Morrison's health began to fail and I think it might perhaps have been better for herself, if she had given up all responsibility, but with that rare strength of will of which she was capable, she kept on as a member of the executive and one by one the membership increased until, I believe, it numbered 12 when I moved away.

You are now a flourishing organization and have done and are still doing wonderful work but I feel that if you are still active in this town, it is owing to the firmness of purpose of her who held on when the cause of the I.O.D.E. seemed lost. I have felt that many of her friends and acquaintances did not appreciate her depth of character. To me, she was a very fine woman, kind and gracious to her inferiors as well as to her equals and ever ready to lend a helping hand to the poor and distressed. Of course, being human, she had her faults and imperfections, but I think her good qualities far outweighed them. I have said this because I feel that many of the members here are unaware of Mrs. Morrison's work for the I.O.D.E. and I think, as I said before, that if you are now a successful and flourishing organization, you owe it in a great measure to her."

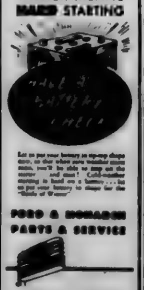
Plan Driver Course In School Program

Development of driver training is receiving the attention of officials of the Alberta Motor Association. This is a program that has been expanded on a wide scale in the U.S. and it is regarded as having played an important role in safe driving observance on an increased scale.

The plan has been discussed with officials of the Edmonton public school board and as a result, it is planned to ascertain whether arrangements can be made with the provincial department of education for high school students to be given credits for such work in pursuing their courses. This would necessitate approval of the provincial curriculum committee.

Recently it was announced that the American Automobile Association was prepared to establish a teacher training school in Vancouver to serve the teachers from B.C. and the prairie provinces. This would be of several weeks' duration qualifying teachers on their return to handle driver training courses for their students. Such teacher training schools have been operated in the U.S. with highly satisfactory results.

This would be another step on the road to making young people better and more competent drivers and reducing the costly accident toll each year.



WINTER MEANS HARD STARTING

WOODVALE

Having returned from a few weeks holiday we'll try to catch up with some of the local news. While in Edmonton we visited with Joy King and Jessie Scott; had supper with Jim Proudfoot and his wife. Jim wants to be remembered to his many friends in the Woodvale district. He said he hopes to pay us all a visit sometime in the future. He is taking his 2nd year in engineering at the University and was lucky enough to secure a comfortable house for this term. We stayed a day at Lacombe with the Haan family, admired their new home, enjoyed a ride in their car and just missed seeing Pia's new piano which arrived the afternoon we left. They seemed very happy but had been a bit homesick in the beginning for their friends in the Tolland district.

It looks now as if some of their neighbors are going to follow the Haan family to Lacombe. Mr. and Mrs. Brooks Lysons will leave by the end of this year to take a position on a farm only a half mile from the Lacombe stock yards and we feel sure that anyone from these parts will be welcome to visit in these hospitable homes whenever business or pleasure takes them to Lacombe.

Having in previous years always been in Calgary only in bitter cold winter weather it was a treat to be there with a chinook blowing for a change. On our return we met Mrs. Cecil King in Edmonton. She was visiting her daughter there.

We were not the only ones to enjoy holidays from these parts, as many of the men are on hunting trips. Those who have been or are still away include Carey Seitz, Burt Portsmith and Jack Lysons who went to Moose Lake where Carey shot an Elk. As usual the meat was divided and then passed on to quite a number of neighbors who enjoyed elk steak for a change. Otto Wolters and Dickie Allison are trying their luck at the same place and have not yet returned at time of writing; Jack Lysons accompanied by Mr. Krueger is hoping for more success in the Edson district where they are staying with the Hinchey family formerly of Vermilion.

Some of the younger folks are taking in all the wedding dances around [illegible] and had enjoyable times at the Clark, King and Coburn dances. They attended the box social and dance at Gaston school too. Adam Dancerk got so sleepy next day after the dance that he drove right into the ditch going to Vermilion — luckily it was not a steep bank and we can imagine it woke him up properly — Mr Green took no chances and drove the rest of the way to town!

Roy Preston has been away driving trucks this past month and so it seems the young folks are slowly leaving us. It is nice to see one couple who just married this week settle on the farm here. Congrats therefore go to Mr. and Mrs. Clarence Cracker (nee Mae Telford of the Hindville district) and the best wishes for a long and happily married life.

The schoolchildren are preparing for their annual Xmas concerts and housewives for the coming Xmas dinners. Everyone is shopping and doing up parcels and wrapping gifts. Two weeks do not seem very long to get ready for the festive Christmas day.

Choose to give your best where you are or you won't be chosen to go anywhere else.

Western Boys' And Girls' Farm Clubs Big Winners At Fair

Manitoba Won Three Project Competitions, Saskatchewan Two, Alberta And B.C. Won One Each

In the 1947 National Contests for Boys' and Girls' Farm Clubs held at Toronto in conjunction with the Royal Winter Fair, three project competitions were won by teams representing Manitoba. Two projects were won by Saskatchewan and one each by British Columbia, Alberta, and Quebec.

In these contests between 45 competing teams from every province, Manitoba clubs led in poultry, seed grain and clothing contests; Saskatchewan in dairy and beef cattle; British Columbia in seed potatoes; Alberta in food; Quebec in swine.

The 90 contestants, of whom 33 were girls, served in two-member teams of which the top in each project placed as follows:

Dairy Cattle

1 Saskatchewan — Robert Brack, Clark's Crossing, and Kathleen Sutherland, R.R. 5, Saskatoon;

2 Ontario — Hendric Devries, Georgetown and David Pelletterie, Milton.

3 New Brunswick—Franklin Johnson and Michael Routledge, Hampstead.

Highest individual score: Robert Brack.

Beef Cattle

1 Saskatchewan—Betsey Buchanan, Kisbey, and Harold Lees, Arcola;

2 British Columbia—[illegible] Leonora Wood, Armstrong;

3. Manitoba—Donald Murray and Alex Stow, Graysville

Highest individual score: Harold Lees

Swine

1 Quebec — Denis Forest and Fabien Gaudet, Ste Marie Salomie;

2. Manitoba — William De'Ath and Elgin Drayson, Meatmore;

3. Ontario—Harold Forder, Blackstock, and Ewart Leask, Taunton.

Highest individual score: Fabien Gaudet.

Poultry

1. Manitoba — Elva McBurney and Margaret Patterson, Souris;

2. New Brunswick — Roland and Emilien Bernard, Balmoral;

3. British Columbia — Alan, and Ronald Smith, Whonnock.

Highest individual score: Elva McBurney.

Seed Grain

1. Manitoba — Russel Atkinson, Stonewall, and Donald Taplin, Elkhart;

2. Alberta — Harvey Kallerhagen and Howard Roppel, Rockyford;

3. Ontario—David Craig, Bowmanville, and Evelyn Taylor, Enniskillen.

Highest individual score: Howard [illegible]

Seed Potatoes

1 British Columbia—Douglas Boas, Surrey Centre, and Audrey Kidd, Cloverdale.

2. Ontario — Harry Harper, Goodwood, and Robert Meek, Sandford, P.O.;

3 Quebec — Richard Desrochers and Fernand Rondeau, Ste. Elizabeth.

Highest individual score. Douglas Boas.

Clothing

1. Manitoba—Margaret Brown and Iris Kingsmill, Souris.

2. Saskatchewan — Ruth Fulton, Arbuthnot, and Ellen Jacques, Kincaid.

3. Ontario—Mary Keffer and Anne Orr, Maple.

Highest individual score: Margaret Brown

Food

1. Alberta—Jean Gow, Whitla, and Lorraine Shatz, Bow Island;

2. Nova Scotia — Virginia Buck, New Glasgow, and Rosetta Reid, Eureka;

3. Ontario—Doris Kirkpatrick and Agnes Turnbull, Paris.

Highest individual score; Lorraine Shatz.

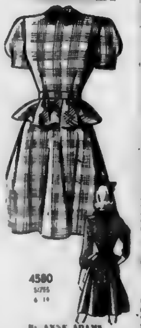
Fashions



By ANNE ADAMS

A Grown-Up Peplum

Magic charm for a fast-growing girl! She'll feel so pretty in this swingy little frock with its detachable peplum. Easy-sew Pattern [illegible] is designed to give confidence!

This pattern, easy to use, simple to sew, is tested for fit. Includes complete illustrated instructions.

Pattern 4580 in girls' sizes 6, 8, 10, 12, 14. Size 10 takes 2⅛ yds. 39-in., ⅝ yd. 35-in. contrast.

Send twenty-five cents (25c) in coins (stamps cannot be accepted) for this pattern. Write plainly size, Name, Address and Style Number and send orders to the Anne Adams Pattern Dept., Winnipeg Newspaper Union, 175 McDermot Ave. E., Winnipeg, Man.

SELECTED RECIPES

[illegible]

- ½ cup sifted flour
- 1 teaspoon baking powder
- ½ teaspoon salt
- ⅓ cup granulated sugar
- 1 tablespoon cocoa
- ¼ cup milk
- 1 tablespoon melted shortening
- ½ teaspoon vanilla
- ¼ cup chopped nut meats
- ⅓ cup brown sugar, firmly packed
- 2 tablespoons cocoa
- ¾ cup boiling water

Sift flour once, measure, add baking powder, salt, granulated sugar, and cocoa, and sift together into bowl.

Add milk, shortening, and vanilla, mix only until smooth. Then add chopped nuts.

Turn into greased casserole or small baking dish.

Mix together brown sugar and cocoa, sprinkle over batter. Then pour boiling water over top of batter. (This forms sauce in the bottom of pan after pudding is baked.)

Bake in moderate oven (350 deg. F.) 30 to 40 minutes. Makes 6 to 8 servings.

CHOCOLATE DOUGHNUTS

- 4 cups sifted flour
- 4 teaspoons baking powder
- 1½ teaspoons salt
- 1⅓ cups sugar
- 3 eggs, well beaten
- 3 squares unsweetened chocolate, melted
- 1 teaspoon vanilla
- 1 cup milk

Sift flour once, measure, add baking powder and salt, and sift together three times. Add sugar gradually to eggs, beating thoroughly, then add chocolate and vanilla, blend. Add flour, alternately with milk, a small amount at a time, mixing thoroughly after each addition. Knead lightly on well-floured board. Roll ¼ inch thick. Cut with floured medium doughnut cutter. Fry in deep fat (385 deg. F.) 3 to 4 minutes or until done, turning frequently. Drain on unglazed paper. Sprinkle with powdered sugar. Or dip doughnuts in mixture of granulated sugar and cinnamon. Makes 4 dozen doughnuts.

Valuable Vitamin C Lost By Throwing Vegetable Water Away

OTTAWA. — Canadians who said the import restrictions on U.S. citrus fruits was depriving them of needed vitamin C still have a thing or two to learn, Dr. L. B. Pett, chief of the Health Departments' nutrition division, [illegible].

He said the Canadian housewife pours more vitamin C down the kitchen sink in a year than there is in imported fruit. All the vegetable water thrown away in cooking contains more nutritional value than can be found in fruit dishes.

He suggested vegetables be cooked with less water and for a shorter time. Also, he said, why not use the vegetable water in soups?

There is no serious threat to nutritional standards if housewives use the foods available wisely.

At one time Turin was the capital of Italy. 2754

WORLD HAPPENINGS BRIEFLY TOLD

Supporters of King Leopold III voted to launch an active campaign for the return of the exiled Belgian monarch.

The Public Health Ministry announced the appearance of smallpox in Egypt, which has been battling a cholera epidemic.

Britain hopes to sell 50 per cent. more goods in Canada in 1948 than she did in 1947, Joseph Garner, deputy high commissioner for the United Kingdom, said.

Commissioner David Lamb of the Salvation Army, who hitch-hiked across Canada and the United States when he was 77, recently celebrated his 81st birthday.

The siren "all-clear" note was sounded to tell evacuated villagers that a bomb dropped at Gusden, Suffolk, Eng., in 1940 had been rendered harmless.

A suburban restaurant notice in London read: "So that everybody may have a fair share, times of serving the more popular dishes will be staggered."

"Lucky To Be Alive," Four Friends Die

Only survivor when a cable bridge they were building over the Ottawa river collapsed, Mattio Laukko says he is lucky to be alive. His four companions died in the icy river.

The river is only about 100 yards wide at this point and the current is very swift. The men clung for a few seconds to parts of the collapsed bridge but were swept away. Remains of the bridge can be seen extending from the bank.

Riper Old Age

Dominion Survey Shows People Live Longer On The Prairies

OTTAWA.—You may not know this, but right this minute you have a better chance of living to a ripe old age than you did, say, 10 years ago. And, if you're a woman, you'll likely live longer than if you were a man. And, finally, if you live on the Canadian prairies, your chances of reaching the bay-window bracket are better than those of Canadians living elsewhere in this broad dominion.

Confusing? Maybe. But it must be right. The statistics say so, and statistics have a habit of proving to be uncomfortably—in this case, comfortably—right.

These life-and-death gems turned up from the dominion bureau of statistics based on surveys of the 1931 and 1941 census and mortality of 1940-42.

At birth males have a prospect of 62.96 years of future life now as against around 60 years in 1931 while females can look forward to 66.30 years compared with 62.10 a decade ago.

The statistics prove too that the prairies, with their broad and open spaces are the best place to live. Western baby boys for example will live to be 65.43, some five years longer than their Quebec brothers whose expectancy is placed at 60.18 years.

In Ontario the male expectancy is 64.55, British Columbia 63.65 and the Maritime provinces 61.60.

On paper there's quite a tussle between the girls being born in the prairies, Ontario and B.C. They all can expect to live to be 66 but the B.C. girls have a fractional margin [illegible] the other two provinces. In the maritimes the expectancy is 64.63 and in Quebec 63.07.

And aren't [illegible] you don't live [illegible]?

The expectancy there is 26.9 years for boys and 26.6 for girls.

LAYER OF AIR

The thickness of the layer of air, or atmosphere, surrounding the earth is not known exactly but it is certain some air exists more than 100 miles from the globe's surface.

Elk Point Family To Reside in B. C.

Andrew Foley, of Shamrock Valley, and who has been a resident here for the past 18 years, left recently to make his home at Cowichan Lake, B.C. He was accompanied by seven of his children as well as three of his married daughters, Mrs. John Duran and baby, Mrs. Floyd Lobine and baby, and Mr and Mrs. Joe Grant and family.

Two of his sons, Urban and Albert, and another married daughter, Mrs. Mike Statzko, have resided at Cowichan Lake for the past year. The Foley's were well known throughout the district and everyone united in wishing them the best of success in their new home.

At one time Urban, Albert, Dolline and Evelyn Foley were known as the Foley quartette and played for dances from Foley to Heinsburg and from Glendon to Derwent. Oliver Lobine of Shamrock Valley, accompanied the Foley's for a short vacation in B.C.

Pioneer Vermilion Lady Dies at Edmonton

MRS. JOHN W. PHILLIPS

Funeral services for the late Mary Kathern Phillips, beloved wife of John William Phillips, of 10422-61 ave., who passed away at her home on Nov. 29, 1947, were held at Hainstock's Funeral chapel at 2 p.m. on Dec. 2nd. The Rev. R. McElroy Thompson officiated and interment took place in the Mount Pleasant cemetery.

Pallbearers were: Jim Beresford, John Cain, Francis Hanson and Tony Korbisser.

Beautiful floral tributes were received from: The family; Gordon, Annie, Myrtle and Terry; John, Irene and family; Marguerite, Gordon and family; Mrs. Hanson, Eleanor and Francis, Evelyn and Sid; Mrs. Sarah Beresford, Jim and Lil; Mr. and Mrs. O. C. Dunsmore and family. The Haliburton boys.

She leaves to mourn her loss besides her husband two sons, John Phillips of Vancouver, B.C., and William Phillips of Vermilion; 5 daughters, Mrs. L. A. Spihle of Provost, Mrs. H. Hillson of Lloydminster, Mrs. G. W. Johnson of New Westminster, Mrs. C. H. Bevell of Brooks and Mrs. C. [illegible]worth of Moline, Illinois, 19 grandchildren and 7 great grandchildren.

The deceased was a pioneer of the Vermilion district. They lived in the Campbell Lake area in the very early years, later moving to the Moreton district just south of Clandonald, and then to the Borradaile district east of Vermilion. Retiring from farming Mr and Mrs. Phillips spent several years in Vermilion prior to moving to Edmonton.

DEWBERRY NEWS

Since our last report the Dewberry hockey club has run off two social entertainments. At the first whist drive Mrs. Albert Isert, Mrs. Hemingway, John Fleming and Aubrey Donall received the major prizes while Mary Axley and Billy Romanchuk received consolations. At the same party a farewell to Mr. and Mrs. Wilfred Potras took place. Wilfred has bought a store at Entwistle. They were presented with a lovely set of dishes and a purse of money.

Mr. Rene Bowman is progressing favorably in the Islay hospital after suffering a severe heart attack. Mr. Bowman is now 75 years of age and a few more years of good health is wished him. Jimmie Jones is also in the hospital recovering nicely from [illegible].

Some of our big game hunters have returned. They saw considerable game but a deep crusty snow made hunting difficult. Wolves do not seem to be bothering the game much but coyotes are increasing in numbers.

Guess Who—What prominent Dewberry farmer is selling out in the spring?

Noticed around—Norris Brett home for a visit; Mr W. Hodgson around again though much weight has been lost; Mr and Mrs. Thompson of Mannville (nee Lena Brett) home for a visit; Joe Braithwaite driving a new Chevrolet; a car of coal disappearing in half a day.

Robert Elliott is leaving shortly for a lumber camp north of Edmonton. He will be driving Matt Maclean's 'Cat' in the logging camp.

Several of our local girls are now engaged in work in Edmonton. They include Mary Ritt, Kitty McCarthy, Orla Elliott and Eileen Finlay.

A new school bus will be in operation at the beginning of the year. Bob Rowand flew by plane from North Battleford to Prince Albert in order to drive the new bus home. It will carry the Riverton children to school.

Dewberry ladies aid tea and bazaar was a real success. A very fine tea was served to all attending and many lovely articles of hand work were sold.

Chatsworth Chatter

Roads are quite icy but we can't grumble—we'd much rather have ice than snow!

Weather remains agreeable enough at time of writing for this season of the year.

Mr R. Good returned Saturday by bus from the A.F.U. convention in Edmonton.

The district extends deep sympathy to Mr Bert Osbaldeston on the death of his father at Ft. Saskatchewan. Mr Wm Osbaldeston was quite a frequent visitor at the Osbaldeston home in the Ottawa district.

Mrs Leo Klashinsky held a very successful and enjoyable party in Ottawa school last Friday evening in aid of her school's Xmas fund. There was a sale of miscellaneous articles, a fish pond (good fishing oh kids!) and bingo with prizes. A Xmas cake was raffled, Jean Maleh being the winner. Lunch was served at a small charge.

The new fire siren was heard here quite distinctly on Tuesday though not quite so arresting in pitch as the former steam siren.

The good wishes of friends in the district are extended to Miss May Telford, a former Chatsworth girl whose marriage is to take place this week.

Congratulations to another ex Chatsworthite, Dot McCormick on her recent successes in flying.

Every cent raised through the sale of Christmas Seals is spent on the specific job of fighting tuberculosis. There is yet much work to be done.

Landonville People Honor Andrew Wilson On 70th Birthday

On the evening of Dec. 2nd about 30 friends gathered at the home of Mr Andrew Wilson on the occasion of his 70th birthday. Mr. Wilson is one of the real old timers of the Landonville district, coming here from Montana in 1906.

Like all others of the Wilson Clan he originally came from Glasgow in the "land o' the heather". Although Andrew has long since laid aside his kilts he still talks with pride of Bonnie Scotland and her immortal Bobbie.

As car after car came up the driveway it was seen that the Wilson cottage would not accommodate so large a crowd so all moved over to the home of Mr. and Mrs. Matt Kada. This is the former Andrew Semple place and is well known for its traditional hospitality over a period of some 40 years.

After all the guests had arrived the evening was spent in card games and songs including community singing with Mr. Edward Lovell entertaining with his guitar.

During the evening Mr. Wilson was presented with a handsome pipe and cane by Ernie Stanley on behalf of the gathering. Although Andrew was taken completely by surprise by the whole affair, in a few well chosen and witty words he thanked those present for their thoughtfulness and good wishes.

Another nice little feature of the event was a large birthday cake with seventy candles, the gift of Mrs. O. Goldsmith. Before leaving for home the happy gathering joined hands and sang "For He's a Jolly Good Fellow" and made the rafters ring with "Auld Lang Syne".

Bowtell Bulletin

Harry Perkins drove to Dewberry Wednesday taking home L. Dedelly. The latter had been visiting his wife who is ill in the Islay hospital.

Quite a number have been ill with sore glands and sore throats in this district.

Turkey feathers are sure flying this week folks. Logan Gow was noticed taking a hand too.

A big crowd certainly attended the dance Friday and $15 was cleared. Mr. Gordon was emcee and Mrs Repp ticket taker.

Mary and Joyce Rochford were supper guests Sunday at the writer's home. Mrs Robinson visited Thursday afternoon at the Perkins' home.

Kenny Rinlale is visiting his brother Eddie at Islay.

Mr. Repp by all reports is certainly enjoying his holiday in the U.S.

The ladies meet this week at Mrs. Perkins home so next week we can announce the date of our amateur.

Everyone is pleased to hear that Mrs. F. Playne is progressing nicely following her recent operation in the University hospital, Edmonton.

The writer and husband celebrated their 17th wedding anniversary recently.

Mrs. Knutson extends thanks to the Busy Bees for fruit sent her during her recent illness.

CAPTURED, TRIED AND SENTENCED IN 24 HOURS—Robert Winslow, 20, (right), and Bufford Sennett, 22, in windbreaker—a pair of small town desperadoes who went on a crime spree recently—admitted that they had killed a University of Wisconsin medical student and assaulted his sister-in-law. After threatening to "shoot it out" in a lonely farmhouse near Waupun, Wisconsin, they were captured, tried and sentenced to life imprisonment all within 24 hours.

IDENTITY MISTAKEN—The boy King Feisal of Iraq temporarily was taken out of the procession of royalty emerging from Westminster Abbey after the royal wedding when a policeman mistook him for an ambitious child who had slipped into the regal group. King Feisal obediently followed the bobby's instructions and stepped aside before the mistake was corrected.

PRO-GERMAN REXISTS EXECUTED IN BELGIUM — Bullets crash into their bodies and the bodies of four Rexists slump against the ropes that bind them to posts in the police station yard at Charleroi, Belgium. And part of a debt incurred by the Rexist (pro-German) party by the murder of 27 innocents on Aug. 18, 1944, had been paid. The day was Nov. 10, 1947. Twenty-seven of the Rexists paid the price, four at a time. They were part of the large group of 71 charged with the murders. Forty were found guilty and sentences confirmed.

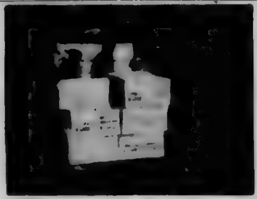
TROOPS CALLED TO UNLOAD SHIPS IN STRIKE-BOUND MARSEILLES — Rushed into the strike-bound Marseilles dock area, French North African troops unload perishable goods from the Ben Djemel, the first freighter to be emptied since the port was immobilized by Communist-led workers. Spokesmen for the strikers protested the use of troops and threatened they would seek sympathy strikes in French ports if the government continues its present course of action.

HAD FIVE YEARS OF ADVENTURE—Elizabeth Prescott, of Toronto, while serving as radio operator aboard the freighter Apollo stayed at her keyboard for 48 hours without a break when the ship struck a Caribbean reef last June. Now back in Canada after an absence of five years she speaks French and Norwegian, has visited 13 different countries.

HOME BURNS, BUT SAFE — Snatched nude from bed, Roy and Bruce Haines were saved from burning home.

Seven people were forced out into cold night when farmhouse at King, Ont., [illegible]. Smoke marks side of house. The dog Laddie refused to leave; families sheltered at neighbors.

Burned rescuing sons Roy Haines holds his daughter, Doreen, 1, saved [illegible].



EGGS FOR BRITAIN—Kept in continuous cold storage from the time they were stored last spring for the U.K. Ministry of Food these eggs from Edmonton are shown here being transferred from a refrigerated car to the refrigerated hold of a freighter in New Westminster, B.C. Four such freighters, which recently took aboard a total of 100,000 cases of storage and fresh eggs at Vancouver and New Westminster, have just arrived in Liverpool and London.

SILHOUETTE—Cows on the farm of Mr. D. Clemson, Armstrong, B.C., stand quietly silhouetted against a threatening sky in the pasture on the hill, while his son Jan lowers the bars to bring them down at evening milking time. The picture was taken and sent by Mr. Clemson.

A FRIEND IN NEED—Overcome by coal gas, Catherine Smith is given oxygen in her Brooklyn, N.Y. home by a member of the police emergency squad as her two pets, Sparky the dog and Micky the cat, keep a close vigil snuggled up in their mistress' arms. The pets, whining and scratching, sounded the alarm that probably saved the lives of 20 persons. Catherine was one of six overcome by the coal gas fumes.

IT WAS A COMBINATION OF THINGS—Crashing during a test flight this combination plane-auto lies in a crumpled heap on a field in Chula Vista, California. The plane's test pilot, Lawrence Phillips, was removed from the wreckage with a broken shoulder while Reuben C. Snodgrass, who flew the experimental plane on its initial flight, walked away uninjured. Cause of the crash was not [illegible].

FORMER JAP PREMIER ON TRIAL—Prime Minister of Japan in 1944 and 1945, Kuniaki Koiso testifies in his own defence at Tokyo war crimes trial. He is one of 25 Japanese leaders up trial for their lives.

CHILD PRODIGY ON TOUR—Child prodigy Ferruccio Burco, 6-year-old Italian orchestra conductor, (left), seen with his teacher, Orfeo Rossi, in Paris where he conducted "Concerto Colonne".

CO-ED SITTERS FOR TEACHERS — Co-eds of the Hi-Y club of Brantford collegiate operate a baby-sitting service for their teachers as a means of helping finance their service committee. The girls charge 25 cents per night, with an additional 10 cents for after midnight sitting and get their homework done while giving a cheaper-than-ordinary service to teachers. Daughter of Brantford [illegible], Barbara Matthews finds teachers' children, like any other youngsters, invariably "wanna drink of water" after they get to bed.

2704

MEET MISS UNIVERSE IN OIL—Screen Actress Linda Darnell and Artist Varga inspect his painting of "Miss Universe" . . . used 10 women for this composite. Hips and bosom are from Rita Hayworth, legs by Marlene Deitrich, shoulders from Maria [illegible], [illegible] hands, red hair from Maureen O'Hara, Linda Darnell's [illegible] Ann Sheridan's lips. The painting was made for a [illegible]. It may be noted that the actresses are from various parts of Europe, United States and Pan America.

Thirty-two Years Ago Today

Interesting Items Gleaned from the Files of the Vermilion Standard

32 YEARS AGO TODAY — 1915

Dec. 9th, 1915

Wm. Steele left last week to spend three months at Almonte, Ont.

Monday was nomination day in town and the town council and the school board candidates were filled by acclamation: The 1916 council will be as follows: Mayor, W. J. Seed; Councillors, Geo. E. Hayward, J. B. Hunt, John Law, John Craig, Matt Brimacombe, Wm. Bryden. School board, Chairman, J. B. Stephens; W. P. Pilkie, H. P. Long, S.R.P. Cooper, Jas. Craddock.

A stiff shower of rain Saturday just before 6 p.m. put a glaze of ice over sidewalks and roads which made it next to impossible to remain upright and pedestrians were compelled to assume numerous undignified positions before reaching the support of their own door knobs.

Sixteen Years Ago Today

Dec. 10, 1931

Boxing Day was declared a Civic holiday in the town of Vermilion for the first time. As a result everyone will be able to enjoy a three-day Xmas vacation.

Joe Wener opened his "Palm" room for dining and dancing.

Weather was mild, roads were open, curling and skating rinks were in operation, civic league hockey was underway with four teams competing.

LINTON - JOHANSSON VOWS ARE EXCHANGED

LINTON—JOHANSSON

In the United church manse here on November 26th the afternoon wedding took place of Evelyn May, daughter of Mr. and Mrs. J. Henry Johansson of Kitscoty, and Mr. Beecher Gifford Linton of Hay River, N.W.T., son of Mr. and Mrs. Alex Linton of Islay, Alta.

Rev. E. S. Reikie performed the ceremony beneath an archway of pink and white streamers and a white wedding bell.

Given in marriage by her father the bride wore a floor-length white wedding gown made with a nylon marquisette bodice which featured a square, lace-trimmed yoke. Her sleeves were long and her skirt was of net over taffeta, accentuated with a peplum bordered with marquisette. She carried a bouquet of American Beauty roses. Her jewelry consisted of a pearl necklace, gift from a great-aunt, and cameo earrings, gift from the groom.

Miss Marion Johansson of Vermilion was her sister's only bridesmaid. Her gown of pink lace over taffeta was fashioned with a sweetheart neckline and cap sleeves with which she wore pink elbow length lace gloves. She wore a pink heart-shaped headdress and shoulder-length veil and carried a colonial bouquet of pink and white carnations.

Best man was Emile Bourque of Edmonton.

For her daughter's wedding Mrs. Johansson wore a dress in British navy with a V-neckline edged in [illegible] blue pleating. Her hat was black [illegible] with a [illegible] feather and her corsage was of [illegible] pink carnations. The groom's mother, Mrs. Linton was in gray silk crepe with a black flowered bodice. A gray felt hat with a rose feather trim and a corsage of pale pink carnations completed her ensemble.

A small reception for members of the immediate families was held in the Brunswick hotel where Mr. Reikie proposed the bridal toast. The bride's table was centred with a tiered wedding cake embedded in pink net.

The newlyweds motored to Edmonton before leaving for Windsor, Ont., and Detroit. They will spend the winter at Grimshaw and will later go to Hay River where they will make their home.

For travelling, the bride donned a wool tailored dress with a wine fur-trimmed topcoat.

Wildmere A. F. U.

(Continued from last week)

More than ever do we need a farmers' organization to fight for what is ours. All industry and business, along with labor is so highly organized that without a union of some sort we stand little chance of ever being heard let alone try to bring pressure to get a part of our demands and justice. Railways have long discriminated against the farmers of Alberta and yet we had no one to take the farmers part. If you want something done then we had better prepare to do it ourselves, and there is no better time than right now. [illegible] happily the [illegible] the majority are ready to [illegible] [illegible] the list of organized farmers who are fighting for justice and survival of [illegible]

Expansion In Australia

THE PRESENT CRITICAL FOOD SHORTAGE in many parts of the world has made it apparent that there is need for an increase in the amount of grain and other foodstuffs available to meet the requirements of those countries where shortages have long been acute. Nations which have been able to produce a surplus of food during the war and in the years which have followed, have, sometimes at a considerable sacrifice on the part of their own people, been able to supply much food to the less fortunate nations. However, it is clear that even greater efforts are needed if the present situation is to be improved to any great extent. In this connection it has recently been announced that Australia is expanding her farming industry in order to send greatly increased amounts of food to Great Britain.

* * * * *

Will Send More Than Last Year The British Minister of Food, Mr. Strachey, recently made known the terms of an agreement under which Australia has undertaken to send Great Britain 75 million bushels of wheat. This will mean that more than half of the wheat produced in Australia will be reserved for export to the United Kingdom, and will represent a large increase over last year's shipment which amounted to less than five million bushels. Australia has also agreed to produce more meat, butter, sugar, dried fruit, eggs and seed oils for Britain. In order to meet these commitments, farming in Australia is to be considerably expanded and consideration is being given to the possibilities of opening up new areas in Northern Australia to provide additional sources of oils and fats. Should this be undertaken, it is likely that British capital would be invested in the project and that British representatives would be sent to consult with Australian experts on the undertaking.

* * * * *

Markets Must Be Assured Although Britain has agreed to take all the wheat and sugar which Australia can spare, it is not anticipated that expansion on a long-term basis will be needed in the production of these commodities. If Britain can give assurance of continued demand for such products as lamb, dried fruits and eggs, it is expected that production will be considerably increased. Present contracts extend to 1950, but it is believed that a guarantee of further demand for these items in Britain will be needed to encourage farmers to greatly increase their present rate of production. In regard to supplying more beef, pork, eggs and oil-producing seeds, extensive development schemes would be needed and again assurance of continued markets would be a most important consideration. Since a large part of the production of Canadian farms has for some time been going to Britain, Canadians have been very much concerned with the problem of alleviating the food shortage there, and the contribution which Australia is making in this connection will be regarded with interest by the people of this country.

DEVON SHEEP ARRIVE

Seven Devon Close Wool sheep have arrived at the University of Manitoba, Winnipeg, and seem to have stood the trip from England very well, apart from the fact that the ram lost a chunk of wool off his hind quarters. But he is a good-looking beast, and the six ewes, while varying a little in type of face, are good blocky animals, with clean face and standing firmly on their legs. There is not a black fibre. They are a little larger than a Shropshire, not so large as a Hampshire, and the wool is close.

Interesting snapshots taken of the recent importation of Devon Close Wool sheep upon their arrival at the University of Manitoba, Winnipeg.

Self-Restraint Needed to Fight High Prices, says B of M Head

GEORGE SPINNEY URGES LESS GOVERNMENT SPENDING — ADVOCATES IMMEDIATE SELECTIVE IMMIGRATION PROGRAM

B. C. Gardner, General Manager, Reports Bank's Role in Facilitating Foreign Trade

Montreal, Dec. 1.—*Urging a sharpened sense of responsibility among groups that make policies which bear on prices and costs, George Spinney, president of the Bank of Montreal, today declared that "self-imposed restraint from charging what the traffic will bear, either for goods or the skill required to produce them, is as necessary, as practical and as prudent as fire insurance on a highly inflammable structure."*

Addressing B of M shareholders at their 130th annual meeting, Mr. Spinney also pleaded for an immediate, selective immigration program and a reduction in government spending, as possible aids to a more stable economy.

Emphasizing the danger of the belief held by some economic theorists that by monetary manipulation and state control a community could indefinitely consume more than it is able or willing to produce, Mr. Spinney said that now, "even the most ardent proponent of compensatory public spending would agree that we have arrived at one of those points in the economic cycle where old-fashioned virtues of frugality are thoroughly consistent with the dictates of the most advanced economic theory.

"The course now indicated is the difficult and more courageous route of remorseless elimination of luxuries of governmental expenditure which represent an unnecessary demand on the taxpayer and on our productive resources," Mr. Spinney said.

Prices and Costs

Referring to the present high prices, Mr. Spinney said that recent [illegible] emphasized for all influential groups in the community the urgent need of a sharpened sense of responsibility for the implications of their own policies in relation to the behavior of prices and living costs.

"The upthrust in prices and costs," he said, "is now everybody's concern. It affects the housewife, ruefully contemplating the family budget. It enormously complicates the problem of providing urgently needed housing at prices that people can afford to pay. It reduces the real value of all accumulated savings in monetary form, eating away at the hard-won rewards of foresight and thrift."

While admitting that Canadians had been spared the hardships of violent inflation, Mr. Spinney said, "we have experienced enough of the consequences of a gradual depreciation of the internal purchasing power of our dollar to yearn for the advantages of a dependable standard of value in terms of a stable level of prices."

Mr. Spinney then turned to a discussion of Canada's unbalanced trading relationships, and suggested that the measures recently taken to meet the problem were a challenge to the good sense of Canadians. In view of what many other nations were suffering, he remarked that the present restrictions scarcely deserved the dignity of the title "austerity."

For Canadians to achieve their full destiny, he felt that a greater population was essential. Saying that countless people on the other side of the Atlantic regarded this country as a land of golden opportunity, Mr. Spinney said, "Canadians are at this moment helping to support, at a low level of existence, many of these people who could be and should be carving out a fuller life for themselves in this country in which there are far too many empty spaces. If ever there was a time when Canada should press forward with an immigration program, that time is now," he added.

General Manager's Address

In his report, Mr. Gardner, general manager, announced a new high of 1,600,000 B of M depositors. As further evidence of post-war activity, he also revealed that the bank had opened 26 branches and sub-agencies within the last year. There had been a relatively greater increase in bank staff, rising from 8,400 in 1946 to 8,900 at the end of the current fiscal year.

Mr. Gardner pointed out that Canada's foreign trade reached a peacetime high during the past year. The bank's policy of working with long-established native banks in foreign markets had, he felt, proved helpful in providing customers with unexcelled facilities in conducting their export and import trade.

Pointing out that borrowing for capital purposes had increased, Mr. Gardner emphasized the importance of maintaining in corporate structures a reasonable relationship between equity capital and borrowed money. This, he said, applied especially to concerns that had been expanding rapidly and whose equity investment had become proportionately small in relation to higher turnover and increased fixed assets.

In his closing remarks, Mr. Gardner paid warm tribute to the staff. Noting that numerous returned veterans on the staff already occupied important posts, he added that many new entrants engaged since the war were also veterans. Mr. Gardner paid special tribute to the women employees who comprise some 56 per cent of the total staff.

"The organization and arrangements relating to the development, the progress and the welfare of our staff are under continuous and careful study," Mr. Gardner said. "I know of no feature of our business that has required more care and consideration over the past year."

Catherine the Great of Russia first popularized sealskin for women's fur coats.

Western Briefs

CRANBROOK, B.C. — Department of Agriculture land clearing machines cleared 200 acres of farm land in Jaffray district, preparing them for production next year.

* * * *

REGINA — Bata Petroleums Limited has announced its Bata No. 20 well in the Unity gas fields had been brought in as a gas well with a capacity of 25,000,000 cubic feet per day.

* * * *

WINNIPEG — The provincial government was asked by the Union of Manitoba Municipalities to make blood testing and inoculation of cattle for Bang's disease compulsory in the province.

* * * *

GADSBY, Alta. — After a silence of several years, the school bell at the Omega school north of here is ringing again. The school bell was silenced when the pupils of the district were sent to Gadsby for classes because of the teacher shortage.

* * * *

TULLIBY, Alta. — Farmers and stockmen of this district 142 miles northeast of Edmonton have engaged a hunter to destroy Prairie wolves which have been plaguing their stock. Each farmer and rancher pays 15 cents a head of stock into the fund. The coyote hunter is paid a bounty of $25 for each animal destroyed.

* * * *

SWIFT CURRENT — Survey for a small provincial park at Wood Mountain, historic point in south-western Saskatchewan, has been started. It was learned here. The project is being undertaken by Wood Mountain residents with co-operation of the provincial government which is reported to be prepared to donate $5,000 toward development.

* * * *

GLADSTONE, Man. — Lumber has already been purchased for a new $5,000 memorial hall to be built here by the Gladstone branch of the B.E.S.L. A canvass is now underway to meet the legion objective, and all organizations are being asked to make contributions. The hall is to be used for dances, bazaars, concerts and other community functions.

Pro Hockey Helps Ease Dollar Crisis

OTTAWA. — When it comes to bringing home coveted United States dollars in this era of said austerity, Canada's travelling professional hockey teams are a national asset.

The new travel restrictions won't interfere with them, and the buying and selling of prize players across the border will be permitted under the head of "business expense."

The Foreign Exchange Control Board, which watches United States dollars with all the loving care of a hungry bear with cubs, has no accurate figures on what travelling hockey teams mean in Canada's exchange picture.

But they do say that, on balance, those Canadian hockey teams bring in more United States dollars than they take out. At the end of a normal season, the federal treasury shows a favorable balance on the operation.

Under the circumstances, the travels and operations of hockey teams which weave back and forth across the international border will not be affected by the new financial regulations.

Even if a Canadian team desired to "buy" a player south of the border funds would be available for the transaction as "business expenses".

GERMS WINNING BATTLE WITH PENICILLIN

LONDON.—An increasing number of germs are developing an immunity to penicillin, the British Medical Journal says in its current issue, indicating that the drug's usefulness soon may be lessened.

"Little can be done to delay the time when a majority of staphylococcal infections (pus-forming bacteria) will be resistant at least to a dangerous degree to treatment with penicillin," the magazine says.

OCTOBER TOURISTS TO CANADA SET NEW RECORD

OTTAWA. — An active hunting season coupled with sunny weather brought a record number of tourists into Canada, the Dominion Bureau of Statistics reported. Foreign tourist car entries totalled 126,180 against 111,696 in October, 1946.

FUNNY And OTHERWISE

Mrs. Higgs and her neighbor met in the fish queue.

"What's your old man looking so fed-up about, Mrs. Higgs?" asked her neighbor.

"Well, you see, he hasn't got a job yet, and he feels it very much that he can't go out on strike like other men."

* * * *

Uncle Ebenezer: "You boys of today want too much money. Do you know what I was getting when I married your aunt?"

Nephew: "No, and I'll bet you didn't either."

* * * *

"And how is your poor husband today?" asked Mrs. Holmes.

"Oh, very poorly," replied Mrs. Dobson. "He's got a terrible expensive disease. The doctor says he's got to be kept in good spirits!"

* * * *

Tourist: "Well, I congratulate you. It is a great honor to be the oldest inhabitant."

Villager: "Yes, sir, but [illegible] makes it so funny is that my old woman is older, but she won't admit it."

* * * *

Bill: "Is it possible for a woman to keep a secret?"

Jim: "Oh, yes. My wife and I were engaged several weeks before she said anything to me about it."

* * * *

"I believe in calling a spade a spade," said the emphatic person.

"That's right, friend," replied Bronco Bob. "There was a man [illegible] nearly lost his hide by playing cards and tryin' to call a spade a club."

* * * *

"Now madam, can you pick out the man who snatched your bag?"

"Oh, I think so, Inspector—do I have three guesses?"

* * * *

Wife — John, is it true that money talks?

Husband — That's what they say, my dear.

Wife—Well, I wish you would leave a little here during the day. I get so lonely.

* * * *

She (after a bitter fight): Well, the only thing left to do is to divide this house in two, you can have one side and I'll take the [illegible].

He: That suits me. What side shall I have?

She: You can have the outside. I'll take the inside.

* * * *

Mrs. Jones sat back in the chair after a chat with her new maid.

"Well, I hope you will like it here, Stephen," she said.

"Oh, I'll settle down here all right, ma'am," answered Stephen cheerfully. "You're just the sort of mistress I like. Steady, pleasant, an' not too posh."

* * * *

"Why won't you advertise?" asked the representative of a newspaper of a man who owned a small business in a provincial town.

"It don't leave a man any time," was the reply. "I advertised once last summer and the consequence was I was kept so busy I didn't have time to go fishing the whole season."

GEMS OF THOUGHT

SPIRITUAL PEACE

The fruit of the Spirit is love, joy, peace, longsuffering, gentleness, goodness, faith, meekness, temperance: against such there is no law. —Galatians 5:22, 23.

Peace is the proper result of the Christian temper. It is the great kindness which our religion doth us, that it brings us to a settledness of mind, and a consistency within ourselves. —Bishop Patrick

If we have not peace within ourselves, it is in vain to seek it from outward sources. —Rochefoucauld

Nothing can bring you peace but yourself; nothing can bring you peace but the triumph of principles. —Emerson

To cherish peace and good will, to be plenteous in mercy, is to have the real spirit of Christmas. —Calvin Coolidge

In every age and clime, "On earth peace, good will toward men" must be the watchword of Christianity. —Mary Baker Eddy

School Recesses

Need for strict observance of breaks in class routine in school is the subject of a pronouncement from the Department of National Health and Welfare, Ottawa. The health officers point out that recesses should be observed carefully. Class rooms should be given a chance to air, and both teacher and pupil given the benefit of a short spell of freedom from instruction and study.

Local News of Interest

The Standard has a galaxy of interesting material including [illegible] news bulletins, weddings, births, letter to the editor, annual meeting reports, all held over this week due to lack of space and time for converting same into type. This will all appear in next week's Standard — don't miss it!

Stagette Notes

There was no regular meeting on Tuesday Dec. 7th. This was an educational week and we attended the Egon Grapentin recital which we enjoyed very much.

Don't forget our Holly Frolic Dec. 26th to be held in the Elks hall.

Next Tuesday is our Xmas party and we will be going to Beth's house. See you all then.

THE WEATHER

A sharp dip to 12 below Sunday night and another dip early Wednesday morning to 15 below featured the weather of the week although most people did not even realize that the temperature had dropped to these levels. The weather has really been delightful and roads are wide open but icy. Little change in temperature is expected.

W. R. Cornish, M.L.A. for the Vermilion constituency attended the provincial Social Credit convention which was held in Calgary recently. He reports a record number of delegates in attendance and a very worthwhile gathering.

Mrs. Marie Emsland left last week for Vancouver, B.C., where she will spend the winter months visiting her daughter Mrs. George Van den Dolder. While at the coast she will also visit her sons Roy and Frank at Penticton.

ETHELWYN

The youngest daughter of Mr. and Mrs. John Grauman is suffering from diphtheria but at last reports is improving. The doctors are very busy inoculating the populace of this area.

Mr. and Mrs. Therman Burns and family spent ten days holiday at their old homes at Mayerthorpe. Miss Annie Mulgrew has gone to Edmonton to visit her sister Bridget (Mrs. Hill) for a few weeks.

What is our district coming to when a woman has to carry a hammer when she goes for a walk. Surely looks bad and a word of caution—beware of the bear and lock the doors on bath nights!!

Several people from the district attended the bazaar in Clandonald on Dec. 6th held by St. Mary's W.A. The displays at all the stalls were grand and we will not soon forget that wonderful tea. Everyone will be back next year for more of the same.

The ladies of the Catholic church in Clandonald also held a very successful tea a few weeks ago. The writer did not learn of this event in time to attend much to her regret.

(continued next week)

CARD OF THANKS

Mrs. Cleland and family wish to thank their many friends for the generous donations, gifts and the many kind acts following the loss of their home by fire.

IN MEMORIAM

In loving memory of
William Cleland
—who passed away Dec. 4th, 1946.

"One year has passed dear father
Since you were called away
How well do I remember
That sad and weary day
You suffered much you murmured not,
We watched you day by day
We cried and prayed that your dear life
Would not be taken away."
—Wife and Family.

IN MEMORIAM

In loving memory of a dear husband and father
William Telford
—who passed away Dec. 5th, 1946.

"He had a cheery smile, a pleasant way
A helping hand to all he knew
He was so kind so generous and true
He had a kindly word for each and died beloved by all."
—Ever remembered and sadly missed by his loving wife and Muriel, Gordon, Telford and Shirley.

MARRIED

KING—ALMOND: On November 4, 1947 at St. Anthony's church, Lloydminster, Sask., Alfred John, elder son of Cecil and Aubrey King, and Helen Cathleen, second daughter of John and Barbara Almond.

Mrs. Mary E. Cheyne of Winnipeg has arrived in Vermilion and will make her home with her daughter Mrs. T. W. Teape and family at St. Saviours' rectory. Prior to coming to Vermilion Mrs. Cheyne resided in Winnipeg for 66 years.

BORN—At Jubilee hospital Victoria, B.C. to Mr. and Mrs. J. M. Morgan (nee Lois E. Long) a son on Dec. 2.

The many friends here of the Rev. H. A. and Mrs. Boyd and family will be interested to learn that the family home is now in Toronto where Mr. Boyd is minister of Silverthorne United church. Harry Boyd, the boy of the family, is attending Toronto University and is in his third year. He also plays on the Senior Varsity hockey team which won the Sr. Intermediate Collegiate championship last year. Marion Boyd is in Belleville, Ont., where she has the position of dietitian at the Belleville General hospital. Evelyn is with the Victorian Order of Nurses at Chatham. Mr. and Mrs. Boyd and family take this means of saying hello to their friends here and to pass along the very best of Christmas wishes.

Mr. and Mrs. W. E. Cashey attended the taxi owners' meeting held recently at the Palliser hotel in Calgary.

Mrs. J. R. Robson and daughter Miss Leslie Robson returned home Saturday after a three months' visit to Hylton Castle in the north of England where Mrs. Robson's parents live. Motor trips to many parts of the British Isles were enjoyed and a sight-seeing tour made through France.

Miss Leslie Robson returned to her teaching duties at the elementary school Monday relieving Mrs. W. G. Hay who substituted during Miss Robson's absence overseas.

Dean Cashey returned on Sunday from Windsor, Ont., where he picked up a new Dodge car for his father, W. E. Cashey. On his return trip Dean called on his aunt at Brighton, Iowa.

Mrs. Maude Stranahan is planning to visit at Harper, Kansas, U.S.A., for the next three months.

CANADA FEEDS BRITAIN

Canada supplied 61.5% of Britain's foreign purchases of wheat during the first seven months of this year, 68.2% of her flour purchases, and 94% of the oats imported in this period. Relatively small quantities of wheat were procured from the U.S. and Argentina, and flour from the U.S. and Australia.

Olga Manyluk Becomes Bride of Melvin Arthur

A very pretty wedding was solemnized at St. Saviour's Anglican church on November 29th when Olga Pauline, only daughter of Mr. and Mrs. A. Manyluk, and Melvin John Arthur, son of Mr. and Mrs. Fred Arthur, were united in the holy bonds of matrimony. The Rev. T. W. Teape officiated.

The bride, who was given in marriage by her father, was beautiful in a floor-length gown of white satin. Her floor-length veil was held in place with orange blossoms. She wore a single strand of pearls and carried a bouquet of red roses.

Attending as matron of honor was Mrs. Olive Manyluk, sister-in-law of the bride. She wore a gown of turquoise with matching pale pink shoulder length veil and mitts. She carried a colonial bouquet. The bridesmaid was Miss Ruth Simonsen, daughter of Mr. and Mrs. M. Simonsen, who was gowned in pink with matching shoulder-length veil. She also carried a colonial bouquet.

Mr. Alvin Arthur, cousin of the groom, was best man. The usher was Mr. Frank Manyluk, brother of the bride.

The wedding music was played by Mr. Fred Brimacombe. During the signing of the register Mrs. Norma Donnelly sang "I'll Walk Beside You".

An open reception was held at the home of the bride's parents following the wedding and during the evening when over 200 friends called to extend their felicitations.

The toast to the bride was proposed by Mr. J.W.G. Morrison with the response given by the groom. Following the toasts the bride and groom cut the three-tiered wedding cake.

For the reception the bride's mother, Mrs. Manyluk, chose a blue frock and grey hat with matching blue plume and wore a corsage of carnations. Mother of the groom, Mrs. Arthur, chose a navy frock and matching hat with corsage of carnations.

After a dance which was held in the Elks hall the newlyweds left for a short honeymoon. For going away the bride chose a brown pin checked suit with brown accessories, complemented by a corsage of pink carnations. On return the couple will reside at Auburndale.

Telegrams and phone calls were received by the happy young couple. Guests from out of town were Mr. Dyer, Calmar; Mrs. Frank Pilkie of Edmonton; Mrs. C. Girling and Mrs. W. A. Manyluk of Saskatoon; Mr. and Mrs. M. Mudryk, Mr. and Mrs. P. Mudryk, Mr. and Mrs. M. Manasyk, Mr. and Mrs. C. Christiansen and Lois, all of Derwent; Stan Nowaczinski of Edmonton; John Kapjack of Elk Point; Mr. and Mrs. Carl Sampson of Lloydminster; Miss Mary Waruk, Mr. and Mrs. Ken Stone, Islay; Mrs. B. Taylor, Edmonton.

Release Results First Aid Class, Elk Point

Results of the examinations of the two classes in preliminary first aid, held here under the auspices of the Elk Point centre of the St. John Ambulance association, were announced by the secretary, J. V. Jacobson.

The two classes which consisted of 52 students, were instructed by Mrs. N.B. Sumpton and examined by Instructor Jacobson, assisted by Mrs. Marion Tredger. Mr. Jacobson complimented the classes on the proficiency obtained and encouraged them to enter in the first aid competitions in 1948.

Successful students in the girls' class were: Misses Mary O'Kane, Paulla Bayko, Lily Kondrat, Sophie Witowich, Verda Ross, Alice Johnson, Annie Arnold, Tillie Kravchuk, Betty Zacharuk, Olga Zacharuk, Olga Kravchuk, Marlene Vaughan, Lydia Paterucha, Joan Marusyk, Doreen Lindquist, Doris Wiegerinck, Muriel Hain, Evangeline Serabe, Ann McDonell, Norma Wenzel, Elizabeth Saldan, [illegible], Valie Kipp, Irene Jenkins, Mary Metalo, Norma Bertling, Loretta Mikulland, Rosie Prusak, Isabelle Zarowny and Elsie Jenkins.

Successful students in the boys' class were, Raymond Pinder, Philip Shapiawy, John Holliday, Peter Apaley, Tony Witowich, Bert Charest, Larry Fobeurk, Donald Ross, Carl Hall, Billy Smolay, Barry Koch, David Tidow, Jimmy Lihich, Kenneth Jacobson, Norman Robinson, Eddie Saldan, Billy Sumpton and James Reid.

A. Y. P. A.

The regular meeting of the A.Y.P.A. was held at the Davidson home on Tuesday Dec. 2nd. The first portion of the program consisted of the religious portion. The secretary then read a letter received from our past president, Nelder Boulton. With no further business the meeting adjourned.

COLUMBIA HAS REEL OF ROYAL WEDDING

A news reel of the Royal wedding will form part of the program at the Columbia theatre Dec. 19 and 20. A little later Messrs. Pilkie have a colored three reel film showing the entire wedding, and procession. Dates for this interesting film will be announced later.

Mr. and Mrs. Henry Eyben Celebrate Golden Wedding

300 Attend Reception

On December 16th, 1897 at the town of Dows, Iowa, Miss Dora Johnson became the bride of Henry August Eyben. On December 16, 1947, fifty years later, the same couple observed their Golden Wedding at Vermilion surrounded by their five daughters and five sons, nineteen of their grandchildren and 300 friends. The gathering to honor this esteemed couple was held in the Elks hall. They were plied with good wishes, deluged with gifts — all tributes to an honored pioneer couple who have contributed much to the development of our community and whose association with the district dates back to the very early days.

Following their marriage in 1897 Mr and Mrs. Eyben continued to reside at Dows. In 1906 Mr. Eyben made his first trip to Vermilion with a carload of settlers effects. He filed on a homestead in the Cummings district and June of 1907 found the family on the homestead, the site of the present family home. It was a trying summer to many, the winter had been a long hard one, the snow stayed late, hard frosts were recorded every month of that summer. To Mrs. Eyben's disgust her washing froze stiff on the line in July.

Nothing daunted, Mr. and Mrs. Eyben persevered and the intervening forty years saw their holdings increase by dint of hard work, industry, family co-operation and efficiency. The homestead quarter was increased to sections of land, their modest little house to a large family home.

The talents of the family were freely given to community efforts and progress, school board and municipal council, U.F.A. and farmer co-operative movements profited by the advice of the thoughtful and quiet-spoken Henry.

The family profited by and showed appreciation of the care and guidance of their parents. Of the five daughters four originally settled near the home farm. All five sons followed in the footsteps of their father and have already proven themselves successful progressive farmers. They too settled near the old home and their parents.

It was in recognition of these fine qualities of Mr and Mrs. Eyben, of their success in their vocation of farming, their success as parents, homemakers, as neighbors and community workers, that the hundreds of relatives and friends gathered Tuesday evening, and the sociability, good fellowship and genuine friendliness pervading the gathering was that feeling so characteristic of our rural western people.

At the reception Mr. Wm. B. Elford made a very capable and interesting master of ceremonies. The opening number was a chorus by the Eyben grandchildren, 19 of whom were gathered on the stage. Others contributing to the entertainment were Mrs. M. Hill, Mr. Tom Watts, Mrs. P. Jensen, Mr. Geo. Martin, while Mr Elford contributed some very humorous numbers.

The toast to the bride was proposed by Hardy Wear, an old friend of 40 years standing. Mr Baxter Harle on behalf of the community in which the bride and groom resided so long, presented them with a chest of silver. Mr M Hill presented Mrs. Eyben with a bouquet, while there was a great profusion of individual gifts.

To the toast and to the presentations Mr and Mrs Eyben replied with sincere words of thanks and appreciation.

Mr. and Mrs Eyben have this past summer retired from active farming and have moved into Vermilion where they have purchased a home. They have a family of five daughters and five sons and of these two daughters and one son live away from the district. They have 24 grandchildren 19 of whom were present at the Golden Wedding. The daughters are Mrs W. C. Martin (Marie), Mrs. George Caron (Dora), Mrs Norman Armstrong (Augusta) all of Vermilion and district, Mrs. M Winge (Clara) of Portland, Oregon, Mrs John Taylor of Edmonton. [illegible] the old home [illegible] of Herman who recently moved to New Westminster. Frank and John have large farming interests [illegible] two youngest [illegible] operate the home [illegible].

Presiding at the tea tables were Mrs W. B. Elford and Mrs. B. H. Logan. Music for the dance was by other old friends Aldous Kent, Fred Brimacombe and Bud Staden. Serving during the supper hour were all the members of the branches of the Eyben family.

Out-of-town guests present at the reception were Mr. and Mrs. M Winge and four children Albert, Sylvia, Tommy and Myrna of Portland, Ore. Mr Herman Eyben of New Westminster; Mrs Holliday of Elk Point.

Mr. and Mrs. E. Corson Honoured at V. S. A.

In recognition of many years of service on the public works staff at the school of agriculture, Mr. Ernie Corson, who is being retired, was guest of honor at an Alberta Civil Service Association party on Tuesday, Dec. 16th.

A Life Membership in the Vermilion Branch of the Civil Service association was presented to Mr. Corson by Mr. J. E. Hawker, chairman.

After the regular business meeting many of the staff wives gathered with the regular members for refreshments. A presentation to Mr. Corson on behalf of the Association was made by Mr. N. N. Bentley, principal of the school, who paid tribute to Mr Corson's faithful, efficient, and pleasant service during the past years.

Mrs. Corson was presented with a beautiful bouquet of flowers by Mrs. H. Brison. Their many friends joined in wishing them many happy years and expressed the hope that they would continue to live in Vermilion and maintain their associations with the school.

Pee-Wee Hockey League Organized

A Pee-Wee hockey league has been organized of which the following gives the points to be remembered by players and public alike:

Canadiens, Captain Tom Acheson Coaches Gordon Arnold, Ken Beaton, Stan Waldenberger.

Saturday 10:30-11:30 hockey practice under supervision of teachers.

No hockey games Wednesday Dec 24th or Wednesday Dec. 30th.

Greenlawn Old-Timers Hold Annual Get-Together

125 PRESENT AT ENJOYABLE FUNCTION

The Greenlawn Old Timers Association held their annual supper and dance in the Greenlawn hall on Wednesday Dec 4th when 125 members and friends gathered to join in the festivities.

The lady members are to be congratulated on the bountiful supply of good things that were served for supper, including many of the luxuries that have not been seen since pre-war days.

Following supper a short business session was held after which the guests were entertained by the school children who sang a number of Christmas carols. A community sing song in which everyone joined was much enjoyed. This was ably led by Mr. Lee Green as M.C. Several vocal numbers were rendered. Mr Powell's songs and pianoforte solos were the highlights of the evening.

The Old Timers then settled down to real old time dancing. The waltz, square dances, reels and polkas were the order of the evening. The orchestra consisted of two violins played by Roy Jones and Mr Powell and the pianist Mrs Donald Mathison. By the smiling happy faces present it could be seen that everyone was having a grand time. Among those present were noticed Mr and Mrs. Oliver Goldsmith who have returned to the district from Edmonton, Mr and Mrs Ernie Stanley and their son formerly of the R.C.A.F. now on the staff of the S.E.B.; Mr. and Mrs Frank Gray who plan to leave in the spring for Australia, Mr and Mrs. Vic Desaulle from Dewberry, Andrew Wilson from Landonville, Fred Maddox and George Wheeler from Vermilion.

After singing 'Till We Meet Again' the gathering broke up in the early hours of the morning with everyone in the best of spirits and saying that they had spent one of the best times ever in the "Old Log Hall".

Vermilion Women's Institute Holds Annual Meeting

MRS. R. B. SPENCER PRESIDENT

The annual meeting of the Vermilion W.I. was held at the home of Mrs. Kober on Dec. 3rd.

The following officers were [illegible] for the coming year:

President Mrs. R. B. Spencer
1st Vice-Pres. Mrs. W. Bell
2nd Vice-Pres. Mrs. Rooke
Secretary - Mrs. Holte
Treasurer Mrs. [illegible]
Auditors Mrs. Jensen, Mrs. [illegible]
Directors Mrs. Matthes, Mrs. Green, Mrs. Lindell
Sick Committee [illegible] Rooke, Mrs. Crothers
Press Mrs. Rooke, Mrs. Holte

During the year the branch has sent 2 food parcels, made 2 layette outfits, 15 housewives, clothing for 1 ten-year-old child and clothing for a 4 year-old child. 18 pr. socks and scarf were knitted for service work. 56 sick calls were made by members.

A dance was held in January in the Elks hall.

Five papers were prepared and read as follows:

Industry — Mrs. Spencer, Agriculture — Mrs. Donaldson, Household Economics — Mrs. Holte, Canadianization - Mrs. Lindell, Health Mrs. Fish.

A delegate was sent to the provincial convention in Calgary in May.

At the constituency conference held in the school of agriculture the Vermilion branch won 1st prize [illegible] a "thrift problem" [illegible] member.

In November we sponsored [illegible] given by Mrs. Morton, Provincial President, who was elected to attend the Country Women of the World's conference held in Amsterdam, Holland and from which she had recently returned.

Henry Powell Will Head Vermilion Elks

NEW SCOUT HALL NOW IN USE

At a well attended meeting of Vermilion Lodge No 131 B.P.O.E. held on Tuesday evening of last week the chief item of business on a heavy agenda was the election of officers for the coming year. Those selected to guide the destinies of the lodge in 1948 are as follows:

Exalted Ruler - Bro Henry Powell
Past Exalted Ruler —Bro Don Logan
Leading Knight - Bro Stan Waldenberger
Loyal Knight Bro George Car[illegible]
Lecturing Knight—Bro Ted Eby
Sec Treas -Bro Russell Carroll
Inner Guard—Bro Vic Tinkess
Trustee—Bro Alex LeRoss [illegible]
Tyler—Bro Mac Simonson

Remaining officers and working committees will be filled by appointment by the new Exalted Ruler and his executive. They will be named at the next meeting of the lodge to be held on Monday Jan. 19th at which time installation will take place with Bro. C. Conway, D.D.G.E.R., of Lloydminster in charge.

Reports of various committees were given, among them being that of the Scout Hall committee which stated that the new hall built by the Elks for the junior organizations of the town, was now in use.

Much routine and special business was also dealt with. Following the closing the entertainment committee provided a substantial lunch present.

New Year's Eve Dance Will Be A Gala Event

Once again the Vermilion Elks will provide the general public of town and country with the opportunity to welcome the New Year in at their annual dance on New Year's eve, Wednesday, Dec. 31st.

Festivities will commence at 9:30 p.m. and dancing will continue until 3 in the morning. In spite of the much higher cost of favors, merchandise, hats and confetti, all these will be provided by the hosts in unlimited quantities.

Peppy music is being arranged and everything points to a gala time at this New Year's frolic. Admission is still the same as in former years and the Elks expect to welcome you all in their big hall on Wednesday evening Dec. 31st. 30-1c

Royal Wedding Film Is In Technicolor

The Columbia theatre will show a 21 minute technicolor film of the Royal Wedding the week end of Jan. 1, 2 and 3. The beautiful coloring [illegible] Abbey and Buckingham Palace [illegible] the Rank organization [illegible] Jan. 1, 2 and 3 [illegible] 30-1c

S. Hinton Re-elected Vegreville School Div.

Annual meetings have been held during the current week in the sub divisions of the Vegreville S. D. Nominations took place in Sub Div. 3 and 5. Mr Hinton of Mannville was re-elected by acclamation in sub div. 5. A contest looms in Sub Div. [illegible] where [illegible] the present [illegible] being opposed by [illegible]. This sub division [illegible]

[illegible]

THANKS FIRE BRIGADE

[illegible]

Carol Service At St. Saviour's

SUNDAY EVENING, DEC. 21st.

A special call and invitation is being extended to all Anglicans and everyone else who enjoy singing the old carols to attend the service of the carols and lessons being held at the Church of England on Sunday evening Dec. 21st at 7:30 p.m. This is a slight departure from the usual procedure and there will be lots of opportunity to join in hearty singing, also to listen to solo and part singing by different members of the choir. Be there and share in a happy Christmas atmosphere of good fellowship.

Mannville Students Send Welcome Food Parcels to Britain

WILL BE DISTRIBUTED BY MR. AND MRS E A MERCER

The Mannville [illegible] high school students [illegible] novel idea in the matter of [illegible] Christmas. Instead of [illegible] names [illegible] exchanging presents [illegible] pupils contributed the money [illegible] this manner [illegible] to buy food parcels [illegible] Britain. The girls and boys spent a busy week buying and wrapping the goods and enough was [illegible] for 17 parcels [illegible] in weight from ten to 20 pounds. Upon arrival in Britain the parcels are to be distributed by Mr. and Mrs. E. A. Mercer who left Mannville en route for England on Sunday December 14th.

Vermilion Withdraws From Hockey League

After trying out players at several hockey practices the executive of the Tigers Hockey club have withdrawn their entry from the Eastern Alberta league. The consensus of opinion was that the material necessary for even a fair contender in the league just wasn't here so we have no outside league this winter which will be a matter of considerable regret to many hockey fans not only in Vermilion but in Vegreville and Lloydminster.

Several members of last year's Tigers will be home for the Xmas holidays including Bob and Jim West, Ray Spencer and Brent Macnab Jr. A definite effort will be made to arrange a good exhibition game or two during that time.

CIVIC LEAGUE

An attempt is being made to organize and operate a 4-team Civic league with contenders from town, college, north and south of town. The V.S.A. [illegible] the best team the [illegible] morning. More news about the civic league next week.

Miss Pat McCallum Bereaved by Death Of Mother Dec. 13

Miss Pat McCallum of the staff of the local elementary school was bereaved by the death of her mother at the family home at Deer Creek, Sask. on Saturday last. Miss McCallum was called home but failed to reach there before her mother passed away.

Attention is directed to the large display advertisement informing you of the Christmas shopping hours being observed by Vermilion stores Christmas and New Year's week.

Deer Lake Farewells Mr. and Mrs. John Reid & Family

A social evening was spent in the Deer Lake school on Friday Nov. 28. The occasion was a farewell party for Mr and Mrs. John Reid and family.

Mr and Mrs Reid and family came to Canada from Scotland in 1930 and farmed for a time in the [illegible] and Wetaskiwin districts. They came to Claudonald in 1933 and have farmed in the Deer Lake district ever since.

They received three beautiful wool blankets given by their friends and neighbors, the presentation was made by Mr Dever DeFord. Mr. Reid suitably replied.

The rest of the evening was spent in dancing to good music provided by Mrs M Dupuit and Verne Swan. Mr Dever DeFord was floor manager assisted by Mr. Joe Philbin.

Mr and Mrs. Reid, Mamie and Jim have left for Athabaska where they intend making their home in future.

Their friends wish them the very best of luck in their new venture. Be seeing you next summer Mrs. Reid.

ERNIE SLATER DIES IN WINNIPEG

WAS A VERMILION PIONEER

Charles Ernest Slater, aged 72 years died at his home in Winnipeg, Monday, Dec 8th. He leaves his widow, two sons and one daughter to mourn his loss.

Mr Slater was a pioneer business man of Vermilion, carrying on his trade as a jeweller here for several years in the very early days. He was a prominent business man and did much to promote the development of the town. The deceased was particularly active in connection with curling and was one of the directors instrumental in erecting the present curling rink building. When constructed this was used both for curling and skating. The Slater family left here in 1914.

Ernie was a great curler and was a member of the well known rink composed of Alf James, Bill Telford, Ike Dimmell. This was a bonspiel rink and brought home many trophies, competing in spiels all the way from Winnipeg to Edmonton. A personal friend of the late Wm. Telford of Vermilion, he passed away exactly one year to the day, later.

Funeral services were held Wednesday Dec 10th.

Thanks Helpers and Standard for Splendid Co-operation

Adjutant Stewart wishes to thank all who contributed to the Red Shield appeal for funds especially Mr W. S. Cash, Mr A M Watt, Mr Ashley Cooper, Mr Billie Pilkie, Mr. J Hunt, Mr. C Hockhert, Mr Tom Black, Mr. Jack Kerns, Mr J A Curran for the use of his store and the Vermilion Standard for the splendid co-operation they have given.

Billy Rose of Sedgewick, former Dominion curling champion who has competed at Vermilion bonspiels, suffered a broken leg in a car accident near Viking on Sunday. Rose was entered in the big Hudson bonspiel at Nipawin [illegible] Jan 7th.

Vermilion, Alberta, December 18, 1947

Christmas Edition --

The Christmas edition of the Vermilion Standard will be issued Tuesday Dec 23rd. All desiring greeting advertisements should have their copy in Friday Dec 19th (today) as the paper has to be issued two days early. All news items, bulletins etc will be appreciated early. Thank you.

The report of the agricultural meeting held last Friday evening at the V.B.A. by the Board of Trade will appear next week. It is all in type but was crowded out this issue.

Good intentions need two legs to get anywhere.

SUCH IS FAME

Such is the fame of the flour manufactured by W. R. Wiebe at his mill in Vermilion that he has a request from Semsolid Ltd. of Jerusalem, Palestine, to supply flour to that country. During the war flour in Palestine was strictly controlled by the government and purchases were made on government allocations. It is expected that those restrictions will be lifted and more or less free trade will shortly be possible. The company which sends along the inquiry also distributes flour in countries neighboring Palestine.

However, the entire output of Mr Wiebe's mill is required to meet existing orders and increase of the manufacture of flour is impossible under the existing wheat milling quota.

Requests for flour have been received at the Vermilion mill from all parts of the world and shipments have been made to many foreign ports.

A complaint has come into the Standard office that spruce trees have been cut down from the boulevard to be used as Christmas trees. Citizens should see that they buy their trees from recognized dealers. It is truly a matter of deep regret to have a spruce tree which has taken years to develop into a decided asset to the town, destroyed in the matter of minutes. Every person in the town should co-operate to protect the trees which we have, which are few enough and particularly the slower growing varieties such as the spruce tree, which is a joy and decoration 12 months of the year. There is absolutely no need for this sort of thing this year as dealers have plenty of trees to supply everybody.

Stagette Notes

Twenty-six Stagettes attended the regular meeting Tuesday evening. The meeting and party was held at Beth's. It was pleasing to have a number of honorary members present and everyone is happy that Leslie is back with us again.

The final trimmings for our Holly Frolic were discussed such as the decoration of the hall and other last minute preparations.

Following the meeting we really got under way with the party. Mary and Margaret had numerous games arranged and everyone had barrels of fun. During the games Santa came bursting in with his jolly laugh and put a stop to our playing. Santa apparently thought we had all been good girls as he gave each one a lovely gift. After Santa's visit Beth served a very delicious lunch and all the girls went home happy.

Thanks ever so much Beth. There will not be another meeting until after the first of the year.

Forging Ahead

Manitoba, In Heart Of Continent, Expanding In Industrial Wealth

Manitoba, with a total area of 246,512 square miles, of which 26,789 square miles is water surface, has a population of 729,744, is a well-developed province. Only 75 years ago it was on the very rim of civilization --Winnipeg was a few scattered buildings sprinkled on the edge of the prairie, a small fur-trade hamlet isolated in the heart of the continent, living vigorously on the crossroads of the Canadian west. Before the great sternwheelers plied the Red River and stagecoaches rattled over the trails, its mail was carried once a week by horse in the summer and by dog train in the winter to St. Cloud, Minnesota. Soon the railway brought immigrants in thousands to the great western plains and the boom began.

Manufacturing

Quick to take advantage of its abundant hydro-electric resources, Manitoba is constantly increasing its output of manufactured goods. All types of plants--differing in variety from its 27 flour mills to glass works, rolling mills, bus-building plants, textile factories, iron and steel works, printing and publishing houses--add to Manitoba's industrial wealth. Products manufactured in the Province range from cement to mining machinery, from biscuits to aircraft. Each year sees new industries established in the Province to utilize its wealth of raw materials.

Manitoba has approximately 1,200 manufacturing establishments. During the past year the value of manufactured products rose to over $300,000,000 and the payroll was estimated at over $50,000,000.

Manitoba's largest industry, meat packing--is centered in Winnipeg and St. Boniface, the latter city having the largest stockyards in the British Empire. The two cities draw their raw materials from the rich western farmlands.

Sugar refining has opened up a new field in Manitoba industry. The $2,000,000 sugar refining plant in Fort Garry employs over 300 men.

Mining

In little more than a decade mining in Manitoba has forged ahead to become a major industry producing an output valued at approximately $16,000,000 annually. The great mines have been the key to northern development, for with the discovery of minerals came the need for transportation, modern towns and, above all, supplies.

Today, 400 miles north of the International Boundary, the $30,000,000 mining plant of the Hudson Bay Mining and Smelting Company Limited produces copper, zinc, gold, silver and cadmium, and supports a vigorous town of 9,300 people. Forty miles northeast of Flin Flon, the Sherritt Gordon Mine produces copper, zinc, gold and silver. One hundred and twenty-five miles northeast of Winnipeg, the San Antonio Mine produces both gold and silver.

Manitoba's great mining resources have hardly been touched. The northland, Canada's last frontier, is awaiting vast new developments.

Health LEAGUE of CANADA presents TOPICS of VITAL INTEREST

FRUITS AND VEGETABLES VITAL FOR HEALTH

The recently placed import restriction on U.S. fresh fruits and vegetables will reduce our supply of foods which are vital for health.

Canada's Food Rules state that one serving of citrus fruit (orange, grapefruit) or tomatoes or their juices is needed daily for health. We cannot say that health considerations have been swept aside, because here in our own areas we have grown foods which are high in the same nutrients, e.g. rose hips, cabbage, turnips, tomatoes (canned), spinach, potatoes, green peppers, parsley. Other good sources which are still available are sauerkraut, parsnips, strained vegetable baby foods, asparagus, canned raspberries, canned strawberries, marrow, peas. These foods must be properly stored and carefully prepared so that the food value is not destroyed by heat and air. Some of these foods should be eaten daily.

Suggestions for the preparation of these foods:

1. Eat raw vegetables as often as possible. Serve them in salads, as turnip sticks and cabbage wedges.
2. Prepare raw salads just before serving.
3. Serve baked potatoes frequently.
4. Avoid the soaking of vegetables.
5. Cook vegetables in a small amount of boiling water (salted) till tender. Avoid stirring air into them. Serve them immediately.
6. Vitamins and minerals are dissolved in the vegetable cooking water. Use this vegetable water when making soups, gravies and sauces.
7. Frozen vegetables should be cooked immediately before thawing.

If we make wise selections from our Canadian grown vegetables we can obtain the food values which are necessary for wholesome, happy and efficient living. Let us do our part to save United States dollars and at the same time keep Canada healthy and strong.

Restrictions In Old Hotel Were Drastic

MacLEOD, Alta. The MacLeod hotel boasts an unusual form of wall decoration. It has a framed copy of the rules and regulations of the hotel in 1882, when it was managed by Harry Taylor, a stalwart pioneer whose Indian nickname, "Old Kamoose", meant Squaw Thief. Nowadays any traveller would think twice before taking a room in a hotel with such restrictions.

Spiked boots and shoes must be removed at night before retiring.

All guests are requested to rise at 6 a.m. This is imperative as the sheets are needed for tablecloths.

Towels changed weekly.

Insect powder for sale at the bar.

Crap, chuck-luck, stud poker, and black jack games are run by the management.

Baths furnished free, down at the river.

ROYAL FAMILY TELEVISED

LONDON. The King and Queen accompanied by Princess Margaret, took part for the first time in a television program when they visited Broadcasting House, headquarters of the British Broadcasting Corporation, to mark the corporation's silver jubilee year.

The electric shock of a torpedo fish can disable a man temporarily.

IT'S AN OLD JAPANESE CUSTOM-- Taiyu-Sans are shown promenading during the recent Taiyu festival in Kyoto, Japan. This is the parade of an exclusive class of Geisha, who catered only to the highest ranking Samurai or war lords, and it affords the general public an opportunity to see the very elaborate and rich kimonos worn by these girls. This festival started over 300 years ago and is held annually. The girls walk very slowly through the streets, followed by an umbrella bearer. Prevailing fashions in music and customs are derived from this group, it is said. Occupation personnel in the Kyoto area were invited to attend the ceremony.

SUBMISSION WILL BE CONSIDERED

TORONTO. J. A. Northey, president of the Royal Winter Fair, said his executive would consider a submission by Alberta Agriculture Department officials that entrants in the annual wheat competition should be bona fide farmers working definite acreages.

Irritability or sarcasm usually indicates the mind or body is sick or disordered.

"PEACE" CIGARETTES

WASHINGTON, D.C. The biggest selling brand of cigarettes in Japan is named "Peace," U.S. military government reports from Tokyo. The Japanese must be having a hard time getting lights, though the current match ration is four per person per day.

In mowing lawns the stubble should be left nearly two inches high, experts state, this stimulates root development.

WORLD HAPPENINGS BRIEFLY TOLD

Britain has exported aircraft valued at nearly $48,000,000 divided among 37 countries in the first nine months of this year.

Lord Beaverbrook, British publisher and a wartime leader, predicts that Winston Churchill would be returned to power in England in 1950.

In one week enough herrings were landed at Great Yarmouth, England, to provide at least one for every person in Britain.

A model of Mulberry harbor, which contributed so much to the success of the Normandy landings has been presented to Canada by the United Kingdom.

The Bank of France has made an agreement with the Federal Reserve Bank of the United States for a loan of $82,000,000, equal to 75 tons of gold, it was announced officially.

A beacon dating back to the Spanish Armada days and used for guiding ships up the River Medway, now is used at Gillingham, Kent, England to call people to worship.

Six Japanese were crushed to death in a milling crowd of [illegible] which was halted by railway gates lowered to allow a train to pass as the people were leaving a fireworks display.

The Earl of Athlone, former Governor General of Canada, will visit South Africa soon as a guest of the Government of that country. He will be accompanied by his wife, Princess Alice.

TERM WAS SHORT

William Henry Harrison and his wife did not see each other during the time he was president of the United States. Mrs. Harrison was ill at the time of his inauguration and never reached the White House. Harrison died one month after taking office.

FASTEST MAN IN THE WORLD?-- Squadron Leader James Lomas, D.F.C., 30-year-old R.A.F. Meteor jet pilot, is trying to decide if he is the fastest man on earth. He was working on a mass of stop-watch recordings taken during his 112 mile flight from Edinburgh to Bovingdon, Hertfordshire in 10 minutes 25 seconds--average 617 m.p.h. In his last [illegible] Squadron Leader Lomas believes he went "as fast as anybody yet" and the claimed record is 650 m.p.h. by an American. He is shown here with his aircraft.

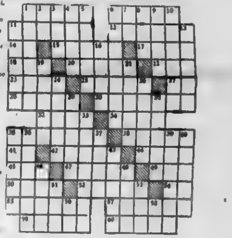
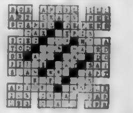
X-X OUR CROSSWORD PUZZLE X-X

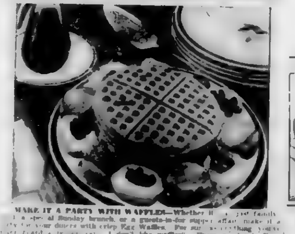
HORIZONTAL

[illegible]



Answer To Last Week's Puzzle





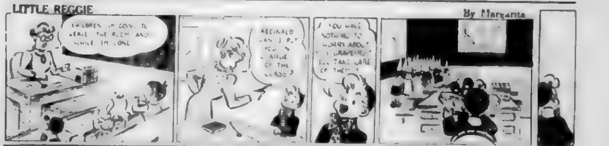
MAKE IT A PARTY WITH WAFFLES--Whether it's just family [illegible] Sunday brunch, or a guests-in-for supper affair, make it a [illegible] for your diners with crisp Egg Waffles. For [illegible] you'll [illegible] "I don't like waffles." Everyone does! Your waffle iron [illegible] gathering dust through the warm days of summer [illegible] that dust off. Then whisk the golden brown goodness of a waffle onto your menus. Serve them with broiled Canadian [illegible] and gravy, [illegible] peaches, flavored with raisins. Your platter will be pretty as this picture. Be sure to serve plenty of butter, syrup or a sweet jam, and [illegible] you'll only need a light dessert with hot [illegible] coffee.

EGG WAFFLES

3 eggs separated
1 cup all bran
1 cup milk
2 tablespoons melted butter
¾ cup sifted flour
½ teaspoon salt

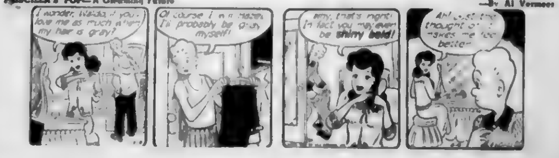
Beat egg yolks with milk. Add bran. Stir in melted butter, [illegible] sifted flour and salt. Stir until batter is smooth. Fold in stiffly beaten egg whites. Bake on hot waffle iron until no steam is visible. Note: The use of eggs in place of baking powder gives a waffle hinting of the flavor and texture of a puffy omelet.

LITTLE REGGIE By Margarita



CHILDREN I'M GOING TO LEAVE THE ROOM AND WHILE I'M GONE
REGINALD CAN I PUT YOU IN CHARGE OF THE CLASS?
YOU HAVE NOTHING TO WORRY ABOUT [illegible] I'LL TAKE CARE OF THEM!

PRISCILLA'S POP--A Gleaming Future --By Al Vermeer



I wonder, Walda, if you love me as much when my hair is gray?
Of course I will. Hazel! I'll probably be gray myself!
Why, that's right! In fact you may even be shiny bald!
Ah! Just the thought of it makes me feel better!

Christmas Holiday Period for Schools

A 12-day Christmas holiday period for Alberta's more than 150,000 school children was announced Tuesday by the provincial department of education.

Under the provisions of the School act, schools in the province will close on the afternoon of Tuesday, Dec. 23, and will reopen Monday morning, Jan. 5th. 20-30

This is the season of Seasons

This glorious time of inner warmth

This joyous planning of others' joy

This glow that grows from giving

This proof of our finer selves

This beloved source of happiness

This magic . . . this wonder . . .

. . . . this is Christmas

Greetings from the

BREWING INDUSTRY OF ALBERTA

Attention, FARMERS

All restrictions on GRISTING have now been cancelled. You are now permitted to have your own wheat processed, and it will not affect your delivery quota.

YOU ARE NOW AGAIN PERMITTED TO GET

YOUR FLOUR AT FIRST COST

Plus your Bran and Shorts.

Your Patronage will be Appreciated.

Wiebe's Flour Mill

Vermilion . . . Alberta

Thirty-two Years Ago Today

Interesting Items Gleaned from the Files of the Vermilion Standard

32 YEARS AGO TODAY — 1915

Dec. 16, 1915

Skating commenced at the rink last week and the first curling games of the season were played Monday night.

Herd law carried in Vermilion M.D.

Old timers going east for the winter were: N. M. Landels of Islay to Halifax; Geo. Rutherford to Stratford, Ont.

Sixteen Years Ago Today

Dec. 17, 1931

S. C. Kirby was elected president of the Post 11, Canadian Legion and W. B. Barton secretary.

The depression was being felt — Hart Barnes' butcher shop in Islay was robbed for the 5th time, the thieves being only after supplies, as bacon, butter and sausages were taken.

Al Hubbard, Vermilion old timer died at Spokane, Washington.

A musical festival association was formed with A. M. West, president; W. B. Elford, vice-pres.; E. M. Stewart secretary-treasurer. A school festival will be held in May.

The [illegible] Vermilion came into being.

Wildmere Winks

(Intended for last week's Standard so please make allowance for time elapsed.)

The W. W. I. annual dance and bazaar is past history but we must thank everyone who helped make it a success both for amusement and financially. Around $60 was cleared. Willie Clark Jr. won the first prize quilt and Laurence Graham the 2nd prize one. John Wilson was the only one who guessed the correct weight of the cake, he then turned it back and had it auctioned, Fred Haines buying it. The White Elephant table was sold out in a few minutes. The fish pond of which Mrs. Whitlock was in charge was a great attraction for the children and some worth while things were fished out. J. Wallington and J. Bathe auctioned off the bazaar articles. Mr. and Mrs. Everett Isley furnished the dance music with Jimmie as M.C. Again we say thank you everyone!

On Tuesday evening, Dec. 2nd a few Wildmere and some Sunnywood folks attended Mr. and Mrs. John King's wedding dance held in Thorncliffe school. A huge crowd came and the young couple received some very useful gifts. George Stewart and Louis Geigle supplied the music aided by Jeff and Fred Martin of Triangle with Johny Bathe as M.C.

Tom Beet was a visitor the Wallington home on Sunday. One of Mr. Beet's brothers who has been blind in one eye for years, had a cataract removed from his good eye. Unfortunately infection set in and he has lost the sight of it too. Losing one's eyesight is a terrible thing.

Billie Whitlock and family of Hindville have moved onto the J. Isley farm in Triangle. It is Mrs. Whitlock's childhood home as she grew up there, being Ethel Isley before her marriage.

Mrs. Smith left for a holiday at the coast on Saturday morning last. Her son Adam accompanied her as far as Edmonton. Her daughter Mrs. Morland was unable to go at the last moment.

Yes, Ethelwyn scribe, we think everyone enjoyed the history of Wildmere put in by Mrs. Hafto. May she again send in more stories.

We understand Mrs. Riley of Vermilion has sold her farm in Wildmere to Mr. Evans Costin who came out from England and has worked the past summer for Aubrey Rendell of Wildmere. We all welcome him who has chosen to make his future home amongst us and wish him every success.

Stores look real Christmassy in town these days. If only our dollar bills would stretch farther as things are so expensive, that is, anything worth while. Surely 'ere another year rolls around goods will not be so high.

Sydney Kates Is Scout of Month At Elk Point

ELK POINT.—At a meeting of the leaders of the 1st Elk Point group, Boy Scouts, Troop Leader Sydney Kates was selected as Scout-of-the Month on the basis of his achievement in Scout work. Sydney was awarded the Gold Cord for having earned 19 proficiency badges. He is a First Class and King's Scout and has earned the following proficiency badges: Entertainer's; Healthy Man; Public Health; Handyman, Ambulance Man; Pathfinder, Musician, Fireman, Missioner, Laundryman; Citizen, Starman; Aero Engineer, Cyclist, Engineer Electrician; Friend to Animals; Auto Mechanic. In addition, Sydney has qualified as a Cub and Brownie instructor.

S.M. Joe Jacobson complimented the Sea Gull patrol, under the leadership of Patrol Leader Carl Hall, for having won the honor pennant for November and for having perfect attendance for the whole patrol for the past two months. All members of the Scout troop now hold First Aid certificates.

Letters to the Editor

(This paper does not hold itself responsible for opinions expressed by correspondents.)

R.R. 1, Vermilion, Dec. 7, 1947.

Editor, Vermilion Standard,

Dear Sir:

Having just returned from Edmonton attending the A.F.U. convention and after being put in a good frame of mind by listening to the Sunday sermon over the radio, I picked up the Standard for perusal and about the first thing I noted and read was "Report to the People" by Robert Fair. I read along just mildly interested in the criticism of the Government until I came to the summing up and then I sort of woke up and took notice and since Mr. Fair sees fit to stick out his neck he can't blame anybody for slapping it. Mr. Fair says the ultimate aim would seem to be in line with "Rt. Hon. Winston Churchill's description of the British Labor Party's policy of Equalized Misery and Organized Scarcity."

If the ultimate aim of our Government was in line with the British Labor Government's there would be no criticism from me. What is wrong with having to share the misery? Under the Tory government it was only the working class that enjoyed the misery. Now the rich are getting a taste and do they like it? It seems that Mr. Fair is quite willing to take the Hon. Gentleman's statement for fact as to conditions in Britain. When did Mr. Fair become a Tory? Shades of Wm. Aberhart when good S.C.'s forget him and take for their inspiration Tories like the Rt. Hon. Winston Churchill, beloved of the big shots everywhere. Maybe Mr. Fair would like some more quotations from Hon. Geo. to S.C. about 1936-37, perhaps he could use them. I think I could get some for him. Social Credit leaders along with other Tory leaders have been hollering for lifting of controls and now blame the rising [illegible] the [illegible]. Social Crediters used to advocate a just price and how can you have a just price and no [illegible]? Mr. Fair seems too, to have soured on the experts—what is the matter with the experts, are they not working at present to give Alberta Social Credit? All we need is the Douglas experts from England used to be the slogan. Well Mr. Editor like Mr. Fair I could use too much of your space, so will close with a statement on how much longer must we suffer?

Just as long as we are foolish enough to support the present Capitalist system which in the words of the Rt. Hon. Gen. that Mr. Fair has chosen for his inspiration "all I can offer you is Blood, Sweat and Tears."

Yours truly,

H. Wear

Our problems only grow when we don't.

OUR COMPLETE SHORT STORY—

BIG JIM COLLECTS

By WALTER E. OLSEN

BIG JIM blew a cloud of smoke into the air, reflectively stared at his cigar, then delicately flicked the long ash into a waiting tray.

"I said I wanted the money today," he said, and darted a sharp look at the nervous, pretty girl before him. She sat, small and timid in the big chair, twisting her handkerchief in supple fingers. "And no nonsense, Miss Mary Sharp. I'm not a hard man, but five grand isn't chicken feed. I've got expenses to meet, too. And my creditors won't wait as long as I've waited for you." That was a lie. Big Jim's creditors, if he'd had any, would have waited a good deal longer, and no doubt somewhat more nervously.

"You'll get it, Mr. Moran. I promise you. It's just that I haven't got it now. All I've got is fifty dollars. Look!" and she opened her purse to reveal a small roll of bills nestling in the bottom, almost hidden by the bric a brac. "If, if . . . you'd take it on . . . on account."

Big Jim laughed, the roar rumbling out of his throat in a thunderous peal. "Fif . . . fifty dollars . . . on . . . on account for, for five grand? That wouldn't even pay the interest!"

"It's all I've got," Mary said.

"Look," Big Jim said kindly. "Why don't you admit you're licked? What made you marry such a dumb lug for, anyhow? You knew he couldn't stay away from the roulette table. Now all you do is run around and pay off his debts. He's no good."

"This is the last one," Mary said quietly. "When it's paid, I'm finished. I've taken my case to a lawyer. That's why I haven't got the money right now. But if you'll only wait," she pleaded.

"I see," said Big Jim. "I like you, kid. I feel sorry for you. But if you're dumb enough to play Santa Claus to your husband, well, I have to have the dough. If I don't get it, you know what'll happen to him."

"No! I know what he was like when I married him, and I feel responsible for him. I can't let you do that! All I need is a little more time . . ."

That's all anyone ever needs—a little more time."

"Besides," Mary declared, defiantly, "if your tables weren't fixed, maybe he wouldn't have lost."

Big Jim inhaled the fragrance of his cigar, and smiled at her. "Everyone knows my tables are honest. How do you think I keep my clients?"

"I don't care. What difference does it make?"

"I like to keep the facts straight, that's all. Haven't you got anything you can hock?"

Mary shrugged helplessly. "Nothing. Nothing at all. Except . . . except this ring. John gave it to me when we became engaged. And I won't give that up!"

"Knowing John as I do, it's probably glass anyhow. Keep it. Nothing else? Sure? You're really in bad shape, aren't you kid? John must have really taken you to the cleaners. Now, why not be sensible, and just forget the whole thing? Let me take care of him. I'll get my money's worth out of him; you can bank on that. Big Jim doesn't fool around long with welshers!"

"I can't do that! I loved him. All I need is time. In a few months I can pay you back every penny."

Big Jim shook his head. "Sure, and in the meantime John'll be where I can't lay my hands on him, and you'll forget all about it, and these notes I have'll be just waste paper. No dice, kid."

Mary's shoulders slumped as she slowly rose.

"Wait a minute!" Big Jim cried on inspiration. "I'm a gambling man, and I like you. I'll give you a chance I'd never give John, or anyone else. You take that 50 bucks into the next room, and try to work it up on roulette. That's what John lost on."

Mary started to shake her head but Big Jim went on. "Don't be in such a hurry! You know how to play roulette, don't you? Sure. Any wife of John Sharp would. Okay, if you lose, I'll knock off that 50 bucks, and give you another week to dig up the rest. That's a fair offer for you. What more do you want?"

Mary hesitated, then nodded. "All right, I'll do it!"

The door closed behind her.

Big Jim leaned back, put on his hat, and lit a new cigar. He pressed the buzzer on his desk, and talked a few moments with the poker-faced dress suit who entered. Then he went over to a sideboard, and mixed himself a drink. A shout rose in the next room, and Big Jim smiled expansively.

The door banged open. Mary Sharp clicked rapidly in on her high heels, and dumped a pile of bills on the desk before him. "There's your five thousand. I hope you're satisfied!"

Big Jim set down his empty glass, and looked at the money with a rueful grin. Shoving it to one side, he leaned across the desk, and said, "Not bad for a beginner. I hope you don't let it go to your head; it's still a bad business for an amateur. Congratulations."

"Now, if you'll give me those notes, I'll leave."

As the door was closing behind her, Big Jim shouted: "Still think my tables are fixed?" A chuckle pressed up his throat.

The door opened again, and the croupier re-entered. "Well, it's done. She took us for five grand. Was that John Sharp's wife? He owed you quite a wad, didn't he? Just about five grand."

Big Jim grinned. "Something like that. I hope that table doesn't pay out any more tonight."

"It won't, but I'll never see why we had to give five grand to a dame, who isn't even a regular customer."

"The poor kid's had a tough time, but I couldn't let John Sharp take me for five grand, could I?"

SELECTED

RECIPES

FRIED CHICKEN

Cut chicken into serving pieces. Coat with seasoned flour using ½ cup flour, ½ teaspoon salt and dash of pepper for a 2½-pound chicken. (Half corn meal may be used.) To aid in even browning and for extra flavor, add 1½ teaspoons paprika. Place seasoned flour in paper sack. Then add a few pieces of chicken, twist top of bag, and shake to coat evenly.

Heat enough fat in heavy skillet to make a layer about ½ inch deep. Add more during cooking, if necessary.

For crusty finish, avoid crowding pieces. Fry until lightly browned on both sides. Then reduce heat and cook slowly until tender, turning to cook both sides. For a young fryer (1½ to 2½ pounds), cook 20 to 25 minutes longer. For a larger chicken, cover and cook 30 to 45 minutes longer, depending on size of pieces, uncover during last 5 minutes to recrisp coating. (To test doneness cut through one of the thickest muscles to bone. Meat should cut easily and no trace of red should be visible at the bone.)

1947 Wheat Crop Protein Higher

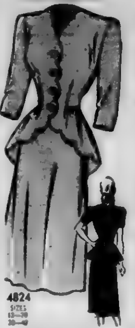
WINNIPEG. — Final estimate of the 1947 prairie wheat crop protein content is 14.1 per cent., .3 higher than last year's crop and .5 per cent. higher than the mean for the last 20 years.

The protein content is the best measure of the potential baking quality of wheat, the statement said. A high protein content also "is particularly valuable" in export wheat which will be blended with weaker European wheat.

The cantaloupe first was grown in southern Asia. 2788

BOARD OF DIRECTORS—Some of Alberta Seed Growers' Co-operative's Board of Directors. Standing, left to right: T. H. Howe, Millet; James Pringle, Coronation, and Kenneth Anderson, Grande Prairie. Seated, left to right: Delmer Thomas, Mayerthorpe; Howard P. Wright, Calgary, president and managing director, and C. C. Patching, Lethbridge.

Fashions



By ANNE ADAMS

I was [illegible] the store and [illegible] her capture.

Prairies May Get Natural Alberta Gas

Pipe Line To Supply Moose Jaw, Regina, Brandon And Winnipeg

CALGARY. — Alberta natural gas may heat Winnipeg, Brandon, Regina and Moose Jaw rather than Vancouver and Seattle, if a $45,000,000 pipe line project now under consideration goes through.

The pipe line would be privately owned, would be financed by the Winnipeg firm, Osler Hammond and Nanton.

Before the project could go through the Alberta government would want to be convinced that there was more than sufficient gas to serve the needs of the province. Hon. N. E. Tanner, Alberta minister of lands and mines, indicated that if reserves in excess of requirements could be proven, the government would not be adverse to the export scheme.

In order to get an estimate of reserves a joint provincial-Dominion committee of geologists and engineers has been set up. The committee is composed of four members, two provincial appointees, two Dominion. The chairman is a Dominion appointee.

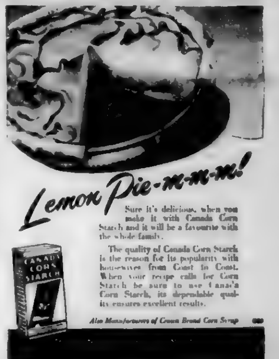
While the members of the four man commission have not yet been announced it was considered here that Dominion government geologist Dr. G. S. Hume, would most likely be the chairman.

Recently the New York firm of Brokaw, Dixon and McKee, consultants on the Texas-Tennessee 1,200 mile gas line, were in Calgary studying the export question from the standpoint of piping gas to Vancouver via Seattle. Northwest Natural Gas Company one of the largest firms of its kind in the U.S. were the prospective builders.—Vancouver Province.

The sinking of the Titanic in 1912 focused public attention upon use of the wireless at sea.

DUPLICATE OF PRINCESS' COAT — A leading firm of South African coat manufacturers, after receiving details from London, set their London-trained designers to work early on the morning of the 20th November, to produce an exact replica of Princess Elizabeth's going-away coat. Working right through the night, they finished the coat in time to show at the reception held next day in South Africa's smart Carlton Plaza hotel. A slight alteration had to be made to suit South African figures making the coat a little more square at the shoulders, otherwise, the coat is an exact replica. Twenty-nine coats were finished by the afternoon of Nov. 21.

When friends tell you how to cure a sore throat, take the advice with a grain of salt. Add some warm water to the salt and gargle. It may do the trick.



Sure it's delicious, when you make it with Canada Corn Starch and it will be a favourite with the whole family.

The quality of Canada Corn Starch is the reason for its popularity with housewives from Coast to Coast. When your recipe calls for Corn Starch be sure to use Canada Corn Starch, its dependable quality ensures excellent results.

Wildmere W.I. Holds Annual Meeting

(Extract from Wildmere Winks)

The Wildmere W.I. held its annual meeting on Wednesday Dec. 3rd at the home of Mrs W. Garnett, Jr. The following officers were re-elected for second term: President—Mrs. Wilson; 1st Vice-Pres. — Mrs. Garnett; 2nd Vice-Pres — Mrs. Bathe; Secretary — Mrs. Gibson; Treasurer — Mrs. Bob Martin. The directors are Mrs. Roy Dibben, Mrs Weisenberger and Mrs Wallington; Sick committee — Mrs Wm. Garnett Jr., Mrs. Wm. Steele and Mrs. G. Whitlock.

As a result of listening to Mrs. Morton's talk it was decided to send a parcel overseas every month. A cash donation was made to the Cleland family who lost their home and entire contents by fire a short time ago. A donation was also made to our teacher Mrs Wilson for a Xmas treat for the school children.

A complete report of the work accomplished by our W.I. will be inserted in the Standard by our secretary at a little later date.

The next meeting of the W.W.I. will be held Jan. 7th at the home of Mrs. Bathe when we entertain our husbands.

At the close of the meeting Mrs. Garnett assisted by willing helpers, served a tasty lunch. We forgot to mention that all of the 11 members, also one visitor attended the annual meeting. The visitor Mrs Smith became a member so we again have 12. We have a two-bit hobby when the members all see what they can accomplish with 25c during the year.

Islay District Locals

Mrs. Nellie Coombe has recently returned to her home following a 2½ months' absence. The greater part of this time was spent in the Islay and Edmonton hospitals undergoing medical treatment. Mrs. Coombe is now improving in health but is unable to resume any duties yet.

Mr. and Mrs. J. Gould were dinner guests while visiting Mrs. Coombe recently.

Mrs. Percy Golby is home from a week in the Islay hospital and is progressing favorably.

Mrs. Nellie Coombe wishes to thank the Salvation Army comrades and friends for fruit, flowers and books sent to her during her recent illness, also for the nice newsy letters received.

The nice mild days of December are much appreciated. One notices the cattle out on the stubble and the many feathered friends busy in the shelter belts and house yard. Let's hope the fine weather lasts over the holiday season.

Christmas greetings will soon be forthcoming and at this season of the year let each remember to celebrate the birth of Christ, and in return for his sacrifice and love, give him our hearts, serve him and trust in him.

BIRTHS

BORN—At the Vermilion Municipal Hospital, to:

Mr. and Mrs. Harding Brix, on Nov 13th, a girl;

Mr. and Mrs. Donald Cooper, a girl on Nov 13th;

Mr. and Mrs. Gordon Atkinson, a boy on Nov. 10;

Mr. and Mrs. John Noble, a boy on Nov 16th;

Mr. and Mrs. Ben Pich, a girl on Nov. 12th;

Mr and Mrs Kenneth Reid, a girl on Nov. 12th.

Mr. and Mrs. Henry Carlton, a girl on Nov. 17th;

Mr. and Mrs. Neil McLean a boy on Nov 18th;

Mr and Mrs. John Ross, a girl on Nov. 20th,

Mr and Mrs. Allan MacDonald, a girl on Nov 22nd;

Mr and Mrs. Mike Trach, a girl on Nov 17th,

Mr and Mrs. Thomas McCauley a girl on Nov 23rd,

Mr. and Mrs. Peter Mudryk, a boy on Nov 24th;

Mr. and Mrs. Albert Moore, a girl on Nov 24th,

Mr and Mrs. Arvid Horpstad, a boy on Nov 25th,

Mr and Mrs. J. C. Thompson a boy on Nov 27th,

Mr and Mrs. Percy Walsh a boy on Nov 29th,

Mr. and Mrs. Grant Roberts, a girl on Dec. 1st;

Mr and Mrs John Isaacson, a boy on Dec. 4th.

In the first part of the century there were nearly 200 deaths from tuberculosis for every 100,000 people. Today the rate of death is only 48 per 100,000.

DEER LAKE

Marcel Ingelt has returned from a hunting trip and reports that hunting was not very good due to there not being enough snow.

George Fluney was the local delegate at Edmonton for the A.F.U. We will be interested to hear his report at the next local meeting. His report last year was very interesting and well delivered.

The Reid family left for Athabasca on Dec. 4th. Mrs. Reid, Mamie and the two boys travelled by train and Jim took his truck accompanied by Joe Philbin. He intends working in the lumber camps up there.

Mrs Reid and Jim came back on the 11th for some furniture etc. that they were unable to take on the first trip. They left again on Sunday. While here they were guests at the Philbin home. They report Athabasca as a fine place and have less snow than down here.

Noticed leaving Deer Lake — A large truck with an ark-like building complete with 2 cats, 2 dogs, 2 geese and 2 goats. What's the big idea Joe and Jim — starting a small zoo or what?

ETHELWYN NEWS

Best wishes are extended to Mr Andrew Wilson who recently observed his 70th birthday.

Mr Andrew Cavil is spending a few days with his sister Mrs. Jack Grant Sr. and Mr. Grant.

Mr. Morrison has spent the past few days in the Islay hospital. We hope he will be home before this appears in print.

Sincere sympathy is extended to Mrs. Joe Allan whose sister was killed several weeks ago in a traffic accident in Ontario.

Our sympathy is extended also to Mrs Morrison on the death of her cousin Mr. Alex Monk of Vancouver. Mr. Monk was well known here as he farmed for many years near Clandonald before moving to the coast.

Congratulations to Dowtell scribe on her wedding anniversary. The writer read the Dowtell bulletin on the very day that she herself was celebrating her 17th wedding anniversary. Our 12-year-old daughter baked the wedding cake this year, her first fruit cake.

Mr and Mrs. MacGillivray celebrated their 20th anniversary recently.

We hope the editor and staff won't have to put in too much overtime to give us a Christmas issue of the paper early next week.

(continued from last week)

The bazaars such as held by the Anglican and Roman Catholic ladies auxiliaries are a lot of work for a few people — but those people have something to be proud of when they can turn over a goodly sum of money to their churches. They also have the satisfaction of providing the public with a social hour or two which does everyone a lot of good. These bazaars usually sell items which are impossible or very hard to get elsewhere. Hats off then to women's clubs everywhere. Which brings up the thought—why don't we have one in our own district? Not just a club with a select few but one where every woman and girl is welcome to join such as the Dowtell Busy Bees and all work for the common good of the district and the world at large. Won't someone suggest just how this could be accomplished? At the request of a number of girls the writer started a girls club and some [illegible] work was done and many [illegible] this winter. Through lack of interest on the part of some of the mothers the club has been dropped. The funds on hand were dispersed as follows: $3.60 to [illegible] amount towards buying books for the Crippled children's hospital at the city.

The [illegible] wishes to extend Xmas greetings to the Editor and staff of the Standard, and may the New Year be prosperous for everyone.

NO MILK Deliveries
ON
Xmas and New Year's Days

In order that the Vendors of Milk and their Employees in Vermilion may enjoy the two premier Holidays of the Season in common with the rest of the populace—

There Will Be No Milk Deliveries On Christmas and New Year's Days.

—THE DAIRY WILL BE CLOSED

Co-operation of all Milk Consumers is asked in this regard.

PLEASE SEE THAT EMPTY BOTTLES ARE LEFT OUT READY FOR YOUR MILKMAN, AS THESE ARE GREATLY NEEDED

THANK YOU

THE VERMILION CITY DAIRY
R. W. BUSHELL Prop.

Here's the Answer
For Busy Christmas Shoppers . . .

STEPHENS LTD.

Weather Control

DURING THE LAST HALF CENTURY farming has become a more and more highly specialized vocation, as scientific and mechanical progress have gradually given the farmer wider knowledge and better tools with which to carry on his work. In the days when the West was first opened up for cultivation, little was known of means to combat rust, drought, insects, early frosts and all the many hazards which threatened the crop each season. During the intervening years, however, these problems have been wholly or partially solved, and efforts are continually being made to bring about further advances in scientific methods of farming.

• • • • •

Weather Always Great Hazard

One of the greatest difficulties of farmers everywhere and one of the hardest for them to combat is the weather. Agricultural scientists have in the past tried to offset the effects of early frosts by developing early-maturing varieties of wheat and to fight drought by various means of moisture conservation. There is still much to be done however to lessen the threats which hail and lack of moisture now constitute to prairie farming. At their recent annual meeting Saskatchewan Wheat Pool delegates passed a resolution calling upon their provincial department of agriculture and natural resources, the insurance branch and the Dominion government weather bureau to collect reports on research which is being done in Australia and the United States on weather control, particularly in regard to methods of scattering dry ice by airplane to break up potential hail storms and to produce snow and rain.

• • • • •

Progress Made During The War

It was further suggested that summaries of such reports should from time to time be made public and also that some experimental work should be done in Saskatchewan on this problem. As in many other fields of knowledge, rapid progress was made during the war in the study of weather conditions and much information was gained by scientists on this important subject. It seems desirable, indeed, that such knowledge should be made of peace-time use for the benefit of agriculture, and that consideration should be given to the making of further studies along these lines throughout the West. Drought and hail have been responsible for untold damage to crops and subsequent financial losses to farmers, and there should be wide interest in any new methods which may be found to combat them.

MANITOBA TO MODERNIZE ITS NORTH TOWNS

FLIN FLON, Man.—The Manitoba government is going to modernize its northern towns and [illegible] future with automatic telephone service and radio transmission stations.

Peter Maier, [illegible] of [illegible] planning, [illegible] the plan [illegible] will depend on growth of the towns and [illegible] population.

Present plans call for installation of automatic telephone service at Flin Flon and The Pas and for radio transmitters at Snow Lake, Lynn Lake and other outlying northern mining areas when development warrants. The Pas will be the central radio link between the northern outposts and will be connected with a Winnipeg radio station.

Maier says such communities as the Hudson's Bay will install transmitters in their outposts and in the larger settled areas the government will install necessary equipment.

GEMS OF THOUGHT

THE BETTER WAY

All things whatsoever ye would that men should do to you, do ye even so to them.—Matthew 7:12

Reason shows me that if my happiness is desirable and a good, the equal happiness of any other person must be equally desirable.—Henry Sidgwick

Whatever is unjust is contrary to the divine will, and from this it follows that no true and abiding happiness can be gained by those who are unjust.—Stretch

Let us strive instead of rude knocking to push at the door of human hearts and allow to each and every one the same rights and privileges that we claim for ourselves.—Mary Baker Eddy

Be firm but hate no one; overturn a man's wrongdoing but do not overturn him unless it must be done in the overturning of the wrong.—Abraham Lincoln

To be perfectly just is an attribute of the divine nature; to be so to the utmost of our abilities is the glory of man.—Addison

BACKACHE May be Warning

Backache may be a signal your kidneys are failing to filter excess acids and poisonous wastes from the system. Dodd's Kidney Pills help relieve this condition, often the cause of backache, headache, rheumatic pains or disturbed rest. Dodd's contain essential oils and medicinal ingredients which act directly on the kidneys and help them regain normal action. Get Dodd's Kidney Pills to-day.

ROSETOWN PLANS NEW WATER SYSTEM

ROSETOWN, Sask.—New buildings valued at $286,000 have been built in this town of 1,800 people during the last year and residents hope they'll soon be watching ditch-diggers at work giving the town a water supply for the first time in its history.

Rosetown, lying in the middle of a rich wheat growing district, has always bought its water from door-to-door vendors but now it has contracted for the development of a water supply on Eagle Creek, 6½ miles from here and has been guaranteed a flow of 100 gallons a minute.

Water has always been the key to the town's problems. Lack of wells held down its development and lack of rain plunged it into the depths of depression during the '30s. Return of rains and growth of farm techniques to conserve water made its present prosperity possible.

The town is symbolic of the importance of agriculture to Saskatchewan; every new business started in the last year is connected with farming and even its housing boom of 20 new homes in one year is attributed to movement of farmers into town during the winter season.

Bumper crops of the past few years have done much for the town, 70 miles southwest of Saskatoon. Your [illegible] it has carried out a tree-planting program until now hundreds of elms line its streets. It has a city-owned playground covering a full city block and a local service club is busy on a swimming pool project.

Ed Wicket, local justice of the peace, claims the day is not far off when Saskatoon will be just a suburb of Rosetown.

BARGAINS THAT WERE REALLY SOMETHING

Ladies' fine shoes $2 a pair," one advertisement read. Another praised all wool yard goods 64 inches wide at 72 cents a yard.

Also listed were men's white shirts at 37 cents and men's dress shoes at $2 and $3 a pair.

The newspaper heralding such a hoard of bargains turned up in a scrap paper campaign, a copy of the Athens, Ohio, Journal of Sept. 12, 1889.

FUNNY And OTHERWISE

"Mary," said Mrs. Smythe, making final arrangements for a big party, "I want you to stand at the drawing-room door and call the guests' names as they enter."

"Thank you, madam," said Mary. "I've been wanting to do that for years."

• • • •

An old lady was buying a radio.

"Now do you definitely assure me," she asked, looking anxiously at the tangle of wires, "that I shall not get a shock?"

"Madam," said the assistant, impressively, "I assure you that you won't get a shock until you hear some of the programs!"

• • • •

A farmer wrote to a rural paper to ask: "How long cows should be milked?"

"Why the same as short cows, of course," advised the editor.

• • • •

"Of course, I must ask you for a deposit," said the landlady.

"Certainly," replied the new tenant, handing over the required sum.

"Thanks. Now, shall we trust each other or do you want a receipt?"

• • • •

"I hear he married her because her uncle left her half a million dollars."

"That's not so! He'd have married her no matter who left it to her."

• • • •

Henny Youngman, New York wit, claims he was stopped by a panhandler who asked him: "Brother, can you spare ten dollars till pay-day?"

"When is pay-day?" Henny asked.

"You ought to know," answered the bum. "You're the one that's working."

• • • •

Jimmy came home from a party and said to his mother: "You promised me a shilling if I behaved myself."

"Yes dear."

"Well, you've saved a bob!"

• • • •

"How did your wife like the diamond ring you gave her for her birthday?"

"Delighted. She was awfully nice for a couple of days. But she's herself again now."

• • • •

They were discussing a mutual friend.

"Brown is a good fellow really," said one, "but he treats his poor wife miserably."

"What do you mean?" the other asked. "Does he beat her?"

"No, no! He just refuses to argue with her."

• • • •

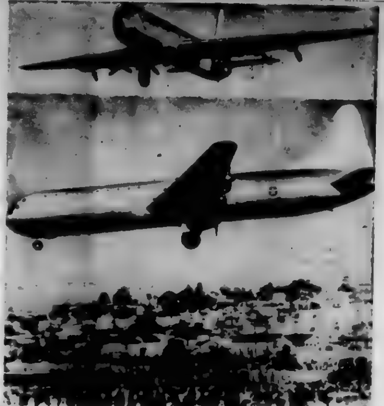
"And what is your reason for wishing to marry my daughter?" asked the father.

Puzzled, the young man scratched his head, pondered a second, then answered: "I have no reason, I'm in love."

• • • •

"Don't you enjoy listening to the honk of a wild goose?"

"Not when he's driving an automobile."



FIVE STORIES HIGH AND A BLOCK LONG.—The world's largest land plane, the $15,000,000 experimental XC-99, is shown in the air (top) during its first successful one hour test flight. Bottom, the pride of the U.S. Air Force soars over San Diego, Calif., on its return to Lindbergh Field. The new giant ship, designed to carry 400 fully-outfitted troops, is equipped with six 3,000-horsepower engines and is capable of flying 8,100 miles at 300 miles an hour. It is five stories high and a city block long. It took four years to build the huge craft.

BIKE FOR TWO—Believing a man should have his girl friend at his side even while bicycling, Tullio Lo Monaco, Milan, Italy, invented this vehicle. Seats are beside each other, both persons pedal but only one steers.

NOW YOU KNOW

ST. PAUL, Minn.—Hjalmar Carlson, a tailor, often wondered how many stitches there were in a suit of clothes so he counted them. Carlson says there are 20,858 in a coat, 9,561 in pants, and 7,740 in a vest.

Atom Age Wonderful If Wars Outmoded

NEW YORK.—Robert M. Hutchins, chancellor of the University of Chicago, writes in a December magazine article that atomic bombs can annihilate all life on earth but that if war ceases atomic energy can make man live as long as Methuselah.

"Atomic energy makes all our conceptions of daily living obsolete, eradicates virtually all our limitations, cures all our maladies, and opens the door to a way of life as uncomplicated as that of a South Seas native basking in the sun and plucking his food from the breadfruit tree," he writes.

CENSUS SHOWS VANCOUVER IS GROWING RAPIDLY

VANCOUVER.—Canada's third largest city is growing, but fast.

Civic officials announced 364,100 people are listed on the assessment role for 1948. The new total is an increase of 16,750 over the 1946 figure, the sharpest annual increase of all time.

Vancouver's population in the 1941 census was listed as 275,353.

Early secrets of nail hooking were closely guarded and handed from generation to generation within families.

Urge Completion Of Modern Road Across Canada

Chamber Of Commerce Delegation Believes Present Facilities Are Inadequate

OTTAWA.—Completion by Federal and Provincial governments of an up-to-date highway system from the Atlantic to the Pacific, to be begun when conditions are opportune, was urged by a delegation representing the Canadian Chamber of Commerce, which waited upon Mines and Resources Minister J. A. Glen recently.

"The chamber," said the spokesman for the delegation, "believes the present across-Canada road facilities are inadequate.

"A modern hard-surfaced highway would be a great asset in helping to unify the United States and Canada, increasing tourist traffic and for purposes of national defense," said the delegation.

The delegation also discussed with Mr. Glen, immigration and forestry. The chamber believed every effort should be made to retain Canadians in Canada, and the government should help ensure a national income and standard of living comparing favorably with that offered by any other country.

The chamber recommended creation of a separate ministry of immigration.

It was recommended provincial authorities consider calling a conference on national forestry. If the provinces agreed the Dominion Government should call one without delay.

The Mediterranean coastline of Italy measures 1,000 miles.

During 1939-1945 more Canadians died at home of tuberculosis than were killed on the battlefields of Europe and the Far East.

Mrs. Marshall Jackson Dies At Mannville

News of the death of Mrs. Lillian Doris Jackson, beloved wife of Marshall Jackson, came as a shock to relatives and friends in the Mannville district on Thursday, Dec. 4th, when she passed away in the Mannville hospital a few days after her baby son was born. She had suffered from a heart condition for a number of years and failed to rally after the death of her wee son who passed away on Monday.

The deceased was born in Winnipeg in July 1918 and came to Calgary with her parents as a child, and in 1926 the family moved to the Wainwright district where they have since made their home.

In January 1946 she married Mr. Marshall Jackson of Greenshields and in October of the same year they moved to Mannville to make their home.

Left to mourn besides a loving husband are her parents Mr. and Mrs. Gosselin, one brother Martin and 5 sisters, Mrs. L. Beazley, Mrs. Roy Taylor, Mrs. H. Marchand and Misses Teresa and June Gosselin all of Wainwright.

A joint funeral service for the late Mrs. Jackson and baby son was held in Mannville on Sunday, December 7th, with Rev. V. Coles officiating. Three favorite hymns of the deceased "Safe in the Arms of Jesus", "Nearer My God to Thee" and "Abide with Me" were sung. Burial took place later in the Wainwright cemetery where Rev. F. E. Smith had charge of the service at the graveside. Pallbearers were Messrs. Rufus Carl, Ralph Rudd, Charlie Thurber, Malcolm Morrison, Emry Mattey and Don Hanning.

A very large number of floral tributes were received from friends and sympathizers in the Mannville, Wainwright and adjoining districts.

MORRISON NEWS

Hello and Happy Christmas everybody!

My what a rush—with everyone so busy getting their poultry ready and doing their Xmas shopping. The nice weather and roads help make this pleasant though. Why leave Alberta for the winter as long as it stays like this — we hope it lasts for awhile longer. The writer has sent a letter to Santa asking for a new pen and hope he can read it.

Heard that a lot of kiddies were frightened by poor old Santa at the Elks hall last Friday. I think that somebody else was frightened last Friday also—the men were Bill Cross and Jimmy Armstrong so the story goes. Here is a wolf tale if it doesn't hit the W.P.B. Gould's hounds chased a coyote right up into Bill Cross' yard, close to the door. Jimmy came out to see what was going on but backed up when he got a glimpse of what it was. Billy came from the chicken house with his hat full of eggs and was so startled by the appearance of Mr. Coyote that he nearly dropped eggs, hat and all. Bert arrived just in time to see all the fun. The poor coyote certainly gave the hounds a long chase which started well this side of the river.

One morning Mr. Inman saw nine coyotes while travelling south with the school bus. Too bad the hides are not in demand.

One leading farmer of this district is retiring in the spring—guess who?

•

(Intended for last week's Standard so please make allowance for time elapsed.)

Everyone is hoping the present nice weather continues until after the Xmas season.

Our last ladies meeting was held last week at the home of Mrs. [illegible] with nearly all members present. Plans for a Christmas tree [illegible]

[illegible]

Friends from McLaughlin, Mr. and Mrs. Gillies, the writer and [illegible] were dinner guests at the Dow home last Sunday. Another turkey was demolished and enjoyed. [illegible] and Kenny are on their way to the coast for a few months. Mrs. Giles and family visited the Dows on Sunday.

Ruby [illegible] phoned to her parents from the hospital in Edmonton last week and they got a big surprise to hear her voice over the phone again. Hurry up Ruby and get back with us again.

Mr. and Mrs. Thos. [illegible] were dinner guests at the home of the writer last Friday. We certainly enjoyed their visit to say nothing of the [illegible]. Mr. and Mrs. [illegible] paid us a visit Saturday as Albert had returned from hunting but had no luck.

Mrs. Gillies spent a few days with Mrs. Gould last week.

Everyone is taking advantage of the nice weather and open roads to move around some. The writer saw Mrs. Rufus Ommen in Lloydminster last Friday. She said she still likes to catch the bus and visit her old friends in Vermilion. No friends like old friends. They have built a new home in Lloyd near the hospital.

Nora — what made you have the giggles on Wednesday? Could I guess?

Dr. Robert Koch, discoverer in 1882 of the tuberculosis germ, said the medical men should study not the number of deaths from T.B. but the spread of the disease among the living.

For Christmas ...and for YEARS AFTER

"Coronado" DeLuxe 5-TUBE ELECTRIC RADIO

Features you would obtain only in much higher priced radios are built into this deluxe "Coronado". Superhetrodyne circuit assures needle-point tuning and gets those hard-to-get "in between" stations . . . automatic volume control . . . standard wave tuning range. Permanent magnetic 5¼ inch Miracle speaker, actually two and one-half times more powerful than the standard speaker on many other sets—think what this means in richness of tone and realism in sound reproduction.

SAVE 15%: New excise taxes mean higher prices for this radio on our next factory shipment . . . get in on the saving afforded by buying now while present stock is still available.

Ask Rural Phone Lines at Elk Point

ELK POINT.—At a meeting of the Elk Point Chamber of Commerce held here last week it was decided to investigate the possibility of having 3 rural telephone lines leading from the village to outlying rural areas. In the past considerable interest had been expressed by local farmers in such telephone lines, but their construction was considered out of the question due to shortage of material during war years. However, the Chamber has been guaranteed sufficient equipment for 40 phones, and it is expected that more material will soon be available. Consideration was given to the formation of a Mutual Telephone Co. and to the possibility of connecting up with the Alberta Government telephones. At present a very successful line is being operated in the Spring Park area, but they have been unable to connect up with the Government telephones since they have only a one-wire system. A committee was formed consisting of Carl [illegible], [illegible] Flam[illegible] and Alex Zarowny to contact interested farmers. It is hoped that 3 lines may be established, one to Spring Park, one south to the [illegible] George district and Northern [illegible] and the other [illegible]

Christmas Greetings

OUR CHRISTMAS STORY—

End Of The Rainbow

By ROY V. PRICE

DISGUSTEDLY, Leslie Morris surveyed the lobby of the small hotel. It was warm and cheerful, full of holly wreaths flaunting wide red and [illegible] ribbons, and [illegible] gilded walnut shells. But there would be no warmth and cheer for him this Christmas Eve night, only a more burning loneliness than ever. He was a dynamically efficient, razor-sharp executive of 37 with a cold dry businesslike facade, yet he would have gladly given a substantial part of the millions his steel mills made for him in exchange for the happiness and sincere friendship he saw on the faces of these honest hard-working people.

This town has real Christmas Spirit. Leslie contrasted this with the Christmas spirits he would have been enjoying at this very hour in the wilds of Miami, if his plane hadn't been grounded in this little city. He went out into the cold, crowded street and falling snow. Flawlessly groomed, he looked fit like a fellow who dropped into the gym every now and then for a game of handball.

He walked around the town square noticing the lavish sparkling colored lights strung hither and yon. The whole town was pervaded by an atmosphere of holiday. Santa Claus was riding a toy-laden sleigh out of the sky, his six reindeers prancing in neon. Naive. But in spite of his mood, Leslie felt a bit of holiday zip.

He crossed the street to the courthouse lawn and stood, with dozens of others, gazing at a life-sized display of the Three Wise Men, on camels, approaching a manger where a tiny infant lay in a bed of straw. His attention was held by the restful beauty of this rustic scene. He was caught up in "Noel Noel" coming from the manger. Then he was surprised that he remained standing in the falling snow with total strangers, listening to "Silent Night" and "Little Town of Bethlehem".

Furtively, he wandered along a tree-bordered street. From one cozy bungalow came the faint sound of carols.

The beautifully-lighted trees on the lawns brought back memories of his boyhood days in Birmingham. The homes brought back his childhood Christmas Eves when he had gone about the neighborhood to see everybody's tree and talked about Christmas.

The impulse hit him suddenly. He decided to do that tonight. He walked up to the front door of a house that seemed to shout, "Merry Christmas! Welcome."

A lady with an infant in her arms opened the door and greeted him with the friendliest smile he had ever seen.

"I was passing and noticed your decorations. I just wanted to tell you how beautiful I think they are and wish you all a Merry Christmas." He refused her invitation to enter saying he must be on his way but the gratitude and friendliness he read on her face made him feel better than he had felt in months.

He crossed the street and turned in at another house a few doors down. To his surprise he found himself doing something he hadn't done in years: he was humming "Silent Night." His hard face which could remain expressionless at the gain or loss of a million dollars now wore a faint smile. He was no longer disgusted over his private plane being forced down.

"Yes?" the girl standing in the doorway was smiling. The warm yellow light streaming over her shoulders brightened the gold of her hair.

Not only her voice but a certain veiled quality of shutting off something from the rest of the world, held him speechless while his mind registered other facts—five feet two, and a smile that took him right out of this world. She looked young and alive and warm. "I just wanted to tell you how much I admire the way you have this tree on the lawn lighted and the windows too."

"Won't you come in Mr.—?" her lovely eyes studied him curiously. "I'm Leslie Morris."

"I'm Mary Hull." Following her into the living room, he glimpsed the old-fashioned furniture and a rocking chair before a large fireplace. His ears forced his attention on a wind-up phonograph softly playing Bing Crosby's "White Christmas". The tree was a sturdy stripling which filled the room with spicy fragrance.

"Dad is rummaging in the attic now for more of last year's decorations," she said, and Leslie thrilled again to the warmth of her smile.

"Well honey this is—Oh, Hello," a white haired man was saying from the doorway. "Dad, this is Leslie Morris." "How do you do. I was just admiring your tree." He shook the fragile old man's hand. "Excuse me," Mary said. "I'll be back in a moment."

"Make yourself comfortable while I hang this star at the top of the tree."

Leslie had [illegible] things when Mary appeared with coffee.

"Now Dad after you've been slaving in that old hardware store all day I know you don't feel like trimming the tree."

"I can take a hint," said the old man smiling mischievously from the doorway.

They sat before the fire drinking. Leslie walked to the tree. "Here let me have some of that stuff." Mary handed him glass icicles, red candles, strings of shiny beads.

"Why didn't you tell me you were a Christmas tree decorator," she laughed. She stood close beside him. For a long goofy moment, he was on the verge of kissing her.

"Look, I'd love to have you know my aunt. Would you come over to Birmingham sometime and meet her?"

"Maybe," she answered with an unsteady little laugh. "Will you come to dinner tomorrow? We can't eat all that pie and turkey ourselves."

I was never so happy in my life. Going down the walk he turned to wave. She was standing in the doorway laughing. He knew this was the end of his rainbow.

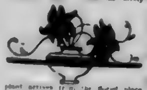
Copyright, Western Newspaper Syndicate

PORTLAND, Me.—Christmas shopping presents a problem to Mrs. Hattie M. Wilson, 88, whose family includes [illegible] children, 43 grandchildren and 17 great-grandchildren.

The Poinsettia ::

How many of us have tried and failed to keep the Christmas poinsettia in good condition? While it is not an easy task to be sure it is by no means an impossibility if given proper attention.

Many of us receive the poinsettia as a gift from our friends around Christmas time. When the lovely



plant arrives it is the best place in a warm sunny window where the temperature ranges from 60 to 70 degrees. When the surface of the soil becomes dry give a thorough watering but do not leave water standing in the saucer. Guard against [illegible] and watch for mealy bug. As the leaves start to fall in early spring place in a partly dark cool room giving water only as required; once a week is probably enough.

About the end of May prune the plant to within three or four inches of the soil surface, repot and set it in a sunny bed in the garden. New growth will develop during the summer months. Late August is about the best time to transfer the poinsettia from the garden to a sunny window. It will need plant food and regular watering but not too much of the latter and a temperature of around 70 degrees.

Given such treatment the poinsettia should bloom again for Christmas time.

Santa on the Line :: ::

Peace, Good-Will

The time draws near the birth of Christ.
The moon is hid, the night is still;
The Christmas bells from hill to hill
Answer each other in the mist.

Four voices of four hamlets round,
From far and near, on mead and moor,
Swell out and fail as if a door
Were shut between me and the sound.

Each voice four changes on the wind,
That now dilate and now decrease,
Peace and good-will, good-will and peace,
Peace and good-will, to all mankind.

Tennyson.

The evergreen tree is grown in every province of the Dominion.

"SILENT NIGHT" MUSIC SAME IN ALL LANGUAGES

A group of people from a number of countries once met around a brightly-burning log fire, and the singing of songs was suggested. It was found, however, that difficulty arose over the fact that no two members of the group could sing the same song. Finally a young woman spoke up. "There is a song, the tune of which is the same in all languages. Let us sing 'Silent Night', each in his own native tongue." And they did.

God's message of "peace, good will toward men" is a universal message. The beautiful Christmas carols are the common property of mankind.

The symbol of the Christmas tree originated in Germany, Santa Claus in Holland, Christmas stockings in Belgium or France, and the greeting "Merry Christmas" in England.

Good News!

Good Christian men, rejoice
With heart and soul and voice!
Give ye heed to what we say:
News! News! Jesus Christ is born today.
Ox and ass before Him bow
And He is in the manger now:
Christ is born today.

Good Christian men, rejoice
With heart and soul and voice!
Now ye hear of endless bliss:
Joy! Joy! Jesus Christ was born for this.
He hath op'd the heavenly door
And man is blessed for evermore.
Christ was born for this.

Good Christian men, rejoice
With heart and soul and voice!
Now ye need not fear the grave:
Peace! Peace! Jesus Christ was born to save.
Calls you one and calls you all
To gain His everlasting hall.
Christ was born to save.

John Mason Neale

SAME OLD SANTA

Same old Santa, same old joys,
Same old dolls and sleds and toys,
Same old holly, same old tree,
Same old gifts for cherubs wee,
Same old words of merry cheer,
Same good wishes for the year.
Same old Christmas! Seems to me
That's the way it ought to be.

Expectations Realized ....

DO YOU KNOW THAT REINDEERS, LIKE SANTA'S, LIVE IN CANADA?

Reindeer, like the team that Santa Claus drives over the housetops on Christmas Eve, live in Canada? During the Ice Age, when glaciers covered Ontario, Arctic reindeer roamed through southern Canada. With the mastodon, woolly mammoth and musk-ox they existed along the bleak barren borders of the great ice sheet. Today they are found plentifully roving all the Arctic lands around the pole—northern Europe, northern Asia and northern North America. In Lapland, which embraces northern Sweden, northern Finland and northeastern Russia, the reindeer has been domesticated for centuries. In Arctic America the wild reindeer is called caribou. With the great reduction of Canada's caribou herds domestic reindeer have been brought in to take their place, and Eskimos are now being trained to look after herds in Canada's northland.

Santa Claus And The Mouse

One Christmas Eve when Santa Claus
Came to a certain house,
To fill the children's stockings there,
He found a little mouse.

A Merry [illegible] little friend
Said Santa good and kind.
The same to you Sir, said the Mouse
I thought you wouldn't mind.

If I should stay awake tonight
And watch you for awhile.
You're very welcome, little mouse,
Said Santa—with a smile.

And then he filled the stockings up
Before the mouse could wink,
From toe to top—from top to toe
There wasn't left a chink.

Now they won't hold another thing,
Said Santa Claus, with pride.
A twinkle came in Mousie's eyes,
[illegible] humbly he replied.

It's not polite to contradict,
Your pardon I implore,
But in the fullest stocking there
I could put one thing more.

Oh Ho! laughed Santa—silly mouse,
Don't I know how to pack,
By filling stockings all these years
I should have learned the knack.

And then he took the stocking down
From where it hung so high,
And said—Now, put in one thing more,
I give you leave to try.

The mousie chuckled to himself,
And then he softly stole
Right to the stockings crowded toe
And gnawed a little hole.

Now, if you please, good Santa Claus
I've put in one thing more,
For you will own that little hole
Was not in there before.

How Santa Claus did laugh and laugh,
And then he gaily spoke,
Well, you shall have a Xmas cheese,
For that nice little joke.

If you don't think this story true,
Why I can show to you
The very stocking with the hole
The little mouse gnawed through.

Mistletoe: Rich In Tradition, Legend

Mistletoe, the symbol of friendship, joy and peace at Christmas time, and used as part of our holiday decorations, is rich in tradition and legend.

The custom of "kissing and becoming friends" under a spray of mistletoe tied over the doorway or suspended from the ceiling can be traced back through the centuries to the days of the Druids. Even beyond that, the origin of the plant dates to the time of the ancient Greeks who used it in their ceremonies. Occasionally, mistletoe was found growing on an oak and because the oak was the most sacred of all trees, the Druids held it with special reverence.

At the beginning of their year, they would go in solemn procession into the woods to seek the sacred plant, the discovery of which was announced with joyous shouts. A grass altar was then erected beneath the tree and inscribed with such divine titles as they deemed most powerful. On the sixth day of the moon, the Arch-Druid, clad in a white robe (the emblem of purity) climbed the tree and with a golden sickle cut off the mistletoe and dropped it into the folds of the white robes worn by other Druids. Two white bulls, or, upon the most important occasions, human beings were then sacrificed. After that the plants were dipped in water and blessed by the high priest and distributed among the people as a charm against witchcraft and disease.

Local News of Interest

SCHOOL PUPILS NEED GLASSES

As a result of the recent eye tests conducted at the elementary school it was found that of the 266 children examined, 90 required glasses. Of these 90 children 23 needed glasses for permanent use and the remaining 67 for school use. The local school board, which was responsible for having the tests made, strongly urge all parents to procure the glasses where recommended. To date only 50 per cent have purchased their glasses.

W. M. S.

The W.M.S. held their last regular meeting on Thursday Dec. 11th in the church parlors. It was the last meeting for the year 1947. A Xmas party was enjoyed by the members. Mrs. Fulk and Mrs. Reikie were in charge of the program. This was a candlelight service. Mrs. Ebby and Mrs. Fulk rendered lovely Christmas carols accompanied by Mrs. Stephens and Mrs. Roebuck on the piano. A tasty lunch was served and a social half hour enjoyed before closing.

A. Y. P. A.

The A.Y.P.A. met at the MacDonald home for their regular meeting on Dec. 9th. After the short business meeting Brian Campbell-Hope gave a very interesting talk and showed pictures of his travels around the world.

The last function of the year will be a "Stocking Dance" on Dec 16th.

January 6th will be the date of the first meeting of the new year. This will take place in the Parish hall. The meeting will consist of election of new officers.

MILITARY NOTES

"A" Coy The Loyal Edmonton Regiment will hold Pay Parade on Sunday Dec. 21st at 1500 hours at the Armories. Battledress, belts, puttees and berets will be worn.

BOWTELL

Dance in Bowtell school on Friday Dec. 26th. Music by the Islay Girls' orchestra. Admission Gents 50c and ladies 25c. 30-1

Mel MacKay of the Auto Body shop was a business visitor to Edmonton Monday.

Mr. and Mrs. Bill Vehman who lived in Vermilion for several years have now moved to Port Arthur. Bill will be remembered as a genial employee of the town public works department and could usually be seen busy about the streets and sidewalks.

Ken Rowe spent Tuesday and Wednesday in Edmonton on business.

An additional delivery will now be made by Vermilion Meat Market which will utilize Clem's Delivery for morning meat deliveries. See the display advertisement for particulars. 30

IN MEMORIAM

No. 97 Squadron RCAC Vermilion, Alberta

Shower for Bride At Watson School

A miscellaneous shower was held on Friday Dec. 12 in the Watson school in honor of Mrs. C. J. Crooker (nee Mae Telford). After a very enjoyable evening of playing games the bride was presented with many useful and beautiful gifts for which both the bride and groom thanked the gathering. Later a very tasty lunch was served by Mrs. M. Watson and daughters. The very enjoyable evening closed with a sing song and the singing of "For They Are Jolly Good Fellows".

Baby Ralph Emsland has returned to his home in Lloydminster after spending 10 days visiting at the home of Mr. and Mrs. Henry Mayers.

The Vermilion Feed Mill will be closed for business on Saturday, Dec. 27th but will be in operation again as usual on Monday, Dec. 29th. 30-1c

Herman Eyben who now resides at New Westminster, B.C. spent the week end in town, coming from the coast to attend the Golden Wedding celebration of his parents, Mr. and Mrs. Henry Eyben. Herman is now the owner of a large rooming house which also provides very comfortable living quarters for the family.

Mr. and Mrs. W. H. Little and family have gone to the west coast for an extended holiday. They will visit Mrs. Little's brother who has been ill at New Westminster for some time.

Mr. and Mrs. W. J. Bell accompanied by Mr. and Mrs. W. K. Cross spent the week end in Saskatoon, making the trip by car.

Tom Brown who has spent the summer and fall months visiting old home scenes in England returned to Vermilion last week. Tom returned on board the Aquitania and the journey by boat and rail just took ten days.

Tom Kilduff of the V.S.A. attended the conference of district agriculturists in Edmonton Monday through Wednesday this week.

Norman Harris visited his parents Mr. and Mrs. Lloyd Harris over the week end and Don Wiebe spent the same time with his father and mother Mr. and Mrs. Jack Wiebe. Both boys are from Edmonton.

Mae Telford Is Bride of Clarence Crocker

A very pretty wedding was solemnized in the United church, Vermilion when Mae Telford, youngest daughter of Mrs. Beulah Glen Thompson and the late Edward Ernest Telford of Vermilion became the bride of Clarence Philip Crocker, youngest son of Mr. and Mrs. Wm. J. Crocker of Vermilion. Rev. E. S. Bothie officiated.

For her nuptials the bride chose a floor-length gown of corded white silk with a sweetheart neckline and short puffed sleeves. Her court-length veil was held in place by a tiara of white lilies and on her arms she wore long white fingerless gloves. She carried a bouquet of mauve and white mums. Her only ornament was a pair of gold earrings.

Mrs. R. G. Whalen, sister of the bride, attended as matron of honor. She wore a floor length gown of white brocaded nylon over taffeta. Her chapel veil was held in place by a coronet of white flowers and she carried a bouquet of white carnations and yellow baby mums.

The groom was attended by his brother Mr. Clifford J. Crocker of Hindville.

The bride was given in marriage by her brother, William Edward Telford of Vermilion.

For her daughter's wedding Mrs. Thompson wore a two-piece black dress with matching accessories and wore a rose corsage on her shoulder.

Mrs. Crocker was dressed in navy blue and also wore a rose corsage.

During the signing of the register Mrs. E. J. Edey sang "I Love You Truly" accompanied on the organ by Mrs. A. M. West who also played the Wedding March.

A wedding supper for twenty friends and relatives was held at the Brunswick hotel immediately after the ceremony.

The happy couple will make their home on the groom's farm in the Hindville district.

Coolidge-Sutter Nuptials At United Church

A wedding of interest to a wide circle of friends took place at the First United church, Vermilion on Saturday, Dec. 6th at 3:00 p.m. when Marguerite Mabel Sutter, R. N., second daughter of Mrs. L. E. Nelson, was united in matrimony to George Sherwood Coolidge, Vancouver, second eldest son of Dr. and Mrs. Charles Coolidge.

Miss Sutter took her high school in Vermilion and graduated as a nurse at Camrose.

The bride, given in marriage by her eldest brother Isidore Nelson, wore a navy tailored stripe suit and a neat little black hat trimmed with heart shaped gilt sequins. Her corsage was of ophelia roses, her graduation flowers, and forget-me-nots. She wore her nurse's badge on her white blouse.

The groom's boutonniere was an ophelia rose and forget-me-nots.

Mrs. Florence Throndson, eldest sister of the bride, was matron of honor. She wore a blue pin stripe suit and an ophelia rose on her lapel. Mr. Gus Throndson was best man.

Mr. Edwin Throndson, the bride's nephew was usher.

Mrs. L.E. Nelson, the bride's mother chose a coral dress trimmed with black for the occasion.

Mrs. A. M. West was organist and during the signing of the register Miss Florence Jackson sang "Blessed be the Tie that Binds".

Forty-seven guests assembled at the home of Mr. and Mrs. Gus Throndson for the reception. The table was laid with a lace cloth and a white tailored centre piece, [illegible] made by her sister Mrs. Grace Magistad. A three-tier cake made and beautifully decorated by Mrs. [illegible] the bride's sister was placed upon the centre piece.

The toast given by Mr. Isidore Nelson was fittingly responded to by the bride.

The soloist, the organist and the bride's relatives were each given a little gift, [illegible] remembrance from the bride and groom.

The bride's pre-wedding gift from the groom was a beautiful, sparkling crystal six-piece dressing table set.

For her going away apparel the bride chose a royal blue English knit suit and a black straight line velour top coat with black accessories. The bride and groom left by train for their home at 37[illegible] Cypress street, Vancouver, B.C.

Bowtell Bulletin

The last meeting of the Busy Bees was held at the home of Mrs. Perkins with 15 ladies present. Two of these were visitors, Mrs. Payne and Mrs. Jenkins. Everyone was pleased to have Mrs. Millar join our club.

Please note that the date of the Xmas tree is Monday evening Dec. 22nd.

A dance will be held in the school Dec. 26th with music supplied by the [illegible] orchestra.

The writer, husband and baby Frances enjoyed dinner Sunday at the Robinson home.

Quite a number enjoyed the card party and dance Friday night in [illegible]

WATER & SEWER CONTRACTS TOTAL $293,905 TO DATE

NEARLY HALF MILLION DOLLARS ALREADY HANDLED

A very interesting financial statement pertaining to the cost of the installation of the water and sewer system was presented to the town council at their last meeting, by the secretary.

Total amounts of the contracts to date have reached the somewhat staggering total of $280,000.61. An estimate of additional costs due to extensions and increase in various items of supplies is placed at $13,905.60 for the grand total if it may be called that, of $293,906.21. Barring further increases and extensions this may be regarded as the cost of the system when completed.

Of the $293,905.21 the amount of $181,362.88 has been paid as at the end of November [illegible] is left a debtor balance of $112,542.33. Monies available to meet this balance at the present time total $28,511.06 in the bank leaving a gross deficit of $84,124.22. The bulk of this amount is not due until the system is completed. Further estimated revenue which can be expected from hospital, college and disposal plant, amounts to $25,100. Taking this from the gross deficit of $84,124.22 leaves a net debit balance of $59,021.22.

The statement was prepared at the request of the council in order to show what amount of the $126,000 received for the power plant will be required for water and sewer purposes and how much of it can be invested in bonds.

Receipts for the water and sewer were comprised of $187,215.48 from sale of debentures, $11,679 reserve fund set up some time ago for the purpose, $5,000 from town general account, $1128.25 from the province and a few sundry items bringing the total receipts to $206,717.44.

The above brief summary will give the public a general idea of the decidedly large project undertaken when water and sewer installation was embarked upon in Vermilion.

Scholarships Presented As V.S.A. Closes for Holidays

Winners of sixteen scholarships were presented with cheques amounting to a total of $1300 at the Xmas banquet as the Vermilion school of agriculture closed for the Christmas vacation.

Nine of the winners were students at the V.S.A. last year at which time they attained distinction for academic and special activities. The scholarships will go towards paying a considerable part of their expenses in the second year of the two-year course. Mr. James Taylor, representing the United Grain Growers Ltd., presented cheques to Edith Sayer, Ribstone; Richard Bennett, Tofield and Noel Garnett, Vermilion. Mr. P. W. Johnson, secretary of Alberta Wheat Board Surplus Trust fund, presented cheques to William [illegible] N. Bentley presented cheques to Helen Lanke, Mallet, on behalf of the Alberta Women's Institute and to Maurice Burgess, [illegible] on behalf of the Alberta Seed Growers Association. Robert [illegible], Edmonton and Morrison [illegible] also [illegible] Vermilion Board of Trade [illegible] Mr. Leo Maxwell [illegible] with the [illegible] gold medal which accompanied the award.

Other [illegible] students of the First year and Two-year courses who won their awards for achievement in connection with Junior Farm activities. These included [illegible] Paul David [illegible] James Falls [illegible] Chapman, and Stanley [illegible] Vilna.

The W. I. Albright scholarship cheque was presented by Mr. Bentley to James Boyd, Fairview, who had been selected by the Board of Trustees as the student from the Peace River country for the award commemorating the late superintendent of the Dominion Experimental farm at [illegible].

Local Girl Will Live At Aklavik

The many local friends of Mrs. Fred Waite (nee Nadeen Cameron) of Lindsay Ontario and Edmonton will be surprised to hear that she will be leaving early in January to take up residence in Aklavik N.W.T. where her husband will be employed as a radio operator. The trip will necessitate a 1,400 mile plane flight via a commercial aircraft to Norman Wells thence via chartered Norseman to destination. It is interesting to note that Aklavik situated in the Arctic Circle, at present will be enduring its annual six weeks period of total darkness. Nadeen expects to be absent approximately three years.

President Wins Opening Competition

The opening curling competition completed on Wednesday the 10th resulted in President Russ Caroll's 16 rinks outscoring Vice-Pres. Lorne Fochett's merry men by a total score of 128 to 127. The president won 10 games, the vice-president 6. Each individual losing rink treated their victors to lunch—and the ladies of the curling club were right on hand to see that the contract was fulfilled at the conclusion of each game.

4-Part Competition Underway

A four division competition will be completed this week. George Webb and Bill Barr are in the finals of 'A' division, Bert Everitt and Curtis Martin in a similar position in 'B' while 'C' and 'D' semi-finals will be played this Tuesday evening.

Morrison Turkeys Win At Provincial Show

Turkeys from the flock of A. S. Morrison won five prizes at the Provincial Poultry show held at Wetaskiwin from Tuesday to Thursday last week. Alex won both 1st and 2nd with his young Toms; 1st and 2nd with young hens, third with his big Tom. There were 250 entries in the turkey classes and one of the Morrison hens was beaten out for the championship by one-half point.

TURKEY $7 PER POUND

The champion dressed turkey sold for almost $7 per pound, dressing 2[illegible] pounds and bringing $169.[illegible]

A really magnificent display of poultry was shown.

Honesty is the spring that can revive man's faith in man.

Well Attended Agricultural Meeting Held At V.S.A.

An agricultural meeting which attracted wide interest was held at the Vermilion school of agriculture last Friday evening. Arrangements were carried out by the Agricultural committee of the board of trade with the whole-hearted co-operation of the college staff. The meeting was arranged to finalize the "Better Farming" competition conducted by the M.D. of Minburn during the past summer, and to pay tribute to the winners on the west side of the municipality.

During the evening Bill Barr, winner of the Canadian Bank of Commerce cup for the farmer winning the highest number of points in the competition, addressed the gathering briefly, paying considerable credit for the achievement to his wife whom he said was responsible for the various ideas while he merely carried out her suggestions.

Other winners in the two areas contiguous to Vermilion have been previously announced and were as follows: Mulberta area—1. Wm. Barr, Vermilion; 2. R. L. Burns, Vermilion; 3. Jas. McLaughlin, Mannville.

Buffalo Coulee area: 1. W. D. Ramsay, Irma; 2. J. J. Fehen, Vermilion; 3. Jas. Irving, Vermilion.

Mr. J. L. [illegible] of the V.S.A. staff and member of the Board of [illegible] who was a member of the judging committee outlined the basis [illegible] the entries and [illegible] various observations during his visits to the various farms.

PRAISES R. L. BURNS

Mr. Acheson has high praise [illegible] R. L. Burns of Claysmore [illegible] demonstrated that it was possible [illegible] quarter section [illegible] himself. Nothing was overlooked; weed control was excellent, land was in fine condition, home surroundings were beautiful.

THANKS BOARD OF TRADE

Chester Gamble, field supervisor [illegible] spoke briefly thanking the Vermilion board of trade for the affair of the evening and for their very [illegible] interest in the competition. These competitions are designed to act as an incentive to better farming and to give the poorer farmer a chance to profit by example. All the prizes had been donated by business men and so were not a charge to the M.D.

GUEST SPEAKER

Mr. Gordon Stirling, district agriculturist from Lacombe, guest speaker for the evening, took as his subject "Six Marks of Good Farming" and illustrations accompanied his talk. During his remarks he said that it was to be regretted that farmers who attended such meetings as this were not the farmers who followed poor farming practices. He also paid considerable tribute to boards of trade for the decided interest taken in agriculture. He summed up his remarks by giving four points in good crop farming practice: Use of Good Seed, Fertility of Soil, Control of Weeds, Crop Rotation.

J. L. Kerns mentioned the pride which Vermilion and district took in the fact that livestock from this area had won laurels at the Toronto Royal. These included the [illegible] by A. S. Morrison [illegible] Bentley, principal of the V.S.A. [illegible]

Vermilion Ration Board Winds Up Operations

VAST AMOUNT OF WORK DONE

The local ration board which had been functioning at Vermilion for the last four or five years folded up last week and what supplies were not required at headquarters were destroyed. During the time it operated some 11,500 books were issued each year to about 3000 applicants. The total of 62,500 books were prepared and issued by the Women's Auxiliary of the Canadian Legion, a work involving a great deal of application and was most efficiently done. In addition to these books over 3700 were issued from the office of the Board to returned men, harvest help, hunters, for babies, replacing lost or damaged books and so on. All work was looked after by Mrs. Robinson and entailed a tremendous lot of work and too much praise cannot [illegible] for the smooth [illegible] arrived at. It [illegible] about 300 books a year [illegible] the extent to which home [illegible] of the department [illegible] the high [illegible] Mayor [illegible] of the [illegible]

[illegible] the Mayor has [illegible] from the Chairman of [illegible] at Ottawa expressing [illegible] by local ration boards [illegible] years.

Board of Trade Meetings Cancelled Christmas Season

NEXT MEETING WED., JAN. 7th

Board of Trade meetings have been cancelled until Wednesday, Jan. 7th. A full attendance of members is requested on that date in order to clean up matters for the annual meeting and election of officers which takes place later in January.

W. P. Pilkie was chairman of the Wednesday meeting. After considerable discussion, chiefly in search of information the Board supported the request of the local branch of the A.T.A. that teachers be included in the civil service pension act. It was decided to obtain pictures of the King and Queen through the I.O.D.E. if possible. Sundry matters discussed included the school carnival and support of same was asked by Principal W. G. Hay.

95 TEACHERS COME TO PROVINCE

41 LEAVE — DURING 1947

A total of 95 teachers from other parts of Canada and the British Isles were certificated to teach in Alberta during the first 11 months of 1947 compared with 41 Alberta teachers who left the province during the same period.

This information was given the Alberta Teachers' Association this week by the deputy minister of the Department of Education. The 41 teachers leaving here, according to Eric C. Ansley, ATA general secretary-treasurer, all applied for certificates to teach in B.C. In addition, 2 teachers applied in Ontario and a 4th moved to Saskatchewan.

Mr. Ansley said these figures represented the total actual movement of teachers during 1947, but did not take into account those teachers who entered other lines of work.

Seven of the newcomers to Alberta came from the British Isles; 3 from Pr. Edward Island; 3 from Nova Scotia; 7 from Ontario, 10 from Manitoba; 61 from Saskatchewan and 5 from B.C.

DEWBERRY

Even if you don't hear the starting [illegible] and the mighty chorus of "tally [illegible]" you may still see our coyote [illegible] in persons of Merle Craige and Wally Curtis with their new coyote hounds in action. Several kills have already been made and it is hoped to soon have that outcast in [illegible] driven from our district or destroyed.

Just another of our prominent farmers has installed a light plant. Sol Lemp has his place all aglow now and how well one can see the necessity of this commodity for all.

After a desperate effort the Dewberry senior hockey club will ice a team this winter. Their first game will be on Heinsberg ice this Sunday. The hockey club, in order to maintain the local skating rink finds it hard to carry on without local help so a series of events for the coming months will be run off to raise funds. The first event is the big New Year's eve frolic. A whist drive will follow soon.

Our curlers will be in action Sunday. Some 11 mixed rinks have been drawn up.

The Dewberry Young People's club continues to flourish. Their first dance was held Dec. 19th.

To the many friends at the coast who went away to escape the rigors of the local climate, we can only say that you should have stayed at home. There is still only a bare 2 inches of snow with not a drift anywhere and the weather has been truly enjoyable, really ideal we would say.

W. Parker, our Dewberry dairyman, has purchased 4 pure bred Holstein cows from the sale of G. Horton. Nothing like having lots to drink and there's nothing like milk.

To our many readers where ever you are, at the coast, in other parts of Canada, or in our own district, the writer wishes a Merry Christmas. To you who have helped make Christmas merrier in Britain by sending food parcels, keep up the good work.

Dr. A. H. Baker Supports Seal Sale

800 CANADIAN CHILDREN DIE EACH YEAR FROM T.B.

"Every year, even with the death rate as low as it is, 800 Canadian children die from T.B. which might have been prevented."

In these words, Dr. A. H. Baker, Director of the Tuberculosis Division, Alberta Department of Health, today warned the people of Alberta of the dangers of tuberculosis to young people. He urged strong support for the annual Christmas Seal campaign now under way. Funds raised through the sale of Christmas Seals go towards the prevention of tuberculosis in this district.

Dr. Baker pointed out that despite the fact that in the lifetime of a young man of today tuberculosis has been reduced from the first cause of death to the 7th, it is still the greatest threat to the lives of those between the ages of 15 and 45.

"More than 3,200 Canadians in the best years of their lives, between 15 and 45, died from tuberculosis in 1946," said Dr. Baker. "In addition, 800 children under 15 succumbed. This is an appalling waste of the youth and of the young manhood and womanhood of our nation that can and must stop. Buying Christmas Seals is an easy, yet tremendously effective way to help save our children and our youth."

In every community there are missing cases of tuberculosis — people who are not aware that they are harboring the treacherous TB germ. The only way that these danger spots of infection can be found is through an X-ray survey. This early diagnostic program is financed largely through the sale of Christmas Seals.

THE STANDARD
VERMILION . . . ALBERTA
ESTABLISHED 1905

S. R. P. COOPER — PUBLISHER

Vermilion, Alberta, December 25, 1947

The New Years' edition of the Standard will be issued Wed., Dec. 31.

What Christmas Means to Mankind

The Christian world commemorates Christmas in honor of the birth of Christ. His teachings form the basis of a relationship between human beings which, if mortals could only live up to it, would bring heaven to earth.

It is at Christmas time that the best elements in human nature come to the surface. All over the Christian world thoughts of people turn back to the Judaean village where Christ was born and memory recalls the events of such mighty import which occurred at that time—the Babe in the manger, the wise men following the star, the shepherds on the hills.

The spirit of unselfishness is abroad at Christmas time. While the family is the centre of the Christmas festivities, hospitality and friendship spread beyond that intimate circle. Good will radiates throughout the whole community.

Churches are filled at Christmas time, carols are sung, stores, public buildings and homes are gayly decorated, and the spirit of giving is in most hearts. Brightly lighted homes with warm and cheery interiors welcome the returning family and the expected guests. Yuletide is the gayest and merriest time of the year.

It is a good time for humanity, that the cares and worries of the ordinary routine of life can be forgotten for a little space, and that the quarrels and disagreements of every day affairs can be smoothed over. For a brief moment in the long range of time human beings act toward each other as Christians should.

All over the world Christmas bells are ringing; in far off Australia where nature is burgeoning the antipodean spring, on the Argentine pampas, in Africa, Asia, and in Europe in whose primitive forests many of the legends surrounding Christmas originated. Here in North America, saved by the fortune of geography from devastating war and famine, people should be doubly happy and thankful.

Christmas will never grow old, nor will its message of good will nor the wish: "A Merry Christmas to All!"

— The Budget

"FARM WOMEN ASKED US . . ."

Designed to tell some of the facts about life insurance to farm families, a new booklet, "Farm Women Asked Us . . ." has just been published by the Canadian Life Insurance Officers Association.

The booklet is in the interview style. Farm families were interviewed on their home ground, their questions answered and their stories told to the reporters. The booklet is illustrated with friendly and typical likenesses of people we might all know.

The foreword tells why the booklet was written for one particular group of people. "The great majority of farm women have an essential part in farm operation. Quite frequently it is the woman of the farm family who is the bookkeeper and she knows farm figures to the last item. She appreciates that the life insurance needs of farm families differ from those of the city worker and his family."

Copies of the booklet may be obtained from the Canadian Life Insurance Officers Association, 302 Bay Street, Toronto, Ont.

FITNESS AN OBLIGATION

Ill-health, when it is unavoidable, is anti-social, declare health authorities. Officials of the Dept. of National Health and Welfare point out that health isn't a personal matter. Since it influences not only personality, but work and living routine, it is of vital concern to relatives and friends, and thus a community matter. It is, therefore a public duty to fight sickness.

Royal Wedding Film Is In Technicolor

The Columbia theatre will show a 21-minute technicolor film of the Royal Wedding the week end of Jan. 1, 2 and 3. The beautiful coloring is in keeping with such a noteworthy event. The pageantry and cheering crowds come to life in a way that makes the film have a new kind of excitement.

This is the only film that shows the actual scenes inside Westminster Abbey and Buckingham Palace. The film was made by the Rank organization with loving care and captured everything of human interest, even to close-ups of the boy pages fidgeting nervously. Two shows every day Jan. 1, 2 and 3 and the usual matinee on Saturday.

20-1c

ISLAY

A quite successful whist party and dance was held in the hall Friday Dec. 12th in aid of Xmas funds for the school. There were 17 tables of cards. All seemed to enjoy the evening [illegible] supplied the [illegible] for the dance.

Now we are awaiting the Christmas concert Dec. 23 in the hall. With 2 teachers and 75 children we think it will be a "boomer."

Mr. Donald McFadyen has gone to New Brunswick to visit old home scenes, family and friends. Bill and Jim went as far as Manitoba to work in the lumber camps.

George Landells has also gone east. Norman McFadyen is taking George's [illegible] doing the chores. We [illegible]

Clarence Gould who was kicked by a horse sustaining a broken leg is still in hospital. Frank is on the farm meanwhile.

Someone was asking for Marvin at the whist party on Friday, we didn't see him there.

Some folks have been inquiring for Mrs. Young. We may say she is fine, even going down town to shop more than that she gets in to Vermilion to Mrs. [illegible]

Miss Ella [illegible] and nephew [illegible] left for the coast and many [illegible] points for winter months.

Old timers of the Hazeldine area, Mr. and Mrs. Bert Boothman passed through here last week on the way to [illegible]. Mr. Boothman may be spending a little while in hospital there.

Jim Gates and Norman left [illegible] for the milder climate of B.C. [illegible]

Mr. John Pursey will be spending a while in St. Joseph's hospital, Whyte avenue, Edmonton. Some of the old neighbors and friends who now in Edmonton can drop in to see him—will likely be very gladly received.

Owen Torrance has gone home, spending sometime in the hospital.

Some will remember Mr. and Mrs. Pollyblank at one time resident of Islay in the lumber business. If you tune in to CFRN Edmonton from now until Xmas at 9.15 a.m. you will hear Christmas Carols by the [illegible] led by Mrs. Pollyblank.

Check that date on your label now!

The New Year

By Adjutant Charles Stewart

Mary has a new doll. She is delighted. George has a new train. He is enthusiastic. Bill has a new job. He is thankful. Jean has a new boy friend. She is thrilled. The bookkeeper has a new page to start on. He is careful. A sinner in one of my meetings got his sins forgiven. He is a new creature in Christ Jesus. Most of you will have a new year to live and you are—what? Indifferent? Or are you alive to the splendid privileges that God gives?

1948: 366 days of opportunity! Each day brand new, no spots or stains to mar its possibilities. The very thought of it should be enough to stir up the best that is in us to take up the challenge of the New Year.

Have you made up the New Year's list of resolutions? Is it good and long? Have you put on it the things you most desire to do in 1948? Good! Now go to the place where you have laid it; take it into the kitchen, then — put it into the fire! This is one way to start the new year right.

In the majority of cases the making of a long list of New Year's resolutions is just a farce, and a waste of time. They are not kept anyhow. The constant making and breaking of resolutions only tends to make us indifferent, and untrue to ourselves. If we become habitually false to our own hearts, we soon become deceptive in our dealings with others. One thing leads to another and as we pause to glance back over the passing year we can only see — failure concerning the real values of life.

Now let me make a suggestion — don't bother to make a renewed list of old, stale "things-I-promise-to-do" but just make one resolution. Concentrate your will power on one promise [illegible] Read your Bible. A portion each day. Keep this promise, and I am quite sure that at the end of 1948, barring the interruption of an atomic bomb, you will be a better more contented man or woman, boy or girl.

There have been dozens of books written about the world problems of today and daily they are being printed. Indeed, two of the world's most intelligent and outstanding scientists have produced a startling document in the form of a book entitled "One World—or None!". Think that over: one world or none. I would interpret that as meaning, get under the banner, and complete direction of Jesus Christ the son of the Living God, or else! An Indian gentleman, who has a reputation for accurately forecasting future events, has declared that the end of this world will be before the year 2,000, and another world war before that event. Everybody seems to be groping in the dark. Everyone wants to know where the answer lies.

Well, it seems almost puerile to reiterate—the answer is to be found in the Bible! It is true, the answer is there.

In 1948 it will still be true that "Whosoever shall call upon the name of the Lord shall be saved." And "I will keep him in perfect peace whose mind is stayed on Thee." All who have accepted the teachings of Jesus Christ and are applying [illegible] thousands in Canada are as one voice in declaring to all, that the secret of heart peace, the secret of happy, contented living is to be found in the Bible.

With Christ — One World
Without Christ — None!

1948 may be the year of final choice. Christ or chaos! Which will it be for you in 1948? The [illegible] is hoped [illegible] glory of God [illegible] in 1948 [illegible] New Year [illegible]

Tenor Bell's 1947 Christmas Strokes

[illegible] is the tolling of the [illegible] at the Parish church of the Yorkshire town of Dewsbury. Every Christmas Eve [illegible] been performed [illegible] World War 2 when [illegible] the church bells of Britain were silent. The tenor bell of Dewsbury [illegible] birth of Christ [illegible] strokes [illegible] final stroke being [illegible] toll at the stroke [illegible] connected with [illegible] believed that the tolling of the [illegible] would keep the [illegible]

WISHING YOU

A Merry Christmas

AND

A Happy and Prosperous 1948

Crown Lumber Company Ltd.

What Was Legend of Star in the East?

"The New Testament does not guide us in attempting to identify the Christmas star," Dr. Seth Nicholson Alter, director of the Mt. Wilson observatory, Los Angeles, Calif., states.

"We know what the heavens appeared like 2,000 years ago and there is only one reasonable theory for the announcement of the Wise Men, who said, in Matthew II, 2:

"'Where is He that is born King of the Jews, for we have seen His star in the east and are come to worship him?'"

"In 6 B. C., there was a grouping of three planets—Jupiter, Saturn and Mars—which might have provided the ancients with their long-awaited sign of the Nativity.

"One year earlier—7 B. C.—Jupiter, Saturn and Venus were similarly grouped.

"What makes the astronomer pause at accepting this theory is the passage in Matthew which reads, 'The star went before them.' That, many scientists assume, must have been a psychological rather than an actual visual impression."

Mince Pies Were Symbolic Of Magi's Visit to Manger

The Christmas mince pie had a Christian symbolism in the beginning. The pies represented the gold, frankincense and myrrh brought by the Three Wise Men to the manger; the crust symbolized the gold, and the mixture of spices the frankincense and myrrh. Originally the pies were made oblong and followed the shape of the manger.

There was a superstition that there was no luck in store for the man or woman who did not eat a mince pie at Christmas. To eat one, it was believed, was to be sure of having at least one happy month. To enjoy a year of happiness, a person had to eat one pie on each of the twelve days after Christmas.

Chimp Christmas

The two performing chimpanzees of the Philadelphia zoo are guests each year at a Christmas party. Here one of them finds that the apples and carrots decorating the tree are very tasty. One of the chimps plays Santa Claus at the annual affair.

Serving of Boar's Head
One of Old Yule Customs

Of the customs that grew up around the Christmas festival in Merrie England, the serving of the boar's head was one of the most stirring. It endures to this day at Queen's college, Oxford, where the 30-pound tusked head—a lemon in its grinning jaws—is borne in on a great silver dish, escorted by trumpeters and candle bearers. It is served up with a wonderous flourish of music and mustard at the high table where the fellows dine.

In the olden days there was an appropriate chant, half carol and half ritual, that our gentlemen used to bellow at the moment the dish touched the board:

Then set down the swineyard,
The foe to the vineyard,
Let Bacchus crown his fall,
Let this boar's head and mustard
Stand for pig, goose and custard,
And so ye are welcome all.

God Rest Ye . . .

God rest ye merry, gentlemen,
Let nothing you dismay,
For Jesus Christ, our Saviour,
Was born upon this day
To save us all from Satan's power
When we were gone astray.
O, tidings of comfort and joy
For Jesus Christ, our Saviour,
Was born on Christmas day

Late Christmas

There are still millions of Christians who observe January 6 or January 7 as Christmas. They allow for the 13 days difference in the old calendar and the new. The Eastern Orthodox observes January 7. In North Carolina one church group observes January 6, as do a number of other sects.

Theme Changes

The Nativity theme in Christmas cards gave way to the sentimental: Bring us in good ale."

British Santa

Father Christmas is the British for Santa Claus.

Bowtell Bulletin

We sincerely hope that each and every one have a Merry Christmas and a bright and happy New Year.

You Ethelwyn, the Bowtell Busy Bees have done some grand work in the past 10 years. Having been secretary the writer is well conversant with the activities.

Harry Perkins drove to Lea Park to bring Mrs. Robinson home Tuesday evening.

The Robinson family plan to spend Christmas with Ken Kay, Mrs Robinson's brother, who is ill in the University hospital. They will be accompanied by Mr Kay Sr. of Onion Lake and the Firth family of Marshall Sask. Mrs Firth is a sister of Ken's.

Many old friends will be pleased to hear news of Floyd Stensaith now of Norbuck. He has been married for the past three years and passes along a hello to former acquaintances.

Mrs Rubena Gunn writes a cheerful letter and tells us that she expects to spend Xmas day at the home of her brother Earl in Edmonton. She is showing definite improvement.

Mrs Sherwood and Frances enjoyed a visit Tuesday afternoon with Mrs N McClellan.

Robert Repp ran over a coyote on his way home from town recently. This is one way to get them.

Wildmere Winks

Our fine weather still is with us. It has certainly shortened our winter a lot by staying open so near to Christmas. Also helps out the feed problems a lot.

Our deepest sympathy is extended to Mr McNairn of Tolland on the death of his loving wife. Their's was a home always open and everyone was made welcome at any time. Mrs. McNairn while visiting a neighbor, accidentally opened the wrong door and fell down the basement. While no bones were broken she suffered from shock from which she never recovered.

John and George Wilson attended her funeral which was held last Monday Dec. 15th from the United church in Vermilion.

John Rathe of Basswood was the lucky ticket holder on the food hamper given at the box social and dance held at Thorncliffe school last Friday. Proceeds were in aid of the Xmas tree.

The writer and family were unable to attend Mr and Mrs Henry Eyben's Golden Wedding anniversary held at the Elk hall owing to the children having to go to school next day, but we wish Mr and Mrs Eyben many more years of good health and happiness. It is nice to see couples enjoy so many years of married life together and be able to see their children grow up and make homes of their own around them.

We had a nice Xmas card from Jenny and Herman Eyben of New Westminster but no address was enclosed for us to send them the same good wishes.

The local curling rink has now a sheet of ice but it has taken a lot of work to get it into shape. A few games have been played.

As these will be the last Winks until 1948 we extend to our Editor and staff fellow scribes, and to our readers the very best wishes for a Merry Christmas and may the New Year be good to us all.

Mr and Mrs Chas. Finlay and daughter Joan of Mannville visited on Sunday at the home of the former's sister, Mrs John Wilson of Wildmere.

Wins Better Farming Competition

Mr. and Mrs. Bill [illegible] shown with the Canadian Bank of Commerce trophy awarded to the winner of the Better Farming competition held in the municipality of Minburn during the past summer. The above photo taken by Wally [illegible] Studio of [illegible] at the agricultural [illegible] held by the Board of Trade at the Vermilion school of agriculture recently. A story appears on the front page.

Elk Point News

A special institute meeting was arranged this week for the Elk Point sublocal of the Alberta Teachers' Association, by Mr R. Racette, B.A., inspector of schools. The meeting was well attended by nearly all teachers of the sublocal and appreciation was expressed to Mr Racette for having arranged the program and for securing speakers from the Department to address the group.

Mr A. A. Aldridge, supervisor of Guidance of the Curriculum branch of the Department of Education, addressed the group of teachers on the aims and objectives of his department. He carefully outlined a program of guidance for students from grades 1 to 12, emphasizing the importance of consultation with students to guide their activities and vocations into the proper channels. He stressed the importance of keeping a cumulative history of the child and his record right through his school career. He saw the advantages of such a cumulative record as contributing to the better understanding of each pupil [illegible] as a basis for [illegible] the progress and development of the [illegible] [illegible] child home [illegible] standardized tests, occupational [illegible] scholarship record, activities, interest and work experience, post school information and a follow up record. Following his address a [illegible] period of open forum discussion was held [illegible] in guidance.

Mr [illegible] Director of the Curriculum Branch addressed the group on the Revised Program of studies for the Elementary school. He [illegible] mented Mr. Racette [illegible] of the St Paul [illegible] one of the most complete [illegible] programs he had ever seen. He saw great value in such a program of teacher made and administered tests as a means of professional growth. He discussed the results of the provincial tests given to grade 6 last year in reading, mathematics and language. The results of the reading test, especially, were quite encouraging. In dealing with the revision of the Elementary program he outlined some of the main views of the Department with regards to:

1. The philosophy of the enterprise program was to be maintained.

2. Need of certain traditional values was to be emphasized.

3. The need for teaching of citizenship and human relations was recognized as important.

4. That necessity of the guidance of teachers who were inexperienced was recognized.

5. The need for continuity in the activity program was noted as being of major importance.

6. That the enterprise should be grouped around a core of certain [illegible] problems with other parallel activities or units [illegible] by the enterprise.

Vermilion River M.D. Holds Regular Meeting

A summary of the minutes of the Municipal District of Vermilion River No. 71 held in the municipal office, Vermilion on Dec. 11 and 12.

Present Reeve J. A. Currie in the chair. Crs. G. E. Clay, R. Tessman, G. H. Quist, J. Leighton, T. Bolsheim and T. W. Lambie.

Minutes of the previous meeting, as presented to Council, were adopted.

Financial statement for November was accepted and accounts as approved by Finance committee were passed for payment.

Moved by Lambie that cook house be rented to B. Benner for winter months at $5 per month. Mr. Benner to assume cost of fire insurance during his occupancy.

LEA PARK TO COLD LAKE ROAD

Moved by Bolsheim that we endorse Kitscoty petition, calling for the construction of an all-weather highway from Lea Park crossing to Cold Lake. Carried.

Allowance of Mrs. J. B. Patterson was increased by $10 per month; Mrs. Sophie Pouqey granted relief in the amount of $30 per month; Mrs. S.F. Scott be recommended for Mothers' allowance in amount of $25 per month. Carried.

Moved by Leighton that the following be recommended for Old Age Pensions in the maximum amount: Mrs. H. James, Chas. Wells, Mrs. L. A. Wells and C. Chawlinski. Cd.

Moved by Bolsheim that A. B. Wood R.O. be allowed 10c per mile for travel. Cd.

Moved by Currie that $25.79 be refunded to Stanley Kuzick, over paid taxes. Cd.

Moved by Bolsheim that the application of certain residents in L.I.D. north of Municipal boundary to have secs. 3 to 10 incorporated in M.D. of Vermilion River, be approved. Moved by Quist that application be tabled. Cd. Bolsheim opposed.

Moved by Quist that this M.D. participate in superannuation plan for Municipal employees. Cd.

Moved that Pt. N.W. 28-55-3-4 be sold to L. Pynton for $250 cash. Cd.

Moved that N½ of 18-50-5-4 be sold to H. Whitcher for $1,000, $500 cash and $200 per annum at 5% interest until paid. Cd.

Moved that S.E. 24-51-4-4 be sold to L. Bochanis for $700 cash. Cd.

Moved that Mr. Batty be allowed $100 travel expenses. Cd.

SNOW PLOWING

Moved by Lambie that all snow plow operators be advised that the machines are to be used only on roads specified by Council and that regulations must not be violated. Cd.

Leases: S.E. 3-51-4-4 be leased to Frank Hutchinson in 1948 for $25 cash; N.E. 22-53-3-4 be leased to M. Maguire for $45 per annum for 3 years subject to sale; N.W. 23-47-2-4 be leased to Don Brassington for ⅓ share of crop delivered; S.E. 24-50-5-4 be leased to W. J. Hannon for $50 in 1948; W½ 16-48-5-4 be leased to Cliff Cruthers in 1948 for sum of $30; N.W. 14-55-4-4 be leased to Joe Sawak in 1948 for ⅓ share crop delivered; N.E. 12-50-5-4 be leased to Jas. Powell in 1948 for $45; N.E. 20-55-3-4, N.W. 12-55-3-4, N.W. 26-55-3-4, S.E. 36-55-3-4, W½ 36-55-3-4, N.W. 3-55-3-4 and S.W. 2-55-3-4 be leased to Oscar Peterson in 1948 for sum of $200 cash.

By-laws concerning the sales of the following land were carried: N.E.¼ 3-56-5-4; N.W.¼ 22-50-5-4; S.E.¼ 4-55-3-4; N.E.¼ 24-55-3-4; S.E.¼ 18-55-3-4; S.E.¼ 24-51-4-4.

WOODVALE

All the mighty hunters have returned but did not bring any fancy meat home with them. They all had a good time just the same. Wild game was scarce or of the wrong sex for shooting. These outings are greatly enjoyed and the folks at home like to listen to the stories.

The Ganton school children had some hold-ups in their school concert practices when accidents befell some of them. Dickie Basto slipped and cracked his collar bone but has returned now with his arm still in a sling. Tommy Lyssons got a '1 with a hockey stick and cut his lip right through. Don't forget boys, you are not playing golf, but hockey!

A golden eagle has been living around here these past weeks and gets a lot of admiration from the people who see him quite often sitting on the stone pile on our highest hill overlooking his domain of hills and valleys.

The January Red Cross meeting will be held at the home of Mrs. J. Lyssons on January 7th. The afternoons are short and we need a lot of busy hands to do the quilting.

Mr. Van Wagenlagen returned from a week spent with his daughter in Calgary and a week end at Banff.

We hope the Editor and staff of the Standard and readers of this column will have a pleasant Christmas and will find much happiness in the New Year to come.

The death of Mrs. John McNair after a few weeks' illness is greatly regretted by her many friends and neighbors in the Vanesti, Tolland and Hindville districts. Their sincere sympathy goes out to Mr. McNair who is left alone on his farm to mourn his loss. Mrs. McNair led a busy and active life to the very last and always took a great interest in all activities of the community.

Derwent Dodgers Tie Elk Point

GAME WITH MYRNAM IN VIEW

George McConnell and his hockey club journeyed to Elk Point last Thursday to play an exhibition game and came home with a well-earned two all tie. This is considered remarkable considering that the Derwent Dodgers have not had skates on this year whereas the Elk Point club have had several practices and have played home and away games on several occasions.

The Dodgers are handicapped by the lack of ice at Derwent, owing to two wells being dry necessitating flooding of the rink by tank truck which takes considerable time. It is hoped however that the ice will be ready for general skating now within a few days. Ice makers are working day and night as children and grownups are waiting patiently for ice to skate on.

The game at Elk Point was very exciting and the Derwent club shows good signs of being a winner after a few more games and some practices are held. It was regrettable that the Derwent club was not invited to have lunch after the game by the Elk Point club which did not make the Dodgers any too anxious to repeat the performance. However it was felt that this was an oversight on the part of the Elk Point club and everything is ready and okay for Elk Point to make an appearance here Sunday Dec. 21st.

Arrangements are underway for Derwent to play at Myrnam on Wednesday Dec. 24th and Myrnam to play a return game here Sunday Dec. 28.

Xmas Hospitality

For 25 years Britain's East and West Friendship Council has been working hard to ensure that students from Africa, China, India and the West Indies (as well as many other places) shall have an opportunity of seeing how Xmas Day is spent by private families in the United Kingdom. Although it has a hospitality scheme which is in force all the year round the Council introduces as many students as possible to those private residents who will entertain them at Christmas time. This year offers of hospitality have been received from many parts of Britain.

Healthy Voices

Even the human voice plays its part in creating health says a health authority. It works this way—voices influence others. If a person has a pleasing voice, that improves the personality and acceptability; to be socially acceptable brings happiness and happiness, in turn, brings health. Monotonous, shrill and high pitched voices as well as slurred and mumbled words lessen chances for happiness.

Local News of Interest

The Standard would appreciate any news of the social happenings in your homes, the visits of guests, visits of members of the family elsewhere, and all other items of interest. These may be phoned in, mailed in or particulars left at the Standard office. Thanks.

Vermilion Boys Are High Scorers

Ray Spencer and Bob Watt are getting plenty of goals for the Ponoka Stampeders in the Central Alberta hockey league. In fact, according to press reports their line which is completed by Hautiuk formerly of Vegreville, does practically all the scoring for the Ponoka entry.

Mr. and Mrs. Melvin May came from Thorsby to spend the Christmas vacation visiting Mr. and Mrs. F. J. Richardson and Mr. and Mrs. E. May.

Mr. and Mrs. Glen Good and two sons, Robert and Russell, left Tuesday for Airdrie where they will spend Christmas with Mrs. Good's parents at the old family home.

Mr. and Mrs. Gordon Hay plan to motor to Castor for Christmas with Mrs. Hay's parents, Mr. and Mrs. Mathies. They will then go on to Stettler for New Year's with Mr. and Mrs. Hay Sr.

Mr. and Mrs. Ross Boake and son Rex plan to spend Christmas and Boxing Day visiting the former's parents at the family home in Edmonton.

Matt Majury who is learning the printing trade at the Veterans' Vocational school at Red Deer, is spending Christmas vacation with his parents, Mr. and Mrs. A. C. Majury south of Vermilion.

Mr. Norman Garland is a visitor to Edmonton for Christmas.

W. R. Wiebe left for Meadow Lake over the week end where he will be a Christmas visitor with his mother who is now 18 years of age. Mrs. Wiebe is still hale, hearty and active.

Mr. and Mrs. A. "Curly" Mann and family left Friday for Edmonton where they have purchased a home and expect to reside in future. Curly recently sold his butcher business to Mr. Bert Everitt.

Mrs. S. E. Barwick is now at Saanichton near Victoria, B.C. where she is residing at the home of her daughter Mrs. L. E. Littlewood.

Mrs. Edna Taylor has gone to Lake Forest, Ill., where she will be a Christmas visitor at the home of her sister Mrs. Steel where her son Bobby resides.

University students noticed home for the Xmas vacation include Miss Georgia Mackab, Miss Jean Robson, Miss [illegible] Kosolnk of Borradaile and Miss Eleanor Jory of Edmonton Normal school.

Miss Evelyn Jory, nurse-in-training at Lamont, is home for Christmas and Boxing Day.

Allan Wells and Alex Morrison, students in Agriculture at the University of Alberta are home for the Christmas holidays.

Miss Connie Bashall, commercial student from Edmonton is [illegible] Christmas at the family home [illegible] town.

Miss Doris Eslord, the Household Economics instructor at the school of agriculture, left Saturday evening to visit her home in Foremost for the Christmas holidays. Accompanying her as far as Edmonton was Miss Mary Hawrelak who was going to stay with her family in Willingdon. Mr. Don McPherson, Dean of Men, took the same bus to Edmonton en route to Delia. On Friday afternoon Mrs. Helen Casper, the school nurse, motored to Edmonton with her father and mother and daughter. Mr. and Mrs. Gunn and Dena, who had visited the college for the closing festivities on Thursday. Leaving Sunday morning Miss Margaret Lang went to her home in Medicine Hat to be with her family for the Christmas season. Miss Margaret Brown, supervisor of the dormitory, is spending Christmas at her home in Minburn.

Miss Muriel Smith of Vancouver spent a day or two in town this week en route to her home at Maryayne. She is a former member of the local Bank of Commerce staff.

Mr. and Mrs. J. M. Duncan of Edmonton are guests at the home of Mr. and Mrs. Albert M. West for Xmas and New Year's.

Mr. and Mrs. R. R. Brennan have gone to the coast for the winter. They are spending Christmas in Kelowna and will go from there to Vancouver.

Mr. and Mrs. Gordon Ross and little son Murray will be in Edmonton for Christmas and Boxing Day with Mr. Ross' mother and brothers.

Sigmn. Fred and Mrs. Waite of Edmonton are guests at the home of the latter's parents, Mr. and Mrs. V. H. Cooper, for Christmas week.

Mr. and Mrs. Neil MacKay have gone to Coleman to spend Christmas at the home of their son Jack.

George Washington of San Diego, Calif., is spending Christmas in town with his mother Mrs. A. E. Washington.

David Douglas, son of Mr. and Mrs. Bob Douglas, has recently been transferred from Barrhead to the Treasury Branch at Olds.

CARD OF THANKS

We wish to take this opportunity to thank our many friends and neighbors for their good wishes and many lovely gifts received on the occasion of our Golden Wedding anniversary.
Mr. and Mrs. Henry Eyben

Mrs. John McFadyen of Islay has purchased the home of Ted Martles in Vermilion and has now taken up residence here. Ted plans to continue farming in the spring and now has a farm in the Optimist district.

Stagette Notes

There was no regular Stagette meeting this week and the opportunity is taken to wish one and all a very Merry Christmas and a Happy New Year.

We would also like to take the opportunity to remind everyone of our Holly Frolic Dec. 26th. Round out your Christmas holiday and meet all your friends at this jolly holiday dance in the Elk's hall.

Christmas Crackers

As in Britain no Xmas party in Canada is complete without a box of crackers. Christmas crackers were first made in Britain about 70 years ago. It was a confectioner and maker of ornaments for wedding cakes with the typical English name of Tom Smith who brought back from a holiday on the Continent the idea which evolved into the cracker. He saw that a French confectioner made his sweetmeats more attractive by wrapping them in tissue paper. A few weeks before Xmas he set his assistants wrapping sugared almonds in this way. The cracker came a little nearer when he thought of making the package more entertaining by placing a loving message inside

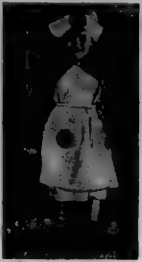
McWilliams & Long

Welcome Gift



It is a women's war, too. And her Christmas Santa brought this little lady the uniform of a Red Cross nurse. The cape is blue. The uniform is of white cotton with the Red Cross emblem.

Wandering Old Lady Is Santa in Italy

Santa Claus doesn't visit children in Italy. It isn't because they are all naughty, but because there is no Santa Claus—in Italy.

No one runs down to a well-decorated tree on Christmas morning to look for presents. Brightly colored flowers decorate the room instead of Christmas trees, and presents are not exchanged until January 6.

On that night, an old, old lady, La Befana, walks from house to house and leaves a present beside each little child she visits.

Exactly 1,946 years ago, according to the Italian legend, La Befana was very busy sweeping her kitchen when several men dressed like kings stopped in front of her cottage. They asked her where Bethlehem was, but she had never heard of it.

The men told her about a baby which had been born in Bethlehem, and mentioned a star which had been guiding them. The old lady wished she could accompany them when they left her in search of the infant Jesus.

But La Befana stayed home. It was getting too dark out, and besides, the baby could wait until tomorrow. Later that night she noticed the sky quivering with light. The clouds seemed to take the form of angels. All thought of sleep left her. Rising, she carefully wrapped two gifts for the Holy Baby, then ran out into the night in the direction the kings had gone.

Fast as she hurried, she had not reached Bethlehem when the star disappeared and dawn filled the sky. She frantically asked the way to Bethlehem, but no one could tell her.

And so La Befana has constantly traveled since that day, searching for the Christ Child. On the Epiphany, 12 days after Christmas, she goes from house to house, looking into the faces of babes. With each she leaves a gift, hoping that at last she will give her presents to the right child.

King for a Night at Wassailing Tree Fete

"Here's to thee
Old apple tree!
Whence thou mayst bud,
And whence thou mayst blow,
And whence thou mayst bear
Apples enow,
Hats full,
Caps full,
Bushels, bushels, sacks full,
And my pockets full too!
Huzza! Huzza!"

The rendering of this doggerel rhyme, followed by the passing of the cider jug, was a popular feature of Christmas during the middle 19th century at Devonshire.

This completed, the male members of the party discharged guns into a selected apple tree—said to result in bumper apple crops.

The men would then knock at the farm house door, guess as to the kind of roast in the oven. The one who guessed correctly was king for the night.

Place Ban on Christmas

Puritanism brought over with it in the Mayflower the anti-Christmas feelings.

In 1659 the general court of Massachusetts, following the example of the English parliament, enacted a law providing "anybody who is found observing, by abstaining from labor, feasting or any other way, any such day as Christmas, shall pay for such offense five shillings." The law remained in effect until 1681. The repeal, however, was bitter to old Puritanism, which kept up an even protest down to the early part of the present century.

Pious Custom

In the west of Ireland Christmas takes a pious note. A candle is left burning in the window as a guide to the Holy Family, should it be needing shelter. And food is left on the table between meals in case any souls from purgatory should revisit their old homes.

Christmas Seals save lives

Annual Report of Wildmere W. I.

VERY SUCCESSFUL YEAR

The Welfare Workers club of Wildmere and lines-ood became affiliated with the Women's Institute in Dec. 1946, and have had a very successful year. There have been 12 meetings with an average attendance of nine members.

Articles made consisted of 23 dresses, 12 nighties, 2 pr. pyjamas, 2 sweaters, 1 pr. pillow cases, 3 boys' suits, 10 housewives, 36 baby garments. The club subscribed to the W. I. paper for each member from its funds. Seven topics have been given, namely: Public Health and Child Welfare by Mrs. Martin; Education and Better Schools by Mrs. Wilson; Immigration by Mrs. W. J. Garnett; Household Economics by Mrs. Whitlock; Fight or Cancer by Mrs. Weisenberger; Canadian Industry by Mrs Wallington; Agriculture by Mrs. Gibson. $10 was spent on packing and sending two food parcels overseas; $5 was spent towards starting a children's library and $5 donated to the Cancer Fund. A shipment of old woollens was sent for blankets. A delegate was sent to Calgary W. I. convention also one to the Vermilion Constituency convention. The organ at the school was taken over and $15 donated towards a piano to replace it. We entered the handicraft display at the convention at Vermilion where one member received a prize and two got honorable mention. We heard Miss Lang from the V.S.A. and Miss McIntyre from the O.S.A. We started a library for the district by sending $1 to Mrs. Morton for 20 books. $10 was sent towards financing Mrs Morton's trip to the Federated W.I. conference in Amsterdam and 7 members heard a wonderful report of it in Vermilion on Nov. 20th. We have bought 2 silver engraved baby spoons for babies of our members and six sick members have been remembered with baskets of fruit. We held a dance and sale on Nov. 28th which consisted of a sale of articles, a fish pond, guessing the weight of a cake, quilt raffle, sale of home-made candy, all of which netted us $62.71.

Total income for the year was $224.84; Expenses $89.11, leaving us a balance of $135.73 to start the year 1948 with a bang.

Mrs. Frank H. Gibson,
Secretary, Wildmere W.I.

IN MEMORIAM

In loving memory of our husband and father

Edward Mann, of Mannville

—who passed away Dec. 31, 1944.

"Nothing can ever take away,
The love a heart holds dear,
Fond memories linger every day
Remembrance keeps him near."

—Ever remembered by his loving wife and family.

IN MEMORIAM

In loving memory of our little daughter and sister

Margaret Louise Payne

who passed away Dec. 24, 1942.

"Dear is the grave where our darling is laid,
Sweet is the memory that never will fade
The cup was bitter, the loss severe,
To part with the one we loved so dear
Her little soul so pure and sweet,
Will blossom at the Saviour's feet."

—Mother and Dad, Mary and Kathleen.

IN MEMORIAM

In loving memory of our dear son and brother

Edwin Arnold

—who passed away Dec. 28th, 1942

"A token of love and remembrance
To one we can never forget
His memory to us is a treasure
His loss a lifelong regret
When we are alone with our sorrow
It seems we can hear him say
Don't grieve dear ones, I'm only sleeping
We'll all meet again some day."

—Sadly missed and ever remembered by Mom, Dad, sister Agnes and brother Dick.

A clear mind diagnoses but only a clear conscience cures.

Vol. XXXIX. No. 82. Vermilion, Alberta, Thursday, January 1st, 1948. $2.00 A Year

BUFFALO COULEE WINS HOCKEY LEAGUE OPENER

DEFEAT CLANDONALD BY 5 TO 3 SCORE IN FIRST LEAGUE GAME.

The lid was pried off the new Vermilion District Hockey league last Saturday night when the Buffalo Coulee team took a 5-3 decision from Clandonald. In spite of the fact that both teams lacked practice with some of the boys on skates for the second time only this year, they gave an energetic display and demonstrated that they knew just what it was all about.

Mayor Morrison in officially opening the schedule stated that out of this league may develop enough players to enable the district to again be represented in an eastern Alberta league.

Buffalo Coulee opened the scoring late in the first, Brent Macnab from Hull. The same team added another in the second, Red Arthur from Bill Ryben. Schoonmaker for Clandonald put the boys from the north back into the game early in the third only to see Arthur again score on Ryben's pass, with Ryben assisted by Cleland making it 4 to 1. Nothing daunted Broadbin scored on Strome's pass for the northern town. John Kochan from Hull and Hinton then finished off the scoring for Buffalo Coulee while Clandonald's Specht assisted by Schoonmaker made it 5-3 at the end of the game.

Russell Carroll refereed and penalties were handed out to W. Roberge and Ort Strome for high sticking for Clandonald and to Hinton and two to Mike Kochan for high sticking, charging and interference.

Lineups

Buffalo Coulee — Wilson Bruin; Brent Macnab, Mike Kochan, Johnny Hull; John Kochan, Walt Hinton, Billy Hull; Red Arthur, Harold Cleland, Bill Ryben; Dave Hughes, Henry Ryben, Nick Kowalchuk.

Clandonald — Gower; Goldsmith, Specht, Rudyk, Cusack, Strome, Broadbin, Schoonmaker; Ostashek, Hull, Molineaux; Roberge, Magnuson, Rev. Wilbur Currie manager and coach.

Two hundred and twelve fans attended the opener with a goodly following of supporters for each of the two teams being on hand.

VERMILION PLAYS SATURDAY.

Vermilion plays Buffalo Coulee on Saturday Jan. 3rd at 8:30. On Wednesday next Jan. 7th the V.S.A. team will swing into action against Clandonald, with Vermilion meeting Clandonald Saturday Jan. 10. The schedule continues with games every Wednesday and Saturday until March 3rd.

We wish to take this Opportunity to express our Appreciation for the pleasant business relations that have existed between us during the past year.

TO YOU ALL WE EXTEND HEARTIEST WISHES FOR

A Happy and Successful NEW YEAR!

Moyer Bros.

Many, Many Thanks

For the kind and loyal support that you have given to us this past year, may we say again "Many, many thanks." You, our customers are responsible for the success that we have enjoyed. It will be our [illegible] endeavor to warrant your continued support and we shall continue to strive to serve your every need.

A Joyous New Year!

Amateur Transmitting Licenses at Elk Point

Two amateur transmitting licenses have been issued in Elk Point during the past month by the Department of Transport. One was issued to Mr. Joseph Jacobson for Radio Station VE4JW and the other to Mr. Frank Lambright for Radio station VE6JL. Both stations will operate on a power of about 50 watts and will broadcast on the following frequencies, 300-400 Kilocycles; 700-730 Kilocycles and 235-240 Megacycles.

Two other owners of transmitting equipment have applied for their transmitting licenses.

Province Will Spend $13,000,00 for Roads

Present indications are that the whole appropriation of $13,000,000 for highway improvements in Alberta this year will be expended, according to Hon. W. A. Fallow Minister of Public Works.

While the province embarked upon an extensive program of grading, gravelling and hard surfacing in the spring of 1947 it was realized that unfavorable weather conditions and other factors had interfered with operations on many projects and progress had been delayed.

The Minister has informed officials of the Alberta Motor Association that there is every prospect of the whole appropriation being expended, through the various commitments made in numerous contracts. In a number of cases, the work will not be completed until construction is resumed next spring.

Over a long period of years, the A.M.A. has stressed the need of highway improvements, bringing the roads to a standard that will compare favorably with tourist highways elsewhere. This year it appears that the outlays for various projects will exceed the amount of revenue estimated from motor and truck licenses and the gasoline tax.

Farmers' Day Attracts At Mannville

MANNVILLE — A bonspiel which featured 25 rinks highlighted activities of farmers' day here last week and saw E. McFadden and his rink win the grand challenge award. 2nd was E. Kreiler, 3rd [illegible] Mrs. Scrungins.

Other activities of farmers' day included the appearance of Santa Claus riding in a brightly painted cutter. He distributed packages to the children and visited many shut-ins at the hospital and in private homes.

More than 300 children and adults saw a free show in the afternoon and a dance in the evening concluded the festivities. The event was arranged by the Board of Trade.

Well Known Family Pet Dies

Trix, the family dog belonging to Mrs L. F. Horne and well known to scores of school children as he was a pal to them all, died at the family home of a heart attack last week. He was 15 years of age.

Christmas is past, but the need for your Christmas seal dollars continues all through the year. Have you sent your donation?

Mark 50th Wedding Anniversary

Mr. and Mrs. Henry Ryben who celebrated their Golden Wedding on December 16th, 1947. Married at Depew, Iowa, on Dec. 16th, 1897, they moved to the well known Ryben farm in the Cummings district in 1907. Since that time they have been esteemed residents of the Vermilion district.

Mannville Shop Is Destroyed by Fire

MANNVILLE — The Mannville "Curiosity Shop" owned by "Cap" Wright, was completely destroyed by fire last week and the owner taken to hospital suffering from shock and exposure.

Mr. Wright was awakened by the smoke and noise of the fire and escaped from his bedroom at the back of the store in time to send in the alarm himself. He was unable to save any of his personal effects.

By the time the fire brigade reached the place, it was too late to save the small shop and efforts were concentrated on keeping the flames from spreading. A bucket brigade was organized to aid the regular equipment.

The building and stock was partially covered by insurance.

'Teen-Agers Present Enjoyable Musicale

CHRISTMAS CAROL PROGRAM

A program that did much to delight the hearts of the overflow crowd of adults in attendance was presented by the Teen-Agers at the [illegible] on Tuesday Dec. 23rd. The program was comprised of Christmas carols charmingly rendered by a chorus of [illegible] solo parts [illegible] several [illegible] numbers. The young people trained and rehearsed themselves under the direction of their [illegible], young president Miss Lorine Baddeley.

Solos were rendered by Miss Grace Isley, Miss Wilhelmine Bell, [illegible] and Master [illegible]. Joyce [illegible] took the [illegible] in the number "Santa Claus is Coming to Town." Mr. Alex Koz[illegible] [illegible] very efficient [illegible].

Following the program the Teen-Agers held a dance.

Schools Start Monday

Schools in Vermilion as well as all over Alberta commence the spring term on Monday January 5th.

Mild Weather, Open Roads are Enjoyed At Christmas Time

The mildest Christmas weather enjoyed for many years held sway over the Yuletide. Roads were open everywhere and travelling was good with the result that visiting was not hampered in the least and one of the jolliest and most satisfying of Xmas seasons was enjoyed. Temperatures both before and after Christmas day were barely below the freezing point.

THE WEATHER

A very mild New Year's day is forecast with a high of 30 above expected and a low of 19 above.

WEEKLY TEMPERATURES

Date	High	Low	Snow
Dec. 22	16	6	
Dec. 23	27	4	
Dec. 24	32	10	
Dec. 25	33	9	
Dec. 26	36	21	
Dec. 27	31	18	Trace
Dec. 28	18	9	2.6
Dec. 29	2	-2	0.5
Dec. 30	7	10	
Dec. 31	12	-4

Vermilion Pilot in Rescue Trips

On Thursday Dec. 18th the Vermilion Flying school plane piloted by Ken Crowshaw, left Vermilion bound for a small lake 120 miles north of Lac la Biche to fly out the pilot and crew of an Anson plane which had come through the ice on this lake the previous week leaving the crew marooned. Needless to say the members of the crew were very glad to see him when he came in with plenty of provisions, as the men had been living on whatever they could snare. The weather although clear, was 30 below zero with about 2 feet of snow on the lake and 3 feet in the bush. Ken flew the men to Lac la Biche and then flew back to the lake with equipment to lift the Anson out of the lake leaving the crew there once more. He returned again on Dec. 23 to fly the men out for Christmas and found that they had already raised the plane and left.

On this trip Ken flew over an enormous herd of caribou and was later told that there were about 6,000 in the herd.

Finding that the crew was already gone Pilot Crowshaw flew the Fisheries inspector to McMurray to check on reported illegal fishing. All the trips were made in record time.

Former Vermilion Girl Dies in Ontario

Dorothy Beacock, 16-year-old daughter of Mrs. E. Beacock of Bracebridge, Ont., and formerly of Vermilion, died in a Toronto hospital on Dec. 17th. She had been a patient since last August suffering from poliomyelitis. The family is well known in Vermilion having resided here for many years prior to moving east and the sympathy of a host of friends is extended to them in their sad bereavement.

ISLAY

The fine weather for the holidays was really enjoyed. First of all was the fine night for the Christmas concert, it seemed that every family of the Islay Centre school was in attendance. A very enjoyable and well performed program was presented. There was one concert a few years ago that many were recalling when "The Twins" were tiny, and Dick Sweet and Mary Lynn Houston had not yet begun school—Dick got a little dust on the knees of his new trousers and Mary Lynn dusted it off—that was the night tears of laughter were pouring down many faces.

The [illegible] boys and Bob Harkins have sent word home that they are working in Northern Ontario and like it. Ronnie was very pleased to get Willie's letter.

Had a talk with Ronnie day before Christmas. We think he must have a good cook in Hazel, even if Mrs. McFadyen is in New Brunswick. [illegible] Ronnie looks well and in fine spirits.

Mr. and Mrs. David Clarke are spending some of the holidays at Sylvan Beach visiting Mrs. Clarke's sister Winnie (Mrs. John Milner).

Watch for posters with an outline of winter entertainment to be staged at the hall. You will have a weekly entertainment of a variety which should please all.

Noticed in Islay for the holiday: Miss Catherine McEachern from Westlock; Miss Margaret Martin from Edmonton; Mr. Donald Marr from N. Battleford, spending the holidays at the home of Mr. and Mrs. R. Martin. [illegible] McClelland was [illegible] Mrs. Barnett and Jean McLennan all [illegible] Jean took a bit of a trip to [illegible] for the rest of the week. John Bristow Jr. home from Alberta and treating his folks to a car trip to Edmonton for Xmas.

Mrs. [illegible] went to Vermilion to spend a few days with Mr. and Mrs. John Shaw.

Mr. and Mrs. Chas. Robertson and girls were in Edmonton over the week end.

Tony [illegible] of Edmonton spent a few days at the Anderson's.

Prize Ribbons Are Real Mementoes

A[illegible] Morrison is now the proud possessor of his prize ribbons won at the Toronto Royal. He received these by mail last week, five of them in number and they are the last word in the art of printing and real trophies. Alex also has several more coming from the Alberta Provincial show and in the opinion of his friends these [illegible].

How does your label read?

Dewberry Curlers Enter Nipaw in Bonspiel

(From Dewberry News)

Four new cars may soon be appearing on Dewberry streets—but even if you don't see them you will know that Dewberry did make a bid to bring home some. Yes, sir, Dewberry has a curling rink entered in the famed Nipawin bonspiel at which four Hudson cars are the top prize. The rink is composed of Fred Braithwaite, Don Braithwaite, Neil Jones and W. Parker. Good luck boys!

Holidays Thursday, Friday This Week

Thursday Jan. 1st New Year's Day and Friday Jan. 2nd will be observed as holidays in Vermilion. All stores and business places will be closed.

Agricultural Society To Hold Annual Meeting

The annual meeting of the Vermilion Agricultural society will be held Tuesday afternoon Jan. 6th at 2:30 o'clock in the Masonic hall. Everyone is cordially invited to attend.

Liberal Leader Will Address Meeting Here

Harper Prowse, M.L.A., provincial Liberal leader will address a public meeting Monday evening Jan. 5th in the Elks hall at 8:30. He will speak Monday afternoon at Myrnam at two o'clock.

Board of Trade Luncheon Meetings Commence Jan. 7th

The regular weekly luncheon meetings of the Vermilion Board of Trade commence Wednesday next, Jan. 7th at 12.10 noon sharp at George's Lower Deck. All residents of the town and district are invited to attend these meetings.

Second Curling Competition Wound Up

The second competition to be completed at the local curling club was finished up Saturday evening last when the finals in the four divisions were played. The winning ships were as follows: A Div., 1, Bill Barr, 2, Geo. Webb; B Div., 1, Bert Everitt, 2, Curtis Martin; C Div., 1, Elmore Stewart, 2, M. M. Bentley; D Div., 1, Bill Sutherland, 2, Ed Corley.

Curling on a new event got underway this week and in this the curlers will ultimately be divided into four groups of 8 rinks each in a round robin. The first two games played decides the group in which you compete. Winners of the groups will then play off for the grand championship.

NEW YEAR GREETINGS

Health & Success In the New Year

LONG'S Drug Store

An Objective Of The F.A.O.

SIR JOHN BOYD ORR, IN RETIRING from the position of director of the Food and Agriculture Organization of the United Nations, has in spite of the returning uncertainty regarding the stability of markets for farm products firmly stated that "there is no chance for greater world food production than the people of the world need for good health as far ahead as we can see." It is unlikely that there is anyone in the world better qualified to make such a forecast than this noted British farmer, scientist and [illegible] who was recently elected to the British House of Commons as [illegible] for the Scottish Universities.

• • • • •

Was Known To Many Canadians

Leaving his home in Scotland two years ago Sir John Boyd Orr at the age of 64, went to Washington to be the head of the Food and Agriculture Organization, a project in which he was deeply interested. During his time there he became familiar with the problems [illegible] agriculture in Canada as well as in other countries and he [illegible] Canadians. In connection with the work of the [illegible] with providing a central point for the [illegible] regarding the production, distribution and con[illegible] international co-operation in these matters. Sir John [illegible] the great need for raising standards of [illegible]

• • • • •

Might Avert Future Wars

[illegible] only for those countries where food supplies are low [illegible] in many places where, in spite of a plentiful supply of food the people are poorly nourished because of lack of proper knowledge of nutrition. The great problem which has faced the F.A.O. and which has also to be solved is to ensure that all available food reaches those who need it and that sufficient is available to have healthful standards of nutrition everywhere. It is obvious that many economic considerations stand in the way of such an achievement, but in the opinion of Sir John Boyd Orr if such objectives could be reached, there would be little likelihood of future wars.

MOST MOTHERS DO THIS

If Baby Has A Cold

AT BEDTIME rub throat, chest, back with VapoRub. Its [illegible] action starts right away.

[illegible] child [illegible] [illegible] distress of the cold is eased.

Best-known home remedy you can use to relieve distress of children's colds is comforting Vicks VapoRub. Even while you rub it on, VapoRub starts to work to ease distress... and it keeps on working during the night. No wonder most mothers do this when a cold strikes. Tonight, try VICKS VapoRub

GEMS OF THOUGHT

ADVERSITY

Adversity has ever been considered the state in which a man most easily becomes acquainted with himself, then especially being free from flatterers.—Johnson.

The good things of prosperity are to be wished, but the good things that belong to adversity are to be admired.—Seneca.

Adversity is sometimes hard upon a man; but for one man who can stand prosperity, there are a hundred that will stand adversity.—Carlyle.

Outward attacks and troubles rather fix than unsettle the Christian, as tempests from without only serve to root the oak more firmly in the ground.—H. More.

Faith wrote [illegible] defeat and disappointment amid the consciousness of earthly frailty and the crumbling [illegible] of [illegible].—E. H. Chapin.

The [illegible] of material objects of af[illegible] sunders the dominant ties of earth and points to heaven.—Mary [illegible]

SOUVENIRS FOR PRINCESS

MAKES FORECAST FOR NEW YEAR

(By Hal Boyle)

NEW YORK.—I am going to unwrap the old crystal ball and give you an advance look at 1948, trusting that everyone kindly has forgotten that nine days before Hiroshima was wiped out I predicted the Japanese war might last another full year.

The forecast is for a strange and exciting year. In fact, frazzled 1948 will be like 1947 hopped up by vitamins.

Here are the prospects:

Prices will remain a lot higher than skirts. A genuine T-bone steak of pre-war thickness will be exhibited at the American Museum of Natural History and draw thousands of admiring visitors. It will be flanked by two armed guards.

The slogan of single ladies will be "the new look before you leap" at the bachelors they'll have to propose to since it will be Leap Year.

But "the new look" won't improve with age, and neither will the ladies who wear it. More and more they will come to realize why an open stadium attracts more people than a tent show.

Santa Claus will pension his reindeer and write an anonymous letter to the newspapers complaining he had to pay $900 over the list price to get him a new automobile.

Somewhere a woman driver will hear a knock in her car's motor, stop, open the hood and see coiled inside—a rattlesnake. (This has happened every year since Henry Ford quit playing marbles.)

A member of the National Association of Manufacturers will send John L. Lewis an eyebrow comb, and George Bernard Shaw will again disclaim any responsibility for mankind.

An attempt to return cut plug to popular favor by developing a new "bubble chewing tobacco" will fail.

A musical diaper will be put on the market that plays "Break the News to Mother" when the baby needs a change.

All in all, however, bears will have more fun than people in 1948. They hibernate.

AUSTRALIAN GIRLS SELL DOLLAR "LOVE NOTES"

SYDNEY.—A Daily Mirror dispatch from Brisbane said that banks are buying more and more dollar bills bearing loving messages from United States servicemen.

"The girls who have been sentimentally treasuring the bills are cashing in at six shillings tuppence Australian for each of their love notes," the dispatch said.

"However, some of the more wide awake are shying clear of the banks and selling on the black market for almost twice that amount, washing up a wartime romance with a nice profit."

BUSINESS FAILURES UP IN CANADA

OTTAWA.—Business failures for the third quarter of 1947 rose to 135 compared with 64 in the same period last year and the highest for the period since 1942, the Dominion Bureau of Statistics reported. Failures in the third quarter of 1942 were 173, in 1946 236 and in 1939 343.

WINNIPEG MAN TO JOIN STAFF OF GEN. ODLUM

OTTAWA.—Colonel John F. Bingham, O.B.E., of Winnipeg, has been appointed Canadian military attache at the Canadian embassy in Turkey. He will join the staff of General Victor Odlum. Since 1946 Colonel Bingham has been stationed in Ottawa as director of army cadets.

Meerschaum, the famous pipe material, is mined chiefly in Asia Minor.

FUNNY And OTHERWISE

"These sausages you sent me are meat at one end and breadcrumbs at the other," said Mrs. Andrews.

"Yes, madam," replied the butcher, "in these hard times it is difficult to make both ends meet."

• • • •

"I ordered a dozen oranges, but you only sent me ten."

"Part of our service, madam. Two were bad, so we saved you the trouble of throwing them away."

• • • •

Caller: "I am so sorry your mistress is out. Do you think she will be at home this evening?"

Maid: "She'll have to be; it's my night out."

• • • •

"Mary," said Mrs. Smythe, making final arrangements for a big party, "I want you to stand at the drawing-room door and call the guests' names as they enter."

"Thank you, madam," said Mary. "I've been wanting to do that for years."

• • • •

At church parade the padre had spoken about the wages of sin and had freely quoted the Ten Commandments.

Coming out of the churchyard, the black sheep of the regiment thought deeply for a few moments, then turned to his pal.

"Ah, well," he said, "I've never made a graven image, anyway."

• • • •

Mother: I told you just now to stop that noise!

John: I know, but this isn't the same noise. I was playing the drum then, but I'm blowing my whistle now!

• • • •

Tom: "Then our engagement is broken?"

Mabel: "It is. Shall I send back your letters?"

Tom: "No. I've improved a lot. I can do better in writing to the next girl I meet."

• • • •

"Oh, well," the husband remarked philosophically, "When all is said and done—"

"When all is said and done ... what?" asked his wife.

"When all is said and done, there's been a lot more said than done!"

• • • •

Wife: "You can't make a silk purse out of a sow's ear."

Husband: "No, but a woman can get a mink coat out of an old goat."

• • • •

[illegible] (out duck-hunting): "Don't shoot, Mike. The gun's not loaded."

Mike: "I've got to. The duck won't wait."

• • • •

Old Lady (at the zoo): "Is that a man-eating lion?"

Fed-up Keeper: "Yes, lady, but we're short of men this week, so all he gets is beef."

• • • •

"Do you think there's any truth in that 'There is honor among thieves' thing?"

"I should say not. I don't think they are one bit better than other people."

• • • •

He: "Honey, I've bought something for the one I love best. Guess what."

She: "A box of cigars."

• • • •

Golfer: "Dear, dear, I'm certainly not playing the game I used to play."

Caddie (disgustedly): "What game was that?"

[illegible] DESTITUTE

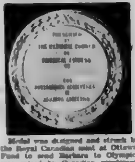
NEW HAVEN, Conn.—Welfare workers preparing to move an apparently destitute 62-year-old woman from a squalid apartment, found $1,300 in the sleeve of a ragged coat one of them had taken from a closet to clothe her.

2300

REWARD FOR BOY WHO SAVED PREMIER'S LIFE—Rewarding alertness, Greek Premier Themistocles Sophoulis smiles as he reaches for a gift for the 14-year-old boy who spotted a mine on a railway line just before the premier's train arrived. Guerrillas are blamed for incident, described as a "plot" against the premier.

Model For Barbara

Before leaving for Europe and the winter Olympic games, Barbara Ann Scott, world's figure skating champion, was honored with the National Amateur Athletic Achievement award.



Medal was designed and struck by the Royal Canadian mint at Ottawa. Fund to send Barbara to Olympics was raised by Canadian sportsmen, amounted to over $8,000.

EXHIBITS PAINTINGS

QUEBEC.—An exhibit by Viscount Alexander, Governor-General of Canada, was among 180 oil and water color paintings displayed at the opening of the 68th annual exhibition of the Royal Canadian Academy of Arts here.

PRINCESS SENDS THANKS FOR GIFTS

OTTAWA.—Prime Minister Mackenzie King read to the house of commons a letter of thanks from Princess Elizabeth for the wedding presents received from Canada.

The letter read:

"I am most grateful to the government and people of Canada for the wedding present of such remarkable generosity which they have sent me. They have given me a collection of silver so magnificent, both in quality and in quantity, that my pride in its possession is only equalled by my pleasure that the people of Canada should have seen fit to express their goodwill toward me in this way.

"Not content with this splendid present they have sent me in addition a mink coat of absolute perfection. Whenever I wear it, as I very often shall, it will remind me of the moving tributes and marks of affection which have reached me from all over Canada during these last few weeks and which have left a very deep impression on me.

"I look forward to the day when the Duke of Edinburgh and I will be able to visit Canada, to thank its citizens in person for their kindness towards us, and to learn to know the country and the people as we most earnestly desire to do."

ALBERTA SESSION OPENS FEB. 12

EDMONTON.—Premier E. Manning has announced that Feb. 12 has been set as a tentative date for the opening of the fifth session of the Alberta legislature.

He declined to comment on whether it would be the last session of the present legislature in view of unofficial forecasts of a general provincial election in 1948.

The authentic history of Greece dates back to 776 B.C.

Many French Anxious To Live In Canada

More Than 300 Inquiries Made Daily At Canadian Embassy

PARIS.—Post-war restlessness and uncertainty have shaken even the Frenchman's deep-rooted passion for his land, and an ever-increasing number are seeking to migrate to North or South America.

More than 300 inquiries, either by letter or personal call, are made daily at the Canadian embassy here.

Some have tragic tales to tell of homes shattered by the war, leaving them rootless in their own country. Others fear the trend of events in France and Europe. Some are young, some are old, even at the age of retirement.

Only about [illegible] a month get the coveted Canadian visas. Many miss out because they cannot arrange transportation across the Atlantic. Employment requirements in Canada and rigid health regulations eliminate many others.

Currency restrictions are a further discouragement. The French government allows emigrants only $200 each.

"On the whole we get a very fine type of applicant and I'm sure those going forward will make good Canadian citizens," said A. J. Des-Jardins of Ottawa and Montreal, chief of the Canadian immigration service for France.

Most of the emigrants select Quebec as their destination because of the language problem.

MORE WASHING MACHINES NOW BEING PRODUCED

OTTAWA.—Housewives, you needn't worry that hubby may not be able to get you a washing machine if you have been hinting for one as there are twice as many as last year.

There were 21,701 washing machines produced in October compared with 22,320 in September and 11,483 in October, 1946, the dominion bureau of statistics reported. For the 10 months of 1947, 173,727 units were produced compared with 90,604 in 1946.

DISPLAYS LIFE-SIZE PHOTOS OF ROYAL WEDDING

LONDON.—London's largest exhibition of Royal wedding photographs at Dorland Hall tells the story of the wedding with more than 100 specially selected photographs, many of them life-size. Exhibits include Norman Hartnell's original color sketches of the dresses. Proceeds go to the Soldiers', Sailors', Airmen's Families Association.

S.A. DIAMONDS IN GREAT DEMAND BY U.S.

JOHANNESBURG.—United States demand for South African diamonds is rising to fever pitch, jewellery trade sources here say. One parcel of stones to be taken to the United States was valued at £10,000 ($40,000) but far bigger deals than that are going through, jewellers report.

Wonderful news! New Fleischmann's Royal Fast Rising Dry Yeast is here—ready to give you perfect risings, delicious breads in super speedy time. No need to keep it in the icebox—New Fleischmann's Royal Fast Rising Dry Yeast stays fresh in your cupboard for weeks. Always there—ready for work when you need it. Just dissolve according to directions. Then use as fresh yeast. IF YOU BAKE AT HOME—order a month's supply of New Fleischmann's Royal Fast Rising Dry Yeast from your grocer. Once you try it—you'll always use it.

Health League of Canada presents TOPICS of VITAL INTEREST

HARDENING OF ARTERIES AFFECTS VITAL ORGANS

"Scientists for many years have been seeking the cause or causes of arteriosclerosis, but so far all we know are some of the things which do not cause it," says Dr. John D. Hamilton in an article in November-December issue of Health magazine. Dr. Hamilton is Professor of Pathology at Queen's University, Kingston, Ontario.

He describes arterial degeneration, commonly known as hardening of the arteries, as consisting "of a thickening of the wall of the blood vessel, which results in a loss of elasticity, and a narrowing of the blood channel," and adds that "it is not the hardening or thickening of the vessel wall which is important, but the narrowing of the blood channel and the reduced volume of blood which that vessel may carry."

Remarking on the importance of a good flow of blood through any organ or tissue, Dr. Hamilton says that without such a flow, the organ is not able to do as much work, nor perform its functions as efficiently. The blood stream carries the vital fuel and oxygen which the hard-working tissues require.

"With progressive hardening of the arteries, it is then evident why various bodily functions are lessened," he states.

After describing in detail the essential changes in an affected blood vessel, Dr. Hamilton remarks that "we do not know why these degenerative changes occur in the walls of the arteries, but it is thought they are consequent to an injury, the nature of which is unknown."

The most commonly affected organs are the three most vital ones in the body: the heart, the brain and the kidneys.

"Although it affects males more commonly than females, it occurs in both sexes," he states. "It occurs in persons of all occupations.

"There is no convincing evidence that diet is of any significance. Coffee, tea, nicotine and alcohol have been considered, but there is no proof that they are the cause. It is probable that there is no single cause of arteriosclerosis.

Sufficient evidence has accumulated to indicate that infections and infectious disease may play a prominent part in causing arteriosclerosis. We know, too, that diabetics are more prone to develop arteriosclerosis than the average individual. Just how infections and diabetes cause arteriosclerosis, we don't know."

Dr. Hamilton remarks that arteriosclerosis is such a common and constant accompaniment of aging, that it is not generally regarded as a disease, but as a natural process. He adds, however, that not infrequently "we encounter vigorous oldsters of 90 odd years, who have no arteriosclerosis."

"Hence," he says, "it is not inevitable, which gives great support to the theory that arteriosclerosis is a disease."

The letter "m" has varied only slightly in design from early Phoenician times to the present.

ALGONQUIN PARK DEER BEG FOR FOOD—Though poachers sometimes betray the trust of the animals of Algonquin Park, Ont., visitors to the park have little trouble becoming friendly with deer and even beaver and chipmunks. This deer is actually begging for food from the hands of a visitor to the park.

Correct Titles Set For Royal Couple

Proper Form Given In Palace Circular

LONDON.—The correct titles of Princess Elizabeth and her husband now are set by the court circular as "The Princess Elizabeth (Duchess of Edinburgh) and the Duke of Edinburgh."

The full title of Princess Elizabeth is "Her Royal Highness the Princess Elizabeth, Duchess of Edinburgh." The full title of the Duke of Edinburgh, as announced from Buckingham Palace Nov. 20, is "His Royal Highness Prince Philip, Duke of Edinburgh."

The duke would sign himself "Philip" and not "Edinburgh" as he ranked as a British prince, the circular issued daily from Buckingham Palace said.

Palace circles explained that the title "Prince Philip" is dropped in usage but mentioned in official documents rather than the court circular. The same applies to the King's younger brother, known as the Duke of Gloucester though his full title is his Royal Highness Henry, Duke of Gloucester.

When the King conferred upon Lieut. Philip Mountbatten the title of Duke of Edinburgh it was stated that the use of the prefix "His Royal Highness" was authorized under the duke's personal prerogative as he was born with prefix "H.P.H." to his title of Prince Philip of Greece and Denmark, which he relinquished on being naturalized as a British subject last February.

In the Royal Navy the Duke is officially called "Lieutenant H.R.H. the Duke of Edinburgh."

During the war, India clothed all the Allied troops east of Suez.

GIGANTIC CRANE SITS DOWN 630-TON LOAD ON EGG WITHOUT BREAKING IT

SAN FRANCISCO.—The heaviest load ever handled by man—630 tons—was lifted, but it took two men to do it. They did it by pushing buttons.

They were navy employees, testing out the biceps of the world's mightiest crane at Hunter's Point shipyard.

The gigantic crane, which doesn't even begin to strain as it lifts a 400-ton battleship gun turret, can set that turret down on a robin's egg and not break it.

And to show what perfect control the operators have, they did just that with a hen's egg.

After easing a 630-ton slab of concrete and steel into the air, the operators lowered the block gently on the egg. Then they eased it down ever so little more—just to break the shell but not the yolk.

TOURIST PRESIDENT SAYS "LUSH" DAYS OVER

TORONTO.—Canada's "lush" days of the tourist business are over, E. G. Rowebottom, president of the Canadian Association of Tourist and Publicity Bureau said in a letter in which he announced the third annual tourist service education week will be held March 21 to April 6, 1948.

To Feel Right — Eat Right

UNITED STATES WINTER WHEAT CROP DOWN

WASHINGTON.—The agriculture department forecast the United States winter wheat crop to be harvested next summer at 838,705,000 bushels, a decrease of 228,295,000 bushels from the 1947 winter wheat crop of 1,067,000,000 bushels.

The site of the Vatican once was occupied by the Gardens of Nero.

"MODEST" LIVING STANDARD IN U.S. COSTS $450 MORE A YEAR

WASHINGTON.—The Bureau of Labor Statistics told Congress it costs an average family of four in 34 major United States cities about $450 more a year to maintain a "modest" standard of living now than it did 22 months ago. Almost one-third of this goes for food.

The annual budget for such a family ranged from $3,004 in New Orleans to $3,458 in Washington as of last June, the bureau said, and since then consumer prices have jumped another 4.8 per cent.

Ewan Clague, Commissioner of Labor Statistics, said the average family for the purposes of his report is an employed father, a housewife and two school children under the age of 15.

He described the budget on which his figures were based as neither at the "subsistence" (bare living) nor "luxury" level, but "an attempt to describe and measure a modest but adequate American standard of living."

The bureau survey was started in 1945 at the request of a House of Representatives appropriations subcommittee. Clague turned it over to a sub-committee of the House-Senate Economic Committee headed by Senator Robert Taft (Rep., Ohio).

The report said the cost of food, largest single item in the budget, ranged last June from $1,000 a year in Cincinnati to a little under $1,100 in New York and Seattle, averaging about $20 a week.

This compared with March, 1946, figures of $880 in New York, $804 in Seattle and $792 in Cincinnati, or around $15 a week.

The 33½ per cent increase in food costs was the greatest for any budget item except local taxes, which increased sharply everywhere, in some cities, as much as 100 per cent.

Cost of housing increased little from March, 1946 to last June, the report said, but under the new Rent Control Act, rents have risen further.

The budget provided for automobile ownership by 40 per cent of the families in New York, Chicago and Philadelphia, and by 74 per cent in the other 31 cities.

THREE SPECIAL STAMPS FOR UNITED KINGDOM

LONDON.—Postmaster-General Wilfred Paling told the House of Commons that there will be three special issues of United Kingdom stamps next year, the first April 26 to commemorate the silver wedding anniversary of the King and Queen. The second in May will be on the anniversary of the liberation of the Channel Islands from German occupation and the third will mark the opening of the Olympic Games in July.

VERY OLD CUSTOM

Piping an officer or notable aboard a ship is believed to have originated in sailing days when visitors often had to be hoisted aboard in a boatswain's chair in heavy weather and the pipe was used to signal the men handling the ropes.

The Anglo-Saxons in ancient times measured time by burning a graduated candle.

New Year Greetings To Everyone

When you cross the threshold into 1948 our hopes are for your continued Health, Happiness and Prosperity. Sincere thanks for the privilege of having served so many of you in 1947.

Crown Lumber Company Ltd.

Youth For Christ Evangelist Here Tuesday, January 6th

Bob Pierce, Youth for Christ International evangelist, will address a meeting in Vermilion Tuesday, Jan. 6. Mr Pierce was formerly director of Youth for Christ in Seattle, Wash. where his rally was considered one of the largest in the United States. Seven times in one year his rallies were attended by over 6,000 people. He once staged three rallies in one week, each of which had an attendance of almost 10,000 with hundreds of youth being won to Christ and channeled into the churches. As vice-president of the Pacific North-West Region of Youth for Christ, he was instrumental in founding more than fifty five Youth rallies in the Pacific North West and Alaska. During an Alaskan trip he flew to Nome in the Arctic circle where he conducted the first Youth for Christ rally with an attendance of 225 Eskimos, many of whom gathered from the frozen waste travelling by dog team.

While in Seattle, Pierce was outstanding, not only as a leader of high school and college youth, but, as a force for righteousness among civic leaders in Seattle. Each Thursday morning he met with Seattle's Mayor-Sheriff, several leading lawyers and Christian business men for an early morning devotional hour. Over 1100 high school college and service personnel were led to Christ under his ministry there. Mr Pierce is a native of Southern California. While in school he was president of the student body and played football on the college team for three years.

Previous to entering Youth for Christ work, Pierce, an ordained Baptist minister, broadcast from Hollywood over a network of 40 stations. Thirty-two years old, he has been in great demand as one of Youth for Christ's foremost platform personalities, speakers and authority on Youth organization. Last year in addition to his heavy schedule in Seattle, he flew over 70,000 miles to fulfill engagements all over the U.S. and Canada.

Six months of this year Pierce travelled extensively in China, conducting large rallies in many cities. He was enthusiastically received by universities and colleges where thousands of students were led to Christ. The Premier of China invited him to his home to discuss the spiritual problems of China.

Mr. Pierce will tell of his experiences in this great country at the Vermilion Youth For Christ rally to be held on Tuesday, Jan. 6th in the Vermilion Armories at 8:00 p.m.

Interesting color motion pictures of China taken by Mr. Pierce on his recent trip will be shown. The public is invited to the service.

Your Christmas Seal donation may help to save the life of someone dear to you — but only if you send it in, not later, but NOW!

ETHELWYN

A whist drive was held in the Rye school Dec 19th in aid of the Xmas tree fund. 4 tables were played and the winners were: Ladies, 1, Isabel Waterworth, 2, David Attfield, consolation Mrs MacGillivray. Gents, 1, Donald Attfield, 2 Ernie Attfield, consolation, George Carlton. This was the first whist drive held at the school in the past four years that the writer and daughter did not attend, also the first in a much longer time that Allan Macdonald did not attend. We just could not make it this time.

A large crowd attended the Xmas tree on the 23rd. It was nice having the party at the school in the afternoon so all the little children were wide awake when Santa arrived. I didn't get this direct but one of the little boys told me that Santa was sick and had sent one of his helpers, a very jolly one too. Colin McGillivray sold the largest number of tickets on the nylons $6.20 worth, thus winning a prize. Wilfred Roberts of Clandonald won the nylons.

That was truly a grand thing the Mannville students did, using Xmas gift money to send food parcels to Britain.

If anyone is thinking of using a [illegible] behind their combine next fall see Jack Grant as he is the local agent.

The writer wishes to make a correction to last week's news. It was Mr. Joe Allan's sister who was killed in a traffic accident in the east and not Mrs. Allan's sister as reported.

A dance was held in the Rye school on Dec 23rd.

Who is the most popular young lady in our district? Why see Janet Mary Macdonald. The little lady is only a month old but has taken all hearts by storm. Janet Mary was christened last Sunday at St. Pats hall.

What is this we hear about movies in our district? Tell us more about it please.

Healthy Weights

Declaring that there is a direct relationship between health and weight, the Department of National Health and Welfare advises everyone to find out how they stand on the scales of life. Depending upon one's type of body structure, height, build, etc.—there are ideal weights. The department states further, that it is better for a young person to be overweight than underweight but that putting on weight is a more serious matter for older people.

Death from tuberculosis in Canada last year were 200 fewer than in 1946. Your Christmas Seal dollars helped save these lives. Have you sent yours this year?

Self-Discipline

An appeal to parents to permit their children to take life's little knocks, in order to develop self-discipline and adjust their behavior to social standards, is made by the Department of National Health and Welfare, Ottawa. Learning the hard way has advantages, the department states. A pampered child has little opportunity to solve life's problems in the school of hard-knocks [illegible] and error. Only through personal experience can we learn to conform to the standards of conduct which living demands.

New Cancer Dressing Service Definite Need

Over 130 cancer patients have been served by the new Cancer Dressing Service of the Alberta Branch of the Canadian Cancer Society, which commenced operations last January, it is revealed in a report issued by the Society. Active service is being given in Edmonton, Calgary, Medicine Hat, Lethbridge and Drumheller, while the remainder of the cases cover the Province from Peace River to the border.

The only service of its kind in Canada, the Cancer Service which operates from the Head Office of the branch in Calgary under the direction of Mrs. N.B. Symons, R.N., provides free dressing to all cancer patients in the province. This is a home dressing service and is not extended to patients in hospitals.

The approximate cost of the service since its inception has been about [illegible].

Assistance over an extended period is being given to the Dressing Service groups, [illegible] being the Catholic Women's league, the Ladies Auxiliary of the United Canadian Travellers, the [illegible] and groups of graduate nurses.

It is emphasized by the Society in its report that the service is entirely free, and dressings may be secured upon application.

Numerous letters from patients now fully recovered indicate that the service is filling a definite need in the comfort and care of both terminal and convalescent cancer patients.

Best Wishes

We wish to thank our Customers for their co-operation and patronage during the past year — and to extend best wishes for a Prosperous 1948.

Hospital Board Meets

The regular monthly meeting of the Vermilion Municipal hospital board was held on Saturday, Dec 13th with Chairman C. E. Thompson and Messrs. Tucker, McClellan, Alexander, Parker, Macnab and Master present.

Cash statement for November was presented by the Sec.-Treas. as follows:

Fwd. from October	$ 7180.43
Plus Nov. Receipts	2879.76
	$10,060.19
Less Nov. Disburs.	2762.54
	$ 7297.65

C. E. Thompson and J. C. Tucker were appointed to represent the Hospital Board at the convention of the Associated Hospitals of Alberta to be held in Red Deer Dec. 18th, 1947.

The following accounts were passed for payment:

M. Simonsen $1.80; Mrs. Knutson 30.80; National Drug Co. 22.00; Stevens Co's. 22.53; Leo Klashinsky 24.00; C.N.R. 6.16; T. Eaton Co. 16.36; Can. Utilities 166.76; Can. Liquid Air 6.56; Stanley Brock Co. 43.54; Long's Drug store 10.30; Nelson-Hill Hdwe. 12.67; Northern Hdwe. 9.15; Brimacombe Bros. 3.90; Vermilion Co-op store 2.75; Vermilion City Dairy 106.97; Craig's Ltd. 144.80; Stephens Ltd 285.34; Fisher & Burpee 3.36; Joe's Delivery 1.00; S. C. Heckbert 27.81; C.N. Telegram .37; F. Wilkinson 83; Franco Public Service 115.14; Postmaster 15.00; F. J. Richardson 10.36; Alta. Govt. Tel. 12.02; Salaries 1429.27. Total 12657.37.

It was decided to advertise for a full time secretary-treasurer in the Vermilion Standard and Edmonton Journal and that Miss Keith and Mr Thompson and Mr. Tucker be a committee to engage suitable applicant, duties to commence at the beginning of the year 1948.

The Board decided to place boiler insurance covering liability and property damage up to $15000 for any one accident; such insurance to be placed in the General Accident Assurance Co. through S. C. Heckbert, local agent, at a premium as quoted on the approximate amount of $175 for three [illegible]

The Supt. reported as follows: Hospital days 815; Patients admitted 120; Patients Discharged 142; Births 17, Deaths 2; Operations, major 12, minor 14. Meeting adjourned.

Demanding women make cowards of men. Appeasing women make dictators of men. Either make democracy impractical.

Hand Cleanliness

Need for hand cleanliness is the subject of a bulletin issued by the Department of National Health and Welfare. It isn't only a matter of decency but of vital health concern, say the doctors, for bacteria inevitably collect on the hands and are readily transmitted. Disease can spread very rapidly from germs that hands and nails may harbor.

THE STANDARD
VERMILION - - ALBERTA
ESTABLISHED [illegible]
Published Every Thursday Afternoon
At the Office, Main St.
E. R. P. COOPER — PUBLISHER

Vermilion, Alberta, January 1, 1948

NEW YEAR GREETINGS —

The Editor and staff convey their very best wishes for the New Year to the readers of the Standard, the advertisers, the regular correspondents, and to the numerous others who contribute to the news columns of the paper. To the many firms and organizations who patronize our job work department our sincere thanks and appreciation too, without this valuable adjunct to the business it would be impossible to maintain the very high standard of news coverage and presentation. The local newspaper comes closer to being a community enterprise than any other business and that this fact is recognized in Vermilion is verified by the support received. The columns of the Standard are always open to record the activities of each and every one of the many associations and organizations of Vermilion.

To revert to our original subject . . . A Happy, Healthy and Prosperous 1948 to everyone!

Your Christmas Seal donations are still needed. Send them now.

Owing to the Standard being issued on Wednesday, a day early this week, a very large amount of news had to be carried over.

"The Christmas Story" Presented At Elk Point

Members of the Elk Point Young People's club presented a delightful Christmas play in the Elk Point hall. The play was entitled "The Christmas Story" and depicted in a very delightful manner the story of the birth of Christ. The members are to be congratulated on the colorful costuming and the effective lighting as well as the smoothness of their performance. Over 300 people attended the presentation which was directed by Rev. W. N. Blackmore of the Elk Point United church and by Mrs Blackmore. Those taking part in the play were:

Mary—Gertrude Keck; the Angel Gabriel — Vern Raham; Elizabeth— [illegible]; Joseph — John Yacyno; King Herod — Robert Lambright; High Priest—Larry Selland, Simeon Eugene Dembicki, the Three Kings—Frank Lambright, Arthur Vaughan and Clarence Hoos. The Shepherds—John Stetsko, Barry Keck, Kenneth Jacobson, Dean Fenton, Johann Miller and Eddie Arnold; The Angels—Elizabeth Saldan, Jean Moruzyk, Doreen Lindquist, Muriel Hein, Evangeline Scraba and Norma Wessel. Among those assisting backstage were: Organ, Mrs. L. E. Hill; wards: Music, Virginia Arnold; Costuming, Mrs Marion Trevor and Mrs Wm Saldan, Lighting, Nick Wynnycki; Staging, Andrew Borstad and Lance Wessels. Prompter, J. A. Jacobson. Rev. W. N. Blackmore was the narrator and the vocal music was provided by the Elk Point United church choir.

The executive of the Elk Point Young People's club which was responsible for the play is as follows:—

President—Vern Raham; Vice-President—Gertrude Keck; Secretary—Doreen Lindquist; Treasurer — Margaret Hebden.

DEWBERRY

This year only a portion of the great many school children attending Dewberry schools took part in the Xmas concert. Miss Smith and Miss Free, teaching grades 1 to 5 were responsible and deserve considerable praise for their efforts in this connection. The hall is only about half large enough since the coming in of outside schools. There is some talk on [illegible] a [illegible] hall [illegible]. The writer thinks that Dewberry could well do with a much larger auditorium. How about a big arena which could be used winter and summer. With all the children coming into Dewberry a covered skating rink is just what is needed for their winter enjoyment.

Miss Jessie Donald who is to be married to Mr Howard Niblet of Edmonton on Jan. 3rd was honored at a miscellaneous shower and social evening in the Dewberry hall last Friday night.

A few [illegible] for Christmas but [illegible] to Mr and Mrs [illegible] Davies on the birth of a son.

Some of the local young people who spent Christmas at home include Allan McKay from college in Edmonton, Miss [illegible], Miss Rollimer from Normal school, Charlie Hodgson who this year did not put in an appearance [illegible] Montreal busy in a scientific laboratory working on cosmic rays.

Yes sir, we really have it now, snow about one foot deep.

Russell and [illegible] [illegible] the Xmas holiday. Bobby [illegible] [illegible] reunion.

Hang Clothing

Parents who have difficulty teaching children to be tidy and to hang up their discarded clothing now have the support of the Department of National Health and Welfare. In a bulletin the health authorities say that it is necessary to hang clothing which has been worn so that it will air thoroughly. Due to the perspiration from the body over a[illegible] clothing absorbs, [illegible] a matter of health concern. Frequent washing, pressing and brushing of clothing is also advised.

Since 1927, the year the Canadian Tuberculosis Association held its first Seal Sale, the death rate from tuberculosis in Canada has been cut [illegible]

BORN—To Mr and Mrs. J. V. Jacobson (nee Dolly Rattall) at the [illegible] hospital [illegible], on Dec 27, a daughter Wendy Faye. Weight 7 lbs. 8 oz.

Jim Watt of Barrhead and brother Bob of Ponoka spent Christmas visiting their parents Mr and Mrs A. M. Watt.

Ray Spencer of Ponoka spent Xmas with his parents Mr and Mrs R. B. Spencer.

Mr and Mrs Stan Calvert spent Christmas and the week end following with Stan's mother and sister Mrs. H. Hirsch and family in Edmonton.

Mr and Mrs Charles Holmberg of [illegible] Lakes Alberta, are visitors at the home of their daughter and family, Mr and Mrs F. H. Walker for Xmas and New Years.

Miss Peggy Filbie of Edmonton was a Christmas visitor at the home of her sister Mrs. Stan Manyluk.

Mrs. Del Meyer had as her guest for Christmas her sister Mrs. J. Trapp of Stony Plain.

Mr. and Mrs. Harold Meyer spent Christmas and Boxing Day at Leduc visiting at Mrs. Meyer's old family home.

Mr. and Mrs. Mike Holub left last week on a trip to Winnipeg, Man., where they are spending the Xmas holidays with their son Nicholas and family, as well as visiting other relatives and friends.

Gilbert Brimacombe of Holden spent Christmas with his father at the family home in town.

Barry Bell of Edmonton was a Christmas visitor at the home of his mother and brother Irvine, spending the week here.

Guests at the home of Mr and Mrs. A. C. Lindell for Christmas were their daughter and family, Mr and Mrs. Jim Hewlett and son Bobby, and their son and family Mr and Mrs Ronnie Lindell and little son Gordon [illegible].

A child's brown leather mitt has been picked up by Vern Voss and may be obtained at the New Way Cleaners.

Tom Forbes who is taking a commercial course at Alberta college in Edmonton is spending the Yuletide at the family home just south of town.

CARD OF THANKS

Mr. T. Sherwood wishes to thank the Busy Bee ladies for the pair of lovely slippers he received at Xmas.

Don't forget to send in your Xmas Seal donation.

Local News of Interest

Mr and Mrs. [illegible] and family enjoyed a real family re-union for Christmas and the holidays with Mr and Mrs. Donald Smith of Edmonton, Mr. and Mrs. Nelson Crowell and baby son of Wadena, Sask., son Jimmy home from the technical school at Calgary and Betty from the V.S.A.

Otto Repp returned Christmas week from a motor trip which took him right into Mexico. He accompanied his sister and her two children from Calgary to Los Angeles to visit another sister and from there went on to Mexico. The journey to Los Angeles was by the coastal route while the return journey was made inland so that a vast stretch of land was seen making the trip doubly interesting, enjoyable and highly educational.

Mr. and Mrs. K. R. Rowe enjoyed a complete family re-union for Xmas having their daughter and family Mr and Mrs. George Keech and little daughter Linda, Mr. and Mrs. Bill McJannett, and son Bob Rowe, all home from Edmonton from Wednesday to Sunday.

Mr. James Carey of Islay and Mr Norman Carey left by car on Tuesday last to spend the winter at Los Angeles.

Mrs. Engbaum of Drumheller is a guest at the home of her daughter Mr. and Mrs. Charles Hockhart for the Christmas season.

Mr and Mrs. Prescott of Saskatoon spent Christmas day and the following week end visiting at the home of their daughter and son-in-law, Dr and Mrs. A Ben King.

Cal Keys of Edmonton was a Xmas visitor to his old home town, spending from Wednesday to Sunday with his mother Mrs. F. Keys and sister Mrs. V. Poole and family.

Visitors at the home of Mr. and Mrs H C Oakley for the Christmas season are their daughter Mrs. O. Eldom of Loveland, Sask., and [illegible] son and daughter.

Mr and Mrs. Bill Pettigrew and daughter Marie spent Christmas at Wetaskiwin [illegible] Bill's parents at the old family home. This was the first occasion in 7 years that he had been home for Christmas.

[illegible], a [illegible] in Agriculture and Rob Reid, student in Forestry, both at the University of B.C., are home for Christmas vacation.

Percy Moffatt and daughter Miss Irene Moffatt motored to Unity, Sask., for Christmas where they were guests at the home of Mr. and Mrs. Walter Nelson.

Mr and Mrs. E. T. Rooke and family spent Christmas and the rest of the week at the home of Mrs. Rooke's mother Mrs. Bondhuss at Hemaruka. While there they also visited a sister Mrs. Billy Evans and family at Lindberg and made a tour of the new salt plant.

Mr and Mrs Hugh Brown and family plan to spend New Years with relatives at Killam.

Mr and Mrs. N. N. Bentley are spending New Year's week in Edmonton.

Mr and Mrs. E. Martin and daughter Joyce of Edmonton were visitors at the home of Mrs Martin's parents Mr and Mrs Wes Waldenberger, for Christmas.

Miss Rita Mallery who teaches at Westlock is home for the Yuletide.

Ernest [illegible] of Wetaskiwin spent Xmas at the family home south of town.

"Red" May of Edmonton and Mr. and Mrs. Fenton of Streamstown were Christmas visitors at the home of Mr and Mrs. N. May south of Vermilion.

The children of Holy Name parish entertained many of the parishioners at a Christmas concert held in the Elks hall on the evening of Friday, Dec. 19th. Much credit for getting such a delightful program ready is due to Miss Kay Martin and Miss Vivian Voss who spent much of their time getting the children prepared for the many numbers on the program. Rev. Fr. MacDonell, O.S.B., acted as Master of Ceremonies. After conclusion of the program Santa Claus arrived with Xmas goodies for each child. Later lunch and hot chocolate were served by Mrs. Jack Carroll and Miss Myrtle Killion and helpers. Thanks go to Mr. George Martin for his kind assistance.

Miss Eileen McLaughlin, accompanied by Miss Eva Primeau, returned to Edmonton on Sunday after spending the Christmas holidays at the former's home, Mr. and Mrs. Jack McLaughlin, north of Mannville.

Mr. and Mrs. Thomas Bothwell of Islay, Bill Bothwell of Regina and Will Muir of Islay, spent Christmas in Vermilion, guests at the home of Mr. and Mrs. Ashley H. Cooper.

Ethel Johnson was a Christmas visitor in Vermilion, returning to work at Westlock Saturday morning.

Melvin Fisk who has been living at Vancouver arrived home in time for Christmas. The coastal climate does not agree with Mel and doctors have told him to stay on the prairies.

Mr. and Mrs. Laird Kearns of Islay spent Christmas and Boxing Day with Laird's parents, Mr. and Mrs. T. N. Kearns.

Mr and Mrs. Gordon Downey spent Christmas week at Prince Albert Sask., where they enjoyed a visit with relatives. They returned home Tuesday of this week and can really appreciate our bright mild weather after exposure to the extreme cold and blizzards in and around P.A.

Mr. and Mrs. Alec Fallow of Edmonton were Christmas visitors at the home of the latter's parents, Mr. and Mrs C. P. Lipsey.

Brian Campbell-Hope spent Xmas at the family home in Edmonton. Just for variety Brian arrived home Wednesday afternoon by hitch-hiking.

Mr and Mrs. [illegible] spent Christmas in Edmonton, guests at the home of their daughter and family, Mr. and Mrs. John Gredeland. Mr. and Mrs. Norton returned home Monday afternoon.

Bob Bell who has been working in the southern part of the province, was home for the Christmas season.

Mr and Mrs. Harry Hamilton and daughters Audrey and Shiela of Mannville and Mr and Mrs. Cliff Hamilton of Dewberry spent Christmas Day in Vermilion, guests at the home of Mr. and Mrs. Gordon Williams.

Mr. and Mrs. W. Sinclair of Edmonton were in town for Christmas, guests at the home of the latter's parents, Mr and Mrs. A. E. Keiser.

W.A. TO CANADIAN LEGION

The W.A. to Canadian Legion will hold their regular meeting on Monday, Jan. 5th at 8 p.m. in the Legion hall.

Report to The People

By ROBERT FAIR
M.P. Battle River Constituency

As we are about to enter a new year, I wish to take this opportunity of wishing my readers a Happy and Prosperous 1948, and at the same time express to the Editor my appreciation for the privilege given me of reporting to the people in his territory, from time to time during the year.

For many people the past year has been a very trying one, particularly for the farming population who were confronted with an unusual number of hazards including a late spring, a period of drought and hot winds, several hailstorms and an unusually rainy spell during the latter part of August, September and October which made harvesting almost impossible and caused deterioration of the grain crops. In addition to this we have had certain changes in the agricultural program and price restrictions which seem to have caused our farmers a lot of worry. It is not necessary for me to enumerate these at this time as the people are already too well aware of the discomforts caused by recent changes.

The fourth session of the 20th Parliament opened on Dec. 5th and brought together members of parliament from all parts of the Dominion for the purpose of dealing with matters concerning the Geneva Trade Agreements, shortage of American dollars and also the extension of time granted the Government for price controls. The Speech from the Throne was read by the Governor-General and was unusually short this year. It made reference to the unsettled conditions throughout the world, to the prosperity in Canada, to the advantages gained by the signing of the Geneva Trade Agreements, to our U.S. dollar shortage and other matters of less importance.

The session started out in rather a stormy matter, the first skirmish taking place over the matter of procedure, and other flare-ups following from time to time. The state of unrest that exists all across Canada was evident as the different members rose to speak on the various matters brought before the House and perhaps I should state here that the Prime Minister brought very forcibly to the attention of the members the difficulties that exist economically, and politically, in England, and the other countries which he visited just before the opening of Parliament. It would seem that the world is now in a state of greater unrest than before the war broke out in 1939 and the attempts made by the United Nations delegates and, more recently, the Big Four foreign ministers would indicate that we may look for some months of unrest before conditions are finally settled.

The recent increases in the cost of living are the cause of grave concern among all sections of the people and from time to time strikes are called by organized labor for an increase in wages and this is immediately reflected in the price of the things being produced which means a further increase in the cost of living without any apparent course being followed to prevent or break, the constantly spiralling costs.

The farming population has been very anxious during recent weeks [illegible] what the Government [illegible] do about levelling up the price of coarse grains delivered between Aug. 1st and Oct. 21st, and up to the present time we have not been able to get a definite statement from the Government in this connection. Hog and cattle raisers have also been greatly concerned about having the prices of those commodities increased to meet the increased price of coarse grains since Oct. 21st. This would seem to hinge mainly on renewal of the British contracts and on the 15th of December the Prime Minister announced that final arrangements had been made with the British Government to continue our supplies of beef, bacon, cheese and eggs but at the time the announcement was made there was no specific price listed for any of the commodities mentioned, the agreement having been definitely agreed to only the night before the announcement was made. Later on however the minister of agriculture did [illegible] ate that the prices would be increased sufficiently to take care of the increased price of feed grains.

The austerity program announced by the minister of finance has also caused a lot of discontent and unrest among all sections of the Canadian people. While taxes up to the present time have had the effect of discouraging production in many lines, the recent announcement by the Minister continues to further increase the levied taxation by the imposition of a 25% excise tax on certain imports and also prohibits the importation of many electrical appliances which are in short supply in this country. This would seem to be the result, in part, of the Geneva Trade Agreements which have recently been signed and in my opinion will, in the very near future, cause unemployment and drastic reduction of our production. In my opinion, the best course for the many difficulties facing Canada at this time is inducement to agriculture and other industries to produce to the limit, supply our own people with their necessities and then export our surpluses to other countries taking back in return surpluses of other countries and making sure that our people have the necessary purchasing power to purchase the goods available until their needs are satisfied.

Creighton W. I.

The Creighton W.I. December meeting was held at the home of Mrs W. Donnerworth, Mrs Bennett presiding. After the business was ended, the rest of the articles made during the year were sold and $14.75 was realized. Being the Xmas meeting the exchange of gifts was greatly enjoyed by all the members.

The annual meeting was then held and election of officers for 1948 were as follows:

President—Mrs. Hanning
Vice Pres.—Mrs. J. Bennett
Sec Treas.—Mrs. C. Reeves
Directors—Mrs. O. Clark, Mrs. J. Pulyk, Mrs. W. Donnerworth
Social Welfare—Mrs. H. Robertson
Agriculture—Mrs. A. Westover
Home Economics—Mrs. W. Tate
Sick Committee—Mrs. O. Bennett, Mrs. H. Hamilton, Mrs. Hanning

Eleven meetings were held during 1947 and there are 11 paid members.

Chatsworth Chatter

(Crowded out last week, please make allowance for time elapsed.)

The very fine weather is the main topic of conversation these days.

The sympathy of friends here is extended to Mrs. McCormick recently bereaved by the passing of her sister, Mrs. Kavanagh of Edmonton.

Mrs. McKee and Cliff are busy moving into their house in town.

Mr and Mrs. Albert Tovell and little son Kenneth were visitors at the home of the former's father Mr. J. Tovell from Dec. [illegible]th until the 12th. They are now living at [illegible] where Albert is in charge of the [illegible] church.

The [illegible] meeting of [illegible] was held at Mrs. [illegible] [illegible] members [illegible] the table [illegible] for the [illegible] [illegible] $12 [illegible] The next meeting is to be held at Mrs. Joe [illegible] [illegible] the meeting will be held at Mrs. [illegible] [illegible] Mrs. [illegible]

[illegible] Chatter to be written this year the writer extends good wishes for health and prosperity throughout the New Year to the [illegible] staff and all readers.

[illegible] a holiday. It must be fought not only at Christmas time but all year round. Your Christmas Seals [illegible] only bits of colored paper [illegible] send in your donation to help save a life.

World News In Pictures

SANTA CLAUS TRAVELLED UNDER WATER—Christmas food parcels from Canada were carried to Britain by submarine and taken ashore at Portsmouth in the traditional Santa Claus manner. Bags slung over their backs, crew members of the Artemis, which sailed from Halifax, carry gifts from vessel.

INJURED ATHLETE RECEIVES $1,500—Injured in a collegiate football game, Billy Bradshaw, 18, of Brantford, Ont. came home from hospital, where he had a kidney removed, to find a benefit fund for him, sponsored by the collegiate club, had passed the $1,500 mark. Joyce Martin, secretary-treasurer of the club shows him the cheque. Billy was injured in the game with Galt, which won the Western Ontario Secondary Schools junior title for Brantford.

EN ROUTE TO JOIN FATHER—Hamilton-bound from Glasgow, Amelia and Irene Derrock, travelling with their mother, enjoy a break in their trip at a Canadian Red Cross reception centre. Their father came to Canada recently to find a home [illegible]

WIDOWED BY HURRICANE—[illegible] are three of the wives of 148 fishermen who died in the hurricane that struck their fishing fleet off the coast of Portugal recently. Five fishing vessels were destroyed in the blow. All the wives in the fishing village near Matosinhos were widowed. Top, one of the "coffin ships" tossed ashore after the hurricane abated.

INTERNATIONAL AMITY AT LAKE SUCCESS—Their countries may be at loggerheads and their parents may be bickering at U.N. meetings, but Anna Sturojev, Soviet Russia, and Catherine Houlbreque, France, set them good example as they play together at the U.N. school at Lake Success, N.Y.

UKRAINIAN QUEEN—Queen of the popularity contest sponsored by the Ukrainian people of [illegible] is Katherine Manchuk, 15. She was crowned by Acting Mayor [illegible] in the Winnipeg suburb.

"JUST WAIT TILL I TELL THE GANG ABOUT THIS"—"Oh, gee, gosh." That is what four-year-old Larry Dale McBryar Zavada [illegible] his parents told him that the stork is bringing mother four new babies soon. Mrs. Barbara Zavada, 25, shown above with her husband and son, disclosed that hospital X-rays indicate she will give birth soon [illegible] Dr. J. Wiley Hartman, examining physician, said he first suspected multiple birth when he examined Mrs. Zavada. Their home is [illegible]

POLICE CAUGHT HUNTING DEER—Police Chief William Cudmore and his assistant, George Bishtop of Bracebridge, were suspended by the town council after they had been charged with illegally hunting deer in Algonquin Park.

GOOSE BAY IS SCENE OF AIR-RESCUE OPERATIONS—Goose Bay [illegible] a war-born airport is the scene of another [illegible] operation. A few miles from this Goose Bay church a U.S. army transport crashed with 20 persons aboard. A helicopter was loaded on a transport plane at Chicopee, Mass., was [illegible] at Goose Bay and landed a half mile from the wreckage of the plane.

RELATIVES RECEIVE POSTHUMOUS AWARDS FOR WAR [illegible]—[illegible] awarded [illegible] overseas were received by relatives at investiture held by Viscount Alexander, governor-general, in Ottawa. Mrs. W. P. Kirvey, Toronto, wears D.S.O., D.F.C. and bar won by her son, Sqdn.-Ldr. W. T. Kirvey. With her are Mr. Kirvey and daughter.

KISSES OF GRATITUDE—Adele Hoven, 16, is kissed part and starboard by two of the five tots rescued when flames burst through the hot-air system of their home at Libertyville, Ill. while she was [illegible] with them. Adele made three trips [illegible] and brought out the five safely. All are children of Mrs. Robert L. Kick (right), of Libertyville, Ill., who called Adele's action "the most wonderful Christmas present in the world." The children are William, (left), and Danny Kick.

SHE KIDNAPPED HIM, HE SAYS—[illegible] (right) [illegible] Philadelphia police that Joyce [illegible] (left), 22-year-old mother, kidnapped and [illegible]. He said he gave her a lift in his car when she pleaded illness. In the car, he said she drew a gun, ordering him to drive [illegible]. She looted it of clothing and furnishings, he said, [illegible] drove off. She was ordered held without bail.

OUR COMPLETE SHORT STORY—

THE STRATEGIST

By DONALD J. MacLEOD

GLOOM hung like a fog over the small room. Both Joe Winsor and his sister Anne fixed their eyes on the pale green door of their mother's room. Silently the door opened and a shadow detached itself from the doorway. Dr. Miller stood before them and shook his head.

"I'm sorry, Joe, sorry Anne. She's gone."

Anne put her face in her hands and her red hair spilled over her shoulders. Joe sullenly eyed his sister as he pulverized his cigarette. Dr. Miller put his arm around Anne.

"She didn't suffer, Anne, she went quickly. Have a good cry, you'll feel better."

"Sure, let her cry, Doc," Joe said brusquely. "She fought with Ma for years." He lit a fresh cigarette and strode from the room.

When Anne got home, Bill Carson was sprawled on the sofa like a collapsed parachute. He had his fedora pulled over his face and an unpleasant odor floated above him. Anne slumped in the easy chair. Bill shifted his hat back on his head and squinted.

"Where yuh been, over at your old lady's again?"

Anne winced. "Please, Bill. You needn't worry about Mother bothering you again. She's dead."

Anne's voice was black coffee to his befogged brain. His bloodshot eyes raced around the room and rested on his wife.

"Dead, huh? Well, who yuh goin' fight with now?"

"You're the only reason Mother and I quarrelled. Mother warned me but I thought if you loved me enough you'd stop drinking."

Bill fumbled to find his tie and brush the hair out of his eyes.

"Thatso?" Bill said. "What a pretty speech. Let me tell yuh one thing, just one thing, I'm as good as thish Jimmy Sharp. If I'm not why'n yuh marry him? Just tell little Bill the answer to that one, just tell me."

Anne passed her hand across her forehead. "Bill, please. I don't feel like going over all that again. I'm going to lie down for awhile."

"Yah, go ahead. Lie down as long as yuh want. Yuh didn't answer little Bill, did yuh? I'm goin' get some air..." Bill weaved to the door, fumbled for the knob and carefully pulled it behind him.

Anne sighed, kicked off her pumps and slipped the flowered jersey dress over her head. She slid beneath the rose [illegible] and closed her eyes. The years began to march before her in review. It was away back, she couldn't have been more than ten when Dad died and Mother started planning her life and Joe's. That was the trouble. Mother planned every detail, where they went, whom they associated with. Joe had always been mother's little white-haired boy — he never questioned her plans.

A few more years hustled past and Mother began to suggest Jimmy would make a good husband. Anne liked Jimmy, it wasn't just because they'd gone to school together, it was something deeper. She had rebelled, not because he was only a grocery clerk but perhaps because mother had picked him. It seemed like yesterday she had been in the kitchen helping Mother with the dishes.

"Jimmy was wondering if you'd go roller skating Saturday night, Anne."

"Just I've heard of it, Mother. Anyway, I'm going out with Bill Carson."

"Jimmy phoned when you were out, dear. That Carson boy isn't good for you, he drinks."

"Not too much. I can arrange my own dates, Mother."

"I know, Anne, but Jimmy's such a nice boy."

Anne threw the tea towel on the rack.

"You've said it a million times, Mother. I'm sick of hearing it. Bill loves me and I'm going to marry him."

Anne still remembered the hurt that came into her mother's eyes. After the wedding, just before they left on their honeymoon, Anne noticed a strange look in her eyes. Anne laughed uneasily.

"Don't worry, Mother, we'll be happy."

Their marriage had been a series of [illegible] making black coffee and bailing Bill out of jail. Bill was penitent each time like a little boy who'd been caught stealing apples.

"It won't happen again, Anne. I promise." The laughter in his eyes was contagious.

"You always say the same thing, Bill."

"Anne..."

"Yes, Bill?"

"I love you, I love you, I love you..."

The words rolled on and on, growing fainter and fainter until they became a whisper. Anne sighed as sleep came.

Lawyer Ezra Snape adjusted his spectacles as he peered at the relatives of the late Mrs. Winsor. Anne dreaded the reading of the will, hadn't her mother caused her enough embarrassment? Anne thought the relatives looked like a bunch of vultures. Ezra's voice was droning on, "...and to my daughter, Anne, I leave my entire estate in the amount of $10,000."

Anne felt the heavy silence, Joe's surprised look and the stares of the vultures as she got and left the room.

Even after she got home Anne couldn't believe it, neither could Bill. "If you'll stop drinking, Bill, you can have $3,000 for yourself."

Bill beamed. "Anne, I'll do it, so help me. This time I'm serious."

It was four drunks and one month later that the telephone rang.

"Mrs. Carson?"

"Yes?"

"Acme Hotel here, your husband's in our cocktail bar, he's hurt..."

"How bad, tell me..."

"He's dead, Mrs. Carson."

The room turned, twisted, then began to spin around and around. Anne swayed, tried to stand but was sucked into the vortex.

Jimmy called around later to see if he could do anything to help.

"What's the answer, Jimmy?" Anne said.

"The answer to what, Anne?"

"To life."

Jimmy stood for a moment looking at her then put his big hand over hers. "Don't try to understand now, Anne."

It took Anne two years to find out she needed Jimmy. She smiled to herself as she nestled in his arms and felt the pressure of his lips against hers. Who but her mother could have planned such happiness?

SELECTED

RECIPES

PRUNE APPLE FILLING

- 1 cup chopped cooked prunes
- ¾ cup chopped apples
- ½ cup brown sugar, firmly packed
- ½ cup water
- 2 teaspoons vinegar or lemon juice
- ⅛ teaspoon salt
- ⅛ teaspoon cinnamon

Combine all ingredients and boil gently 5 minutes stirring often. Cool. Use as filling for coffee cake. Try serving the coffee cake for dessert with cream.

ROMANY FIG CAKE

(2 egg yolks)

- 2 cups sifted cake flour
- 2 teaspoons baking powder
- ¼ teaspoon salt
- ½ cup butter or other shortening
- ¾ cup light brown sugar, firmly packed
- 2 egg yolks, unbeaten
- ¾ cup milk
- 1 teaspoon vanilla

Sift flour once, measure, add baking powder and salt and sift together three times. Cream butter, add sugar gradually and cream together until light and fluffy. Add egg yolks and beat well. Add flour, alternately with milk, a small amount at a time, beating after each addition until smooth. Add vanilla. Bake in two greased 8-inch layer pans in moderate oven (375 deg. F.) 25 minutes or until done. Spread filling between layers and frosting over cake.

Uses Banknotes To Start Fire

STEWART, B.C.—Clare Lemen, on his way over the Salmon Glacier to Morris Summit Mine in search of a job, used every scrap of paper in his pockets, including some [illegible] money, to start a fire to keep warm.

Constable G. Nelson and trapper Bill Riddell, who had warned Lemen against making the trip because he was dressed lightly and had no equipment, went out to search for the young man when a cold spell set in suddenly.

They met him on his way back to Stewart. He had reached the Morris Summit cabins which are always kept supplied with food and oil and thus was able to cook himself a meal. He then decided to turn back.

RADAR SUCCESSFULLY [illegible]

LOS ANGELES.—Dust was so thick in Los Angeles harbor that the liner Matsonia had to use radar to find its dock. The Weather Bureau called it a Santa Ana dust storm. In some areas, [illegible] an hour, and it whistled down from the mountain passes to settle over the harbor like pea soup.

The world's first organized women's police force was formed in Australia in 1915.

SNIFFED, FOUND ROBBERS' LOOT—When two men were reported acting suspiciously about 30 miles from the scene of robbery at Stranraer, Sask., two R.C.M.P. dogs, Tell and Ignatz, were taken to the area to pick up the scent. Within a few hours Tell had located both men—F. Baker and F. Johnson, well-known criminals, according to the R.C.M.P.—hiding in patches of brush and long grass.

The second dog, Ignatz, shown here, sniffed out an old sock near where Baker had been hiding. The sock contained the $500 stolen cash, a bottle of explosive and a detonator.

Western Briefs

WINNIPEG — W. Trevor Davies, Manitoba director of safety, said November was the worst month for fatal accidents listed in the province since July, 1946, with a total of 16 persons killed.

• • •

HUDSON BAY, Sask.—A bylaw prohibiting the sale of any but pasteurized milk in Hudson Bay was passed unanimously by the town council at a meeting on Dec. 17.

• • • •

TISDALE, Sask.—The local government board has approved the issuing of debentures by the town of Tisdale to the amount of $150,000 to cover a waterworks and sewerage system.

• • • •

KIMBERLEY.—M. J. Evans of Kimberley, has received notifications that he has been awarded the CDA for services rendered to Canadian Drama. It is the first such award given in the interior of B.C.

In 1519 it took Magellan 1,091 days to travel around the world.

U.S. May Lease Land For B.C. Highway

Canada May Have 99-Year Lease On 15 Miles In Washington State

VICTORIA, B.C.—Canada may have a 99-year lease on 15 miles of United States land—in the State of Washington—when plans are completed for construction of Victory highway as part of the southern trans-provincial road system.

Works Minister E. C. Carson has been granted permission to put surveyors in the field in Washington state next spring to map the route.

The highway would cut south from Grand Forks, B.C., swing through American territory close to the international border and cut back into British Columbia near Rossland.

It would eliminate 53 miles of tortuous, mountain-side ride climbs over two summits, and would save $2,000,000 in construction costs.

Final decision on leasing-terms will have to come through negotiations on the highest diplomatic level at Ottawa and Washington, D.C., but it has been suggested a 99-year lease would be preferable to having the territory ceded outright.

TOKYO.—Farmer Yoshinori Yokomo of nearby Okayama went to a doctor to have an unhulled grain of rice removed from his eye.

The doctor took a long look and then removed a growing rice shoot.

Mennonites To Quit Canada

Twenty-Three Families To Leave Central Saskatchewan For Paraguay

GOULDTOWN, Sask.—Twenty-three Mennonite families will leave this west central Saskatchewan district for a new life in a new continent as soon as they can arrange transportation.

Numbering approximately 90 they will join more than 2,000 from Mennonite communities at Halbstadt and Altona, Man., in a migration that will carry them more than 6,000 miles to central Paraguay in South America.

Most of them belong to the Sommerfeldt sect, one of the four sects of the Mennonite Church whose history has been marked by frequent migrations in search of religious freedom. Some of the migrants came from Russia in the original Mennonite influx into Canada between 1870 and 1872, but most of them are children of the original settlers and were born in Mennonite communities scattered between Moose Jaw and Swift Current, Sask.

No definite reason for the migration has been given, but such moves are not considered uncommon. Shortly before the war a group left the Swift Current area for Mexico. Most of the Gouldtown group already have disposed of their property and are ready to leave when transportation and passports are arranged.

The sect originated in Holland in the 17th century and migrated first to Prussia, then to Russia to escape the bitter persecution that followed it. When they became [illegible] military service [illegible] has always refused [illegible] grants that came to North America.

In South America they plan to establish the same type of communal-farming village they built in the West during the early days of settlement.

First printer in the western hemisphere was Giovanni Paoli of Mexico City in 1539.

Letter Received From Rev. Harold Edwards

A very interesting letter written by the Rev. Harold A. Edwards in England was received by Mr. and Mrs. R. E. Stanley of Landonville this week. Rev. Edwards still evinced a keen interest in old friends and inquired of several people in the Landonville district, calling them by name in spite of the years elapsed since leaving here. He gave a most graphic account of living conditions in the old country but even with the strict rationing practically everyone manages to keep cheerful in spite of it all. He described the very heavy snow storm recently experienced which piled snow 8 to 12 ft deep and effectively stopped all traffic. This was almost disastrous as much of the rationed food is delivered by travelling vans and these were prevented from making their usual rounds. Under rationing it is impossible to have much of an extra supply in the house. He and Mrs. Edwards are very well and daughter Thea, now the mother of 4 children, resides but 2 miles away and is a frequent visitor spending every Sunday with her mother and father. The letter was written on Dec 17th which was Mr Edwards' 67th birthday. Commenting on the present government he noted that while they mean well they are unable to cope with present conditions and gave an example or two of rather amusing and [illegible] laws which had [illegible] passed. [illegible] ing the letter a person realized [illegible] very fortunate indeed we are to be living under conditions enjoyed in Canada — conditions not perfect by any means — but they are far, far ahead of those on any other continent.

The World of Wheat

By R. G. L. STRANGE

Director, Research Department, Searle Grain Company, Ltd.

ADDITIONAL DEMAND BALANCES ADDITIONAL SUPPLY

Some people venture the opinion that if Canada had not made a bi-lateral agreement with Britain to take 160 million bushels of wheat, this 160 million bushels would have been dumped upon the open market which, as one man put it, "Would have caused world wheat prices to collapse like a pack of cards."

Those who think this way I courteously suggest are in error, they have been ill-advised, for they forget that if there had been no agreement, and had this 160 million bushels a year been thrown on the open market, Britain would have had to come to the open market to buy that 160 million and so the additional supply of 160 million would have been immediately balanced by an additional demand from Britain for 160 million. The additional supply therefore would have been balanced exactly with the additional demand and so the world price of wheat would not have been affected by one cent.

Conversely, as is the case at present when 160 million is withdrawn from the open market and sold direct to Britain then this in turn is balanced by the 160 million less demand that the open market has from Britain. Again the 160 million less demand from Britain exactly balances the 160 million of less supply.

DENTAL CARE

The Department of National Health and Welfare, Ottawa, joins in urging care of the teeth. It points out in a recent bulletin that the great majority of people are subject to dental cavities. Dentists should be consulted at least twice a year in order that decay may be detected and checked in its incipient stages.

Dont forget to send in your Xmas Seal donation.

Bowtell Bulletin

The writer wishes to thank each and everyone for the greetings etc. which she received at Xmas time.

Mr. and Mrs. Russell Carroll and Madeleine, Mrs. Carroll, Sr., Mrs. M. Robinson and granddaughter Margaret all spent Christmas day at the home of Mr. and Mrs. O. Repp.

Mr. and Mrs. Walker and William were Christmas day visitors at the Bishop home in Vermilion.

The amateur program held at Bowtell school Dec. 22nd was much enjoyed. Mr. N. McClellan was emcee. Thanks are extended to Mrs. McGinnis for the music and a big thank you to our Santa who was very generous this year. It is impossible to mention everyone who took part in the program but we can say very definitely that everyone helped and all did very well, not forgetting our talented singer Mr. Schoof.

The writer's two children took part in the concert at Islay and the three teachers are to be congratulated on the excellent concert.

A very good time was enjoyed at the dance Friday night and over $40 was taken in at the door. Thanks folks, our club was getting a little short of funds.

Mr. and Mrs. Naylor of Edmonton spent Christmas with the latter's parents Mr. and Mrs. Morrison.

Mr. and Mrs. Schoof and family and Mr. and Mrs. Bert Moore and family were dinner guests of the Maggs' home.

Miss Mabelle Knutson spent two days of the holidays at her home in the district.

Mr. and Mrs. Vic Dedelly and Mr. L. Dedelly were guests at the home of Mr. and Mrs. H. Perkins for Xmas.

Mr. and Mrs. Jones were very pleased to have their son Clive home for Christmas.

Mr. and Mrs. Roberts, Mr. Killion and Myrtle, Mr. and Mrs. Hardie, Mr. Feckenpaugh and Jessie were all at the home of Mr. and Mrs. Dan Harrison for Christmas.

Jimmy Millar received a piano for Christmas and the writer hears that he is already taking music lessons.

The next Busy Bee meeting will be held at Mrs. Morrison's Jan. 8th — Ladies P.T.N.

The writer and husband were visitors at the Perkins' home Friday evening.

Some 5 head of horses were killed on the railway track south of Bews's recently.

Alberta's Agricultural Service Boards

The work of Alberta's Agricultural Service Boards was outlined recently by W. Lobay, Supervisor of these boards for the Alberta Department of Agriculture. Mr. Lobay points out that although Service Boards in Alberta have been in operation for only three years they are already showing what they can do in meeting the weed and soil conservation problems of [illegible] communities.

In carrying out the broad objectives of soil conservation and weed control the Agricultural Services Boards have done much to help the farmer with his immediate problems. They help to obtain clean seed of good quality for the district. Some of them operate seed cleaning equipment. Forage seed is obtained and distributed. Arrangements are made to fill gullies on fields where there is danger of further erosion. Demonstration fields are established in various parts of each M.D. to show best soil use in the district. The Field Supervisor and the D.A. keep farmers posted on weed chemicals and spraying equipment.

Largely through the efforts of the Service Board, some municipalities are back-sloping roads and are finding much to their surprise, that the costs incurred in building back-sloped roads are not significantly higher than the cost involved in building the straight bank road. Some Boards aid in farmstead planning and in helping out the young beginning farmer to establish himself. Kodachrome slides are taken during summer months and are used for illustration at the winter meetings sponsored by the Boards. A continuous educational program keeps the farmers up-to-date on all matters that have to do with good farming. Service Board activities are many, and these services are available to every ratepayer in the municipality.

GUEST SINGER

Baritone Charles Jordan, native of Montreal, appears again as guest artist on the Northern Electric Hour on Monday, January 5. For this program Gordon Forsyth, producer of the program, has arranged a broadcast which lends itself to the spirit of the new year. Paul Scherman, as usual, will be conducting.

NEW YEAR GREETINGS

For the past forty-two years, it has been our pleasure and privilege to serve you and our community. As the Old Year draws to a close and a New Year is born, we wish to take this opportunity to wish you each and everyone . . .

A Very Happy and Prosperous NEW YEAR

CRAIG BROS.

AS 1947 DRAWS TO A CLOSE . . .

we are reminded that this successful year is due in no small measure to your generous patronage. Kindly accept our cordial good wishes for . . .

A HAPPY NEW YEAR!

Provincial Liberal Leader Addresses Vermilion Audience

Making his first public appearance here since his election at a convention in Edmonton last June as leader of the Liberal party in Alberta, Mr. J. Harper Prowse, M.L.A., addressed a well attended meeting in the Elks hall, Vermilion, on Monday evening, Jan. 5. The Chairman of the meeting was Mr Hector Whitaker of Mannville, President of the Provincial constituency organization, and the speaker was introduced to the audience by Mr. Reg Mitchell, Regional vice-president of the Provincial executive.

"The people of Canada need never fear a return of conditions such as they experienced during the depression years," Mr Prowse told the meeting. "Through the Prairie Farm Assistance Act, the Agricultural Prices Support Act, the Family Allowances Act and long-term wheat agreements with Britain the Liberal government has taken the steps necessary to prevent the farmer from suffering from either crop failure or a drop in world prices." Mr. Prowse declared. "Through the Unemployment Insurance Act and planned public works the Liberal government has guaranteed those who work for wages against loss of their livelihood through unemployment. Steps are being made continually to improve the effectiveness of unemployment insurance, but today the fund has nearly $500,000,000 in it — sufficient to see us through any temporary recession we may experience as a result of chaotic world conditions."

Mr. Prowse explained to the audience that he had decided to join the Liberal party only after he had carefully studied all the various parties of this province and of Canada to decide, in his opinion, which party was best able to build the kind of a future for Canada which will be best for all Canadians.

He rejected the Social Credit party because he was convinced that their monetary theories were false and impossible of fulfillment regardless of any changes which might be made in the B.N.A. Act, or if they were in power at Ottawa. He said he could not join a party which based its appeal to the public on theories which he was convinced are economic fallacies.

He rejected the C. C. F. because their policies were based on Marxian socialism—and Marxian socialism is bound to lead eventually to totalitarianism, he explained. "If we are to plan production we must plan human effort and if you are going to plan human effort compulsion will be necessary—and compulsion leads inevitably to dictatorship," he stated. "Everything we have in Canada today, in Alberta today, was built up under a free enterprise system where men and women of vision and determination were able to dream dreams and make those dreams come true—without the necessity of first having to get permission from some government official," Mr. Prowse claimed.

He chose the Liberal party because its record of achievement during the past, during the war, and since the war was such that today Canada was better off than any other nation in the world. "Surely we must give credit for this to the wise men at the head of the Liberal party who were responsible for the policies and administration which brought us to this happy position," he said.

The basis on which the Liberal party is formed is the belief in the three principles of unity, security and freedom. "Liberals want to build a united nation where each man, while respecting the rights of his neighbor to differ from him, is willing to work with his neighbors for the good of all. Liberalism believes in free men and free women, and we accept only those restrictions on individual freedom which are necessary to prevent stupid and selfish individuals from infringing on the freedom of others.

Finally Liberalism believes that the first responsibility of government is to so order the affairs of the country that each person may be able to get security for himself, but where this is impossible through circumstances beyond the control of the individual it is the responsibility of government to provide that security," the Liberal leader declared.

In conclusion Mr. Prowse issued an invitation to all, especially younger people, to join the Liberal party, to help develop a platform in which they could have confidence and help to select candidates to carry the Liberal banner in the coming provincial election. "We want you to give us a candidate who will be of such high calibre that any person who will be fair enough to vote for the best man will have to vote Liberal."

Former Vermilion Man Is Appointed Bank Manager

ART BUTLER RETURNS TO HOME TOWN OF PEACE RIVER

Appointment of a new manager for the Peace River branch Canadian Bank of Commerce, was recently announced as a result of which J. H. McLeod, present manager, will be succeeded by A. K. Butler, Lethbridge.

The new manager is well known to many people in the district, as he is the second son of Mr. and Mrs. R. F. Butler, High Prairie. He commenced his service with the bank at Peace River, serving at various points in the province including Vermilion, latterly having been accountant at Lethbridge. This is his first managership. Mr. Butler is expected to arrive early in the new year and along with his wife and two children will take up residence in the house on [illegible] side drive being vacated by Mr. and Mrs. McLeod. —Peace River Record Gazette.

Bob Sinclair spent Christmas and New Years visiting his parents Mr. and Mrs. Ab Sinclair here. Bob is studying in Ottawa where he is taking a course in Journalism as well as at the school of education which fits him for teaching. Bob is quite a frequent visitor to the Parliament Buildings where his attention was caught by the Vermilion Standard in the House of Commons reading room.

LOCALS WIN FIRST START

DEFEAT BUFFALO COULEE 4-3

The Vermilion [illegible] in the new district league won a closely fought encounter last Saturday night from Buffalo Coulee by a 4-3 score. The boys from the south enjoyed the lead for the first half of the game only to see the homesters catch up and finish 1 lone goal to the good.

Buffalo Coulee iced the same team as in the first game. Vermilion presented a team practically all new to senior hockey in town with the exception of Stan Manyluk and Lee Williams who make up a formidable rear guard. Harold Baskell is playing goal. Alex Kata, Pete Tuner, Bob Maskell, Keith Dowdell, Dave Witwer and Allan Heidebrecht make up the more mature members of the team with Eddie Chesnick, Jim Wilkinson, Bill Williams, Mac Fisk, Hugh Swanson, Alec Link all recruits from last year's midgets.

Dave Witwer was high scorer for the town, getting 2 goals and 1 assist. Lee Williams and Eddie Chesnick got 1 goal each with Stan Manyluk getting 2 assists.

For Buffalo Coulee Bill Hyben notched 2, Hinton 1 and Bill Hull got 2 assists and Nick Kowalchuk 1.

Stan Waldenberger refereed. 290 fans were in attendance.

LINE-UPS

Vermilion — Baskell, Manyluk, L. Williams, Kata, Tuner, Maskell, K. Dowdell, Witwer, Chesnick, J. Wilkinson, Bill Williams, Fisk, H. Swanson, A. Heidebrecht, Link.

Buffalo Coulee — Brooks, Macnab, M. Kochen, J. Hull, J. Kochen, Hinton, W. Hull, Arthur, Cleland, W. Hyben, Hughes, H. Hyben, Kowalchuk.

Write-ups of games of Wednesday and Saturday will appear in the Standard the week following.

NEXT GAMES

Jan. 10—Vermilion vs Clandonald
Jan. 14—V.S.A. vs. Vermilion
Jan. 17—Buff. Coulee vs Clandonald

League standings and scoring statistics will appear in an early issue.

EMERGENCY GASOLINE SERVICE

Vermilion Motors will be open for gasoline and emergency service during holidays and late evenings from Sunday Jan. 11 to Jan. 17 inclusive.

C.C.F. Candidate Alexandra Constituency

George Henry Davies, prominent farmer of the Lloydminster district was recently the unanimous choice of a very well attended nominating convention held at Kitscoty to be the C.C.F. candidate in the [illegible] constituency at the [illegible] election.

Mr. Davies [illegible] Alberta moving to the Lloydminster district with his parents in [illegible]. Mr. Davies (age 38 years) married with a family of four children has always taken a very active interest in all co-operative and community activities. Evidence of Mr. Davies' keen interest in co-operative enterprise is the fact that for some years past he has taken an active part in the management of the Lloydminster and District Agricultural Co-operative Association Limited and is now president of that Association. Mr. Davies is also a member of the supervisory committee of the Lloydminster Savings and Credit Union and president of the New Deal Telephone Co.

Anglicans Commence Radio Sunday School

FIRST BROADCAST JANUARY 11th

The Anglican Diocese of Edmonton is commencing a radio Sunday school and the first broadcast will be heard over radio station CFRN Edmonton, on Sunday Jan. 11th from 10.15 a.m. to 11 a.m.

The New Farm Account Book

(Official issue by Dept. of National Revenue, Taxation Division.)

This book is now available free to Canadian farmers at all Post Offices and is one of the most remarkable publications ever devised by a Government. It is a blank form account book to help Canadian farmers keep track of their business the whole year round.

The new farm account book is a recently bound 44 page volume [illegible] inches in [illegible]. Following a [illegible] on the [illegible] 15 pages of [illegible] tion on farm [illegible] and [illegible] his transactions [illegible] to use.

FEATURES OF THE BOOKLET

The farmer's income tax return is a six page form which at first glance looks fairly complicated. The new Farm Account Book helps in simplifying this by numbering its headings to agree with the numbers on the tax return itself. For instance on one of the pages devoted to expenses under which the farmer lists his payments of wages and board for hired help he is referred directly to the exact spot where these items should be listed on his income tax return form. Similarly, each column of sales, expenses and other items is numbered to correspond with the item on the income tax return.

Another feature is the "Schedule of Depreciation" [illegible] where some 75 different items [illegible] farm [illegible] 25% per annum [illegible] years.

DISCOUNT SYSTEM CHANGED BY COUNCIL

The regular meeting of the town council was held Jan. 5th with Mayor Morrison and Crs Beaks, Dawson, Kehoe, Stach, Stephens, Urquhart present.

The following motions carried:

That Thomas Conboy be paid $[illegible] in lieu of services rendered for fire inspections made in 1947.

That the secretary notify tenants of the Vehnan residence that the town has now taken possession of the property and that all rents are payable to the [illegible] of the Town of Vermilion as from Jan. 1 1948 [illegible] be subject to sale.

That Lorne Dow be engaged [illegible] contract for the position of town scavenger at $150 per month and that he provide all necessary equipment and extra help required.

That J. Gerdey be granted additional compensation of $100 for the period Dec. 15 to April 15, for handling [illegible] in addition to his regular duties as town foreman.

[illegible] 3% on the balance [illegible] Payments may be made monthly [illegible] 1948.

Town accounts and steam heat accounts were passed and ordered paid, as on having been certified by the committees.

Pee-Wee Hockey Swings into Action

TWO GAMES WEEKLY — SAME NIGHTS AS DISTRICT LEAGUE

The Pee-Wee hockey players finally got underway Wednesday when the first of the regular league games was played. From now on two games will be played each week. These games immediately precede the district league games and are from 7 to 8.30 p.m. each Wednesday and Saturday.

The Pee-Wee January schedule follows. Write-up of the games will appear the week following, along with league standing, scoring records etc. if these can be secured from officials in charge.

At the smoker a decision will be made regarding the date of the grand official opening of the new hall.

Over Two Million Gallons of Water From Town Well

[illegible] Nov. 1st the huge quantity of [illegible] gallons of water have been [illegible] the town water supply [illegible]. The well has dropped a bare four feet during that time which according to engineers is quite a remarkable showing and indicates that Vermilion has indeed a very excellent water supply. An air pressure gauge records the depth of water in the well. [illegible] metered.

This water is at present being used at the power plant of the Canadian Utilities.

Annual Meeting, Banquet of Fish and Game League

The annual meeting of the Vermilion Branch of the Fish and Game league will be held on Thursday Jan. 22nd at George's Lower Deck at 7 p.m. Tickets will be sold at $1.25 per plate. 33-4

To Manage Busby Store

Mr. and Mrs. Robert Harkness and two girls, Connie and Beverly, left Thursday morning for Busby where Bob has been appointed manager of a Co-operative general store and hardware. The family leaves behind a host of friends who wish them the best of success and happiness in their new home.

LOCAL NEWS

Miss Kae Martin was an Edmonton visitor for the New Year holidays.

Mr Jack Monroe of Lloydminster was a holiday guest at the home of Mr and Mrs. M Chapman.

Johnny Webb of Edmonton spent the New Years week end at the family home in town.

E. Katz was a Prince Albert, Sask., visitor last Friday, seeing his mother and brother.

MILD WEATHER

December of 1947 was the mildest for 44 years and so far temperatures during January have even become milder than those in December.

IN MEMORIAM

In loving memory of our wife and mother,
Mrs. Nellie Thompson, of Mannville
—who passed away Jan. 10th, 1947.
"Nothing can ever take away
The love a heart holds dear,
Fond memories linger every day
Remembrance keeps her near."
—Ever remembered by her loving husband and family.

Frank Everitt who is spending the winter in Edmonton passed through Vermilion Monday and looked up many of his old friends while here.

How does your label read?

CAUSE OF FARM FIRES

Defective chimneys and flues were the principal cause of house fires on farms in the 12 months ending June, 1947. In that period some 3,000 farm fires occurred. It is estimated that the use of inflammable liquids such as coal oil and gasoline caused 300 fires.

OBITUARY

MRS. HELEN McNAIR

Funeral services for Mrs. Helen McNair, late wife of Mr John McNair of the Vermilion district, were held in the Vermilion United church at 2.00 o'clock Dec 11th. Rev. R. S. Reckie officiated and interment took place in the Vermilion cemetery. The pallbearers were: Mr George Wilson, Mr D. McGrath, Mr Tom Wilson, Charles, Clifford and Roy Oldenburg.

Many beautiful floral tributes were received from the following:

Jack and Win Watt, Mr and Mrs. Watley and Alvin, Mrs M Oldenburg; Clifford and Edna, Charles and Dorothy, Roy, Dorothy, Lee and Bob; Mr and Mrs. Logan Gow and family, The Vanesti Community, Mrs. Rodman and family, Mr and Mrs. Williamson and Em., Mr. and Mrs. Martin Seitz, Mr and Mrs A W Elliott and family, Mr and Mrs. Eschman, Mr. and Mrs Charlie Bodnam and family; Webber family, Mr and Mrs Chas. McGrath; Duff, Mary and family, Geo. Wilson, The Lysons' Family, Christie and Jennie, Mrs. Sanborn, Mr and Mrs Roger Watt and family, Mr and Mrs Tom Wilson.

Mrs McNair is survived by her husband, two sisters, one in New York and one in Liverpool, a nephew Jack Watt of Edmonton.

Mrs McNair was born in Milton, Dumbarton Shire Scotland. In 1904 she married John McNair. Shortly after M McNair journeyed to Canada where he took up residence in North Battleford. There Mrs McNair arrived some months later. In 1906 they travelled on to Vermilion and in 1907 took up a homestead in the Clanton district where they have lived ever since.

The sympathy of a wide circle of friends goes out to Mr McNair. Mrs McNair will be missed by friends and neighbors for their home was always a most hospitable one.

A. R. P. COOPER — PUBLISHER

Vermilion, Alberta, January 8, 1948.

FREE BOOKS . . .

Anyone interested in public health, and, in fact in almost any phase of health conservation, may study it free. The federal government, in co-operation with provincial authorities, issues a whole series of very informative publications. These may be had on application to any provincial or local health office.

GIVING THE PEOPLE WHAT THEY DEMAND —

The late William Aberhart laid it down as a fundamental of Democracy that the people must state loudly and clearly the results which they want, and that they must hold the Government responsible for getting those results for them.

The Alberta Educational Council, which last year led a campaign on behalf of increased Government financial support of education and which is just commencing a similar effort this year, believes that the people of Alberta want a big reform in the financing of elementary and secondary education. Leaving out anything which may have been submitted to the Judge Commission, we know that responsible bodies everywhere are in revolt against steadily rising school levies on real property. Some municipalities are beginning to starve other services to keep up with school costs, other municipalities were verbally spanked by the Minister of Municipal Affairs last fall for running on a deficit.

The people of Alberta realize that the school population of this province is based upon the universal tendency of young people to get married and raise families. Nothing could be "broader-based" than that. It is clear that the system of taxation necessary to provide the money to educate these children should be just as broadly based.

Many thousands of dollars are still needed to continue the battle against tuberculosis. Send in your donation — today!

ISLAY

First of a series of entertainments in the hall will be a Bingo, followed by a dance, Friday, Jan. 9th.

We believe congratulations are due Mr. and Mrs. Neil Ott, Pichardville, on the birth of a son, also to Mr and Mrs. Henry Elliott, a girl, and Mr and Mrs. Russel Purhonen a son, William Lloyd.

Mr. Albert Anderson and Mr. Robt Martin are keeping each other company in the hospital and Rev Mr. Driver paid them a call on Tuesday.

The Farm Forum group which meets once every two weeks met at the home of Mr and Mrs Ed McFadyen. A splendid discussion on Co-ops was enjoyed as was Mrs McFadyen's lunch. On the 19th we meet at Bill Muir's weather permitting, if not, then at Mr and Mrs John Young's. Anyone is welcome.

We notice wood haulers bringing the wood home. Ralph Anderson, Henry Olds, and has he a huge pile, Gordon Robinson, Eddie Rindale, and Eddie has a sawyer there cutting it up.

Saw a car sitting for a long time in front of Mr and Mrs. McNeely's on Monday night with the tail light burning. We wondered if Vera had forgotten to turn off all the lights thus running her battery down?

On Xmas day Ray took a parcel to Roscoe, but the stuff inside the parcel was for Betty—Roscoe and Ray are the dogs. Roscoe couldn't very well use the present, except for a tug-o-war. Ray is Bessie Anderson's dog.

Skating is good on the Islay rink and it is a full stand almost of ice too.

Mr Lewis who was keeping the fire going in Mr Clarke's house during a few days holidays, thought spooks had visited the place as he went in one day and found the whole ceiling paper of one room on the floor—newly papered too—but could not find any tracks. On looking further more paper was found to be loose so he just decided that the paper hanger hadn't glued his paper.

Fred and Yvonne Stotzhauser had a visit with Willie Redmond on the bus coming from Edmonton. Miss Eleanor Leadbeater another one time teacher here stopped over from the bus in Vermilion on Sunday and visited Mr and Mrs Ashley Cooper and Mrs. Bothwell and Bill Muir went up to have a visit too. Eleanor was on her way to Jasper from Kindersley, Sask.

Mary McFadyen with her jolly smile is on service now at the Islay drug store.

WORLD ••• HAPPENINGS ••• BRIEFLY TOLD

Princess Elizabeth and Prince Philip have given to charity all the cash that was sent them as wedding presents.

To warn him of poultry thieves a resident of Gravesend, England, has installed electrically-operated bells in his chicken run.

Canadian labor's pay envelope was swelled by some $400,000,000 in the first nine months of 1947, as compared with the same period in 1946.

Johann Hoffman, a former Krupp tank designer, testified at an American war crime trial that Krupp-made tanks were secretly taken to Russia in 1932 for trial manoeuvres.

Four Canadian army officers will begin one-year staff courses early in the new year in England and Australia, Hon. Brooke Claxton, defence minister, announces.

Ice cream production in Canada during November amounted to 1,170,000 gallons, compared with 666,000 in the like month of 1946, according to the Dominion Bureau of Statistics.

PARIS.—Rene Mayer, finance minister, announced a special 400,000 franc ($3,360) yearly tax on night clubs and new levies on gasoline, precious metals, alcohol, spices and other luxury products.

The United States and Great Britain have agreed to buy up to 70,000 tons of fish from Iceland for consumption in the combined British-American zones of Germany during 1948.

HUNTING RESTRICTED IN ARCTIC AREAS OF CANADA

TORONTO.—Taking in most of the Arctic islands and a large slice of the adjoining mainland in those chilly latitudes, Canada has established a game sanctuary where only the Eskimos and the R.C.M.P. are allowed to hunt—the Mounties in a restricted degree.

Seals, the Eskimo may slay without limit, for they are his main aid to existence and so wary he can never exterminate them. But his ruthless slaughter of walrus has compelled the federal government to limit his bag, nowadays, very radically.

And a former waste is sternly frowned upon—an Eskimo is forbidden to feed Arctic salmon trout to his dogs.

Prize Winning Apron

First prize for beauty plus utility goes to Pattern 4874. Half apron takes only one yard fabric, with button-on bib, ⅓ yard more. For gifts, bridge prizes, bazaars, embroider these lovely roses!

This pattern, easy to use, simple to sew, is tested for fit. Includes complete illustrated instructions.

Pattern 4874 comes in one size medium. Embroidery transfer included.

Send twenty-five cents (25c) in coins (stamps cannot be accepted) for this pattern. Write plainly size, Name, Address and Style Number and send orders to the Anne Adams Pattern Dept., Winnipeg Newspaper Union, 175 McDermot Ave. E., Winnipeg, Man.

QUITE AN EASY JOB

If you want to catch a live alligator hold his mouth shut and tie him up. According to the World Book Encyclopedia, the animal's jaws are powerful but once they are shut, a man can hold them closed easily with his bare hands. 2736

SMUGGLING ATTEMPT THAT FAILED—Year's imprisonment and a $28,000 fine was the penalty for Georges Geoffrey, 32, French diplomat, who tried to smuggle 290 watches, pinned inside his waistcoat and jacket, into England. Customs men questioned him so long, he collapsed under the load.

Royal Bank Of Canada Has Profitable Year

The increased momentum of Canadian business activity during the past 12 months is clearly reflected in the balance sheet issued by The Royal Bank of Canada for the year ending November 29, 1947. Profits are substantially higher, public deposits and loans both in Canada and abroad show notable gains, while the traditional strength of the bank is again evident in all departments of its operations.

Public deposits which last year registered a marked increase, have again risen to a total of $1,843,300,533. This is almost double the volume of five years ago and represents an increase for the year of over $32,900,000. Dominion and Provincial Government deposits have declined $62,573,092.

Commercial loans in Canada which began a steady upward trend three years ago, have increased by more than $120,000,000 and now stand at a total of $425,872,162. Commercial loans by the bank's foreign branches have also increased from $100,964,911 to $118,717,442.

The increasing use of the bank's funds for commercial loaning purposes has been accompanied by a natural reduction in investments in Government and other public securities, the total under this heading being $873,847,463, as compared with $1,000,000,240 a year ago.

Total assets amounting to $2,000,641,719 are slightly below the record figure of last year. This decrease is more than accounted for by the drop in Dominion and Provincial Government deposits previously noted.

The liquid position of the bank is as usual very strong, the percentage of liquid assets to public liabilities being 74.0 per cent.

Profits for the year after the usual contribution to the Pension Fund Society and appropriation for Contingency Reserves amounted to $8,726,519, an increase of $1,818,133 over the figure for the previous year. Out of total profits an amount of $2,650,000 has been set aside for Dominion and Provincial Government taxes, an increase of $795,000. In addition an amount of $882,687 has been provided for depreciation of Bank Premises, leaving a net profit of $4,981,832. This figure compares with $4,020,805 a year ago. Out of net profits, dividends amounting to $2,975,000 were paid, and $2,006,832 carried forward to surplus which now stands at $3,474,246.

MANY SETTLE IN BRITISH COLUMBIA DURING 1947

VICTORIA. A total of 7,986 families receiving family allowance came to British Columbia during 1947, while 2,922 left for other parts of the Dominion, according to W. R. Bone, regional director of family allowances.

Alberta heads the list, both for transfers in and out, sending 2,304 families and receiving 1,196.

Saskatchewan was second with 2,449 leaving for the coast and 306 leaving for that province. Total payments of allowances in B.C. for 1947 amounted to $17,412,606.

JUDGE FINES SELF FOR RECKLESS DRIVING

INVERNESS, Fla. Seventy-eight-year-old Judge E. C. May has fined himself $20 for reckless driving although a state trooper refused to make a charge against him.

The judge filed the charge against himself after losing control of his automobile on a sand-rutted road and hitting a tree.

He reported the crash to Cpl. C. L. Blount. The latter decided the judge was blameless.

Not so, said the judge, and assessed his usual fine.

AIRMAN'S AUTOGRAPHED DOLLAR TURNS UP AFTER FOUR YEARS — 5,000 MILES AWAY

OTTAWA.—When money talks it generally says "Goodbye" but in the case of Bert Peppy, of Ottawa, it just said "Au Revoir".

For four years and 5,000 miles later a Canadian dollar bill he autographed and exchanged with an American airman in Algiers, was returned to him.

On December 17, 1943, while stationed at R.C.A.F. district headquarters in North Africa he put his signature on the bill, the date, and the words "I'll keep you to your word". He gave the bill to the American who gave him an autographed American dollar in return.

On December 20, 1947, four years and three days later Bob Slattery, a clerk in one of Ottawa's Dominion Stores, spotted the bill which was given him by a customer.

Slattery lives in the same apartment house as Peppy and recognized the signature and brought the bill home.

The dollar bill given Peppy by the American was lost with his kit during the North American campaign and now Peppy has no way of knowing how to tell his friend he has got the bill back.

As for the words "I'll keep you to your word" written on the dollar bill, Peppy just can't remember what they refer to—probably a promise that they would meet somewhere after the war and treat each other to a drink.

WASHINGTON. Living costs in the United States reached a record high in mid-November, the labor statistics bureau reported, adding to the hint that 1948 would start at an even higher level.

Experts Plan Depression Stop-Gap

Dominion Economists And Engineers Working On Plans For Public Works Projects

OTTAWA.—Although agreement still is lacking among the Dominion and the provinces on a post-war public investment program, a group of economists and engineers in the reconstruction department is building plans for public works projects that could serve as stop-gap measures against unemployment in the event of a depression.

The economists keep their fingers on the pulse of trade and investment and attempt to predict the future of affairs from Halifax to Vancouver.

The engineers, armed with the results of research, work on plans that could be carried out through co-operation among the Dominion, provincial and municipal governments in periods of economic recession and unemployment.

So far the group has prepared plans for $80,000,000 in public projects and it is expected the figure will be boosted to $100,000,000 by next June. A member of the group estimated at least $700,000,000 could be called into use provided the Dominion, provincial and municipal governments co-operated.

However, he said, no amount of public investment could alone cure a depression. The key to depression rested in private investment and exports. As both dropped, danger of a depression increased.

At the moment the government is stressing expansion of private investment and exports, he said. It is studying how public funds could be used to stimulate that expansion. It also is keeping in mind the desirability of having in reserve a program of public investment that could be used as a stop-gap measure in the event of a depression.

Hammocks were invented by Indians in the Amazon basin.

Health LEAGUE of CANADA presents TOPICS of VITAL INTEREST

OATMEAL TERMED NECESSARY FOOD

The great Samuel Johnson briefly summed up his thoughts concerning oats as follows:

"Oats," he said, "we feed to horses in England but in Scotland they support the people."

And Boswell retorted: "Yes, but where can you find such horses as in England or such men as in Scotland?"

Though contemptuous of food Johnson and Boswell were ignorant, as were most people in their time, about nutrition. Johnson, for instance, frequently suffered from illness caused by a faulty diet. Nevertheless, Boswell was close to the mark when he attributed the sturdiness of the Scots to their [illegible] use of oats.

The [illegible] of Scotland in those old days [illegible] almost largely on oats. Oatmeal porridge made their morning meal and evening meal and oatcakes were their own form of bread. The oats provided them with energy, with [illegible] minerals and with generous amounts of the important vitamin B1 (thiamine), [illegible] which our modern diets are all too often deficient. Oatmeal is a fuel provider, a [illegible], and protective food.

Dr. L. B. Pett, chief of the Nutrition Division, Department of National Health and Welfare, once remarked that "we would be a better nourished nation if everyone started the day with a bowl of oatmeal or other whole grain cereal." He added that too many Canadians skimp on breakfast.

"When this important meal does not carry its share of the health protective foods it is difficult to get all that is required in the other two meals," he said.

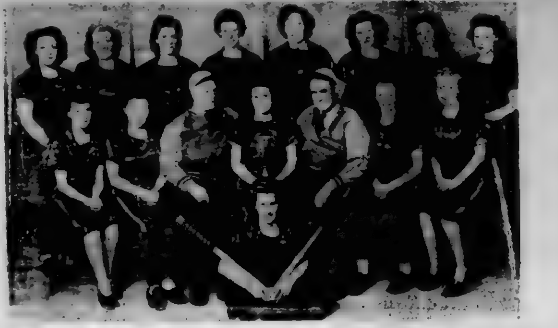
Mannville Bluebirds, 1947 Alberta Intermediate Fastball Champions



Five provincial championships in eight seasons of campaigning in Alberta intermediate women's fastball is the proud record of the Mannville Bluebirds pictured here. The team was honored recently at a banquet by the Mannville board of trade. Following [illegible] personnel: Back row, left to right, Laura Duckenworth, [illegible], Marion Emmett, Nancy [illegible], Florence Neal, Norma Watling, Joyce Haluschak and Irene Rose; front row, left to right, Jackie Antrim, Mabel Wilson, A. E. Williams, manager, Joy Manz, captain, W. O. Antrim, coach, Lois Staden, Rhoda Smith and Anne Sunderland, 12-year-old mascot. Championships were won in 1940, 1942, 1944, 1945 and 1947.

Picture by Studio of Photographic Arts, Vermilion.

Win Five Fastball Titles in Eight Years

Five provincial fastball championships in eight seasons is the proud record of the Mannville Bluebirds' fastball club pictured above. An enviable record indeed for a team from a town of [illegible] population. The Board of Trade of that town paid homage to the team members, their manager and their coach at a banquet held recently.

The Bluebirds were organized back in 1939 and after a strenuous season of practice and coaching, playing at sports days and exhibition games, the team was judged to be ready for tougher competition. In 1940 the Provincial Intermediate Fastball play-offs were entered and in the very first attempt the provincial title was brought home. In 1941 they entered the senior play-offs and gave a very fighting account of themselves. In 1942 they dropped back to the intermediate division and again won the title, repeating in 1944 and 1945. In 1946 the Bluebirds did not enter the play-offs but the fans, numbered truly in thousands wanted to see the girls back in action and the Bluebirds could not withstand the popular demand so 1947 found them again gunning for and bringing home the Alberta Intermediate Fastball championship.

Accomplishing this feat in 1947 was a difficult task, competition was keener than ever and more teams were entered in the play downs. The teams met and vanquished in 1947 in order were Westlock, Edmonton [illegible], Stroms Legionaires, Calgary Locomotives and Lethbridge [illegible].

SCOUTING'S 40th ANNIVERSARY

The year 1948 marks the 40th anniversary of the establishment of the Boy Scout Movement. Throughout the world five million boys and leaders will this year honor the memory of the Founder of Scouting, Lord Baden-Powell of Gilwell. The principles upon which B-P founded this great youth movement have stood the test of time and are still being followed. Scouting is today recognized as the worlds' largest uniformed non-military organization.

The World of Wheat

By H. G. L. STRANGE

Director, Research Department, Searle Grain Company, Ltd.

THIS HUNGRY WORLD

Week by week, for the last two years we have been told about the hungry world; that bread is rationed in [illegible] all overseas countries and that millions of people are receiving [illegible] and bread. Considering all this it seems queer to read that the Dominion Government at the recent Dominion-Provincial Agricultural conference [illegible] recommendations for an [illegible] in wheat acreage. The Government [illegible] proposed the Conference [illegible] the same targets [illegible] last year. Last year it will be remembered, in spite of the great [illegible] of wheat, this same [illegible] Provincial conference [illegible] wheat acreage of [illegible] million [illegible] wheat [illegible] the [illegible] of [illegible] wheat [illegible] it will be [illegible] will support the [illegible] people [illegible] which are fed [illegible] Wheat is the food the [illegible] Canada [illegible] additional [illegible] in wheat [illegible] out of her [illegible] million acres of [illegible] cultivation to help to provide additional bread for the hungry world. The United States [illegible] increased wheat acreage by [illegible] million acres. Should not Canada also do her full share?

[illegible]

If you can arrange to have a change of clothing at the office or shop or factory you can save yourself from a possible threat to health when you get wet. Medical authorities suggest that an extra pair of socks and a spare pair of shoes will make possible a switch to dry things if you get wet going to work. Then you won't have to sit around in damp clothes [illegible] same thing.

The loudest voices do not always represent the largest number.

Senior Home Nursing Exam. Results at Elk Point

Results of the class examination in Senior Home Nursing held here under the auspices of the Elk Point Centre of the St. John Ambulance Association was announced by the Centre Secretary Mr. J. V. Jacobson. The class had been conducted during the past five months by Mrs. Marion Trodger, R.N., B.Sc., and consisted of eleven students. The standard for the class was quite high with no person obtaining an average of less than 75%. The examination was conducted by Dr. A. Wiegerinck with the assistance of Mrs. Doris Andriechuk, R.N. and Mrs. W. N. Blackmore, R.N. Successful candidates were: Mrs. Margaret Dartling, Mrs. N. B. Sumpton, Miss Margaret Yaoyna, Mrs. Marion Trodger, Mrs. Harry Koch, Mrs. Wm. Holden, Misses Muriel Holt, Marion Johnson and Joyce Mulholland, Mrs. Eugene McDonnell and Mr. Sydney Kelon.

A class in Junior Home Nursing will commence in January under the instruction of Mrs. N. B. Sumpton. It is expected about 16 students will participate.

Mr. R. C. Emmett, Provincial Superintendent of the St. John Ambulance Association in Edmonton, will examine the teams from [illegible] and Nursing Cadet Divisions who are competing for the J. B. Grant & Son First Aid trophy and for the Wallace Nesbitt Jr. First Aid trophy. The examinations will be held on Jan. 14th and 15th.

Three Men Testify

All "Co-op" Officials
All favour keeping Grain Exchanges open
All want "Futures" markets continued

Read what two of them said before United States Congressional Committee on December 4th and what Mr. Davis said in St. Louis recently.

Testimony of Mr. Herman Skyberg:

Mr. Herman Skyberg, President of the Farmers' Co-operative Marketing Association of East Grand Forks, Minnesota, said,

"With the present marketing system (i.e. Grain Exchange and "futures" markets) we have protection and do not have to carry the risk. As our manager buys grain from farmer members he sells "futures" in the Minneapolis Grain Exchange. This gives us security and insurance." His co-operative favoured continuance of open markets and "futures" trading. Therefore his [illegible] had unanimously approved of his [illegible] the Congressional [illegible] to express their wish that this [illegible] market for their grain be continued in operation. • • • •

Remember—his co-operative members received double the price co-operative members get in Canada, where the wheat price is controlled by Government.

Testimony of Mr. Roy Crawford:

Mr. Roy Crawford, General Manager of a large Kansas Co-operative with 236 locals said,

"The "futures" market of the Grain Exchanges (in our case principally Kansas City and to some extent Chicago) are vital cogs in the marketing machinery of the present distributive system which we use in disposing of the farmers' grain".

Mr. Crawford said [illegible] "The Speculative Market" because, he added,

"The speculator gives to these markets breadth and liquidity and that the grain "Futures" market provides buying power by concentrating in one general market place, demand from all sources, including the Millers, the Processors, [illegible] exporters—and the individual risk dealers or speculators."

Statement of Mr. John H. Davis:

Speaking in St. Louis recently, John H. Davis, Executive Vice-President of National Council of Co-operatives, said,

"The principle role of government in a long-range agriculture [illegible] in research, education [illegible] ment. We should depend on free enterprise to provide the markets. We can't call it a free market when the government maintains production restrictions and price controls on agricultural products. The government's function of adjustment is maintaining the mechanism of controls and subsidies for us in an emergency such as occurred in 1933. However, we hope to stay as far away as possible from restriction of production and subsidizing of prices."

Space does not permit printing the full testimony.
If you wish to have it, mail Coupon below

Despite these testimonies the Canadian "Pools" want to close the Winnipeg Grain Exchange, although between them, they own ten memberships in it. And their members are actively trading in the "futures" market for coarse grains every day. Does this make sense to you, Mr. Farmer? The simple fact is that the Leaders of the Pools want to close the Exchange to get a vise-like monopoly control.

Farmers are cordially invited to visit the Exchange during trading hours, 9:30 to 1:15 p.m. Ask to see the President or Secretary or any other member. Ask questions. Straight answers will be given.

All our members favour a "floor" price for wheat administered by the Canadian Wheat Board. But they also believe that farmers should have the opportunity to get top world prices NOW, through open markets, while prices are high.

The more farmers know about the Exchange, the better it will be for all concerned. Meantime mail the coupon below for booklet explaining the Canadian Wheat Board Act and how you are regulated and controlled by it, in its present form.

MR. FARMER—

Mail this coupon *NOW* to learn how you and your grain are regulated and controlled.

To The Winnipeg Grain Exchange,
Winnipeg, Manitoba.
Please mail booklet to which you refer above.

OUR COMPLETE SHORT STORY—

:: HABIT ::

By KATHRN BEIRS

AT five-thirty p.m. as usual, George Madison left the First National Bank of Crosstown. He started up the busy street with that deliberate tread of his, then swung back to the corner. It might look suspicious to change his ways tonight.

"The same, sir?" asked old Tim, blind since the battle of the Marne in the First World War.

"Yes," said George, wincing as his nickle banged the tin cup.

"A bit cool for April," offered Tim, handing up the Crosstown Evening News. "Got to know weather, don't we—being out in it every day like me an' you. Say—jus' how many years you been comin' from the First National to get my papers?"

George started, paled. Couldn't let on to the old fool that after tonight he wouldn't be around, couldn't explain that after tonight he'd be a free man, a man of means, no longer a slave. Only thing you could call a bank teller, wasn't it?

"It's—it's about 15 years," came from George's dry lips.

"No doubt the bank folks are pretty fond of you by this time," commented Tim. "They're mighty nice to me, too, from the president down."

"Yes, of course," chopped out George, swinging away.

Mrs. Murrey's gloomy boarding house irritated him more than ever tonight. The worn strip of Brussels on the front stairs, the odor of baked beans—always beans on Tuesdays. The bare neatness of his small bedroom with its golden oak furniture, his row of biographical and statistical books topping the rickety desk, his worn leather slippers beside the bed, the faded blue counterpane, all filled him with disgust. Genteel poverty! Smart men didn't know poverty!

His reflection in the wavy mirror over his dresser startled him. He ran a broken-toothed comb through his mousy brown hair. Blue eyes stared accusingly back at him, glassy eyes set in a thin drawn face. His short-clipped moustache twitched. The comb clattered to the floor. "Nerves! Nerves!" he muttered. "Got to get on the beam! Can't make a botch of things!"

But after warm food and lively table conversation with the other boarders who believed in him, his confidence rose. He was able to let himself into the First National that evening, nearly as calmly as he'd done hundreds of former evenings. Only this time he would not be working overtime for his superiors. Just [illegible].

Finally, he was stuffing big rolls of currency into a travelling bag. He hoped his luck would hold, that Henry, the night watchman, would doze in the back room, as usual.

His luck did hold. It held so well it was uncanny. Even his aged automobile ran perfectly till close to daybreak, when he abandoned it and hopped a fast freight for the west. His chief objective now was to reach a certain man highly skilled in plastic surgery, a man who'd do anything for a price.

"Your own mother wouldn't recognize you," said the man, as George left the cabin hidden on a lonely country road.

George tried to smile, but his face still hurt and this reference to an adored mother he'd lost when a child was irrelevant.

George Madison now became James Farnum. His hair was bleached white, his upper lip was smooth-shaven, his once good-looking nose was unpleasantly aquiline. Even his voice was higher pitched. He not only looked different, he felt different. He was rich. He had close to one hundred thousand dollars.

In Alaska, he went into fur trading, became surprisingly prosperous. He remained a bachelor and avoided making close friends. Three years of this and he grew restless. He went to Chicago, then to New York [illegible] and night clubs. In a Fifth Avenue bar, he ran into Ed Ratchet, former clerk in the old First National of Crosstown. He talked with him at length and wasn't recognized.

So he decided to return to Crosstown and take a look around. After all it was his home. The very thought of the provincial little berg filled him [illegible].

He put up at the Crosstown Hotel with no questions asked. In the hotel lobby, on the streets and in the shops, he was treated like any stranger. "What a cinch!" he told himself, on a dozen occasions.

One day as he passed the bank, he saw old blind Tim sitting on his customary corner. Tim was selling a newspaper to a strange man. "Guess I'll drop a five-spot in Tim's cup for luck," decided George. It gave him a warm feeling inside to be going toward old Tim again.

But as he paused before him, Tim leaped up and grabbed George's beautifully tailored sleeve. He cried, "George Madison! It's George Madison!"

"Let me go! I'm James Farnum," exclaimed the terrified George, trying to pull away.

"[illegible]," said the strange man holding out handcuffs. "I've been looking for you a very long time. Thought you might blow back—they generally do."

"Plain clothes, eh?" sneered George. "I'll prove you're wrong. I'll sue—I'll—"

"Can't fool me," piped up old Tim. "I get to know a man's footsteps after hearing 'em for fifteen years."

NEWEST USES FOR WOOD DESCRIBED BY FORESTER

MINNEAPOLIS. — New uses for wood were described by C. A. Gillett, chief forester of the American Forest Products Industries Association, in a talk at the national meeting of the Society of American Foresters. Among the latest, he listed a new flooring composition made from powdered tree bark and wrapping paper made from bark.

The weight of iron in a man's body is about equal to the weight of a five-cent piece.

Wants Five-Year Closed Season On Wild Fowl

Harvard Scientist Believes This Necessary in Order To Conserve Ducks

NEW YORK. — A five-year closed season on wild fowl hunting would quadruple the supply of birds, in the opinion of Dr. Ludlow Griscom of Harvard. Otherwise, he says an increasing number of hunters will continue to shoot a decreasing number of ducks until the sport dies a natural [illegible].

Dr. Griscom, research curator of Harvard's zoology department, doesn't give the five-year moratorium an outright indorsement in the January issue of Field and Stream, but he does point out that the shooting pressure must be kept down for several years until the desired [illegible] in duck population is reached.

The Harvard scientist estimates that 97½ per cent. of the hunting season of 40 years ago already has been lost. Then a hunter was permitted 20 birds a day during the seven month season. In 1947 the bag limit was four with the season held down to 25 days.

Because the number of hunters has leaped from 40,000 to 2,000,000 from 1906 to 1947, even the curtailed shooting means a theoretical maximum kill of 200,000,000 birds—twice the number of targets estimated by Ducks Unlimited, Inc., at the start of the 1947 shooting.

Hay fever victims may take heart with a scientist's announcement that each tear destroys a million bacteria.

Wildmere Local A. F. U. Holds Regular Meeting

HEAR DELEGATES REPORTS, SUPPORT AMALGAMATION A. F. U. AND U. F. A.

The December meeting of the Wildmere A.F.U. was held Dec. 30th with a good attendance.

A resolution was carried urging the Provincial government to pass the necessary legislation for the inclusion of the teachers of Alberta in the Civil Service Pension act.

The delegates to the annual A.F.U. convention Mr Hughes and Mr G. Haines, gave very interesting reports of the convention. By their reports it was seen that the A.F.U. is right in the thick of the battle fighting for farmers rights. It was noted that negotiations are still underway for the amalgamation with the U.F.A. This local is 100% in favor of the amalgamation of the two.

A resolution was also passed extending sincere thanks to Herman Eyben for his work in organizing the Wildmere local and appreciation also extended to Mrs. Eyben and the rest of the family for their support of the local since it was formed.

The next meeting will begin at 2 p.m. sharp and members of the Vermilion board of trade will be present if the weather permits. All members of the A.F.U. are asked to come along and have a chat with your business friends. Incidentally any "beefs" will be heard as well.

Chatsworth Chatter

Throughout the holidays weather has been more than perfect. Xmas and Boxing days and New Year's were lovely and mild, and though we had quite a snowstorm on Sunday the 28th weather was clear again Monday. The roads remained open for cars consequently folks enjoyed a real social round of visiting.

Mr. and Mrs. R. Good spent Xmas day at Mr and Mrs Maurice Smith's of Mannville. Mr and Mrs. Fuchs and family of town were visitors at Mr and Mrs Jim Thomson's. Mr and Mrs Jim Panter and boys spent the day with Mrs Panter and Hetty in town. The writer and family visited at the Clark home in Blooming[illegible].

A number of young folks were home for the holidays. Miss Margaret Tovell, of Edmonton and Miss Violet Tovell of town, were home for Xmas and Boxing days; June Thompson, Frank and John Tuinderiohl of the high school, Vermilion, were among others home for holidays.

Mr and Mrs Bob Cameron and little daughter Judy spent the Xmas holiday at the home of Mrs. Cameron's parents, at Lavoy.

Charlie Farbach did the chores at the Cameron place while Camerons were away.

Leonie and Bernie Kluchinsky at St Joseph's convent, Clandonald, were home for the holidays.

Mr East suffered a sprained arm and shoulder last week when he slipped and fell from a load of hay.

The annual school meeting is to be held at the school on Saturday Jan 10th at 2 p.m. All ratepayers are requested to attend.

On Monday Jan 5th a very enjoyable evening was spent at the school when Mr N D Stewart of the Wheat Pool showed some interesting and educational films with about 60 in attendance. Mr Bennett local delegate, also addressed the meeting urging the support of all farmers to their organizations, stressing the need of one federation to speak for all farmers.

Mr J H Tovell spent the New Year's holiday at Innisfail visiting his son Albert and family.

The A.F.U. will hold a meeting at the school on Monday evening Jan 12th at 8 p.m. Members please take note.

Ethelwyn News

Our best wishes are extended to an old time resident of this district, Mrs Boyce who celebrated her 70th birthday on Dec 28th. The occasion was marked by a family party at the home of her daughter Mrs Norman Stone and Mr Stone. The table was centered by a huge birthday cake lit by 70 candles which were all blown out by Mrs Boyce. Mrs Boyce suffered a stroke nearly two years ago and since that time has been cared for in her own home by her daughters Verna and Gladys. Although unable to walk Mrs Boyce takes all her meals at the family table.

The snow has come at last and our thoughts again turn to snow plowing the roads. Yes our road is going to be kept open this winter, thanks to our faithful friend Jack Grant Jr if we are all willing to help pay for it. The cost last winter was just enough for fuel and even wages for Mr Grant or his tractor. We are in danger of losing the municipal snow plow that has been used for our roads. Another farmer has been given permission by the council to take this plow and to mount it to use in front of a truck. He is to be paid on an understanding by the M.D. to keep another portion of road open. We, in this corner, have to put extra out of our own pockets to have our road kept open. If this snow plow is [illegible] it will no longer be of use on Grants' tractor and he will have to build one himself at his own expense.

While on the subject of roads, the corner at Bob Burns on the highway is dangerous and badly in need of fixing up. Already this winter two trucks were badly damaged there. The municipality could perhaps purchase a small piece of land from Mr. Burns and cut off that corner before someone is injured or killed there.

Tardy Tables

Youngsters who have stayed up too late at night and, consequently, are tardy at table in the morning, may be tempted to bolt their breakfasts. Nutrition authorities say that children are likely to have more appetite if they do not eat too soon after rising, and, anyway, it isn't good to gulp down breakfast—or any other meal. Breakfast should be sufficiently early to permit every member of the family to eat slowly and thoroughly.

Rusylvia Wins Two Hockey Games

DOWN DEWBERRY, DERWENT

The Rusylvia hockey team has rung up two victories in hockey matches played during the past week.

On New Year's eve the Rusylvia Farmers travelled to Dewberry and defeated that team by a 3-1 score. Goals for the Farmers were scored by Schoonmaker with 2, Robinson 1 while Koren picked up two assists. Dewberry's lone goal was scored by Dezell.

On Sunday Jan. 4th the Farmers marked up their number 2 victory by defeating Derwent Dodgers 3-0. Goals were scored by Schoonmaker assisted by Koren, Zaharko and Robinson.

The Rusylvia boys wish to thank the Derwent club for the very nice lunch served.

Gay Birthday Party At Good Home, Clandonald District

On December 29th the home of the Good family of Clandonald was brightened by a lovely birthday party in honour of Miss Isola Good.

Two carloads of guests came out from town including Mr. and Mrs. Frank Kolodziejzyk, Rudolph, Herbert, Elsie and Margaret, Ralph Chase, Duncan, Bill and Leslie Magnusson. Lillie and Sues were also present.

Isola was sorry that due to the weather several other friends were unable to attend. The 15 present were all seated in the dining room after the kitchen and dining room tables had been put together to accommodate all the guests. A delicious goose and turkey dinner was enjoyed by everyone after which Ralph and Leslie worked it off by helping with the dishes.

Mr Kolodziejzyk provided music while the rest danced until they were tired. Leslie then took over with his guitar and entertained by singing, being helped out by Ralph, Duncan and Susan. After a rest Mr Kolodziejzyk started on his accordion again and got all the folks dancing the old dances they used to dance when they were children.

Lunch was served and the tasty birthday cake was passed but the evening had passed all too soon and lunch and supper seemed too close together.

Miss Good received some very lovely birthday gifts from her family and friends, and these were all truly appreciated.

The party broke up rather late and the guests returned to town. It is sincerely hoped that all can get together soon to spend another such wonderful evening.

Claysmore Clippings

The writer of "Clippings" wishes the Editor and staff and all readers of the Standard a happy and prosperous New Year!

Thanks to the fine weather and good roads many folks were able to do a lot of visiting over the Christmas and New Year holidays. There were many family reunions and gatherings of friends that would not have been enjoyed if weather had been below zero and the snow drifts as deep as they sometimes are at this time of year. However it gave 1947 a nice sendoff and a warm [illegible]

Mr and Mrs P Kowal [illegible] dinner guests at the home of Mr and Mrs George Reschke on [illegible]

Mrs John Beatty and family spent last week end at the home of Mr and Mrs R M McMillan.

Mr and Mrs Bert Kather and two boys Peter and Donald spent Christmas at the home of Mr and Mrs R L Burns.

Mr and Mrs Lloyd McCrae motored to Paradise Valley and spent Christmas day with Mr and Mrs J McLean and family.

Mr and Mrs P Galloway and Miss Elsie McCrae were visitors at the home of their brother and family Mr and Mrs L McCrae on Sunday.

Mr and Mrs H Seymon and family were Christmas visitors at the home of the latter's parents Mr and Mrs H Williamson.

Mr and Mrs Dale Williams were dinner guests Christmas day at the home of Mr and Mrs Williams.

Mr and Mrs Percy Willes spent Christmas with their daughter and family Mr and Mrs Ken Kennedy of Auburndale.

Mr and Mrs Walter Antrim and Jackie motored to Red Deer and spent a few days during Xmas week with Mr Antrim's parents.

Lee Kreller, Wally Antrim and Vern Willes are curling at Mannville this winter.

The fourth in a program of whist card parties will be held at the school Friday Jan 9th. Mr and Mrs R D Lynch and Mr and Mrs D Wales are hosts and hostesses.

Mr and Mrs D McNeil of [illegible] and Mr and Mrs L McCrae and family were dinner guests at the home of Mr and Mrs R MacMillan New Year's day.

Miss E Challman visited friends in Claysmore Sunday afternoon.

More people are [illegible] by [illegible] than by all our [illegible]

Life Insurance in 1947

More than one-third of Canada's 12,000,000 people, 4,000,000 in number, hold life insurance policies. Assuming that each policyholder has at least one dependent two out of every three persons in the Dominion are personally interested in the protection afforded by life insurance.

New life insurance put in force during 1947 totalled over $1,000,000,000, an amount slightly greater than the previous record high reached in 1946. At the end of the year, the mantle of life insurance protection covering policyholders and their beneficiaries in Canada totalled more than $12,000,000,000, just around one billion dollars less than the Dominion's net national debt. The corresponding assets of Canadian life insurance companies approximated $3,000,000,000, representing an increase of 6% during the year.

During the year too, the life insurance companies paid over $100,000,000 to beneficiaries in death claims and to living policyholders in matured endowments, surrender values, dividends and other benefits.

Obviously Canadians believe that life insurance offers the safest and best way to provide for their dependents and for their own old age.

SOUTH AMERICAN SCOUTS TO VISIT QUEBEC, ONTARIO

From Bogota, Colombia, ten Sea Scouts are to be welcome visitors to Montreal, Ottawa and Toronto this month. They will be the guests of Boy Scouts in the cities named and will be entertained by local Scout Councils.

The only real reactionary is the man who refuses to change.

Need For Conservation

"CONSERVATION" IS A TERM WHICH IS HEARD more and more frequently in this country in connection with our natural resources. Because of the fact that we are so generously endowed with fine farm lands, great areas of forest and rich mineral deposits, Canadians have, in the past, been inclined to give little thought to the possibility of there ever being a time when these resources might become exhausted. In more recent years it has become apparent that greater concern must be given to conserving our heritage of natural resources, upon which so much of our present prosperity and our hope for the future depends. A great deal has already been heard in the West regarding the need for soil and moisture conservation, and much practical work has been done in this connection.

* * * * *

Extends Over Whole Country

It has been realized that even the rich soil of the prairies cannot produce indefinitely without having essential elements returned to it, and that rivers and streams must be diverted by man to provide land with needed moisture. The problem is general in all parts of the country. For some years now we have heard of extensive programs for forest conservation, an effort to replace the many trees which were wasted through careless methods of lumbering or through uncontrolled forest fires. Conservation is also important in connection with our great mineral resources. In Canada present consumption of some minerals is increasing faster than they are being mined. It is now realized that there is much coal left in mines which have been abandoned, and that this coal cannot be reclaimed. Similar waste has taken place in other types of mines. Advanced techniques in mining and modern methods of reclaiming used metals and utilizing lower grades which are mined, are now helping to conserve Canada's mineral resources.

* * * * *

Problem Is Of Vital Interest

It is important that Canadians should realize that this is a national problem and one in which everyone has a vital interest. Farming, lumbering and mining are our great base industries. Thousands of citizens are engaged in them, and thousands more gain their livelihood through the manufacturing, shipping and selling of the products of our lands, forests and mines. Canada is still a young country and its people have always worked with optimism and faith in the future. At times there has been, and no doubt there still is, a tendency to do too little planning for the future, and to give too little thought to the need for making sure that in the future Canada will not be impoverished because of selfish and short-sighted methods of developing our natural resources. Co-operation on the part of the people in whatever we may be asked to do in the way of conserving our natural resources, will make for better times now and in the future.

"SALADA" TEA

Outstanding Quality

CHIP REMOVED FROM LUNG AFTER MANY YEARS

SYRACUSE, N.Y. — When Roy Brown was 16, he swallowed a chip that flew into his mouth while he was chopping wood. It didn't bother him.

But recently Brown, now 51, began having lung trouble. A Syracuse surgeon discovered he had [illegible] a petrified particle of wood from the upper lobe of the right lung. The surgeon said the particle had made a 90-degree turn into the lobe after Brown swallowed it 35 years ago. Brown is recovering at home.

FORECAST INCREASE

OTTAWA.—A substantial increase this year in advance payments on grain purchased by the Canadian wheat board was forecast in the commons by Trade Minister MacKinnon. There has been speculation that the price will be boosted 20 cents to $1.55 a bushel.

The earliest paper was made of cotton.

VICKS VA-TRO-NOL

EMPLOYMENT IN CANADA STABLE

OTTAWA.—Employment in Canada during the last two years has been "remarkably stable", the bureau of statistics reported at the end of its regular quarterly survey.

November employment figures and the preceding two years show between 52 and 54 per cent. of all persons over 14 employed, while those unemployed vary from one to two per cent.

At last Nov. 8, there were 4,847,000 persons employed and 87,000 unemployed among those seeking work. The remaining 4,000,000 of those over 14 consisted of housewives and others not classed as in the labor force.

For a year previously the figures were 735,000 employed, 115,000 unemployed and 018,000 now in the large force.

The number employed in the latest tabulation showed a drop since mid-August of 160,000 and unemployment a gain of almost 15,000 but these changes were attributed to seasonal employment factors.

BEE'S MOST IMPORTANT JOB IS POLLENIZATION

CHICAGO.—Honey is nice on hot biscuits but making honey is not the little bee's most important job.

According to the World Book Encyclopedia, pollenization of plants is a lot more important.

If the honey bee did not carry pollen from one flower to another more than 100,000 kinds of plants would not be able to form seeds and would die out.

Earthquakes occur somewhere around the globe at the rate of about 4,000 a year.

ARE YOU DISCOURAGED

'periodic' FEMALE COMPLAINTS

which makes you NERVOUS, HIGH-STRUNG on such days?

[illegible]

Lydia E. Pinkham's VEGETABLE COMPOUND

Finest Display Of Dressed Meat

Shown above are Ruth and Phillip McCheane, Borden, Sask., and their first prize 408-lb. beef carcass from a nine-months-old Hereford steer, the carcass sold at 31 cents a pound.

One of the finest displays of dressed meat — from the standpoint of both quality and number of entries — in the history of the Western Canada Dressed Meat Show was presented at Saskatoon recently. Praise in equal measure was directed to the annual Western Canada Dressed Poultry Show, held in conjunction with the meat event.

Both are annual features of the Saskatoon Industrial Exhibition, which has pioneered the exhibition of beef, hog and lamb carcasses in the West. Success of the venture this year was clouded by prices which, in the opinion of exhibitors, were not high enough to reward them for the extra time, work and money involved in the production of top quality stuff.

The shows were held in the Massey-Harris building in downtown Saskatoon, and for two days interested consumers and exhibitors crowded the show floor. Judging of the dressed meat show was in the hands of Jack Pawley, formerly of Moose Jaw and now supervisor of Dominion Marketing Services for Alberta. A. Zoorian and W. Walker of Production Services, Saskatoon, judged dressed poultry.

FUNNY And OTHERWISE

"You were married in a cage of lions?"

"Yep."

"Exciting?"

"Was then. Wouldn't be now."

* * * *

A little old lady from the country was registering at a big city hotel. The clerk was courteous and helpful.

"Would you prefer an inside or an outside room, madam?" he asked.

"I'd better have an inside room", replied the old lady promptly. "It looks like rain."

* * * *

He was attending a meeting of the Henpecked Club. Suddenly the door opened. His wife sailed in, grabbed him by the collar, shook him until his teeth rattled, and exclaimed: "What do you mean by attending this club? You're not henpecked."

* * * *

"Mary, my husband came home very late last night. Can you tell me what time it was?"

"Well, ma'am, I don't know exactly, but when I got up this morning the master's hat was swinging backwards and forwards on the hatstand."

* * * *

Father: "How on earth did you get Junior to take that medicine —tell him it was candy?"

Mother: "Certainly not. I put it on the highest shelf in the house, and told him it was deadly poison."

* * * *

"Can I borrow your carpet-beater?"

"Sorry, [illegible]—he's busy in the garden."

* * * *

Jack: "So your father objected at first because he didn't want to lose you?"

Ethel: "Yes, but I won his consent. I told him that he need not lose me, we would live with him, and so he would not only have me but a son-in-law to boot."

Jack: "H'm! I don't like that expression 'to boot.'"

SELECTED RECIPES

PEANUT CREAM FROSTING

⅓ cup butter washed in cold water [illegible]

1½ cups sifted confectioners sugar

½ cup peanut butter

Cream butter, add 1 cup sugar gradually and cream until very light and fluffy. Stir peanut butter until blended; add to frosting, a small amount at a time, creaming well after each addition. Fold in remaining sugar. Makes enough frosting to cover top and sides of 13x9x2-inch cake, or tops of two 8-inch layers, or tops of about 4 dozen medium cup cakes.

SEVEN MINUTE FROSTING

2 egg whites, unbeaten

1½ cups sugar

5 tablespoons water

1½ teaspoons light corn syrup

1 teaspoon vanilla

Combine egg whites, sugar, water, and corn syrup in top of double boiler, beating with rotary egg beater until thoroughly mixed. Place over rapidly boiling water, beat constantly with rotary egg beater and cook 7 minutes, or until frosting will stand in peaks. Remove from boiling water, add vanilla and beat until thick enough to spread. Makes enough frosting to cover tops and sides of two 8- or 9-inch layers, or a 15x10-inch roll.

To tint, add few drops liquid or dissolved paste vegetable coloring to hot frosting and mix until evenly colored. Delicate pastel shades are usually more attractive than brighter colors.

Elephants like onions as much as they like peanuts.

BUDDHA IDOL FOR WINSTON CHURCHILL

LONDON.—Winston Churchill was bequeathed a seated, cross-legged Buddha, brought by the late Gen. Sir Ian Hamilton from a deserted Burmese temple near Mandalay, under the terms of Hamilton's will.

The will said:

"In the worst stress of politics and when the heathen most do rage, a glance at the placid features of this emblem of divinity will help him to keep on smiling."

There are three kinds of people—those who make good, those who make trouble and those who make excuses.

Great Numbers In Britain Listed For Exodus To Dominions

LONDON. — Queues are long in Britain—and none longer than that of persons eager to emigrate to the Dominions.

Adding up figures from steamship and air transport companies and estimates from the offices of the various High Commissioners, one arrives at a total of approximately 250,000 awaiting transportation to a new life which they hope will be more rewarding than that of post-war Britain.

60,000 Left This Year

Already, about 60,000 have left for Canada, Australia, New Zealand and South Africa. Although final 1947 figures are not yet available, the total may be approximately broken down thus:

To Canada, in the same ratio as was evidenced in the six months ending last Sept. 30, about 36,550.

To Australia, at least 4,500.

To New Zealand, where the total was expected to be "in excess of 1946 4,000, about 6,000.

To South Africa, "at least 10,000 if not 12,000."

A government statement in the House of Commons recently estimated that at least 56,000 Britons were queued up awaiting passage to Canada, 20,000 to New Zealand; and 26,000 to South Africa. The reply did not mention Australia, but an Australia House spokesman put the number of applications for immigration to that Dominion at "about 107,000".

PAY UP, OR ELSE

CANBERRA.—Papuan "boys" who want the Australian government to grant higher wages recently wrote: "Oh dear, dear, please Mr Woodward the labor boys want £1½ a week because no rations are received. Please reply because we work extremely hard. If you pay up we stay. Otherwise look out."

The bell of St. Peter's in Rome weighs 18,600 pounds.

NEW SOVIET ENVOY TO UNITED STATES—New Soviet ambassador to the U.S. Alexandre S. Panyushkin, who arrived in New York recently, in discussing the likelihood of improved relations between Moscow and Washington, optimistically said, "Everything is possible under the sun." Then he stopped off to see Andrei Gromyko, whose vetoes are familiar at U.N. sessions, before heading for Washington.

SCIENTISTS TEST HEAT FOR JET PLANE PILOTS

LOS ANGELES.—Scientists at the University of California at Los Angeles announced they had spent nearly 13 minutes in a room heated to 250 degrees Fahrenheit without any ill-effects.

Dr. Craig Taylor, spokesman for the group, said the experiment was sponsored by the air corps to determine if jet plane pilots can be acclimated in heat chambers to endure supersonic flight. He said that it would be 180 degrees hotter in a jet plane than the air outside at a speed of 1,000 miles an hour.

Letter to the Editor

RE INCREASE IN TELEPHONE SERVICE CHARGES

Dear Mr Editor,

As a result of an inquiry directed by me to the District Commercial Superintendent, Alberta Government Telephones, I have received the following reply which I thought might interest others as well. It will be noted that the first portion of the letter is the inquiry I directed to the Department.

"I am at a loss to understand the reason that an increase in the amount of stations justifies an increase in charges.

I always understood that increased business should reduce overhead and cost of operation.

I understand the Alberta Government Telephones have had a sizeable surplus for some years now. I wonder if the motive is to earn revenue or give service at or near cost.

I notice that the charge in Edmonton, on a much larger exchange, is not over $2.75 for a residence [illegible].

In the midst of today's ever increasing cost of living, it ill befits a Government-owned concern to add to the increase, unless real need can be shown."

"In the first place it should be noted that, while the rates will be increased, actually we are re-classifying them to conform with the Schedule of Rates authorized by the Public Utilities Commission of the Province of Alberta.

Telephone service is unlike manufactured products. The more service produced the greater is the cost per telephone of producing it. This is an economic fact contrary to public belief because of the quantity production theory common to other lines of industry.

When a telephone system has few subscribers conversations are few and operating costs low. Subscribers are grouped along the Central office and lines are shorter and less expensive to build; line troubles are fewer and maintenance easier.

As subscribers increase, each telephone user can talk to an ever widening circle of friends and business associates. Operating costs for each telephone grow as more frequent talks are held. Subscribers' lines begin to run farther and farther from the telephone exchange until a big percentage of them extend for considerable distances, are expensive to build and increasingly expensive to maintain.

As time moves on the simple central office equipment, switchboard etc., have to be replaced by more intricate apparatus. Among other things higher skilled workmen have to be employed to take care of it. Aerial cable replaces open wires and in many instances expensive underground cable has to be laid. All along the line the scope of service broadens, labor forces increase and expenses grow proportionately.

It should not be overlooked that, notwithstanding there has been no change in our rate schedule for over 21 years, the cost of material, wages, etc. etc., has increased as has happened generally to all kinds of business.

Insofar as Edmonton telephones are concerned it has to be remembered that they are owned by the City of Edmonton which is only concerned with supplying local service.

In conclusion, we are certain that, as a Public Utility covering a tremendous area, with facilities enabling world-wide connections and rendering a very high standard of service, our rates are both fair and equitable."

"Thanking you for your time and space Mr Editor,

Yours truly,

Subscriber"

WOODVALE

Another week of visiting and holidaying, eating, merrymaking and once in a while sober reflection on what a lucky, lucky people we are, compared with almost too many others in this world, lays behind us at time of writing and an unknown year stretches ahead. Let us all make the best of whatever it brings so we may still belong to the blessed ones at the end of the year who can call our souls our own in well fed and heathy bodies. We in Alberta were lucky enough to escape the extreme cold weather and blizzards that came to the rest of the West so Albertans were really able to enjoy the Christmas season.

And what did we do in these parts the last few weeks? — Before Xmas Mr. and Mrs. Brooks Lyoons and little Arthur left to make their home in Lacombe. A family party was held at the home of their parents and Art trucked them to their destination and stayed overnight with the Haan family.

Most of the children and young folks returned home for the holidays — Amongst them were all the Gauthier children and Ruth Haskin in the Woodvale district and Clarence, Mable and Walter Lyoons, Joy King and Marion McQuid.

On the 23rd schoolchildren held their yearly concerts and parties. There was an afternoon party at Watson, an evening party at Woodvale and concerts at Ganton and Thornecliffe with a dance afterwards at the latter school. Miss Ampler is to be congratulated on her program with only 7 pupils to take part in it. Everyone at Ganton school was also full of praise for the concert put on there by Mr. Warman and the children. With so many families moving away the schools surely look empty, compared with a dozen years ago, but the right spirit is still there.

Quite a number of people from around here attended the concert at Kitscoty presented by the school children there and all say the plays were very well acted. There are almost 50 children from the rural [illegible] the dormitories in Kitscoty and that brings a crowd of appreciative [illegible] and relatives to that town on such occasions.

A bit of excitement around here attended the arrival of [illegible] in the Aeronca training plane on the field west of Green's house where he picked up one of his pupils. The flight from and back to the Vermilion airfield took exactly 24 minutes and Florent, who flew the plane back and landed it, reported the field as smooth as the airfield. It is nice for the folks in this corner where the roads are always the first ones blocked, to know that they can be flown in and out in an emergency in such a short time and at not a great cost either.

Florent Van Wageningen left on Jan. 2nd to take a three-weeks welding course at the Technical school in Calgary.

The heavy snowfall on the Sunday between Xmas and New Years not only blanketed the countryside with a refreshing white down but also set the arguments going again if we are to have an open winter or one with extra heavy snowfall. Apparently the spleen of butchered pigs this fall have been very long and narrow which means an open winter to the experts. On the other hand the muskrats have been building very big houses and that is a prediction of extreme snowfall. Now it is a bit early to say which of these animals are the best weather forecasters — they both still have a 50-50 chance of being either right or wrong!

A skating party was held New Year's day or rather evening at the dam at Gauthier's and a lot of youngsters had a real good time. It was a lovely night for such an event and it is hoped the weather will permit more of these gatherings.

Mrs. Myrtle Ford is back teaching again and found a school where the teacherage is near a farmhouse and where the family will take care of her two young children in the daytime. We'd love to tell you the name of the school but we have heard several mentioned from Allandale to Sylvan Lake. Memories are not any too good these festive days!

We have also forgotten to mention that the Heart store has been moved away and is located south of Islay where a store is needed more than in our locality.

Get Your Copy of the NEW
FARM ACCOUNT BOOK
at Your Local Post Office

You'll like this NEW Farm Account Book. It's so simple and direct. You don't have to be a bookkeeper to use it. A few minutes each week are enough to set down your farm transactions—the money you receive or the money you spend. At the end of the year, it will give you a clear picture of how you made or lost money.

Saves Money for You

Answers questions you want to know about Income Tax, too. Everyone with a taxable income must file an Income Tax Return on or before the 30th day of April in each year, showing his total income for the preceding year. The Farm Account Book enables you to take advantage of all the deductions and exemptions. Provides a record from which you can average your income over a three-year period. If you are liable to taxation under the Income Tax Act and have a year of loss, you will be able to charge the loss against the profits of the previous year or the next three years as shown by the records you keep in your Farm Account Book.

You won't need to pay an expert to prepare your Income Tax return if you have this book. Each account is numbered to correspond with the items in the Income Tax Return. [illegible] Account Book [illegible] keeping your records, even though you are not liable under the Income Tax Act.

Get Your Free Book Now

Don't delay. Your local Post Office has an Account Book for you. Get it now. It's important that you have it to start the new year. Get the benefit of all allowances that the law permits. Profit from the knowledge gained from keeping proper records. It's free—and you will find it most useful. Call at your Post Office at the first opportunity for your Account Book.

World News In Pictures

OUT OF DISCORD MAY COME UNITY—Although conference of the Big Four on the German peace adjourned in London on a note of failure most Germans may be none the worse off as a result. Reports indicate U.S., Britain and France may unite their German zones into working part of Marshall plan. Here Marshall chats with U.K.'s Attlee and Bidault of France, (left)

JUST AN OLD LATIN CUSTOM—During a heated debate in the Colombian House of Representatives, Phalo A Toro, Conservative member, produced an automatic pistol to give point to his argument with Liberal member Cesar Ordones Quintero. Other members intervened before any shooting could take place. The previous day had seen fireworks when several representatives produced guns and blazed away. No one was hit.

NEW BRITISH POTTERY INDUSTRY GETS EXPORT ORDERS—Pottery business in a garden is the plan of Lady Clifford, wife of Sir Bede Clifford, former governor of Trinidad, to keep her three daughters busy. Only a few months old, the new British industry already has export orders. Miss Atlanta is painting a novel flower pot

DRILLING BRITAIN'S OIL—Joe Green, one of the drillers on the Eakring Eng. oilfield stands on a platform of one of the American unitized drilling rigs. These rigs, with 4½-inch drill pipe give the maximum mobility and are designed to drill 3,000 feet.

CHRISTMAS TRAGEDY—Party to be held at Hepworth school for which Robert Cohen, 13, and brother Donald, 7, set out to get a Christmas tree was called off while the shocked community grieves, when the boys' frozen bodies were found in a marsh a short distance from their home

[illegible]—U.S. Secretary of State George C. Marshall, (right), and Sir Stafford Cripps, Britain's chancellor of the exchequer, shake hands on their arrival for the Pilgrims' Society dinner, given in Secretary Marshall's honor. Earlier in the day the U.S. diplomat had to listen to Russia's Molotov heap vilification upon the United States and Britain. Speaking after dinner, Secretary Marshall urged the British and American people to proclaim their "fraternal relationship" to the world without fear of criticism. Absent from the dinner was Molotov who said he was "too busy" to attend

CLUBS USED IN ROME RIOTS—A [illegible] policeman swings a club at a Communist "activist," a member of an anti-strikebreaker squad, who was urging strikers to block outgoing trains in Rome. The clash was but one of hundreds as police rounded up Red agitators and carried them off to jail

THREE CHILDREN ESCAPE BLAZING HOME—At work when fire gutted his home in Vaughan township, Ont., John McNeice, shown with daughters Helen, six, and Jean, three, arrived to find family [illegible] dog Nipper scratched at door, gave alarm. Two children were snatched from beds by Mrs. John McN[illegible] (lower) and Mrs. Tom Daley (top). Third youngster, Ro[illegible]

SAFETY MEASURE IN JERUSALEM—A Christian Arab living in a section of Jerusalem threatened by Arab mobs, takes precautionary measures against violence to his home and himself. He has worked out a signal system by printing on the wall of his home signs in Arabic announcing that he is not Jewish.

JONTY IS TOO FEEBLE TO TRAVEL—Mary Bosanquet rode the horse Jonty 3,200 miles across Canada and the U.S. eight years ago. Mary, an English girl, returned to her native land, wrote a book, "Canada Ride", with Jonty as the hero. During the war Mary heard that Jonty was unhappy and dejected so she worked her way across the Atlantic, found the horse and put him out to pasture on an Ontario farm. A few weeks ago when the story of Jonty was published in an English paper, telling how Jonty, now old and feeble and about to be destroyed, $2,000 was subscribed to a fund to bring the horse to England to live out his years on green meadows. But, veterinarians say the gallant horse is too old to make the trip, and the money will be diverted to the care of aged English horses. 2750

CHILD LOSES LIFE IN HOME FIRE—Flames beat back Mrs. W. Abbott when she tried to save their son from the fire. House in Woodstock was gutted by fire which took the life of Donald Abbott. His father rushed home from work to find burned baby in his carriage in the back shed.

ST. SAVIOUR'S ANNUAL MEETING

Don't forget the Pot Luck supper and annual congregational meeting to be held at the Masonic hall on Monday Jan. 19th at 7 p.m. 33-4

MILITARY NOTES

"A" Coy., The Loyal Edmonton Regiment, will parade at 19:30 hrs. Wednesday at the Armouries. Dress will be battle dress, webb belt, puttees and beret. A film "On One Incident" will be shown.

Miss Violet and Miss Irene Yonkers of Toronto were New Year holiday guests at the home of their sister Mr. and Mrs. Henry Meyers. On New Year's day Lillian and James Yonkers motored from Leduc. Other New Year guests were Mr and Mrs. N Wright and Mr. and Mrs. E. Ensland from Lloydminster.

Mrs Dory of Glasgow Scotland wishes to thank the W.M., Officers and members of Queen Esther Chapter for their beautiful food parcel, also for remembering her at this time. It was received in perfect condition on Boxing day. Best wishes to everyone are extended for a prosperous and happy New Year

Visitors to Calgary over the New Year holiday were Mr and Mrs. Geo. Webb and son Dennis. While in Calgary Mr. Webb attended a Ford convention. Others from Vermilion in attendance were K. G. Urquhart and Lawrence Webb. The latter two dealers drove new cars home for customers, the Mercury going to Joseph Ahigren.

Mr. and Mrs. Claude Brennan and two children spent Christmas and the week end following at Red Deer where they visited the latter's parents Mr. and Mrs. Blair at the old family home. A nice feature of the visit was that it coincided with the return of Mrs. Brennan's sister from the British Honduras where she is a medical missionary.

Mr and Mrs. Maurice Fallow of Edmonton spent New Years and the week end in Vermilion at the home of the latter's mother Mrs. Kehoe. Mrs. Kehoe returned to Edmonton with them where she will spend two weeks.

Mrs. Norman Williams has returned to Saskatoon after spending Christmas and New Years at the home of Mr and Mrs W D Williams. Norman was here too for New Years from Edmonton to which city he has just been transferred to the responsible position of District Superintendent Greyhound Bus lines

J D Adam, K.C., is attending the convention of the Canadian Bar Association being held in Edmonton this week

Mr and Mrs. Chivers of Calgary were Christmas visitors at the home of their daughter Mr and Mrs Carman Long.

Mr. and Mrs. C. Leveque were recent visitors at the home of Miss Alice McWilliams

Allan Maxwell was down from Edmonton for New Years and the week end visiting his sister and family Mr and Mrs [illegible]

Marvin Crowell who is [illegible] University in Edmonton, was a guest at the home of Mr and Gordon Williams for New Years

Jack Westman of Saskatoon spent the Christmas holidays visiting his mother Mrs. Frank Davies and family

Mr and Mrs Charles Heckbert were Edmonton visitors Monday and Tuesday.

H. L. Dean and his sister Mrs. Petch were in Edmonton for Christmas guests at the home of Mr and Mrs Fred Long. They also visited Mr and Mrs. W. K. Mackenzie while there

Neil Webb and [illegible] attended the re-union and banquet of the [illegible] battalion held at the Macdonald hotel in Edmonton last week end

Mr and Mrs. Ade Lavig and family spent the New Years week end at [illegible] visiting relatives.

Mr and Mrs Bill Bell and daughter Wilamine spent New Years with relatives at Marwayne.

Mr and Mrs Frank Welsh spent Christmas and the week following visiting the latter's parents Mr and Mrs. Fider in Saskatoon.

Co-operation and Publicity of Standard Greatly Appreciated

The following extract is taken from a letter received from Colonel Wm. Dray, National Campaign director of the Salvation Army, Toronto.

Mr. Ashley H. Cooper,
The Standard, Vermilion, Alta.
Dear Mr. Cooper:

It is our pleasure to inform you that, thanks to the generous efforts of yourself as publicity chairman, and many other willing workers like you across the Dominion, the 1947 Red Shield Appeal can now be considered successful.

This year's national appeal publicity has been extremely generous, faithful and persuasive. That, undoubtedly, is due in large measure to the willingness and heartiness with which our Publicity Chairmen everywhere assumed their responsibilities. All, it seemed, felt that the promotion of Salvation Army services, and their understanding, should be openly undertaken; that sponsorship should not be concealed and that objectives should be frankly stated.

Please accept, as directed to you personally, with all sincerity, the thanks of The Salvation Army in Canada, and the thanks of all those whom The Salvation Army will be able to help, for your contribution to the 1947 Red Shield Appeal. . ."

Islay District Lady Observes 94th Birthday

On December 29th, 1947 Mrs. Wyndham Gould observed her 94th birthday and made her own birthday cake for the occasion. Mrs. Gould's sons James and wife, Albert and wife, and Frederick were present and daughter Nellie Coombe as well as grandson and wife Lawrence and Christie [illegible] and great granddaughter Helen Coombe. A delicious supper was served and all enjoyed a very good time.

Mrs. Gould lived exactly 47 years in the 19th century and on the date of her birthday exactly the same number of years in the 20th century.

Mrs. Gould looked very happy and gave a short recitation of her own composition. It ran thus:

"Thy voice is near me in my dreams
In accents sweet and low,
Telling of happiness and love
of days of long ago.
Word after word methinks I hear
Yet strange it seems to me.
Although I often hear thy voice,
Thy face I never see."

Others recited and songs old and new were sung by the guests. Games were played and everyone enjoyed themselves to the utmost.

Mrs. Gould lives with her son Frederick. All sons and daughters and friends wish her further years of happiness and joy.

Verne Davis renewed old school day friendships in Vermilion New Years week. Verne comes from Edmonton.

DEWBERRY

Dog bites man, man bites dog—no news. But when man kicks coyote and the coyote kicks back, result is Wally Curtis a badly wrenched knee. In an attempt to free his hound from the jaws of Mr. Coyote, Curtis aimed a vicious kick, a miss at that, and resulted in him nearly losing his leg.

Our curlers have now left for the big Nipawin bonspiel. Correction—In place of Don Braithwaite, Sam Dutz makes up the foursome.

Sixteen curling rinks are now playing in Dewberry with two games every night and 4 on Sunday.

Dewberry hockey team to date has only managed to tie one game in 4, losing to and tieing Heinsburg, losing to Rosevale and Clandonald. All the games were close being lost only by one goal.

Dewberry welcomes competition for the junior team of 15 years and under.

The New Years dance went off very well with a great supply of novelties and all the trimmings.

Miss Patsy Rogstead R.N., is visiting her mother and relatives in Dewberry. She is leaving soon to continue her career at Kimberly, B.C.

STAGETTE NOTES

The first Stagette meeting of 1948 was held Tuesday Jan. 6th. There were 10 members present, rather a poor start for the new year but the reason was that many of the girls were curling. Everyone was pleased to have Leslie back with us.

Numerous Christmas letters from former members were passed among the girls.

Proceeds from the Molly Fruits were discussed and the girls believe that it was attended by the largest crowd ever gathered at a Stagette formal dance.

Hampers were distributed to several families in town the day before Xmas.

The first issue of the Stagazette is out. Girls not receiving one be sure to ask for a copy next week.

Next meeting is handicraft week and Mary has invited the girls to the college. We will meet at the club rooms first at 8 p.m. Everyone be on time.

VERMILION FAIR BOARD ORGANIZES FOR 1948

OFFICERS ELECTED — LIVESTOCK SALE TO BE CONTINUED

The Vermilion Agricultural Society held its annual meeting on the 6th of January when reports covering the year 1947 were given and indicated a most successful year; officers of the Society gave a resume of the work, including the construction of added grandstand facilities and the staging of the largest exhibition of livestock and farm products which has been held for several years. Reference was made to the boys and girls camp, held in conjunction with the Provincial school of agriculture and which was the largest such gathering of young people held in the West.

Reports covering the first annual sale of purebred livestock indicated that this activity had met with the general approval of livestock breeders and it was decided to carry on the sale in 1948.

Officers elected are as follows:
Hon. Presidents — Hon. J. G. Gardiner, Hon. D. B. MacMillan, Wm. M. Steele, James Barr, J. W. G. Morrison, Robert Fair, M.P.
President— N. McClellan
1st Vice-Pres.—W. L. Robinson
2nd Vice-Pres.—W. H. Duncan
3rd Vice-Pres.—W. D. Williams
Sec.-Manager—S. C. Heckbert

Directors—M. Earr, Wm. Barr, Jas. Emmett, N. N. Bentley, C. N. Brenhan, John Hanson, E. H. Buckingham, H. Campbell, F. Conroy, W. R. Cornish, M.L.A., G. B. Creech, W. E. Cross, Frank Eyben, A. Gillies, E. W. Hart, J. H. Hart, H. Haverslew, S. C. Heckbert, T. Hrbek, Walter Jackson, W. R. Jory, J. L. Kerns, L. L. Kehoe, Geo. Magee, Angus MacMillan, D. McGrath, H. R. Parker, Thos. Preston, J. R. Robson, W. H. Scott, E. M. Stewart, J. C. Tucker, A. M. West, Ray Williams, Donald Wilson, Jas. H. [illegible]

Delegates to attend the meeting of the Western Canada Fairs association to be held in Winnipeg from Jan. 19 to 22nd were named in the persons of N. McClellan and S. C. Heckbert with W. L. Robinson as alternate.

Perfect "Snowbow" In Sky on Tuesday

ATTRACTS MUCH ATTENTION

A perfect rainbow appeared across the northern sky Tuesday morning, the colors being just as lovely and blending into each other as beautifully as in the summer time. The "rainbow" remained in the sky for a half hour and attracted widespread attention as the Standard received telephone calls from town and every side of it, even as far as 20 miles south, asking if the phenomenon had been noticed, anxious that the Editor did not miss the unusual sight. Right here and now let us state that this same thoughtfulness and co-operation is very much appreciated, that the "Standard" and "news" should be synonymous in the thoughts of so many people is regarded as a distinct tribute to the newsiness of the paper.

In seeking an explanation of the odd sight, Mr. Lorne Puckett of the Department of Transport Radio Beam station stated that the cause was as follows: A light snow was falling to the south-east of the rainbow, the clouds were light and very high up and the sun to the east was clear and shining on the snow particles, causing the "rainbow".

On hearing the above explanation one bright elementary school boy remarked that it should be called a "snowbow".

Whitson Heads Mannville Board

The annual meeting of the Mannville and District Board of Trade was held in the municipal office at Mannville on Tuesday Jan. 6th with the president A. E. Williams, presiding.

Reports were heard from various committees but the main business of the evening was the president's report and the election of new officers.

The president's report showed that the board had been active during the past year and had made a worthwhile contribution to the good of the community.

The officers elected were: president, H. Whitson; vice-pres., Van Dusen; sec-treas., R. W. Hay; executive committee C. Gamble, C. H. Smith, S. Olsenberg and Dr. Hastings.

A hearty vote of thanks was extended to the retiring president for the time and effort he had expended in making the board a success, and to the continuing secretary for his untiring efforts.

Benefit Dance for Ralph McParland and Family

Lost Home and Belongings in Fire

A mammoth benefit ball will be held in the Armouries at Vegreville Tuesday Jan. 27th. The proceeds will be forwarded to the Ralph McParland family who lost all their earthly possessions in a recent fire. Donations to this worthy cause may be made at many places of business in Vegreville, Lavoy, Ranfurly, Innisfree and at the Standard office in Vermilion and tickets secured. A list of the names in the form of a log book will accompany the present to the McParland family.

As the family is known locally it is thought some from this area might be interested in purchasing a ticket to help out in their misfortune.

Showing of New Ford Trucks Is Planned for Friday

The first showing of the new Bonus Built trucks is scheduled all across Canada for Friday Jan. 16th. One of the new trucks will be displayed at Cobbold Motors, the local Ford dealer. Details are contained in a large display advertisement elsewhere in this issue.

Costume Ballet, School Children's Carnival

SOMETHING ENTIRELY NEW — 4 QUEEN CANDIDATES NAMED

The annual Vermilion School Children's Carnival this year will present an entirely different scene to the public. It is to be in the form of an Ice Show, the central theme of which is portrayed by a sequence of Costume Ballets.

These connected scenes will take the place of the costume competition and races, which have been the main attraction in former carnivals. The crowning of the Queen is still a main item and an integral part of the Ballet.

Candidates Ruth Simonsen, sponsored by the Vermilion Elks, Noreen McGinnis, sponsored by the Vermilion Board of Trade, Phyllis Westman, sponsored by the Canadian Legion, and Shirley Carroll sponsored by the Vermilion Stagettes, have been nominated by popular vote of grades 9, 10, 11 and 12 respectively.

More details as to the items will be given from week to week as the Carnival night, February 14th, approaches. Advance tickets will be on sale very shortly. Get yours early and vote for your favorite candidate.

E. Sweatman Is Re-elected President Of Canadian Legion

E. Sweatman was re-elected president of the Canadian Legion Post 11 at the annual meeting of that body held in the new Legion hall Monday evening. 30 members were in attendance. The full slate of officers elected is:

President—E. Sweatman
Vice-Presidents — George Martin, Abe Katz
Chaplain—Rev. T. W. Teape
Sgt.-At-Arms—Ken MacDonald
Executive Committee — Vic Tillett, W. M. Sutherland, A. M. Watt, Fred Brimacombe, R. Allan, S. C. Heckbert, A. M. Hatte, Ken MacDonald.

The secretary-treasurer is appointed by the executive and Chas. Heckbert who holds that office informed the meeting that he was not standing for the position this year.

S. C. Heckbert, chairman of the building fund reported that $11,700 has been spent on the new hall to date. Estimated total cost of the building is about $15,000.

This being the first gathering held in the new hall a smoker and sing song was held following the meeting.

DISTRICT HOCKEY LEAGUE

V. S. A. Hockey Team Impressive In First Game

TRIM CLANDONALD 7 TO 1

Trotting out a young fast aggregation of puck chasers the V.S.A. made a very impressive entrance into the Vermilion District league when they defeated Clandonald 7-1 at the arena Wednesday of last week. Judging from their exhibition in this game the college boys will be the team to beat as Clandonald was in there fighting all the time and while not outclassed as far as territorial play was concerned were not just clicking around that goal mouth.

LINE-UPS

V.S.A. — Church, Lewis, Brosseau, Chantz, Goerlein, Ross, C. Ziegler, M. McMillan, N. Garnett, Adamson, Marler, O. Ziegler.

CLANDONALD — Heatherington, Goldsmith, Rudyk, Roberge, O. Strome, Bell, Osinchuk, Molineaux, Brodbin, Schoonmaker, Magnusson, Roe, Kellicutt, R. Strome.

Goal Summary—V.S.A.: O. Ziegler; Chantz from G. Ziegler. Ross from Adamson, Marler. Clandonald—Osinchuk from Brodbin.

2nd Period—V.S.A.: Chantz. 3rd Period — V.S.A.: Adamson from G. Ziegler, Chantz from Goerlein.

Penalties—G. Ziegler and Roe.

Referee—Russell Carroll.

Clandonald Crashes Win Column

DEFEAT VERMILION 4 TO 2

Saturday's District Hockey League game saw the Clandonald boys flash real form and determination to trim Vermilion by a 4-2 score in a really exciting hockey match. Down 2-0 at one stage the boys from the north staged a real comeback to cop the two points.

Backing up his team in superb style, Heatherington in the Clandonald nets turned in a really scintillating exhibition as deserves special mention while Don Braithwaite's rocket line [illegible] flick of his wrists was another high light.

Russell Carroll refereed.

LINE-UPS

CLANDONALD — Heatherington, Goldsmith, R. Strome, Rudyk, Roberge, O. Strome, McCambridge, Bell, Osinchuk, Brodbin, Braithwaite, Maltais, Rogstad.

VERMILION — Boswell, Katz, Mashell, Les Williams, Bill Williams, Link, Chessick, Fisk, Dandell, Heidebrecht, Witwer, Jim Wilkinson, Hugh Swanson.

Goal Summary — Vermilion: Bill [illegible] from Les Williams; Bob Mashell from Les Williams. Clandonald: Bell from Osinchuk, Don Braithwaite, Brodbin from Osinchuk, Braithwaite.

Penalties were meted out to Schoonmaker and 3 to Ralph Strome of Clandonald and one to Mashell of town.

Ralph Strome Bad Man of League

Ralph Strome with 6 minutes in the penalty box is the league bad man, but considering the skating and action Ralph puts into the game he deserves an extra rest now and then. M. Rochon of Buffalo Coulee is second [illegible] penalties with 4 minutes penalties.

Wednesday Night's Hockey Results

V. S. A. 6, Vermilion 4

Capt. Ken Caron's Rangers 3, Capt. Rex Boake's Maple Leafs 1

High School Rink Advances in Prov'l Curling Competition

The Vermilion high school has entered a rink in the Provincial High School Curling championships and on Tuesday this week this quartet won its first round by defeating a Mannville rink at Mannville. The Vermilion rink is comprised of Jack Currah, skip, Bob Reid 3rd, George Webb 2nd and Albert Johnson lead. The game at Mannville was a tightly contested affair with Skip Jack Currah winning with his last rock, making the final score 7-6. This victory qualified the Vermilion boys for entry in the Northern Alberta spiel at Edmonton Jan. 23 and 24. The winners of the northern section will be determined at Edmonton and will meet the southern Alberta champions. The ultimate Alberta winners will represent the province in the Dominion title event to be held at Winnipeg Feb. 16 and 17. The title last year was brought to Alberta by the Camrose high school rink.

HIGH SCHOOL NOTES

HIGH SCHOOL STUDENT WINS HONORABLE MENTION

Violet Lynne Klebanosky has received an Honorable Mention Achievement Certificate in recognition of an exceptionally fine solution submitted in the Bookkeeping competition sponsored by the Business Education World magazine. The presentation was made by the Commercial teacher Mr. Tassnale at a gathering of the high school students recently. The competition involved 5000 students from 41 states of the Union, several Canadian provinces, and the Canal Zone. Honorable Mention indicates a high standing among these 5000.

Commercial Students Win Certificates

The results of the November Bookkeeping competition show that superior Achievement Certificates have been won by Dorothy Balke, R. Hillcox, Violet Klebanosky, Robert Reid, George Webb, Phyllis Westman, June Thompson.

High School Spiel Saturday

The high school bonspiel is to be held Saturday Jan. 17th for which 15 rinks have been entered.

Annual Meeting Board of Trade

The annual meeting of the Vermilion Board of Trade will be held Wednesday Jan. 28th at the regular meeting time and place, 12:10 noon at George's. Review of the activities of the past year will be given by President George Maxwell and officers for 1948 elected. Everyone is invited to attend this as well as the regular weekly meetings held every Wednesday noon.

SHELTER ERECTED FOR HORSES

[illegible] for horses has now been [illegible] were forced to leave teams in town are invited to make use of the accommodation offered. The best that could be done was a tight fence [illegible] high and measuring 32 ft. by 16 feet. The interior is divided into 4 foot stalls. Ample protection from the wind is provided.

The project was carried out by the board of trade and met with wholehearted support by generous donations from the business men around [illegible] the town council.

[illegible]

Reeve Currie, Tessman Resign

FROM M. D. VERMILION VALLEY COUNCIL — TOO GREAT A DEMAND ON TIME

J. A. Currie, Reeve of Vermilion River M.D. since that municipality was formed several years ago, tendered his resignation as reeve and from the council at the meeting held at the municipal office here last week. Mr. Currie found the demands on his time just too great in attending to municipal business and his own farming interests suffered accordingly to a somewhat alarming extent. He had spent approximately 90 days away from home on municipal business during the past year. Very great regret was expressed by other members of the council at the retirement of Mr. Currie who is an outstanding municipal authority.

Mr. Dick Tessman, representing Div. 3, found that the demands on his time too were just such that he could not afford to attend to municipal affairs any longer, and this being the case he felt that it was only fair that he resign, hoping that the position would be filled by someone with more time at his disposal. The resignation of Mr. Tessman was also accepted with deep regret.

Mr. Currie and Mr. Tessman will carry on as councillors until successors are elected in three months time.

O. H. Quist Elected Reeve

O. H. Quist of Marwayne was elected as Reeve succeeding Mr. Currie. G. B. Clay of Paradise Valley is the deputy reeve.

Complete minutes of the meeting of the council will appear next week.

Pee-Wee Hockeyists Swing Into Action

The Pee-Wee hockey teams swung into action last week with Ken Caron's Rangers and Ken Swanson's Blackhawks playing a four-all tie. Sharp-shooters for the Rangers were Dolly Swanson from John Klebanosky, Charlie Labounce, Dick Beresford (2). Blackhawk goal-getters were Bill Schmidt from Ken Swanson; Leahy from Schmidt, Leahy from Schmidt, Ken Swanson. Penalties went to Leahy and Cameron.

The Canadians took the league leadership with a 3-1 victory over Rex Boake's Maple Leafs. Tom Ashbrook captains the Canadians. Rex Boake scored his team's lone goal while Beresford and Tom Ashbrook with 2 accounted for the Canadians goals.

LEAGUE STANDING

The Canadians lead the league with 1 win for 2 points. Blackhawks and Rangers 1 tie each for 1 point. Maple Leafs 1 loss, no points.

Games each Wednesday and Saturday.

Mrs. Hanning Elected Pres. Creighton W. I.

The Creighton W. I. met at the home of Mrs. R. Hanning with 9 members and 2 visitors present, Mrs. Hanning presiding. Roll call was answered by a reading. The minutes were read and adopted on motion of Mrs. Bennett and Mrs. Tate. The annual report was then read and passed by Mrs. Clark and Mrs. Polyk. Seven members subscribed to Home and Country. The annual report was then read and adopted on motion of Mrs. Tate and Mrs. Clark.

Officers for 1948 were elected as follows:

President—Mrs. Hanning
Vice-Pres.—Mrs. J. Bennett
Sec.-Treas.—Mrs. C. Reeves
Directors—Mrs. G. Clark, Mrs. J. Polyk, Mrs. W. Dennerworth

Social Welfare — Mrs. Robertson; Citizenship — Mrs. Tate; Agriculture — Mrs. A. Westover; Home Economics — Mrs. W. Dennerworth; Handicrafts — Mrs. J. Bennett; Sick Committee — Mrs. G. Bennet, Mrs. H. Hamilton, Mrs. Hanning.

DEWBERRY

To our brave curlers who ventured to Nipawin bonspiel we have the heartiest praise. For all is not luck in that great game of judgment. To come down to the 8s from 121 rinks in the draw is a wonderful achievement and we can sincerely say congratulations. We will give you all the details when the curlers return.

Dewberry junior boys hockey team played hosts to Marwayne boys last Saturday losing out 4-3 in a closely played encounter.

Two curling rinks from Marwayne were successful in lifting the R. A. Berg curling trophy from the Dewberry curlers.

Congratulations are extended to Mr. and Mrs. Henry Elliott of Dewberry on the birth of a daughter in the Islay hospital; also to Mr. and Mrs. Bob Hensel formerly of Dewberry and now south of Red Deer who became the proud parents of a son born at the Lacombe hospital on Boxing Day; Born—To Mr. and Mrs. A. Berg (nee Ellen Sunderland) of Dewberry a daughter.

Winners of the last whist drive sponsored by the hockey club were 1. Leonard Romanchuk; 2. Earl Keast; Consolation Russell Garner. Ladies 1, Rhona Smith, 2, Mrs. W. Robinson; Consolation, Dorris Romanchuk.

Carload Shipments for December

Carload shipments over the Canadian National Railways from Vermilion for the month of December were as follows: Sheep 2, hogs 13, cattle 24, flour 6, oats 16, horses 4, wheat 8, barley 6, rye 2, household goods 1, settler's effects 2.

There were 73 tank cars of oil shipped from Borradaile, 2 cars of oats and 5 of wheat. Claysmore shipped 1 of cattle, 2 of oats, 2 wheat, 4 of barley.

The United Nations' Relief and Rehabilitation Administration closed its doors officially on Dec. 31, 1947. During its lifetime it spent $3,700,000,000 for relief among 16 different nations.

THE STANDARD
VERMILION - - ALBERTA
ESTABLISHED 1909
Published Every Thursday Afternoon
At the Office, Main St.
S. R. P. COOPER — PUBLISHER

Vermilion, Alberta, January 15, 1948.

During the past 10 years Western Canada's annual production of wheat has fluctuated from 186 million bushels to 530 million bushels. In Alberta the variation has been between 75 million bushels and 190 million bushels.

"Blizzards" Now Are Standardized

Canada now has a definite and accepted definition of a blizzard and weather officials are rid of a headache that has persisted through many years.

Until Thursday, when Andrew Thomson, controller of the meteorological division, department of transport, approved the definition, weather offices across the dominion were setting their own standard of requirements for blizzards but were never sure whether they were uniform.

It was decided that components of a blizzard are: Wind of a velocity of 25 miles per hour or more, visibility of a half mile or less in snow and a temperature below 10 degrees above zero. In addition to this, the combination of the three components must last at least six hours.

THE WEATHER

The weather managed to drop below zero a few times during the past week but as this happened in the dead of night no one noticed it. Just for variety a high wind blew Wednesday reaching a velocity of 42 miles per hour for 30 minutes steady about 6 p.m., occasional gusts before and after that touched the 55 mile mark. As a result of this considerable snow was moved about and roads throughout the country were plugged up. Slightly over an inch of snow fell Jan. 7th with traces on several other occasions.

Alberta still continues to be the favored spot in Canada as far as fine weather is concerned.

Vast Alberta Road Program Planned

Provincial road authorities already are making preparations for a vast improvement program this year. This is revealed by department officials, who said recently that six gravel crushing outfits now are in operation in different parts of the province.

These crews are busy crushing and stock piling gravel so that there will be a head start on the hard surfacing program this spring. They are clearing the way for work to be advanced speedily and the elimination of delays caused during the past year, owing to required material not being on hand.

Officials of the Alberta Motor Association have been informed that the public works department is planning another $12,000,000 road surfacing and improvement program, which will include a considerable mileage of grading and gravelling.

There is extensive work planned on highways in southern Alberta and also in the central and northern districts. This work is expected to result in a hard surfaced highway being completed from the U.S. border all the way north to Edmonton and on to Clyde on the Peace River highway. Considerable work also is planned on the Jasper highway east and west of Edmonton.

High School Curlers Have "Sugar Daddy"

Alberta High School curlers have a sugar daddy. In an effort to promote the theme "Good sportsmanship is good citizenship" the radio and automotive divisions of Taylor, Pearson and Carson Ltd. have decided to sponsor High School curling in Alberta.

At present the firm is co-operating with the Alberta Curling Association in the promotion of regional play downs leading to the provincial finals scheduled for Edmonton Feb. 7th.

Winners in the 13 districts in Southern Alberta and an estimated 16 High School areas in Northern Alberta will be provided with T.P. & C. crests. Champions of North and South will receive crests, toque and jackets. Provincial champions will really hit the jack pot with crests, the T.P. & C. trophy, silver miniatures of trophy and an all-expenses-paid trip to Winnipeg to compete in the Western Championship event Feb. 16 and 17. Runners-up in the provincial finals will receive appropriate crests and bronze miniatures of the T.P. & C. trophy. Don Oaks of CFAC Calgary and Tom Shandro of CJCA have been appointed co-ordinators of promotion for the Taylor, Pearson and Carson interests. Sponsorship is planned on a long range basis.

Last year's provincial winners were from Camrose high school. They lost to the Manitoba rink in the inter-provincial finals.

Thirty-two Years Ago Today

Interesting Items Gleaned from the Files of the Vermilion Standard 32 YEARS AGO TODAY

Jan. 12, 1916

Ed Long has left to visit his old home at [illegible], Ont. It is 15 years since Ed was there last.

The cold spell of last week reached its climax [illegible] when the mercury dropped to 50¾ below zero. Despite this fact everyone is still alive and kicking—this for the benefit of outsiders — and some say that the freshness of the air is really beautiful. Cold men say the weather is ideal—for them.

W. E. Mackenzie was elected to the town council by acclamation to fill the unexpired term of M.A. Brimacombe, who has joined the colors.

The school board held the first meeting of the year. J. D. Stephens is chairman with S.R.P. Cooper, H. P. Long, W. P. Pillis and Jas. Craddock board members.

The carnival at Islay was a grand success prizes being won by Joan Douglas as an Eskimo, Geo. Traverse, Miss Rhona Mantory as a Sunflower Girl. Philip Hannan as an Indian; Will Hannan clown, Ted Yeoman, tramp, John Bull. Jim Fraser and Miss Marriott won the couple race and Bert Searle the gents race.

Sixteen Years Ago Today

Jan. 14, 1932

Roads have been rendered impassable for motor traffic by further falls of snow. Even the highway is completely blocked. The mercury slipped to 30 below the coldest of the winter.

Miss Grace Bury was elected president of St. Saviours' W.A. and Mrs. McCrimmon secretary.

The V.H.S. established a new record when 100% of the students returned after the Xmas holidays.

Per W. L. ROEBUCK, SEC.-TREAS. 31-5 P19 M11

OUR COMPLETE SHORT STORY—

TO BE REDEEMED

(By EDWARD EARL LEE)

SILAS HENBURY, wedged into a chair tilted against the counter, was slipping into his regular after-dinner snooze when the door opened. The customer was an elderly woman. Silas rose and the chair creaked its relief. He clumped behind the counter and said: "Good evening, ma'am. Something I can do for you?"

"Wh-why, yes, I suppose so. At least, I hope so."

Her voice registered pleasantly. He seldom heard such modulated speech. He was more familiar with haggling, shrewish voices; pleading, whining tones; arrogant, demanding talk. It reminded him of his past; a past he recalled less and less with passing years.

"Anything within reason. That's why I'm called 'Uncle Silas'. My customers are just like relatives to me."

"That makes it easier. I never had to pawn anything before. But.. "

Her voice trailed into silence. Silas knew that when she continued, throughout her story would run the same theme as countless others to which he had listened during his 40 years in the pawnbroker business. He nodded his head encouragingly.

"This gold locket," she said, unfolding her hands to reveal the trinket, "was presented to me by my husband when we were married. No matter how often we moved trying to better our circumstances, they never improved. After his death last year things became worse. I sold most of my valuables. But this...I just couldn't. I only want a loan on this locket, for someday I shall redeem it."

That is what they all say, thought Silas, as the locket changed hands. And the pathetic thing is they actually believe it, despite the possessions of many other persons in the pawn shop which now bear price tags. His philosophising was ended by the woman continuing her story.

"But to every pawn shop I've gone, they refuse to lend me any money. They say it is not valuable enough to be held as security for repayment of the amount of money I need. I know they are mistaken."

"We'll soon see," said Silas. He lightly scratched the surface of the locket with a penknife. Into that shallow furrow he let fall a few drops of acid, then shook his head as a greenish tinge appeared, saying: "I'm sorry, but this locket's only value is as a keepsake. It's tin."

"I... I can't understand it. There must be some mistake. Look here," she directed, unfastening the trinket. Its [illegible] heart-shaped halves swung [illegible] she pointed to metal that [illegible] two miniature portraits. [illegible] how bright and solid that is?"

Silas gazed intently at the pictures, then carefully scrutinized her face. Slowly, indistinct impressions emerged from recesses of his mind to become outlined sharply in his conviction.

"That photograph favors you, ma'am, even though it was taken when you were younger."

"Forty years younger, to be exact, when I was married. The opposite one is of my husband. It favors him, too."

"I'm sure it does. Looks like he was a fine man."

"He was. Folks said he was unreliable and irresponsible. I suppose Henry was, in a way. But they were his only faults."

"Pardon my asking, but, you loved him a great deal."

"Yes, and, I still do," she answered. Then, regarding him with a quizzical look, said: "Why did you ask?"

"Well, I just kind of thought a woman wouldn't stay married 40 years unless she loved her husband a great deal."

"You make me feel noble," she replied. "Now, concerning this locket."

Her words recalled Silas to the business at hand. He said: "I was mistaken. The inside was what convinced me."

Silas gave her the money she requested and closed the deal. Her fervent thanks made him glad that he had gone through with the deception. For, he had recognized Agnes Trumbull's picture. That was how she had looked when she had rejected him to marry his cousin, Henry, whose photograph appeared in the locket's other half.

Silas had known Henry was unreliable and irresponsible but he did not criticize him to her. Leaving home, he had never written or returned. Thus, Silas had lost all trace of Henry and Agnes until tonight when he had recognized her picture in the locket. Evidently Henry had become pressed for cash and sold the original locket, substituting a similar though cheaper one, and had died before he could make restitution.

Silas knew Agnes still loved Henry and would be hurt to learn the truth. And, Silas still loved her so much that he had created a certain way to insure her remaining ignorant of Henry's deception. That was, to advance so large an amount on the locket that she would never be able to redeem it.

Lethbridge Man Has Interesting Museum

LETHBRIDGE, Alta. — As a boy, Walter Gurney wanted to collect items—but he never had enough money to do it. However, 12 years ago he and his wife took a trip to Havana and that crystallized his determination.

Now Gurney's museum is one of the showplaces of Lethbridge. More than 43,000 visitors—including many from such distant places as South Africa, Europe and Australia—have inspected the collection in little more than two years.

At present, Mr. Gurney has about 300 mounted birds and animals. There are 640 birds' eggs and 15 outstanding freaks. He has a baby pig with the body of an elephant, an albino mouse and an albino kitten.

German prisoner-of-war left behind a complete set of war badges and also 12 different battleships carved out of wood.

In the Indian section are arrowheads, hammers, stone pipes, knives, tomahawks, head dresses and bead work. There are sea shells from all over the world including coral and mother of pearl.

Mr. Gurney didn't stop there, he has, in addition, a coin and currency collection dating back to 146 A.D. There are two handmade coins dated 238 A.D. and 244 A.D. And, strangely enough, there is also the now unknown Canadian four-dollar bill.

Mr. Gurney says it takes four full hours to really tour the museum and he thinks it's time well spent.

BEAT THIS! $21.00 FOUND IN CAN OF SOUP

MOORHEAD, Minn. — Bill Wherung found a $21 can of soup when a customer ordered tomato soup at Wherung's restaurant.

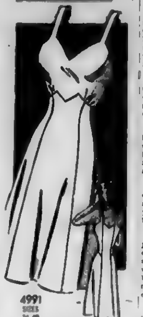
When Wherung opened the can, he saw a piece of crumpled paper in the soup. As he was about to throw the can away, he detected printing which said: "Payroll Savings Plan, National Bank and Trust Co. of New Jersey."

Inside the folded paper were four $5 bills and a $1 bill.

Three-quarters of the world's area is ocean. 2769

A QUESTION MARK—This snapshot by Miss Nora L. Marshall, Glanford Sta., Ont., shows approximately 700 pullets raised in 1947. The design in picture is supposed to be a "question mark". It was first arranged with lime, then followed with scratch grain. "At present," states Miss Marshall, "it certainly is a question as to the profit to be made at the price of feed."

Fashions



4991 SIZES 34-48

By ANNE ADAMS

Perfection in Slips

Here's a perfect slip which solves that everlasting problem — it won't ride or twist. Especially designed for larger sizes, Pattern 4991 makes the least of your figure!

This pattern, easy to use, simple to sew, is tested for fit. Includes complete illustrated instructions.

Pattern 4991 comes in sizes 34, 36, 38, 40, 42, 44, 46, 48. Size 36 takes 2¾ yards 39-inch fabric.

Send twenty-five cents (25c) in coins (stamps cannot be accepted) for this pattern. Write plainly size, Name, Address and Style Number and send orders to the Anne Adams Pattern Dept., Winnipeg Newspaper Union, 175 McDermot Ave. E., Winnipeg, Man.

Camels are capable of drinking 10 or 12 gallons of water at one time.

How COLDS affect Your KIDNEYS

The kidneys are very delicate organs, easily affected—especially by a cold. Their duty is to filter impurities and excess acids from the blood. When you have a cold extra work is thrown upon your kidneys. Dodd's Kidney Pills help your kidneys clear your system of excess acids and poisons caused by colds, and give you a chance to shake infection sooner, feel better faster. If you have a cold get and use Dodd's Kidney Pills. 139

Dodd's Kidney Pills

Western Briefs

CALGARY. — Nearing an all-time record, the Alberta Stockyards in Calgary handled 60,253 head during November. 5,125 truck loads and 601 railway carloads made up the total which was exclusive of direct shipments to the local packing plants.

• • • •

CARMAN, Man.—Fire of unknown origin destroyed the Manitoba pool elevator here and 10,000 bushels of grain. Damage to the building was estimated at $30,000.

• • • •

REGINA. — Resources Minister Phelps of Saskatchewan said the provincial government would begin shortly a "vigorous program" to assess Saskatchewan's mineral resources and encourage their development.

• • • •

WINNIPEG.—The Manitoba power commission announced power lines are scheduled to be extended next year to 5,000 new provincial farm homes.

• • • •

MORRIS, Man. — A pet dog that jumped on a bed to warn his master of a fire in the house is credited with saving three lives here. The dog woke M. Hoffman by pulling off the bed clothes. Hoffman, his wife and nine-year-old daughter, Carol escaped. The house was destroyed.

• • • •

WEST VANCOUVER. — A library building and service, proposed by West Vancouver Library Association, is to be the official West Vancouver memorial for World War 2.

• • • •

NIPAWIN, Sask.—A fully-matured lemon, grown in a flower pot by the late postmaster of this northeast Saskatchewan town, weighs 12½ ounces and is 11 inches in circumference. It took five months to mature.

• • • •

CALGARY. — Two Alberta men — Bloss Rutter of Calgary and Buster Harle a farmer of the Vermilion district east of Edmonton — report seeing one of the West's rarest birds, the Whooping Crane. Rutter reported seeing the bird in a slough about three miles east of Cochrane while Harle said he saw the bird on a small lake on his farm.

Japan Population Reaches 78,220,840

TOKYO. — Allied officials have found that the congested condition of the Japanese islands—diminished in areas as a result of defeat—has reached an all-time peak.

The latest population figure was put at 78,220,840. That is an increase of 5,851,698 since V-J Day.

STARTED SOMETHING

William Gilbert in 1600 set the foundation for the discovery of radio when he pointed out the earth as a great magnet with magnetic poles and a field of force about it.

Canada's West Dotted With Hidden Oil Wells

A. I. Levorsen, Geologist, Predicts Hundreds Of Wells To Be Discovered

OTTAWA.—A. I. Levorsen, retiring president of the Geological Society of America, said it is "inconceivable" that the plains of western Canada "should not be the site of hundreds upon hundreds of oil fields yet to be discovered."

In his presidential address to the first joint annual meeting of the U.S. society and the Geological Association of Canada, he said this reasoning also applied to the plains of Mexico.

Deposits such as the Athabaska tar sand of Canada or the Golden Lane and Poza Rica fields in Mexico give a measure of the possible size of some of these undiscovered fields he said.

"Not until thousands of additional test wells have been drilled throughout both regions can we say that the exploration of these areas has been completed."

Dr. Levorsen, a professor at Stanford university in California, reviewed the oil resources of the North American continent and said current demands plus the fact production is running close to capacity "gives legitimate alarm about our ability to continue to supply adequate amounts of petroleum during the decades ahead."

The two alternatives were to manufacture substitute fuels from the great reserves of coal, oil shales and tar sand and to increase oil field discovery within the continental borders.

Two areas which have many common characteristics significant in the geology of petroleum are the plains of western Canada and eastern Mexico and Guatemala. Both contain numerous and widespread evidence of petroleum in the form of seepages, asphalt and tar deposits as well as proven oil and gas fields.

Average depth of the ocean below sea level is 12,450 feet.

PRIZE WINNER — Mrs. L. G. Saunders, Borden, Sask., holding one of her prize-winning group of six turkeys at the Western Canada Dressed Meat Show.

Canada Opens New Legation

OTTAWA.—Canada has opened a legation in Yugoslavia, it was announced. Minister to the Balkan country will be Emile Vaillancourt, 48, of Montreal, the first Canadian representative in [illegible].

Mr. Vaillancourt presented his letter of credence to the president of Cuba May 8, 1945. He will now open the first Canadian diplomatic mission in Belgrade.

Canada has had direct diplomatic relations with Yugoslavia since the exchange during the war of diplomatic representatives between Canada and the Yugoslav government in London. In 1942 General Georges P. Vanier was accredited as minister to Yugoslavia, and Dr. Izidor Cankar was minister of Yugoslavia in Ottawa. Mr. Mato Jaksic has been nominated as Yugoslav minister in succession to Dr. Cankar and will take up his duties at Ottawa in the near future.

WANDERS AT TIMES

The moon at times wanders slightly from its path. Although it does not stray more than about 30 miles from its predicted position, it is this variation which causes slight errors in time schedules of eclipses.

Red Cross Transfusion Service Proves of Great Value

7000 BOTTLES OF WHOLE BLOOD DISTRIBUTED IN 5½ MONTHS; 1500 BOTTLES PLASMA STORED IN HOSPITALS.

CALGARY. — Operating in Alberta only five and a half months, The Canadian Red Cross Society's free Blood Transfusion service has already collected and distributed nearly 7,000 bottles of whole blood to the hospitals throughout the province at an estimated saving to the public of over $100,000 it was announced recently by Red Cross officials.

In addition to the use of whole blood, over 1,500 bottles of plasma have been stored in Alberta hospitals to be used in cases of emergency and in the treatment of shock cases. The carrying out of over 3,200 Rh clinical typings in cases of expectant mothers is another feature of this free Red Cross service.

Organized in Alberta in July, The Canadian Red Cross Blood Transfusion service is now the sole source of supply for blood to nearly all hospitals in this province. Under this new service any patient requiring a blood transfusion now receives it entirely free of charge. In co-operation with the Red Cross, hospitals and doctors administer transfusions without cost to the patient. A nominal price of $15 per bottle used to be charged before the Red Cross started this free Blood Transfusion service which has meant a saving to the public of over $100,000. This saving is further increased by the Red Cross also supplying all equipment and professional diagnostic services.

Medical and hospital authorities throughout the province give high praise to this new Red Cross Service and credit it with the saving of an inestimable number of lives.

To carry on this life saving work, the service depends upon the continuous support of every citizen to come forward willingly as a blood donor, Red Cross officials pointed out.

Annual Meeting of Canadian Hereford Association Feb. 25

The annual meeting of the Canadian Hereford Association is being called to meet in the Macdonald Hotel, Edmonton, Wednesday, Feb. 25th at 9:30 a.m. Directors' meetings will be held both the day previous and the day following the annual meeting.

The annual meetings of the Canadian Aberdeen-Angus Breeders association and the Canadian Shorthorn Breeders association will be held in the same hotel at the same time.

At 2:30 the day of the meetings, a joint session of the three associations will be held when Dr. R. T. Clark of Bozeman, Montana, will be the guest speaker. Dr. Clark is Co-ordinator, Beef Cattle Program, Agricultural Research Administration, U.S. Dept. of Agriculture and his subject will be "Improving the Efficiency of Beef Cattle".

During the evening there will be a joint dinner followed by a suitable program.

Anyone interested in the production of better beef will be heartily welcome.

Annual Meeting, Banquet of Fish and Game League

The annual meeting of the Vermilion Branch of the Fish and Game league will be held on Thursday Jan. 22nd at George's Lower Deck at 7 p.m. Tickets will be sold at $1.25 per plate. 33-4

Civil Service Assoc'n

There will be a regular meeting of the Civil Service Association Branch 3 on Jan. 19th at 8:00 p.m. in Provincial school of agriculture. 33-4

THE WESTERN FARM

The average farm in Western Canada is 438 acres in size—164 of them being under crop. It has 5 horses, 14 head of cattle, 4 sheep, 7 pigs and 100 head of poultry. Between 1940 and 1946 the average western farm increased in size by 31 acres.

In Western Canada 52 per cent of all farms own one or more tractors, 30 per cent own one or more trucks, and 14 per cent have combines.

Wildmere Winks

(Held over from last week, [illegible] make due allowance for time elapsed.)

It was on Jan. 8th, 1932 that the writer first started writing Winks, never dreaming that she would still be doing it in 1948.

Christmas concerts are past history. The children and teacher of our school are to be praised for the very nice concert they gave. [illegible] found a well laden Xmas [illegible] when he arrived at the end of the program. The writer also attended another very good concert at Brockville and once again Mrs. Hughes the teacher, and her [illegible] deserve the highest praise. The [illegible] folk also presented a play "That Rascal Pat" which was enjoyed very much. The Sword Dance and Highland Fling were danced by Aileen [illegible]. Christmas is certainly a time of the year children greatly anticipate and it wouldn't be the same without a concert and Old Santa.

Christmas and New Year celebrations were many and we will mention a little of the visiting that we happen to know about in rather shortened form. Mr. and Mrs. J. Wilson at the Holte home in town for Xmas, Misses Andie and Gloria Morand of Calgary spent Xmas with their grandfather Mr. Adam Smith and their aunt Mrs. Cliff Cruthers and family of Wildmere; Mrs. G. Cruthers of Vermilion at the home of her son Cliff; Numerous fetes were held throughout the district at the Martin, Weisenberger, Whitlock, Batke, Gibson, Garnett and Wallington homes during the holidays; Norma Seuffert visited at the R. Martin home. Otto Weisenberger had the pleasure of a visit from his two brothers, one of Calgary and one from Trochu, Alta., for New Year's.

Mr. and Mrs. Abe Friesen spent Xmas with their son Bill and family in Edmonton. All returned to spend New Year's at the family home here.

Mrs. J. Wilson made a flying trip up to Fort Sask. last week to visit her sister Mrs. Fisher. She spent a day in the city and returned Saturday.

Three new power washing machines have come into our district in the last while. Mrs. Wilson, Mrs. R. Martin and the Haines Bros. being the new owners. We think Wildmere and Rosewood can boast of having as many power washing machines as any district hereabouts. There are 9 gas engine and 2 electric washers in the two districts that we know about. They are grand labor saving devices we can tell you.

Mrs. Dan Ford who has been visiting at her mother's Mrs. Glidden of Thornecliffe, has now gone to teach at the Indian Lake school north-west of Vermilion.

Funniest thing heard — Was little Andrew Alexander of Battleview at our Xmas concert saying he knew what to do with the cat in one of the plays. "Chase it out into the woods".

Mrs. Adam Smith who has spent the past month visiting at the Coast arrived home on Sunday morning. She spent New Years with her sons Alex and Norman at Norman's home at Ben Accord.

Health League of Canada presents **Topics of Vital Interest**

VACCINATION WITH BCG MAY CUT TB INCIDENCE

(From the Toronto Globe and Mail)

Success of the age-long fight against tuberculosis is in sight, the magazine Health suggested editorially in its current issue. It was commenting on the work of a clinic in Montreal where vaccination with BCG vaccine of 900 children against tuberculosis has been successful in every case.

"In spite of the fact that about 50 per cent. of our vaccinated children live in direct contact with tuberculous parents, none of the 900 children vaccinated with BCG in the isolated quarters of the BCG clinic has died or is actually suffering from any tuberculous infection," Dr. A. Guilbeault reported to Health, the semi-monthly publication of the Health League of Canada.

Dr. Guilbeault said that the success of the Montreal clinic, which was opened in 1935 by the provincial health department, demonstrates its value to every provincial health department in Canada. The budget of the Montreal clinic for 1945 was $36,000.

The medical world has awaited a vaccine against tuberculosis since Koch, in 1882, discovered the causative agent of the disease. In 1908 two French scientists, Calmette and Guerin, made a chance discovery which led to the development of the Bacillus of Calmette-Guerin, now internationally known as BCG. The vaccine was extensively used in cattle and in 1921 was first used on a human. The patient was a new-born infant living in contact with his tuberculous grandmother. Success was demonstrated so quickly that within three years 200 such infant children in France had been vaccinated and none has died of tuberculosis.

In 1930, Sen. Athanase David, Quebec Health Minister, visited France, where success with BCG was demonstrated to him. He arranged for the establishment of a clinic in Montreal to vaccinate new-born infants born in tuberculous surroundings. "Since that date everything has worked out as foreseen," Dr. Guilbeault reported.

One fixed rule regarding BCG vaccination is that the vaccine must not be given until it is demonstrated that the patient is absolutely free of the disease. Skin tests and x-rays may establish whether the patient is tuberculin negative or positive.

A year hence all the patients who have been vaccinated at the Montreal clinic and all their records will be intensively studied by a medical research team of the National Research Council. Some observers are confident that its report will speed the establishment of comparable BCG clinics in other provinces.

MONEY GIFT FOR BRIDE WAS NEVER COLLECTED

POWNAL, Vt.—The first wedding in Pownal [illegible] church's 100-year history will take place—36 years too late for payment of a $10 gift once offered to the first bride to march down its aisle.

A century ago Daniel Dean of Pownal Centre, who furnished some of the lumber for the church, posted a $10 gift for its first bride—but the offer expired when he died in 1911.

Ju-jitsu in Japanese means "gentle art" or sometimes "to conquer by yielding. 2798

TYPICAL WINTER SCENE—Record snowfalls have been reported across Canada, causing tie ups in train and bus services, and costs of clearing highways and streets have run into thousands of dollars. The above is a street scene in Halifax, N.S.

Pre-Planned —

Nameless Town In Manitoba Is Rapidly Becoming A Model

THE first pre-planned industrial town inaugurated within the province of Manitoba is rapidly becoming a model town, although it is situated far north, some 86 miles north of The Pas, and has not yet been given a name. This was announced in a progress report issued by Hon. J. S. McDiarmid, minister of mines and natural resources. The nameless town, known officially as simply "Township 68", but referred to generally as Snow Lake townsite, expects to have a population of 1,800 families.

It is the first mining town to be [illegible] under the new section of the Local Government Districts act, passed by the legislature in 1945 to provide for the orderly development of mining areas to eliminate the old-fashioned "tin town".

Under the act, the town possesses an administrator, R. L. Cochrane, appointed last July by the province. He has all the powers of a municipal council during the opening years of the town's development. All land in the area, originally Crown property, is sold through him.

The basis of the township's progress was an agreement reached between the province, the administrator and the Howe Sound Exploration company, which is running the newly opened mine there.

Company To Spend $325,000

Under this agreement, the company has committed itself to spend $325,000 in the development of the townsite. Of this amount, $175,000 will go to town improvements, such as the survey, clearing and grubbing, streets improvement, lanes and sidewalks, installation of water mains and a sewage system, and construction of electric power lines.

The remainder of the money will go to provide for buildings, among them a four-room school costing $35,000, a $40,000 seven bed hospital and a $75,000 community centre. Additional funds from the sale of lots will go towards further improvements.

The Howe Sound Exploration company is showing a keen interest in the new community, the report continues, and has agreed to maintain streets, lanes, drains, sidewalks, street lighting, sewer and water systems, garbage collections, and to maintain reservoirs for water supply as well as distributing water services to houses not connected to the mains.

Besides all this the company has agreed to contribute $4,000 a year to the local government district, as well as maintaining fire-fighting equipment and operating the electric distribution system.

Local Tax Concessions

In return for this, the report says, the company receives some local tax concessions for a number of years.

The agreement stipulates that all these company services must be run to the complete satisfaction of the government-appointed administrator and none can be terminated without one year's notice. The agreement runs until 1951, and thereafter will be subject to annual renewal, with provision made for division of costs if new mining properties should open up in the area and new companies enter the townsite.

The construction of town facilities is well under way, Mr. Diarmid stated with the actual construction following strictly the paper-mapped plan. In this plan the town takes full advantage of all conditions on the ground.

Employees Get First Chance

The site, mainly chosen for the mine workers and their families has been subdivided by the province and [illegible] at base land values to the administrator. First chance of lots goes to the employees and to firms and persons who will provide services needed by the community, the minister said.

At present, the company has completed 41 houses, which will be ready for occupation this winter, as well as being well under way in the construction of the new hospital and school. A staff house has been erected and a curling rink will be put in this winter. The mine cook-house operates a snack bar and commissary while the Hudson's Bay company opened the first store in the community. Soon to go in are a branch of the Royal Bank of Canada and a motion picture theatre.

Well Planned Roads

The town has a well-planned road and avenue system, with picturesque names reminiscent of the wooded north-land, such as Lakeshore Drive, Poplar, Birch, Balsam and Spruce avenues. The business district is [illegible] the homesite area, but is still handy for future shoppers. It has lots marked out on a 90 foot wide road.

The town itself is connected by road to the Hudson Bay railway at Mile 82, Wekusko. The road, a difficult piece of construction, was started in 1946.

The grade was completed this year and graveling operations were in operation at the season's end. In order to assist in the early start of this road the Howe Sound company ran a preliminary survey to the mine at a cost of $6,000. This survey was followed by a location survey by the government in the early fall of 1945.

The cost of the road will be borne by the company, the province and the dominion. Under the agreement the company's share will be $150,000 with the province and the dominion each contributing a somewhat larger share.

The mine itself has set an objective to sink its shaft to 810 feet by mid-December and by Nov. 15 the shaft had reached the 546 mark. The shaft is five compartment size comprising an 11 foot 6 inch by 6 foot 3 inch cage compartment and man way for ventilation, water, air and electrical services.—Winnipeg Free Press.

Saskatchewan Man Malt Barley King

REGINA — Saskatchewan's 1946 champion grower of malting barley, Jack A. Wylie, Norquay, repeated his win in 1947 when judges of the $25,000 National Barley contest at Winnipeg ranked his carload entry as the best produced in his province last year.

The contest, second of the series initiated in 1946, by the brewing and malting industry, had nearly 400 entries from the western region which included the prairie provinces and the Peace River district of British Columbia.

WORLD HAPPENINGS BRIEFLY TOLD

Eire authorities are considering using aircraft to help protect sea fisheries from poachers.

[illegible] zone of Germany will end March 1. The German News Service in the British zone reported.

A collection of works by Robert Burns has been published at Moscow in a new translation by the Russian poet Samuil Marshak.

Health Minister Aneurin Bevan announced 1,000,000 persons have moved into new houses completed under Britain's post-war building program.

The excess profits tax, imposed in 1941 as a means of preventing business profiteering during wartime was repealed Dec. 31, despite recent requests that it be continued.

A plan for exchanging entertainment groups between Canada and Britain was outlined at Vancouver by William Walker, director of a local theatrical agency.

A court in Middlesborough adjourned a charge for three days until definition of a word used in the case was clarified by reference to the Oxford Standard dictionary.

Plans for a new Arctic patrol boat to replace the RMS Nascopie, lost off Cape Dorset, Baffin Island, last summer, were announced at Ottawa by Transport Minister Chevrier.

Postal censorship in the British Food Minister Strachey said in the house of commons the breakages of imported eggs during unloading in 1947 was "only fractionally higher" than the two per cent. reported in 1946.

FRACTION OF HUMAN SIGHT

Sharks have only rods in the retinas of their eyes, whose visual efficiency is only a fraction of that of human eyes.

DIES AFTER BEATING—Douglas Reynolds, 26, Chatham city police constable, died in a Chatham, Ont., hospital from injuries received in a beating while performing his duties.

SELECTED

RECIPES

CHOCOLATE FUDGE CAKE

1 layer

- 1½ cups sifted cake flour
- 1½ teaspoons baking powder
- ½ teaspoon salt
- ½ cup butter or other shortening
- 1 cup sugar
- 1 egg, well beaten
- 2 squares unsweetened chocolate, melted
- ¾ cup milk
- 1 teaspoon vanilla

Sift flour once, measure, add baking powder and salt, and sift together three times. Cream butter, add sugar gradually and cream together until light and fluffy. Add egg and beat well, then add chocolate and blend. Add flour alternately with milk a small amount at a time, beating after each addition until smooth. Add vanilla. Bake in greased pan, 8x8x2 inches, in slow oven (325 deg. F.) 1 hour or until done. Spread mellow chocolate frosting on top and sides of cake, or serve in squares with apricot cream topping as a dessert.

Both the halibut's eyes are on its right side.

Bowtell

The writer is very sorry to learn that Allan Wells of Vermilion, a University student, had the misfortune to break his ankle. Despite this accident he has the broken foot in a cast and is able to continue his studies at Varsity. He is the room mate of Alan Morrison.

Miss M. Knutson was an early visitor at the Maggs home Tuesday catching the school bus going north. She was in time for breakfast.

Mr. and Mrs F Robinson were recent visitors at the Repp home; Mr and Mrs Jones and Clive guests at the Iredelly home, the writer and husband visitors at the Rochford home with Mr and Mrs A Scarfe.

The amount raised at the dance was $28.75 and not $40 as stated in our last bulletin.

Dance at the school Jan. 30th folks. Keep the date in mind.

A very enjoyable time was spent at the Morrison home Thursday when the Busy Bee meeting was held. It was decided to buy two new brooms for the school. Mrs. Maggs is donating coffee for our next dance. Mrs. Morrison also donated some spoons as these are needed now that we able to buy and serve sugar for coffee at the dances.

Mrs Moses extended thanks for the fruit that members of her family received while in the hospital. The next B.B. meeting will be held at Mrs. Hardie's and lunch will be served by Mrs. McClellan and Mrs McGinnis.

A big truck load of lumber has been delivered at the Perkins' home in readiness to start their new home.

A number in the district are suffering from the flu at present.

[illegible] is visiting at the Lonaghan home as Mr Lonaghan is away in the city.

RIVERTON

Mrs. Henry Elliott is now the proud mother of a daughter born at the Islay hospital January 3rd.

Mrs. Bert Parr and children spent New Year's at the former home at Beaverdam.

Mr. and Mrs. MacLean had a very enjoyable motor trip to Vancouver.

The community gathered at the Riverton school Dec. 27th in honor of Mr. and Mrs. E. Haskell who celebrated their 40th wedding anniversary that day. A chicken supper was served. Mr Skinner presented the bride and groom of 40 years ago with a 96-piece dinner set on behalf of the community while Mrs. D. Vivian presented them with a beautifully decorated three-tiered cake on behalf of the Ladies' Aid. The evening ended with cards and a short dance.

Mrs. F Parr is a patient in the Edmonton University hospital.

The Ladies' Aid meeting will be held at Mrs. Durnin's this week.

The school bus began to operate through this district on Monday last week. The children now go into Dewberry school.

Alberta is now producing about 40 million dozen eggs annually, and only about half that production is consumed within the province.

WEDDING BELLS

GLIDDEN—OLSON

The home of Mr. and Mrs. Roy Olson at Parkland, Alberta, was the scene of a very pretty wedding on Sunday, Jan. 4th, when their eldest daughter, Lorraine Ruby, became the bride of Mr. Walter Raymond Glidden, son of Mr. and Mrs. Earl Glidden of Vermilion. Rev. N C. Grundahl officiated.

The bride entered the room on the arm of her father, to the strains of the Wedding March (Lohengrin) played by the bride's aunt, Mrs. Helen Brager of Banff. The bride was lovely in an afternoon frock of pale blue crepe. A corsage of roses completed her costume.

Delores Olson was her sister's bridesmaid and wore an afternoon frock of French blue. Her corsage was of pink and white carnations.

Mr. Eddy Thompson of Viking was the best man.

Soloist was Miss Connie Smorlie, who sang "Because", accompanied by Mrs Brager.

The rooms were decorated with pink and white streamers and white bells. The ceremony took place before a decorated altar. The bride's table was centred with a three-tiered wedding cake, baked by the bride.

Those attending from a distance were: Mr. and Mrs. Earl Glidden and Rosabelle from Vermilion; Stella and Eddy Thompson and Raymond Olson of Viking; Harold Glidden and Mr. and Mrs. G. E. Bruce of Edmonton.

The happy young couple will reside in Viking, where the groom is employed.

Our best wishes are extended to them.

IN MEMORIAM

In memory of my dear mother
—who passed quietly away Jan. 16, 1945.
"The things you loved I have not laid away
To molder in darkness year by year.
What you did, the books you read each day
Are all about me intimate and dear.
Perchance so much that now seems incomplete
Was left for me in my poor way to do.
And I shall love to tell you when we meet
That I have done your errands Mom for you."

—With Love, Beth.

Regular Meeting of Islay Hospital Board

The regular meeting of the Islay Municipal Hospital board was held in the hospital on Jan. 5, 1948 at 2:00 p.m. All board members present.

Moved by Mr. Gordon that minutes and financial statement be adopted as read. Cd.

Moved by Mr Wood that the contract rate for non-ratepayers be $5 for the current year, and that ads be run in the Standard and the Lloydminster Times. Cd.

Moved by Mr Jack that the report of the delegate to the Red Deer convention be adopted, and that expense account be paid in the amount of $33.70. Cd.

Moved by Mr Jack that the gifts to the hospital and staff from Mr Waterfield Sr., Mr and Mrs H Young, Mr. and Mrs. J. T. Fyfe be acknowledged with thanks. Cd.

Moved by Mr Waterfield that the Secretary be authorized to attend the audit in Edmonton. Cd.

Moved by Mr Gordon that secretary secure estimates of cost of printing 300 copies of auditor's statement by both photostat and printing and that the photostat copies be provided if not more than [illegible] in cost than the printed copies. Cd.

Moved by Mr Wood that salaries and accounts as approved be paid. Cd.

Moved by Mr Jack that Matron's report be adopted.

Motion of adjournment to meet on Feb 7th at 2 p.m.

Matron's report: In hospital [illegible], admitted 25, discharged 30, remaining 4; Deaths 1, Operations minor 4, X-rays 5, out patients 2, grant days 211; receipts $3346.

Salaries—staff $406.11, board members $25.00.

Names of Canadian Veterans of Imperial Forces Desired

The Geographic Board of Alberta wishes to honor residents of the province who served their country and the Empire with distinction in the First and Second World Wars by naming after them physical features and new settlements within the Province as suitable occasions present themselves. The Board is able to obtain from Ottawa details with respect to all those who served in the Canadian forces but, unless it has their names, it cannot secure similar information from London regarding the many Albertans who served in the Royal Navy, the Imperial Army and the Royal Air Force. The Board, therefore, would greatly appreciate it if readers of the Standard will send names of any who to their knowledge won distinction in the Imperial armed forces to, "Mrs. Edith H. Gostick, Secretary of the Geographic Board of Alberta, The Legislative Library, Edmonton."

Ethelwyn News

After years of talking about it a floor has at last been laid in the school barn. Mr MacGillivray and Mr Collins did the work during the holidays. Mr Lepine scrubbed and oiled the school floor at the same time.

David Attfield wound up the Xmas holidays by going to the 12th Point hospital for an appendix operation. At last reports David was doing fine and would soon be home.

Miss Marian Connelly and Mr. Rod McPhee of Derwent spent last week end visiting their cousins Mr and Mrs MacGillivray and family.

Mr Gentry Obler of Southern Alberta spent several days visiting his father who was very ill. Mr Obler Sr returned with his son for a rest and a change.

Ethelwyn was well represented at the Columbia theatre when the Royal Wedding pictures were shown. It was a real privilege to see this film.

What about that label date?

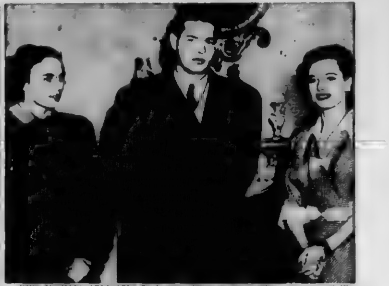
SATIRA FOUND GUILTY—Maximum penalty of 26 years in prison and a minimum of six years is faced by Patricia Schmidt, billed as Satira in night clubs, charged with slaying of John Lester Mee of Chicago. Havana court said the trial was "concluded for sentencing". The dancer formerly of Toronto, Ohio, is seen here with guards.

RESCUED FROM LABRADOR WILDS — Capt. J. B. Cleghorn of Montreal was one of two Canadians rescued by an air force ski plane after they had crashed in a B-17 U.S. plane on a frozen Labrador lake. Seven Americans, Capt. Cleghorn, and R. H. Tyrer of Barrie, Ont., were landed at Goose Bay by the rescue plane. All were reported unaffected by their two-day exposure to subzero temperatures. Supplies of food were plentiful and the men had been able to shelter themselves from the wind and cold by building lean-to's of scrub-timber and parachutes.



KING MICHAEL ABDICATES TO MARRY WOMAN HE LOVES—Abdication of King Michael of Romania means he will be free to marry as he wishes some sources predict, recalling the abdication of the present Duke of Windsor and his subsequent marriage. Michael is seen with fiancee, Princess Anne de Bourbon-Palma, (left), and actress Anna Neagle, (right), during visit to a London studio to see movies made.

POP BOTTLE PROVES MIGHTIER THAN PISTOL—Whirlwind attack by father and son forestalled a robbery at a fish and chip store in Toronto. Tom Higgins (left) shows the technique used when he helped his son subdue the robber. While they wielded pop bottles Mrs. Tom Higgins Sr. shown right, called the police.

CAUSES PATIENTS TO LOSE PAINS AND ACHES—In the office of Dr. A. E. Noble of Long Branch, Ont. something new has been added to the magazine rack and the framed diploma. Patients are enchanted by this snow scene complete with electric trains, houses, village, fire halls and Santa Claus and his reindeer. Mrs. Noble shown with the waiting-room work of art, helps her husband build the scenes. Dr. Noble says many patients forget their aches and pains looking at the trains and flickering lights.

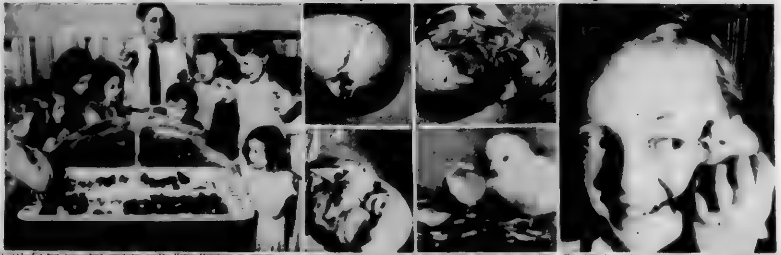
BERATES GUNMEN TO NO AVAIL — When one of three gunmen holding up a Toronto bank addressed Mrs. Lynn MacArthur as "Hey, you", she berated him for stealing instead of earning a living. However, he and his confederates did not reform on the spot, but herded the bank staff and customers into an office and forced them to lie on the floor, and escaped with $7,800 cash. Mrs. MacArthur is seen with her husband of one month.

FRIENDSHIP
FRIEND SHIP

FRENCH GREET FRIENDSHIP TRAIN SUPPLIES—Native costumes were worn by these girls from every province of France who were in Le Havre to greet the arrival of the ship American Leader, loaded with food for the French people. The food was collected by the Friendship Train.

PETRILLO IS IN THE NEWS—Making records [illegible] fast as they can before James Caesar Petrillo's ban stopped union music [illegible], for discs were such stars as Dinah Shore, (right)

New Chick Incubator Allows Spectators To See Miracle Of Hatching



Th[illegible] of a new [illegible] incubator by the Ketay Hatchery in Huntington, N.Y. makes it possible to watch the [illegible] birth, to see a baby chick burst its prison walls and crawl out into this strange world. This hatchery produces some [illegible] chicks a year, which makes it one of the largest producers of chicken dinners in the world. At left Walter A. Ketay, one of the brothers who operate the hatchery, explains the new incubator to a group of school children. A plastic dome enables the onlooker to watch all stages of birth of the young chickens. In centre four of the principal stages of birth are recorded by the camera. Top left: The tiny prisoner has breached the wall of the shell and is widening the breach. Lower left: 38 minutes later one side of the shell has been knocked away and you can now see folded position of the chick. Top right: Freedom at last. The chick has pulled its head free and is resting after the effort. There was a period of 20 minutes between stage 2 and 3. Bottom right: Bright-eyed and fluffy as a powder puff the new arrival stands outside its erstwhile prison one hour and five minutes after stage 3. That time had been used mostly shaking herself dry. At extreme right: Eight year old Judy Matthews, who is cute herself, cuddles the youngster. 2730

The Speculative Wheat Agreement

By the end of this year prairie farmers will have lost around 300 million dollars on account of the Speculative Wheat Agreement, on the average $1,000 loss to each prairie farmer. Farmers should protest to their Members of Parliament.

Ask for a booklet entitled "The British-Canadian Wheat Agreement" from our Searle Agent.

SEARLE GRAIN COMPANY, LTD.

No. 70

Tanks on tractors and gas engines should be kept full of fuel in cold weather. Air will condense and create moisture in an empty tank.

Answering Your Questions ABOUT IMPORT CONTROL

Most of the countries which are Canada's regular customers have not recovered sufficiently from the war to pay, in the normal way, for all the goods they need, despite extensive help from this and other countries. Nor are they able to send us enough of their goods to balance accounts—or to pay us in the kind of money which we, in Canada, can use to buy goods in other countries.

At the same time, Canada has been buying more goods than ever before from the United States and other countries demanding U.S. dollars. This is because these goods were not obtainable elsewhere and because of demand pent-up during the war.

Buying from the United States or U.S. dollar areas must, therefore, be temporarily reduced until our trading again becomes normal.

To meet this emergency, purchase of goods and services or expenditures for travel, which must be paid for with U.S. dollars, are now subject to control.

IF YOU ARE AN IMPORTER OF CONSUMER GOODS and wish to find out what goods are (1) prohibited, (2) subject to quota, or (3) unaffected by controls, see or write your nearest Collector of Customs and Excise.

IF YOU WISH TO IMPORT GOODS SUBJECT TO QUOTA and wish to establish your quota authorization to import, or need special information, consult your nearest Collector of Customs and Excise. Quota application forms (E.C. 1) and instructions for completing them, are available at all Customs Offices. These applications must be filed with the Collector of Customs and Excise.

IF YOU WISH INFORMATION ON THE AMOUNT OF YOUR QUOTA. After your application has been filed with your Collector of Customs and Excise, all correspondence about the establishment of quotas or cases of exceptional hardship through import prohibitions should be directed to Emergency Import Control Division, Department of Finance, 490 Sussex Street, Ottawa. Quotas are issued on a quarterly basis and any unused portion may be carried over into the following quarter.

IF YOU ARE AN IMPORTER OF PRODUCTION PARTS, STRUCTURAL STEEL, stone, machinery or other capital goods or automobiles, and wish to know the import restrictions in these classifications, write or see Emergency Import Control Division (Capital Goods), Department of Reconstruction and Supply, 385 Wellington Street, Ottawa.

IF YOU INTEND TO TRAVEL OUTSIDE CANADA and wish to know about foreign exchange available for this purpose, consult any bank or the Foreign Exchange Control Board at Ottawa, Montreal, Toronto, Windsor, Vancouver. If you wish information about personal purchases of goods made during travel outside Canada, consult the nearest Collector of Customs and Excise before departure.

IF YOU ARE A MANUFACTURER, WHOLESALER OR RETAILER and wish information about excise taxes, or about the list of goods to which they apply, consult the nearest Collector of Customs and Excise.

IF YOU NEED OTHER SOURCES OF IMPORTS consult the Foreign Trade Service, Department of Trade and Commerce (Import Division), Ottawa, regarding your supply problems arising from import quota restrictions. Through the Trade Commissioner Service, the Import Division is endeavouring to arrange increased supplies from the United Kingdom and other "non-scheduled" countries.

IF YOU ARE A HOUSEWIFE and wish information on available alternate foods which have comparable nutritional values to those now prohibited or subject to quota, informational material which has been prepared by the Nutrition Division of the Department of National Health and Welfare may be secured from your Provincial Health Department or local health unit.

The administration of these emergency import controls is the responsibility of various departments of the Government. The above information is given to aid Canadian citizens in complying with the new import control regulations with a minimum of inconvenience to their business and personal affairs.

Douglas Abbott

Minister of Finance.

CANADA NEEDS U S DOLLARS

7,774 Canadians Return from U. S.

INTERESTING IMMIGRATION FIGURES

Immigration to Canada during the month of October this year showed an increase of 97% over the influx of new citizens during the same month a year ago, according to latest statistics released by Immigration Branch of the Department of Mines and Resources.

Total immigration for the month was 8,0[illegible]1, as compared to the figure of 4,700 for October, 1946. Worthy of note was a rise of 2,491 in the total of immigrants from the British Isles, this year's October total being 5,231, as against 2,740 for the corresponding month a year ago.

Apart from the British Isles, the total for European races was 2,096, an increase of 1,774 over the October 1946 total of 322.

Indicating a marked upswing in the flow of Canadian citizens returning after having resided in the United States, the total number returned during the ten months ended Oct. 31, was 7,774, an increase of 3,858 over the figure of 3,916 for a similar period in 1946.

ST. SAVIOUR'S ANNUAL MEETING

Don't forget the Pot Luck supper and annual congregational meeting to be held at the Masonic hall on Monday Jan. 19th at 7 p.m. 33-4

WOODVALE

(This bulletin was written for last week, due allowance should be made for time elapsed.)

NEW YEAR'S WEDDING

This being leap year it is only apt to report the first wedding in the district. On New Year's day Maxine Dixon and Clarence Lyons were married by Rev. K. S. Reikie in Vermilion. R. Treeman was best man and Myrtle Crocker was bridesmaid. Later the mother of the bride served a wedding dinner to the young folks and Mr. and Mrs. Jack Lyons, parents of the bridegroom. Their many friends wish them the very best and lots of happiness together. To charivari or not was the big question. If the usual noise is made it will no doubt wake up the whole auto camp and half the town!

Suzanne Goutier was home for New Year's and has accepted a position in the hospital at Wainwright.

NEW YEAR'S BABY

The second baby to be born on New Year's day in Edmonton was Bonnie Elizabeth Proudfoot, daughter of Mr. and Mrs. Jim Proudfoot. Her father is a former school teacher of Woodvale and will have to bring this addition to the Proudfoot family on his promised visit to these parts in 1948.

FRED SLOCUM HEADS U.F.A.

The Tolland U.F.A. held their annual meeting on Jan 3rd. Fred Slocum is the new president while F. Van Wagenen stayed in as secretary-treasurer. It is hoped that Herman Walters will be able to go to the coming convention in Edmonton, as all the other members have too much work to do and extra help is not to be had.

HIRED MAN DISAPPEARS

Gordon Trevithick who had hired a man to haul his hay discovered the team [illegible] tied to the [illegible] and the hired man gone when he went to investigate what could have happened when they did not return from a trip. One way, but sure not a very decent one of quitting one's job!

NEW TEACHERAGE

A teacherage has been moved to the Ganton school grounds which Mr. Warman can try out if he likes to batch.

ARRIVES IN BELGIUM

Georgette Young arrived in Belgium where she is staying with her mother's folks for awhile, before starting her missionary work around Liege. We hear she was surprised and delighted with the greenness of the countryside in the winter over there.

Commend liberty by the way we live and there'll be less need to defend it with our lives.

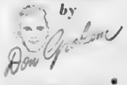
EVERYBODY'S BUSINESS by Don Graham



When playing many games, you get better results by "following through." And if you want to be successful, you will apply that principle to your job, too.

This means doing a thorough job, seeing that you have done all you can do to make it good before it leaves your hands.

Doing so may involve only some very slight extra effort. Double-checking some measurements, for instance, may be a small matter. And your work won't be apparent. But it may save time and money—the price of errors. And sooner or later people will learn that they can depend on you.

On the other hand, you may have to work hours overtime in order to follow through on some jobs. Or you may need to keep an eye on other operations which are not part of your job but have a bearing on it.

However, if you're really ambitious, you'll willingly go to considerable lengths in order to make every job a really "OK" job!

The modern life insurance agent not only brings the need for financial security to people's attention, he follows through by helping them plan a practical program that is adapted to the individual's requirements.

Canada's Merchant Navy

CANADA'S MERCHANT NAVY was greatly expanded during the war when, in carrying vitally-needed war supplies over hazardous sea routes, it was rightly regarded as a foremost part of our war effort. Canadian merchant seamen were known to be second to none in their bravery and devotion to duty in times when it was of the utmost importance that war materials and food should reach the overseas ports. At the beginning of the war Canada had only 35 regular ocean-going merchant vessels of over 1,000 tons totalling altogether 241,280 gross tons. By April 1st, 1947, this fleet had grown to 396 ships, weighing 1,067,734 gross tons.

* * * * *

To Be Operated By Canadians

The cost of these vessels, which were built by seventeen of Canada's largest ship yards and a number of smaller concerns, was 636.9 million dollars. Crown companies were formed to speed up the work and cut costs and as a result of these efforts Canada was able to make a notable contribution to the success of Allied shipping during the war. There were some losses to the fleet due to enemy action, and early in the war ninety vessels were sold to the United States at cost to be sent to Britain under the terms of lend lease. Since the end of the war it has been the policy of the government to sell those ships which remain only to Canadian firms to be operated under Canadian registry and consequently Canada now has a large and well equipped merchant fleet.

* * * * *

A Fine Record To Maintain

Of the 636.9 million dollars spent on the construction and operation of Canada's wartime merchant fleet, the Rt. Hon. C. D. Howe, in a recent report to parliament stated that the government expects to have a net deficit of less than 190 million dollars. This would include losses due to enemy action. There remains a merchant navy of considerable size, in fact Halifax is now known as the home port of one of the world's largest merchant fleets. While it is always regarded as a part of a nation's defence the merchant navy must also in peacetime be regarded as an industry. The future of the large number of ships now operated by Canadian companies will depend on the amount of goods available for them to carry, as well as the degree of efficiency with which they are operated and maintained. The Canadian merchant navy has established a splendid record and it is to be hoped that it will retain in the future the place which it now holds in world shipping circles.

New York Preacher Visits Jack Miner Bird Sanctuary

Manly F. Miner, (right), eldest son of the late Jack Miner, O.B.E., showing Rev. Norman Vincent Peale, D.D., pastor of Marble Collegiate Church, Fifth Ave., New York City, how Canada Geese are banded at the world famous Jack Miner Bird Sanctuary at Kingsville, Ontario, Canada. Dr. Peale is wearing the hat and coat of the late Jack Miner with a goose in each arm, which had been trapped for banding purposes on the Jack Miner Bird Sanctuary.

Dr. Peale became famous the last few years as not only pastor of the oldest Protestant church (Dutch Reform) on Fifth Avenue, New York, but as editor of a little weekly non-profit pamphlet known as Guide Posts which is printed under his directorship.

Rev. Peale became interested in bird banding activities at the famous Jack Miner refuge from the angle of using the birds as missionaries because forty years ago the late Jack Miner conceived the idea of putting a [illegible] of scripture on each band as well as his name and address. In this [illegible] Jack Miner used to say he was fulfilling the promises in the Holy [illegible] where it says "And the fowls of the air shall tell thee."

Dominion Joins Search For Use Of Cosmic Rays

To Help United States And Russia In Developing The Possibilities

MONTREAL. — Canada has joined the United States and Russia in developing extensive research into the properties and possibilities of the mysterious cosmic rays which have stirred the imaginations of readers of futuristic fiction stories.

Not much is known about these rays, the existence of which was first discovered in 1910, except that they have a tremendous penetrating power dwarfing that of x-rays.

These rays enable scientists to study the composition of matter. This aspect of nuclear physics is of great importance as atomic energy is derived from nuclear fission.

The United States and Russia were believed to be the only powers studying these rays extensively, but a copyrighted feature of the French magazine Sciences et Aventures to be released shortly here reveals that a French Canadian professor is conducting cosmic research in Montreal on a grant of the National Research Council.

He is Professor Pierre Demers of the physical institute of the University of Montreal who worked during the war with the atomic division branch of the National Research Council pilot plant at Chalk River, Ont.

Professor Demers made his experiments by sending apparatus he devised himself nearly 100,000 feet into the stratosphere. The apparatus is placed in a small nacelle attached to several balloons.

Cosmic rays were discovered, as many other important scientific developments, by accident in 1910. Their properties still are unknown although researchers have found them to have unsurpassed penetrating power.

They have been detected in mine shafts thousands of feet below the surface of the earth.

Their source is unknown, although it has been established that they are generated neither by the sun or the earth. Scientists hope that their power to separate matter may be a boon in the search for improved ways of splitting the atom.

Although they can be studied from the earth, cosmic rays are partially absorbed by the atmosphere around the globe and professor Demers uses his special apparatus to study the rays at an average altitude of 80,000 to 90,000 feet.

ADVENTURE ON TRIP — Isabel MacArthur was one of the passengers on the C.N.R. train derailed at Anola, Man. She was tossed through a train window and almost completely buried in the snow. She managed to crawl out unaided. Miss MacArthur, taking a post-graduate course in dietetics at Columbia university, New York, was on her way to Winnipeg to spend a holiday with her mother.

Coal Reserves In Canada

OTTAWA.—Canada's coal reserves are sufficient to last 2,000 years, a government coal specialist estimated before the joint annual meeting of the Geological Association of Canada and the Geological Society of America.

Dr. B. R. MacKay, official of the mines department, placed the Dominion's total reserves at 98,815,962 tons, made up of a probable reserve of 62,125,098 tons and a "possible additional" reserve of 36,690,864 tons.

The grand total, made public previously in the report of the royal commission on coal, included an estimated 150,000 tons in Ontario.

INCOME NOT SO GOOD

ATLANTA, Ga.—U.S. Department of Agriculture figures show that Georgia farmers have the fourth lowest per capita income of any group in the nation. Farmers' income per year in Georgia averages $306—slightly more than one third the national farm income per capita.

When your little one catches cold—

Tonight . . . do what most mothers do to relieve miseries of children's colds. Simply rub warming Vicks VapoRub on throat, chest and back at bedtime. Results are so good because VapoRub's special relief-bringing action starts right away and keeps on working for hours during the night while the child sleeps. Often by morning most misery of the cold is relieved. Remember, Mother . . . when your children catch cold be sure you get time-tested Vicks VapoRub.

Experience Of Grain Buyer Was Unusual

PLENTY, Sask. — Emil Olson, Plenty grain buyer, is wondering what the odds are against loading the same grain car in one season.

Noticing No. 172,772 on the loaded car it seemed familiar and in checking his files he found the same car had been shipped east by him a month earlier.

EXPENSIVE RECIPE

BOSTON — A Boston woman asked a dining-car waiter for the recipe of a fudge cake she had enjoyed on the train. The chef who had concocted the cake sent her the recipe—with a bill for $20. Her lawyer advised her to pay the $20.

FUNNY And OTHERWISE

The policeman raised his hand and the woman motorist stopped with a jerk.

"As soon as I saw you, miss," the policeman declared, "I said to myself, 'Forty-five at least.'"

"Oh, no," remonstrated the woman, "it's this hat that makes me look so old."

* * * *

Jones: "How many controls has your radio got?"

Smith: "Two, my wife and my daughter."

* * * *

"And who may be the perishing sweetheart what put that there mistletoe on the table?" asked the orderly sergeant with disgust.

"The captain did," answered Private Jones cheerfully.

"Oh!" ejaculated the sergeant then after a pause "pretty, ain't it?"

* * * *

Mrs. Baggs: "My husband can't hear opera. The opening bars alone are enough to send him home."

Mrs. Waggs (sadly sighing): "Well, you're very lucky; it's the closing bars that send my husband home."

* * * *

Two buzzards were lazily soaring over the desert when a jet-propelled plane zipped by them, its exhaust throwing flame and smoke. As it whizzed out of sight, one of the buzzards remarked: "That bird was really in a hurry."

"You'd be in a hurry too", said the other, "if your tail was on fire."

* * * *

"I can't understand how you manage to keep so calm, whatever happens," said Robinson.

"Oh, it's just a matter of training," explained Thompson. "You see I've a wife, five children, two dogs and a cigarette lighter."

* * * *

"Harry did you give that wife of yours a lecture on economy last night?"

"Yes, I quit smoking."

* * * *

Chemistry Professor: What is the outstanding contribution chemistry has made to the world?

Student: Blondes.

* * * *

Clerk: "Are you a guest of the hotel?"

Patron: "No, I pay to stay here."

PROMOTIONS ANNOUNCED IN R.C.A.F.

The Hon. Brooke Claxton, Minister of National Defence, has announced the names of 110 officers included in the R.C.A.F.'s New Year's promotion list. Ninety-seven of the promotions are to officers of the Regular Air Force, the remaining 13 being to officers of the Auxiliary Air Force.

Promotions of commissioned officers in the R.C.A.F. are published semi-annually to coincide with the King's Birthday and New Year's. Names of Westerners on the New Year's promotion list are as follows:

Officers of the R.C.A.F. (Regular) Promoted

Squadron Leader to Wing Commander

SL. H. R. Foottit of Vancouver, SL. M. Davies of Winnipeg, SL. R. B. Hoodspith, MBE, of Vancouver, SL. V. R. Hill of Vancouver, SL. G. A. Folkins, AFC, of Calgary.

Flight Lieutenant to Squadron Leader

FL. W. G. Harvey of Vancouver, FL. R. O. Stabler of Winnipeg, FL. A. G. Sheffield of Saskatoon, FL. B. A. Peters of Winnipeg, FL. J. Dunn of New Westminster, B.C., FL. A. C. Border of Yorkton, Sask., FL. W. E. Duncan of Vancouver, FL. G. B. Murray, DFC, of Calgary.

Flying Officer to Flight Lieutenant

FO. C. E. W. Pierce of Vancouver, FO. W. Harris of Vancouver, FO. P. Patrick of Camrose, Alta., FO. (Acting FL.) E. R. Baker of Saskatoon, FO. J. H. Cooper, DFC, of Qu'Appelle, Sask., FO. W. I. Gordon of Saskatoon, FO. G. A. White of Winnipeg, FO. D. T. Bain of Vananda, B.C., FO. W. N. Hoye of Vancouver, FO. R. D. Fraser of Winnipeg, FO. R. Kerr of Innisfail, Alta., FO. E. H. Foye of New Westminster, B.C., FO. A. L. Campbell of Hillsboro, Sask., FO. L. H. Croft of Flin Flon, Man., FO. J. J. Higgins of Winnipeg, FO. C. S. Lindberg of Winnipeg, FO. J. McGillivray of Edmonton, FO. J. F. Drake of Victoria, B.C., FO. J. P. Bell of Edmonton.

Officers of the R.C.A.F. (Auxiliary) Promoted

Flying Officer to Flight Lieutenant

FO. E. A. Alexander of Vancouver, FO. A. A. Smith of Vancouver, FO. V. R. Glover of Edmonton, FO. C. J. Konzuk of Domremy, Sask., FO. F. W. [illegible] of Edmonton, FO. R. L. Wilkin of Edmonton.

GEMS OF THOUGHT

SAFETY

The desire for safety stands against every great and noble enterprise.—Tacitus.

I know that the Lord is always on the side of the right, but it is my constant anxiety and prayer that I and this nation should be on the Lord's side.—Abraham Lincoln.

Every one wishes to have truth on his side, but it is not every one that sincerely wishes to be on the side of truth.—Whately.

A man who puts aside his religion because he is going into society, is like one taking off his shoes because he is about to walk upon thorns.—Cecil.

Falsehood is in a hurry; it may be at any moment detected and punished; truth is calm, serene; its judgment [illegible] high; its king cometh out of the chambers of eternity.—Joseph Parker.

Understanding the control which Love held over all, Daniel felt safe in the lions' den, and Paul proved the viper to be harmless.—Mary Baker Eddy. 2789

Find Business Poor Smuggling Gold

KIRKLAND LAKE, Ont. — With gold production in most of Canada's big mines down and the government declaring parity between the United States and Canadian dollar, the gold squad — specially trained branch of the Provincial Police in northern Ontario—is finding business poor.

The odd ounce of contraband gold occasionally finds its way to Montreal or Windsor, known trade centres for "highgrade" ore, but most of the big-time smugglers have been robbed of their incentive. Police say that profitable markets were cut off when the last of Canada's servicemen came home.

At one time a considerable amount of gold was finding its way out of Canada. Police cite the case of a young ferry command pilot who bought gold for $25 an ounce in Canada and then flew it to Africa where in one month he made a profit of $90,000.

Stories of the tricks miners played to smuggle gold out of the mines—secreting gold between their toes, in their teeth and hair, in thermos bottles and even in bottles with specially-built secret compartments—are recorded in the gold squad's files.

But now scientific precautions, fallen off demand for gold and the vigilance of the gold squad have put an effective damper on this once lucrative racket.

NEW USE FOR ROCKETS

WASHINGTON. — A method of shooting telephone wire over rivers, ravines and cliffs by the use of rockets has been developed by the signal corps, the army has reported.

"SALADA" TEA BAGS
So handy

It keeps in the cupboard—it's quick-acting—it's always there when you want it! Now, with the New Fleischmann's Royal Fast Rising Dry Yeast, you can bake more delicious breads and rolls in extra-fast time. No dashing to the store at the last minute—you can keep a month's supply standing by, use it as you need it. It will be as potent the day you use it as the day you bought it. IF YOU BAKE AT HOME—get Fleischmann's Royal Fast Rising Dry Yeast today. At your grocer's.

Local News of Interest

NOTICE

The annual meeting of the members of the Vermilion Credit and Savings Union Ltd., will be held in Masonic hall on Thursday, Jan. 22nd at 2 p.m. Business — general. Every member is urged to be on hand and bring a friend.

34c H. P. Long, Sec. Treas.

Baby Knell Is Fifth Generation

Mrs. J. J. Knell in sending along her subscription to the Standard, adds the following interesting note: "Apropos of your news item regarding Mr. and Mrs. Clayton Taylor's baby being the 5th generation on the mother's side—my young granddaughter, Jack's baby, shares the honors as she is also the fifth generation on her mother's side. The great-great grandmother who is well on in her 90s, lives in the United States, the great grandmother and grandmother both live in Alberta."

Thursday Jan. 8th the W.M.S. of the United church held their first meeting of the year in the church parlor. After the business of the year had been transacted Mr. Reikie held a lovely service when he installed the new officers for 1948. Everyone was very happy when Mrs. Melvin Hill undertook the third year as our president. Mrs. O. E. Long and Miss O. Craig thanked Mrs. Hill on behalf of all the members for the excellent work she has done in the past year.

A lovely musicale was given by Mr. and Mrs. Folk and their daughter Miss Dorothy Folk which was much enjoyed. Following this treat refreshments were served and a social half hour enjoyed by all.

Mrs. I. Winters received word Wednesday of the death of her sister-in-law Mrs. John Sinclair of Toronto. Mrs. Sinclair was the last of the well known Winters family. She visited her brothers Isaiah and David here on several occasions and was well known by numerous people in town.

Mr. and Mrs. R. G. Vesey and son Donnie left this Thursday morning for Escondido, Calif., where they plan to reside in future. Mrs. Vesey's parents, Mr. and Mrs. Fred Hildebrand already live in that city.

Mrs. C. H. Rogers and two children, Wayne and Shirley of Edmonton have been visiting at the home of their mother and grandmother Mrs. Filgate. During their visit here Mrs. Ned Wells of Lloydminster motored up to see her sister Mrs. Rogers. The first time in three years that the girls have been together.

ATTEND OPENING NEW ARENA

Mr. and Mrs. Sandy Watt and Mr. and Mrs. Reg Spencer attended the grand opening of the new Memorial Arena at Ponoka last Friday evening. According to reports this is truly an excellent building and a real living memorial, cost some $64,000 to complete and has an ice surface as large as the arena in Edmonton. Just to make the opening more joyful if possible the Ponoka hockey team led by Bob Watt and Ray Spencer of last year's Tigers here turned in a 7-1 victory over the Red Deer Gunners in the Central Alberta league. The Vermilion people met quite a number of Ponoka citizens while in that town and all had great praise for both Ray and Bob, not only for the type of hockey they play but for their general happy sportsmanlike attitude towards everyone in general. On the return trip on Saturday the party stopped off at Wetaskiwin and saw the Jr. Canadians play, with young Brent MacNab in seeing plenty of action. Brent has speeded up his skating to a surprising degree and is very popular with the Wetaskiwin fans.

Richard Filgate motored from Unity, Sask., accompanied by his fiancee Miss Cecilly Lander, to spend Xmas day at the family home in town.

Joe Dow, at one time manager of the Boston cafe here, was a visitor in town last week, a guest at the home of Chow Karpay. Joe Dow went from here to Yorkton but in 1940 went to his old home at Mukden, China and was caught there by the war, just recently returning to this country. Conditions during the war years in China according to Mr. Dow, were rather terrible and still prevail in many parts of the country. His many old friends were pleased to see him again.

Military Notes

A Company, The Loyal Edmonton Regiment, will hold a special parade on Sunday Jan. 18th, for rifle firing and range practice. Personnel attending this parade will report at the Armouries at 1200 hrs. sharp. Dress will be overalls, winter, mellons, puttees and belts. Rifle, civilian or military, will be carried. All ranks are urged to dress warmly as a six mile ski trek is planned.

After the show on Saturday evening attend the dance at the Elks hall. An enjoyable hour or two for only 25c.

Mr. and Mrs. Matt Brimacombe and two children and Mr. and Mrs. Stewart Brimacombe and three children, all of Edmonton, have been visiting for a few days at the home of their parents, Mr. and Mrs. John Brimacombe.

Mr. and Mrs. Henry Davey motored to Vulcan and Hussock to visit friends and relatives and also visited Mr. Davey's sister and brother of Edmonton over the New Year week.

Mrs. W. R. Wiebe has gone to Fredericton, N.B. to visit her daughter Phyllis who is now married and living in the maritime city.

R. D. Lynch and J. C. Tucker left Monday of this week by car heading for Arizona where they plan to stay until March. En route to the southern state they will stop off at the livestock show at Denver one of the most ambitious of its kind to be held. The trip is being made in Ray's Buick.

Norman McClellan of the local hospital board was in Edmonton last week attending special gatherings of hospital representatives to hear details of the Blue Cross Insurance plan. He explained these in detail to the hospital board here last Saturday at the regular meeting of that body.

John J. Hope returned to Vermilion Jan. 10th from two weeks spent visiting in Winnipeg and vicinity. While there he met a number of former colleagues with whom he worked prior to coming to Vermilion in 1906, indeed Mr. Hope stayed with a friend with whom he roomed for three years while working in the Manitoba capital. He was also keenly interested in just how city families were managing under the present increased cost of living. Mr. Hope spent a most enjoyable visit with Mr. and Mrs. J. J. Rutherford, former Vermilion people who wished to be remembered to all their old friends and acquaintances here. Both look very well and are enjoying the best of health, and both are still quite interested in Vermilion.

Civil Service Assoc'n

There will be a regular meeting of the Civil Service Association Branch 3 on Jan. 19th at 8:00 p.m. in Provincial school of agriculture. 33-4

Brian Campbell-Hope President of A.Y.P.A.

The Anglican Young People's association met in the Parish hall Jan. 6th for the first meeting of 1948. The meeting consisted of election of the officers and resulted as follows:

President—Brian Campbell-Hope
Vice-President—Jim Fooks
Sec.-Treas.—Ruth Simonson
Fellowship Committee — Joan Birchford and Joyce Hodgson

Following the transaction of the business an enjoyable lunch was served.

'TEEN TOWN

The 'Teen Town executive met at the home of Thelma and Phyllis Westman for their first meeting in 1948.

A report was given concerning the Musicale and dance held on Dec. 22. The club profited by this function making approximately $80.

If the Elks hall and Sandy Sunderland's orchestra are available for the same date the group may sponsor a "Waltz Night."

The next meeting will be held at the home of Shirley Davidson.

Activities of Union-Koknee Homemakers for Year 1947

The following is a brief synopsis of the work carried out by the Union-Koknee Homemakers during 1947. Quilts donated to Red Cross; quilt outsides to burned-out Cleland family; 2 baby quilts to I.O.D.E., 2 baby quilts to local families, donation of $10 to Red Cross drive March 8th.

Mrs. Tonsdale was sent to Farm Women's week. A pot-luck supper was served for members, their husbands and families at the home of Mr. and Mrs. Tonsdale Dec. 30th this is to be an annual event. A present was given to Mrs. Yarwood who moved into town. Cash on hand is $62.73.

Officers of the club are Mrs. Hobbis president; Mrs. Nelson vice-president; Mrs. Rankin auditor; Mrs. W. Preston secretary.

Stagette Notes

Tuesday Jan. 13th saw 17 members attend the regular meeting which was held at the college as it was handicraft week. Mary and Margaret were very kind to offer their working quarters to us. I think we all conquered considerable work.

The carnival float was discussed and Kay and Iris are to look after this project. We are sponsoring Shirley Carroll as our Carnival Queen.

We are sorry to announce that our president Lena Miller is on the sick list. Lena is at the home of her sister in Regina and is going into the hospital there for an operation. We hope to have cheery news from Lena next meeting.

We hope you girls had a lovely lunch. The first five girls to go were not hungry anyway.

Cheerio until next meeting.

VERMILION ELKS HOLD INSTALLATION CEREMONY

Vermilion Elks were honored at their regular meeting on Monday evening this week by the attendance of Bro. C. Conway of Lloydminster in his official capacity as D.D.G.E.R. of District No. 10. The occasion was the installation of officers for 1948 which ceremony was in charge of Bro. Conway. Bro. Don Taylor was named as assistant installing officer and Bro. V. H. Cooper as secretary pro tem.

The following is a complete slate of officers for the current year:

Exalted Ruler—Bro. Henry Powell
Past Exalted Ruler—Bro. Don Logan
Leading Knight—Bro. Stanley Waldenberger
Loyal Knight—Bro. George Caron
Lecturing Knight—Bro. E. J. Edey
Esquire—Bro. Frank Welsh
Sec.-Treas.—Bro. Russell Carroll
Chaplain—Bro. Andrew McWilliams
Historian—Bro. Monty Hunter
Inner Guard—Bro. Victor Tilbrit
Tyler—Bro. M. Simonsen
Organist—Bro. F. J. Richardson
Trustee (3-years)—A. LeRossignol.

Previous to the installation much business was dealt with to wind up the affairs of 1947. It was decided to actively support the Elks candidate Ruth Simonsen for Carnival Queen honors in the school children's carnival on Saturday Feb. 14th.

HELP FOR THE PEE-WEES

The sum of $35 was placed at the disposal of the Elks Pee-Wee hockey team in the Pee-Wee league.

Due to the fact that the audit was not completed, the financial statement for 1947, and the review of the past year's work were held over until the February meeting.

Bro. Conway spoke to the Lodge briefly on several aspects of their work, commending and offering suggested improvements in several instances. He was given the hearty thanks of the Lodge for his work and advice.

The refreshment committee under the capable leadership of Bro. Alec Le Rossignol assisted by Bro. M. Hunter, Ken Dredge and Billie McLaughlin, again came through with a most substantial lunch which made a fitting closing to a busy session.

Presented With Life Membership

FIRST IN HISTORY OF LOCAL ELKS LODGE

DON TAYLOR

A very pleasant feature at the Elks Lodge meeting Monday evening was the presentation to Bro. Don. Taylor, a past exalted ruler of Vermilion Lodge, also, a past-district-deputy G.E.R. of District No. 10, of a life membership for meritorious service rendered this Lodge. The presentation was made by Bro. Vernon Cooper, who spoke highly of the many and varied services given by Bro. Taylor in the interests of Elkdom in Vermilion ever since its inception in 1926. Bro. Taylor responded in his usual capable manner, thanking the Brothers most sincerely for the honor bestowed on him, the first of its kind in the history of the Elks Lodge.

Officers Britannia Rebekah Lodge Installed Jan. 12

On Monday January 12 the officers of Britannia Rebekah lodge were installed by sister Beth Witherbe, District Deputy President.

RANGERS AND BLACKHAWKS WIN

Last Wednesday night's game saw Ken Caron's Rangers hang a 3-1 defeat on Rex Beake's Maple Leafs. Kenny himself was the big goal getter, notching 2 of his team's counters with Albert Lachance tallying the other. Joe Wilkinson scored for the Leafs.

BLACK HAWKS 1 CANADIANS 0

Black Hawks turned in a close 1-0 victory over Tom Arheson and his Canadians in Saturday night's game. Bill Schmit scored the lone counter for Capt. Ken Swanson and his Blackhawk team mates.

Mrs. John Brimacombe Passes Away

Mary Ellen Brimacombe, beloved wife of Mr. John Brimacombe, passed away at the family home Monday, January 19th following a lengthy illness. Mrs. Brimacombe had resided in Vermilion for forty years and was held in high esteem and affection by a wide circle of friends.

Funeral services were held at the United church Wednesday afternoon. Members of the Queen Esther Chapter O.E.S. attended in a body. Interment took place in the Vermilion cemetery. Rev. R. S. Reikie officiated. Moyer Bros. were in charge of arrangements.

Left to mourn the loss of a loving wife and mother are the sorrowing husband and three sons, Stewart and Matt in Edmonton, and Edward at home. There are five grandchildren.

New Officers Board of Trade Will Be Elected Next Week

ANNUAL MEETING WEDNESDAY, JANUARY 28th

The annual meeting of the Vermilion Board of Trade will be held Wednesday Jan. 28th at 12:10 noon at George's Lower Deck. Review of the past year's activities will be given by the retiring president, Mr. George Maxwell and officers for 1948 elected.

Provincial Veterinarian To Visit Vermilion

DR. E. E. BALLANTYNE TO MEET FARMERS

The newly appointed Provincial Veterinarian, Dr. E. E. Ballantyne, is to give some special lectures to the school of agriculture classes next week.

District Agriculturist E. H. Buckingham has arranged for Dr. Ballantyne to meet with district farmers on the evening of Monday, Jan. 26th at the school of agriculture. The principal topic for discussion is concerning Bang's Disease. This subject should be of special interest to Vermilion farmers in view of the fact that there have been several serious outbreaks of this disease reported lately in the Vermilion district.

All stockmen are invited to attend and to ask questions on Bang's Disease or any other veterinary problem which they may have.

Dewberry Man Vice-Chairman U. F. A.

A. B. Wood, well known farmer of Dewberry, was elected vice-chairman of the executive of the United Farmers of Alberta at the convention of that body held in Edmonton last week.

How does your label read?

DISTRICT HOCKEY LEAGUE

V.S.A. 6, Vermilion 4

The V.S.A. boys turned in their second victory in two starts when they downed the town league entry 6 goals to 4 in a good game last Wednesday. The Collegians are the only undefeated team in the league at present, and according to the railbirds will take a lot of upsetting.

Russell Carroll refereed.

Clandonald Wins Second Straight

CLANDONALD 4, B. COULEE 3

The Clandonald boys, who started off the schedule with two defeats, have staged a remarkable reversal of form with a few games and on Saturday night turned back the Buffalo Coulee crew by a 4-3 score. The northerners ran in 3 goals without a reply but Bert Macnab's crew came back with one, the Clan added another early in the third and then Buffalo Coulee notched two more to make a real fighting finish coming within an ace of tieing up the score.

Art Wiebe refereed the game.

LINE-UPS

CLANDONALD — Heatherington, Goldsmith, Rudyk, Roberge, O. Strome, Bell, Ostachuk, Molineaux, Brodbin, Schoonmaker, Magnusson, Roe, Kelliecutt, R. Strome.

Anglican Parishioners Hold Annual Meetings

The past year for St. Saviour's Anglican church in Vermilion has been a very successful one and one which saw some notable achievements. Chief of these being the completion of a new rectory and the parish becoming 100 per cent self-supporting.

The annual meeting of the parish [illegible] was held Monday evening in the Masonic hall and was preceded by a very enjoyable "pot-luck" supper. The attendance was large and the following were appointed to office for 1948:

Rector's Warden—E. H. Buckingham
People's Warden—L. H. Puckett
Vestry—Thos. Watts, S.R.P. Cooper, Wm. Fooks, C. N. Brannan, Alex Manyluk, M. Simonsen, A. E. Kaiser, H. R. Parker, Ross Taylor, A. M. Watt, H. B. Evans, Ashley H. Cooper.

At the conclusion of the meeting E. H. Buckingham showed colored slides of flower gardens taken in Vermilion last summer, also a number of pictures of gardens in Lloydminster.

W.A. Elect Officers

At the annual meeting of the St. Saviour's W.A. held at the Rectory on Jan. 13th, a very successful year in all phases of the work was reported by the various officers.

The officers elected for the ensuing year are:

President—Mrs. J. R. Robson
1st Vice-Pres.—Mrs. A. O. Sinclair
2nd Vice-Pres.—Mrs. Gord. Williams
Secretary—Mrs. A. V. Smith
Treasurer—Mrs. Harold Reid
Little Helpers' Sec.—Mrs. E. Buckingham
Thank Offering Sec.—Mrs. C. Hodgson
Dorcas Secretary—Miss Grace Bury
Flower Fund Sec.—Mrs. A. Manyluk
Educational Sec.—Mrs. C. Hodgson
Prayer Partner Sec.—Miss G. Bury
Living Message Sec. and Jr. W.A. Sec.—Mrs. T. W. Teape

At the close of the meeting our Rector, Rev. T. W. Teape, gave a short address that was an inspiration to all members to carry on during the coming year with increased enthusiasm and devotion to the missionary cause.

The members of the W.A. wish to take this opportunity to thank all those, who in any way, contributed to the success of the various undertakings throughout the year by donations of different kinds; and also extend many thanks to the Editor and staff of the Standard for their kindness in inserting notices of meetings, etc. during the past twelve months. The help given in so many ways has been very much appreciated.

Mrs. W. J. Fooks Heads Happy Hour Group

The annual meeting of the Happy Hour group was held on Jan. 13th. The annual report was read and it was [illegible] that 1947 had been a very successful year. Seven new members [illegible] the group. The election of officers took place with the following result:

President: Mrs. W. J. Fooks
Vice-Pres.: Mrs. W. Pettigrew
Sec.-Treas.: Mrs. A. B. King

District Hockey Tournament Here Saturday, Feb. 7

PLANNED BY VERMILION AMATEUR ATHLETIC ASSOCIATION

The Vermilion Amateur Athletic Association will again hold the annual district hockey tournament this year, the date being Saturday Feb. 7. Entries are limited to village and country teams within a 50-mile radius. Teams taking part in the Vermilion District hockey league are allowed to compete.

GOOD PRIZES

A grand prize of $100 goes to the winning team and $50 to the runner up.

Entries should be in the hands of A. M. Watt by Saturday Jan. 31st. An entry fee of $5 per team is being made.

Entries are limited to ten teams. Last year the Willingdon team won the tournament. Watch for more particulars in subsequent issues of the Standard.

Car Hit by Train At Town Crossing

Rather extensive damage was done to the car of a visitor to Vermilion when the driver drove onto the town crossing at the flour mill directly in the path of a slowly moving freight train. Fortunately the engineer had observed the approaching car but the car driver didn't see the train. The train was brought to a stop in the length of the engine. The car had been brushed to one side at the first impact, the front end being the part actually hit by the engine.

The train was coming [illegible] from the west and the car approached from the same direction. There were several people in the car none of whom noticed the train or heard the ringing bell. No one was injured.

Mannville Man Loses $120.00

VICTIMIZED AT VANCOUVER

According to a story appearing in the Edmonton Journal fast-talking "coin - tossers" relieved Edwin Cockle of Mannville of $120 at Vancouver, Tuesday night, he reported to police.

He started tossing coins with a chance acquaintance, ran out of money, and gave the man a cheque for $120.

A third man appeared, grabbed Cockle, warned him against gambling and during the "talk" the man with the cheque disappeared.

CHIMNEY!

During winter weather, ice forms on the tops of chimneys. This creates a hazard if the crust of ice is heavy enough to check free ventilation.

Users of both coal and gas would do well to look at the chimneys in their homes and make sure there is no interference with the draft. Anything that prevents the fumes of burnt coal or gas being carried off freely may cause serious trouble. If fumes are prevented from escaping into the air they are apt to seep out into the house and affect the people.

Ordinary care in tending winter fires is all that is usually needed to avoid accidents.

•

If any houses are troubled with moisture inside, please notify your Gas Company.

Letters to the Editor

(This paper does not hold itself responsible for opinions expressed by correspondents.)

Vermilion, Alta., Jan. 19, 1947.

Editor, Vermilion Standard.

Dear Sir,

It may be noted that the high school bonspiel was a success enjoyed by all participants. But the bonspiel occurs only once a year. Why not make the rink available to high school students and other young people at least once a week? Where are our future curlers to come from except from these ages? If people of this community think about their children at all, why not think about this? It would develop sportsmanship, and would bring young people together in a healthful and wholesome atmosphere. Any curler will realize this; the other people will probably see this too.

Other towns have already reserved [illegible] for this use; why not have this in Vermilion? Would you want people to believe that Vermilion is behind the times?

Vermilion has been quick in the past to support such moves for the benefit of young people. Why not support this?

[illegible]

New Year's Baby at Vermilion Hospital

A check over of the record of births at the Vermilion hospital reveals that a daughter was born to Mr. and Mrs. Norman Sutherland of Clandonald on New Year's day, Jan. 1, 1948.

Births at the hospital during the past six weeks have been as follows:

Mr. and Mrs. Theo. Gagnon on Dec. 12, a son;

Mr. and Mrs. Paul Wasylishen on Dec. 7, a daughter;

Mr. and Mrs. L. L. Ray on on Dec. 30, a son;

Mr. and Mrs. Norman Sutherland, Clandonald on Jan. 1, 1948, a daughter, New Year baby;

Mr. and Mrs. Mike Chomayk on Jan. 4, a son;

Mr. and Mrs. Sam Landick on Jan. 9, a son;

Mr. and Mrs. Wayne Fry on Jan. 12, a daughter;

Mr. and Mrs. Hugh Stewart on Jan. 12, a son;

Mr. and Mrs. Norman McGinnis on Jan. 14, a son;

Mr. and Mrs. Harry Armstrong on Jan. 16, a son;

Mr. and Mrs. A. E. Redman on Jan. 17, a daughter;

Mr. and Mrs. James Lawrence on Jan. 17, a son.

I allow I am sorry enough to quit when I do wrong, I will soon quit being sorry.

IS THE TEACHER SHORTAGE LICKED?

"Our teacher shortage has passed its most critical stage." This statement by our Minister of Education will be widely welcomed. He adds cautiously, "We are a long way from having the situation completely solved." As a warning against complacency, this is good common sense. Nothing has been done yet which will stabilize and maintain a teaching force adequate to the needs of this growing province. We are still lurching along, paying high wages when we are desperate, paying low wages when there are lots of teachers to be had. Just now we are bribing young people with scholarships into the teacher training colleges with money that ought to be spent on decent retiring pensions. The great bulk of educational dollars is still sweated out of the people where it hurts most — in taxes on homes and farms. Present day costs of modern schools with good teachers cannot be met through this antiquated tax system. Granted that these are stormy times we live in, the fact remains that there are thousands of bright young men and women who could be teaching our children. And we are still waiting for a Provincial policy which will bring them into this most essential public service, and induce them to stay in.

THE WEATHER

MILD WEATHER CONTINUES

Variety has been the keynote for the past week as will be observed by the weather statistics. Mild weather predominates and Alberta continues to be the favored spot in Canada as far as enjoyable winter weather is concerned.

Colder weather is forecast for Friday with a high of 3 above and low of 5 above with some snow and drifting expected.

DAILY TEMPERATURES

Date	High	Low	Snow
Jan. 15	3	-7	
Jan. 16	11	-13	1.5
Jan. 17	18	1	1.0
Jan. 18	40	-14	Trace
Jan. 19	36	12	Trace
Jan. 20	36	12	.5
Jan. 21	38	4	1.30
Jan. 22	30	12	

On Wednesday Jan. 21 rain also fell to the extent of .07.

OUR COMPLETE SHORT STORY—

LATE TRAIN :

— By —
Matthew F. Christopher

SHARON pulled the collar of her coat tighter around her neck against the chilly night air. A moment ago her watch had said one-thirty-seven, and the train, with Dick, should have been here at one-eight. She could return inside to the warmth of the station, she thought, as she had done half a dozen times in the last half hour, but she'd only be back out again, thinking she had heard the whistle.

She hardly heard the man approach. "Aren't you cold?" he said. She turned. She saw he was about 60. His eyes were small, keen, his smiling, wrinkled face reddened from the cold.

"No," she answered, looking calm. "Not quite. Guess I'm more frightened than cold."

"Frightened? Why?"

She met his eyes evenly. "It's half hour late."

"H'mm," he murmured. He turned and gazed up the tracks that vanished into the yawning pit of darkness. "Half hour. Must be my clock's off." He looked back at her. "It's seldom so late, at that, isn't it?"

"Yes."

"Ah, but it's no cause for worry. There may be snow on the mountains, preventing the train from travelling very fast."

Sharon followed the old man's glance up the tracks. "I got to thinking," she confessed, "and I get awfully frightened. Airplanes, trains, subways—I . . . I'm allergic to them, I guess. Ever since—" She bit her lip.

"Ever since what, my dear?"

"Ever since Father got killed," Sharon whispered. "A subway . . ." She paused, felt the quickening of her heart. "It always frightens me, now."

The old man stood tall beside her, his nearness comforting.

"Sorry," he said. His breath formed a cloud in the air. "I take it you're waiting for our husband?" She nodded. The old man chuckled. "No wonder you worry. You're young, your husband's young. Wait until you're old, like me. Worry will be a memory, almost forgotten. It will cease to exist for you."

Sharon laughed, but the gentle bitterness of it died quickly on her lips. "You don't worry? That doesn't seem possible."

"You'll learn," the old man said. "There's no need for fear. Fear is thought transaction, and what is imparted from the mind can be controlled. I wouldn't worry if I were you. When our number is up, it's up—whether you are walking on a sidewalk, or riding in a train."

"Yes, I suppose you're right."

After a while the old man asked, "What time is it, now?"

Sharon pulled away the top of her glove, glanced at the face of the wrist watch under the pale light. "It's almost two." She looked wearily down the tracks. "Heavens. Do you think something's happened? It's almost an hour late."

"An hour," repeated the old man softly. "Well, yes, it is running late. But it's cold, and it might've hit a storm, drifts. Weather is terribly unpredictable in the mountains, you know. But let's ask the man inside, shall we?"

The ticket agent gazed regretfully at them, his magnified eyes shifting behind thick glasses from the old man to Sharon. "I'm sorry," he said. "No word. But the train'll be along. Don't worry."

"See?" smiled the man. "Even he says don't worry."

"I know, but I can't help it," Sharon answered. Her voice was tense. "Every second, every minute, I . . I feel more scared." She wondered how he could remain so calm. "Do I look like how I feel?"

His wrinkled face fanned into a grin. "Yes," he said. "But something tells me you don't look pretty crying. And, suppose the train suddenly comes in. What would he say if he saw frozen tears on your cheeks?"

She laughed, and the sound of her laughter carried across the large room, where an electric clock hung high on the wall.

"Two-fourteen," read the old man. "An hour and six minutes late." He smiled at Sharon. "Let's stay inside. It's too cold out there. Or do you really want to wait outside?"

She nodded. What a gentle person this stranger was! She would have cried, she knew, if it weren't for him.

The telephone whirred. They watched the agent pick up the receiver, heard him answer: "Yeah . . yeah . . . okay . . thanks . . ."

Then the little man spoke to a baldish man at the other window. The baldish man came out through a door, erased a figure on the blackboard. With a white chalk he wrote: 3:10, and, in parenthesis: Indefinite.

"Mister," Sharon said, stepping abruptly toward him, her heart pounding. "What's happened? Why is the train going to be so late?"

"There was a train crash, sorry to say, Miss," the man replied. "Not our train. Another one. It's just delaying ours."

"Thank you," whispered Sharon.

"See?" said the old man, chuckling. "What did I say about worry? It's a falsehood! Absolutely a falsehood!"

The train pulled in at 3:04, dispelling, among its few passengers, a tall, anxious-looking young man, and a grey-haired lady. "Dick!" cried Sharon happily, falling into his big, long arms. "Oh, Dick!"

"Baby!" Dick said, and he kissed her, long and tenderly, holding her so that her toes barely touched the ground.

Finally, he released her, and she stood and looked at him breathlessly. "I almost died, darling!"

"Why? Scared I'd never get here?" He laughed.

She laughed, too. "What else? If it weren't for—"

They turned suddenly at a soft sob behind them. "Look!" cried Dick. He broke away from her, raced toward the old lady. Sharon saw that the woman was bending over the old man who had been waiting for the train with her. He had fallen to his knees upon the concrete, clutching his heart with one hand, and breathing in painful gasps.

"Thank you, young man," said the lady, as Dick helped the man to his feet. "My husband's had another one of his attacks. He must have been worried about me. He always gets them when he's terribly worried about something. He'll be all right. It never lasts long. Thank you. Thank you so much, young man."

Conservation Of Wild Life Needed In B.C.

VANCOUVER. — In addressing sportsmen at the annual Princeton and District Fish and Game banquet, Commissioner James Cunningham said "Don't worry about moose, there's lots of them. We are anxious to conserve other wild game." The commissioner added further that real progress is being made in wild life conservation in the province.

President G. M. Harman urged intelligent appreciation of the vital need of conservation. During 1947 the Princeton Club built a rearing pond, constructed a dam at Lost Lake, built fireplaces at a number of lakes and did considerable work cleaning up lake shores.

BUMPER CROP IN ARGENTINE

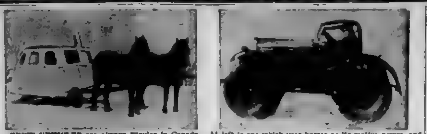
BUENOS AIRES. — The exportable surplus of the 1947-48 Argentine wheat crop, now being harvested, is likely to be nearer 4,000,000 tons than the 1,000,000 to 2,000,000 tons estimated earlier, said a survey of experts published in the newspaper La Prensa.

INSECTS, RODENTS DESTROY HALF OF WORLD'S FOOD

SASKATOON. — More than one half of the world's annual food production is lost because of insect and animal infestation, Dr. V. L. Graham, acting Dean of Agriculture at the University of Saskatchewan, told the annual meeting of the Saskatchewan branch of the Canadian Seed Growers' Association.

LAST DESCENDANT OF LINCOLN'S NAME DIES

WASHINGTON. — Mrs. Jessie Lincoln Randolph, granddaughter of Abraham Lincoln, died in hospital. She was about 75. Members of the family said Mrs. Randolph was the late President's last surviving descendant born to the name Lincoln. She was a daughter of Robert Todd Lincoln. 2068



SNOW VEHICLES are always popular in Canada. At left is one which uses horses as its motive power, and was produced by the father of Verna Driedger, Waldheim, Sask. It is really a covered sleigh with sides of pressed-wood board and top of leatherette, and has springs for easy riding. At right is a snow-mobile made from an old car and using airplane tires. It can also be used for some tractor jobs. It was built by Fred Sedo, Dugald, Man.

Western Briefs

CALGARY.—Jens Ram, native of Norway and farmer of the Edberg district in central Alberta, celebrated his 100th birthday recently. He is the oldest farmer in Alberta and oldest member of the Alberta Wheat Pool.

• • • •

WINNIPEG.—Fred J. White, regional superintendent of the unemployment insurance commission, said that in the district extending from the Thunder Bay region in northwestern Ontario to Dawson Creek, B.C., 23,496 men and women are registered for jobs as against 5,396 available positions.

• • • •

SASKATOON. — The board of directors of the Saskatchewan branch, Canadian Seed Grain Growers' Association, in a resolution said "in the light of present knowledge it is considered inadvisable to use 2,4-D (chemical weed killer) on elite stock seed plots".

• • • •

KIMBERLEY. — Consolidated Mining & Smelting Company at Trail plans to erect 200 new homes in Kimberley for their employees, Mayor Clifford Swan reported at a meeting of the council. The new homes will be located in the Townsite and Happy Valley residential districts.

• • • •

YELLOWKNIFE, N.W.T.—A two-storey 40-bed Red Cross hospital, built at a cost of $250,000, was officially opened here after almost a year of construction.

• • • •

EDMONTON. — The Alberta attorney-general's department is preparing legislation providing for a speed limit of 50 miles an hour on provincial highways.

STUDIES PROBLEM OF JOBS FOR MEN OVER 45

Vigorous Start Has Been Made Towards Its Solution

OTTAWA. — The job problem of Canada's "older worker"—the man more than 45—is not yet solved but a vigorous start has been made toward its solution, Labor Minister Mitchell said.

The minister said the picture is brighter than it was a year ago, though still clouded by employers' preference for younger workers.

Though the number of unplaced job applicants 45 or over had dropped by October to the lowest point since the Second World War, the percentage of older workers in the unemployed group had reached the highest point in the same period.

At Oct. 30, unplaced applicants registered with the National Employment Service in the "over 45" category numbered 27,466, about 12,000 less than a year previously. This category constituted 36.6 per cent. of all unplaced men, against 30 per cent a year previously.

Jealous Penguins Likely Murdered Straying Bird

NEW YORK. — A penguin that walks into the wrong stall is likely to get into the same sort of trouble as an inebriated gent who gets into the wrong apartment at night.

Bronx zoo officials have been investigating the murder of an adult black-footed penguin, beaten and pecked to death by beak and flipper wings.

Each of the five families in the zoo's penguin enclosure has its own nesting box, and the deceased apparently "became confused and wandered to the wrong box," suggested William Bridges, zoo information director.

"And you know," Bridges added, "penguins are very jealous."

PROUD WINNERS—Here are two proud winners of the Junior High River Seed Show, held recently at Calgary, and High River. At left is Lino Da Paoli, the Cayley Club second prize winner. At right is Mary Gingrich, of High River, who took the grand championship of the show with 87 points.

SUGAR PRICE WILL NOT RISE IN CANADA

MONTREAL.—The increase of $12 a ton granted by the British food ministry to sugar producers in the British Dominions and Colonies will make no difference in the retail price of sugar in Canada, an official of the sugar administrator's office said.

PRESIDENT PERON TO SEND FRANCO FIVE HORSES

BUENOS AIRES. — President Peron will present five horses, including one of his personal mounts, and three purebred cows to Generalissimo Franco. An announcement said this was "new testimony of the friendship" between Argentina and Spain.

SITE FOR PAPER MILL

EDMONTON. — Representatives of [illegible] interests now are investigating the selection of a site here for construction of a pulp and paper mill which ultimately will cost an estimated $14,000,000, it was disclosed.

SAYS GRAVES WELL TENDED

OTTAWA. — The graves of Canadians who died defending Hong Kong in December, 1941, are "tended with loving care", guarded by the eternal mountains and the sea.

Prime Minister Mackenzie King announced he had received the following message from Malcolm Macdonald, Governor-General of Malaya, and former United Kingdom high commissioner to Canada:

"Please tell our Canadian friends that today I visited the war graves cemetery where the Canadian defenders of Hong Kong lie buried. It is tended with loving care amidst scenery as magnificent and beautiful as any in the world. A spirit of peace broods over the hillside where these heroes lie asleep."

SHOVEL OR ELSE

RUGBY, N.D.—Residents of Rugby are keeping their sidewalks free of snow this winter. Postmaster N. O. Knutson announced that mail delivery would be suspended to those whose walks are not shovelled.

New Tax Guide For Prairie Farmers

Revenue Minister McCann Reports Only 20 Per Cent. Filed Taxes In 1946

(By J. A. Hume in Ottawa Citizen)

OTTAWA.—National Revenue Minister Dr. J. J. McCann outlined something of the efforts being made by the income tax division of his department to secure more income tax returns and taxes from Canadian farmers.

Dr. McCann, at a press conference, tabled copies of the division's new "Prairie Farmers Income Tax Guide and Farm Account Book." He stated that similar guides and account books will be available soon for use by all other Canadian farmers.

Of 652,928 Canadian farmers, 136,039, or 20.8 per cent., filed income tax returns for the fiscal year 1945-46 Dr. McCann stated. Of this number 53,000 or 8.2 per cent., filed assessable returns (where income tax had to be paid) while 82,731 filed returns showing they were not subject to tax under the existing scale of income tax exemptions. Dr. McCann added that the division has [illegible] 27,411 of the returns of 136,039 farmers who filed returns.

Dr. McCann had no figures as to the total income taxes actually paid by Canadian farmers in the year mentioned.

Brazil alone produces enough coffee in one year to supply the entire world for 14 months.

Available Now! See Your National Agent

New National Grain
SPRAYER

Pays its low cost quickly in heavier, richer crops—after nine years of research in chemical weed control this sprayer has been designed specially to do a complete, efficient job. Ruggedly built for long usage. A profitable investment!

$395.00 Delivered complete on Prairie Provinces. Mounted on sturdy two-wheel trailer with 1½ H.P. Motor and Pump.

Operates at low gallonage spraying 2,4-D at the rate of 4 to 10 gallons of spray solution per acre. Economical in time, labor, water and chemical consumption.

Designed primarily for field spraying with selective weed killing chemicals. Readily adaptable, with low-cost extra equipment to many other farm uses. One valve controls the flow to either one or both booms. By adjusting this valve, one boom may be folded out of the way: the other used for roadside or fence row spraying.

See Your National Agent — Right Away! Compare all other makes thoroughly if you wish, then compare any make at any price with the National Grain Sprayer. The more closely you compare, the stronger you'll be convinced that this is the best sprayer buy on the market! Write for descriptive folder.

STANDARD THANKED FOR CO-OPERATION AND SERVICE

Ottawa, Jan. 14, 1948.

The Editor Vermilion Standard,
Vermilion, Alberta
Dear Sir,

Reports which I have received from Postmasters in all parts of the country show that co-operation by the public in mailing early at Christmas was more marked than ever this year and I would like on behalf of the Canadian Postal Service, to express to you and the public generally our very warm appreciation of the assistance so generously accorded to us.

Once again the volume of Xmas mail, parcels and letters, reached new levels in most offices. Because the great majority of patrons, however, co-operated with the Post Office in mailing before or on 15th December, which had been publicized as the closing date, peak dates in most post offices occurred on 14th, 15th and 16th December. This enabled our greatly augmented staffs to come to grips with the tremendous volume of Christmas mail in ample time to assure delivery before Christmas day. In fact, all our reports indicate that on the day before Christmas all deliveries were back to almost normal.

I want particularly at this time to make grateful acknowledgment of the assistance extended to us by the newspapers in attaining this very gratifying result. In all parts of the country, the newspapers gave very generous display to our announcements and to special articles on various phases of Post Office work, and I am sure that this publicity played no small part in making the public conscious of the need to mail early.

Please accept my warmest thanks for the help given to us and to the public in assuring expeditious handling of the Christmas mails.

Yours sincerely,
W. J. Turnbull,
Deputy Postmaster General.

Alberta's License Plates by March 15

New motor license plates for the 1948-49 period which opens April 1, will be available soon after March 15, according to information received by the Alberta Motor Association from the provincial secretary's department.

The plates have been ordered and are expected to be delivered during the present month to the provincial authorities. During February they will be distributed to the different licensing agencies, including branches of the A.M.A. which issue thousands during the year.

This year, the province is returning to the two-plate system, which will mean front and rear plates. These were given up during the war period, owing to the shortage of steel.

Provincial officials point out that owners should take steps to see that frames or holders for the plates are obtained. During the war years, many of these frames were taken off the cars, while some of the new cars have no such device.

During the present year a record number of cars are expected to be licensed, through the 1947-48 year already has run up a record total of 168,[illegible].

ISLAY LOCALS

A pleasant social evening was held at the home of Mr and Mrs. Gelby recently. A delicious chicken supper was served with Christmas cake, plum pudding and many other good things.

The guests were Mr. and Mrs. Jas. Gould and their two sons Marvin and Morris, Mrs. Nellie Coombs, Helen and George, and Frederick Gould. Games were enjoyed by all and later a tasty lunch was provided. All took part in wishing the Gelby's a very happy new year forming the chain of friendship, as the host and hostess were cheered and thanked for a lovely time.

The delightful weather enticed folks from neighboring farm homes to get together during the holidays and it was a real chance to renew old acquaintances and form new ones.

WOODVALE

After all the unbelievably mild weather a more wintry spell has set in and we'll have to get used to extra mittens and earflaps again.

The annual meeting of the Red Cross auxiliary was held at the home of Mrs. J. Lysons on Jan. 7th and while working away on a quilt new officers were elected. It was with regret that the members had to accept the resignation of Mrs. Betty Lysons as secretary-treasurer. Mrs. Gladys Wolters is taking her place and Mrs. Mary McGrath is the new president. It was as usual a very pleasant afternoon and our group which gets smaller every year, hopes to carry on for another year. Maybe some day new families will be moving in again. The next meeting is to be at Mrs. C. McGrath's on Feb. 4th.

A very successful attempt was made to revive interest in the farm forums and half a dozen neighbors gathered at the home of Mr and Mrs. O. Wolters on the 5th. Another get-together will be held on Jan. 19th at the home of Mr. and Mrs. Arthur Lysons. Everybody will be very welcome to attend these meetings and take part in the interesting discussions.

Mr and Mrs. Clarence Lysons are holding their wedding dance at the Gaston school on Jan. 23.

We hope Mrs T Lambert will soon be home and well again after medical treatments at the Lamont hospital.

During the spring-like weeks before and after New Years two pairs of twin lambs were born on the farm of Mrs Eddy Gordon. Something that has not happened in these parts before and they got off to a very good start.

Mrs. E. G Green has left for a holiday to be spent with her sisters in Edmonton and Abbotsford, B.C.

Raymond McQuid having bought the grain cleaning outfit from Brooks Lysons has been around in the district with it and so many farms the seed grain is ready in case spring comes early!

George Steward has been out with his hounds in these parts several times and caught 8 coyotes here, one of them weighed 40 pounds, quite a weight for these usualy slight animals.

Jim Ross got a new Ford-Ferguson tractor this fall and not being able to work on the land anymore, he has been using it on the road and has done quite a bit of travelling and hauling with it. He has not been able to persuade his wife however to go for a ride with him in the box he built on the frame behind!

WORLD HAPPENINGS BRIEFLY TOLD

A Braille newspaper is to be published this year for the National Institute for the Blind.

Display of photographs of Hollywood movie stars has been forbidden throughout the Soviet Union.

A contract has been signed between a British purchasing commission and the Spanish fruit syndicate for purchase by Britain of 100,000 tons of Spanish oranges.

Rear Admiral Sidney Rupert Dight, 62, originator of smoke screens which confused German fliers raiding British cities, died recently in London.

Much still remains to be done before industry can expect to make use of atomic power, says David E. Lilienthal, chairman of the Atomic Energy commission.

Light horse judging competitions for boys and girls will be held at the Calgary and Edmonton spring shows this year, J. G. Patterson, director of the Canadian Horse Shows association, said.

Three million bushels of wheat, to be divided about equally, are to be made available to Belgium and The Netherlands from this year's Canadian crop, the Canadian wheat board announced.

More than 100,000 emigrants left Britain during 1947 for the Dominions and other British territories, the largest number since 1929 when 100,000 went overseas, the Sunday Express reported.

Government [illegible] said [illegible] would be a likely supplier of coal for Japan when that country begins foreign purchases of the fuel, but that up to now there have been no Canadian-Japanese negotiations on coal.

SHOWS WHAT EXPERTS CAN DO WITH NAMES

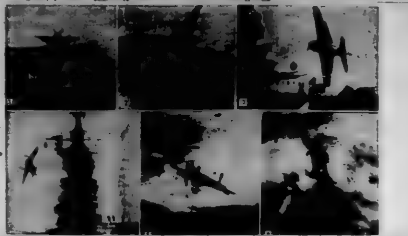
WASHINGTON.—The official title of the Marshall Plan—European Recovery Program—is getting the usual Washington embellishments.

The contraction—"ERP"—was bad enough.

Then Rep. Bartel J. Jonkman, R. Mich., christened it "BERP"—short for Bipartisan European Recovery Program.

Now some State Department wags are calling themselves "TWERPS"—Technical Wizards on the European Recovery Program.

Canada is the world's largest producer of asbestos. 2700



AND THE PILOT LIVED TO TELL THE TALE—This series of pictures released by the U.S. Navy shows an F8F piloted by an Ensign making a landing in carrier qualification on the Tarawa. (1) Plane comes into flight deck for landing. (2) plane stalls and pilot struggles to regain control. (3) plane is almost inverted a short distance from the island structure; (4) barely clearing the island, pilot tries to recover flight level; (5) plane flips over on its back after hitting water; (6) plane takes final plunge as pilot (arrow) comes to the surface unhurt. He was picked up later. Name of pilot and time pictures were made was not given by Navy

SELECTED RECIPES

BAKED CHOCOLATE CUSTARD

- 2 squares unsweetened chocolate
- 4 cups milk
- 4 eggs, slightly beaten
- ½ cup sugar
- ¼ teaspoon salt
- 1 teaspoon vanilla

Add chocolate [illegible] heat in double boiler. When chocolate is melted, beat with rotary egg [illegible] until blended. Combine eggs, [illegible] and salt; add chocolate [illegible] gradually, stirring until sugar is [illegible]solved. Add vanilla and pour [illegible] custard cups. Place in pan of [illegible] water and bake in slow oven [illegible] deg. F.) 45 minutes, or until knife inserted comes out clean. (Water in pan should not reach boiling temperature.) Chill. Top with cream and a dash of cinnamon, or unmold and serve with cream, if desired. Serves 8 to 10.

HOW ELEPHANT STOPPED FAST PASSENGER TRAIN

CREWE, Va.—An elephant delayed the Norfolk and Western Railway's streamlined passenger train, the Pocahontas, for five minutes on a recent westward run. One of three pachyderms owned by Pollack Bros. Circus, it pulled the emergency cord in a baggage car.

Lenses to focus the rays of the sun were used as early as 434 B.C.

FEELING SHIVERY MEANS YOU NEED VITAMIN C

INDIANAPOLIS.—Are you shivering in this cold weather? Well, go gnaw a hunk of cabbage.

It all simmers down to a matter of Vitamin C, says the State Board of Health.

Other foods recommended to ward off chattering of the teeth are citrus fruits, canned tomatoes and raw vegetable salads.

Send twenty-five cents (25c) in coins (stamps cannot be accepted) for this pattern. Write plainly size, Name, Address and Style Number and send orders to the Anne Adams Pattern Dept., Winnipeg Newspaper Union, 175 McDermot Ave E., Winnipeg, Man.

To Feel Right — Eat Right

RESEARCH MAY IMPROVE QUALITY OF FISH

VANCOUVER. — Higher-quality fish for Canadians in inland spots may result from research mapped out for 1948 by the Pacific Fisheries experimental station at Vancouver, Dr. Neal M. Carter, station director, announced in Ottawa.

Addressing the annual meeting of the Fisheries Research Board, Dr Carter said the station plans to direct much effort toward bringing about quality control of all fish products. Experiments also are under way to develop low-cost methods of insulating and refrigerating fishing [illegible].

Important among the station's technical developments in 1947 was the creation of a machine for separating edible cooked flesh from the trimmings and other waste materials resulting from processing at canneries and filleting plants. Such flesh, of high quality, can be used in the preparation of new types of canned, smoked, pickled and spiced products also developed there.

Intensive studies to determine the wide fluctuations in the catch of some species of B.C. salmon will be carried out this year by the fisheries research board through its biological station at Nanaimo.

The pyramids of Egypt are perhaps the most noteworthy examples of masonry in the world.

TAKE
Kruschen

Rheumatic Pains?

The moment you feel the first twinges of rheumatic pain—start taking Kruschen. Thousands of people who have suffered from rheumatic pains have written to tell us how Kruschen has helped them. Why not let Kruschen help you? By taking Kruschen regularly each morning, the system is benefited by the mineral salts in this fine old remedy. The organs of elimination are helped to act normally and that leads to an improvement in health and easement of rheumatic pains. So try the Kruschen treatment, according to directions on each bottle for the next few weeks. At all Druggists 25c and 75c.

KRUSCHEN
Helps to keep you smiling!

WEAK, NERVOUS CRANKY "Every Month"?

Then Try This Remarkable Medicine!

Are you troubled by distress of female functional monthly disturbances? Does this make you suffer, feel so nervous, weak, tired — at such times? Then do try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms!

In a recent test it proved very helpful to women troubled this way. You owe it to yourself to try it.

Pinkham's Compound is what Doctors call a uterine sedative. It has a soothing effect on one of woman's most important organs.

For over 70 years thousands of girls and women have reported benefits. Just see if you, too, don't report excellent results. Worth trying!

NOTE: Or you may prefer LYDIA E. PINKHAM'S TABLETS with added iron.

ETHELWYN NEWS

Many people hereabouts were greatly interested in the picture of the Mannville Bluebirds which appeared in the Standard. To many of us in the past this was only another football team but not anymore when we see that our own Florence Beel is a member. Florence grew up in this district, attended Rye school and on leaving worked for several years in the Dewberry Co-op store. At times she has taken full charge of that business. She played for Dewberry football team and bringing home first prize became quite a habit of the Dewberry club. Last summer Florence played on several occasions with the Mannville Bluebirds and proved such a valuable player she accepted a position in a Mannville store and became a regular member of the Bluebirds. Everyone misses Florence but all will be pulling for her and her team mates next summer.

The writer is sorry to learn that Mrs. Bert Elliott has gone to the Elk Point hospital for an operation. A quick return to health and home is our wish to you Gertie.

The weather is colder now and a big blizzard raged for awhile one day last week. Wonder how many had to do their washing over again. Our lines are in the bush but the clothes are black.

The faithful Jack Grant and Harold Cooper took the snow plow through Thursday for the first time. The road covered was from Elliott's corner on the east side to Mulhern's on the west, also from the mail boxes up to Taylor's. We cannot complain now about a little cold and snow after our lengthy spell of nice weather.

Letters to the Editor

(This paper does not hold itself responsible for opinions expressed by correspondents.)

Vermilion, Alberta, R.R. 2.
Editor, Vermilion Standard,
Vermilion.

Dear Sir:

I wonder how many farmers noticed in your Jan. 8th issue a headline — "Wants five year closed season on wild fowl". "Harvard Scientist believes this necessary in order to conserve ducks."

This gent gives a few figures in relation to wild ducks, but no figures in relation to wild farmers. Some estimates are also given by a concern "Ducks Unlimited Inc." There is in this district, Grizzly Bear Coulee, a number of farmers who lose nearly a third of our grain crop year after year. If Mr. Scientist wants statistics I can tell him that the crops destroyed by wild ducks in Canada could feed all the starving and hungry peoples of Europe. If all the ducks were dead as the Dodo tomorrow they would never be missed. Farmers who live in proximity to wild duck preserves are raising crops and paying taxes for the privilege of feeding wild ducks for those who pay nothing toward their keep except a few boxes of shotgun shells.

No man loves wild life more than I do, the splash of the first pair of ducks on the lake in the spring is music to me, an old duck leading her brood down to the water in single file is the cutest thing human eyes would see—but when thousands of transient ducks stop to fatten up on the way south that's another story. If Ducks Unlimited wants unlimited ducks then we farmers are entitled to unlimited compensation for the damage they do.

Yours truly,
Joe Livingstone

Creative Writing Competition For Alberta Schools

Details have been issued of the creative Writing competition for Alberta schools for 1947-48.

This competition is sponsored jointly by the University of Alberta's Banff School of Fine Arts and the Provincial Chapter of the Imperial Order Daughters of the Empire, in co-operation with the Department of Extension of the University of Alberta and the Banff School of Fine Arts Writers' Conference.

Prizes to the total value of $435.00 are offered, for entries which include school Year Books, and individual entries of poetry, short stories, and Alberta background essays. All entries are graded according to the age of the competitors.

For the first time this year two of the prizes will consist of scholarships, to the value of $100 each, tenable at the 1948 session of the Banff School of Fine Arts Writers' Conference.

Hospital Board Engages A Full Time Secretary

SPECIAL RATEPAYERS' FEE SET AT $10.00

The regular monthly meeting of the Vermilion Municipal Hospital board was held on Saturday, Jan 10th with Chairman Mr C. E. Thompson and Messrs. Tucker, McClellan, Alexander and Macnab present.

The minutes of the preceding meeting were adopted. Cash statement for month of December was presented by the Sec.-Treas. as follows:

Bal. Fwd. from Nov.	$ 7,297.65
Plus Dec. Receipts	3,817.11
	$11,114.76
Less Dec. Payments	2,106.44
	9,008.32

The cash statement as presented for December was accepted as read.

Tucker—Macnab: That we engage Miss Irene Moffatt as full time secretary-treasurer commencing Jan. 1st, 1948 at a monthly salary of $100. Cd.

Macnab—McClellan: That the expenses of delegates C.E. Thompson and J. C. Tucker attending the convention of the Associated Hospitals at Red Deer, Dec. 17 and 18 amounting to $43 be paid. Cd.

The following accounts were passed for payment: Vermilion Co-op. $80.15, Stephens Ltd. 63.33, Craig Bros. 267.87; Vermilion City Dairy 64.64; C.N. Exp. 3.07; Brimacombe Bros. 4.00, Nelson-Hill Hdwe 44.16, Mrs. W Derr 19.75, Long's Drug store 2.85; Northern Hdwe. 7.20; Leo Kishinsky 17.40; W. C. Martin 10.00; Robinson & Mitchell 104.00; Postmaster 15.00; F. J. Richardson 41.64; Vermilion Standard 1.00; Franco Public Service 122.51; A. Tury 10.00; R. C. Heckbert 179.75, W. G. Williams 1.75; Salaries 1390.30. Total $2,801.69.

Tucker—Macnab: That we pay the Town of Vermilion $5000 on account of the water and sewer contract. Cd.

McClellan — Alexander: That we adopt the rates, namely $4 a day, as set out in Group D of the Hospital Rate Structure approved by a general meeting of the Associated Hospitals of Alberta held on Dec. 16, 1947 at Red Deer, except as to hospital supporters. Cd.

Tucker—McClellan: That the fee for special ratepayers be $12. Motion lost.

Macnab—Alexander: That the fee for special ratepayers be $10 and applicable to both residents and non-residents in the hospital district. Cd.

The Supt. reported: Hospital days 445, Patients admitted 75, Births 5, Deaths 0; Operations major 7 minor 17. Meeting adjourned.

Former Vermilion Lady Dies In Edmonton

Many former friends and acquaintances will regret to learn of the death in Edmonton of Mrs. George Allan. The Allan family lived for several years thirteen miles north of Vermilion prior to leaving for Edmonton. The following obituary is taken from the Edmonton Journal.

MRS. MARY JANE ALLEN

Funeral services for the late Mrs. Mary Jane Allen, who passed away on January 4th, 1948, at the age of [illegible] years, were held in St. Johns Roman Catholic church. Requiem High Mass was held at 10 a.m. on Wednesday, Jan. 7th. Rev. Fathers Malone and Murphy officiated and interment took place in the family plot at the Edmonton Roman Catholic cemetery. Pallbearers were James and George Allen, Eugene Bruyere, W. Church, Mr Browne, C Powell. Many beautiful floral, spiritual tributes and cards of sympathy were received from the following: The Family, Marjorie, Michael and Eugene; the McConville family, Mr. and Mrs. A. McCann, Mr. and Mrs. W. L. Browne and Perdita; The Corlett and Baker families; The McGettigan and Mullen families, Boys of the night shift of the Street Railway, Mr and Mrs. A. Buanous, Mr. and Mrs. Page and Ronnie, Rev. Joseph Malone, St. Johns C.Y.O., St. John's Altar Society, Mr. and Mrs. Church, Mr and Mrs. Lewis Lavoie, Mr. and Mrs. Elson Lavoie, Mr. Bruyere, Mr. and Mrs. J. Lothian, Mr. and Mrs. D. Hall McCallum, Mr. and Mrs. John O'Neill, Mrs. Mary Powell and family, Logan family, Bradley family, Phelan family, Mr. and Mrs. T. H. Kelly, Mr. and Mrs. Bert Farnhome, Mr. and Mrs. Neil MacIntyre, Mrs. Bonnie, Mr. and Mrs. D. Mil[illegible], Mr. and Mrs. Hailstones, Miss Alb[illegible], Janet. She leaves to mourn her loss her loving husband, one daughter, Mrs. Eugene Bruyere, two sons James and George, also one grandson Michael, one sister Susan Campbell of Moville, Eire, and one uncle of Melville [illegible].

THE PARTY FAVORITE among coffees is Maxwell House. It stimulates and cheers because it's Radiant Roasted to develop every last atom of goodness in its extra-rich blend.

Islay Couple Celebrate 30th Anniversary

On New Year's day the home of Mr. and Mrs. James Gould of Islay was the scene of a reunion of relations and friends gathered together to celebrate both Jan. 1st and the 30th anniversary of their wedding. Maurice, their son, was home for the holidays but their daughter Laura was missed, she is now married and living at Lac La Biche. The guests were Mrs. Nellie Coombe and Frederick Gould, sister and brother of James Gould, also Mr. and Mrs. Percy Golby and Barbara, Mrs. Bowser and her nephew Christie Clark, George and Helen Coombe.

A very tasty supper was served, including turkey, Xmas cake, mince tarts and pudding and many other dainties. A toast was proposed to the host and hostess by George Coombe. Mrs. J. Gould then gave one of her famous recitations and Mr. J. Gould also recited a few lines that were very appropriate, others sang or recited, then came games in which all took part. Later a lunch was served and the cake was really excellent with buttered buns and coffee.

The couple received anniversary gifts from family and friends. It was late when the party broke up with the circle of friends singing "For They are Jolly Good Fellows". All voted a wonderful evening as they bade farewell.

Wildmere Winks

Since last writing, Mrs. Bathe of Basswood and Mrs. Wm. Whitlock of Triangle have both been patients in the hospital but we are pleased to report they are both doing well and from this appears they will both be home again.

Our first 1948 meeting of the Wildmere W.I. was held at the home of Mrs. Frank Gibson, night of Jan. 7th, owing to the hostess Mrs. Bathe being in the hospital. There were 10 members present, all but two brought their husbands with them as it was the meeting to entertain them. Roll call was answered by a donation to the overseas parcel to be packed each month. The year's program got up by the program committee was approved and accepted. Home and Country, the W.I. paper was subscribed for. The usual business was transacted and Johnny Jump Up was won by Mrs. Steele. Contests were decided on to entertain the men, first a Quiz program similar to Share the Wealth with Mrs. Weisenberger and Bob Martin as M.C.s. Have you figured out yet folks how much a brick and half a brick weigh. Then the men were given a paper with a cake name written on it and they were to add the ingredients that made up the cake. Some very original and some very funny recipes were later read off. Next meeting in February, Mrs. Roy Dibben will be hostess. We hope all members will be able to attend.

Congratulations to Mr. and Mrs. Lloyd Prest of Calgary (nee Yvonne Mor[illegible]) formerly of Triangle on the birth of a son on Jan. [illegible] with this baby's arrival there are now 4 generations on the mother's side. Mrs. Adam Smith of Wildmere is the great great grandmother.

Wednesday of last week two rinks of curlers journeyed to Vermilion to play. Those going were [illegible] Bill and Adam Smith, Bob Martin, Otto Weisenberger, Lawrence Graham, Cliff Carothers, [illegible] boys had to [illegible] to town and had to return home by the west highway and then across country as far [illegible] men had to walk the rest of the way. One rink skipped by Bill [illegible] Adam's rink lost to a town rink. Outside of the going and coming we think the boys enjoyed their afternoon [illegible].

Word came through [illegible] at Calgary who was brought to the University hospital [illegible] which has [illegible] and the hospital made her a birthday cake. Irene was born in the Vermilion hospital and spent her early childhood in Triangle district. Everyone is very anxious about her. Her grandmother Mrs. Smith and Uncle Bill [illegible] are in the city with Mr. M[illegible] at present.

Lawrence Mayhew [illegible] road on Friday with the [illegible] plow on ahead of the [illegible] [illegible] it will be [illegible] only a path [illegible] to travel through the [illegible] Most people think it is [illegible]

BANFF SCHOOL OF FINE ARTS

World News In Pictures

THAT'S WHAT WE LIKE ABOUT THE SOUTH—Corn pone and cotton, warm sands and lovely girls. It's nice to think of all that in the midst of winter up north, what with blizzards, icy rains and fuelless days. These attractive southern belles strike up a pattern for beauty as they pose on the warm sands of Cypress Gardens, Fla., for the photographer. Left to right are Janet Ruth Crockett, Jane Strickland, Sammie Stilley and Helen Hatfield.

ART IMITATOR—Hans van Meegeren, 57, the Dutch artist who fooled some of the worlds art experts by faking old masters, died in an Amsterdam hospital of heart disease. On Nov 12 last he was sentenced to one year in prison on charges of fraud. The prosecution said he had signed the names of such old masters as Vermeer and Pieter de Hooch to his paintings and sold them for approximately $2,800,000. Buyers included the late Hermann Goering and the Rotterdam museum.

YESTERYEAR'S WONDER STOPS BEFORE TODAY'S GIANT AIRLINER—Clattering wonder of yesteryear, an early gas-buggie comes to a halt before one of today's transportation wonders—a giant airliner at an air show to be held in Miami. Costumed characters out of the gay 90's are an attractive part of the setting.

[illegible] IN TRAIN WRECK — Wrecking crews prepare to remove the smashed passenger coaches of two German trains which crashed at Sahrt-Irlich, near Neuwied. Forty persons were killed and more than 100 injured in the tragedy.

RECEIVES PHOTO FROM PRIME MINISTER—Marilyn Kilhasko, four, of Kitchener, Ont., sent a Christmas card to Prime Minister King. Today she is a proud young lady, having received from Mr. King a letter of thanks and a photo of the occasion last September when she presented him with a bouquet of flowers.

SAVED BY SURGERY — Born without an oesophagus, Suzanne Eggleton, daughter of Mr. and Mrs. John Eggleton, Peterboro, Ont., celebrated her first birthday by eating a piece of her birthday cake. Almost a year ago her life was saved by a delicate operation, said to be the first successful one of its kind in Canada. Suzanne today apparently enjoys perfect health.

WRESTLER SHARPE BECAME LIFESAVER—Wrestler Mike Sharpe, (left), shown with his father and brother, became a life-saver in Hamilton, fishing spectators from a swimming pool into which they had fallen. At a wrestling match between Sharpe and the Masked Marvel at Hamilton's municipal pool a soldier spectator swung a haymaker at the Marvel and in the resulting excitement spectators crowded and jostled one another on to the catwalks over the pool. The walks collapsed. Sharpe pulled the spectators out of the water as fast as they fell in, no one was injured, but nearly 100 persons were dunked.

FISHERMEN LOSE PROPERTY—A storm with winds that reached gale proportions caused the lighthouse and pier at Bronte, Ont., to fall into the water and be ground to debris. [illegible] to the pier and tied ropes and wires in an effort to save their properties. [illegible] were their big worry. Widening of creek in operations for new pier is said to have caused stronger waves to break on old pier.

BOTTLE BABY — B. E. Eldred, of Landis, N.C., is feeding his eight-weeks-old New Hampshire Red chicken, Winnie, grew up in the five-gallon bottle which has been its home since it was one week old. Air vents in the side of the bottle enable the chicken to put her head through to eat. She seems as healthy as any fowl that has the run of the farmyard. Eldred is co-owner of a feed store which is experimenting with a special feed compound that makes hens lay eggs with red or green yolks. Other colors are hoped for later.

NEW YORK'S STORM — Buried under snow which almost completely covered this car in Central Park, New York, gives an idea of the severity of the recent storm that was the worst in the city's history.

AT LEAST THEY COULD BEAR IT—If New York's record-breaking snowstorm brought temporary grief and woe to Manhattan's millions, it was decidedly to the taste of these polar bears in Brooklyn's Prospect zoo, who are shown disporting themselves as a result.

PRESENTED WITH TROPHY—The secretary of the Northern Seed Potato Growers Association in B.C., C. A. Bradbury, presents trophy to A. G. Gilmore, of Columbia Potato Growers' Association for heaviest yield of commercial potatoes. Mr. Gilmore harvested 26.13 tons per acre, equivalent to 804.3 bushels. The chairman of the meeting, Wm. MacGillivray, director of extension, B.C. department of agriculture, is seated in the background.

KNOWS HER TABLE MANNERS—With table manners befitting a young lady Sweetie Pie, 20-year-old parrot, owned by Miss Hilda Merkel of Los Angeles, scoops up and eats her food with a spoon. Ignoring the traditional "Polly wants a cracker," Sweetie screams for her spoon when she's hungry. When the spoon is offered, she takes it in her beak, transfers it to a claw, and starts spooning up her victuals. After she is through eating, she puts the spoon neatly in a special cup.

WOMAN "BEWILDERED" OVER DISAPPEARANCE OF HUSBAND AND DAUGHTER—Missing with her father, John McNamara, since last July, is Brenda, five, (left, top). Mystery surrounds disappearance of John McNamara and daughter. He went to work in tobacco fields and wide search has failed. Mrs. McNamara, seen with Sandra, describes herself as "near the breaking point". Police say they sent out circulars, but there has been no response. John McNamara, (right), Hamilton, Ont., who worked for only two days in tobacco fields after the rubber company for which he worked laid off some employees during a plant change.

IT RINGS THE BELL when you serve Maxwell House Coffee for breakfast. This delicious blend contains choice Latin-American coffees specially selected to give you extra-rich flavor.

O. H. Quist Is New Reeve Of Vermilion River M.D.

COUNCIL HOLDS REGULAR MEETING

The following is a summary of the minutes of the council meeting of the M.D. of Vermilion River No. 71, held in the Municipal office, Vermilion, on Jan. 8 and 9.

Reeve J. A. Currie was in the chair and Crs. G. E. Clay, R. Tessman, O. H. Quist, J. Leighton, T. Beisheim and T. W. Lambie were present.

Minutes of last meeting were accepted as presented to Council, the financial statement for December was accepted, accounts as approved by Finance committee were passed for payment.

Moved by Quist that Walter Bobruski be granted permission to operate a delivery service at Marwayne subject to the provisions of any licensing by-law which may subsequently be passed. Cd.

Moved by Cr. Clay that we take 12,000 yds. of crushed gravel from Percy Willoughby during 1948 at not more than 60c per yd. loaded into truck, should Mr. Willoughby succeed in purchasing gravel crusher. Cd.

Moved by Cr. Currie that a charge of 10c per cu. yd. be made for all gravel taken from municipal pits by private individuals. Cd.

Moved by Cr. Quist that a grant of $10 be made to the Alberta Educational Council. Cd.

Moved by Cr. Currie that the report and recommendation of T. C. Taylor with respect to oil site N.W. of Sec. [illegible] be accepted. Cd.

Moved by Cr. Lambie that Mrs. Sarah Carlton be recommended for Old Age pension in maximum amount. Carried.

Meeting adjourned to meet at 9:30 a.m. Friday Jan. 9th.

C.P.R. Co. was paid $151.20 for 7.56 acres taken for roadway on N½ Sec. 9-49-6-4.

The following land lease motions carried: S.E. 21-50-1 to J. H. Simmons for $40 cash and that N.E. 31 be advertised for sale or lease; N.W. 6-53-3 to J. Hanlow for $40 cash; S.W. 20-51-4 to W. A. Wood for $35 cash, N.W. 21-50-1 to Russell Buchanan for one-third share of crop, S.W. and F½ 23-50-5 to R.C. Galloway for $96 cash; S½ 3-53-6 to Mrs. A. Strang for a ⅓ share of crop. Lots 22 and 23, Blk 4, Islay, to Miss M. Stone for $3 per lot; N.E. and S.W. 13-56-2 to Doug Cook for $60 cash and S.E. 13-5[illegible] to same party for ⅓ share of crop; N.W. 6-51-3 to Mrs. K. M. Greaves for $[illegible] cash, [illegible] to John Forbes for current taxes with first option to purchase at $12[illegible] on terms. N.E. [illegible] to R. Constable for $2[illegible] and that S.E. 26-[illegible] be leased to same party for $25. Lot 6, Blk. 3 Islay be sold to Margaret E. Fay for $45 cash. Cd.

Moved that we accept from [illegible] Jenkins one-third share of crop to be applied on purchase price concerning sale of S.E. 22-[illegible] Cd.

By-laws concerning sales of the following lands received 3 readings and were passed: Pt. R.D. 2[illegible], S.W. 17-54-4, S.E. 25-1[illegible], S.W. [illegible], Lot 6 Blk. 2 Islay.

COURT OF REVISION

Moved by Cr. Lambie that the next Council meeting be held Thurs. Feb. 19th and that Court of Revision be held on the same date. Cd.

By-law No. 190 concerning sale of Lots 7, 8 and 16, Blk. 6, Islay, was rescinded. Duplicate Certificate of Title was cancelled and reinstated in the name of the M.D.

Cr. Lambie was appointed a committee to look after Allis Chalmers Motor grader.

SPECIAL GRANTS

Moved by Cr. Clay that special road grants applied for by the various Divisions be credited to the Divisions on 1947 allotment, on the basis of $1200 for each Division. Cd.

RESIGNATIONS

Moved by Cr. Quist that we accept, with regret, the resignation of Crs. Currie and Tessman. Cd.

Moved by Cr. Leighton that Messrs. Currie and Tessman be appointed to look after public works in Div. 1 and 2 pending the elections of successors, and that they be asked to attend the February, March and April meetings in an advisory capacity and be reimbursed for same. Cd.

CR. QUIST APPOINTED REEVE

Moved by Cr. Leighton that Cr. Quist be appointed Reeve. Cd.

Moved by Cr. Lambie that Cr. Clay be appointed Deputy Reeve. Cd.

Moved by Cr. Lambie that Reeve and Dep. Reeve with the Sec'y be authorized to transact the banking business etc. with the Bank of Commerce Vermilion, Treasury Branch, Vermilion and Bank of Toronto, Marwayne. Cd.

RIVERTON

The ladies aid meeting was held on Thursday at the home of Mrs. Durnin with a very good attendance. The meeting was opened with Bible reading and a hymn. Various committees were appointed for the year. The meeting closed followed by a lovely lunch.

On Monday a bee was held at the school to build benches. About 15 men turned out to help.

Mr. M. Haskell has now returned to Vancouver following a short holiday here.

Mr. F. Parr has been in Edmonton visiting his wife who is in hospital there. A very speedy recovery is wished her.

The next ladies aid meeting will be held on Feb. 12th at the home of Mrs. D. Vivian.

A bridge and whist drive was held at the school last Friday evening.

During 1947 Canadian people mailed 24,000,000 pounds of individual parcels, mostly food, to people in Great Britain and Europe. Voluntary aid from Canadian people to Europeans since 1939 totalled $31,501,940 in value. This is exclusive of Canadian government loans to Britain and Europe which total two billion dollars.

Vice-Pres. of Traffic

2½ Million Pounds Bulk Food Shipped To Hungry Europe

BY THE CANADIAN RED CROSS

TORONTO — Nearly 2 and a half million pounds of bulk food, bound for the hungry peoples of Great Britain and Europe were shipped overseas by Jan. 1st of this year by the Canadian Red Cross Society.

These shipments represent more than half of the $1,[illegible] food grant allocated from the Society's remaining war funds in October to ease this winter's food crisis abroad.

Balance of the bulk foods has been purchased and [illegible] steadily toward the Atlantic seaboard.

The [illegible] on the [illegible] overseas, representing [illegible] $591,[illegible] and consisting bulk food [illegible] have been specified, all, [illegible] by the Canadian Red Cross Commission in London in co-operation with the British Ministry of Food.

Meat, [illegible] meat preparations, corn [illegible], dried milk powder, [illegible] as the cereal, rolled oats and [illegible] flakes, as well as large shipments of vitamin preparations were the main foods requested.

Shipments are consigned for distribution to the Canadian Red Cross representative in Britain and in Europe to the Red Cross Societies of the recipient countries concerned. All goods are labelled "Gift from the people of Canada through the Canadian Red Cross Society."

Immigration In 1948

IMMIGRATION PROMISES TO BE A MATTER of continuing interest to Canadians this year. Although restrictions were amended and the way was opened for more people from other lands to enter Canada, immigration proved to be on a smaller scale in 1947 than in the preceding year. Figures showed that in the six months ending September 30th, 1947, 32,0[illegible] immigrants came to Canada. This was 14,236 less than the number admitted in the corresponding period in 1946. The decrease in numbers was explained largely by the fact that in 1946 troopships brought many hundreds of wives and dependents of service men to this country. After that operation was completed the ships were withdrawn, to be converted for use in regular passenger service, thereby creating a temporary but acute shortage of passenger ships.

* * * * *

Lack Of Ships Is Responsible

The lack of passenger ships is believed to be the main reason why more people have not immigrated to this country under the amended regulations which allow unrestricted entry of persons from Commonwealth countries and the United States, and almost the same conditions for the admission of people from European countries who have relatives here willing to provide for them. Trades people and skilled workers with sufficient funds to establish themselves here are likewise permitted to come into the country and in addition, last year provision was made for the entry of 20,000 persons from displaced persons camps in Europe. Wives [illegible] children of Canadian citizens of Chinese origin were also extended permission to come to Canada. All classes of prospective immigrants are, of course, required to possess satisfactory qualifications in regard to health, character and [illegible].

* * * * *

More Space To Be Available

It is expected that more passenger ships will be operating this year, thus opening the way for greater numbers of people to avail themselves of the opportunities offered to immigrate. It has recently been announced that the British government has given assurance to Australia that shipping space will be available to transport 70,000 people to that country in 1948, this being the minimum objective of the Australian government for immigration this year. The number of immigrants expected to enter Canada in that period has not been announced but it is expected that there will be considerably more than in 1947. So far, the main fault of the post-war immigration policy appears to have been that too few people were coming into the country at a time when there has been a serious shortage of labor for our farms and industries. Indications are that there will be more shipping space in the coming months, and the progress of Canada's present immigration policy will be watched with interest here and abroad.

SEVEN SISTERS DO GET AROUND FAST

COLUMBUS, O. — Two [illegible] astronomers gave the American Astronomical Society their latest observations on the speed of the "Seven Sisters" of the sky. They are plenty fast.

One star in the Pleiades cluster—[illegible]—It rotates at a speed of 135 miles a second according to J. A. Pearce and Elsa Van Dien of the [illegible] observatory, Victoria.

EDMONTON PIONEER LIKED INDIANS

Jewish Woman Thinks Old Timers Could Give Lessons In Neighborliness

EDMONTON — Mrs. A. Cristall, first Jewish woman to reside in Edmonton, still hopes to revisit her native city of Odessa in Russia even though she is 73 years old.

Mrs. Cristall, who came to Edmonton when the Indians still had the habit of dropping in once in a while uninvited for a friendly visit, thinks the hardy pioneers could give the present-day residents a few good lessons in neighborliness, religious tolerance and racial goodwill.

Being the first Jewish family in the city, the Cristalls had no Hebrew church and they went on Sundays in turn to Catholic, Methodist, Baptist, Presbyterian and Salvation Army services.

"The Indians would drop in on me when I was alone in our small shack on Jasper avenue (then and now the city's main street) at practically any hour of the night or day", said Mrs. Cristall in an interview. "I was pretty scared at first but I finally learned enough Cree to talk to them and found out they just wanted to be friendly."

Twice in the past she made plans to revisit Odessa. Once she booked passage on the Titanic but it sank on its maiden voyage. Later outbreak of the First World War stalled her again.

The potter's wheel was invented independently by many different races.

79,000,000 Pounds Butter Needed By April

1947 Production Over 1946 But Consumption Has Increased.

LONDON, Ont. — J. F. Singleton, associate director of the Federal Government's Dairy Marketing Products Service, said here Canada would have to make or import more than 79,000,000 pounds of butter before April to satisfy the domestic market and provide a "working stock" of 10,000,000 pounds.

Addressing the opening session of the Western Ontario Dairymen's Association, he said increased domestic consumption last year had left butter and cheese supplies short, but exportable quantities of evaporated and condensed milk are available.

Mr. Singleton reported butter production during the first 11 months of 1947 was 15,700,000 pounds higher than in the corresponding period of 1946. However, domestic consumption increased by about 30,000,000 pounds.

Cheese production decreased in 1947, the drop amounting to 27,000,000 pounds, or 23.1 per cent. up to December 1. The domestic supply situation is indefinite until year-end stocks are reported.

In his presidential address, Roy Fraser, of Dutton, Ont., said that while excessive prices invite recessions, further increases in dairy produce prices were likely as a result of the feed grain shortage with consequent cut in herds.

FUNNY And OTHERWISE

"Can you do double entry?" asked the employer of the applicant for an accountant's job.

"I can do triple entry!" was the reply.

"Triple entry?"

"Yes—one entry for the working partner showing the true profits, another for the sleeping partner showing small profits, and a third for the income-tax collector showing a loss."

* * * *

"I say, old man have you change for a pound note?"

"Yes, certainly."

"Well, just lend me 15 shillings of it, will you?"

* * * *

"Poor old Bill, he's workin' himself to death."

"[illegible] that?"

"Well, 'e's that short-sighted 'e can't see when the boss ain't lookin'."

* * * *

Robinson: "The stenographer does all the spade-work in business."

Jones: "The employer, meanwhile, does a spot of digging on the near-by golf course."

* * * *

"Are you the oldest in your family?"

[illegible] I am."

* * * *

"My mother didn't ever open a can to serve soup," said the foolish young married man.

"Well," replied his bride of seven months, "you get me some salt pork, split peas, onions, celery, carrots, turnips and a kettle large enough, and I'll make soup, too."

* * * *

"I haven't seen you at church lately, William," said the [illegible]. "What's the matter?"

"My daughter's learning to play the harp," replied William.

"But what's that got to do with it?"

"Well, I'm not so keen on going to Heaven as I was!"

The Royal Bank Of Canada Annual Meeting

Sydney G. Dobson, President, declares European recovery most important factor in Canada's economic life. "Should American Continent fail to provide what is necessary to save Europe, the effect on our economy would be serious." Intelligent participation in Marshall Plan will be of service to both Canada and the United States.

James Muir, General Manager, reports marked increase in commercial loans . . . public deposits again increase . . . profits improve. Royal Bank depositors now total 1,750,000. Unique service to foreign traders provided through 71 branches in foreign countries.

The vital importance of European recovery to the welfare of Canada, and the part Canada can play in restoring Europe to economic health, were stressed by Sydney G. Dobson President of The Royal Bank of Canada, at the bank's annual meeting. "Should the American continent fail to provide what is necessary to save Europe," he said, "the effect of our economy would be serious. I mention this because it is not generally enough realized that Canada depends to the extent of 30% of her national income upon export trade. In addition it should be noted that Canada's exports to the Western European countries in the last pre-war year composed 47% of her total exports, a fact which emphasizes the importance of European recovery to the maintenance of Canada's economic health."

Mr. Dobson pointed out that Canada had already done much to help provide Europe with the necessities of life. Canadian exports to Europe in 1946 had amounted to $932 million. In the past few years Canada had provided over $2 billion worth of aid to Europe in the form of loans, credits and gifts. "However, what has been done by Canada and other countries, has not been enough," said [illegible]. "Plans are under way which it is hoped will, in the course of a few years, permanently restore European economic health." The Marshall Plan, "one of the happiest suggestions ever made in international relations," and the Geneva trade agreements last November were, he said, important steps to world recovery. An intelligent programme for North American participation in the Marshall Plan would be of service to both Canada and the United States.

RECORD OF ACHIEVEMENT

Canada, said Mr. Dobson, had been singularly blessed by Providence. Notable progress had been made in both production and trade during recent years, and the standards of living of the Canadian people had shown marked gains. "Canada's foreign trade," he said "reached a new high total in the first ten months of 1947, ($4,435,600,000). This was made up of all kinds of goods, raw and processed.

"Seventy-five years ago we exported goods to the money value of $18 per capita; in 1946 we exported goods worth $184 per capita, an increase of ten times. [illegible] exceeded five million for the first time on record in August last. Productivity, too, is high. Canada's national income increased from $3,972 million in 1938 to $9,464 million in 1946. When translated into dollars of the same value, we find the increase to be 97 per cent., equal to an addition of $279 per person per year.

"I find that (in dollars of the same value) the personal income of Canadians has increased from $361 per capita in 1938 to $603 in 1946. The total personal expenditure on consumer goods and services amounted to $3,714 million in 1938 and $5,926 million in 1946, an increase of 60 per cent. compared with our population increase of 10 per cent. This increase in the sum spent on personal consumption goods suggests a significant rise in the standard of living."

RECIPE FOR PROSPERITY

These figures, Mr. Dobson said, were gratifying and encouraging, but two dangers had to be faced to maintain present prosperity. One danger was the possibility of economic collapse in Europe. The other was inflation. "Price rises," he said, "make it more necessary than ever for us to measure our real advance in dollars of constant value. The rest of the rise in money value is for the most part the empty air of inflation. When money incomes are excessive relative to the available supply of goods, as they are now, the logical way to reduce the pressure on prices is to increase the supply of goods. We have the physical equipment to do this, but the human factor is needed; a competent workman seeking to get out of his machine the whole production of which it is capable. I believe that what I said a year ago still holds true. There are still too many people who make high wages and plentiful leisure the greatest aims of their lives, still too many who believe that less production and more pay per worker is a solid base for prosperity. This is, of course, a fallacy. An honest day's work for an honest day's pay is still a good recipe for prosperity, perhaps the only formula that will insure lower prices, a higher standard of living, and lasting good times for all.

"Part of our current output, of course, is devoted to enlargement and replacement of plant and equipment. Necessary replacements of plant must be made and at times expansion is essential, but a strenuous effort must be made to limit non-economic expansion of construction. Much construction is going forward now at costs so high that only continuous prosperity at present levels can make it pay.

CONSERVATION NEEDED

"Canada's present prosperity, which is spread so widely in our nation, is based upon the development of Canada's natural resources.

"Agriculture, because it supplies the basic need of man for food, is of highest importance.

"This source of livelihood for farmers and of revenue for the country is worth preserving. It is becoming recognized that the fertility of our soil is not everlasting. Fortunately Canada has an opportunity to apply measures of conservation rather than of reclamation. We must not wait for 'dust bowls' to form, or for prairie farms to be buried in sand.

"The same need for conservation is found in our forest resources. More than 27 per cent. of the value of our exports stems from our forests.

"Better protection and improved cutting practices have contributed in recent years toward preservation of our forest wealth, but there is still a very heavy annual loss from fire and insects which should be substantially reduced. Forest conservation is a 'must'.

"There can be no better example of newly created wealth than that of our mining industry. Forty years ago the total dollar value of our mine production in a year was $42 million; in ten years it had become $105 million; in the peak year 1941, it had reached $[illegible] million. The mines have added to Canada's wealth some $12 billion since mining statistics were first kept.

"Not much is heard in Canada about our fisheries, although they give employment to 85,000 persons in the primary and processing branches, and the investment in these amounts to $73 million.

"Development of hydro electric power in the last forty years has been rising sharply and consistently. Our present installations, producing 10½ million horsepower, place us second only to the United States, in development of water power, and as yet only 20 per cent. of our potential power has been developed.

FREEDOM OF ENTERPRISE

"It is only right to say at this point that the greatest advances in well-being for their people have been made in countries like our own where freedom of enterprise has been allied to natural resources. The restrictive trade practices of so-called 'planned' economies deprive the world of that freedom of development, and expansion of business, and free interchange of goods which alone can bring decent living conditions on a wide scale.

"It is significant that in all the world the only countries to which Europe can turn for effective help are these two democracies of America, free-enterprise countries. It is obviously not we who are unstable, but the totalitarian countries. It is not we who are depraved, but the totalitarian countries. It is not we who are short of production of the things people need to live, but the totalitarian countries.

"It would, however, be very wrong to be complacent. Progress depends upon our keeping our freedom and how much freedom business shall keep, and how long it will last, depend upon our ability to recognize, understand and meet our obligations to the nation as a whole. It should be [illegible] objective to show that free enterprise is the only economic system in the history of the world flexible enough to change in keeping with the needs of its people. At the same time it is the only economic system in the history of the world that has ever brought about great stability, and advancement of the standard of living of the people [illegible] it."

GENERAL MANAGER'S ADDRESS

In presenting the bank's 78th Annual Report, Mr. James Muir, General Manager, reported that the bank's total assets now stood at $2,093,641,218.61 and that liquid assets constituted 74% of the bank's liabilities to the public.

"One feature of this year's balance sheet is the marked increase in commercial loans in Canada," said Mr Muir. "This item is $126,128,687.47 larger than a year ago, reflecting an experience common to all banks. The reason for it is the very high level of business activity, the expansion of production facilities, the increased volume of goods on hand, and, of course, the influence of higher prices. It takes more dollars than it did a year ago to conduct a comparable amount of business. As a consequence, the amount of commercial borrowings represents a substantial sum, and I think I may say in passing that I do not view a rapid and large increase in bank loans with equanimity.

"The number of personal loans made during the year continues large. These are principally in the $500 and under category, where in fact the number of new loans totalled one hundred and fifty five thousand. When one considers the high volume of these personal loans from banks, plus the substantial business of personal loan and allied companies, all at a time when there is full employment and high wages, the thought occurs that perhaps a living-beyond-one's means policy is abroad. If so, it is unhealthy."

Mr Muir pointed out that there had been an increase of $33,684,[illegible] in the bank's public deposits and that total deposits stood at $1,904,188,949. He reported that the number of depositors continued to expand and now totalled over one and three quarter million.

PROFITS

"It will have been satisfactory for you to learn that the profits were $1,818,122.96 higher than in the preceding year," he said. "The amount required for government taxes was $2,850,000, after deduction of which there remained $3,874,319.48 from the year's operations. Dividends required a disbursement of $2,975,000 and depreciation on bank premises amounted to $882,687.01. After providing for all of the foregoing charges, there is a residue of $2,0[illegible]832.47 in Profit and Loss Account, leaving a carry-forward of $3,476,346.86."

71 BRANCHES ABROAD

The important role played by the branches of The Royal Bank of Canada in foreign countries in providing facilities for foreign traders was stressed by Mr Muir.

"Over a long period of years our activity in foreign countries has been an outstanding feature of our service to Canadian business. We have expanded in keeping with the progress of the foreign country and the development of Canada's external trade. The result is that The Royal Bank of Canada is very much integrated with the commercial life of many nations and has become for their business men a real and attractive symbol of Canada.

"Last year I made reference to the unique position we occupy regarding our branches abroad and I believe it bears repeating, because it is our belief that there is no adequate substitute for direct representation by our own trained organization, experienced in Canadian ways and fully informed by close liaison of the needs and offerings of Canadian business men.

"Apart from world-wide relations with banking houses, we have seventy-one branches outside of Canada. There is a constant flow of information regarding market and general conditions from these branches to a central department at our Head Office in Montreal [illegible] reaches us from correspondents throughout the world where we do not operate branches of our own. This, you will appreciate, enables us to furnish a highly efficient, unmatched and valuable service to exporting and importing clients."

TRIBUTE TO STAFF

A warm tribute to the staff for their splendid co-operation and service, and devotion to the welfare of the business in which they were engaged was voiced by Mr. Muir.

"I have reason to hope that our personnel know of the high regard in which they are held," he said.

"I have never come across in all my years of contact with other business institutions, a staff more earnest, more devoted to the welfare of the business with which they were associated, or more conscious of their important place in the economy of the nation. A good banker must be part accountant, financier, diplomat, lawyer and economist, and above all he must be a human being with the ability to understand his fellow men. I am proud to say that the staff of this bank, with all these necessary qualities, has also the spirit of teamwork which is so essential to happy relations, and which counts so much in the fine results of the year's activity.

"The staff of the [illegible] is in excess of 10,400, more than half of whom are women. They have done a splendid job throughout the year. We are grateful to them and commend them highly to you."

LIFE-SAVER — A nursing sister from Regina, Sub-Lieut. Elizabeth Sharp, R.C.N., gave oxygen to 14-year-old Glenda Roberts aboard an R.C.A.F. Canso mercy plane taking the child to hospital at Goose Bay from Harrington Harbor.

Lloyd. and Vegreville Juniors at Vermilion

Something out of the ordinary is planned for Friday night Jan. 23 at the Vermilion arena, 8:30, when two teams from neighboring towns, Lloydminster and Vegreville Juniors, will play a grudge game on neutral ice.

These boys, 20 years and under, have played a lot of hockey this winter and a high class set-to is expected.

Mr. and Mrs. Rufus Omness Celebrate Silver Wedding

Mr. and Mrs. Rufus Omness of Lloydminster were pleasantly surprised on Sunday Jan. 11th by a party given in honor of their 25th wedding anniversary at the home of their son Gerald, also of Lloydminster.

Mrs. Gerald Omness served a delicious chicken supper, after which a chest of silver was presented to the honored guests.

The entire family of Mr. and Mrs. Omness was in attendance including their son Gerald and Mrs. [illegible] their young daughters Janice [illegible] Irene, their eldest daughter Mrs. Jack Hobbis and Mr. Hobbis of Vermilion, as well as two baby granddaughters Joanne Omness and Karen Hobbis.

Vermilion W. I.

The Vermilion W. I. met at the home of Mrs. Jensen on Thursday, Jan. 8th with 14 members and 4 [illegible] tors present. Mrs. Spencer in the chair.

It was decided to send a food parcel overseas once a month. To raise funds for above, parties are to be held at different homes, also a dance to be held in the Elks hall on Feb. 6th.

The W. I. supported the proposal the teachers of Alberta be included in the Civil Service Pension scheme.

Following the business a social half hour was enjoyed by all. The next meeting to be held at the home of Mrs. Hildreth on Feb. 11th.

TO WAINWRIGHT BONSPIEL

Darrel Currah, Skip, Mac Simonsen, Jack Hessam and Glen Gibbons have entered the Wainwright bonspiel which is scheduled to commence Monday, Jan. 26th.

Jessie Dennill Married In Edmonton Ceremony

Yellow chrysanthemums banked the altar at St Andrew's church, Edmonton, Saturday for the wedding at 10:00 a.m. of Jessie Alice, daughter of Mr. and Mrs. A. A. Dennill of Dewberry, Alta., and Mr. Howard Niblett, son of Mr and Mrs. Frank Niblett of Edmonton. The ceremony was performed by Rev. Father Perry, uncle of the bride.

For her nuptials, the bride chose an afternoon ensemble in honey beige satin styled with a high neckline and short sleeves with which she wore chocolate brown gloves. Her hat was a chocolate brown model trimmed with veiling and a small feather and she wore a corsage of yellow roses and bronze baby chrysanthemums. A pearl necklace was her only jewelry.

Miss Mary Dennill was her sister's only bridesmaid. She wore a coral crepe dress complemented with [illegible] American Beauty roses [illegible] corsage.

Mr. Angus Perry, uncle of the bride, was best man, and Mr. Art Hagen ushered the guests to their places. The wedding music was played by Mrs Imelda Olsen.

A reception for 25 guests was held at Mme. P. A Dow's 10025 113 st., following the ceremony. Mrs. Dennill, mother of the bride, received with the bridal couple in a light green crepe frock. Her corsage was of pink carnations. The groom's mother, Mrs. Niblett, was in black crepe with which she wore matching accessories and red carnations en corsage.

Rev. Father M. Murphy proposed the toast to the bride.

The bride's table was laid with a white lace cloth and decorated with a tiered wedding cake, yellow and bronze chrysanthemums and tall white tapers.

Mrs. J. Newsome, aunt of the bride, and Mrs. Smith, aunt of the groom, poured coffee and the serviteurs were the Misses Jeanne McDonald, June Dennill, Irene Niblett and Jean Durrand.

The young couple will reside in Edmonton.

ISLAY

Notice Dave Martin and Paddy McQuigan hauling huge loads of hay to their farms through town.

It is said Campbell Stewart has more automobiles than he wants now.

The big snow plow passed by here Tuesday—We hope they dug out the school bus routes.

"What's your beef?" Is it "Will Marwayne get our hospital?" Better do some beefing about it!

Terrible fight on the street in Islay! Mac and Roscoe. But not Mac of the restaurant, nor Mac who buys stock, but Carol Mitchell's dog Mac and Roscoe, Betty's dog. And it was a stranglehold!

Mr. Hatlen went to New York to meet Mrs. Hatlen who is returning from a trip home to Norway. They are expected in Islay this week. Mrs. Hatlen left Islay last August 17th.

Bill Shaw and Harry Young went to Edmonton Monday with a truckload of cattle. Bill will meet his wife's folks who are arriving from England.

Miss Alice Buchanan is in hospital for a time. Mrs. Albert Anderson is also a patient there. Mr. Anderson got home from the hospital on Monday feeling fine again. Mr. Boyle, Mrs. Potvin's father is a patient there for treatment. Mrs. Potvin came to town by school bus on Tuesday and visited her father, also had dinner with Bessie Anderson.

Farm Forum group met Monday at the home of Mr and Mrs John Young. Weather and roads not good enough to get out to Bill Muir's. We hope to go out there next meeting, Feb. 2nd. If not, we will meet at the [illegible] home.

Stagette Notes

Seventeen members attended the Tuesday night meeting which was again held at the college.

A short business session was held. The carnival float in support of the Stagette carnival queen candidate Miss Shirley Carroll was discussed. Following this the girls got to work on their gloves. If Mary has some grey hairs at the end of this term it will not be the fault of the college—it will be us. We certainly appreciate your patience Mary.

The next meeting will be a social and will take the form of a bowling party providing arrangements can be made for the alleys. Don't you girls go practising between now and then.

See you all next Tuesday evening.

After the show on Saturday evening attend the dance at the [illegible] hall. An enjoyable hour or two for only 50c

Vol. XXXIX. No. 36. Vermilion, Alberta, Thursday, January 29th, 1948. $2.00 A Year

Joint Installation of Mannville and Vermilion Lodges, O.E.S.

BRILLIANT FUNCTION — PRESENTATIONS MADE

On Tuesday evening, Jan. 20, an O.E.S. joint installation service was held at the Masonic hall, Vermilion, when Magdalen Chapter of Mannville and Queen Esther Chapter of Vermilion installed their officers for the present year.

The Installing Officers were: Installing Officer—Sis. J. Bushell, P.M.; Marshal—Sis. N. McFadden, assisted by Sis. Regan; Organist—Sis. I. West, P.M.; Chaplain—Sis. Hubbard; Assoc. Matron—Sis. A. McKinnon, P.M.; Conductress—Sis. A. Krause, P.M.; Warder—Sis. Crooks; Sentinel—Bro. E. Katz.

Mannville officers installed for 1948 were:

Worthy Matron—Sis. W. McLeod
Worthy Patron—Bro. V. P. Cole
Associate Matron—Sis. V. Cole
[illegible] Patron—Bro. A. Rostron
Secretary—Sis. E. Van Dusen
Treasurer—Sis. M. Rostron
Conductress—Sis. E. McCauley
Associate Conduc.—Sis. F. Bedard
Chaplain—Sis. M. Dorward
Marshal—Sis. M. Ray
Organist—Sis. T. Enfield
Adah—Sis. E. Gerhart
Ruth—Sis. E. Mercer
Esther—Sis. M. Olsenberg
Martha—Sis. R. Gray
Electa—Sis. G. Stuart
Warder—Sis. L. [illegible]
Sentinel—Bro. Van Dusen.

The Queen Esther Chapter officers installed for 1948 were:

Worthy Matron—Sis. E. Corley
Worthy Patron—Bro. T. Dick
Associate Matron—Sis. J. Rowe
Associate Patron—Bro. Wm. Krause
Secretary—Sis. M. Hunt, P.M
Treasurer—Sis. D. Scott
Conductress—Sis. M. Reid
Assoc. Conductress—Sis. L. Clarke
Chaplain—Sis. N. McFadden
Marshal—Sis. B. Hart
Organist—Sis. A Green
Adah—Sis. B. Washington
Ruth—Sis. E. Magnus
Esther—Sis. J. Norton
Martha—Sis. E. Bruce
Electa—Sis. E. Hay
Warder—Sis. N. Donnelly
Sentinel—Sis. O. Koroluk

Committees: Examining — Bro. Dick, Sis. Krause, Sis. Reid; Sick and Relief — Sis. E. Corley, Convener; Auditing—Bro. Katz, Sis. Carroll, Sis. Webb; Finance — Sis. Walker, Sis. MacDonald, Sis. [illegible].

The installation ceremony was very impressive. Much credit is due the [illegible] officers for the able way in which they performed their duties.

Corsages were given the retiring Matrons, Sisters English and MacKinnon, and the incoming Matrons, Sisters Corley and McLeod.

Several presentations were made to retiring officers —

A Past Matron's Jewel was sent to Sister M. Crawford by Connaught Chapter, Wainwright, where she was Worthy Matron last year. This was presented to Sister Crawford by Sister H. [illegible].

Sister A. MacKinnon was presented with an O.E.S. ring, and Bro. Neil MacKinnon with a Past Patron's pin, from Magdalen Chapter, in appreciation of their untiring efforts in the service of that Chapter. These were presented by Sister McLeod and Bro. Dick respectively.

Sister H. English, retiring Matron of Queen Esther Chapter was presented with a Past Matron's Jewel by Sister Corley.

A memorable evening was brought to a close by a time of social enjoyment with refreshments served by the [illegible].

Provincial Game Supt. Guest Speaker

FISH & GAME BRANCH HOLD BANQUET, ANNUAL MEETING

The annual meeting and initial banquet of the Vermilion Branch of the Fish and Game league was held Thursday, Jan. 22 at George's Lower Deck with D. B. Furlund, Game Superintendent of the province as guest speaker. The banquet, served as only George can, was unsurpassed and all present had that satisfied feeling. 53 sat down to the banquet.

President Claude Brennan very appropriately introduced the guest speaker Mr. Furlund who dealt with the operations of the game branch in all its departments and also gave figures dealing with bounty paid by the department in the control of predators, crows, magpies, wolves, coyotes, etc. Mr. Furlund proved himself to be an able and interesting speaker and held the close attention of the audience throughout.

Secretary R. B. Spencer, before presenting the financial statement made a few remarks on trap-shooting activities during the summer and crow and magpie control.

The election of officers resulted in Claude Brennan being re-elected as president, Gordon Arnold first vice-president, George Benz 2nd vice-president and R. B. Spencer secretary-treasurer. Committee chairmen were elected as follows: Fish committee—Chas. T. Heckbert; Game Birds — Norman McGinnis; Publicity—Russell Carroll; Membership—Norman McGinnis. Melvin Hill was elected delegate to convention in Calgary.

The meeting closed with the singing of "The King".

Special Meeting of Town Council Held

HEARS SCHOOL BOARD DELEGATION

A special meeting of the town council was held Wednesday, Jan. 21 with Mayor Morrison and Crs. Dawson, Stack, Stephens, Urquhart present as well as a school board delegation of Chairman D. Taylor and Ashley H. Cooper.

The following motions carried:

That notice of meeting be waived.

Chairman Taylor advised the Council that new accommodation is now required for Elementary school pupils and that a four-roomed building is contemplated, to be situated on Blk 21, immediately south of the public school. Mr. Taylor asked the assurance of the Council that the land required would be made available for the use of the school board.

Urquhart — Stephens: That the town of Vermilion agrees to transfer the unsold lots in Blk. 21 to the Vermilion school division if, as and when the Division undertakes to erect thereon a building for school purposes. The above transfer is subject to a reservation of a public lane on the west end of the property.

Meeting adjourned.

New Electrical Business Will Open Here

An announcement of the imminent opening of a new electrical business is made in the advertising columns of the Standard this week. The proprietors are experienced electricians and the firm will be known as [illegible] and Gillies. They are located in the corner premises of the Ambler building. A more detailed announcement will appear later.

THIS BLACKBIRD NOT "CUCKOO"

MAKES HOME ON FARM OF W. ANKETT

A blackbird has chosen the current mild winter to spend the season in Alberta. He makes his home in the barn and around the yard of W. Ankett who lives on the former Moore farm just across the river north-east of town. The bird has become very tame and often rides around on the rack with Mr. Ankett. In the evening he follows the latter into the barn and spends the night there, while during the day the blackbird is usually found around the farm yard or in the feed yard with the stock. He has become quite a part of the life of the farm. Mr. Ankett was somewhat worried in case the bird should be closed out of the barn some night but on one occasion observed him finding his way in through a small opening under the eve, so decided that his dusky winter boarder could well take care of himself. The blackbird is perfectly sound physically and flies and walks around quite normally, so just what possessed him to decide to spend the winter here is a mystery of course, but maybe his intuition told him it was going to be a mild winter so why make the long trip south and back. Anyway, he certainly saved himself a lot of wing power.

Wednesday Night's Hockey Results

VERMILION DISTRICT LEAGUE

Vermilion 6, V.S.A. 4.

Goals: Link 3, Cashey, Mashall, Swanson; V.S.A., Adamson 2, Lewis 2

PEE-WEE LEAGUE

Ken Swanson's Blackhawks 1, Ken Caron's Rangers 1. Goals: Stewart Cooper unassisted for Hawks; Doug Brewer from Beresford for Rangers.

These games not included in statistics until next week. See centre page for District League hockey news.

Mannville Bonspiel Starts February 9th

The annual bonspiel of the Mannville curling club will be held Feb. 9 to 11. Draws and entries are being handled by Messrs. Ray and Smith. It is expected that at least 20 rinks will compete for the fine array of prizes.

What about that Label date?

Annual Town Meeting Monday, Feb. 9th

NOMINATION DAY FEB. 16th AND ELECTIONS FEB. 23rd.

Pursuant to changes made in the town act last summer, the annual ratepayers' meeting of towns in Alberta will be held on the second Monday in February, nomination day the 3rd Monday and elections will follow on the 4th Monday of that month.

Accordingly Vermilion ratepayers will meet at George's Lower Deck on Monday evening Jan. 9th at 8 p.m. to review the business of the [illegible], the hospital district and the school district for the year 1947. Said ratepayers, by resolutions, may issue directives to the administrative bodies for the forthcoming year.

Just in case anyone has aspirations to municipal office, the terms of councillors Gerald Stephens and Ross [illegible] expire this term. Both claim they have had just about enough municipal administration to last them awhile and it is doubtful if they can be prevailed upon to stand for the offices again.

A peculiar situation exists on the school board where the only continuing member is the present chairman Don Taylor. Mrs. Nina Wiebe who was elected one year ago has tendered her resignation. She is leaving Vermilion to live for awhile in California in search for better health. The terms of Jas. D. Adam, Carman Long and Ashley H. Cooper all expire.

The two-year term of H. R. Parker, Vermilion representative on the hospital board runs out and throws this office open to the will of the public.

Town Organizations Ask Aid for Local Veterinarian

At a recent meeting of the Vermilion Board of Trade, S. C. Heckbert, introduced the matter of obtaining a Veterinarian for the Vermilion district. Mr. Heckbert pointed out that valuable livestock, both pure bred and commercial, were being lost from a lack of a veterinary service in the district.

The Agricultural society discussed the same subject at a directors' meeting on Saturday and a resolution was passed requesting that the Provincial government set up a policy of assisting veterinary surgeons in rural districts. It would appear that qualified veterinary surgeons hesitate to start a practice in country towns where remuneration is uncertain. Government employment or city practices offer much better inducements.

District Agriculturist E. H. Buckle, also pointed out that both Minburn and Vermilion River M.D.s have committed themselves as anxious to support any workable policy whereby a bonus would be provided to induce a veterinarian to locate here.

Dr. E. E. Ballantyne, Provincial Veterinarian, was present at the Agricultural society's meeting and outlined assistance being given in sponsoring veterinary surgeons in Nova Scotia, Saskatchewan and New Brunswick in order that services are available for treating sick live stock in the rural areas.

Award of Distinction In Music Examination

Miss Dorothy M Folk A.T.C.M. has received word this past week that she has passed her L.R.S.M. with award of distinction pianoforte teachers' certificate. Miss Folk is a local girl with music studies in Vermilion and Mannville.

Adults 35c : Students 25c : Children 15c

C. E. Thompson Re-elected Chairman Vermilion School Div.

The organization meeting of the Divisional Board of the Vermilion School Division was held at the Divisional office on Jan 23 and 24.

Election of officers resulted as follows: Chairman—C. E. Thompson; Vice-Chairman—D. C McGrath; Auditor—S. C. Heckbert; Finance Committee: Chairman J. D. Adam, Supt. and Secretary-treasurer; Building Committee—Chairman and A. King.

Kitscoty Boys' Dormitory — Architect P. Campbell-Hope attended the meeting and reviewed suggestions for building of addition to present building. Board authorized preparation of plans and specifications.

Delegations—Paradise Valley S. D., Vermilion S.D. and Paradise Valley transportation delegation.

Financial Statement and Auditors' Report — presented and approved and it was decided to distribute three copies to each local secretary and additional copies to secretaries of graded schools in time for local annual meetings to be held prior to Feb. 20th.

Evaluation Committee — Mr. J. D. Adam reported on work of committee in determining years of training for each member of staff and the Board approved results as submitted.

Superintendents' Reports — Mr. Miller presented reports on schools visited since date of last meeting.

Staff Changes — Board granted release to Miss Eva McCrae as supervisor at Willowby school and approved appointment of Mrs. Muriel Isaac as teacher at Willowlea S.D. and Miss Rose Drozbowsky and Miss Thelma Nelson at Telegraph S.D. and Willowby S.D.

Superintendent reported that Guidance school for certain graded school teachers will be held at Vermilion on Friday, Feb. 6th.

Board decided to place insurance on buildings and contents with General Accident Insurance Co. upon expiration of present policies.

[illegible] Bus Route — Board granted permission for transfer of conveyance contract from Mr. J. D. Maxwell to Mr. Morris Watt.

Dormitory Financial Statement — Board approved statement showing that 34 pupils had been in residence in the two dormitories during the year. Total cost of supplies amounted to $6,224.37. Board directed that the Dormitory statement be mailed with financial statement.

Accounts as approved were directed to be paid.

Next meeting Friday, Feb. 20th.

HIGH SCHOOL NOTES

High School Rink Reaches Semi-finals in Bonspiel in City

The Vermilion entry to the Northern Alberta playoffs of the high school bonspiel won first place in their section of the four divisions of the round robin play, winning 4 games to gain the division play-off. In the semi final of the play-off they were defeated by Camrose winner of Section B by a close score of 12-11. Alberta College defeated University high, each winners of their respective sections and [illegible] the playoffs. The [illegible] Jack Currie, skip [illegible] Webb, Bob Reid, and Andrew Jackson, returned home happy to have done so well and pleased to be in possession of a pen and pencil set each.

The Vermilion Amateur Athletic association financed the transportation to the city for the boys.

V.H.S. STUDENT WINS AWARD

[illegible] Klebanosky again took Honorable mention in the monthly book [illegible] contest. Several other students were awarded proficiency certificates.

The Social convener plans a Valentine dance in the Masonic hall this Friday. Since College students have been invited the girls are counting on a surplus of boys and a really good time.

HIGH SCHOOL BONSPIEL

Good weather, good ice and good fun marked the local high school bonspiel last Saturday. 16 rinks of enthusiasts, although in some cases somewhat inexperienced, players were [illegible] Grand Challenge [illegible] Webb ship Mari West, Joyce Bowman, Patsy [illegible]. Runners-up were Glen Gibbons, Gladys Coutts, Gerry Bruce, Cynthia Hogan. [illegible] consolation were Jack [illegible] Maxwell, Glenys Martin [illegible] Watts with Mr. Knoss [illegible] runners up. The [illegible] vote of thanks [illegible] for the use of the rink for this [illegible] event.

For the first time in many months the College girls basketball team defeated the high school team by a score of [illegible]

Lady Curlers Take Over Next Week

BONSPIEL TUESDAY, WEDNESDAY

The lady curlers take over at the rink next week with the annual ladies' bonspiel being held Tuesday and Wednesday Feb. 3 and 4.

Three competitions will be played. These are the two open events the Grand Challenge and the Professional Shield, and the consolation for the hard luck rinks. A very fine array of prizes have been offered by business and professional men of the town and with continuance of the present ideal curling weather, the best ladies' bonspiel in the history of the town is expected.

The professional men of the town have donated a fine new trophy to the ladies curling club so that one of the open events is now "The Professional Shield".

Wide Interest In Rural Hockey Tourney

Wide interest has been evidenced in the rural hockey tournament being held at the local arena by the Vermilion Amateur Athletic association on Saturday, Feb. 7th and already entries have been received from 7 teams. Entries are limited to ten and the ones desiring to enter to date are V.S.A., Buffalo Coulee, Clandonald, Vermilion, Irma, Paschendaele, Derwent, Elk Point.

Entries close Saturday Jan. 31

School Children's Ice Show Promises Novel Entertainment

AT ARENA SATURDAY, FEB. 14

The Vermilion School Children's ice show is entitled "The Flower Queen's Coronation". As the title implies the climax of the skating entertainment is the crowning of the Flower Queen. Scores of children are practising daily to provide what is hoped will be high class entertainment for your enjoyment.

[illegible]

It is rumored that on the preceding Saturday, Feb. 7, a monstrous parade is to be held, with beautiful floats arranged by each of the organizations sponsoring a candidate.

CARNIVAL QUEEN RACE

The race for "Queen" is in full swing. At present the standing of each candidate is as follows:

Ruth Simonson (Elks)	161
Phyllis Westman (Legion)	135
Shirley Carroll (Stagettes)	110
Noreen McGinnis (B of T)	78

More details will be given next week. Vote as you buy your tickets.

THE WEATHER . . .

Beautifully mild weather continues with temperatures during daylight hours above freezing.

Lloyd. Juniors Defeat Vegreville at Vermilion

In a free scoring junior game here last Friday evening, Lloydminster led by Len Mossey former Vermilion junior defeated Vegreville 9 to 5 in spite of the short notice a goodly crowd of fans cheered the two visiting teams on.

Jack Morison is still stepping them on the button in this curling game. Jack was an ardent curler when he lived in Vermilion and has the honor of being one of the few rinks to go through a local bon-spiel without a defeat, annexing the two major events. He is now living in Ponoka and in the recent bonspiel there reached the finals for the Grand Challenge with a fellow clubman as the playing was postponed for a day or two. Jack was right in there in one of the other competitions bringing home a third.

Sat. Jan. 31—Canadiens vs Leafs

Wed. Feb. 4—Rangers vs. Hawks.

DEWBERRY

Born: To Mr. and Mrs. S. Kost, a son; and to Mr. and Mrs. Alf Redman, a daughter.

Skip Fred Braithwaite with Don Braithwaite, Alf Redman and Ed Garnier took part in the Calgary bonspiel and brought home second in the Gas Co. event. This rink won this cup last year.

Recent hockey results: Dewberry 2, Heinsburg 1; Marwayne Jrs. 1, Dewberry Jrs. 1; Heinsburg 0, Dewberry 4; Dewberry Jrs. 2, Clandonald 2 at Clandonald.

The local C.G.I.T. entertained the young boys of the district at a skating party Friday evening. Mrs. Elsie Jones is the leader of this young group.

Great possibilities are in store for the people of Dewberry district in the matter of rural electrification. Lack of interest may cause our loss of this great utility.

Another matter which should occupy the attention of everyone here is the urgent necessity for a new school — we have even heard talk of losing our high school.

Don't fret too much Islay—we are greatly interested in your hospital.

Just to keep you guessing we have a wedding planned for the near future — and a young lady has become engaged.

The Young People's club are holding a dance in Dewberry hall Friday Feb. 13th.

Red Shield Campaign In May This Year

The National Public Relations committee, comprising leading men in all fields of publicity media, have advised that The Salvation Army conduct the 1948 Red Shield Home Front appeal for funds not later than May.

Adjutant Charles Stewart, the local representative of The Salvation Army states that in line with the above advice, the Vermilion and Lloydminster Red Shield campaigns will be launched in May of this year.

Hockey Wed. and Saturday nights.

FARM ACCOUNT BOOK—

How much may a farmer claim for depreciation in his farm equipment?

This is but one of several questions that is simply and clearly answered by a new Farm Account Book now available at all Post Offices. The new book provides an easy way to keep farm records of receipts and expenses connected with farm operations. Every farmer knows what it is to have a feeling that somewhere during the time of his yearly operations his profits are not what they might be. And he is usually the first to admit, too, that without accurate records it is impossible to find out just where he is losing money.

Keeping records becomes an easy job with this Farm Account Book. Complete forms are provided for every type of transaction and only a few minutes are required each week to keep accurate records. Expenses for feeds and seeds, cash and board for hired help, sale of livestock, grain and other farm products—these are all included. To make the Account Book even more helpful each of the forms provided is numbered to correspond with the items on Income Tax Returns. This enables the farmer to take full advantage of all the deductions and exemptions he is allowed by law.

A free copy of this Farm Account Book is available for every farmer at his local post office.

Chatsworth Chatter

As two weeks have passed since the last "Chatter" column was written we will have to go back some time to catch up on news.

The annual meeting of the ratepayers was held at the school on Sat., Jan. 10th with only four in attendance. Besides the usual annual business, discussion took place re hot lunch for the children. Chatsworth seems rather unfortunate in this respect in that during all the years we've had only one winter in which a hot drink was made at noon, and that year local home tree funds were used to buy cocoa, sugar and the pan in which to make the cocoa. It seems too bad that the children are denied this very necessary hot drink, especially when the Dept. of Education encourages it and expenses of hot lunches are borne by the school unit.

On Monday Jan. 12 in spite of the colder weather, 16 members turned out to hear the report of the delegate to the A.F.U. convention. Mr. R. Good covered all phases of the business, amalgamation question, etc., quite fully and to the satisfaction of the members.

The Chatsworth Country Club meeting at Mrs. Joe Farkash's (Sr.) on Jan. 15th was attended by 6 members (due to bad roads caused by storm on the 14th). It was also quite cold and members with kiddies hesitated to take them out. However, the 6 ladies present enjoyed a talk-fest and lunch. The next meeting is to be held at Mrs. Joe Farkash' Jr on Thursday, Feb. 19th—Just a reminder, ladies, roll call is to be answered by: My Favorite Recipe. The lunch committee which was named to bring lunch for the January meeting is to carry on for the February meeting at Anne's.

Ben Fish has purchased a new Cockshutt tractor.

The sympathy of the community is extended to Mrs. Gordon and family on the passing of Mr. Gordon, an oldtimer of the Hamilton district.

The municipal-owned snow plow was in this part of the world two weeks ago, coming from the north past Joe Mistal's and down the Ottawa and Indian Lake roads to Baker's corner. The general opinion seems to be that the route travelled by the plow does not benefit the largest number of ratepayers.

On Friday 16th Jim Farmer and Jim Thompson snowplowed a road east to the King Edward highway, only to have it blocked again by Saturday's storm. Most folks are devising means of getting a road plowed out to get to town at least.

The letter to the Editor written by Mr. Livingstone re ducks certainly hits the nail on the head. In this locality, especially near the lakes, the loss of grain in the fall is appalling.

W. R. Mix moved a house from south of town to the M. Farkash place last Thursday.

"It's Not Loaded"

Handling "Empty Gun" Proves To Be Dangerous Practice

Famous last words:

"It's not loaded."

Time and again it has been proved that handling an "empty gun" is a dangerous practice. Death has stalked in many an instance where the trigger was pressed unwittingly, discharging a lethal bullet without warning.

As witness the tragic accidents—usually termed accidents—which occur so frequently. Almost every day, one hears of such a mishap. Sometimes a gun goes off while being cleaned ... or when displayed to friends ... or in the hands of young children.

"There is no such thing as a harmless gun, unless you have made sure, doubly certain — yes, even triple-checked—that it is empty," contends an R.C.M.P. fire-arms expert.

Appalling Toll Of Life

A recent survey shows that an appalling toll of life is taken every year by weapons "thought to be unloaded". And, besides, there are the hundreds who have been wounded, blinded or maimed for life.

The rate of shooting accidents has soared to peak levels in the past three years. This can be attributed mainly to the great numbers of souvenir weapons brought home by servicemen from the various battlefronts following the cessation of hostilities.

It may be a Luger, a Japanese carbine, an automatic pistol. Acquired overseas and smuggled past customs, they are now regarded as a sort of badge of honor—a mark of courage. Likewise, is the shotgun, symbol of a hunter's prowess.

A man may have handled guns all his life. A soldier may have come through the war without a scratch. Yet, it does not take much pressure on the trigger to invite the undertaker.

You read of how a man accidentally shot his fiancee in Montreal ... or in New York where a boy, playing "cops and robbers", killed a playmate with an "unloaded gun" .. the wounding of a man in Lowertown Ottawa while he was cleaning his rifle ..a souvenir pistol discharging in the hands of an ex-GI in Texas (he had carefully removed all cartridges, but forgot the one in the firing chamber).

Bob Hope's Near-Tragic

Even radio and screen comedian Bob Hope had a near-tragic experience while he was showing off his extensive collection of firearms to friends at his California home.

The man with the "ski-slide" proboscis would have sworn on a stack of Bibles that the gun was unloaded. But, when the smoke cleared, there was a bullet-hole in the door—and on the other side were Hope's wife and four children.

Fortunately, no one was hurt. Mrs. Hope later tacked up a neat sign beside the bullet hole, with the legend: "It wasn't loaded—HE SAID". As a result, friends frequently kid him, but the master of rapid-fire repartee for once fails to see any humor in the situation.

You Can Be Wrong

"Don't point a gun, however positive you are that it won't go off. You can be wrong, and it's liable to be a fatal mistake," is a warning that should not go unheeded.

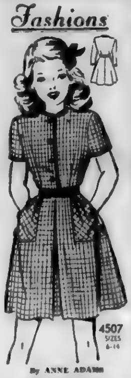
Firearms should especially be kept out of the reach of young children. These "playthings" have already claimed too many innocent victims.

And make certain it's absolutely safe when handling such weapons yourself. There's a grave marker in England with an epitaph that can be applied to many a case. It reads:

"Twas an empty gun—
Or so he said—
That sent a bullet
Thru his head

– By C. S. Cowan in Ottawa Citizen.

Fashions



By ANNE ADAMS

Button-Happy

She'll love this frock with hip pockets like big sister's. A simple dress in perfect taste. Pattern 4507 is a wonderful background for trick buttons. She can sew this herself!

This pattern, easy to use, simple to sew is tested for fit. Includes complete illustrated instructions.

Pattern 4507 comes in Girl's sizes 6, 8, 10, 12, 14. Size 10 takes 2¼ yards 39-inch fabric.

Send twenty-five cents (25c) in coins (stamps cannot be accepted) for this pattern. Write plainly size, Name, Address and Style Number and send orders to the Anne Adams Pattern Dept., Winnipeg Newspaper Union, 175 McDermot Ave. E., Winnipeg, Man.

In 1866 the cable rate between Great Britain and North America was $5 a word. 2761

PRINCE RUPERT MAYOR LOWERS HER OWN SALARY

PRINCE RUPERT, B.C. — Mrs. Norah E. Arnold, mayor of this city is a practical woman. She wants to fight rising civic administration costs. She declined to accept $2,000 as her annual indemnity when it was offered her by the new city council. Mayor Arnold declared $1,200 will be enough because we are going to be up against some heavy expenses this year."

MAYOR CAN'T LIVE ON $9,000,000 MONTHLY

SHANGHAI. — Mayor K. C. Wu's salary will be raised shortly to $9,000,000 a month - but the mayor doesn't expect to bank any of it.

The catch is that he's paid in Chinese currency.

At current black market rates, the $9,000,000 is a little over $50 in U.S. funds.

ESTABLISH SCHOLARSHIP

WINNIPEG – On the recommendation of the Manitoba minister of education, a Manitoban will be selected each year to attend the Colorado School of Mines on a scholarship which pays tuition. To begin next year, the scholarship will be extended for four years if the student's record is high enough.

THAT WAS A BLIZZARD

VANCOUVER, Mo. Eight feet of snow fell in a single storm here in February 1880. It established a snowfall record for the nation which still stands. The 96 inches of snow fell during a blizzard that lasted three days.

PRAIRIE RAINFALL

Rainfall on the prairies during August, September and October, according to records of the Searle Grain Co., Winnipeg, was 41 per cent. above normal, thus ensuring a better-than-average start for the 1948 crop

ARE YOU DISCOURAGED

because you suffer distress from

"periodic" FEMALE COMPLAINTS

which makes you NERVOUS HIGH-STRUNG on such days?

Are you troubled by distress of female functional monthly disturbances which makes you suffer, feel so nervous, cranky, restless, weak — at such times? Then do try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms!

In a recent test it proved helpful to women troubled this way. Why don't you get smart and try it yourself?

Pinkham's Compound is what is known as a uterine sedative. It has a soothing effect on one of woman's most important organs.

For over 70 years thousands of girls and women have reported benefit. Just see if you, too, don't report excellent results. Worth trying!

NOTE: Or you may prefer LYDIA E. PINKHAM'S TABLETS with added iron.

Lydia E. Pinkham's VEGETABLE COMPOUND

ONE BASENJI . TWO WIVES (BUT THAT WAS IN AFRICA)—Wrinkles of wisdom is the description given to the loose fur around the jowls of Eric and Adam. They are Basenjis, a breed of hunting dog known in Africa for 6,000 years. Eric and Adam have been imported into Canada by a dog fancier at Oak Ridges, Ont., where they will be trained as hunters. They cannot bark, only growl. In Africa their worth was not in terms of money, but in wives and spears. One Basenji could often be traded for two wives.

Farm Women Help Design Farm Homes

Farm women are to be given an opportunity to say how a farm house should be planned and what kind of equipment should be installed to add comfort and ease of living.

The Central Mortgage and Housing Corporation, a Dominion Government Company, has invited all provincial governments to co-operate in a Better Farm House Competition and prizes up to $400 will be awarded in each province. The competition will be in the form of answers and comments to a list of questions which will be provided, and the replies will be used by the Corporation in developing new farm house plans. The competition is open to any local group of farm women already operating as a unit.

The questions, which are designed to find out what the housewife wants for a practical and comfortable farm home, must be discussed at local group meetings, and the answers and comments are to represent the considered opinion of the group as a whole.

Full information will be made available to groups of farm women, from the department designated to supervise the competition by each provincial government joining with the Corporation in sponsoring the contest.

RESOURCEFUL FIREMEN

SASKATOON —Saskatoon firemen saved the city an estimated $8,000 by converting the chassis of a new truck into a 500-gallon-per-minute pumper, booster and hose wagon.

EDMONTON MAY BAN TRAIN WHISTLING, BELL RINGING

EDMONTON.—Prohibition of train whistling and bell ringing in Edmonton is a possibility.

City council agreed in principle to ordering the prohibition and gave all but final approval to a new bylaw. A copy was sent to the federal board of transport commissioners for study.

BEAT THIS! OFFICER GOT BIG SURPRISE

OKLAHOMA CITY – You could have knocked Police Lieut. Walt Turner over with a parking ticket.

He received $15 from a man he had arrested recently for reckless driving. A note explained: "I've never been treated so courteously in all my life. Thanks."

Campaign To Increase Tourist Traffic

The Goal Is To Boost U.S. Dollars Past The $300,000,000 Mark

OTTAWA.—A publicity campaign is planned by the Bank of Canada and the Dominion Travel Bureau to increase tourist traffic in 1948 and thus bring more U.S. dollars to Canada.

The goal is to boost U.S. tourist dollars past $300,000,000 in 1948.

During 1946, tourists brought nearly $224,000,000 in U.S. currency, the 1947 total was about the same.

Up to Oct. 31, 20,276,000 American tourists came to Canada; in all of 1946 about 20,855,000.

Leo Dolan, travel bureau director, said the Bank of Canada would circularize junior chambers of commerce from coast to coast asking them to promote clean-up campaigns and to do everything else in their power to make Canadian cities more attractive places in which to spend a vacation.

Mr. Dolan, who has just returned from visits to Nassau and Florida, said "We still have the best-priced vacation on the continent and that may be the biggest factor in our favor."

Thirty-two Years Ago Today

Interesting News Gleaned from the Files of the Vermilion Standard
32 YEARS AGO TODAY

Jan. 28th, 1916

The fuel situation has become alarming during the present cold spell. The situation was temporarily relieved by the arrival of four cars of coal and all day Sunday coal dealers were doling out coal in lots of 500 pounds. The electric light plant which was compelled to utilize its reserve wood supply, has received 2 cars of coal and again resumed all night service.

Norman McClellan was elected as reeve of Vermilion Valley M.D. for 1916. The application of Mr. H. W. Brown for secretary-treasurer was accepted.

Sixteen Years Ago Today

Jan. 27, 1932

Mrs. W. A. Fallow was elected as Worthy Matron of the Queen Esther Chapter, O.E.S.

Jack Morison, Fred Long, Ed Carley and Wes Waldenberger are entered in the Edmonton hospital.

Terms of Fred Long, Dr. Clarke and Percy McKone of the town council expire, and those of school trustees W. S. Cash, M. G. Brimacombe and S. R. P. Cooper.

George Low is holidaying in Vancouver.

Financing Education Today

One of the fundamental characteristics of education in our time is that everybody benefits by it. A man who never went beyond the third grade benefits by education in that every modern appliance and every service he uses are the products of education. Since these benefits are widely diffused and enjoyed the cost of them ought to be borne equally by us all.

What we find, however, is far from equality of burden. The City of Edmonton in 1948 had a school mill rate of 29, and Lethbridge only 19. Red Deer had a mill rate of 27, Wetaskiwin only 19. Among the towns, Coronation had a school mill rate of 41, Cardston had 26, compared with Claresholm which had a school mill rate of 12 and Irvine 14. The villages showed a like disparity, mill rates for school purposes ranging from 32 down to 12. And the school divisions tell the same story. The burden of education upon local boards is not only increasingly heavy, it is also grossly inequitable. Some areas are groaning under it, others hardly feel it.

In the circumstances it is commendable that some provincial organizations — notably the Trustees' Association and the A.T.A.—are beginning to study the idea of an equalized mill rate for all school districts and divisions in the province. Until the time comes when some fair and adequate basis for supporting schools is evolved. The Alberta Educational Council must urge upon the provincial government the need to make increasing annual grants to education and thus lighten the burden on hard pressed districts.

Lloydminster Horse Sale March 15-16

Final arrangements have been completed for Lloydminster and District Horse sale. This sale will be held at Lloydminster Exhibition grounds on March 15th and 16th. There will be 7 horse sales in Western Canada in the spring of 1948, in the following order, Lloydminster, Lethbridge, Lacombe, Stettler, Red Deer, Calgary and Regina.

The newly-formed Lloydminster and District Horse Breeders Association is sponsoring the sale. They have secured the co-operation of the Exhibition association. Horses of all classes will be accepted, the entries will be graded and sold accordingly. The demand is keen for sound, well broken, fat horses. All horse breeders are urgently requested to fit their horses of good quality and enter them in the sale. Eastern buyers will be present at all the spring sales. The closing date for entries is Feb. 25th. Anyone expecting to enter horses should do so at an early date. This will give the committee in charge a good opportunity to properly advertise the number of horses offered for sale. For information and particulars apply to George K. Ross, sale secretary, Exhibition Office, Lloydminster.

COLDS ARE COSTLY

By all odds, the common cold is the most costly plague in Canada and the United States today states The Financial Post. In this country alone, it represents a yearly loss of $200 millions in wages, production and cost of treatment, not to mention millions of days of personal discomfort.

Letters to the Editor

Toronto, Jan. 19th, 1948.

The Editor:

Much is written about the "responsibility" of the press. But in this expression we would like to say something about the "response" of the press!

Certainly as an organization we are deeply indebted to the fourth estate for its constant championing of The Salvation Army's efforts to "help the helpless". And during Appeal periods, when the public is asked for financial support with which to maintain and expand the work, Canadian newspapers are in the van when it comes to carrying the cause to the people.

Returns now indicate success in last September's Red Shield Appeal. With only a few Community Chest centres to be heard from the million dollar objective seems assured. That achievement gives Salvation Army leaders cause for gratitude to God and to all who assisted so generously.

Among those "who assisted so generously" none deserve praise and thanks more than the Canadian newspapers. In thanking and saluting them, we are thanking and saluting YOUR paper, yourself and your staff!

Yours faithfully,
Arnold E. Brown (Adjutant),
National Publicity Representative.

Canada produced 30 million pounds of sunflower seeds in 1947, from which was manufactured 5 million pounds of oil and 6 million pounds of meal. There is a potential market for from three to four times present production.

Promising marriages fail by not keeping the promises.

1947 Year Book Now Available

The 1947 Canada Year Book is now available for distribution by authorization of the Hon. James A. MacKinnon, Minister of Trade and Commerce. This publication will be supplied to the public by the King's Printer, Ottawa at the price of $2 per copy (cloth-bound). This sum covers merely the cost of paper, presswork and binding.

By special concession, teachers, university students and ministers of religion may obtain paper-bound copies at $1 each by applying to the Dominion Statistician, Dominion Bureau of Statistics, Ottawa. The number set aside for this purpose is restricted and early application is desirable.

WOODVALE

The winds have played havoc with some of our by-roads, but the main road, being cleared just before the storm started stayed open with heavy going in only a few spots.

The winter rainbow was seen by several people in the district and we were told that the reflection of it showed on the inside, instead of the outside which also seems unusual. But then, the weather we are having is kind of unseasonable and unusual too.

A very pleasant evening was spent in the Watson school by the people of the Hindville district when they came together for a shower in honor of Mr. and Mrs. Clarence Lysons. Lovely gifts were received by the young couple showing their popularity. Their wedding dance will have been held on the 23rd in the Canton school.

Herman Wolters gave his report on the U.F.A. convention on the 24th instead of on the 31st as he is leaving for the woods west of Edmonton.

Dickie Steele cracked his collarbone for the second time this winter when he collided with one of the boys in the schoolyard. Art Lysons and Mr. Warman took him to the doctor in Vermilion right away as it was feared the bone was broken.

Quite a number of birthdays were celebrated this month — Bud Heidebrecht was 12 on the 13th, claims he might just have eaten 12 pieces of candy too! Frankie Wolters was 11 on the 18th and as it was his father's birthday the next day and also that of Mrs Mabel Webber the Wolters and Webber families had a dinner party together at the Wolters' home Sunday. But the birthday of the month as far as the people around here are concerned is the one of Mr. O. H. Webber on the 28th when he will be 90 years old. Everyone wishes him many more years in good health and contentment, and we still hope to see him often when we drop in at the Tolland P.O. Mr. Webber now lives quietly with his son Ethridge and his daughter-in-law Mrs. Mabel Webber, who looks so well after him that Mr. Webber prefers to spend his time reading in the house and seldom comes into the post office anymore. Up to ten years ago he still brought the mail from Vermilion and hauled the freight for his store himself. Then his son took over and now the store is sold and only the post office remains in charge of his son. Mr Webber arrived in the district in 1908 and settled on the farm where the post office is situated and opened a small store. This blossomed into a community centre throughout the years. His kindness and helpfulness won him high esteem in the community. He has two sons Ethridge at home and Roy in Toronto, one daughter Mrs. A. Trevithick in Edmonton, ten grandchildren and four great grandchildren. No doubt congratulations and good wishes will pour in on the 28th from his family and many many friends.

The World of Wheat

By H. G. L. STRANGE
Director, Research Department,
Searle Grain Company, Ltd.

"SARAH BINKS"

In these troubled times a little laughter is good medicine. So this week I bring the notice of my readers to a book entitled "Sarah Binks", written by Paul Hiebert, now Professor of Chemistry, formerly school teacher in a dried-out Saskatchewan district, a book of gay satire, inimitable wit and sparkling humor. Read and learn about Sarah of Willows, Sask., the poetess of the prairies, of her trials and tribulations, of her loves and aspirations, of her relations with Ole the hired man, and of that great event in her life when she viewed the sights of Regina, chaperoned and guided by Henry Welkin, patron of the arts and salesman of insecticides and tooth harrows. Read about Sarah's grandfather who, when he died was stuffed and then offered as a candidate for election by both Liberal and Conservative parties. Learn how Sarah in fierce competition won the prize of a horse thermometer and who because her poetry was sold on a controlled market, received the high award of the Wheat Pool medal. Read too, how underneath all this fun and satire runs a heart-warming tribute to the gallant men and women of the prairies who, amidst drought, hail, frost, dust-storms and low prices, stuck to their job of growing food for a hungry world.

EVERYBODY'S BUSINESS by Don Graham

Why do some men achieve greater success than others?

The reason is not so much because some men have greater natural aptitudes and abilities, but because they have developed greater thinking power.

To learn to think, learn first to concentrate. This takes constant practice. Most of us tend to be mentally lazy. When we try to think about any subject, our minds persist in wandering. So we must keep yanking our thoughts back on the track.

Practice thinking for 15 minutes every day about Canada's role in international affairs, television, how to improve radio programs, or any other subject you may choose. Stay with it and, if possible, reach some original conclusions.

You will find that, just as you can build muscle by exercise, so you can increase your thinking power. And you will have taken an important step toward greater personal success.

• • •

It may pay you to concentrate today on the subject of bringing your life insurance up to date. Your circumstances may have changed in recent years so that your insurance no longer meets your present needs. So re-adjust it periodically with the help of a good agent.

EXPERTS IN MULTIPLICATION

Rats never take vacations. They may raise six or more litters per year with from 6 to 23 in each litter. Ignoring the death rate, the offspring and descendants from one pair of rats could exceed 350,000,000 in 3 years.

HOW TO PREVENT FIRES

Most fire losses occurring, arise from causes easily preventable. You can reduce your probability of loss by attention to the following simple precautions . . .

1. Provide metal containers for hot ashes and prohibit the use of wooden receptacles.
2. Keep cellars, closets and stairways free from loose wrapping paper or other highly combustible material.
3. Equip your property so that it is easy to turn off current when leaving electric irons and other heating appliances, even for a short time.
4. Use only good standard fuses and never permit the substitution of coins or wires for blown fuses.
5. Examine metal flues periodically and see that they are removed before they are badly weakened by internal rust or otherwise.
6. See that accumulations of soot are removed from your chimneys at least once in each year, preferably before lighting fires in the fall.
7. Make sure that gasoline and other inflammable fluids, are kept out of rooms where there are open fires or flames of any kind.
8. Keep open lights (candles, gas) and portable electric heaters away from curtains or other inflammable material which may come in contact with them.
9. Keep your supply of matches in a closed metal receptacle and out of reach of the children.

BREWING INDUSTRY OF ALBERTA

OUR COMPLETE SHORT STORY—

THE LUCKIEST MAN

By VALERIE COLLINS

"THESE good luck coins are a lot of foolishness," Dan muttered to the waitress by his side. "Generally a customer passes on at least one a day to me. I should be the luckiest man alive according to that, but I'm not."

It was closing time, and Dan, a lean, not unattractive man in his early thirties, was estimating the day's profits at the restaurant's cash register. In the soft darkness outside twinkling neon lights had one by one flashed on.

The one customer left, a nondescript young man, sat nervously smoking a cigarette, flicking the ashes too frequently, and watching the outside street intently.

Irritated by Della's indulgent smile, Dan continued, "Look at these old Indian head pennies. And here are some French and English coins—useful souvenirs and silly superstition."

"That's a lot of change you got there, mister." Startled, Dan glanced up to see that the stranger had moved noiselessly from his table and was now standing menacingly close.

"Oh, not so much," Dan replied slowly. His and the stranger's eyes were locked in a duel—Dan's eyes questioning and alert, the stranger's eyes ruthless and bright. Still trying to hold his gaze, Dan let his hand drop slowly below the counter, his fingers touching a drawer where he kept a revolver.

"That's enough," the man suddenly shouted. He crashed the side of a rigid palm down on Dan's forearm; a gun quickly appeared in the other hand. Dan winced in pain.

"How dare you strike and rob a hard-working man!" Della snapped, all of her feminine protective instincts aroused and anger overcoming caution. Long ago disappointed by Dan's failure to ask her for a date when she first came to work in his restaurant, she had accepted her failure and pushed her affection for him into the background. Although she knew she was no raving beauty, she was young and pretty in a wholesome way. Now every bit of repressed love for him came furiously to the surface.

Disregarding the gun, she leaned over and slapped the stranger as hard as she could. Dan reached for the gun at the same time. With a shove the stranger sent Della crashing back against the wall and then jammed the gun against Dan, who was white with anger, not for himself but for Della's treatment.

"Think you're smart, don't you?" the man sneered. "Is the cute blonde your wife?"

"No, and she's none of your business."

"Pretty cute waitress. I'd like to pay her more attention but I'm in a hurry this time. So just hand me all the money in the cash register—and fast, mister. Remember, no funny business this time either."

Jamming the money into his large coat pockets, the man walked backwards to the door, quickly leaped into a car at the curb and disappeared around the corner.

"Did he hurt you, Della?" Dan demanded anxiously.

"Just knocked the breath out of me. Are you all right?"

Looking at each other with concern, they both were suddenly swept with a feeling of trust and comradeship and something else that had not existed before.

"We'd better call the police right away," Della said, wrenching herself back to the present with an effort.

"I'm afraid we won't stand a chance of catching him. I didn't get the car license because it was dark." Dan picked up the phone and gave detailed descriptions to the police.

When he finished, he turned to her. "Can I drive you home tonight? You must feel pretty nervous."

"Thank you," she replied with lowered eyes. She knew they both felt this night was different from the other nights he had casually dropped her off at her home. On the drive, they talked hesitatingly and then more freely, and she came to the amazing discovery he was very shy underneath his calm poised exterior.

She was almost glad the holdup had occurred because it had brought them together.

The next morning when she reported to work, they smiled at each other with the same friendly and understanding look and almost missed seeing Pat, the neighborhood cop, who greeted them cheerfully from the door.

"Say, Dan, can you come down to the station to identify a man we picked up who answered your description?"

"Well, h-h-how did you find him?"

"We watched restaurants and shops in this area. Then we got a report a man had bought a new suit of clothes and paid for it with some of those foreign and Indian head pennies you mentioned. I guess he didn't even notice he had them."

"Well, I'll be," Dan drawled in amazement. He looked at Della for a long moment and then laughed. "I think those coins really did make me a lucky man!" Pat failed to understand the unspoken little joke that passed between the two.

Western Briefs

EDMONTON — The Edmonton Journal said drilling in the Lloydminster oil field on the Alberta-Saskatchewan boundary tripled during 1947 with 177 wells being completed.

• • • •

EDMONTON — A portrait of Herbert Greenfield, premier of Alberta in the United Farmers' administration, has been completed and will be placed in the legislative buildings.

• • • •

VANCOUVER. — This summer a new army will take to the field against forest fires, an army of girls to be sponsored by the Canadian Forestry Association and who will be known as "Girl Forest Guards". The girls are to be recruited from high and junior high school and their task will be similar to that of the Junior Forest Wardens, to do their utmost to Keep Our Forests Green.

• • • •

SUMMERBERRY, Sask. — This place was properly named Mrs Lawrence Stables has five tomato plants in her kitchen window. All are in bloom and one has 14 tomatoes on it. A ripe tomato was a treat for Christmas day and since then others have ripened.

• • • •

REGINA — The Saskatchewan government plans to introduce legislation at the coming session of the provincial legislature to permit municipalities to tax railway property, Hon. J. H. Brockelbank, municipal affairs minister, announced.

• • • •

CALGARY — The Hargal Oil Company, with aid from eastern capital, is stepping out in a big way in the Lloydminster oil area. Plans are for 50 wells. The first eight locations have already been staked in the proven portion of the Blackfoot area.

• • • •

WINNIPEG. — The McGoun cup, representing western debating supremacy, went to the University of Saskatchewan after a two-year stay at Manitoba.

Prairie Towns Grow In Size

OTTAWA.—Although prairie population as a whole decreased from 1941 to 1946, prairie towns grew in size, the Dominion Bureau of Statistics reported.

Total population of the three prairie provinces in 1946 was 2,362,941, of whom 1,000,487 were living in urban centres and the remainder in rural areas. In 1941, there were 2,421,905 prairie dwellers, 922,005 of whom were living in towns or incorporated villages.

The figures are based on the 1946 quinquennial census, carried out only in the prairies.

May Ship Alberta Coal To Japan

CALGARY.—Negotiations are under way to ship "substantial" amounts of Alberta bituminous and domestic coal to Japan, Trade Minister James MacKinnon said in an interview recently.

VISIT CANADA
1948
LEADING PORT OF ENTRY
NO PASSPORT NECESSARY
Your U.S. Dollar is Worth More in Canada

U.S. URGES U.S. TRAVELLERS TO VISIT CANADA — [illegible] visiting in Detroit are being urged to go abroad to Windsor to spend some money during their Detroit visit. They even are being provided with bus fare for the trip through the tunnel and a Canadian penny to start their spending here. The Detroit convention and tourist bureau is responsible for the campaign. It is distributing cards [illegible] throughout the U.S. which urge visitors to Detroit to cross the river to Windsor. The gesture is regarded as a new high in [illegible] between the two cities. Windsor citizens believe it will [illegible] their U.S. dollar shortage. A bus token and a [illegible] glued to the card.

St. Paul's Cathedral, London, is the fourth church to stand on its present site since Roman times.

POET OF THE PRAIRIES

MR. ANDREW GRAHAM, a farmer living at Log Valley, Sask., a post office 26 miles south of the village of Riverhurst, Sask., has joined the ranks of Canada's literary men by the unanimous consent of a large number of admirers. Mr Graham's first poem appeared in his local newspaper, The Courier, published at Riverhurst, Sask., a number of years ago, and he still contributes to that sheet, but since that time he has also contributed many poems and articles to the Leader-Post, Regina, Sask., and has received fan mail from many parts of the province. He is a member of the Saskatchewan Poetry Society, and his selections appear in the annual poetry book of the society. Occasional poems have also appeared in Rod & Gun, the National Home Monthly, The Saskatchewan Farmer, Saturday Night and other newspapers and magazines.

Mr. Graham is versatile, and no one subject holds his attention exclusively, but the greater part of his work deals with the prairies. Although an adopted son of Canada, he loves our western country, and that love speaks in his poems and articles. Nevertheless, he occasionally thinks of his native mountains and tors, the streams and glens and heather, as an occasional poem testifies. Mr Graham has not yet published a book of poems, although he has ample material on hand. His admirers—and they are many—hope that it will not be long until their Poet of the Prairies attends to this important matter.

Andrew Graham was born in Cumberland, England, of Scotch and Irish parents (with perhaps the emphasis placed upon the Scotch). He also has Isle of Man blood on the maternal side. Since the Isle of Man was the home of the Irish kings, and Ireland sent emigrants to Caledonia and the immigrants changed the name of Caledonia to Scotland and called themselves Scots, there is no doubt that he is pure bred. He emigrated to Canada many years ago and had many occupations during the early years in this country, including real estate, lumbering, masonry and construction work. For many years he has farmed at Log Valley, where he is at home, for his heart is with the [illegible] to quote from one of his poems, "his own roots [illegible] soil."

Canada has had many poets, good and some indifferent [illegible] received suitable recognition [illegible] unkind to our literary men [illegible] en, forcing them to go farther [illegible] for recognition all too often. We hope this West [illegible] this Poet of the Prairies [illegible] will find recognition [illegible] at home.

The following are two of Mr. Graham's poems that depict the winters and [illegible] of the prairies:

ANDREW GRAHAM

WINTER

[illegible]
Squeezed out [illegible] hours and days
that are [illegible] patient waiting for the Spring.
[illegible]

Log Valley [illegible] Andrew Graham

TRAILS

British Columbia To Have "Enormous" Welfare Bill

VICTORIA — British Columbia's Welfare Bill for 1948 is [illegible] "enormous," Health and Welfare Minister George S. Pearson [illegible].

[illegible]

Last year the house [illegible] $1,179,065 for British Columbia's share of old age pensions. Subsequently the government had to take [illegible] to pay the $5 a month cost of living bonus granted to senior citizens.

MINISTER HAS NOVEL WAY TO REACH CHARGES

EYEBROW, Sask. — Rev. J. D. [illegible] McMurtry used a horse-drawn toboggan to attend [illegible] of the United Church here. He uses this method of reaching his charges at Brownlee, Eyebrow and Tugaske each Sunday.

Mr. McMurtry served in the north country as a student missionary and his toboggan is patterned after the style of a dog sled.

FRUIT AND VEGETABLE SMUGGLING UNLIKELY

WINNIPEG — Superintendent W. Harbison of the Royal Canadian Mounted Police said he considered it unlikely smugglers were bringing fruits and vegetables into the province from the United States.

Governor-General To Visit Brazil

OTTAWA — Viscount Alexander, Canada's Governor-General, has accepted with the King's approval an invitation by the Brazilian government to visit that American republic in June, Prime Minister Mackenzie King has announced.

He will be accompanied by Viscountess Alexander.

Mr. King said the Governor-General's acceptance of the invitation has been conveyed to the Brazilian government through the Brazilian ambassador in Ottawa, by whom the invitation was transmitted.

Viscount Alexander had the Brazilian [illegible] under his command during the war years when [illegible] he served as supreme commander of Allied forces in the Mediterranean theatre.

This will be the first time a Canadian Governor-General has ever visited South America while in office, although [illegible] to the United States [illegible] made with increasing frequency within recent years.

WOODVALE

A.F.U. LOCAL GROWS

The A.F.U. local organized last summer in the Woodvale district has grown considerably and has now 30 members. Meetings are held monthly on every second Monday in Woodvale or Union school, alternating between them. Joe Ahlgreen is the president, Bob Wilson vice-president and Wes Funnell secretary. Mr Ahlgreen was their delegate to the A.F.U. convention in December and to pay for his expenses there a series of card parties have been planned. The first of these is to be held Jan. 30th in the Union school. The February meeting will be on the 9th at Woodvale school and anyone interested is welcome to attend.

Mr and Mrs. Teasdale and their daughter visited at the home of their son Harry after spending a few months with another son in Trail, B.C. They were here at the time of the drifting snow and could not leave by car and had to take the sleigh to meet a car from Paradise Valley that was to take them home. For people living on or very near the main road, that is quite an experience nowadays. Gone are the days that all of us travelled only in sleighs or cutters in the winter and thought nothing of a 3 or 4 hour trip to Vermilion.

The resignation of Mr. R. Teasman as our councillor is greatly regretted as he has served faithfully and well for many years. We have heard the names of at least eight new candidates but when approached they all have the same reason for refusing—their farming operations leave them no time. It is hoped that someone suitable will be found soon to take Mr Teasman's place.

When wives go for a holiday, hidden cooking talents are discovered in their husbands. We have on very good authority that Mr. Green makes first class apple pie.

Quite a number of carloads of farmers went to Vermilion from these parts to attend the lecture of Dr E. K. Ballantyne at the V.F.A. [illegible] Bang's disease.

Herman Walters gave his report on the U.F.A. convention in the Gan[illegible] school on the 20th and a few more members joined.

The wedding dance of Mr. and Mrs. [illegible] Lyseng was very well attended and many were the good wishes extended to this popular young couple.

[illegible] McGrath has bought a new General Motors truck from the local agents, Rowe and Spencer.

Love table people. Anything else either drives or [illegible] them.

Dewberry Curlers Enjoy Nipawin 'Spiel

(By our Dewberry Correspondent)

The Dewberry rink skipped by Fred Braithwaite with Neil Jones playing 3rd, W. Parker 2nd and [illegible] lead, which took part in the Nipawin bonspiel this year, returned home full of enthusiasm for the big prize bonspiel. They met some of the best in the game and gave a very good account of themselves. The Dewberry curlers left Islay on the morning of Jan. 8th. They arrived in Prince Albert at 4 p.m. and left again at 5 for Nipawin. They were on a train with two special coaches full of curlers, attached to the end of the regular train. They arrived about 9:30 at Nipawin and were met with a band and plenty of cars to take every rink to their rooms. It was a grand welcome and gave you a very warm feeling for this enterprising town.

Then the curling started and the Dewberry rink's record will bear comparison with everyone except the big prize winners. In the No. 1 event the following were their results —

Braithwaite 14, Platt, Nipawin 11, Braithwaite 9, Argue, Mather, Man., 6, Braithwaite 11, Cook, Brandon, 10; Braithwaite 9, Hicks, Winnipeg, 11.

The game lost was in the 16s and Hicks, the winner, went on to win this division but lost out in the final play-off for the cars to Watson.

No. 2 Event—Braithwaite 10, Childs, Regina 11 (12 ends).

No. 3 Event—Braithwaite 11, A. [illegible], Flin Flon, Man., 8; Braithwaite 10, J. Miller, Lawson, Sask., 9 (12 ends); Braithwaite 7, F. Hume, Flin Flon 9.

In the No. 4 event the Dewberry rink lost their first game against Wilg of Flin Flon 10-8.

The last game was finished at 8 p.m. Tuesday Jan. 13th so far as Fred and his boys were concerned, and having seen all the well known rinks curl several games, such as Wood, Welsh, Johnson, Watson, and the rink under the name of Billy Rose, they decided to leave on their return trip next day, arriving home Thursday.

ISLAY

The Crib and Whist party as advertised for Jan. 30th will not be held—but instead there will be a dance. So come and have a good time, but never mind hooting and honking please — there are sick and elderly folk in the town.

Where do mosquitoes go in the winter is the question Alex McDiarmid is asking. He found one in his house last week. Not trusting to his own knowledge, called in Jack McAreely, who promptly put the microscope on it. Jack says, "If he ever saw a mosquito that was one". How is that for a mild Alberta winter?

Miss Ellen Robinson is now at Banff along with Joan. They work in a hospital there and like it very much although Ellen says the mountains are a bit frightening.

Margaret Martin is home recuperating after an operation.

See some young airmen? — They are the Cadets who got their uniforms recently.

DISTRICT HOCKEY LEAGUE

V.S.A. League Leaders; Defeat Buffalo Coulee

Vermilion school of agriculture are the undisputed league leaders in the Vermilion District hockey league as they turned in their third win in as many starts by a close 3-2 score Wednesday last week [illegible] Buffalo Coulee. It was anybody's game and the students managed to score the tie-breaker less than 2 minutes before the final bell. Brooks in the Buffalo Coulee goal gave an outstanding performance.

LINE-UPS

V.S.A. — Church, Lewis, Bronson, Chantz, Gonglein, Ross, C. Ziegler, M. McMillan, H. Garnett, Adamson, Mesler, G. Ziegler.

Buffalo Coulee — Brooks, Macnab, M. Kochen, J. Hull, J. Kochen, Barr, Staden, W. Hull, Arthur, Cleland, W. Eyben, Hughes, H. Eyben.

Summary

1st period: Adamson from Ross; G. Ziegler from Gonglein; 2nd period: Clarence Barr; 3rd period: Bill Eyben from Red Arthur; Melnyk from G. Ziegler. Penalties—Bronson, J. Hull (2).

Attendance was just about the 300 mark and fans certainly got their money's worth at this close, exciting struggle.

Russell Carroll refereed.

Old Timers Leave Moreton District

MR. AND MRS. WM. EBDON TO LIVE AT VERNON, B.C.

On Friday, Jan. 9th, friends and neighbors gathered at Moreton school to attend a farewell party for Mr. and Mrs. W. Ebdon. Many old, as well as new friends were present, to enjoy the cards and dancing. [illegible] Harry Brake, played many lively old time dance tunes on his violin, accompanied by George Doherty, Oscar Johnson and Joyce Johnson.

After a good lunch was served by the ladies of the district Isidore Nelson presented Mr. and Mrs. Ebdon with two lovely gifts, on behalf of their many friends. Mr. Ebdon promptly responded with a speech that brought a hearty laugh from all. Singing and dancing continued until 4 a.m. when the party broke up, with everyone wishing them health and happiness in their new home at Vernon, B.C.

Mr. and Mrs. Ebdon [illegible] England to Edmonton in 1906, where Mr. Ebdon held a job in the Edmonton City Dairy. The E.C.D. at this time consisted of only a few cows which Mr. Ebdon milked and attended. The following year Mr and Mrs Ebdon and family journeyed from Edmonton to Deer Lake with a team and covered wagon making the trip in three days. Here they settled on a homestead, bearing the cold winters and having many hardships the pioneers had to contend with. After homesteading three years Mr and Mrs. Ebdon and family returned to Edmonton where Mr. Ebdon again worked in the E.C.D. and also as a shipping clerk for the Hudson Bay Co. After three years they again returned to the Deer Lake district where they lived until 1919. He then purchased a farm in the Moreton district where they lived until they sold their farm a year ago last fall. For many years Mr. Ebdon served as secretary and trustee on the Moreton school board.

Mr. and Mrs. Ebdon have now moved to Vernon, B.C., where they hope to miss the cold winters of Alberta. Good luck is wished them in their new home.

District Hockey Tournament Here Saturday, Feb. 7

PLANNED BY VERMILION AMATEUR ATHLETIC ASSOCIATION

The Vermilion Amateur Athletic Association will again hold the annual district hockey tournament this year, the date being Saturday Feb. 7. Entries are limited to village and country teams within a 50 mile radius. Teams taking part in the Vermilion District hockey league are allowed to compete.

GOOD PRIZES

A grand prize of $100 goes to the winning team and $50 to the runner-up.

Entries should be in the hands of A. M. Watt by Saturday Jan. 31st. An entry fee of $5 per team is being made.

Entries are limited to ten teams. Last year the Willingdon team won the tournament. Watch for more particulars in subsequent issues of the Standard.

Town Team Clicks To Win by 6-1 Score

YOUNGSTERS SHOW PROMISE

The [illegible] on the [illegible] team are showing the signs of good coaching and clicked nicely in Saturday night's game against Buffalo Coulee which the town won handily 6-1. The town team was very much back at full strength but managed to catch the southerners off the peak form they displayed against the V.S.A. the previous Wednesday.

LINE-UPS

Buffalo Coulee — Brooks, Macnab, M. Kochen, J. Hull, J. Kochen, C. Barr, Staden, W. Hull, Arthur, Cleland, W. Eyben, Hughes, H. Eyben.

Vermilion — Dushell, L. Williams, Manyluk, Katz, Witwer, Caskey, Cheesick, Heidebrecht, Link, Bill Williams, Maskell, Jim Wilkinson, Hugh Swanson, Fisk, K. Dowdell.

SUMMARY

1st period—Link; 3rd period—Staden from Hull; Stan Manyluk from Lee Williams; Dean Caskey from Al Heidebrecht and Williams; Also Link; Bill Williams from Jim Wilkinson.

Russell Carroll refereed.

Penalties — Cheesick, Macnab, Arthur, Katz, Macnab, Manyluk.

Attendance 216.

Britain Plans Exhibition

AN EVENT WHICH WILL NO DOUBT be of interest to many people in Canada is the British Industries Fair and great national arts festival, to be held in Britain in 1951. That year will mark the centenary of the Great Exhibition of 1851, and Mr Morrison, Lord President of the Council, recently announced to the United Kingdom House of Commons that consideration had been given by the government as to how the occasion could be most fittingly observed. It has now been decided, he said, that Britain's contribution to world civilization in the fields of culture, science, technology and industrial design should be illustrated in a large national arts festival, combined with two major industrial exhibitions.

* * * * *

Attracted Six Million People

The Great Exhibition of 1851 was held in London's Hyde Park, in a crystal palace especially built for the event. Suggested by Prince Albert, consort of Queen Victoria, it attracted more than six million visitors from all parts of the world and made a profit of some $730,000. The centenary of this very successful undertaking will be held from May to October 1951 and it is expected that it will likewise draw visitors from many other countries. The festival which is now being planned will not be confined to London alone, and it will present displays of painting, sculpture, books and photography. Architecture, town planning and notable United Kingdom films will also be included in this festival of arts.

* * * * *

Shows Britons' Faith In Future

At the same time the Council of Industrial Design has been asked to sponsor a display covering consumer goods, civil transport and certain classes of capital goods. The historical development of some of the leading British industries are also to be presented as well as handicraft production, and outstanding British achievements in science and technology. The announcement of such an undertaking at this time is an indication of Britain's pride in the progress made there in the last hundred years in industry, science and the arts. It is also an indication of the faith of the British people in the future and of their willingness to put the present national economic situation, their present the first planning, in its proper place. It is to be hoped that the Great Exhibition and national arts festival of 1951 will be even more propitious and successful than was the first one held nearly a century ago.

Prairieites Defend Winter Weather

In Answer To Detroit Report Of Americans Regard Prairies As An "Icebox"

WINNIPEG — Western Canadians rose in defence of winter weather on the prairies, maintaining cold spells aren't anything to get excited about if one wears the proper clothing and insulating the climate out this way has the advantage of being healthy.

Actually, as is known by any true western Canadian from the age of three up the cold waves which move across the prairies and into the U.S. and eastern Canada usually originate in the far north. Since that district is about 2,000 miles northwest of Winnipeg, it's hardly fair to blame all the cold on the prairies.

Tourist travel officials in Manitoba, Saskatchewan and Alberta all jumped to the defence of the west on the weather question following a report from Detroit which indicated some Americans regard the prairie region as an "icebox."

Mayor Garnet Coulter of Winnipeg was quick to come to the defence of his city and the province.

"I've been in the northern States and I'll take our climate anytime," said the mayor. "National health statistics show this particular region is healthier than any other part of the Dominion."

An official of the Saskatchewan Tourist Bureau in Regina had this to say on behalf of prairie weather:

"You can see more bareheaded men and nylon-stockinged gals in Regina in the middle of winter than you can in Detroit."

Then there was this from Dan Campbell of Edmonton, director of Alberta's travel bureau:

"Owing to excellent weather prevailing along the eastern slopes of the Canadian Rockies horses usually stay out in pasture all year. We frequently play golf on New Year's day, and before we got artificial ice installed we rarely had it cold enough for hockey before Christmas."

ATTENDS U.N. CONFAB — Accompanied by 12 officials, J. Noel-Baker, British secretary of state for commonwealth relations, is in New York for the U.N. security council conference on the India-Pakistan argument over Kashmir.

Plan Driving School Course For Children

EDMONTON — School courses throughout Canada have progressed a great deal since the days when only reading, writing and arithmetic were hammered into young junior's head. Nowadays teen-agers who have a flare for music, drama, art can pick up credits by studying these subjects. However, Edmonton school officials would like to inaugurate still another course to acknowledge the present age of mechanization — automobile driving.

J. C. Macdonald, chairman of the school board, recently returned from the United States where he witnessed such courses being taught in the schools. Together with R. S. Sheppard, school superintendent, he believes that if similar courses here would save only life, they would be worthwhile.

The plan, now being discussed by the Alberta government curriculum committee would involve only high school students as boys must be 16 years of age and girls 18 before they can obtain a drivers license in Alberta. It would be a voluntary course and the question of whether credits would be given for it is still unsolved.

Seats would be set up in classrooms, equipped with steering wheels, gears, clutch and accelerator. This would be attached to a panel, wired with lights. A projection screen at the front of the room would stimulate actual driving conditions. Teachers watching the light would know how students were progressing. Later, they would be given lessons in dual-controlled automobiles and after passing examinations, would be presented with a certificate.

Mr. Macdonald says that such courses in the States have cut the accident rate by 52 per cent, and he also believes they would cut down on property damage. If the plan is approved, it is hoped to have the first course presented in schools in 1948.

VOLCANIC GASES

It is estimated that the weight of gases given off in a volcanic eruption is much greater than that of lava and ashes.

May Build Game Sanctuary Near Canora

Game Birds Have Increased At First Sanctuary Established Two Years Ago

CANORA, Sask. — A committee was appointed at the annual meeting of the Canora Fish and Game league recently, to investigate the possibilities of having a second sanctuary established in the district.

The proposed spot will be Fulton Flats, about seven miles north of Canora, on No. 9 Highway. This will be the second such sanctuary in the area, the other being at Patterson Lake, west of Canora and north of Good Spirit Lake.

Birds Increase

N. Perry, secretary treasurer, stated that since the establishment of Patterson Lake sanctuary two years ago the number of game birds in the fall had increased tremendously. Mr Perry reported the pheasants that were released near the Whitesand river, east of Canora, were leaving the district and some were reported near Gorlitz. The pheasants were first released in the spring of 1946 and then in 1947.

The first group died but the second lot migrated to areas such as Gorlitz where such birds had never been released before.

He reported on another game bird which was nearly extinct in this district about two years ago—the prairie chicken. He stated that the bird was gradually coming back to this area and said that he thought that a closed season should be maintained on them.

It was reported that 500,000 pickerel fry was placed in Crystal lake, 17 miles north of Canora.

Place Orders Now For Package Bees

Beekeepers in Canada who have not as yet placed their orders for package bees with dealers in the United States should do so at once to avoid delay or non-delivery, says C. B. Gooderham, Dominion Apiarist, Central Experimental Farm, Ottawa. The demand this year for package bees is so great that producers in the Southern States are already fairly well booked to the limit for early Spring delivery.

Mr. Gooderham says that the recent restrictions against certain imports from the United States do not apply to package bees.

TOOK NO CHANCES

Empress Carlotta, of Mexico, fearing death after her return to Belgium, would eat nothing but eggs laid in her presence. She kept a flock of hens in her hotel suite.

Has Unusual Job For Women

TORONTO —One of the few women climatologists in North America, Mrs. Marie Sanderson, plans to resume next spring experiments she hopes will prove that climatic conditions rather than vegetation govern the rate of evaporation of moisture from the earth.

As part of a study of climatology she is making for the Ontario research foundation all last summer she experimented with four plots in a vacant lot near Mount Pleasant in north Toronto.

In the plots grew timothy and created wheat grass. Water was carried to them by pipes laid underground. In all cases the rate of evaporation was found the same.

As part of the Ontario government project, Mrs. Sanderson is concentrating on a study of the moisture factor in the climate of Ontario and also works on an article intended to give a Canada-wide picture of moisture deficiency and surplus.

Trips To Canada To Be Prizes

COCKERMOUTH, Cumberland, Eng. —Trips for two persons to Canada, including ship and railway fares, will be the principal prizes in an empire plowing contest to be held here by the Workington and District Agricultural Society. The prize winners will compete in international plowing matches in Toronto next October.

SELECTED

RECIPES

BANANA CAKE

1 egg and 1 egg yolk)
2 cups sifted cake flour
1 teaspoon baking powder
½ teaspoon soda
½ teaspoon salt
½ cup butter or other shortening
1 ¼ cups sugar
1 egg and 1 egg yolk well beaten
1 cup mashed bananas
¼ cup sour milk or buttermilk
1 teaspoon vanilla

Sift flour once, measure, add baking powder, soda and salt, and sift together three times. Cream butter and sugar gradually and cream together until light and fluffy. Add eggs and beat well, then add bananas and beat again. Add flour to creamed mixture alternately with milk, a small amount at a time, beating after each addition until smooth. Add vanilla. Bake in two greased 9-inch layer pans in moderate oven (375 deg. F.) 25 minutes, or until done. Spread Seven Minute Frosting between layers and on top and sides of cake. Sprinkle with chopped nuts.

SWEET CHOCOLATE DRINK

½ package (9 squares) sweet chocolate
2 cups milk

Add chocolate to milk and heat in double boiler. When chocolate is melted, beat with rotary egg beater until light and frothy. Serve immediately. Makes 2 cups.

Note: One cup milk and 1 cup water may be substituted for 2 cups milk in above recipe.

GEMS OF THOUGHT

BREVITY

Genuine good taste consists in saying much in few words, in choosing among our thoughts, in having order and arrangement in what we say, and in speaking with composure.—Fenelon.

Have something to say, say it, and stop when you've done.—Tryon Edwards.

When one has no design but to speak plain truth, he may say a great deal in a very narrow compass.—Sir Richard Steele.

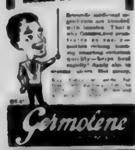
Our Master taught his disciples one brief prayer, which we name after him the Lord's Prayer. — Mary Baker Eddy.

If you would be pungent, be brief; for it is with words as with sunbeams—the more they are condensed, the deeper they burn.—Robert Southey.

Brevity is the best recommendation of speech, whether in a senator or an orator.—Cicero.

A REAL PERSON

Mother Goose was a real person. She lived in Boston and was the wife of Isaac Goose. Her famous songs were sung to her grandchildren, and a son-in-law had them published in 1719.



More Penetrating! More Effective for RASHES! PIMPLES! IRRITATIONS! because it's lanolised

FUNNY And OTHERWISE

"Did anyone in your family ever make a brilliant marriage?"
"Only my wife."

* * * *

That night under the stars he swore eternal love.

"But how can I be sure that you are sincere?" she said. "I expect you deceive all the girls."

"Oh, that's an awful libel," he exclaimed. "You're the first really."

* * * *

A handsome young weasel named Herman
Said, "There's something I cannot determine:
When a girl wears my coat
She's a knockout on note,
But when I wear my ermine, I'm vermin."

* * * *

"Why is it that so many women will persist in making themselves five years younger than they really are?" asks a playwright.

"Perhaps it's because they didn't learn to count until they were five."

* * * *

He had been waiting a long time for his lunch. "Waitress", he said, "must I sit here until I starve?"

"Oh, no," replied the waitress. "We close at 6 o'clock."

* * * *

Physically, a lot of Canadians are suffering from a weak back; financially, they are suffering from a weak back.

* * * *

One rainy afternoon Aunt Sue was explaining the meaning of various words to her young nephew.

"Now an heirloom, my dear means something that has been handed down from father to son," she said.

"Well," replied the boy thoughtfully, "that's a queer name for my pants."

* * * *

Two workers sat down to eat their lunch, and one began unwrapping a parcel about 18 to 20 inches long.

"What's that?" asked his friend.

"Well, my wife is away, so I made a pie for myself."

"A bit long, isn't it?"

"Of course it's long. It's rhubarb."

ALBERTA CENTENARIAN STILL ACTIVE FARMER

CALGARY — Jens Kam, farmer of the Edberg district in central Alberta, celebrated his 100th birthday recently. He is the oldest farmer in Alberta, and the oldest member of the Alberta Wheat Pool. He came to Alberta in 1900 and settled in the Edberg district, where he still farms three-quarters of a section of land.

Great Salt Lake, Utah, contains 8,000,000,000 tons of salt.

BOOST PRICE PEAK REACHED— Few Canadians questioned by The Financial Post believe that prices have yet reached their peak, unless government controls are restored. Several replied with a candid "don't know"; but more definitely predicted higher levels. Not all who took the latter view, agreed on the need, or desirability, of renewing controls; some urged such a step, while others contended that increased production, which would bridge the gap between demand and supply, was the answer.

Dewberry Girl Is Married At Leduc

WARD—BUTTS

St. David's United church, Leduc, was the setting for the January 9th wedding of Margaret Patricia, only daughter of Mr. and Mrs. C. E. Butts, of Leduc, to Mr. John Robert Ward, second son of Mr. and Mrs. S. T. Ward of Brooks. Rev. Hickman officiated.

Escorted down the aisle by her father, the bride was gowned in white frosted satin with lily point sleeves, the skirt, designed in a semi-hoop, ended in a train. Her full-length veil was held in place by a silver bugle bead and seed pearl headdress. She wore a cameo and carried a bouquet of red roses and white carnations.

The bride was attended by Miss Isabel Shmidt of Leduc and Mr. Guy Butts of Edmonton attended the groom. Mrs. Pyrch sang "Because" during the signing of the register.

A reception followed at the home of Mr. and Mrs. Leo Goetz where Mr. J. W. Butts of Calgary proposed the toast to the bride. Dancing followed at Leduc's Meadow-Brook hall for over 300 guests.

Out-of-town guests included Mr. and Mrs. S. T. Ward; Misses Josephine Helen, Margaret and Pauline Ward; Mr. Bud Ward; Mr. J. W. Ward; Mr. and Mrs. O. Ketchmark, all of Brooks; Mrs. G. A. Kinsholla, Mr. and Mrs. E. C. Butts, Mrs. C. Butts, Mrs. A. Evans of Edmonton; Mr. and Mrs. J. I. Burns of Sangudo, Mr. and Mrs. Gordon Dixon of Foremost, Mrs. J. Dunham and Mr. J. W. Butts of Calgary.

The couple honeymooned at Edmonton.

ISLAY

GREAT SERVICE RENDERED BY THE ISLAY HOSPITAL

Many of us, after hearing our hospital board members discuss what our hospital has done and is doing for the people of our district, feel quite sure that the majority of us do not know what a wonderful benefit the hospital and its services are to the [illegible]. Do we want to lose our hospital? Better begin to inquire into it. What do we expect for $1 per day?

The funniest thing heard this week — A young lady curler asking the identity of an elderly gentleman who was curling, being told that he was the preacher at Borradaile—the said gentleman in question was Jim Hepburn.

Mr. Art Ronaghan is a patient in the Islay hospital, also Mr. Doyle and Mr. Pidcock. We are glad to say that Mrs. Albert Anderson is improving nicely.

Mr and Mrs. Dalton Torrance have moved into Vermilion where Dalt has work.

Noticed Allan Smith back in town from Dawson Creek.

We had a letter from Ruby Gunn recently. She seems to be improving wonderfully. Mrs. Bill Shaw also doing well. Mr. and Mrs. James and niece from England have arrived and taken up residence on the farm with Bill Shaw. Mr. and Mrs. James are Mrs. Shaw's parents.

Mrs Hatlen returned Friday glad to get back to Canada. It was some 25 years since she had been back in Norway.

Bill Gillies in church Sunday. He was chauffeur for Rev. Mr. [illegible]. We were glad to see Bill again.

Two extra telephones have been installed in town, one at David Clarke's house and at Mr. McMurray's home. Mac says he will be glad to have a chat with anyone now and his number is 21.

WORLD DAY OF PRAYER

On Feb. 13th, the first Friday in Lent, the World Day of Prayer will be observed in the Islay church at 3 p.m. A very fine program has been arranged by the Women's Inter Church Council of Canada. The world surely needs all of our prayers now as in the war days. Urgent relief has been called for Europe and Asia. Your generous contributions to the World Day of Prayer offering will enable the Inter-Church council to add to grants already made.

TO REMOVE OIL MARKS

To remove black tar or oil marks on waxed floors, rub with cleaning fluid on a soft cloth. Then re-wax because the fluid removes wax as well.

AIRDRIE FARMER BARLEY CHAMPION

HEINSBERG FARMER IS AMONG WINNERS

Four Alberta farmers, led by J. W. Bussey, Airdrie, won $1,610 in cash prizes for having produced the best barley in their province in 1947. The awards were made by an inter-provincial board of judges in last year's $25,000 National Barley contest sponsored by the brewing and malting industries.

Out of 16 provincial winners, ten in each of four regions into which the province was divided for purposes of the contest, there were four provincial winners. Mr. Bussey was ranked champion of his province and won $100 as provincial winner and an additional $160 for having placed first in his region. The other three provincial winners were: A. Henry, Legal, 2nd; J. E. Valli, Sylvan Lake, 3rd, J. Dobinson, Clive, 4th.

The four provincial winners are now in the running for the national prizes which will be awarded at the Manitoba Winter Fair at Brandon April 5th to 9th.

A feature of the 1947 contest as compared with that of 1946 was the larger number of entries of the comparatively new malting variety — Montcalm. Mr. Bussey won the provincial championship with a carload entry of this variety.

G. V. Horton of Heinsburg was one of the 10 winners in Region 2.

RIVERTON

Mrs. Gordon Fitzpatrick was a week end visitor to Edmonton.

Mr. and Mrs. A. B. Wood, Mr. G. Skinner and Mr. J. Parr attended the U.F.A. convention in Edmonton. Mrs. Skinner accompanied Mr. Skinner to Vegreville where she visited with her daughter.

Mrs. C. Hanson and baby Floyd spent a few days in Islay hospital. A speedy recovery is wished to both of them.

Mrs. C. Hathaway and Betty Ann spent the week end with the former's parents Mr. and Mrs. MacLean.

There seems to be a lot of sickness in the district. All this changeable weather could be responsible.

There was a fair turn out at the card party at the school on Friday. Lady winners were Mrs. R. Isert in bridge and Mrs. E. Durain in whist. Gent's winner in bridge Mr. R. Isert and in whist Mr. Ken Parr. The consolation in bridge Mrs. V. Sinclair and Mr. Sinclair, whist Patrica Isert and Dick Vivian. Watch for notice of next card party.

The Riverton Entertainment committee have engaged the Clandonald orchestra to play for a novelty dance on Feb. 6th.

Miss I. Spicer has been with her sister Mrs. Braithwaite helping out as the latter is suffering from flu.

TEACHER COLLEGES HAVE STIFF COMPETITION —

Twenty five years ago teaching was the one easy way and obvious way by which a young man or women could leave the farm or village and be on his own in a short space of time. Salaries of teachers were not not greatly below those paid in other fields of work and large numbers of young people used teaching as a stepping stone to other occupations.

Things are vastly different today. [illegible] are employed [illegible] by the thousands. [illegible] mechanics and stenographers. Hospitals also [illegible] expanding [illegible] a number require nurses. Beauty culture has [illegible] mobile trade [illegible] take up [illegible] university [illegible] fence for [illegible] new [illegible] in recruitment. The Teacher Training College requiring several years of attendance has become only one of many vocational avenues for our high school graduates.

During the quarter century before 1939 this province used on an average 342 new teachers every year. Present indications are that we shall be lucky to find half that number in the years ahead. It appears that we shall have to study first to induce more of our high school graduates to enter the Teacher colleges and how to persuade them to stay on the job. Changed conditions require [illegible] ing of this basic [illegible] problem.

Warning!
watch your CHIMNEY!
During winter weather, ice forms on the tops of chimneys. This creates a hazard if the crust of ice is heavy enough to check free ventilation.
Users of both coal and gas would do well to look at the chimneys in their homes and make sure there is no interference with the draft. Anything that prevents the fumes of burnt coal or gas being carried off freely may cause serious trouble. If fumes are prevented from escaping into the air they are apt to seep out into the house and affect the people.
Ordinary care in tending winter fires is all that is usually needed to avoid accidents.
If any houses are troubled with moisture inside, please notify your Gas Company.

Firemen's Fourth Annual Ball On Friday, Feb. 13th

The Vermilion Firemen will hold their 4th annual ball in the Elks hall on Friday evening Feb. 13th. Music is by the Joe Dubuc orchestra of Vegreville and dancing from 9 to 2. This has always been an outstanding affair since its inception and plans this year forestall an even better than ever event.

A. Y. P. A.

The meeting of the A. Y. P. A. on Tuesday Jan. 20th was held at the home of Ruth Simonsen. Discussion took place re a dance planned for Feb. 10th and committees were appointed to look after records, games, lunch etc. After a few more items of business the meeting was adjourned. A lunch was served by two of the [illegible]

'TEEN TOWN

The executive of the 'Teen Agers' Canteen met at Davidson's for their regular meeting on Jan. 21. The meeting was to discuss a dance. It was decided to hold the dance in the Elks hall on Jan. 27th with Sandy Sunderland's orchestra in attendance. With no further business the meeting adjourned. Next meeting will be at the home of Patsy Day.

John Welsh, who has spent some time in Edmonton receiving medical attention, returned home this week looking and feeling much better.

ADA [illegible] ATION

All personnel of "A" Company, The Loyal Edmonton Regiment proceeding on Exercise Husky at Wainwright will report to C.Q.M.S. Hunter, M.C., not later than Saturday, Jan. 31, 1948. Remaining personnel will attend parades as usual.

Vermilion, Alberta

Stagette Notes

Tuesday Jan. 27th was the regular Stagette meeting with 11 members present (I'm almost ashamed to put that number down). The girls met at the clubroom and then proceeded to the bowling alley. Kay, Marge and Lucy stayed behind and prepared the lunch - thanks a million kids.

Now for those outstanding bowling scores. 12 games played; Jean Welsh 6[illegible] and [illegible], Molly M[illegible] [illegible] [illegible], Marion R[illegible] [illegible] [illegible].

Marion Rogers just couldn't pull herself away from the bowling alley. I don't know why but she offered to lick anyone who would play her - the score ended with Marion [illegible]. The girls then returned to the clubroom for a grand lunch. Kay and Beth each brought a cake.

The raffle was not held Tuesday but we would like to thank Mr. Pilkie for his extra donation. (This should make the attendance larger next meeting.

The Stagette meeting next week has been cancelled due to the lady curlers' banquet Tuesday night. Instead the meeting will be held Friday, Feb. 6th. Everyone is to be at the clubroom at 7 for a meeting, then work on our carnival queen float.

The Stagettes are sponsoring Miss Shirley Carroll for the school carnival queen. She is the pretty [illegible] student from the V.H.S. so folks - when you buy your carnival ticket vote for Shirley.

See you all Friday, Feb. 6th girls. By the way, all bring shovels because you will be shovelling snow. Happy thought!

Death and Funeral of Mary Ellen Brimacombe

Mary Ellen Brimacombe, beloved wife of Mr John Brimacombe, passed away at the family home Monday, January 19th. The deceased was born at Westbourne, Manitoba, on Feb. 26, 1880. She came to Vermilion forty years ago and during her life here has been held in high esteem and affection by a wide circle of friends.

Funeral services were held at the First United church, Vermilion on Wednesday afternoon Jan. 21st. In the service the minister, Rev. R. S. Rotzle, paid tribute to Mrs. Brimacombe, whose life has been one of service to her family and community. Her love of beauty, as particularly shown through her fondness of gardens and flowers, expressed her wish to demonstrate the good and beautiful through her daily living.

"The beauty of her quiet life
Was like a rose in blowing,
So fair and sweet, so all-complete
And all unconscious as a flower,
That light and fragrance were her dower."

Members of Queen Esther Chapter O.E.S. of which Mrs. Brimacombe was a Past Worthy Matron, held a special service in the Masonic hall before the funeral and attended the church services in a body.

The pall-bearers were the three sons, Stewart, Matt and Edward, and three nephews Frederick and Douglas Brimacombe and Andrew Kibblewhite.

Left to mourn the loss of a loving wife and mother are the sorrowing husband and three sons, Stewart and Matt of Edmonton and Edward of Vermilion. There are five grandchildren. One sister Mrs J. Morrison resides at Trail, B.C., and there are two brothers Charles of Dauphin and Henry of Winnipeg.

Beautiful floral offerings were received from: The Family; Brother Charlie and sister Edith and family; "Jud" and family, and Maud; The Kibblewhite's; Geoff, Jean and family, Mr and Mrs. Lloyd Harris; Mr. and Mrs. Wes Waldenberger; Mr. and Mrs. R. [illegible] and family, Mr. and Mrs. Ray Morton; Fred and Bertha West; Mr and Mrs. J. Hunt; Mr. and Mrs. Harold Reid; Mr. and Mrs. Earl Cooke and family; Mr. and Mrs. Evans, Bib, Jessie and Eleanor; Mr. and Mrs. Roy Jory and family; Mr. and Mrs. Melvin Hill; Mr. and Mrs Buckingham, Mr and Mrs Taylor; Mrs. Carroll, Russell and Evelyn; Mr. and Mrs. H. R. [illegible] and family; Mrs. Telford and Mr. and Mrs. Bert Duncan; Mr. and Mrs. W. E. English and family; Management and staff of the Co-op store; Rowe and Spencer; L. S. Dawson and family; Mr. and Mrs. A. C. Lindell; Mr. and Mrs. F. C. Long, Carman and Muriel, Mr. and Mrs. Vic [illegible]; Mr. and Mrs. Geo. Webb, [illegible] Timers' Association; Mr and Mrs Capuzzo and Mr and Mrs. Cavil; Past Matrons' Association O.E.S.; Order of the Eastern Star Staff of Treasury Branch; Women's Missionary Prayer Band Alliance Chapel, Lockerbie and Hale.

Movers were in charge of funeral arrangements.

CARD OF THANKS

We wish to sincerely thank all our friends for their help and sympathetic understanding during our recent sad bereavement, and for the many acts of kindness to Mrs. Brimacombe and ourselves during her long illness. We would convey our thanks also to the members of the Order of the Eastern Star for their special service in the Masonic Hall, and to all who sent floral offerings and cards of sympathy, and to those who kindly volunteered cars.

John Brimacombe and Family.

IN MEMORIAM

In loving memory of
Silas George Jory
—who passed away Jan. 28th, 1947.

"Silent his voice and vacant his chair,
Sweet are the memories that linger there
We miss him and mourn him in silence unseen,
And live in the memory of joys that have been."

—Sadly missed by Wife and Family.

Vol. XXXIX. No. 37. Vermilion, Alberta, Thursday, February 5th, 1948. $2.00 A Year

Melvin Hill Heads Board of Trade

ANNUAL MEETING WEDNESDAY; GEORGE MAXWELL RECOUNTS ACTIVITIES OF THE YEAR.

Melvin Hill was elected president of the Vermilion Board of Trade at the annual meeting of that body held last Wednesday. A. M. Watt is the vice-president and the executive and committees contain a liberal sprinkling of new names.

The retiring president George Maxwell, gave a very interesting report of the past year's activities, indicating that 1947 had been a very active year indeed. The Standard hopes to present the report in an early issue [illegible] time for setting and space permit. Mr. Maxwell conveyed his sincere thanks and appreciation to his fellow officers on the board, the various committees, the members, with a special note of thanks to the town council and to the council of the Vermilion River M.D. for the help and co-operation received. Before reviewing the actual activities of the year the retiring president said "We have during 1947 as in past years endeavored to promote and influence matters concerning the interest and welfare of the town and district at large. If in some cases we have not yet obtained results we should still keep trying so long as we are satisfied of the rightness of our course." He then continued on with the annual address.

The new president and vice-president were duly sworn into office according to the regulations of the Canadian Chamber of Commerce. His Worship Mayor Morrison officiated at this procedure.

MELVIN HILL
—Photo by Studio of Photographic Arts.

The complete slate of officers elected was as follows:

Hon. President—Mayor J.W.G. Morrison, K.C.
Immediate Past Pres.—Geo. B. Maxwell
President—Melvin Hill
Vice-President—A. M. Watt
Sec.-Treas.—F. J. Richardson
Executive members — Fred Brimacombe, Charles Heckbert, R. Mitchell, Billie Pilkie, R. Barwick, N. N. Bradley, E. Katz, U. Larson, S. C. Miller.

Standing committees are as follows with the first named in each case being chairman:

Agricultural Committee — E. H. Lockinghem, J.L. Kerns, J.R. Robson, Dan Logan, Gordon Larson.

Retail Section—E. M. Stewart, W.J. McLaughlin, Tom Watts.

Industrial and Oil Committee — A. M. Watt, A. E. Kaiser, S. C. [illegible]

Roads Committee — Reg Mitchell, Geo. B. Maxwell, E. Katz.

Publicity — A. Cooper, J.W.G. Morrison, Wally Gey

Entertainment — Gerald Stephens, Gordon Rose, Billie Pilkie

Ways and Means — Fred Brimacombe, Russell Carroll, Geo. Webb.

National Affairs Committee — E.C. Miller, Robert Fair

Health Committee — Dr King, R. Jory, C. Long.

Junior Section — Charles Heckbert, Alex Katz.

Welcome Committee — Ashley Cooper, W. P. Pilkie, Alex Katz.

Airport Committee — Billie Pilkie, B. Sutherland, R. Barwick.

Legion W. A. Elects Officers

During the regular monthly meeting of the Ladies' Auxiliary to the Canadian Legion the new slate of officers was installed by Past President Mrs. H. Scott, ably assisted by Mr. E. Sweetman, president of the B.E.S.L., and [illegible] Regan, Sgt.-at-Arms. The officers installed were:

President—Mrs H. J. Clarke
1st Vice-Pres.—Mrs G. Williams
2nd Vice-Pres.—Mrs W. Bell
Secretary—Mrs M. Hill
Treasurer—Mrs E. B. Spencer
Executive Committee — Mrs. R. Hutchinson, Mrs A. Manyluk, Mrs. E. Rooke, Mrs. H. Scott, Mrs J. Cavil, Mrs. Riedale

Also elected were the following:
Sick Committee—Mrs. F. O. Harrington and Mrs. E. Sweetman
Auditors—Mrs. L. Mayhew and Mrs. E. Sweetman
Organist—Mrs. H. N. Stephens
Entertainment Committee — Mrs Riedale
Press Secretary—Mrs. L. Clevette.

Five new members were initiated into the Ladies Auxiliary and after the regular business had been completed a social hour followed.

Two letters have been received recently by the Ladies Auxiliary, one from the Matron of the British Legion Women's Section Memorial Home for Convalescents in Yorkshire and the other from the Matron of the British Legion Women's Section Children's Home in Surrey, thanking the ladies for food parcels received.

BRIDGE AND WHIST FEB. 9th

The Happy Hour group of St Saviour's church will hold a bridge and whist drive in the Masonic hall on Monday evening Feb 9th at 8:15. Everybody welcome. 36-7c

Town Meeting Monday Night

NOMINATION DAY FEB. 16th AND ELECTIONS FEB. 23rd.

The annual meeting of electors of the town of Vermilion will be held on Monday Feb. 9th at 8 p.m. at George's Lower Deck. Official notice to that effect is carried elsewhere in this issue.

Nomination Day follows one week later, Monday Feb. 16th and elections Feb. 23.

Change Made in Annual Meeting of Vermilion S. D.

The annual meeting of the Vermilion school district this year will be held in the Masonic hall on Friday, Feb. 20th at 8 p.m. Purpose of the meeting is to hear the reports of Chairman Don Taylor of the local school board and the various committee chairmen. Nominations and election of four school trustees will also take place. Retiring members of the board are Mrs. O. B. Wiebe, Jas. D. Adam, Ashley H. Cooper and Carman Long. The only trustee whose term does not expire is the present chairman Don Taylor.

This is a change from the usual procedure of holding the school meeting in conjunction with the annual town meeting. The move is made to comply with the school act now that the Vermilion school district is included with the division. It will also allow for more time for consideration of school matters. 37-0

CARNIVAL QUEEN PARADE SATURDAY

Look for the Carnival Parade on its journey through the main streets of Vermilion this Saturday afternoon. (Feb. 7th) The organizations sponsoring Queen candidates are vying with each other in an attempt to make this parade a colorful and gala affair. It leaves the high school corner promptly at 2 o'clock Saturday afternoon, so be on the watch for it as it passes through the main streets of town.

CANDIDATE QUEEN RACE

Noon, Thursday, February 12th, is your last chance to vote for your favorite candidate. Pre-sale of Carnival tickets closes then to enable votes to be counted and costumes to be fitted to the Queen and her retinue. The present standing of the candidates is as follows: Carroll—314; Simonsen—300; Westman—179; McGinnis—96. Watch the Vote Thermometers in Corley's and the Northern Hardware windows. Cast your vote as you buy your ticket.

World Day of Prayer Friday, February 13

IS INTERDENOMINATIONAL COMMENCES AT 3:00 P.M.

The World Day of Prayer on Friday Feb. 13th will be observed in Vermilion this year by services at the Alliance chapel. This service is interdenominational and all women and men are invited to attend. The service will commence at 3 p.m.

Yes, we are going — to the W.I. dance on Feb. 6 in the Elks hall. 36-7c

Islay Comes Alive

A new spirit has been awakened in the community of Islay. The people are beginning to come forth from their small worlds within their own homes to make this spirit grow in a practical and realistic way; they are learning that, to put the good of the whole community before their own desires, is to bring that good ultimately to their own doorsteps.

Through the efforts of the community, led by the Islay Community Association, Islay has made great strides towards becoming a more pleasant place for older folk to live in, a more restful and forward-looking place for the younger generation, and a more healthful and interesting place for the children to grow up in. This winter the children have a fine skating rink, free to all, built entirely through the voluntary efforts of members of the community. The young store themselves put on a Christmas concert and raised enough money to hire a man to keep the rink in condition. The Community hall has become a hive of activity. Concerts and dances during the past year were given such a good reception that for the first three months of 1948, a program has been drawn up to ensure everyone, young and old of some entertainment at least once a week. This program is sponsored jointly by the Curling club, the Tennis club and the Community association. The young folk have their dances, and parents are more content to have them enjoying themselves here rather than speeding through the country in search of excitement, whist and crib games for card lovers, and the talented have a chance to display their arts at various concerts and amateurs.

Through voluntary efforts, a small club room has been built upstairs for meetings and small informal gatherings, and a proper kitchen has been provided in the hall. This gives more space for dressing rooms off the stage and the whole has a cosy, friendly look. The village of Mangudo and their achievements, have stirred talk of a 16mm. sound machine.

During the summer, a tennis club was formed, and volunteers built a tennis court on the site of the future sports and playground. Next year the Club plans on surfacing the court.

Air Cadets have been seen in the hamlet just lately too.

And so it goes . . . Everywhere there is interest and activity. Plans for next year include a library in the club room, debating club for young men, and a playground for the little tots. As one young fellow said who recently returned from other horizons "What goes on here? Islay has come alive!"

As a comparatively new member of this community I would like to express my thanks to all those who have helped to make Islay a more worth while and livable place and a place where I shall want to bring up my children.

Islay Resident

Hockey Tourney Here Saturday

TWELVE TEAMS ENTERED, AND GAMES START AT 10 A.M.

Twelve teams will battle it out for the big prizes in the Vermilion Athletic Association's all-day hockey tournament on Saturday. The first draw is at 10 a.m. when Kitscoty versus Vermilion with the final being billed for 8:30. This means 11 games will be played in the intervening hours. The V.S.A. have kindly allowed the use of their outdoor rink for two games and this makes the completion of the tourney possible in the one day.

The teams entered and the first draw is: 10 a.m., Kitscoty vs. Vermilion; 11:15 Buffalo Coulee vs. Innisfree; 12:30, Clandonald vs. Elk Point, 1:45 Dewberry vs. Irma; At the college rink 11:15 Inerwent vs. V.S.A.; 12:30, Paschendaele vs. Rusylvia.

Referees lined up so far include Art Wiebe, Russell Carroll, Stan Waldenberger, J. R. Roxborough with more needed. Time-keepers are Mose Banks, Tom Stack and Reg Mitchell. Ken Urquhart is in charge of general dressing room arrangements and Randy Watt is general manager of the tournament.

Variety of Matters At Council Meeting

A regular meeting of the town council was held Feb. 2 with Mayor Morrison and Crs. Banks, Dawson, Kebee, Stack, Stephens, Urquhart present.

Delegation Billy Pilkie interviewed Council re grant from Town of Vermilion for Yellowhead Pass association. Council assured Mr. Pilkie that his request would be considered when the 1948 budget was prepared.

Correspondence: J. W. G. Morrison re Canadian Utilities Land and Easement; Old Age Pensions Bd.; Hadden & Miles re elevated tank, G. H. Wood & Co. re contract. A.E. Kaiser re business tax, re-assessment requested. Vermilion Mun. Hospital re election of board member for 1948; A.M. Watt re rink rental for hockey tournament; Elks lodge re lease [illegible] of the Scout hall, R. W. [illegible] re Pasteurization by-law.

The following motions were carried:

That transfer of title to Canadian Utilities of south westerly two acres of the well site area be executed after agreement re sale price has been approved by motion of Council.

In consideration of the Canadian Utilities [illegible] over to the town gratis the following equipment: the well site [illegible] heaters, the Council agrees to supply the power plant with water at a flat rate of $150 per month for a period of approximately 7 months from Nov. 1st 1947.

That arena be rented to Vermilion Athletic Assoc. all day Saturday Feb. 7th for the sum of $[illegible]

That By-law appointing John [illegible] as returning officer be prepared [illegible] to be as follows [illegible] Election day R.O. $7.50 per day, D.R.O. $6 per day, Poll clerk $[illegible] per [illegible]

That S. C. Heckbert be appointed auditor for year 1948 at $250 per year.

That Secretary Treasurer be granted an increase of $15 per month, retroactive to Jan. 1st, 1948.

[illegible] and town accounts were [illegible] and ordered paid.

Instructions to Secretary: Prepare By-law for R.O. Reserve Elks hall on Monday Feb. 23. Phone Canadian Utilities re transfer of well site [illegible] Write [illegible] Health re Pasteurization [illegible]

Meeting [illegible]

What's This? Cat Hatches Chickens?

The following very interesting story has been received by the Editor from Mr. J. M. Fine, at one time in charge of the Alberta Wheat Pool elevator [illegible] now farming at Rat [illegible] northern Alberta. Indeed at [illegible] part he is the furthest out north settler as lakes and wild lands begin right outside his fence. Mr. Fine recounts the following extraordinary story:

A New Hampshire pullet is proudly mothering 11 New Hampshire chicks tonight. It cannot be said that she brought them out by herself because the cat helped. The cat watched until the hen got off her nest in the morning to feed; she then got on, curled up and slept on the eggs. On her return the hen squeezed in beside the cat.

EMERGENCY AUTO SERVICE

[illegible] and emergency auto service at [illegible] for Sunday Feb 8th and following week. Garage open to 11 p.m. week days and 7 p.m. Sundays. tf

Vermilion Ladies Make Clean Sweep At Mannville 'Spiel

Skip Peg Lipsey with Hilda Cross at 3rd, Mabel Rose 2nd and Gertie Simonsen made a clean sweep at the Mannville ladies' bonspiel last Friday and Saturday when they ran up eight straight victories to annex both the Grand Challenge and Merchants events. Not only did they win the two major events but they also scored that rarity in curling history, a 8-ender.

Other Vermilion rinks at the Mannville spiel were skipped by Lena Kibblewhite, Eva Corley and Lila Beresford. Eva Corley's rink also brought home a prize in the Challenge.

22 RINKS AT LADIES' BONSPIEL

Twenty-two rinks battled it out Tuesday and Wednesday this week in the annual bonspiel of the Vermilion Ladies' Curling club. Ten of these quartets were local and 12 visitors.

The visiting skips were Braithwaite and Dennill, Dewberry, Coupland, Lloydminster, Young and Tooley, Islay; Locke, Vegreville, Williams, Hasinoff, Ambler, Majeau, Bodard and Scoggins, all from Mannville.

Local skips are Kay Part, Fay Park, Peg Lipsey, Hilda Cross, Eva Corley, Grace Adam, Lena Kibblewhite, Helen Bell, Dora Capuzzo, Lila Beresford.

A more detailed report of the bonspiel appears on an inside page. Winners will be recorded next week.

FLASH—Fay Park won Challenge; Mrs. Majeau of Mannville the Provincial Shield, Mrs. Lipsey the Consolation. Details next week.

John Deere Day, Thursday, Feb. 12th

SPONSORED BY AMBLER BROS.

Ambler Bros. are inviting everyone to their big free John Deere day program which will be held next Thursday Feb. 12th. The program consists of a number of movies, feature, comedy, shorts, etc. and is grand entertainment. See the big display advertisement in this issue.

National Film Board Itinerary

The National Film Board itinerary for the next week is:

Monday Feb. 9—Dewberry
Tuesday, Feb. 10—St. Andrew's
Wednesday Feb. 11—Islay
Thursday Feb. 12—Streamstown
Evening meetings start at 7:30
School showings will be given at Dewberry, Islay, Streamstown, [illegible] wayne and Kitscoty.

The W.I. will hold its annual dance on Friday Feb. 6th in the Elks hall. An extra good time is planned and everybody is invited to attend. 35-7c

Scouts Hold Pleasant Social Evening And Display

A most pleasant social evening was held Tuesday Jan. 27 when the 1st Vermilion Troop of Boy Scouts entertained their parents in the newly erected Scout hall. Much credit and appreciation was given to Scoutmaster Gordon Rees and his assistant Cheryl Hockbert for the very able manner in which the boys conducted their displays and social activities during the evening.

The various patrols demonstrated scout games, first aid, skill in tying knots, making camp beds etc. They explained in detail each particular piece of work being done.

The evening was climaxed by a lovely lunch of coffee, cocoa, sandwiches, doughnuts and cake.

Thirty parents attended the gathering and were pleasantly surprised at the progress the boys had made in scoutcraft in such a short time.

CUBS ENTERTAIN

A packed hall greeted the Cubs when that youthful organization held their display and social evening on the Friday evening following. Unfortunately Dr. King the Cubmaster, who had an interesting program of displays planned, was called to the hospital and was unable to carry out the entertainment as proposed. Asst. Cub master Bill Crabb carried on. The Cubs played games and then a beautiful and delicious lunch was served. High interest of the parents was shown by the large attendance.

Saskatchewan Studies Alberta Home Economics Schools

RECOGNIZES VALUE OF SCHOOLS AT OLDS AND VERMILION

Miss Edith C. Rowles, Dean of Women and Professor of Home Economics at the University of Saskatchewan, was a recent visitor at the Vermilion school of agriculture and home economics. As a member of a special committee studying the possibilities of providing some vocational training in home economics for older girls from rural communities in Saskatchewan, Miss Rowles expressed keen interest in the opportunities being offered in Alberta.

During her visit she inspected the classroom and lab facilities and interviewed members of the teaching staff respecting the objectives of the home economics course. The 2nd year girls entertained her at an afternoon tea and she was a guest of one of the two-in-one girls at dinner in the apartment. While addressing the students Prof. Rowles expressed keen interest in the practical training for home making and in the opportunities for social activity and development where agriculture and home economics were offered in the same school.

Members of the Vermilion Board of Trade met Prof. Rowles when she addressed their regular luncheon meeting. Saskatchewan now has a school of agriculture course similar to that being presented in Alberta at Vermilion and Olds. However, this school is located on the University campus at Saskatoon. It does not have dormitory accommodation for the students nor does it have a corresponding course in home economics. Considerable attention is now being directed towards the possibilities of building dormitories and providing for the vocational training of older girls from the rural homes. Prof. Rowles emphasized the importance of giving due recognition to the value of science in homemaking and the need for education on the part of farm women as well as farm men. She reported that our schools of agriculture and home economics are a matter of some considerable envy in Saskatchewan and urged that no effort be neglected to make the opportunities they provide well known throughout rural Alberta.

This was the first occasion for a number of years that the Board of Trade members had the pleasure of an address by a lady at a regular meeting. The chairman Mr. E. C. Miller, welcomed the guest speaker as well as two ladies of the town, Mrs. Melvin Hill and Mrs. E. C. Merkhart who accompanied Miss Rowles to the meeting.

THE STANDARD
VERMILION - - ALBERTA
ESTABLISHED 1906
Published Every Thursday Afternoon At the Office, Main St.
S. R. P. COOPER — PUBLISHER

Vermilion, Alberta, February 5, 1948.

ANNUAL REVIEW OF TOWN FINANCIAL STATEMENT —

The Standard regrets that the annual review of the town's financial statement which usually appears in the issue immediately prior to the annual town meeting, has had to be held until next week. This is due to extreme pressure in the job work department demanding extra time there, coupled with the fact that two extra pages of the Standard had to be printed to take care of the demands of advertisers. Time just could not be found for the setting into type of what we think is a timely review. As the article is still interesting even though written primarily for the information of electors before the annual meeting, it will appear next week.

HOW LOCAL NEWS TRAVELS —

The following is from the "Canada's Weekly," a London, England, publication under the caption, News in Brief:

"Two Alberta citizens, Mr. Bloss Rutter of Calgary and Buster Harle, farmer of the Vermilion district, east of Edmonton, have reported seeing one of Canada's rarest birds, the whooping crane. Mr. Harle stated he saw the bird on a small lake on his farm while Mr. Rutter reported seeing the bird in a slough three miles east of Cochrane, Alberta."

FLOWERDALE

The Junior Red Cross of the Flowerdale school held a bazaar and dance on Jan. 30th and raised the sum of 10. The district co-operated very nicely to make the event quite a success. The storm on Friday spoiled the roads so that people from a distance were prevented from attending due to drifted roads. Mrs. A. Pearl Kather is the teacher at Flowerdale.

DISTRICT COURT

At the February Sittings of the District Court held here on Tuesday the action of Joseph Pollam vs. Martin Schneider for wages was dismissed with costs. F. J. Richardson acted for the Plaintiff and J. D. Adam, K.C., for Defendant. In the Maxwell Burton vs. Stewart Bros. action, a claim for repairs, judgment was reserved. F. J. Richardson for Plaintiff and Mr. Martland of Edmonton for the Defendants.

Eight applications for Canadian citizenship were heard and all but three of these were granted. Those declined were asked to study more about Canada and duties of citizenship.

Application for judgment in the case of Ekle vs. Tymchuk was granted. J. W. G. Morrison, K.C. for plaintiff. Application by Mr. Morrison for Letters of Guardianship in the case of an adult was also granted.

His Honor H. B. Fraser presided at the sitting.

THE WEATHER

SLIGHTLY COLDER WEATHER PREVAILS

In spite of the drop at nights to below zero the weather continues enjoyable and bright during the daylight hours. There has been considerable blowing and drifting and the country roads have suffered accordingly.

There is no immediate sign of much change in present weather conditions.

WORLD HAPPENINGS BRIEFLY TOLD

One week's potato ration—three pounds — was one of the wedding presents received by a couple at Salisbury, England.

Jan Mlinikiel has been appointed Polish ambassador to Canada. Mlinikiel, a 43-year-old economist, has no party affiliations.

The Czechoslovak Cabinet has voted to ask the United States for radioactive isotopes for medical use, an official source disclosed.

Korea greeted the United Nations Commission with a huge rally in Seoul attended by an estimated 75,000 spectators, mostly right wing youth groups.

Earl Mountbatten will definitely relinquish his appointment as governor-general of India in the third week in June, it was authoritatively understood from government house.

A grimy painting purchased for a few pounds in 1830 sold at auction in London for £3,570 ($14,280) when dealers recognized it as by Pieter de Hooch, 17th century Dutch artist.

The Postal Workers' Brotherhood has adopted a resolution supporting the Civil Service Federation in its campaign to seek additional remuneration to meet the rising cost of living.

Lady Elizabeth Clyde, 29-year-old daughter of the Duke of Wellington, was fined £126 for evading currency restrictions by cashing sterling cheques during a holiday in France last summer.

FARM ACCOUNT BOOK AVAILABLE

How much may a farmer claim for depreciation in his farm equipment? This is but one of several questions that is simply and clearly answered by a new Farm Account Book now available at all Post Offices. The new book provides an easy way to keep farm records of receipts and expenses connected with farm operations. Every farmer knows what it is to have a feeling that somewhere along the line of his yearly operations his profits are not what they might be. And he is usually the first to admit, too, that without accurate records it is impossible to find out just where he is losing money.

Keeping records becomes an easy job with this Farm Account Book. Complete forms are provided for every type of transaction and only a few minutes are required each week to keep accurate records. Expenses for feeds and seeds, cash and board for hired help, sales of livestock, grain and other farm products—these are all included. To make the Account Book even more helpful each of the forms provided is numbered to correspond with the items on Income Tax Returns. This enables the farmer to take full advantage of all the deductions and exemptions he is allowed by law.

A free copy of this Farm Account Book is available for every farmer at his local post office.

SELECTED

RECIPES

CORN MUFFINS

- 2 cups sifted flour
- 4 teaspoons baking powder
- 1½ teaspoons salt
- 6 tablespoons sugar
- 1½ cups corn meal
- 2 eggs, well beaten
- 1⅔ cups milk
- ¼ cup melted shortening

Sift flour once, measure, add baking powder, salt, and sugar, and sift together [illegible]. Add corn meal and mix well.

Combine eggs and milk. Add to flour mixture, add shortening, then mix only enough to dampen flour.

Bake in greased muffin pans in hot oven (425 deg. F.) 25 minutes, or until done. Makes 18 large muffins.

PURPLE RIBBON CHOCOLATE CAKE (2 eggs)

- 2 cups sifted cake flour
- ½ teaspoon salt
- 1 teaspoon soda
- ½ cup boiling water
- 3 squares unsweetened chocolate
- ½ cup shortening
- 1 cups sugar*
- 2 eggs, well beaten
- cup sour milk or buttermilk
- 1 teaspoon vanilla

Sift flour once, measure, add salt and soda, and sift together three times. Add boiling water to chocolate and stir until chocolate is melted.

Cream shortening, add sugar gradually and cream together until light and fluffy. Add eggs and beat well; then add chocolate mixture and blend. Add flour alternately with milk, a small amount at a time, beating after each addition until smooth. Add vanilla. Bake in two greased 9-inch layer pans in moderate oven (350 deg. F.) 30 minutes, or until done. Spread Frosting between layers and on top and sides of cake.

* You may substitute corn syrup or honey for half of sugar. Use ½ cup of each; decrease milk to ⅓ cup.

Forests occupy 30,000 square miles of territory in Norway. 2702

A BELL FOR BURLINGTON, BUT NO RINGER—Silent since November, town bell at Burlington, Ont. located in firehall, may ring again. Women's committee has asked that a bellringer be appointed. Four times daily for 50 years, Burlington's bell told residents the time and children were taught to obey it, sending them home for meals. Mrs. B. Nault pulls bell rope.

Heavy Loads Drawn Over Alaska Road

Oil Refinery Equipment Being Removed From Whitehorse To Leduc

EDMONTON. — The 10 heaviest motor vehicles in Canada have been rolling night and day along 919 miles of the Alaska Highway between Whitehorse, Y.T., and Dawson Creek in British Columbia this winter. They are a vital link in a transport chain that is lifting a 7,000-ton oil refinery lock, stock and barrel from Whitehorse, where it was built for the United States army 1,250 miles to the rapidly developing Leduc oilfield just south of Edmonton.

Manned by two drivers—who work in shifts to keep the vehicles constantly in motion — these dreadnaughts of the highway have 21 forward speeds and weigh 20 tons empty. The tortuous Alaska Highway will not support their crunching weight of 60 tons fully loaded until late in the winter when the roadbed is frozen solid.

When Imperial Oil Company officers discovered that buying the refinery and moving it to Leduc would enable them to go into production 18 months sooner than if they built a brand-new one, they decided to bring the mountain to Mahomet. They paid $1,000,000 for the "war surplus" plant, which covered close to 100 acres, and before they're done it will cost something like $7,000,000 just about the price of a new plant. It's a case of overcoming post-war shortage of materials.

Takes Steady Nerves

A Los Angeles contracting firm stepped in to handle the transport job. By late November, company officials reported that 60 per cent. of the refinery was dismantled and 35 railway carloads had made the trip from the truck-to-rail transfer point at Dawson Creek to the new 300-acre site on Edmonton's outskirts.

About one-half of the 270 men working on the project are preparing the new refinery site. Ninety are dismantling at Whitehorse and 40 are employed on the spectacular trucking operation.

It takes steady nerves and a special kind of skill to pilot these big diesels over the icy Alaska Highway, which was blasted and hewn through rigorous country as a war-time emergency measure. Scheduled time of 50 hours has been set for the Whitehorse-Dawson Creek run. When not driving, one man sleeps in a coffin-like bunk mounted behind the cab.

When freeze-up permits hauling of the heaviest loads, company engineers will face a tricky problem at the 3,000-foot wooden bridge that crosses an arm of Teslin Lake [illegible] south of Whitehorse. The bridge just won't take 60 tons, so the engineers are going to make an "ice bridge". They will build another thickness of ice on what's already there, by alternate flooding and freezing - the same way a rink is made. When the ice is thick enough, the 60-ton trucks will roll across.

Ducks Organise Eight-Hour Shift

RIVERSIDE, Ont. — A flock of ducks, fearful of seeing the last bit of water frozen over, has been working in shifts here to keep ice from forming on a 15-foot square pond in this Windsor suburb.

The pond is a swelling of a water-filled ditch on Riverside Drive, opposite a seed grain company.

Every eight hours a group of eight to 12 ducks takes up the job of swimming in the open water relieving the previous eight-hour shift.

By so doing, the ducks keep the water constantly in motion and break up ice scum as it forms.

Their strategy works, too, because every other pond is frozen over.

DISCUSSES PROBLEM OF SENDING ROCKET TO MOON AND RETURNING

TORONTO. — The main problem in space travel is elementary — it's getting back safely.

Dr. J. A. Campbell of Edmonton, mathematics professor at the University of Alberta, speaking to the Royal Astronomical Society of Canada, said: "Before you take off on a rocket flight to the Moon or Mars, first demonstrate your ability to get your space-ship outside the earth's atmosphere, manoeuvre it there and then return safely to earth."

U.S. army officers also had made calculations for dispatching a pilotless rocket to the Moon. The trouble was that a speed of seven miles a second is probably necessary to escape the earth's orbit, and best developments of the German V-2 rockets were no faster than one mile a second.

Another problem, of course, would be to get the rocket ship back to earth after it had allegedly reached the Moon and still another problem would be to get it to talk or make some other kind of report when it did get back.

Perhaps the scientists could send a man to the Moon—but could they bring him back?

$20,000,000 Tractor Order From U.S.A.

A United Kingdom firm has received a $20 million order for agricultural tractors for the U.S.A., the biggest single order yet recorded in Britain's export drive. The first shipment was made this month and subsequent deliveries are scheduled at a weekly rate valued at $500,000 until the order is completed.

PRINCESS ELIZABETH WILL NOT TRAVEL THIS YEAR

LONDON.—The Daily Graphic reported that Princess Elizabeth and her husband the Duke of Edinburgh, "will decline all official invitations to visit the British Commonwealth and the United States" during 1948. The newspaper did not give its source of information.

The German V-2 rocket bombs travelled over 3,000 miles an hour.

CHILDREN RESPOND TO FREE HOT DOGS—Free chocolate milk and hot dogs to all contestants at ice carnival in Central park, Islington, Ont., brought so many youngsters into the races that events had to be run off in relays. More than 1,000 children attended and at right 500 [illegible] turned up. Here is Marilyn Buschler who wore her Polish costume.

Health LEAGUE of CANADA presents TOPICS of VITAL INTEREST

VITAMIN C

Because of the fact that a source of vitamin C is readily available in citrus fruits, the Canadian public perhaps has generally failed to realize that there are other sources of this vitamin which is necessary in any diet, it is stated in Health News, member publication of the Health League of Canada.

For instance, there are three domestic vegetables which are relatively cheap and available throughout most of the year—potatoes, turnips and cabbage—which contain vitamin C. These three if properly prepared and properly cooked can be used to [illegible] any other vitamin C source.

It is estimated that 3½ ounces of raw cabbage, or properly cooked turnips, or properly cooked potatoes, each contain more than one-half the estimated daily vitamin C requirement of an adult. It would be well to remember, however, that there is loss in vitamin content in these vegetables during winter-long storage.

Other foods, in quantities of 3½ ounces, which contain enough or more than enough vitamin C to take care of a person's estimated daily requirement include cooked black currants, red and green peppers and raw parsley. Others which contain at least half the required vitamin C include liver and canned strawberries. Tomatoes juice and canned raspberries also are fairly good vitamin C sources.

It should be remembered however that overcooking and mashing largely destroys the vitamin C content of foods. This particular vitamin is soluble in water and oxidizes when it comes in contact with air. For instance, potatoes should be cooked with their skins on, cabbage should be eaten raw or cooked with a minimum of water for a minimum length of time—and turnips should be cooked for only 20 to 30 minutes if a reasonable portion of the vitamin C is to be retained. All vegetables should be placed in boiling water—not in cold water and then brought to the boil.

Much more of the vitamin C content will be retained if cooking is done with a pressure cooker.

QUEER TITLES

Henri Christophe, Negro slave, who later ruled Haiti, from 1811 to 1820, created the Count of Lemonade and the Duke of Marmalade as two titled members of his nobility.

The W.I. will hold its annual dance on Friday, Feb. 6th in the Elks hall. An extra good time is planned and [illegible]

RECORD MINE YEAR . .

Canada set a new high mark of [illegible] million . . mineral production more than 350 millions above the previous 1942 record, according to The Financial Post's annual mining report.

THIS IS AN EMERGENCY
. . . let's treat it as such!

Canada is heavily "in the red" in present trading with the U.S. dollar area. In our total trade with the world we are in a good position but not in that part which is done with U.S. dollar countries. Other countries with whom we do business cannot pay us in full, either in cash or in goods, for the things they buy from us.

This situation is made more serious than ever before because so many countries, our regular customers, have not recovered from the war. It may be some time yet before they get on their feet sufficiently to help put things right. Meantime, we must find ways and means of balancing our own books and reducing our U.S. dollar deficit.

There are two things we can do at the moment . . . cut down unnecessary purchases from the U.S. dollar area and increase our production of goods that can be sold to those countries to balance accounts. It's an emergency and should be treated as such.

TO KEEP OUR INDUSTRIES HUMMING . . . OUR LIVING STANDARDS HIGH, WE NEED PETROLEUM, COAL, COTTON, STEEL AND SIMILAR ESSENTIAL THINGS

WE CAN PAY FOR THESE THINGS IF WE CURTAIL OUR SPENDING ON IMPORTED NON-ESSENTIALS OR TRIMMINGS . . . AT LEAST FOR AWHILE

YOU AS A CANADIAN CAN HELP

1. Do not order goods by mail from other countries . . . do not buy goods to bring home when you travel outside Canada. See also Item 2.
2. If you feel some purchase is absolutely essential, see your Collector of Customs and Excise beforehand, to learn whether the item is prohibited.
3. Look for alternatives or substitutes for the items which are temporarily prohibited.
4. If certain goods seem to be in short supply, do not overlook the possibility that it is seasonal, or merely a local condition, or perhaps brought about by entirely unnecessary buying.
5. Be sure to obtain the Tariff Item Number from your Collector of Customs and Excise before pursuing any inquiry. Quote this number in all correspondence.
6. IF WE TACKLE THE PROBLEM IN THE SAME SPIRIT OF CO-OPERATION DEMONSTRATED DURING THE WAR YEARS IT CAN BE SOLVED WITH LONG-TERM BENEFIT TO EVERY CANADIAN.

Vermilion Ladies' Bonspiel Proves Better Than Ever

DONORS ARE THANKED

The 11th annual Vermilion Ladies' bonspiel was held on Tuesday and Wednesday of this week with more entries than ever before, there being twelve visiting rinks and ten home rinks competing.

The two-day spiel had 3 competitions namely, the Grand Challenge, the Professional Shield and the Consolation. Prizes were on display in the side window of Craig's Department store until they were taken to the rink for distribution. In the Grand Challenge the prizes were: 1st, car robes; 2nd, a set of dishes; 3rd, tablecloths; 4th, cream and sugar sets on silver trays. The Professional Shield winners received: 1st, Sterling brooch pins and scarves; 2nd, bathmats and bedspreads; 3rd whistling tea kettles and 4th wooden sandwich trays. For the Consolation winners there were 1st, table lamps; 2nd, card tables; 3rd cup and saucers, 4th, 24-lb. of flour and tin of pickles.

The men's curling club very generously donated a cup to be given to the winners of the Grand Challenge for the year following this bonspiel. And a shield was offered to the successful rink in the Professional Shield competition, this shield plus the first prizes in that event were donated by some of the professional men in Vermilion, Dr. Stephens, Dr. Bradford, Dr. King, J. W. G. Morrison, J. D. Adam, F. J. Richardson and Dr. H. J. Clarke.

Visiting rinks came from Vegreville, Mannville, Dewberry, Islay and Lloydminster, with Mannville having the largest representation. In fact, there were 24 of the ladies here from the Mannville Curling club.

An extra prize was added to the usual list this year, the Hard Luck prize, and was offered to the rink winning the most number of games but not getting into the 'fours' or the jewelry. This prize consisted of four linen tablecloths.

The bonspiel was made possible through the generosity and co-operation of many of the merchants and businessmen of Vermilion and the Ladies Curling club extends thanks for support given by the following:

Craig Bros., Wm. Kramer, Northern Hdwe., Brunswick hotel, Vermilion Meat Mkt., Vermilion Co-op, Revelstoke Hdwe., Standard Printing, [illegible] Furniture store, Long's [illegible] store, Nelson-Hill Hdwe., Rowe & Spencer, Stephen's Ltd., S. Webb, Vermilion City Dairy, Columbia theatre, Wiebe's Mill, Vermilion hotel, Boake's Drug store, George's Cafe, Vermilion Wholesale, Vivian's Dress shop, New Way Cleaners, Maxwell Service, D. A. Brimacombe, Vermilion Feed Mill, Brimacombe Bros., Harris Barber shop, The Boston cafe, Variety store, Photographic Arts, McLennan & Rooks, McWilliams and Long, Vose cafe, Martin's Tinshop, A. E. Kaiser, Victory shop, Jack's Barber shop, Moren Bros., Scotty's Shoe shop, Simpson's (Western), T. Eaton Co., Canadian Utilities.

District Hockey Tournament Here Saturday, Feb. 7

PLANNED BY VERMILION AMATEUR ATHLETIC ASSOCIATION

The Vermilion Amateur Athletic Association will again hold the annual district hockey tournament this year, the date being Saturday Feb. 7. Entries are limited to village and country teams within a 50-mile radius. Teams taking part in the Vermilion District hockey league are allowed to compete.

GOOD PRIZES

A grand prize of $100 goes to the winning team and $50 to the runner-up.

Last year the Willingdon team won the tournament.

The World of Wheat

By H. G. L. STRANGE
Director, Research Department,
Searle Grain Company, Ltd.

THE GROWING DISCONTENT

The Parliament of Canada reassembles at Ottawa on Jan. 26th. An important subject for debate will be an increase in the price of wheat. Rumor tells us that the Government will recommend an increase of 20c a bushel to pay to farmers the full $1.55 which Britain is paying and which Canadian millers are paying to make flour for the people's use in Canada.

A survey made by the Searle Grain Co. last September showed 55% of farmers were dissatisfied with the $1.55 price. In October The Country Guide showed 85% of wheat growers were dissatisfied, and another survey just taken by the Searle Grain [illegible] shows 76.2% dissatisfied, so the [illegible] content is increasing week by week. More and more farmers are beginning to ask why should farmers be the only people required to subsidize Great Britain and the people of Canada so they can have cheap wheat and so cheap bread. Farmers, therefore, who believe they are entitled to the full world price for their wheat, and that the Canadian Government should pay the subsidy to Britain and to the people of Canada, should I suggest, write at once to their members of parliament at Ottawa stating how farmers feel about it all.

Firemen's Fourth Annual Ball On Friday, Feb. 13th

The Vermilion Firemen will hold their 4th annual ball in the Elks hall on Friday evening Feb. 13th. Music is by the Joe Dubuc orchestra of Vegreville and dancing from 9 to 2. This has always been an outstanding affair since its inception and plans this year forecast an even better than ever event.

A charge of 50c is made for engagement announcements, in Memoriam notices and cards of thanks. When sent in by mail remittance should be made with order to ensure publication.

Manufacturers Life Annual Report

In its 51st annual statement, the Manufacturer's Life Insurance Co. reports $1,005 million of business in force, having passed the billion dollar mark during the year.

The new business effected by the Company during the year was $169 million. About two-thirds of the new business came from Canada and the United States, the remainder from Gt. Britain, the West [illegible] and fields abroad. The increase of business in force during the year was $125 million.

The Company reports a favorable mortality experience for the year and its rate of expense continued to be lower than in pre-war years.

School Children's Ice Show Promises Novel Entertainment

AT ARENA SATURDAY, FEB. 14

The Vermilion school children's ice show is entitled "The Flower Queen's Coronation". As the title implies, the climax of the skating entertainment is the crowning of the Flower Queen. Scores of children are practising daily to provide what is hoped will be high class entertainment for your enjoyment.

MONSTER PARADE

It is rumored that on the preceding Saturday, Feb. 7, a monstrous parade is to be held, with beautiful floats arranged by each of the organizations sponsoring a candidate.

Bowtell

Since writing the last news bulletin the writer of this column has been bereaved by the passing of her dear mother. Sincere thanks are extended to all friends for the help and sympathy received.

Mrs. Knutson and Maybelle were Lloydminster visitors Tuesday; Due to bad roads the dance advertised for Friday at Bowtell was postponed. Bruce McLellan spent the week visiting with Leslie Sherwood. Kenny Risdale expects to leave for Edmonton this week; Mrs. Bopp visited at the Knutson home Wednesday.

The writer quite agrees with the Widmere scribe regarding the type of snow plowing this year. The plow went over the Islay-Vermilion old highway Saturday and was left in bad shape which was just a waste of effort and expense.

Mr. and Mrs. Perkins and family and Mrs. A. Ronaghan were guests for dinner Thursday at the Robinson home. We are pleased to report that Art Ronaghan is out of the hospital and feeling much better.

Congratulations to Mr. and Mrs. C. Scott on the birth of a baby boy in the Vermilion hospital recently. Mrs. Scott is well known in the Bowtell district having spent some time with the writer in 1939.

Barney Powell and Frank Minard were visitors Wednesday afternoon at the home of Mr. and Mrs. C. Burt. If you want a good story about skunks — ask Barney!

Mr. and Mrs. J. Simonchuk were supper guests Saturday evening at the Warawa home.

Mr. Bashford recently purchased a purebred Shorthorn bull.

OUR COMPLETE SHORT STORY—

AN OLD DOG

By ANNA R. WILSON

MR. CARRINGTON could tell by the sweetness of Clasie's voice that she was intent on getting her own way. She and Ted lived in the lower flat opposite him, and their young voices drifted in from the porch.

"No there's no sense in inviting your Aunt Sabina here for her holidays, Ted. The chances are she won't even give us a present—and that [illegible] hat! What will the neighbours say?"

Ted's voice was unusually firm. "But, [illegible] Aunt Sabina's my nearest relative next to Ellie, and there isn't a kinder, better woman anywhere. She's always spent one week of her holidays with me and one on the farm. It's true, she's old fashioned in her ways, but it's not much use expecting Aunt Sabina to change. It's pretty hard to teach an old dog new tricks."

And, thought Mr. Carrington, it's harder still to make a young dog forget the tricks he's already learned. He was thinking of Clasie and Ted.

It wasn't just Aunt Sabina—it was the time Ted had wanted to spend a week-end at the farm, and Clasie had wanted to go with the rich Mrs. Baird to the beach; her voice had been just as sweet and determined then. "But darling, Mrs. Baird is so rich. We'll be staying at the very best hotel and you know I always look well in a suntan."

"You look well in anything." Ted's voice had been adoring. "But Ellie'll be disappointed. I've been going down to help with the haying for years."

That had been three months ago; [illegible] punctuated with little half quarrels in which Clasie invariably got her own way. But today Ted wasn't giving in so easily.

"The spare room's empty. You could get it ready for Aunt Sabina, and in the meantime," he kissed her, "you can be thinking of a few nice things to say."

A few days later Debbie Aldrich drove up in her big blue car and after the usual feminine twitterings, Debbie's rich voice drifted over. "It was good of you to ask me for a month, Clasie." And Clasie's feminine tremolo, "Ted will love me in this hat, Clasie. Wasn't it nice of you to remember just the color that suits me best." Then, confidentially, "How I used to envy you your clothes at school."

Debbie laughed. "I hated them. It made me feel self-conscious to be better dressed than the other children, but Aunt Mattie was a dress designer and used me to advertise her clothes. When I left school, she put me in charge of the hat department. Oh, Clasie, I'm dying to meet your Ted."

The meeting must have been successful, for all the rest of the week, Ted's large comfortable laugh, Mary's rich contralto and Clasie's tremolo drifted up from below. Aunt Sabina seemed to be forgotten until one night Debbie went to a show.

"Now, Ted," Clasie's voice was smug, "you must admit that Debbie is more fun than old Aunt Sabina. Those cute hats, and the car. People will think we're pretty important round here."

Ted struck a match and his pipe glowed. "You know, Clasie, I always liked Aunt Sabina's hat." He chuckled. "Always kept it in a paper bag when she wasn't using it," and then, irritably, "Say, honey, aren't we ever going to have anything to eat but creamed things. Was a time when [illegible] steak and pie."

"Debbie likes creamed [illegible]" Clasie's voice had an edge to it, and just then Debbie came up on the porch and Ted aired his grievance. "Say, Debbie, don't you ever eat a good steak or something substantial? Clasie seems to think you live entirely on creamed things."

Debbie laughed her throaty [illegible]le. "Of course, Ted. Let's all go down to Circle and have a barbecue." But Mr. Carrington could tell that Clasie wasn't pleased, especially when Debbie began bringing home chicken and steak, laughing guiltily. "You know, Clasie, I just ran across it and thought it would be nice for Ted's supper with that special sauce you make."

More and more Ted and Debbie took to playing chess in the evenings and it must have been nearly time for Aunt Sabina's letter when Ted and Clasie had their first quarrel. Clasie's voice was acid and near to tears.

"It's the way she drags food in here as if we were paupers—and clothes. I'm sick and tired of her cast-offs."

Ted was placid. "She eats, honey, so why not let her help pay the bills?"

"We could have more—" Clasie stopped and Ted finished amiably, "If it didn't cost so much to go about with Debbie. Clasie, have you noticed how those cute hats she wears makes her hair look like pure gold?"

"I wish," said Clasie, venomously, "she'd choke on her hats."

"It's what you wanted, honey. A girl can't complain when she gets just what she wants all the time. Used to be marriage was sort of co-operative. Folks got together and talked things out, but this marriage, as far as I can see, is pretty one-sided." Then, as Debbie pulled up in her expensive car, "and that car certainly does give an air to the place. Folks will be saying Ted Cromers must have robbed a bank."

Aunt Sabina's letter arrived on Saturday, just as Debbie and Ted were working out a chess problem. "Now that's too bad," Ted spoke indifferently. "I'll phone Ellie and have her write to Aunt Sabina right away to let Aunt Sabina know we're full up."

Clasie's voice was determined. "Aunt Sabina isn't staying the whole two weeks with Ellie, Ted. I phoned her we would drive down and pick her up tomorrow. Debbie's going to New York and we have room. Aren't you, Debbie?"

"An absolute must, Ted. They're having the fall showing two weeks early this year. See I've put you in check."

Ted's rich chuckle boomed out. "You saw my trouble right from the first," Debbie answered. "Of course, Ted, it was only a matter of giving out enough rope." They both laughed as Debbie put away the chess.

Aunt Sabina went to bed at eight. Ted and Clasie were quarrelling over the chess men. I'll take the red ones, Clasie. You've had them three times running. I'm changing over for luck."

"But I want the red ones." Clasie's voice was determined.

Ted leaned back puffing out a big cloud of smoke. "How," he asked placidly, "did you like Aunt Sabina's hat?"

It was very quiet until Clasie spoke in a small voice.

"Maybe we could take the red ones in turn, Ted. Marriage is sort of co-operative, isn't it." Sort of give and [illegible]

Mr. Carrington chuckled. He had to admit that Aunt Sabina had looked real smart when she arrived in a brand new hat, and it was a good thing that he and Debbie had remembered to remove the label from Debbie's shop.

MAPLE CREEK, Sask.—The Maple Creek Ken club has decided to hold a rodeo on June 28, 29.

• • • •

RED DEER, Alta. — The city of Red Deer, Alta., will undertake a $53,000 public works program in 1948.

• • • •

THE PAS, Man. — New Orleans may have its shrimps a la creole and Boston its baked beans but north of 53 the national dish is beaver tail soup. And what could be more national for Canada than a steaming brew made from appendage of the dominion's well-known animal emblem.

• • • •

NIPAWIN, Sask.—H. G. Diner, of Nipawin, Sask., has been awarded a $30,000 contract for construction of a Bank of Montreal branch at Nipawin.

• • • •

EDMONTON—Alberta government officials estimated that the province will collect more than $1,500,000 from 1947 oil fees, rentals and royalties. Expansion of the Leduc sector of the Edmonton oil field was one of the major factors accounting for the high returns.

• • • •

PENTICTON, B.C. - British Columbia Fruit Growers Association will ask the Provincial government to institute compulsory motor vehicle insurance. [illegible] convention here proposed that the premium be paid at the same time as driver and car licenses.

• • • •

NAKUSP, B.C. — Chincherinchee flowers native to South Africa—are blooming in the home of Mr. and Mrs. Ralph Islip here. The flowers continued to blossom into full whiteness after arriving here late in December at the end of a trip of more than 6,000 miles which took almost nine weeks.

Manitoba Farmer Uses Plane To Kill Wolves

VANCOUVER. At least one Manitoba farmer profits from the operation of Canada's flying clubs.

He takes to the air in a light plane of the Brandon Manitoba Flying Club with a rifle by his side and shoots wolves which threaten his livestock.

L. J. Rust, president of Brandon Board of Trade, said in Vancouver that this represented the enthusiasm with which Canadians are taking an interest in flying in the post-war period.

He says the spirit of adventure is still alive in the hearts of Canadian youth.

"I've never met a young Canadian," says Mr. Rust, "who doesn't want to learn to fly. After the war we had just 21 clubs in the association. Today we have [illegible]

Lloydminster Well Drilling Increased

Activity in "Poor Man's" Oil Region Increased By 300 Per Cent.

CALGARY — Lloydminster, Canada's "poor man's" oil region, came into its own in 1947. Drilling activity increased by 300 per cent, compared with the former record year of 1946, while deliveries of crude oil increased by about 400 per cent.

Lloydminster is a 35-mile long and up to 20-mile wide region containing to date four shallow oil pools, Blackfoot, Lloydminster, Lone Rock and Dina. The molasses-thick black oil (gravity range 10 to 20 degrees API, with bulk of production 15 to 16 API gravity) comes from sands in the Lower Cretaceous, at depths from 1,750 to just over 2,000 feet. Cost of drilling, casing and equipping productive wells averages about $20,000. Dry holes, inevitable in the exploration and development of a field, can be written off to the tune of as little as $7,500.

The combination of low cost drilling, development of a big oil reserve and growing recognition of the value and uses of "black oil" made the Lloyd area the "poor man's" oil field.

The year 1948, it appears, will see a continuing of that expansion.

The full data on December oil deliveries are not yet on hand, but it appears that the Lloyd area will show net oil deliveries of between $30,000 and $40,000 bbls. for the year 1947.

Report to the People

(By Robert Fair, Battle River M.P.)

The House of Commons resumed its adjourned session on Monday, Jan. 26th, and one of the first things discussed was some method by which the rising cost of living could be checked. Members from all sections of the country seemed vitally interested in this question and it is quite evident that pressure was brought to bear upon them during the recess, to have some action taken.

It was suggested by the Prime Minister that a committee be set up to investigate increased costs of the necessities of life and some people are now questioning whether the Committee can, or will be effective in getting the desired result. The Prime Minister's idea is that the fact that the committee is being set up will deter many profiteers from continuing their quest for greater profits.

Several suggestions have been made to reduce the cost of living and one of the favored suggestions is payment of subsidies on milk, butter, meat and bread. It may seem strange that these particular items should be singled out as they are all products of the farm and the very fact that a subsidy is suggested would lead people to believe that the farmer is getting too high a price for his produce. This is definitely not so, but people perhaps get the idea because for a number of years past farmers have been supplying the means of life at prices, in many cases far below costs of production and it is about time people looked in some other direction for a decrease in the cost of living.

I would suggest removal of many of the hidden taxes in the price of the things we buy every day in the stores, and in addition a reduction in the income tax levy, as well as an increase in the exemption before taxes are imposed.

We also have many people who are compelled to live on salaries far below where they should be, so I would suggest raising those salaries to a level that will give the recipients a decent standard of living, then a number of those in the higher salary brackets are well able to take care of the increased costs of living because of increased wages and salaries they have received since the war broke out.

We have in the country today many people who suggest re-imposition of all the controls that were in effect during the war—a roll-back of prices to the 1946 level, and who also claim the right to have an ever-increasing wage scale. When one thinks over this proposition for a few moments you will readily see that a roll-back of prices will given an advantage to the rich and poor alike and, with an ever-increasing wage scale, must ultimately result either in higher price of the goods being produced, or an ever-increasing national debt or heavier taxation.

It should also be stressed that one of the best ways to bring prices down to a reasonable level is to increase production so that we have sufficient goods to meet the demands of the consumers. Otherwise it means that the people who have got the money will buy up the available goods and leave those in the lower salary class without. However, it is hoped that the Committee will get down to business immediately and make an effective contribution to bringing our cost of living to a reasonable level.

Price increases during recent months are certainly not justified by the cost of raw materials and prices received by farmers for their produce, and those reaping abnormal profits should be brought to task.

At the time of writing this article the Bill dealing with the conservation of U.S. dollars has just passed the second reading and it is interesting to note that all the opposition parties voted solid against this legislation. This shortage of American dollars is a direct result of the Bretton-Woods Agreement which was passed by Parliament in 1946, with all parties, except Social Creditors, voting in favor of it. At the time discussion was underway we pointed out the effects the legislation would have, and this has now become a reality. The Bretton-Woods agreement, the Geneva Trade agreements and the Dumbarton-Oaks legislation are all tied up together and would seem to be planned for the results they are now reaping. The Geneva Trade agreements are for discussion in the very near future and it may seem strange that we cannot receive the benefits of these agreements while the austerity program is in operation. Many protests have been lodged against the embargo placed against many of the electrical and other appliances we need, coming in from the United States, and strong protests have also been made against the imposition of the 25% [illegible] Tax on a long list of goods, many of which are manufactured right here in Canada.

For the past few years farmers have been receiving a lower price for their produce than could have been obtained in the world markets and in return they have been promised a degree of stabilization for the future, although that promise is of a very uncertain character and a definite assurance should be given on that score during the present session. But whilst farmers have been required to make heavy sacrifices during the past few years, it would now appear that the Government have signed away their freedom [illegible] agriculture prices in the future, because Article 16 of their Geneva agreements, in principal at least, limits the rights of a nation to maintain subsidies, or price support, if the contracting parties to the agreement feel that such a policy may be detrimental to any one of its members.

These, and other matters, require very careful consideration before Parliament endorses the final Act of the Geneva Trade agreements.

SOLOIST

Winner of the "Singing Stars of Tomorrow" contest, last spring, Marie Jose Forgues, of Montreal will be guest soloist on the Northern Electric Hour on Monday, February 9. The young artist, who is often referred to as "The Deanna Durbin of French Canada", will be accompanied by Paul Scherman and his concert orchestra. The Northern Electric Hour is heard weekly over the CBC's Trans-Canada network.

Wildmere Winks

(Held over from last week)

Everyone was very pleased to hear last week that little Irene Morand was getting better and that the doctors had found the trouble was caused by a flu germ acting on he brain and causing pressure on the nerves to the eyes. This caused her blindness and serious illness. She can now see again and is able to walk. Her mother took her home to Calgary last Thursday where she is still under the doctor's care. It was a very trying time for Mrs. Morand but her many friends in Wildmere as well as Triangle were with Mrs. Morand in her hour of trouble.

Congrats to Mr. and Mrs. Fred Nichols of Triangle on the birth of a daughter last week at the Vermilion hospital.

Our very best wishes for a long and happily married life to Mr. and Mrs. Clarence Lysons. It may be a bit late folks but none the less sincere. This happy couple held their wedding dance in Ganton school last Friday evening when a large crowd gathered.

Billie Smith is the proud owner of a new Minneapolis tractor. He purchased it while in the city the first of the week. He and Adam went up by truck and brought it home Saturday. That's two new tractors in our district with which to commence spring work. Lloyd Howard bought one early in the fall. It's certainly nice to see new machinery coming into the country again.

Mrs. Lob Martin spent from Thursday to Saturday in town having dental work done on her daughter Doreen's teeth.

A curling rink from Wildmere intends to enter the Vermilion spiel.

J. Wallington is an Edmonton visitor this week. While in the city he intends going out to Darwell to see his sister and family.

On Sunday Laurence Graham and his sister Mrs. Wallington visited at the Haines' home. While there they were shown over George's new addition to his house. While not yet completed it will be very nice when done. He will have lots of room, all electrically lighted and he has an electric washing machine — remember this is Leap Year girls!

Say Bowtell — can you guess who from your corner thought the door into Stephens' store had been moved? That was too good not to mention — 'Nuff sed.

Laurence Graham and Mr. and Mrs. Joe Tilinger and Grandma Tilinger were visitors at the Burke home in Inwood on Wednesday evening of last week.

George, Gary and Jeanette Crathorn were visitors with the Graham children at the Wallington home on Sunday afternoon. They have a rink all cleared off on the lake so skated and played hockey.

John and Sam Christensen of Triangle have moved over to the Carlson farm in Wildmere district where they are wintering the head of cattle. John bought feed from Herman Eyben when Herman sold out so instead of moving the feed he brought the cattle to it.

DISTRICT HOCKEY LEAGUE

V. S. A. Winning Streak Is Broken

The long string of victories being run up by the V.S.A. was broken last Wednesday evening when the Vermilion squad which is showing vast improvement, took a 6-4 decision from them. The game had all the appearance of a runaway with the town leading 5-1 at the beginning of the 3rd only to see the Aggies come to life and stage a comeback which netted three goals to the town Tigers' 1. The last period injected plenty of excitement into the game with the V.S.A. defenceman Lewis dominating the play and rifling two rocket-like shots into the town net, Adamson notching the other two for the Collegians.

Young Alec Link turned the hat trick for the town, scoring three goals in the game, to set a one game scoring record for the league.

LINE-UPS

Vermilion — Bushell, L. [illegible], Manyluk, Kats, Witwer, Caskey, Chesick, Heidebrecht, Link, Bill Williams, Mashell, Jim Wilkinson, Hugh Swanson, Fish, Moore.

V.S.A. — Church, Lewis, Brosseau, Chants, Gongirin, Ross, C. Ziegler, M. McMillan, N. Garnett, Adamson, Marler, G. Ziegler.

SUMMARY

1st period—Tigers, Caskey from L. Williams; Link from Swanson; Link from Williams, Mashell; V.S.A. Adamson.

2nd period—Tigers, Hugh Swanson from Mashell.

3rd period—Tigers, Link from Stan Manyluk; V.S.A., Adamson, Lewis (2).

Penalties were meted out to Heidebrecht (2), Brosseau (2), Adamson.

Russell Carroll refereed.

Wild Free-for-All Features Vermilion Clandonald Game

A wild melee in which sticks were dropped and boxing and wrestling tactics brought into play featured the Clandonald-Vermilion game last Saturday night. The Northerners came out on the long end of a 6-5 count. Nobody appeared to be hurt in the first swinging exhibition which broke out less than a minute from the end of the game. Feelings were getting a little frayed as the town boys staged a determined rally which netted them three goals in the third and kept the play steadily in the Clandonald area. However this boy Etherington is a real goalie and he and his team mates held the Tigers at bay and came out on top with a one goal margin. Clandonald dominated the game plenty in the first and were out in front 3-0 at the end of the first period, the sandwich session was scoreless with both teams throwing everything they had into the third stanza.

Russell Carroll refereed.

CHANGE IN HOCKEY DATES

Due to the hockey tournament this Saturday and the school carnival next Saturday, Saturday night games on those two occasions have been switched to Monday. This means that Buffalo Coulee will play Clandonald on Monday Feb. 9th instead of Feb. 7; Vermilion will play Buffalo Coulee on Monday Feb. 16th instead of Feb. 14. Make these two changes on your hockey schedules.

PEE-WEE HOCKEY

RANGERS 1 HAWKS 1

Rangers maintained a slight 1 point lead on the top spot in the league standing when they tied the Black hawks last Wednesday evening by a 1-all score. It was the smaller players' big night, Doug Brower scored for the Rangers on a pass from Dick Beresford while Stewart Cooper scored the Hawks' goal on an individual rush.

LINE-UPS

Rangers—Jim Davidson, Ken Cram (Capt.), Dick Beresford, Albert Lachance, Doug Swanson, Johnny Kinchinsky, Jim Phillips, Doug Bower, Jim Part.

Blackhawks — Bud Milligan, Ken Swanson (Capt.), Bill Schurman, Les Leahy, Bill Schmidt, Bud Badlock, Stewart Cooper, Jim Adams, Herb Fulton, Roy Tuey.

LEAFS 2 CANADIANS 1

Rex Boake's Maple Leafs rang up their first victory at the expense of Tom Acheson's Canadians Saturday evening by a 2-1 count. Rex Boake and Murray Miller counted for the winners while Tommy looked after the lone goal for the Acheson team.

Penalties were handed out to Alvizer, McGinnis and Acheson.

LINE-UPS

Maple Leafs—Ed McGinnis, [illegible] Liter, Harold Roebuck, Murray Miller, Rex Boake (Capt.), John Stewart, Charlie and Paddy Labonteane, Joe Wilkinson.

Canadians—Bud Lyons, Larry K[illegible], Tom Acheson (Capt.), Bob Pe[illegible]ley, Bob Atcheson, Jim Lowran, Chester Day, Brent Long, Brian Ford, J. T. Shaughnessy.

PEE-WEE SCHEDULE

Feb. 4—Leafs vs. Rangers
Feb. 9—Hawks vs. Canadians
Feb. 11—Leafs vs. Hawks
Feb. 16—Rangers vs. Canadians
Play-offs to follow

●

Slight Change in Schedule

Attention is directed to the fact that games will be played on Monday Feb. 9 and Monday Feb. 16 instead of the previous Saturdays.

WOODVALE

We have not been able to gather much news this week, but all the flying going on over the week end in this direction might interest a few people.

On Saturday Florent Van Wagenlngen arrived back from Calgary. I don't know if one can call it hitch hiking the modern way or what but he was kindly brought by plane from Edmonton and landed in a neighbor's field half a mile from home. On Sunday Ken Crowshaw flew the R.O.P. dairy inspector out to Green's and there Florent exchanged seats with Mr. Puttergill to take some more lessons in flying. Bud drove the caboose with Mr. Puttergill home, having to hang onto the lines when the plane flew low over the team. Ken was looking for a landing place closer to the farmhouse and set the plane down safely practically at the yard gate. When they returned at 4 o'clock a second landing was made and then Ken took Mr Van Wagenlngen up and they had a look at the place where the horses wintered, and our community in general. The writer then had to have a try for the first flight in her life and enjoyed every minute of the trip.

In cases of emergency or blocked roads, with a fairly level stretch of grassland or stubble in the neighborhood, anyone in the country can be flown out comfortably and with complete safety with a competent and experienced pilot like Ken Crowshaw at the controls.

We think that the taxi service he is able to give right here in Vermilion with his small plane should be a little bit more advertised and made

FARM FIRE HAZARDS

Only one out of every seven Canadian farms is served with electricity. This adds a fire risk on many farms against which most urban and city dwellers do not have to safeguard, for it necessitates the use on the farm of storm lanterns in barns and outbuildings, oil lamps in the farm home and fuel or oil ranges for cooking.

In a recent survey of fires on Canadian farms, the Dominion Bureau of Statistics estimates that 11 per cent of farm fires are caused by the use of inflammable liquids and 21 per cent arise from heating or cooking equipment.

---

news ye bit

Well we did hear some news. Jack Lysons got one more curate around here. Roger Watt has consented to run for councillor, a decision that will please a great many people in these parts.

Sew & Save!

USHER IN THE NEW SEASON WITH AN

ISLAY

Flash!—Crack undefeated rink is defeated and by a ladies' rink! Jan. 28th it was. The rink skipped by C. C. Mitchell with Jim Hepburn, Joe Dupuis and Clarence (Shorty) Robertson were about to go on the ice for an easy victory, so said Shorty, when they were to meet a rink skipped by Mrs. Annie Young with Mrs. Ralph Rose, Mrs. David Clarke, and Mrs. Ivan Inman. It was a thriller to watch. One end Mrs Young's rink counted 7, the 8th rock, Mrs. Inman's, didn't quite reach the house, a straw stuck to it we think. Mitchell bravely tried to smash the house with a couple of his flying shots, but failed, only to smash the end boards. Shorty used his broom valiantly but to no avail, except that he (Shorty) worked up a lather. Jim smiled all the while and kept saying, "It's the last two ends that count"—No truer words, for they did count and to the advantage of the ladies' rink final score being 14 to 11. Sure and begorrah, that was the mirth!

Thanks Docherty, we are glad you are not forgetting Islay hospital.

Mr Miller, I.P.S., called at the Islay school Tuesday.

A carpenter crew is doing repairs on the Pool elevator.

Rumor has it that Mr C C Mitchell is likely to go to Thorsby as agent for the Pool there. Anyway he is there at present looking over the situation, if favorable it means a move soon.

Mrs August Isert is on the nursing staff for a time.

[illegible] cafe has been sold to Mr Isley who takes over immediately. Tommy has moved his household effects back to the farm.

Farm Forum met Monday Feb. 2. Next meeting is Feb. 16 at the home of Mr Albert Anderson. Listen in to the broadcasts every Monday at 8:30 p.m. Please be out, we want a good attendance for this meeting, it is a special and will be to the interest of all who come.

A bowl of cabbage soup and a potato is an entire day's ration for many a child in Europe. In Asia it is a few grains of rice in the bottom of a bowl. Think of it! Here in Canada we have too much—every day we see children travelling with a Bowl. Why not save that amount each day? We are about to launch in Canada the Canadian Appeal for Children so please keep this in mind. Feb 9th we expect the drive to get underway. Children especially are asked to be ready for it. Listen for radio announcements as well as watching the press. Parents are asked to encourage help for these hungry kiddies. Already one farm lady has on hand the proceeds from a case of eggs to be donated.

Mrs. Bill Trokey and Mrs. R. Bell are in Vermilion for the bonspiel, also Mrs. Anne Young, Mrs. Sweet, Mrs. Rose, Mrs. McCaughan, Mrs. Inman. Annie being in Vermilion Harry was very busy looking after the store on Tuesday and had no time for coffee that day.

Wilfred Potvin spent a few days in hospital but is better now.

The snow plow went over the roads Sunday night so the all clear was given for the buses on Monday. School is going along splendidly.

A mixed bonspiel is in progress now in Islay and a good time is being had.

IN MEMORIAM

In loving memory of a dear wife and mother
[illegible]
—who passed away Feb. 8th, 1946.
"We who loved you, sadly miss you,
As it dawns another year,
In our lonely hours of thinking
Thoughts of you are always near."
—Remembered always by her loving husband, daughter Mabel and family.

IN MEMORIAM

In loving memory of Dad and Mom, Mr. and Mrs. Wm. Sherwood,
—who passed away Feb. 2, 1946; Feb. 8th, 1947.
"Only a memory of bygone days
And a sigh for faces unseen
But a constant feeling that God alone
Knows just what should have been."
—Fondly remembered and sadly missed by Lil and family.

IN MEMORIAM

In loving memory of
Nora DeFord
—who passed away Feb. 4, 1945.
"Mother dear can it be true
Three years have passed since God called you"
The call was short, the shock severe,
To part with one we loved so dear."
—Sadly missed by husband and girls, Charles DeFord, Ila, Pearl, Ruby, Fay and Violet.

IN MEMORIAM

In loving memory of
Nathan [illegible]
—who passed away Feb. 8th, 1945
"There is someone who misses you sadly
And finds the time long since you went.
There is someone who thinks of you always
And tries to be brave and content.
Gone is the face we loved so dear
Silent the voice we loved to hear
'Tis sad but true, we wonder why
The best are always the first to die."
—Ever remembered by wife and children.

Letters to the Editor

APPRECIATION

S. R. P. Cooper, Editor,
Vermilion Standard
Dear Sir:

The President and Executive of the Vermilion Branch of the Canadian Red Cross Society wish to thank you and your staff for the kind co-operation they have received during the past year.

Yours sincerely,
D. Buckingham, Secretary,
Vermilion Red Cross.

Information Wanted

Information is desired by the Red Cross concerning the whereabouts of Kilian Buttner, farmer, whose address in 1940 was Edam, Sask. He is thought to have moved from Edam to Vermilion. The missing man was born in Germany in 1908 and came to Canada in 1937. His brother, Franz Buttner in Germany is enquiring.

Anyone having knowledge of Kilian Buttner is asked to forward the information to Mrs E. J. Buckingham Secretary of Vermilion Branch of the Red Cross.

"Classified Adverts."

THE MANUFACTURERS LIFE
Reports
TO
350,000 POLICYHOLDERS

IN 1947, your Company had the best year by far in its long history—thanks to your co-operation and confidence. More than 42,000 Manufacturers Life contracts were purchased last year, bringing many new policyholders into our Company and increasing the amount of protection owned by others. Since a Life Insurance Company is primarily a service institution its success must be measured in terms of service. Here, in part, is the record of our 61st year:

$7,415,661 paid to beneficiaries under 2,504 policies to relieve the financial effects of the death of a breadwinner.

$13,796,115 paid to living policyholders and annuitants.

$27,978,300 added to the assets carefully invested for your protection.

$160,418,091 of new insurance and annuities issued to bring the Business in Force to over One Billion Dollars.

Canadian Appeal For Children Commences February 9th

The Canadian Appeal for Children is launching a campaign on Feb. 9th to raise $[illegible] to assist needy children in war-torn countries throughout Europe and Asia.

There are 460 million children in the world today—homeless, hungry, diseased — who look to Canada for help. Food, clothing, educational and medical supplies will be shipped to these needy children as soon as we—the Canadian people — make it possible. There is no time to waste.

The kind of world we are going to live in depends on what we do now to save the lives, minds and bodies of the world's children.

Around the world [illegible] million of children today are [illegible] scrambling for food in gutters and on garbage dumps, shivering in rags, homeless and hopeless. Without schools their minds are becoming as misshapen as their bodies.

In Europe, half the children born since the war are already dead of malnutrition. That is what is happening all over the world. The plight of those who are left is desperate.

Our future is bound up with theirs. If we don't help provide them with food, clothing and school supplies and help safeguard the health of the [illegible] children who survive [illegible] up with sickly bodies and [illegible] embittered minds. The world will have to share with them [illegible] a world of tragedy for all of us.

[illegible] we are really helping ourselves. We must help them. That [illegible] the most important task facing us today.

Canadian Appeal For Children offers all of us the opportunity of sharing in this vital task. Commencing Feb. 9th its campaign is being jointly conducted by the United Nations Appeal for Children and the Canadian Council for [illegible] through UNESCO. There are [illegible] will have the [illegible] and professional [illegible] industry [illegible] service [illegible] cultural and other organizations.

A. T. A. Urges Parents "Look Well To Your Schools"

EDMONTON — Urging parents to "look well to your schools", the Alberta Teachers' Association this week [illegible] educational slums and scored a general lack of adequate library facilities.

[illegible] the present Alberta educational set-up the A.T.A. emphasized [illegible] were in charge [illegible] with education [illegible].

The average Alberta teacher has only 14 years of experience and is paid $1[illegible] a year. In the cities only 33 teachers of every hundred have University degrees; teachers cannot be trained fast enough to replace those leaving the profession; the worst looking building in many communities is often the school; some Alberta schools haven't had a new library book for [illegible].

[illegible] the [illegible] to the province the A.T.A. report that 12% of city school [illegible] stay on the job for less than a year while in the country the percentage is as high as [illegible]. Less than [illegible] remain at their original schools for [illegible] years [illegible] of rural teachers stay that long. Average length of service for teachers with the same school [illegible] years.

Progress In Research

RECENT PROGRESS IN SCIENTIFIC research in Canada was outlined in the year-end review of the National Research Council, made public at the end of 1947. At a time when the products of Canadian farms and factories are in demand at home and abroad, it is interesting to know that the Research Council is constantly carrying on investigations into new possibilities of applying the results of scientific research to industry. Problems now being dealt with by the staff of more than 2,300 workers in the various laboratories of the council, include those related to food chemistry, refrigeration, radar, aircraft, motion pictures, heating lubrication, textiles, rubber construction and industrial processes.

* * * * *

Important New Field Of Work

In addition, there is the important work being done in the new field of atomic energy, in which radio-active materials are being produced to be used in medical and industrial research. An outstanding development in this field has been in connection with the work of Dr. J. W. Spinks of the University of Saskatchewan, and formerly with the staff of the atomic energy plant. By the use of radio-active materials Dr. Spinks has found out a great deal about the growth of wheat plants and [illegible] the farmer's knowledge of this important subject. Work is also being done by scientists of the research council on refrigeration storage of meats, the processing of dairy products and of liquid and dried eggs, and on the production of anti-freeze and other useful materials from low grade wheat and surplus crops.

* * * * *

Of Great Value To Producers

Dr. C. J. Mackenzie president of the council, suggested recently that at least one per cent. of the national income should be spent on scientific research. He further suggested that half of this might be supplied by the government and the rest by Canadian industries, in furthering the applications of science to the processing of our raw materials. Rt. Hon. C. D. Howe stated not long ago that Canada is now making more than 200 products which had never been made here prior to the Second World War, and he added that there are few manufactured products which cannot be produced as cheaply in Canada as anywhere in the world, assuming that there was an adequate market for them. Experience has already taught us that science can be of great practical value. If we are to continue to advance, and to solve the new problems which constantly arise in production, whether in connection with agriculture or in our factories, it is apparent that scientific research is necessary. The National Research Council is contributing a great deal to industrial development in Canada now, and it is to be hoped that it will have the means to continue to expand, and to provide producers with new knowledge and improved methods for preparing Canadian goods for market both here and in other countries.

Quickly Relieves Distress of
Sneezy, Stuffy Head Colds
A little Va-tro-nol up each nostril promptly relieves stuffy distress of head colds—makes breathing easier.

Saskatchewan Weeklies Choose Convention Date

The Saskatchewan division of the Canadian Weekly Newspaper association annual convention will be held Aug. 5 and 6, in Hotel Saskatchewan, it was announced by Walter Ashfield, secretary-manager of the association. The date was arranged at a meeting of the executive.

Attending the meeting were: R. J. Dornan, Alameda, president; T. E. Scriver, Wolseley vice-president; W. Ashfield, Grenfell, secretary-manager, Gerald Humphrey, Nokomis; A. Bock, Battleford, George Lancaster, Melfort, R. G. Quick, Weyburn, past president.

PREDICTS GOOD TRAPPING IN NORTHERN MANITOBA

THE PAS, Man. — Trappers in northern Manitoba are in for a period of prosperity. At least, that's the view of D. M. Stephens deputy minister of mines and natural resources for Manitoba.

The deputy minister told the Rotary club recently that returns from [illegible] mean anywhere from $400 to $1,000 for every trapper in this section. He also predicted that the beaver population would double or treble within two to five years.

Planes Drop Grain For Pheasants

WINNIPEG. Game birds in southwestern Manitoba have not been forgotten this cold and wintry weather, as grain is being dropped from an airplane to provide food for them. Through the efforts of members of the Melita Game and Fish association, G. Serafin, game guardian of Virden, has been flown over the Sourisford district by C. Reddaway to drop grain for the pheasants. The grain was packed in paper bags, about 10 pounds to a bag, which broke when striking the ground.

GEMS OF THOUGHT

INDUSTRY

In the ordinary business of life industry can do anything which genius can do, and very many things which it cannot.—H. W. Beecher

What men want is not talent; it is purpose, in other words, not the power to achieve, but the will to labor.—Bulwer-Lytton.

The darkest hour in the history of any young man is when he sits down to study how to get money without honestly earning it.—Horace Greeley.

When a young man vainly boasted, "I am wise, for I have conversed with many wise men," Epictetus made answer, "And I with many rich men, but I am not rich." The richest blessings are obtained by labor. —Mary Baker Eddy.

A man who gives his children habits of industry provides for them better than by giving them a fortune.—[illegible]

Application is the price to be paid for mental acquisition. To have the harvest we must sow the seed.—Gamaliel Bailey

Made It In Reverse

DUQUOIN, Ill.—Dr. G. R. Gutridge got a hurry-up call from the hospital and rushed to the garage to get his automobile. After he backed his car out of the garage the gearshift got stuck and Dr. Gutridge drove the six blocks to the hospital—backwards.

Benjamin Franklin forecast the use of parachute troops.

PONCE DE LEON'S SHIP RECONSTRUCTED—If Ponce de Leon returned to earth and saw this ship, he would think he had not died 400 years ago. It's an exact model of the vessel in which he crossed the Atlantic in 1513 and discovered Florida. The ship was built for $12,000 as part of a Florida pageant.

FUNNY And OTHERWISE

"I hear you're related to our wealthy parishioner?"
"Distantly."
"How distant?"
"As far distant as he can keep me."

• • • •

Watching the doughnut-making machine in the window, the golfer sighed: "How easily it makes a hole-in-one."

• • • •

"I am going to kiss you before I go," said the young man who had outstayed his welcome.

"Do it now while I'm still young," replied the girl, wearily.

• • • •

What is a budget?
Well, it is a method of worrying before you spend, instead of afterward.

• • • •

Movie Star: "I've decided to demand a new trial."
Interviewer: "But why? You won the case."
Movie Star: "I know, but I'm not satisfied with the publicity."

• • • •

Joan had been naughty. When her mother was putting her to bed she said, "When you say your prayers, Joan, ask God to make you a good girl tomorrow."

With an inquiring glance, Joan said, "Why? What's on tomorrow?"

• • • •

Two sweet young things were discussing affairs of the heart.

"So you've accepted Tom?" said one [illegible]. "I suppose he didn't happen to mention that he had previously proposed to me?"

"Well, not exactly," replied the other blandly; "but he did confess that he'd done a lot of silly things before he met me."

• • • •

A very small boy arrived home dejectedly from his first day at school.

"I'm not going tomorrow," he announced.

"And why not?" challenged his mother.

"Well," he replied, "I can't read, I can't write, they won't let me talk—so what's the use?"

• • • •

The weary father was marching up and down at 1 a.m. with a wailing infant in his arms, when there came a knock at the door. It was the tenant from below, carrying a pair of new shoes.

"I say, old man," he said, "while you're about it, you might break these in for me."

• • • •

He was in deep disgrace, and, try as he would, he could not get a smile out of his wife at breakfast.

"Are you cross with me because I came home with a black eye last night?" he asked in desperation.

"No," replied his wife, tersely, "you hadn't got it when you came home."

• • • •

One of John's best friends had died, so he called on the widow to express his sympathy.

"Jim and I were friends," he said. "Isn't there something I could have as a memento of him?"

She raised her velvety brown eyes, which a few seconds before had been wet with tears.

"How would I do?" she murmured.

ELECTS CIVIC BODY THE EASIEST WAY

SHEDIAC, N.B. — They still go through the motions of filing nominations but there hasn't been a civic election in this French-English settlement for almost 30 years.

The two language factions do it their own, calm way. They just name a slate of citizens to get together, talk things over, and decide who's going to run the town.

They have done it again and returned French-speaking Mayor Joseph E. LeBlanc and his 1947 council.

A new spice is a blend of cinnamon, nutmeg and other spices especially dedicated to apple pies. [illegible]

Says Auto Bonspiel Will Wear Out If Too Many Held

WINNIPEG. — Canadian Curling Associations may take a dim view of it, but Grant Watson of Winnipeg, winner of the recent Nipawin, Sask., automobile bonspiel and twice member of Canadian championship rinks, says the Nipawin 'spiel is "much tougher" than curling for the Canadian title.

Quizzed by Scotty (Winnipeg Free Press) Harper, Watson explained that while there were 121 rinks entered in the Nipawin affair not more than 10 of them were capable of winning the cars, but six of these 10 were from Winnipeg.

Harper said the Nipawin 'spiel made money this year, with more than $5,000 coming in through broadcasting rights while good crowds watched the games each day.

Although the idea of a "commercialized" bonspiel was frowned on by various curling associations, no move was made to halt the proceedings. But if rumors are correct that other cities and towns are talking of putting one on, that type of bonspiel will wear itself out.

"If we get too many of these affairs that will kill it," Watson told Harper.

Anyway, Nipawin officials are going right ahead with preparations for their third annual 'spiel, with ideas of increasing prizes which this year totalled around $23,000.

OLD COURT DRESS FOR PROVINCIAL ARCHIVES

VICTORIA, B.C. — A full court dress, worn at three coronations of British sovereigns, has been presented to the provincial archives.

Of embroidered satin with crimson velvet kirtle and robe edged with miniver and coronet, the dress was worn by the late Viscountess Churchill at the coronations of George VI, Edward VII and George V.

Mrs. H. R. Beaven, sister-in-law of Viscountess Churchill, presented the gown to the archives. The viscountess was the daughter of Hon. Robert Beaven, B.C., premier 1882-83.

There are more injuries in baseball than any other sport.

Expect To Complete All-Weather Highway To Yellowknife Area

When Road Is Finished It Will Usher In A New Era For Northland

EDMONTON. — A $4,000,000 highway, started in the summer of 1946, and expected to be completed this year, will usher in a new era for Canada's northland.

Only 75 miles of road remain to be completed in the Grimshaw-Hay River highway. This all-year, all-weather road stretches for 385 miles along the bank of the Hay River, through a wilderness of forest and boulders between Grimshaw in the Peace River country and Hay River post on the south shore of Great Slave Lake.

When the highway is officially opened next August Yellowknife and adjacent mining areas will be served for the first time in history with a first-class gravelled highway over which heavy freight and supplies may be shipped the year round from Edmonton and other north-country supply depots.

One of the wettest summers in northern history held back scheduled progress of the work last year. It had originally been planned to complete the highway before freeze-up.

The permafrost problem, one that plagued United States army engineers while building the Alaska highway and the Canol pipeline road entered the picture in this highway too.

Frozen Ground

Permafrost is the portion of ground that remains permanently frozen in the far north from varying depths up toward the surface. [illegible] roads by ordinary methods employed in settled sections of the country is of no use in the Arctic and sub-Arctic regions. The problem was solved by building the road up from gravel and clay pits so that the highway would not cave-in if the warm sun started thawing the frost in the short summer period.

The Dominion government is bearing the $1,200,000 cost of the highway from Hay River post to the Alberta boundary, a distance of 81 miles. The federal and provincial governments are sharing the remainder of the cost.

Plans for construction of a permanent highway that could be used the year-round for serving the needs of expanding northern mining projects began when the war ended. Development in gold and uranium fields proved that the highway was not an idle wish but a necessity.

The road traverses a country that is rich in timber and also picturesque. It is expected that in addition to serving the northland, it will prove popular with tourists.

QUITE A RECORD

MONTREAL.—Mrs. Caroline Phillips has stood guard over a Salvation Army Christmas kettle on busy St. Catherines street here for the last 14 winters. This wouldn't be a novelty—except that Mrs. Phillips has five great-grandchildren.

CONTINUOUS LINE

When moving to a feeding place, certain caterpillars, known as army worms, proceed in a line with the head of each touching the tail of the caterpillar in front.

Help Yourself

LONDON—Rev. Ernest Peake, minister of Golbourne Congregational church, North Kensington, told his congregation: "If you need a meal, take something out of the collection plate."

Three tramps responded to the invitation.

"They looked very thin," Mr. Peake said. "We are glad to help them."

FREE!
NYLON STOCKINGS
Ladies, would you like to receive a pair of lovely nylon stockings, absolutely free? Then answer this simple question:
"What Is The Birth Stone For February?"
Send your answer together with your name, address and a wrapper from an empty package of DY-O-LA DYE, or a reasonable facsimile, to Johnson-Richardson Ltd., 33 Church St., Toronto. Specify the size of stockings you prefer.
A winning entry will be selected every day during February. Winners will receive one pair of nylon stockings if one wrapper of DY-O-LA DYE, or facsimile, is enclosed, two pairs of stockings if two wrappers are enclosed; three pairs of stockings if three wrappers are enclosed and so on. Contest closes February 28. You may send as many entries as you wish but each must be accompanied by a DY-O-LA DYE wrapper or facsimile.
DY-O-LA DYE is on sale at most drug and grocery stores. PRICE 15c PER PACKAGE. There's none better.

Thirty-two Years Ago Today

Interesting Items Gleaned from the Files of the Vermilion Standard
32 YEARS AGO TODAY

Feb. 2nd, 1916

L. H. Kokes and E. K. Glidden attended the U.F.A. provincial convention in Edmonton last week.

Cold weather continues and so does the extreme scarcity of coal.

No. 1 coyote skins were bringing $6 each; 10 yards of flannelette for $1 at Stephens store; boys' suits in sizes 24 to 28 in a price range from $5 to $9 per suit.

Sixteen Years Ago Today

Feb. 4, 1932

A very cold week was experienced with the warmest temperature being 16 below and this varied down to an even 50 below.

Cost of actual operation of schools for the town was $27,003.54.

A new drug store has been opened in Vermilion with Sidney Millward as proprietor. This occupies premises formerly used by Wener's hardware.

Men Wanted In Education

In 1939 there were 14,718 men teachers in the English-speaking provinces of Canada, and even then it was felt that this number was far too small to provide the necessary leadership and balance in education. But in 1946 there were only 11,654 men teachers. It is common knowledge that hundreds of very promising men in our own province took the opportunity on returning from war services to leave teaching and enter other occupations.

Men are needed in education to head our graded schools in cities, towns and villages, to go into rural communities where women teachers do not care to go; to give leadership to boys in athletic and club activities, and to assist in shaping the cultural life of our communities. We have too few of them, and over a ten-year period their numbers are decreasing.

The main reason for this decline in the relative number of men teachers is that teaching as a career fails to offer two things. It fails to offer any prospect of making money, and it fails to offer any old age security. Men of average common sense and intelligence want one or the other. If they give up the chance of "making a killing" they should be assured of a retiring pension. If they can have a chance in the world of free enterprise they will not look for a pension. But few men are likely to look with interest at a public service which offers limited pay and no pension. It is high time, in the public interest, that a proper and adequate Teacher Superannuation Scheme was put into effect in this and all Canadian provinces.

Ethelwyn News

Due to or side roads being blocked very little visiting is being done so news is scarce.

A dance was held in the school a short time ago but as the night was cold only a small crowd attended. A whist drive and bingo party is planned for tonight (Jan. 30) but after the way the wind has blown all day the roads will be thoroughly plugged up. Thorman Burns even had to shovel to get home with his Jeep.

Our best wishes go to Elsie and Caterina on their recent birthdays.

Mrs. Beal spent a few days at the home of her daughter Mr. and Mrs. Taylor and Darlean.

Mr. and Mrs. Jack Grant Jr. were Edmonton visitors last week. Their grandmother Mrs. Cavil of Vermilion made the trip with them.

Henry Carlton suffered a painful accident recently on the highway when a car ran into the back of his load of feed. Henry was thrown off the front of the rack under the horses. The team started to run and Henry was badly injured about the legs but managed to hold the lines and stop the team. We have not heard the extent of his injuries but wish him a speedy recovery.

The writer had a surprise guest for breakfast last Thursday morning in the person of Mr. Geo. Dolman of Campbell Lake. Mr. Dolman got up at 2 a.m., loaded a load of logs, drove 15 miles to the local sawmill and arrived there at 8 a.m. All of this activity in spite of the fact that the day before he had injured his leg by a fall on the ice when his team ran away.

The writer has just received a long letter from Mrs. Rody MacDonald. They are now well settled in their new home at Vernon, B.C. and like it very well. Alice sent this message to her friends here, "Rody and I miss our friends and neighbors very much and often think of five and our friends there. We wish each and everyone happiness, prosperity and the best of everything in 1948 and the years to come. Our children miss their pals too and wish that they could see them but since they cannot they send greetings and wish all their little friends health and happiness." We all miss Alice, Rody and the children but believe they made a wise move in getting close to a good school.

Amateur Boxing Contests in March

The northern Alberta amateur boxing eliminations will be held in Edmonton on March 8th and 9th in preparation for the Provincial finals which will be held in Edmonton this year on March 29 and 30. Any young man interested in this sport is invited to write to Jack Reilly, care the Edmonton Recreation Commission, for particulars concerning the above dates.

Will Urge Suspension Of Levy on Motorists

Collection by the Alberta government of the $1 fee imposed last year on all licensed motorists for the purpose of building up an accident indemnity fund should be suspended in the opinion of officials of the Alberta Motor Association.

The fund is understood to amount to around $150,000 while payments this year for the purpose of compensating persons injured in motor accidents have been negligible.

In Manitoba the provincial authorities have decided that payment of $1 fee into the fund should be temporarily suspended, owing to the large amount in the reserve and the small number of claims.

A.M.A. officials feel that action by the provincial authorities in Alberta would be fully justified in view of [illegible] similar situation here.

It is expected that representations will be made to the provincial government prior to the opening of the regular session of the legislature on Feb 12th.

Some time ago it was [illegible] new amending legislation [illegible] the accident indemnity bill passed at the 1947 session will be introduced.

Local News of Interest

Macleod's Manager Attends Sales Show

Charlie Upshall, manager of the Macleod's Limited store here, is attending a sales show and conference in Winnipeg from Feb. 2 to 4 inclusive.

Managers of Macleod's Limited stores in three prairie provinces and managers of Western Auto stores — operated by Macleod's Limited in British Columbia — will convene for the three day conference in the Tapestry Room of the Royal Alexandra hotel. Company officials and associates, including representatives of all merchandising and selling divisions will be in attendance.

An informative program and demonstrative schedule emphasizing consumer merchandising needs and buying trends has been planned for the conference.

Win 10 Games At Wainwright 'Spiel

The Gordon Park skipped quartet [illegible] very good account of themselves at the Wainwright bonspiel last week. They won ten games, dropping only 2. They reached the finals in the visitors and the semi-finals in the Grand Challenge. Darrell Currah was throwing third rocks, Jack Hossam 2nd and Glen Gibbons lead.

Ken Rowe Rink Wins Round Robin Play-Off

Ken Rowe, winner of B Section in the round-robin competition played by the local men's curling club, went on to eliminate the Percy Moffatt rink in the semi-final and Bill Barr and Co. in the final.

Ken's winning rink is comprised of himself on the "T", Jack Reid 3rd, Roger Rowe 2nd, Harold Moyer lead.

Bill Barr won the A section with 7 wins, Ken Rowe B with 5 wins and 1 loss, Percy Moffatt C with 6 and 1 and Melvin Hill with 6 straight.

A Vermilion rink skipped by George Webb with Ken Rowe, Mac Simmonson, and Roger Rowe is playing in the Edmonton bonspiel this week. Other rinks at the city's big spiel from this district are Wally Antrim of Claysmore, Henry Haas of Rivercourse, Dr. P. G. Miller of Elk Point, Frank Bowman and Fred Braithwaite of Dewberry, Lars Thomassen, Innisfree.

'TEEN TOWN

The regular meeting of the Teen Agers executive was held at the home of Louise Reddick on Jan. 28th. The main business of the meeting was about our Waltz Night on Jan. 27th. To our delight and surprise we cleared $19.50. With no further business the meeting was adjourned. Next meeting will be at the home of [illegible] Day.

118 Years in Business, and Still Going Strong

Mrs. I. Winters received word last Thursday morning of the sudden death of a cousin, T. J. F. Aikenhead of Toronto, a member of a business firm founded by his grandfather, the late James Aikenhead in 1830 and still carrying on. Mrs. Winters' cousin [illegible] his 51 years in business was especially prominent in the work of the community chest of which he was a director for many years. For two years during the war he served on the Wartime Prices and Trade Board where he was director of the retail hardware division. He was educated at Upper Canada college and in 1912 joined the firm founded by his grandfather in 1830. Two years ago he succeeded his father, the late T. F. Aikenhead as president. Two sons will now carry on the business.

When cutting out garments use a long stroke rather than a short choppy stroke. This places less strain on the shears and gives a more accurate cut line.

Where men have no sense of humor there's a sense of something missing.

86 ON SATURDAY

James Barr will be 86 years old this Saturday Feb. 7th and very few days this winter have failed to see him make the rounds of the farm yard. It is interesting to note that Mr. Barr's sister who lives at Vankleek Hill, Ont., was 87 years old on Jan. 5th. This lady is Blakely Barton's mother.

BORN—To Mr. and Mrs. E. O. Jones of Winnipeg (nee Beryl Cross, daughter of Mr. and Mrs. P. E. Cross, Vermilion), a daughter on Feb. 2nd, Caroline Susan. Weight 7 lb. 2 oz.

R.C.M.P. Constable Lloyd Johnston, R.R. 1, Irma, left Regina last week and is now out on detachment. He is posted to "J" Division, Fredericton, N.B.

Robert Repp, son of Mr. and Mrs. O. Repp, has gone to Calgary for an extended visit.

Mr. W. Colbert of Edmonton and his daughter Mrs. Jack Hurley of Vancouver visited at the home of Mr. and Mrs. J. J. Part on Sunday and Monday.

Mr. and Mrs. Bert Taylor and son Lorne of Edmonton spent last week end in town visiting at the home of their daughter and son-in-law Mr. and Mrs. Lloyd Donnelly. Bert is recovering from a recent operation for appendicitis and is taking the opportunity to renew old acquaintances in Vermilion.

Joe Green spent a day or two in Vegreville last week.

Mr. and Mrs. Henry Eyben of Vermilion spent last week end with their sons George and Henry at the old family home on the farm in Cummings.

Two names familiar to Vermilion and district people were appointed to the executive of the Alberta School Inspectors' Association at the annual meeting of that body held last week. Munro McLeod of Calgary was named vice-president and Charlie Laverty of High River is a member of the executive. E. W. White of Vegreville is secretary-treasurer.

United Church W.A. Group Meetings

The W. A. groups of the United church will meet on Tuesday, Feb. 10th at 3 p.m. as follows:

Mrs. S. Waldenberger's group at Mrs. Harold Moyer, Mrs. Hay's group at Mrs. Goodi, Mrs. Dick's group at Mrs. C. W. Stephens.

Charlie Coulter who works for the Husky interests at Lloydminster returned Tuesday of last week from a quick business trip to California. From Calgary and return the trip was made by plane.

A New Year but the same quick personalized service at Lloyd Harris Barber shop. Miss Hofbauer in charge of the Beauty parlor. Staff

Vermilion Red Cross Reports Active Year

REV. T. W. TEAPE ELECTED PRESIDENT

The annual meeting of the Vermilion branch of the Canadian Red Cross was held in the town hall Monday evening Jan. 26th with Mrs. E. C. Miller presiding.

Reports from the various officers and conveners for the year 1947 were received.

JUNIOR RED CROSS

The Junior Red Cross report was very ably read by Stewart Cooper, a pupil of Grade 5. Several grades in the public school have been quite active in Junior Red Cross work during the year resulting in generous contributions to the Crippled Children's hospital and to local charities.

The Work convener reported a total of 415 sewn or knitted garments shipped to Edmonton during the year. Mrs. Miller spoke of the work of the Knit-Wit club which had made over 100 articles during the year.

GANTON-WATSON AUXILIARY

The Ganton-Watson auxiliary sent in a report showing that 9 quilts and an appreciable number of other articles had been completed during the year, also that generous contributions of money had been made to the Red Cross Ambulance appeal and to the annual Red Cross drive for funds.

The following slate of officers were elected for 1948:

President—Rev. T. W. Teape

Vice President—Mrs. E. C. Miller

Secretary and Publicity—Mrs. E. H. Buckingham

Treasurer—A. M. Cumming

Work Convener—Mrs. M. Hill

Shipment—Mrs. S. C. Heckbert

Campaign Manager—W. P. Pilkie

Jr. Red Cross—Miss P. McCallum

Finance—Tom Stack

Relief Committee—Rev. Teape, Mrs. Miller, Mrs. Buckingham, Mrs. J. R. Robson

Following the election the business of the meeting was resumed with the newly elected president, Rev. T. W. Teape, presiding.

Among correspondence received was a letter from Mrs. R. Proctor, convener of work, Edmonton branch, who wished to thank all members for the splendid box of goods received in the last shipment.

The meeting closed with a vote of thanks to Mrs. E. C. Miller for acting as president during the past few months.

ISLAY

WORLD DAY OF PRAYER AT ISLAY

On Feb. 13th, the first Friday in Lent, the World Day of Prayer will be observed in the Islay church at 3 p.m. A very fine program has been arranged by the Women's Inter-Church Council of Canada. The world surely needs all of our prayers now as in the war days. Urgent relief has been called for Europe and Asia. Your generous contributions to the World Day of Prayer offering will enable the Inter-Church council to add to grants already made. 38-8

Annual Meeting of Vermilion Savings And Credit Union

GROUP INSURANCE IS CARRIED ON MEMBERS

The 4th annual meeting of the Vermilion Savings and Credit Union, Ltd., was held in the Masonic hall, Jan. 22, with not so many present as should have been, however, sufficient to make a very good meeting, from the view point of the active interest displayed by the questions asked of the two inspectors who were present. It was made possible to have these two from the Department by the co-operation of Chauvin, Edgerton, Wainwright and Vermilion having conventions on successive days, thereby eliminating time, travelling and expense.

The financial statement showed an increase in the share account of 50 per cent thus indicating that the co-operative spirit in the Credit Union is growing. Group insurance is carried on all members to the amount that is held by them in their share account, but not exceeding $1,000 up to age of 54 years. From 55 to 70 years payment is made on a per centage reduction basis. Liability insurance is carried on all loans against death and total disability.

The principle of the Credit Union is to teach and practice thrift, that is, to save and provide for your own retirement on a full pension created by your own endeavors. What better way is there than the Credit Union way? Your estate protected dollar for dollar as stated above, while you save.

This modern way of doing business is something your grandfather never dreamed of — rugged individualism may have satisfied him, in his day and generation—but this generation is finding out more and more that co-operation is the keynote to success and better living.

Credit Unionism hasn't a thing to offer, except "Service to Save". Start now, do it with those who share your idea as a way of life!

How does your label read?

HOCKEY TOURNAMENT HERE PROVES A GREAT SUCCESS

INNISFREE WINS FROM IRMA IN THRILLING OVERTIME FINAL—MANY VISITORS ATTRACTED TO TOWN FOR DAY'S EVENT — CARRIED OUT BY THE VERMILION AMATEUR ATHLETIC ASSOC'N.

In spite of severe weather and drifted roads the hockey tournament sponsored by the Vermilion Amateur Athletic Association on Saturday was a marked success, the games were good, and the attendance from distant points was really remarkable, so much so that the event was a financial success carrying itself very nicely. The town was crowded all day long in spite of the cold weather, and local business men noticed the lift the event gave business generally.

The Vermilion Amateur Athletic Association and its officers, who took the time and trouble to arrange and carry out the event are to be congratulated on their initiative and the manner in which the day's program was run off. It was a big undertaking well handled and is one more reason the Amateur Athletic Association should receive generous support when they make their annual canvass this [illegible].

A GREAT FINAL

The final game between Innisfree and Irma was a thriller from beginning to end. It was a free scoring game with first one team and then the other having the edge. The Irma team had an unbeaten record for the past season, both teams were gunning for the $100 first prize. With 1st 3½ minutes to go Innisfree had a 7-6 lead but Wasylto was too zealous and drew a 2-minute penalty for tripping, Irma pulled their goalie, put on six forwards and tied up the score at 7 all, Jones scoring from Symington. This forced the game into overtime and it was decided that the first goal ended the game. The overtime was short and snappy, Hawryluk scoring on Novakowski's pass in 39 seconds.

The game had all the thrills of the big time and kept a goodly crowd on their toes throughout, the ending being a fitting one for a great day of hockey.

Innisfree played 4 games during the day and Irma three.

42 MINUTES OVERTIME

Another one for the records was the Clandonald-Elk Point set-to in the preliminary round which required 42 minutes overtime before Elk Point scored the winning goal, final score 2-1.

RESULTS

Results of the first round: Vermilion 13, Kitscoty 4; Innisfree 4, Buffalo Coulee 2; Elk Point 2, Clandonald 1; Derwent 2, V.S.A. 1; Irma 6, Dewberry 0; Paschendaele 1, Rusylvia 0.

Second round—Innisfree 7, Vermilion 1; Elk Point 2, Derwent 1.

Semi-finals—Innisfree 2, Elk Point 0; Irma 4, Paschendaele 1.

Final—Innisfree 8, Irma 7.

PRESENT CUP AND PRIZES

Following the tourney the two finalist teams lined up at centre ice and President Reg Mitchell of the V.A.A.A. presented Capt. Buster Hoff of the Innisfree team with the Northern Hardware Challenge trophy and the $100 first prize, and Irma with the 2nd prize of $50. Reg congratulated the teams on their exhibition of hockey and commended them for the very fine feeling of sportsmanship displayed throughout the tournament and in the final.

Personnel of the winning teams — Innisfree: M. Woytaiw, Z. Hawryluk, B. Hoff, J. Hawryluk, V. Novakowski, H. Sheludi, R. Sparrow, S. Randall, K. Kirk, J. Richards, H. Dzioba, D. Wasylto, M. Jackson, E. Chanasyk.

Irma: Iskie, Fenton, Kirkman, Montjoy, King, Jones, Symington, Baker, Glasgow, Ramsay, Turner, O'Connor.

TWELVE TEAMS

Twelve teams competed and this required 11 games and included one which went 42 minutes overtime and two others that went into short overtime periods.

General management of the event was by Reg Mitchell, Tom Stack, Ken Urquhart, Jim Part and Sandy Watt. Referees were Doug Holmescombe, Manson Barr, Russell Carroll, Jim Roxborough, Art Wiebe. Timekeeping was handled by Ross Hooke, Wally Heighton, Ashley Cooper, Brent Macnab, Reg Mitchell and Tom Stack. Some of the officials gave up their entire day to the successful handling of the event and the thanks of the town in general is due them.

Webb Rink Brings Home Edmonton Cup

For the first time in many a long year a Vermilion rink has brought home a cup from the Edmonton bonspiel and a fine looking trophy it is. The successful entry in the event was skipped by George Webb with Ken Rowe 3rd, Mac Simonson 2nd and Lesser Rowe lead. The competition was in the Royal George Island hotel event and the final game was against the Rattan rink from [illegible] resulting in a close [illegible] as follows:

Rattan [illegible]

Webb [illegible]

Public recognition was given the curling rink by their home town on Wednesday when the four men were guests of the Board of Trade and [illegible] taken of their achievement.

Paul Bowlen Uninjured in Car-Train Crash

Paul Bowlen, formerly of Vermilion, escaped injury but his car was badly [illegible] in a car-train collision just shortly after noon Tuesday. The accident occurred at 115 ave. and 121 st. Edmonton.

Police said that Bowlen, 10412 133 st. failed to see the south bound train in time as he turned west on 115 ave. from 121 st. Bowlen attempted to stop but his car skidded to the tracks. The car was swung off the track to the side of the road a distance of 76 feet.

EMERGENCY AUTO SERVICE

Gasoline and emergency auto service at Maxwell Service for Sunday Feb. 15th and following week. Garage open to 11 p.m. week days and 7 p.m. Sundays. [illegible]

School Carnival This Saturday, Feb. 14th

Noreen is Queen

NOREEN McGINNIS

FLASH—Noreen McGinnis will be crowned the Flower Queen at the Vermilion School Children's Ice Show on Saturday night. In the Queen contest Noreen polled the largest number of votes. The standing when the contest closed at noon Thursday was Noreen McGinnis, sponsored by the Board of Trade, 412 votes; Shirley Carroll, 406 votes, sponsored by the Stagettes; Ruth Simonson, 390 votes, sponsored by the Elks; Phyllis Westman, 364 votes, sponsored by Legion.

INVITATION

All the flowers of the Woodland Glens request the pleasure of your company for the Coronation Ceremony of their Queen at the Vermilion arena on Saturday Feb. 14 at 8 p.m.

The drills have been practised, the costumes made, and the Queen has been chosen. All is in readiness, so bring your robes—it may be cold. One of the young ladies, whose votes you have been following, will be crowned Queen of the Bluebells, Roses, Tulips, Sunflowers, Forget-me-nots and hosts of other flowers.

Despite the severe weather, practices have gone on, and the children, approximately 200 in number, have worked faithfully. Many changes, due to the sub-zero temperature, have had to be made at the last minute. It would have been unwise to keep the youngsters on the ice longer than 5 or 6 minutes at a time.

We are deeply grateful to those who have assisted us in making costumes. Without such help, this great Ice Ballet would have been practically impossible. Our thanks go too, to the Arena committee for giving us so much skating time for the practices. The organizations sponsoring the Queen candidates, and who so well arranged the beautiful floats in last Saturdays' parade, receive our deepest appreciation. We have felt that this Ice Show has been a worthwhile enterprise from the pupil standpoint, and we hope from the audience standpoint it will be worth while observing.

Vermilion River M.D. Annual Meeting

AT ELKS HALL ON SATURDAY, FEBRUARY 21st

According to notices the Vermilion River M.D. electors will hold their annual meeting at the Elks hall, Vermilion, on Saturday afternoon Feb. 21st in the afternoon. During the course of the meeting an hour has been set aside to receive nominations for councillors for no less than five of the seven divisions. The Standard understands that this unusual condition is due to the fact that Councillors Currey and Treeman have resigned before their terms were up in addition to the terms of three councillors normally expiring.

Representing the divisions for which nominations will be received are Div. 1 J. A. Currey, resigned; Div. 2 G. B. Clay; 3, R. Treeman, resigned; 4, G. H. [illegible]; 7, T. W. Lambie.

HOSPITAL REPRESENTATIVES

Nominations will also be received for hospital representatives, terms of Charles E. Thompson and Norman McClellan expire. These men represent areas in Vermilion River M.D. Other members of the hospital board whose terms run out are H. R. Parker who represents the Town of Vermilion and J. C. Tucker representing the former Mulberta M.D. now included in Minburn municipality.

"GREEN ACRES"

ORDERS FOR BEES

Anyone requiring package bees should order now, as a shortage is expected again this year. In the case of the supply being limited the first names on the list will be supplied first. Leave orders with your District Agriculturist.

FARM CROP SEED

Orders are being listed now for Alfalfa, Brome, Crested Wheat and Sweet Clover seed from Government stocks. Prices are down several cents per pound this year so it is a good time to seed down some land to grass and alfalfa.

IODINE FOR BROOD SOWS

In order to protect against litters coming hairless or being born weak it is necessary to feed iodine to the sows. One ounce of potassium iodide is dissolved in one gallon of water and one tablespoonful per sow is mixed daily with the feed. This treatment should commence shortly after the sow is bred.

SEED GRAIN SUPPLIES

Most of the available supplies of oat and barley seed seems to have been picked up. Farmers still requiring seed should get their supplies immediately, before any more that would [illegible] be [illegible] sold out [illegible] call at this office.

BABY CHICK SALES

[illegible] This is especially [illegible] being well [illegible] grow [illegible] for catalog and prices of baby chicks.

FARM LABOR

There are a few good farm hands [illegible] for work. If any [illegible] feed [illegible] wood, would you [illegible] particulars and [illegible] someone for you.

Quiet Annual Meeting

No Fireworks

The annual meeting of the electors of the town of Vermilion was held on Monday evening with a smaller attendance than usual owing no doubt to numerous counter attractions. However there were 32 interested persons at the meeting which produced nothing in the way of excitement or criticism of the management of the town during 1947.

George Mattis was moved to the chair and Frank Walker appointed secretary. Each chairman of the various committees gave his report in turn, reviewing in more detail the figures and facts contained in the financial statement.

The reports [illegible] Gerald Stephens, chairman finance committee; Leon Kehoe, public works; Ken Urquhart, fire and police; Tom Stack, sanitation [illegible]; Ross Hooke [illegible] for the [illegible] Part.

MAYOR'S ADDRESS

Biggest Project in West

The Mayor's address dealt with the progress on the water [illegible] system in detail [illegible] to [illegible] given by engineers [illegible] the Vermilion [illegible] probable [illegible] any town in western Canada [illegible] 1947.

TRIBUTE TO B.P.O.E.

The Mayor paid considerable tribute to the local Elks for undertaking and building the new hall for the Scouts and Cubs. He stated that [illegible] was too great to be taken on behalf of the welfare of our boys and girls.

Salt Plant Option Expires

The speaker also said that the Salt interests which had an option on certain properties to the east of the town had let the option expire so that he considered salt development a dead issue here. It was generally known that the company considering erecting a salt plant in Vermilion had become interested in the new factory at Lindbergh.

TRYING YEAR AHEAD

The Mayor finished his remarks by stating that he and the council expected a trying time during 1948 and asked the indulgence of everyone pending the completion of the installation of water and sewer and the return of our streets and roads to something resembling normal condition.

Some questions were asked regarding amount of contracts let and money on hand to meet said contracts. It appears that there will be a deficit of [illegible] on the water and sewer [illegible] when completed.

PROTECTION FROM DOGS

[illegible] elector asked for protection [illegible] of the town dogs which [illegible] It was generally felt that owners of dogs should keep the [illegible] at [illegible] effect [illegible] should be enforced.

SANITARY BY-LAWS

[illegible] asked by one citizen this [illegible] sanitary [illegible] the sanitary inspector would [illegible] investigate any complaints registered at the town office.

Installation of Water, Sewer Services

In answer to a question regarding installation of water and sewer lines from the mains to the basement of house or business premises, it was explained that the town would have a competent man and crew available in the spring to undertake this work. They had already procured sewer tile and [illegible] pipe for this purpose [illegible] basement on to the bath [illegible] the individual's own [illegible].

HOSPITAL REPORT

[illegible]

SCHOOL DISTRICT

Owing to the Vermilion school district now being governed by a [illegible] [illegible]

[illegible] their lives. Build for the Blind! Leave your contribution at your bank today.

Nomination Day, Monday, Feb. 16th

Nominations will be received between the hours of 11 a.m. and 12 noon Monday Feb. 16th at the town office for two vacancies on the town council the terms of councillors Gerald Stephens and Ross Hooke having expired, also for hospital representative for the town, H. R. Parker having completed another two year term. Official notice and details are contained elsewhere in this issue. Albert Hildreth is returning officer.

Ladies' Challenge Goes to Mrs. Fay Park

MRS. MAJEAU, MANNVILLE, WINS THE PROFESSIONAL SHIELD; BONSPIEL MARKED SUCCESS

Three competitions, the Grand Challenge, the Professional Shield and the Consolation, were played in the Vermilion Ladies bonspiel during Tuesday and Wednesday of last week. 22 rinks, 12 visiting [illegible] and 10 [illegible]

THE WINNERS

GRAND CHALLENGE — 1st, Mrs. Fay Park, Vermilion; 2nd, Mrs. Kay Part, Vermilion; 3rd, Mrs. M. Sengjus, Mannville; 4th, Mrs. M. Ambler, Mannville.

PROFESSIONAL SHIELD — 1st, Mrs. G. Majeau, Mannville; 2, Mrs. D. Braithwaite, Dewberry; 3, Mrs. J. Locke, Vegreville; 4th, Mrs. Fay Park.

CONSOLATION—1st, Mrs. P. Lipsey, Vermilion; 2, Mrs. D. Hastings, Mannville; 3, Mrs. C. Coombes, Lloydminster; 4th, Mrs. L. Beresford, Vermilion.

Tuesday evening the Vermilion club entertained the visitors at a banquet held at the Elks hall. Mrs. Kay Part led a sing song of parodies to suit the occasion, and then later proposed the toast to the visitors. Each of the visiting skips said a few words of thanks and introduced their rinks to their hostesses. An amusing skit featuring curling terms and "boofs" took the form of a radio program "What's Your Boof?". The skit was [illegible] by Mrs. L. Clarke assisted by Mrs. E. Stewart, Miss V. Vass and other members of the Vermilion Curling club. Mrs. W. Bentley presided at the banquet, and extended the thanks of the club to those non-members who so ably helped in serving at the rink cafe. These helpers were Mrs. M. Mitchell, Mrs. J. Crone, Mrs. M. Mitchell, Mrs. D. Richardson.

The special prize going to the rink winning the most games without getting into the fours was awarded to the rink skipped by Mrs. L. Klashinsky.

The only rink to win two prizes was composed of Mrs. Fay Park, skip; Mrs. Clarice Bengtson 3rd; Mrs. Kay Stewart 2nd and Miss Lena Biffler.

Two Rinks at the Lloydminster 'Spiel

Two rinks of Vermilion curlers are competing in the bonspiel at Lloydminster this week. The curlers are E. M. Stewart, Dr. Duncan Stewart, Gordon Ross and Glen Good in one quartet with Dr. Don King, Carmen Long, Darrel Curran, and Rand Calvert the other.

Widmere Winks

We, along with the community wish to extend our sincere sympathy to our Dowtell scribe on the loss of her mother Mrs. Fowler. Years ago this lady often rode to town with the writer and family when she lived east of town. We are deeply sorry to hear of her passing.

Our roads at time of writing have been blocked for several days and our kind hearted mail man has a big job getting his mail to get it to the boxes and to Widmere. Teams have been hauling it from the west highway where it is met at the writer's by another team from Widmere. We hope our road is soon open to town.

[illegible] Gatnell of Basswood is at present working at the V.S.A.

J. Wallington returned home just when our roads blocked up. He had to come out the west highway where Laurence Graham's car is yet. They had to wake up Sheldon May at 3 in the morning to get his team and sleigh to come across home. Jimmy called to see Mr. and Mrs. Harry Howard while in the city. Mrs. Howard did not like New York very well, everything is very expensive in the U.S. she says. We are all pleased to hear that Evelyn and husband are well.

Winter has hit its coldest this week but we are no worse off than most places elsewhere. Even B.C. was hit quite badly by storms and cold.

The Widmere W.I. held February meeting at the home of Mrs. Roy Dibben on Wednesday Feb. 4th with 8 members present. Owing to our president Mrs. Wilson being unable to come Mrs. W. J. Garnett, vice-president took the chair. A letter of thanks was read from Mrs. Herman Ryben's aunt in England who received the W.I. parcel sent in October. Articles for another parcel were donated and Mrs. Roy Dibben will pack and send it. The W.W.I. are having another parcel packed for the February objective. Mrs. Weisenberger is buying the contents and sending it. The members are to take any good used clothing to the March meeting. It was our January objective but word was not received in time. Even if late, it's to be done yet. The topic given by Mrs. Weisenberger was on T.B., a very interesting paper, only wish more could have heard it. Social was by Mrs. Gibson which was a contest won by Mrs. R. Dibben. Johnny Jump Up was won by Roy Dibben. He also won it at the last meeting held at the Dibben home, lucky eh, Roy? We forgot to mention roll call was answered by "What good did you get from 1947 W.I.?" Some very good receipts were given. After the meeting Mrs. Dibben served a tasty lunch which was enjoyed by all. Next meeting March 2 at Mrs. W. J. Garnett's. Topic by Mrs. Wallington on "Canadian Industries". Social—Irish joke by each member.

Congratulations to Mr. and Mrs. Frank Dibben of town on the birth of a son on Feb. 6th.

Laurence Graham had the misfortune to have a horse step on his foot crushing three toes. It is now on the mend.

Adam Smith, Bob Martin and Cliff Cruthers assisted by Mac Simonsen of town are playing at the Mannville bonspiel this week. Good luck boys.

IN MEMORIAM

McLEAN

There is no flock, however watched and tended,
But one dead lamb is there
There is no fireside howsoe'er defended
But has one vacant chair!
The air is full of farewells to the dying
And mournings for the dead
The heart of Rachel for her children crying
Will not be comforted!
All is of God!
Angels of Life and Death alike are His
Without His leave they pass no threshold o'er
Who then would wish or dare believing this,
Against his messenger to shut the door?

—In fond and ever-loving memory, Mom Dad, and family.

IN MEMORIAM

In loving memory of mother
[illegible]
who passed away Feb. 5, 1946
She is home away from sin and sorrow
To a nobler rest above
No one knows how much we miss her
Some hearts aching hearts can tell
Lost on earth but found in Heaven
Jesus doeth all things well

—Ever remembered by Willie, Ethel and family.

S. R. P. COOPER — PUBLISHER
Vermilion, Alta., February 12, 1948.

The Standard is very pleased to have that very popular column "Green Acres" back again this week. The column was temporarily discontinued by force of circumstances as the writer District Agriculturist E. H. Buckingham was a patient for several weeks in the Col. Mewburn hospital, Edmonton, and has not even yet recovered his usual health and vigor.

Flower Queen Parade Held on Saturday

The Flower Queen parade held on Saturday afternoon last proved several things, primarily that people still love a parade, as they stood around the streets in below zero weather waiting for the floats and then crossed to other streets to look it all over again. Secondly that adult organizations are so much interested in the School Children's Carnival here on Saturday that said organizations, Staggites, Elks Legion and Board of Trade spent hours and hours fixing up floats in support of the Flower Queens and in order to attract attention to the forthcoming carnival. The floats were good and those responsible are to be congratulated for their efforts. The Flower Queen candidates, nicely enthroned on their individual floats made lovely pictures and proved too, that Vermilion has some very pretty girls! All of this points to one MUST—attend the school children's carnival at the arena rink Saturday night.

THE WEATHER

The spell of a week of cold weather was broken Wednesday when the mercury climbed from 17 above to 33 above during the early evening.

Solving Soil Problems In The West

U.S. Soils Conservation Borrows Canadian Developments in Farming

By T. R. MELVILLE-NESS
Central Press Canadian

NOT so many years ago the average prairie farmer would have wrinkled his brow if asked the meaning of the words "soil conservation". He figured that, whatever it was, it didn't affect him anyway.

That was in the hey-day of the booming '20's. Most plains farmers had experienced a bit of drought here and there, but the country had not been settled long enough for many of them to have seen the drastic effects of a hot, dry season, with scorching winds that shrivelled everything in their path. Here and there, crop failures had been experienced, but they were regarded as a normal condition every season at widely-scattered points across the prairie provinces.

In those days, farmers plowed deeply into the land with mouldboard implements, stirred the soil [illegible]. They cut [illegible] the stubble and burned straw piles left by threshing machines in the fall. If the stubble was long, they burned that before plowing, too. They used cultivation tools that pulverized and dried the soil surface.

Disaster Strikes

Gradually the spongy content of the soil, heritage of the prairie sod, disappeared. The scientists at experimental farms, and a few farmers foresaw disaster, experimented with new and better methods that might avert the disaster. They were not quite ready when disaster struck, though, in the early '30's.

No western farmer who went through it will forget the first year of drought. Crops that showed promise right up to the middle of June, 1930, slowly died as the rains failed to come, and the hot winds blew. By mid-July the grain crops were shrivelled and died. There was no cover on the land, and the winds blew the dust for hundreds of miles in great choking clouds. There was dust and despair everywhere.

The story of the drought would fill many large books. It did, in fact, fill plenty of books for the soils scientists who recorded the effects of the dry, searing winds, and the things that happened to the prairie soil, depleted of organic matter, blown by the wind right down to the hard subsoil.

Something had to be done quickly, said the scientists, and they knew exactly what was needed. It wasn't easy to get farmers to change their thinking about how the land should be cultivated, but by example and daily contact, soils workers at the experimental stations and universities managed to spread the radically new gospel.

New Concept Of Farming

Briefly, the new creed was summed up in a few sentences. Aim at shallow cultivation...keep stubble trash on top of the ground. don't burn stubble.. don't use implements that pulverize the surface...cultivate as little as possible...study every conservation suggestion that comes your way.

Older farmers had a hard time taking to the new concept of prairie farming. To tie in with the new ideas, they had to abandon the plows and cultivators they had used ever since they first farmed "down east" or in the older countries. The swing was to the "one-way" disc plow, an implement that would stir the soil only enough to cut off weeds, would leave stubble trash on the surface, and leave the soil in small cloddy lumps.

The combine harvester, gaining in popularity in the '30's, was recognized as an important aid to soil conservation, in that crop residues were scattered on the land. Organic matter that used to be burned was restored to the soil, which was able to regain some of its sponginess. The trash cover helped prevent soil drifting.

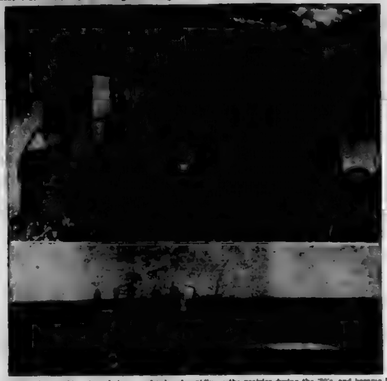
Western Canada made a lot of headway in the dry years along the line of soil conservation. An official of the United States soils conservation service, visiting in Saskatchewan recently, paid tribute to the accomplishments of soils men and farmers on the prairies, said that a good many of the methods and devices worked out by Canadian workers had been picked up and used across the line. The man from down south, Wilkie Collins, Jr., of Lincoln, Nebraska, chief of the agronomy section of the famous service, spoke to a gathering of agrologists in Saskatoon late in December, "You people have made splendid progress in your soil conservation work," he said. "Your methods we have found to be sound and effective, and the record indicates you are getting results."

But while Canadian workers realize they have made good progress, they know the battle isn't won yet. There are still many farms where harmful practices continue to deplete the land, where wind and water erosion take heavy toll of the soil. The ideal program, they say, would provide for a conservation service available to every farmer, and would include such things as revised cropping and cultivation practices, layouts for contour farming, plans for improving run-down soils, and a host of other things.

The dream of such a service may be realized in the future. In the meantime, the prairie farmer, working out his own salvation with the help of the experimental farm and university staff men he learned to trust and rely upon in the dry years, will carry on with the things he knows are good practice.

He will avoid a powdery land surface, and he will keep stubble on top where it will stop the wind from blowing his soil clean across the province. He will cultivate only enough to check weed growth, and avoid drying out the soil. He will adopt chemical weed control wherever possible, so that he can eliminate still more cultivation.

He will make every effort to restore to the land what he takes out of it by cropping. That, say his advisers, is the crux of the business of conserving the soil, and as long as it is kept in mind, the farmer won't go far wrong.



The harvester combine, top photo, was developed rapidly on the prairies during the '30's, and became known as a great aid to soil conservation. The combine scattered the crop residue, straw and chaff, back on the land, where it remained to return some of the humus matter removed by cropping practices. Straw that was once burned goes back to the land to help maintain fertility. Chemical weed control, by dust or spray, is becoming standard practice on prairie farms in the grain-growing areas. The new method by the machine in photo below makes it possible to eliminate some of the cultural practices that resulted in excessive pulverizing and consequent drifting of the soil.

BRITAIN'S YOUNG FARMERS TO EXCHANGE VISITS WITH OVERSEAS STUDENTS

Britain is arranging for young farmers to have an opportunity to study agricultural methods in Europe and for foreign students to visit the United Kingdom in exchange. The scheme which has the full support of the Minister of Agriculture has already been welcomed by authorities in Denmark, France, Holland, Sweden and Switzerland. Details of this new plan were announced by the National Farmers Union who will arrange these exchanges.

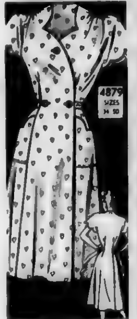
The average growing life span of an elephant is 40 years.

FRENCH SCIENTIST SAYS NERVES AN ENEMY OF BEAUTY

LONDON.—A calm life and a busy one is the recipe for beauty, said French scientist Dr. Francois Debat on a recent visit to London.

Debat says the time is coming when rejuvenation will be possible—"but that is for tomorrow". Meanwhile nerves are a great enemy of good looks. 3080

Fashions



By ANNE ADAMS

Gay Brunch Coat

This pattern, easy to use, simple to sew, is tested for fit. Includes complete illustrated instructions.

Pattern 4879 comes in sizes 34, 36, 38, 40, 42, 44, 46, 48, 50. Size 36 takes 4¼ yards 35-inch.

Send twenty-five cents (25c) in coins (stamps cannot be accepted) for this pattern. Write plainly size, Name, Address and Style Number and send orders to the Anne Adams Pattern Dept., Winnipeg Newspaper Union, 175 McDermot Ave. E., Winnipeg, Man.

WORLD HAPPENINGS BRIEFLY TOLD

Russian newspapers reported the assassination of Mohandas K. Gandhi in two paragraphs, noting that the killer spoke English.

Of Jamaica's 250,000 children between the ages of seven and 15, 177,-000, or almost 71 per cent., are attending primary schools of which there are nearly 700.

Latest fashion in Germany is a suit that provides men with a "new look". It is made from 95 patches sewn together and there is a choice of 15 designs.

Vivien Adlard Tremaine, 66, former Red Cross nurse and attendant to King George V during his illness in 1915, died in Jeffery Hale hospital, Quebec, following a lengthy illness.

Although his operation of [illegible] from a Friday the 13th in 1911, William (Red) Jackson, Brockville, Ont., operator, is able to point to almost 35 years in the business without a serious accident.

Sir Ian Fraser, blind British member of parliament, recently opened a miniature rifle range at Brighton, Eng., for blind servicemen. The range is 15 yards long and has a single target with a mounted rifle.

Canada's oldest living triplets—William and James Brnt, of Palmerston, Ont., and Mrs. Albert Corbett, of Swift Current, Sask.—have celebrated their 83rd birthday anniversary.

A solicitor in Sydney, Australia has accepted the trusteeship of 60 lizards belonging to a friend who died, because of an interest in the study of reptiles. He has grappled with 20-foot pythons, so the lizards are no problem.

HINT FOR MOTORIST

An automobile's starter should always be used sparingly, as about 30 minutes of normal driving is required to replace electrical energy used from battery for each minute of starting operation.

BANK HEAD DIES—George Wilbur Spinney, C.M.G., 58, who began his business career as a drug store clerk and became President and chief executive of the Bank of Montreal, while holding directorates in some of the Dominion's largest companies, died of a heart attack in Royal Victoria hospital at Montreal.

Sunday Theatres Hotly Debated

SOUTHEND, Essex, Eng.—When Southend town council refused by 36 votes to 23 to extend opening hours of Sunday movie theatres, Mayor E. E. Johnson referred to the petition for extension as "disgraceful".

"Do you wonder the world is in the condition it is?" he asked. "I say if these hours are extended you will do definite harm to the children of today and those still unborn."

He described the proposal to increase hours from 7 p.m. to 10 p.m. to 4 p.m. to 10 p.m. as a "desecration of God's holy day."

Other aldermen submitted the extension would make no difference to attendance at church and Sunday school.

"Children go to Sunday school nowadays only because they are sent," declared Ald. William Cox.

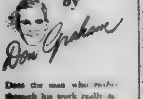
EVERYBODY'S BUSINESS

by



Don Graham

Does the man who rushes through his work really accomplish more?

Very rarely, I think. For such a man is using emotion instead of his head. He concentrates on haste instead of efficiency. Before he finishes one thing he is mentally rushing on to the next. So he never does anything thoroughly.

Moreover, the unfortunate effects of such a temperament are felt in many directions. By his nervous actions and rapid-fire speech, Mr. Rush creates a feeling of tension and confusion in other people. Thus he multiplies his own inefficiency.

Speed is desirable only when it is the result of sound planning, increased skill, and the elimination of waste motion.

[illegible] St. South — Vermilion

Vermilion's FINANCIAL Position

As Revealed by Statement

Financial statements covering the operations of the Town of Vermilion for the year 1947 are now in the hands of ratepayers and all citizens would be well advised to make careful study of the financial position of the town. [illegible] all to read are those on page 5 under the heading Revenue, the last item before the total indicates an operation deficit of almost $5,000; similarly in the 1946 statement an amount of more than $4000 was indicated as deficit. It will be immediately apparent to all that this situation can not be allowed to continue, because mounting deficits mean only one thing ultimately, and that is catastrophe. It may be readily explained that these deficits have occurred because of some unusual condition, for instance, the installation of water and power throughout the town, nevertheless, the explanations are useless in overcoming deficits and there is only one way in which revenue and expenditure may be made to balance and that is by the most searching scrutiny of expenditures and the infallible collection of all monies due the town.

TAXES COLLECTED

The 1947 revenue statement indicates that the people paid in taxes the impressive sum of $72,519; in 1946 the figure was only $[illegible]; in 1945 some $[illegible] was collected as taxes and in 1941 the tax revenue was less than $[illegible]; we have, thus an increase in tax levy of more than $[illegible] in a period of but a few years and we may well wonder where such increases will end.

It is true that a considerable amount of the increase in tax levy is due to the urgent necessity of a town the size of Vermilion to have an adequate water and sewer system, even at an expenditure of something like a quarter of a million dollars but our thoughts should turn to our ability to pay in the future and it will be generally agreed that the tax levy cannot be allowed to go much higher if levies are to be collected on a sound basis.

Outside of tax levies the revenue for 1947 was made up of an $[illegible] grant from the utilities system and the usual charges which are made for certain services, but which do not in any one case bring in any substantial sum of money to the town coffers. The expenditures on the other hand are highlighted by increases in several departments notably the school requisition which in 1947 amounted to $22,546 as against $27,646 in 1946; the increase is quite easily explainable by those dealing with educational costs and the item of teachers' salaries alone accounts for much of the added demand on the taxpayer. The requisition for hospital services has been gradually increasing until in 1946 it amounted to over $3100 as against $1950 in the year prior to the outbreak of war. Services represented by these requisitions are vital to community welfare, but it would appear that the limit has been pretty well reached.

Expenditures for other items are well in line with budgetary estimates laid down by the Town Council at the beginning of the year and included $12,750 for the retirement of debenture principal and interest, an item which has not appeared in a Vermilion statement for some years past, but which will remain in our statements for the next generation. It is most difficult to imagine that our water and sewer system will, for some years at least be in a position where it will [illegible] the [illegible] ment of debenture load, so that future councils must necessarily be faced with making a levy which will include sufficient funds to guarantee repayment of debenture borrowings on an amortized level.

It will be seen from the expenditure statement that almost $7000 was spent from general funds on the water system, in addition to the larger fund available from debenture proceeds; it is to be hoped that similar expenditures will not be necessary in the coming year or future years especially in view of the fact that a debenture debt of more than $375,000 (including interest) faces a population of less than 2000 people.

Also spent on capital items and provided from current general funds, was the sum of more than $2500 allocated for the purchase of a grader for use on the streets. Indigent relief, from which we have been comparatively free for some time past, called for an outlay of more than $1100 while the outlay for rentals included an expenditure of some $1[illegible] for the purchase of a house which, it is hoped, may be disposed of to advantage. The town rink called for an expenditure of slightly over $1700 as against revenue of $1[illegible] showing a net expenditure of about $[illegible], with which no citizen interested in the welfare of the youth of the town and district will quarrel.

Those who are responsible for tax payments to the town will appreciate the position at the present time, when only $[illegible] has to be shown as outstanding taxes. This is a most favorable showing as compared to most other towns in Alberta, and indeed as compared to our own position two years ago. It will be the responsibility of future councils to see that this item remains in its present favorable position, even though some pressure has to be exerted as regards tax collections. It is hoped that provision made for the payment of taxes on a monthly or other "easy" basis, so that those who are not in a position to pay the entire bill in a lump sum can take care of the demand by means of instalments on which discounts would be allowed. It is evident that if a ratepayer is unable to pay the taxes of a single year there is little likelihood of lifting the burden of an accumulation of tax arrears.

POWER PLANT

The statement for the operation of the light and power plant covers the operations of but 7 months of the year owing to the fact that the utilities were sold at the end of July; the period statement reveals a loss of $1,442.92, before the payment of a grant to general funds of $8,000. The loss was largely occasioned by the excess cost of an endeavor to keep in operation a boiler that had suffered damage and by the eventual heavy write-off on account of the same boiler; this was apparently quite unavoidable under all circumstances and now that the utilities have been sold there is no cause for future alarm regarding depreciation of equipment.

$140,000.00

The assets revealed as belonging to the Electric Light and Power plant are entirely liquid, with the single exception of a depreciated item covering the steam line which remains in possession of the town, and shows that there is a sum of more than $140,000 in cash and bonds which belongs to the people of Vermilion regardless of the account in which it is at the moment placed. The future of the town depends very largely on the wisdom with which this large sum of money is treated and to the disposition of the funds for the ultimate benefit of Vermilion and her citizens. Several schools of thought exist as regards this important item and the writer ventures to suggest that before any definite move is made in regard to the money, its disposition be thoroughly discussed, not only with the people who are responsible for the availability of the amount, but with those who are in a position to know the import of handling such huge sums. It is not impossible to imagine an amount of this nature being gradually eliminated without consequent benefits which should accrue to those [illegible] who are either directly or [illegible] responsible for its accumulation over a period of years.

Before any single expenditure is authorized from this fund we might as well to ask ourselves three questions:

1. Should this money or any major part thereof be used to extend the water and sewer systems to areas which are not yet proven to be in a position to make reasonable return on the investment?

2. Should this money or any major part thereof be tied up in bonds for the use of future citizens or should it be utilized for the benefit of those who are responsible for its accumulation?

3. Should the available funds be utilized to provide permanent streets and sidewalks, subject to the availability of materials and labor, for the enjoyment not only of present, but of future citizens?

There can be no doubt but that His Worship the Mayor and the members of the Council, School Board and Hospital Board have worked hard under difficult circumstances to give us the best government possible, and the thanks of citizens generally will go out to these men.

THE WORLD'S FUTURE IS BEING DECIDED NOW

OUR TOMORROWS depend on what happens to the world's children TODAY. In ruined lands around the globe there are millions of them in misery — scrambling for shreds of food on garbage dumps, shivering in rags. On the continent of Europe, half the children born since the war are already dead of malnutrition. Those who survive — there and elsewhere — are desperately in need of food and clothing. They need schooling, too, for their neglected minds grow as sick as their withered bodies.

They are the future . . .
If they are not saved, our world is lost!

Canadian Appeal for Children is now conducting its campaign to meet the challenge of these desperate and immediate needs. This is a campaign by the people of Canada, with a minimum objective of $10,000,000 to provide food, clothing and school supplies for the children—safeguard the health of expectant and nursing mothers—in devastated lands around the world.

Wherever possible, all donations will be used for the purchase of Canadian goods, and the distribution of goods will be under the direction of responsible United Nations operating agencies.

Your help is needed now. You sympathize. You want to give. But goodwill and good wishes are not enough. Since you may not be canvassed, don't let failure to act be on your conscience. Any BANK will accept your donation. Turn your sympathy and good wishes into a tangible contribution — go to your bank now and give.

FARMERS AND MEMBERS OF CO-OPERATIVES: consult your local organization as to the best way to make your contribution.

OUR COMPLETE SHORT STORY—

THE DIAMOND

By KURT VON FISCHER

On THE "Nieuwe Kade" in Amsterdam, the quay where the big liners serving passenger traffic to London are moored, stood a man with a cigar between his lips. Though seemingly calm, leaning on the balustrade and contemplating the green waves washing over the granite squares of the wall, he viewed with furtive excitement a policeman, who stood motionless, legs apart, some 10 yards away.

The man with the cigar casually turned his back towards the uniformed figure. He was of small, lean stature, with an olive complexion and thin, black moustache. Nobody would have suspected him to be the well-known diamond grinder Willem Verhaert, popular society figure of the town, whose mysterious disappearance half a year ago had had busily engaged the attention of police headquarters of many a European capital.

Suddenly the man threw his half-finished cigar into the water. Then he took out another one from his pocket and lighted it. He deeply inhaled the smoke, puffing it out nervously.

Had the policeman grown suspicious? Was everything to go wrong at the very last moment, the plan of one year to be nullified? Carefully, he took the Havana from his mouth and hid it between his quivering palms. Could the policeman suspect that, hidden in an artificially cooled capsule in the middle of the bulging tobacco leaves, there was the missing Vijsel diamond?

For years Verhaert had been one of the most esteemed diamond grinders of Amsterdam's flourishing industry. But though the worth of millions ran through his fingers he had never succeeded in achieving more than a moderate financial position. Now he was nearing the fifties, a bachelor and filled with feverish greediness for the luxuries of life.

And it was then that he determined upon and planned the great coup. A lucky coincidence had delivered the unique chance into his hands. The Vijsel Diamond, newly found in South Africa and the tenth largest in the world, was given to him for grinding.

Soon the papers had a sensation. The well-known grinder Verhaert had disappeared together with the precious stone. While the police watched and checked all roads and means of transportation, the principal in all this excitement sat in his ingeniously prepared hide-out in a cellar and subjugated his body to a torture.

By hunger, excessive sweating and endless gymnastics he reduced his weight by many pounds during a few weeks. The podgy Verhaert changed into an emaciated creature. Staining of his skin with permanganate of potash, atropin applied to the eyes, a moustache was dyed with henna and a big expanse of bald head in place of the former flaxen mane of hair created the French [illegible] salesman Emile Verlon, bearer of the forged passport.

Half a year in the dark and then he risked the step across the frontier. Once in London, a new life could begin. During passport inspection everything went well; not even his own mother would have recognized him. The customs control was exceedingly thorough, the officials still searching for the vanished diamond. He was even subjected to a body inspection. But during the whole procedure he flauntingly chewed his Havana, right under the eyes of the officials.

For two months he had laboriously worked on the manufacture of this cigar. A mere phony would certainly have aroused the suspicion of the officials. But he had succeeded in producing an effect out of real tobacco leaves, which gave quite a natural impression, was perfectly smokeable and still covered the diamond in its middle. Finally came the blessed word: Passed! He had succeeded.

And now, when only embarkation remained, now, after he had cleverly overcome all critical situations, now, in the very last moment was everything to come to naught?

What could this policeman have noticed about him? Could he have recognized him? Impossible! Or did he, by heavens, suspect the cigar? Not very likely, either. But why was he now, staring at him?

An icy chill froze his limbs. The policeman was stepping towards him.

"Give me the cigar, will you?" he heard a cold, hard voice say.

Willem Verhaert closed his eyes. His knees shook. He was not the type to resist. He was cunning but not brave. Also after his terrible loss of strength he would have been physically unable to fight.

He fatalistically awaited the clicking of the handcuffs.

But nothing like it happened.

The policeman still stood facing him. He even smiled amiably now. "You know, sir," he said, throwing the cigar carelessly into the sea, "The building over there is the gasoline dump. Smoking is strictly forbidden here!"

Fake Doctor Poisons Staff To Loot Bank

TOKYO.—Tokyo police reported a robber posing as a public health doctor had induced the entire staff of a bank to take quick-acting poison that killed 12 and left four others critically ill.

When police reached the building, a branch of the Teikoku Bank, 200,000 yen ($4,000) was piled on a desk, the safe door stood open and the fake doctor had vanished. Whether he had been frightened away without loot was not determined, pending a check of the safe.

One woman had crawled in agony to the street to call help.

Salada Tea Sales Increase

The year 1947 showed substantial increase over '45 and '46 in Salada Tea Sales, the total volume being almost double the average annual sales from 1923 to 1939.

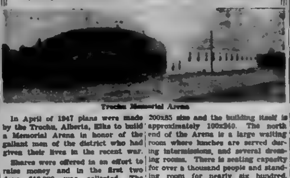
This firm, from the first time they packaged Tea depended for their success on two main factors, a strict supervision of quality of their product and advertising to the public through newspapers.

This is their fifty-sixth year of tea packaging and their newspaper advertising programme is undiminished—truly a guide of how to succeed in business for newcomers in other lines—quality goods and advertising.

PHONE CONSTRUCTION

EDMONTON — An outlay of approximately $800,000 will be made by the Alberta government telephone system on a new toll exchange now under construction just west of the city telephone building, it was learned recently.

The Trochu Memorial Arena



Trochu Memorial Arena

In April of 1947 plans were made by the Trochu, Alberta, Elks to build a Memorial Arena in honor of the gallant men of the district who had given their lives in the recent war.

Shares were offered in an effort to raise money and in the first two days $10,000 was collected. The Arena has cost approximately $80,000, although part of this sum went into a curling rink, not yet completed, which is to have four sheets of ice. Only $3,000 has been spent on labor, as for the most part work has been voluntarily given.

Work commenced in June and just five months later the Arena was ready for use, though there is much still to be done. Steam heating equipment is to be installed and the building [illegible].

The ice surface is the standard 200x85 size and the building itself is approximately 100x240. The north end of the Arena is a large waiting room where lunches are served during intermissions, and several dressing rooms. There is seating capacity for over a thousand people and standing room for nearly six hundred. This space was entirely filled for the official opening on January 9th.

Walter Anderson, Exalted Ruler of the Elks and John Hanna secretary were active in the enterprise. John Frere, chairman of the building committee, worked untiringly for the success of the project, assisted by C. M. Kane. The finance committee were ably directed by J. P. Ferguson.

This gigantic project so successfully accomplished is a tribute to the co-operation displayed by the 1,000 citizens of Trochu and district.

The Arena pictured under construction

ESTABLISH BLOOD BANK

CRANBROOK, B.C. — Six East Kootenay hospitals, Cranbrook, Kimberley, Creston, Invermere, Fernie and Michel-Natal have signed agreements for establishment of a blood bank. Supply of whole blood for the district will be maintained at St. Eugene Hospital, where special refrigeration facilities have been established. Blood plasma will be kept at each of the six hospitals in the district.

Reports Job Prospects For 1948 "Bright"

Winter Drop In Employment Has Not Been As Severe As Year Ago

OTTAWA.—Labor Minister Mitchell in his department's monthly manpower survey reports that job prospects for 1948 are "bright".

The seasonal winter drop in employment has not been as severe as a year ago, Mr. Mitchell said. Jobless registered with National Employment Service are down 10 per cent. from the corresponding time last year.

"Although the number of winter unemployed has increased during the last month," the minister said, "the pressure for production continues high in many industries and operations have pushed ahead in spite of seasonal handicaps."

For the year as a whole, he added, "the outlook in the employment field is bright, and the prospects are that jobs available will outnumber applicants in the summer of this year in several lines, just as was the case at the middle of 1947." At that time there was a shortage of 33,000 workers.

"Both skilled tradesmen and materials are likely to be in somewhat better supply this year, so that further expansion of industry should be possible," the report added. "Plans in construction and mining particularly indicate an increase in the levels of employment in these lines above 1947, while demands for seasonal workers in agriculture and transportation should not be less."

MANITOBA'S HEALTH REPORT

Cases of communicable diseases reported to the Department of Health and Public Welfare, Province of Manitoba for the four week period November 29th to December 27th, 1947, were as follows:

Anterior poliomyelitis 4; chickenpox 229; diarrhoea and enteritis under one year 9; diphtheria 8; encephalitis 0, erysipelas 3; influenza 12; measles 112; meningococcal meningitis 1; mumps 86; lobar pneumonia 1; scarlet fever 15; tuberculosis 86; typhoid fever 2; and whooping cough 88.

Altogether in 1947, 580 cases of poliomyelitis were reported and there were 8 deaths. Very few of the 580 will have any permanent crippling as the disease was of a milder type than usual.

There were 42 cases of encephalitis and six of these died in 1947.—Health and Welfare Education.

Hon. W. A. Fallow Considers Early Retirement

Possible retirement of Hon. W. A. Fallow, minister of public works, owing to ill health was forecast in Edmonton Saturday.

The minister said that his doctor has advised him to take a complete rest in a warm climate. For that reason he may not be here for the entire session of the legislature which opens on Feb. 19.

Mr. Fallow said that he may not be a candidate in the next provincial general election.

Asked concerning the report that he had stated on a recent tour of southern Alberta that he was willing to stand as a candidate for Pincher Creek-Crowsnest riding, Mr. Fallow replied: "I told them that I had not made up my mind whether I will be a candidate". He had been invited to accept nomination by a committee of Social Crediters.

Mr. Fallow said in the south that he felt a general election was more likely in 1949 than this year.

"I don't know when the election will be but that seems to be the sensible way of looking at it," he commented.

Mr. Fallow who is 64 years old, was first elected for Vermilion in 1935 and re-elected in 1940. In 1944 he was elected for Grouard constituency.

—Edmonton Journal

Farmers Organize To Feed Children

Ever sympathetic to those less fortunate, farmers are taking a leading part in supporting the Canadian Appeal for Children which opened its campaign for ten million dollars on Feb. 9th.

The money is needed to buy food, clothing and school supplies for children in countries wrecked by war. Similar campaigns are being conducted by other well-off member countries of the United Nations.

In Canada, provincial agricultural committees have been set up to arrange contributions from farm families. Leading these committees are representatives of groups affiliated with the Canadian Federation of Agriculture, co-ops, credit unions, farm [illegible] women's organizations and rural youth groups. Well in advance of the campaign the Alberta agricultural committee boosted its objective of $140,000 to $175,000.

While contributions to the Appeal should be in cash some farm organizations are working on plans to accept gifts of produce which can be [illegible] just as labour is being asked to give a day's pay are farm families being asked for a day's income.

FAITHFUL OLD HORSES

Tom Sherwood lives a half mile off the highway thus having to pull the car out with a faithful old team—he just hitches them to the front of the car, hangs up the lines, climbs into the car, toots the horn and away they go [illegible] until they reach the highway, doing the same thing on the return trip to the house. They stop in front of the garage without one word spoken to them.

We are sorry to learn that Mary Gow is having to stay home from school due to having frequent nose bleeds recently.

Congratulations go to Mr. and Mrs. L. Gould on the birth of a baby girl in the Vermilion hospital recently.

Mrs. Robinson and Margaret and Tom Sherwood motored to Edmonton Tuesday [illegible].

Mr. and Mrs. G. Millar are at present visiting with the former's parents Mr. and Mrs. J. Millar.

We are sorry to learn that Mrs. H. [illegible], Mrs. Maggs and [illegible] are at present on the sick list.

If any of our readers are interested in getting Radio [illegible] [illegible]

Annual Meeting of Aberdeen-Angus Assoc.

The Canadian Aberdeen-Angus Association has completed arrangements for holding its 42nd annual meeting at the Macdonald hotel, Edmonton, on Feb. 26th. It is expected that this year's convention will draw a good attendance from Alberta, as well as the other Western provinces.

Following the annual meeting, the Aberdeen-Angus breeders will meet with the Canadian Hereford and Canadian Shorthorn members both of whom will hold their annual meeting the same day, and the same place, in joint session at 2 p.m., when Dr. R. T. Clark of Bozeman, Montana, Co-Ordinator, Beef Cattle program, Agricultural Research Administrator, U.S. Dept. of Agriculture, will speak on the subject "Improving the Efficiency of Beef Cattle".

A banquet, sponsored by the three Beef Breed Associations, will be held in the evening.

Information Wanted

Information is desired by the Red Cross concerning the whereabouts of Kilian Buttner, farmer, whose address in 1940 was Edam, Sask. He is thought to have moved from Edam to Vermilion. The missing man was born in Germany in 1906 and came to Canada in 1927. His brother, Franz Buttner in Germany is enquiring.

Anyone having knowledge of Kilian Buttner is asked to forward the information to Mrs. E. H. Buckingham, Secretary of Vermilion Branch of the Red Cross.

Change Made in Annual Meeting of Vermilion S. D.

The annual meeting of the Vermilion school district this year will be held in the Masonic hall on Friday, Feb. 20th at 3 p.m. Purpose of the meeting is to hear the reports of Chairman Don Taylor of the local school board and the various committee chairmen. Nominations and election of four school trustees will also take place. Retiring members of the board are Mrs. O. A. Wiebe, Jas. D. Adam, Ashley H. Cooper and Carmen Long. The only trustee whose term does not expire is the present chairman Don Taylor.

This is a change from the usual procedure of holding the school meeting in conjunction with the annual town meeting. The move is made to comply with the school act now that the Vermilion school district is included with the division. It will also allow for more time for consideration of school matters. 37-8

Red Cross Drive for $3,000,000 Set for March

TORONTO—With emphasis on the urgent need for kindness and neighborly help to relieve human suffering, the Red Cross will open a national appeal for $3,000,000 Monday, March 1st, to carry on its peacetime work in Canada it was announced today by Arthur L. Bishop, chairman of the Red Cross national executive committee.

"The Red Cross is a symbol of unfailing help at time of trouble in almost every country of the world," Mr. Bishop pointed out. "The work of the Society in Canada is the expression of human kindness by which one neighbor lends his hand to another and is the agency through which citizens of every creed may work for the betterment of national health and the relief of human suffering."

Mr. Bishop referred particularly to the Society's health and medical services and said that much remains to be done in this country to bring modern medical aid within reach of all. This year the Red Cross hopes to extend the free national Blood Transfusion Service already operating in B.C. and Alberta to other provinces so that more Canadians may receive the life-giving miracle of blood transfusion therapy at time of illness or accident without cost.

The Outpost Hospital service, at present serving frontier communities across Canada must keep pace with the pioneers who are striking off in ever-increasing numbers to found new settlements and utilize the [illegible] resources of this country.

Other Red Cross services for the protection of Canadian lives, the promotion of better health and the relief of human suffering include work in Nutrition, Disaster Relief, First Aid, Swimming and Water Safety, Mobile Medical and Dental Clinics, Veterans' Welfare, Jr. Red Cross and Crippled Children's Hospitals.

"Next month the Society will [illegible] to the people of Canada who have never failed Red Cross in the past, and who will I am sure [illegible] support Red Cross again [illegible] Canadian [illegible]," Mr. Bishop concluded.

Death and Funeral Of Mrs. T. Fowler

Funeral services of Mrs. T. Fowler of Vermilion were held at the St. Saviour's Anglican church on Tuesday afternoon, February 3rd. Interment took place in the Vermilion cemetery. The Rev. T. W. Teape conducted the services.

Mrs. Fowler passed away Friday, January 30th.

The deceased was born in Wakefield, England on Aug. 1st, 1872. She came to Canada in 1924 and lived east of town until 1944 when she moved into Vermilion and made her home with her youngest daughter, Mrs. Jessie King.

Mrs. Fowler was predeceased by her husband in March 1943.

Left to mourn her loss are two sons, Felix Fowler in England and Ernest Fowler at Edson, Alberta and five daughters, Mrs. Gallagher in England, Mrs. King, Mrs. Cottle, Mrs. Shepherd and Mrs. Sherwood all of Vermilion. Three brothers and three sisters reside in England. There are 22 grandchildren.

Pall-bearers were D. Harrison, W. Walker, S. McClellan, L. Gow, H. McFarlane and R. Hutchinson.

Beautiful floral tributes were received from:

Jessie and the Boys, George and Annie, Art, May and family, Ernest, Lottie and family, Tom Isabell and family, Mr. and Mrs. F. Jones, Edith and Denise Riddle, Victor and Rose Isabella, Mrs. Cummings and Pat, Harry, Rose and family, Woodard Bros., Mr. and Mrs. F. Robinson and mother, Mr. McFarlane and Marion, Jack Coward, Mr. and Mrs. W. Walker and William, Tom and John Harrison, Mr. and Mrs. N. McClellan, Myrtle and [illegible] Thompson, Mr. and Mrs. R. Crow, Harry and Ivy, Mr. and Mrs. H. Shepherd, Mr. and Mrs. B. Shepherd, Central Busy Bees Club, Mr. and Mrs. A. West, Mr. and Mrs. A. Cooper and family, Mr. and Mrs. Norton and the girls, Mrs. A. Cameron, Mr. and Mrs. Kaiser, Mr. and Mrs. J. Wright and Betty, Mr. and Mrs. G. Repp and boys, Mr. and Mrs. L. Amos, Mr. and Mrs. C. Robinson, Mr. and Mrs. W. B. Mix and family, Mr. and Mrs. F. Madill and family, Christian Missionary Sunday school, Mr. and Mrs. R. Hutchinson, Mr. and Mrs. D. Logan; Mrs. Hicks and Leo, Mr. and Mrs. Terry, Mrs. Telford, Mr. and Mrs. H. Powell, Miss F. Clarke, Mrs. B. Calvert, Mrs. L. Kohne.

Meyers were in charge of funeral arrangements.

The Rising Cost Of Living

RISING LIVING COSTS HAVE BEEN CAUSING concern in all parts of Canada during the past few months. On December 1st, 1947, the cost of living index stood at 146, and it is expected that when the next report of the Dominion Bureau of Statistics is made public in February, this figure may show an increase, due to the continued advances in the prices of some commodities. Some time ago, officials of the Dominion Department of Finance predicted that the cost of living index would not likely go higher than 145, but it now appears that it may exceed that figure considerably. In 1920, which was the peak year of inflation in Canada following the First Great War, the cost of living index was 145.4, which was a record for high living costs in the Dominion. In calculating the present cost of living index, the basic figure of 100 represents price levels between the years 1935 and 1939.

• • • • •

Rapid Rate Of Increase

The figure given for December 1st, 1947, shows that the cost of living is now almost fifty per cent. higher than it was in the basic period, and that it has risen 18.9 points in the past year. Since April, 1947, the increase was shown to be 15.4 points, indicating that there was a rapid advance in prices between April and December of last year. Although the prices of almost all goods have risen, increases in the price of food are believed to be the main cause of the rapid rise in the cost of living index. Such decisive upward trends in living costs indicate inflation, which is apparently an unavoidable accompaniment to the economic upheaval caused by war. Through price controls, subsidies, and other measures, Canadians were for some time protected from inflation, but it was inevitable that these controls should eventually be lifted and that we should pass through a period of economic adjustment.

• • • • •

Warned Not To Over-Expand

It is to be hoped that we may this time be able to avoid the pattern of past periods of inflation, when prices and wages continued to rise in a spiral that ended in economic disaster. Financial experts are of the opinion that we may safely pass through this period of [illegible], but they warn industries against over-expansion in the matter of buying expensive equipment, counting on continuing high prices and large profits to meet their costs. They also advise no slackening of effort on the part of either labor or management in our industries or in the development of our natural resources. Without doubt Canada is now passing through a very critical time in her history and one which will lead either to a state of sound progress and development or to a depression. No one can foretell exactly what will happen but there are many who believe that, with increased markets for Canadian products both at home and abroad, we will continue to enjoy a large measure of prosperity. It is to be sincerely hoped that this may be the course which the country will follow and that the present trend toward inflation will not lead to financial disaster.

To Start Work On B.C. Sulphate Mill

VANCOUVER. — The H. R. MacMillan export company limited will construct a $12,000,000 bleached sulphate pulp mill on Vancouver island, it was announced at the annual meeting of shareholders here.

H. R. MacMillan, president, said the mill planned to give employment to at least 300 persons, would be located somewhere on the east coast of Vancouver island. Construction is expected to start early this year and be finished by 1950. It will have a daily capacity of 200 tons of bleached sulphate or 225 tons of unbleached sulphate pulp, using nothing but by-products.

"It's production will be marketed chiefly in the United States, providing an important new source of much-needed U.S. dollars for Canada," he said.

English Climate Hits Eskimo Girl

FELIXSTOWE, Kent, England.—Rebecca, 15-year-old Eskimo girl who returned to England with Mrs. John Turner, widowed by an Arctic shooting accident, hasn't taken kindly to this island climate — she's had a succession of colds since her arrival.

Otherwise she's settled easily into English ways, although unable to speak the language and "a little homesick whenever she hears of anyone going to Canada," said Mrs. Turner.

COURTESY PLUS

HULL, England.—Personal advertisement in a Hull newspaper: "The cyclist who crossed Hedden Road in front of a fast-moving car Monday last offers his sincere apologies to the driver."

A woman about to leave London for New Zealand was advised to provide herself with very warm clothing.

"Why?" she asked.

"Oh, it's awfully cold out there, don't you know!" replied the adviser. "It's the place where all the frozen mutton comes from."

• • • •

"While [illegible] [illegible] passes de plate," announced Parson Black, "de choir will sing 'Salvation Am Free'. But please remember dat while salvation am free, we has to pay de choir for singing about it."

10,000 DUTCH FARMERS COMING TO CANADA

THE HAGUE. — The Rotterdam Lloyd Lines' motorship Kota [illegible] will sail for Canada March 12 on the first of seven trips planned this year on which 10,000 Dutch farmer immigrants and their families will be transported to the Dominion, it was announced.

When tobacco was first introduced into Europe it often was sold as a cure-all medicine.

Barley Title Winner Hits Record In 1947

George Gwyllt Of Kelvington, Sask., Won 31 Awards Besides Barley Championship

(Central Press Canadian)

George Gwyllt, 73-year-old pioneer of the Kelvington, Sask., district, figures he hit the jackpot in 1947. In addition to winning the title of the world's champion grower of barley at the Chicago International Grain Show, Mr. Gwyllt took 31 other awards for his grain and forage crop [illegible] at Saskatoon, Regina, Toronto and Chicago.

It was his biggest year in the 30 he has spent trying to produce the best kind of seed. As an opener for 1948, Mr. Gwyllt won a regional first prize in the national barley contest, and was third for the province in the same competition.

Born of Welsh parents in Staffordshire, England, George Gwyllt came to Canada in 1903. He worked in Saskatoon and Calgary at his trade of a brick manufacturer, but decided to take up farming at Hanley, Sask., just a year before World War I upset his plans. He went overseas, returned in 1919 to take up a veteran's land grant near Kelvington. He still farms the same land, likes to tell of [illegible] at times when other settlers were talking about getting out.

Mr. Gwyllt started in on the production of pure seed soon after he was established, and through the years has earned a high reputation among farmers of the province, and far beyond it. A long-time member of the Canadian Registered Seed Growers' association, he is a highly respected member of the big branch of that association at Kelvington.

At a recent meeting of the seed growers in Saskatoon, Mr. Gwyllt proudly showed the ribbons he won at Chicago in December. The world's barley championship award was his particular pride. "I've been working for this for 30 years now," he explained.

The aging farmer, who hopes to be growing seed grain and winning prizes for "a lot of years yet" attributes his success to the best land in the west, plenty of hard work to produce the best, and only the best. "I've had a lot of valuable help from both the dominion and provincial departments of agriculture, but most of all the help I have had from Mrs. Gwyllt has been the greatest factor in my success."

Mr. Gwyllt hopes to put in a banner year in 1948, and feels his national barley contest success has given him a flying start.

B.C. MINES SET RECORD

VANCOUVER. — Production of British Columbia mines in 1947 was more than $100,000,000 far in excess of any previous year, it was announced at a B.C. chamber of mines meeting here. Unprecedented demands for base metals at high prices caused re-opening of old mines and development of new ones.

LOVE PLAYS SECOND FIDDLE—Donna Grasco, 20-year-old Winnipeg violinist, who made her debut at Carnegie Hall on Jan. 20, says she gave up romance with a boy in Winnipeg "but last year the realization came to us both that I had a talent that should be fulfilled." When eight years old she was acclaimed a musical genius, and at 10 won a $3,000 scholarship from the American Conservatory of Music in Chicago. Later the people in her home city established a fund to enable her to go to New York for further study. Now Winnipeggers are raising money to buy her a $12,000 Montagana violin.

OAT EXPORT PERMITS TO BE MADE AVAILABLE

WINNIPEG.—The Canadian wheat board announced it will accept applications for export permits covering shipment of a limited quantity of mixed feed oats to Sweden or Greece.

Shipments will be from Lakehead or Georgian Bay ports after opening of lake navigation, or from Vancouver.

The equalization fee will be the fee in effect at time of application.

TREE YIELDED MONEY FOR WESTERN TRAPPER

HUDSON BAY, Sask.—You can't tell W. D. Bennett that money doesn't come from trees—he knows better. Bennett operates a trapline [illegible] was town and found one of his traps had been dragged away. Following the tracks, he finally found the trap up a tree—still holding a large fisher whose pelt was valued at $100.

Alberta Farmers Repay Loans

EDMONTON. — Alberta farmers have repaid $7,166,740 of $18,348,310 made in loans by the Canadian Farm Loan board.

Ninety-seven out of every 100 borrowers in the province had no first mortgage interest arrears at March 31 last. During the past fiscal year, borrowers in Alberta paid $456,530 on account of principal.

The board lent an average of $3,-000,000 a year to Canadian farmers during the first 10 years of its operations. There was a decline during the war, but indications are that this year, loans will almost equal the pre-war average.

Chief purpose for borrowing has changed in recent years. In 1940-41 about 77% was used to pay debts and 9% to buy land. In 1946-47, 53% was used to pay debts and 20% to buy land. Borrowing to make improvements on farms has increased.

SASK. FEDERATED CO-OP. BUYS LEDUC WELL SITE

REGINA.—Saskatchewan Federated Co-operatives has purchased a 40-acre drilling site in the Leduc area of Alberta for about $10,000. The concern, undertaking its first venture in the exploratory field, must commence drilling operations before May 1, 1948, under terms of the agreement.

The co-op will have to pay a 50% royalty to the Alberta Government, in addition to the province's regular royalty, if successful in discovering oil.

Any crude found would be shipped to the co-op's plant in Regina for refining.

a Bank

THE VEIN proves rich, a shaft is sunk, and a new mining town springs into life. The main street takes form. Commercial buildings rise.

When such a development occurs, the services of a bank are needed — to handle payrolls, to keep savings accounts and, as the town grows, to furnish bank credit for the needs of the community.

This is a basic pattern in Canada's development. And part of it is the local bank manager, providing those financial services which help Canadian men and women to win the rewards of modern enterprise and modern living.

THIS IS ONE INSTANCE OF how Canada's 3,300 branch banks play their part in the daily life and work of Canadians.

Cliff Isley, Mgr. Phone 16, Vermilion

Thirty-two Years Ago Today

Interesting Items Gleaned from the Files of the Vermilion Standard

32 YEARS AGO TODAY

Feb. 10, 1916

Ben Lorrenson east of Vermilion, had his house completely destroyed by fire. He and his partner Arthur Burton were away from home at the time.

The farm home of Wilkins and Walker a few miles north-west of town was destroyed by fire, along with 1100 bushels of oats.

Capt. W.C. Craig has been appointed to command the 194th Highlanders, Edmonton. He has been promoted to the rank of Lieut.-Colonel.

Sir James Outram was elected president of the Board of Trade, A. J. Reynolds vice-president and J.W.O. Morrison secretary-treasurer. Harry Calvert, Geo. Stewart, Harry Bacey, Bill Wiebe and J. Dawson Stephens were members of the executive.

Sixteen Years Ago Today

Feb. 11, 1932

Town elections resulted in George Wright, A. E. Kaiser and Norman Greig being elected to the council. Other members of the council are Mayor Fallow, S. C. Hackbert, J. Waring and Ed Corley.

Idch Hensell of Dewberry passed away at the Islay hospital.

Weather continues cold with the thermometer reaching barely above the zero mark on only three days of the week.

Ethelwyn News

Take a bow Jack Grant — Do you know that if you hadn't opened our road last Saturday there would have been no show in Dewberry that night? Nor could the bus have come from Dewberry to Clandonald to take the hockey team to Vermilion. So you see our open road does benefit you Clandonald. In addition to the road being used for these special events the traffic this way has been heavy all week. The snow plow is on the road again today. Incidentally the expense for keeping this road open is shared by a small group of farmers along the road. Neighbors please note that the amount you will be asked to pay in the spring is for actual expenses only, and not any for wages for Jack and Harold. Their services are free and they appreciate anyone [illegible] with the shovel where necessary. It is only fair that everyone do all they can to keep [illegible]. An open road is an advantage in scores of ways to say nothing of the comfort of school children and the hauling of feed.

Did anyone ever take time out to count the vacant houses in our district. To save you the trouble, the number is 14. 5 of these are along one road within a distance of 6 miles. Two of the owners have passed on to the Great Beyond. One has retired, two of the families have returned to the Old country. The remaining former owners are working in various Canadian cities. Of course these farms are not lying idle. Some have been bought and others rented by local farmers. It would be much better for the community however if a family was living in each house, and much better for the school too. One far sighted farmer, namely Mr. Grant, kept another house off the vacant list by turning it over to Mr. and Mrs. Collins and family. A wise move this has proved to be as it is a great comfort for farmers and their wives to be able to obtain help from members of the Collins family for a few days work. There is enough work of this kind to keep another ambitious family busy.

So a blackbird thinks he is hardy enough to endure a Western Canadian winter. We wish him luck and hope he comes through, but we think the prize for endurance should go to Mr. and Mrs. Fred Lindrew and family. They obtained some work in our district and, having no house to live in didn't daunt them. They put a tent on their sleigh and have lived in that for the past six weeks. Several small children are in the family. This may not be a record but to the writer who likes the comfort of a warm house it is amazing.

Mr. Livingstone is right about the ducks. It is a fine thing to protect wild life but feeding ducks at the expense of starving children is going too far.

Strange sights seen last week—Mr. and Mrs. Grant and two daughters going calling with a team and sleigh. Harold Cooper out on the road with a team and sleigh. It is really news when these two farmers go out on the road via team. To many farm children a sleigh ride is just as much of an event as it is to their city cousins.

The party at the school last week was sponsored by Miss Pankow and the Jr. Red Cross. The evening was spent playing bingo and dancing. Peter and Pat Mulgrew supplied the music. The proceeds are to be used to buy books for the Crippled Children's hospital at Calgary.

Are we all going to support the rural electrification plan? If we can take some of the drudgery out of farming the above-mentioned vacant houses might be occupied again.

A very enjoyable whist drive and bingo party was held at St. Patrick's hall last week. Due to the cold night only a small crowd attended but all had a very good time. Four tables of whist were played and prize winners Mrs. Attfield, Mrs. Cooper and Joyce Cooper, Stanley Shrenkowich, Norman Neal and Sandy MacDonald. This party was sponsored by Don MacGillivray and Mike Shrenkowich assisted by Mike's two sisters Annie and Kate.

Now we have seen everything — bright red bands for party wear. What next?

Birthday greetings this week go to Allan MacDonald Jr. who was 3 years old Feb. 7th; and to Mr. Gallagher who was 76 Feb. 8th when several old friends called on him to extend felicitations.

Successful 'Spiel At Elk Point

The Elk Point Curling club report holding of a very successful open bonspiel just concluded in which 26 rinks participated from Elk Point, St. Paul, Derwent, Dewberry, Heinsburg, Mannville and Bon Accord. Some very keen curling was seen throughout the spiel and most games were very close. George Clark skipped the St. Paul rink which won the greatest number of games throughout the event. Some rinks intending to participate were unable to do so because of river conditions, the Saskatchewan being covered with water preventing them from crossing. The winning rinks were as follows: Alberta Salt Co. trophy—won by rink skipped by O. Caskey of St. Paul. Other winners were—Grand Challenge: O. Caskey; 2, Geo. Clarke, St. Paul; 3, Eric Thorne, Mannville; 4, Kaiser Wengzynowski, St. Paul. Merchants Event: 1, Geo Clark; 2, D. McConell, Derwent; 3, R. Benson, Derwent; 4, Neil Fenton, Elk Point. Consolation: D. C. Nelson, Elk Point; 2, R. E. Beattie, Elk Point; 3, Lawrence Pumpton, Elk Point; 4, John Moruseh, Elk Point.

Members of the bonspiel committee consisted of R. E. Beattie, D. C. Nelson, Dorothy McMullen and J. V. Jacobson, Secretary.

At present, members of the Elk Point curling club are playing off their local mixed bonspiel in which 18 rinks have entered. Dr. F. G. Miller of the local club attended the Edmonton bonspiel this year accompanied by Dave Ross, Clarence Ross and Carl Nissen.

If you're not satisfied with the world, are you satisfied with what you are doing about it?

HUSBANDS WHO ADORE coffee deserve Maxwell House. It's so utterly delicious that it's bought and enjoyed by more people than any other brand of coffee in the world.

'PIONEER' ANNOUNCES DISTRIBUTION OF FORTUITOUS PROFIT ON OATS AND BARLEY SOLD UNDER PRICE CEILINGS

All customers of 'Pioneer' Elevators are requested to call at their elevator and receive a cheque covering an additional payment on oats and barley delivered during the current crop season, between August 1st and October 21st, 1947, when price ceilings were in effect.

This payment is an interim distribution of the fortuitous profit made by the Company on oats and barley which it had on hand, and unsold, when price ceilings were removed on October 21st.

This payment is 12 cents on oats and 10 cents on barley.

Final payment will be made at a later date.

IT PAYS TO PULL TO THE 'PIONEER'

The government has also promised to make some adjustment to farmers on oats and barley delivered at ceiling prices between August 1st and October 21st, 1947. We trust they will take definite action to implement this promise in the near future.

PIONEER GRAIN COMPANY LIMITED

World News In Pictures

TEEN AGE CUBAN GIRL IS ATOM PHYSICIST — Science of the atom will be studied by Gladys Diaz de los Arcos, 17-year-old Cuban girl, who already has won 24 prizes for scientific articles she has written. She will attend college in U.S. on scholarship given by business and professional women.

A RIDE BEHIND HUSKIES suggests all sorts of adventure in bleak regions of great distances but this lady and her escort seem to be enjoying an outing near home just for the fun of it.

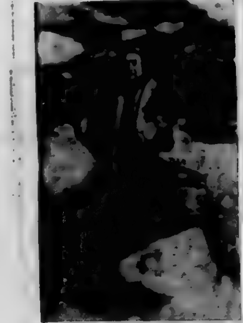
NEW OFFICERS of the Western Stockgrowers' Association elected at Lethbridge included, (left), C. H. McKinnon, Dalemead, Alta.; (centre), K. Koppock, Calgary, secretary, and Tom Usher, Scollard, retiring president.

NEW EXECUTIVE—The newly elected executive of the United Farm Women of Alberta, left to right: Mrs. W. C. Taylor, Wainwright, vice-president; Mrs. M. E. Lowe, Namao, president; Miss Molly Coupland, Lethbridge.

FUMES KILL THREE YOUNGSTERS—Dorothy June Brown, 12, of Humberstone, Ont., was one of three youngsters who died from carbon monoxide fumes from a ventless gas hot water heater. Dorothy was babysitter in the home of Wilfrid Eden for a five-months-old girl, Marion Elaine Eden, and Carol Anne Eden age 4.

TRAINING GROUNDS for paratroopers, Camp Shilo is a big artillery camp. Here troops in summer manoeuvres are under simulated battle conditions at the big centre.

RENOUNCES DANISH TITLES TO MARRY—Prince Olaf, cousin of King Frederik of Denmark, is shown in Copenhagen with his bride-to-be, Annie Puggaard Moeller, a commoner. The prince, who renounced all his royal titles when he announced his forthcoming marriage, and his future wife were invested with the title of Count and Countess of Rosenburg.



IMMERSION SUITS FOR DUNKED FLIERS—All U.S. navy fliers stationed at the reserve air station in Squantum, Mass., must wear the new immersion suits when they take to the air over northeast waters. These immersion suits, which weigh but 30 ounces, are made of rubber and nylon and seal the body completely thereby retaining the warmth of the body in icy waters. When wearing these new "Mae Wests", the man can float in the water quite comfortably and be warm enough to give him a better chance of rescue in event of accident. Without such equipment, a man can freeze to death in icy waters in about five minutes. The suits slip easily over the fliers' regular clothing. They aren't cumbersome or bulky and when not in use can be rolled up into a small bundle. Here Lieut. George [illegible] coolly smokes a cigar as he relaxes in the icy water quite comfortably, too, he says.

SOVIET VISITORS EXCLUDED—Canada's paratroop training camp at Shilo, Man., will no longer be open to inspection by Soviet military visitors, Ottawa has announced. This trooper is descending by parachute from a tower at the Shilo camp.

FARMER SHOOTS DEFIANT WOLF—Wolf shot by Arnold Fish near Trafalgar, Ont., farm is shown beside Roy Fish, (right), father of marksman, and Bill Kelly a neighbor. Wolf was shot twice after several hours' stalking. Coming face-to-face with the wolf, Fish shot it "through the middle", but it continued to advance as if nothing had hit him. Undaunted, Fish raised his rifle again, and this time downed the animal with a bullet in the neck.

LIKES HIS BOTTLE—The "kid" certainly relishes his bottle, and the seven-year-old son of Mrs. Charles Emery, R.R. 1, Saanichton, B.C., enjoys playing nurse to this healthy looking baby. The picture was taken at the home of the boy's grandfather, Mr. Richardson, Duncan, B.C.

IDEAL WEATHER LURES SKIERS TO THE HILLS—Plenty of snow and ideal weather across Canada has proved irresistible lure for skiers who have swarmed out to hills and mountains in great numbers. The above young lady is seen with her hickories preparing for one of Canada's thrilling sports.

TRENCH SEWER CAVE-IN CAUSES TWO DEATHS — Survivors of sewer-trench cave in at London, Ont., Arnold Boynham receives a kiss from his wife. He escaped by crawling through sewer. Their baby is Karen. Digging the dirt with his bare hands, Orville Sherman kept one workman alive for 15 minutes. Lantern taken into sewer to guide Boynham to exit is held by Arthur Thomas. Cecil Lenfesty, (left), and Hugh Faircloth tried to save two who died.

Garden Club Holds Business Meeting

At a reorganization meeting of the Vermilion Horticultural Society it was decided to distribute gladioli as premiums again this year.

Two good exhibition gladiolus, Badger Beauty and Red Charm, were ordered from a famous grower in Ontario.

It was also decided to give, as additional premiums, a new variety of tomato known as [illegible] and an early variety of corn from Dakota by name of Orchard Baby.

A flower and vegetable show will be held some time in August. An urgent appeal was made for all local gardeners to grow something special for this show and to support it with plenty of exhibits.

President Hugh Evans was in the chair. The directors elected are as follows:

John Brimacombe, E. H. Buckingham, H. J. Reid, R. Anderson, J. H. Payne, Mr. Stevenson, L. H. Puckett, W. S. Cook, Fed Exley, W. Harris, W. P. Wilkie, J. W. C. Watson, Mrs. Puckett.

On the resignation of Baden Anderson, who has been secretary for three years, Bill Harris was elected to the position. As the Society was able to obtain only a limited supply of premiums it may be necessary to limit the membership as had to be done before. Hence everyone wishing to become a member should see one of the executive immediately to be sure of obtaining these worthwhile premiums.

FRESH BUN SALE

Fresh Bun Sale sponsored by the Happy Gang sewing group in Stephens store Saturday, Feb. 14th from 2 p.m. to 5 p.m. Proceeds all for relief of needy. 35

Manager Tom Stack of the N.A.D.P. is in Edmonton this week attending the Dairymen's Convention.

A. Y. P. A.

The regular meeting of the A.Y.P.A. last week was held at [illegible]. The meeting consisted of initiation of the members. We discussed the program for Lent.

The meeting concluded with a lunch served by two of the members aided by Mrs. [illegible].

Stagette Notes

Oh how I love a parade, especially on a day like Saturday when you can stay out doors and breathe in that lovely fresh air!

Tuesday Feb. 10th was the regular stagette meeting with 19 members present. You girls, our float looked very nice, especially our Queen.

A short business meeting got under way. The Stagette tea was discussed as well as the work on sale. Each member is to make two articles in addition to [illegible] handicraft work.

There were 2 raffles. [illegible] and Mary were the lucky people. What are you going to do with them, girls?

The Stagettes would like to take this means of thanking [illegible] for the use of his tractor, Ernie Schur[illegible] for the use of his truck, Cliff Holden for the straw [illegible] Tomer for the hay [illegible] young gentlemen who helped [illegible] night.

After the meeting [illegible] of Les Holmes [illegible] England. [illegible]

Next meeting will be [illegible].

IN MEMORIAM

Treasured memories of our own dear daughter,

Joan Houston

who fell asleep Feb. 8th 1935, age 8 years 1 months.

"We are thinking of you today
Thinking of you in the past
Keeping you in our memory
Just as we saw you last.
When we reach the Heavenly Garden
And see her in full bloom
The Flower we loved so dearly
And thought God planted too soon
Though we know it not today
Oh there we will know the reason
Why in her fragrant beauty
God took our flower away."

—Forever missed and loved by Mom, Dad, Mary and Willie

Friends in Vermilion will be interested to learn that Miss Jacqueline Andrew, daughter of Mr. and Mrs. Dave Andrew, was one of the winners of a [illegible] Musical Award at Calgary in competition conducted recently. This is an annual contest and is open to young musicians from the ages of 17 to 21 years. The first program of the contest series was held Jan. 21st and Jacque played [illegible] a winner on Jan. 28th. The two selections played were Chopin's Fantasie Impromptu and a little study called The Bluebottle by [illegible] Jacob. This was the first occasion that Jacque had played in a musical competition. The prize was second in the piano class and was a cash award of $50. This young lady commenced her music studies in Vermilion.

Mr. and Mrs. Joe Clark and two children spent a day or two last week visiting in Vermilion, guests at the home of Mr. and Mrs. John Maxwell. Joe, Madge and family have been living at Stettler but on their return south will move to Delburne.

Mrs. D. H. Swanson and son Dick left Monday morning for Dawson Creek, B.C. where they plan to [illegible]. Mr. Swanson left on the Alaska Highway [illegible] three weeks ago.

Ray Spencer is having a great season with the Ponoka stampeders this winter and in a play-off game against Stettler Imperials in the Central Alberta [illegible] Ray scored 5 goals out of one [illegible] Lois Watt who was out for several games due to illness, notched 2 goals and assisted in others. Ponoka now plays the Red Deer [illegible] for the league championship.

Mr. and Mrs. Thomas Watts motored to Edmonton last Wednesday in their new Pontiac sedan purchased from Rowe and Spencer. They returned home on Thursday.

The Standard regrets that an error was made in the name of the fourth member of the high school curlers who took part in the provincial high school play-off. This should have appeared as Andrew Johnson not Albert. Andrew is the son of Mr. and Mrs. Carl H. Johnson of Marwayne and attend the Vermilion high school.

FINE SUITS FOR MEN

Death and Funeral of Mrs. F. Hammond

Mrs. Florence Matilda Hammond, Vermilion resident for the past 18 years, passed away at the municipal hospital on Monday February 9th, following a lengthy illness. Mrs. Hammond made her home with her daughter Mrs. J. Ridington.

The deceased was born at Swindon, Wiltshire England, on June 19, 1870. She came to Canada in 1906 settling at Lashburn, Sask., where the family resided until 1929. Mrs. Hammond came to Vermilion 18 years ago and has since then resided with her daughter.

Left to mourn her loss are three daughters, Mrs. Buxton of Brooklyn, Ont. Mrs. Ted Sharp of Marshall, Sask., and Mrs. Jack Ridington, Vermilion, and one son, Belton of Calgary. There are 7 grandchildren and three great grandchildren. Two brothers reside in the United States and there are six sisters still living in England.

Funeral services were held at St. Saviour's Anglican church on Wednesday afternoon. The Rev. T. W. Tonge officiated. Interment will be at the Mount Pleasant cemetery in Edmonton.

Moyer Bros. were in charge of local arrangements.

Nine Vermilion Rinks at Mannville Bonspiel

Quite a percentage of Vermilion curlers moved to Mannville this week in spite of the sudden decline of the mercury into real wintery temperatures. The skips taking part are Boake, Park, Cooper, Martin, Heckbert, Sutherland, Corley, Mitchell and the Simonson-skipped Wildmore rink. As there are 27 rinks entered at Mannville the spiel wasn't completed at press time and results will appear next week.

I.O.D.E. Chapter Gives Resume Of Year's Work

The following is a brief summary of the work accomplished by the Fragale Chapter, I.O.D.E. for the year 1947.

EDUCATIONAL WORK

A set of framed pictures of Their Majesties, the King and Queen given to the new school at Kitscoty; 4 text books to a needy student. Public library operated with a circulation of over 2500. 65 new books added during the year. Donations of cash to scholarship and bursary funds; Papers given on the following – Flying the Flag, The Teacher Shortage; Canadian-U.S. History books.

CHILD & FAMILY WELFARE

A delegate from the Chapter attended the annual meeting of the Canadian Cancer Society in Calgary; The Chapter sponsored the annual campaign for funds for the C.C.S. and was in charge of a booth for same at the local fair; Members helped with the tag day for the C.N.I. for the Blind, also with the T.B. and Blood donor clinics. $6.50 was donated to the Alberta Maternity Assistance fund, $5 to the Charles Camsell hospital in Edmonton for Xmas gifts for patients; 666 magazines and 18 books were donated to the local hospital and nursing home; review of the Child Welfare study was given at one of our meetings.

POST WAR SERVICE

Five food parcels sent overseas, 3 parcels of books, magazines and games were sent to the North-West Air Command Outpost at Beaton River, 371 articles of clothing and miscellaneous items shipped for overseas distribution, A wreath was purchased for Remembrance Day service.

EMPIRE STUDY

The following papers were read Founders' Day, Reflection on South Africa, Municipal Elections, Racial Prejudice. An Empire Study quiz was held.

The new Citizenship Act was reviewed and a paper given on "New Citizens."

To raise funds we held a tea and rummage sale in May and a Tag day in July.

COLORFUL ICE BALLET SCORES MARKED SUCCESS

200 Children in Cast

Making a departure from the orthodox, the teachers and school children of Vermilion on Saturday night last presented an ice show which has won for them wide acclaim. So great an impression did the presentation make that it was only the very severe weather prevailing that prevented a widespread demand for a second showing of the ice ballet. In spite of Saturday night being one of the coldest and most disagreeable of the winter, the arena was filled to capacity, yet hundreds of country people were prevented from attending by the cold weather and roads. The ice ballet was so well enacted, the costumes so numerous and befitting, the characters so many, the setting and effect so unique and entrancing, that the writer could not begin to do justice in a write up, but on behalf of the public he can extend sincere thanks for the evening's entertainment, the nature of which had never before been attempted in Vermilion, to the teachers and children, and to any others who helped in any way for the excellent presentation of an extremely ambitious undertaking.

The story is a continuous one leading to the final act, the crowning of the beautiful flower queen. The ice resembles a glade in the woods, and first one group as flowers, and then another, makes its appearance, going through various drills on skates. Each group is costumed to appear as the plant represented. The Twilight Fairy scintillating exhibitions of fancy skating number, while the Sunrise Fairy (Lois Beresford) gave another of her scintillating exhibitions of fancy skating in carrying out her solo act. During the play too, Betty Beresford and Marian Pliske as Tulips did some very neat duo skating. Comedy was interjected by the appearance of the little bugs who attack the roses, to be scattered by a farmer with a spray gun, and by the Bushell brothers, Harold and Richard enacting the bees. Another fine bit of comedy was by Petunia (Louise Reddock) in the onion patch. The whole play was enacted to suitable music.

The crowning of the Queen, Noreen McGinnis, by Jack-in-the-Pulpit (her brother Ronnie McGinnis), surrounded by her charming attendants, Shirley Carroll, Ruth Simonsen and Phyllis Westman, the train bearers and page boys, is the culmination of the beautiful operetta on skates, and brings the entire cast, 200 in number, to the ice at the same time to form a gigantic wheel, in the hub is the throne of the queen and her retinue, the groups of flowers form the various spokes and scores more children make up the rim. The whole wheel revolves slowly giving everyone a wonderful view and produces quite an entrancing effect.

The [illegible] of the teachers was of the opinion that as a change from the ordinary ice carnival, a program with a story, some continuity, should be attempted, in other words an operetta on ice. Working on this idea, Mrs. Cleo Day, a new member of the high school staff secured an operetta and rewrote the whole play with a view to its presentation on ice. The entire wording as appeared in the program supplied to the audience that evening was written by Mrs. Day and indicates talent the nature of which few people possess. Many of the drawings which appear in the program are also the handiwork of Mrs. Day. Every teacher on the staff did his or her full share of the training and directing, putting in many hours at this.

Much time was spent rehearsing and preparing for the ice ballet and the success which crowned the efforts of all concerned, was richly deserved. In view of the tremendous amount of work involved it is almost too much to expect another such entertainment for many a winter, but everyone will live in hopes.

Park is Lone Local Winner at Mannville

When the time came to play the semi-finals at the Mannville bonspiel last week, Gordon Park was the lone survivor of the 9 Vermilion rinks competing. Gordon went into the final of the Merchants where he lost out to Skip Telepsough of Vegreville. The don's rink was Bill McLaughlin, Lloyd Harris and Henry Powell.

MEETING OF FISH & GAME LGE. TUESDAY MARCH 16th.

A meeting of the Fish and Game league will be held on Tuesday, March 16th. Keep this date open (place to be announced later) to see the Ducks Unlimited film entitled "Good Hunting Brother", all interested are invited to attend and farmers having complaints against ducks feeding on crops this will provide a good opportunity to discuss the situation.

Special Attraction at Columbia, Mon. and Tuesday, Feb. 23, 24

EXTRA SHOWINGS PLANNED

"Great Expectations" one of Charles Dickens' finest stories, now on the screen, will be shown at the Columbia theatre next Monday and Tuesday Feb. 23 and 24. Two complete shows will be given each night, commencing at 7:30 and 9:45. This picture has been shown at many large theatres at advanced prices but regular prices will be charged at Vermilion.

Leap Year Dance Tuesday, March 2nd

Vermilion's newest organization, the Order of the Royal Purple, which is an auxiliary to the B.P.O. Elks, will present a "Leap Year" dance on Tuesday evening March 2nd in the Elks hall.

The ladies plan a really gala time for this event which will take advantage of all the leeway given in a leap year. So be on hand for a really enjoyable time on March 2nd. Tickets are on sale at only 50c each. 29-40

Minburn M.D. Farm Service Board Urges Veterinary Policy

WILL CONTINUE BETTER FARMS COMPETITION

At a special meeting of the Agricultural Service Board for Minburn M.D. a resolution was sent to the Provincial Government asking for a policy to be set up to assist Veterinarians located in country districts.

It was pointed out at [illegible] which was held at Mannville, that there is no veterinarian between Edmonton and the [illegible] boundary, which is a [illegible]. Board members stated that considerable live stock now being lost could be saved through the services of a veterinary surgeon. The Service Board wishes to co-operate with the Government in some definite plan of mutual assistance whereby a veterinarian could be located in the municipality.

Another resolution urged the Government to enact legislation which would prohibit the burning of stubble except in cases of necessity when per[illegible].

The Board went on record as recommending to ratepayers a greater use of forage crops as a means of weed control and soil conservation.

The Better Farms Competition, which proved so popular in the municipality last year will be continued in 1948. Some changes are recommended in this project. It is proposed this year to score the farms twice in the season. The judges will visit the competitors about June 1st and again two months later. Prizes will be awarded for the greatest increase in points between the two inspections.

Charles Stewart of Vermilion is the president of the service board and the members are F. Syben, F. Elliott, William Olenek and E. H. Buckingham, District Agriculturist. R. T. Durward is secretary. Mr. Olenek has replaced F. Kisko of Ranfurly who resigned on commencing a course of training for a veterinary surgeon.

Quiet to Run

O. H. Quiet, at present reeve of the Vermilion River M.D. will again be a candidate for councillor in Div. 4 of the municipality.

ANNUAL BONSPIEL STARTS NEXT WEEK

ARENA WILL BE USED — NINE SHEETS OF ICE — RECORD ENTRY EXPECTED

The annual bonspiel of the Vermilion Curling club will commence on Monday morning Feb. 23 at 8 a.m. and from then on for the next four days there will be plenty of rock throwing. The arena rink will again be used for the first three days and nine sheets of curling ice will thus be available, ensuring the completion of the spiel in four days. This makes a very desirable bonspiel with plenty of curling possible in a limited time.

Five competitions will be played with the Grand Challenge and Vermilion hotel as the primary events, Telford Memorial and Brunswick hotel, as respective secondaries and the Pile competition as the Consolation. Remarkably good prizes have been secured and these will shortly be on display.

Entries close Saturday night at 6 p.m. and the bonspiel swings into earnest action at 8 a.m. Monday morning.

Owing to there being nine sheets of ice no late night draws will be necessary and this will be an attractive feature of the Vermilion bonspiel.

Fred Firth is bonspiel secretary and entries should be made to him.

Stewart Rink Wins Grand Challenge at Lloydminster 'Spiel

A rink composed of E. M. Stewart, Dr. Dune Stewart, Gordon Ross and Glen Good captured the Grand Challenge cup at the Lloydminster bonspiel last week in which 57 rinks competed. The boys also won 3rd prize in the Gas Company event, another one of the open competitions. All in all they played 13 games and won 11 of them, which is nice curling.

The second local rink at Lloydminster of Darrell Currah, Dr. King, Carman Long and Rand Calvert, also turned in a nice performance, running up seven straight victories before suffering defeat, but did not quite make the silverware class.

"GREEN ACRES"

FORAGE CROP ADVISED

At the recent meeting of the Agricultural Services Board, M.D. of Minburn, the use of more forage crops was recommended to farmers as a means of weed control and soil conservation. Farmers in this district have generally adopted the seeding of Alfalfa and Brome as part of their farm practice. Others would be wise in following their example. Seed orders are taken at this office.

HARDY SHRUBS

A few hardy shrubs planted on farm or town homes make a great showing throughout the summer. Spirea, flowering plum, and almond trees, dog wood, lilac and a dozen other hardy shrubs are available from nurseries. See catalogs in the D.A. office.

EARLY VARIETIES

There are a lot of inquires for seed of early varieties of oats this year. Many farmers are cultivating weeds fields once or twice in the spring to get a "kill" on wild oats before seeding the crop. This means seeding late, and early varieties are best for this purpose. Anyone having seed of early oats or barley for sale, kindly leave particulars at my office.

LAYING MASHES

A good many flocks have been laying all winter. In all cases where production has been good, well balanced mashes have been fed. Hens living inside for several months have no chance to balance their own rations, so the owner must do it for them. It pays to use a balanced laying mash.

SEED TESTING

Farmers can test their own seed by planting 100 average sized kernels in that part of the house where it is not too hot and where it can be kept moist. Count only strong points at 4 to 5 days. Good seed should germinate 90 per cent or over.

FLAX PRODUCTION

Flax is proving to be a very profitable crop in this district. One farmer bought 25 bushels of seed last week. At 10 bushels per acre, which is not an average yield, the return would be $50 per acre. Flax requires clean land as it cannot stand up to weeds as well as barley. Red Wing is the only recommended variety for this district.

Art Wiebe Sells Bakery

BERT CHUDYK AND REG HARVEY NEW OWNERS — WILL BE KNOWN AS "DAINTY MAID"

Art Wiebe has sold his bakery and the new owners, Bert Chudyk and Reg Harvey, have already taken over their new business. Both are young men, Mr. Chudyk coming from Edmonton and Mr. Harvey from Lloydminster.

The new owners have ambitious plans for the business which will henceforth be known as the "Dainty Maid" bakery. They are pleased to retain the services of Mr. Carl Thompson as baker and bread making for retail and wholesale trade will be carried along on the present large scale. Plans call for greatly increasing the making of pastries and other baking, rearrangement of the coffee shop allowing for increased seating capacity, use of the soda fountain offering a greater variety of soda[illegible] [illegible] as in pre-war days and [illegible] of [illegible] [illegible] lunch [illegible]. Commencing Monday the "Dainty Maid" will be open evenings for the convenience of the public.

The two new business men became members of the Board of Trade immediately and attended the Board luncheon meeting Wednesday. Both expressed themselves as being favorably impressed with Vermilion from the standpoint of business and as a desirable town in which to live.

The former owner, Mr. Wiebe, has no definite plans at present. It is highly likely that he and Mrs. Wiebe will spend a month or two visiting relatives in the States before making up their minds as to their future movements.

V.S.A. Students Visit Olds School Of Agriculture

A party of 34 students and 4 staff [illegible] the Vermilion school of agriculture journeyed to Olds last week end to visit their sister college and participate in inter school team games.

The boys' basketball game was won handily by the smooth-working Olds team by a score of 63-16 and although the Olds team also won the girls' basketball game the Vermilion girls carried their share of the play and actually out-scored their rivals in the last two periods losing by a score of 21-30.

The hockey game was most keenly contested and produced the best brand of hockey played by either team during the season. The Vermilion boys were two goals ahead in the first period only to have their lead wiped out in the closing moments of the 3[illegible] which [illegible] in a 3-3 tie. In the overtime session, Vermilion scored the winning goal to bring back honours in at least one major event.

[illegible] to the sports event the Vermilion visitors were guests at a [illegible] program and dance, inspected [illegible] shops and classrooms and attended regular classes with their hosts on Saturday [illegible].

The trip was made by bus and although the [illegible] were very slippery [illegible] the expert driving of Dean Caskey carried the party through on schedule. Twelve hockey players, 11 members of the boys basketball team, 11 girls as well as the President of the Student Union, the Editor of the school paper and three members of the teaching staff made up the Vermilion [illegible].

[illegible] to the V.S.A. all [illegible] enthusiastic about the reception they received at Olds and will [illegible] forward to [illegible] when the Olds school will [illegible] party to Vermilion.

Vermilion Lady Curlers in Final

AT NORTH BATTLEFORD — GAME [illegible]

The honour of being the first Vermilion curlers to have their game broadcast over the air fell to the ladies who competed in the North Battleford bonspiel last week. The rink was composed of Mrs. Jean Rowe, lead, Mrs. Irene Lazan 2nd, Mrs. Helen Bell [illegible] and Mrs. Percy Mitchell of Hafford, Sask., skip. The ladies reached the finals of the Grand Challenge and this game was broadcast over the North Battleford station last Thursday [illegible]. Word reached Vermilion during Thursday to that effect and a large number listened in with great interest to the play by play description of the game.

The [illegible] brought home besides considerable [illegible] the second prize of four very nice upholstered bedroom chairs.

Councillors Re-Elected

Election excitement was at a minimum this year and the two vacancies on the town council and the representative on the hospital board were filled by acclamation, the retiring members in each case being re-elected.

Councillors Gerald P. Stephens and Ross Boake were re-elected to the council and H. R. Parker to the hospital board. Mr. Stephens has already served four years and Mr. Boake three years on the council, while Mr. Parker has completed eight years on the hospital board.

BICYCLE for PRIZE

OFFERED FOR CROW AND MAGPIE LEGS — BY FISH & GAME [illegible]

The Vermilion Fish and Game [illegible] organizing a crow and magpie [illegible] campaign [illegible] summer for school children with one grand prize of a boy's [illegible] boy [illegible] [illegible] feet [illegible] [illegible] [illegible] per pair [illegible] June [illegible] payment will definitely [illegible] all feet will count [illegible] of the contest [illegible]. Please note that no money will be paid until June 30; all feet brought in will be credited to the individual account and totals for payment will be calculated at that time.

Annual Meeting of Electors of Vermilion River Here Saturday

Electors of Vermilion River M.D. will hold their annual meeting at the Elks hall Vermilion, on Saturday afternoon, Feb. 21. Affairs of the year will be reviewed and nomination for five vacancies on the council will take place.

Annual Town School Meeting This Friday

The annual meeting of the Vermilion school district will be held this Friday evening Feb. 20 at 8 p.m. in the Masonic hall. Annual reports will be given, and nominations and election of four members of the local school board will take place. Everyone interested is invited to attend.

Halvar and Barney Johre are planning to attend the ski tournament at Edmonton on Sunday but have not definitely made up their minds to enter the competitions as they have had little practice this winter.

OBITUARY

MRS. FLORENCE MATILDA HAMMOND

Funeral services for Mrs. Florence Matilda Hammond, who passed away Monday February 9th, were held at St. Saviour's Anglican church on Wednesday, Feb. 11th at 3 o'clock in the afternoon. The Rev. T. W. Teape officiated. Interment took place on Thursday at Mount Pleasant cemetery in Edmonton.

Mrs. Hammond, who was 77 years of age, had resided for the past 13 years at the home of her daughter Mrs. John Ridington. She was born at Swindon, Wiltshire, England on June 13, 1870. She had lived in Canada since 1906.

The pall-bearers were H. J. Payne, Leonard Hicks, E. Carley, C. N. Brennan, H. J. Riesdale, Thos. Watts. Meyers Brothers were in charge of arrangements.

Left to mourn her loss are three daughters, Mrs. Stanton of Brooklyn, Ont., Mrs. Ted Sharp of Marshall, Sask. and Mrs. Jack Ridington, Vermilion, and one son, Sefton of Calgary. There are 7 grandchildren and three great grandchildren. Two brothers reside in the United States and there are six sisters still living in England.

Beautiful floral tributes were received from:

Sefton and Jean, Jack, Meg, Florence and Margaret, Ted, Ivy and Marjorie; Betty, Lorne and Loreen, Shirley, Jim and Win; Eddie and Louise; Bunny, Selma, Kenneth, Isobel Stoney; Mrs Regan, Jim and Billy; Mrs. Gill, Mary and Winnie; Frank and Olga Walker; Mr and Mrs. R. Brennan and Jean; Claude, May and family; Loyal, Mabel and girls; St. Saviour's W.A.; J. and A. Payne; Kate and Len Hicks; Mr and Mrs. H. Evans, and Eleanor; Gib and Jessie; Mr and Mrs. Harry Marfleet and family; Mr and Mrs. W. R. Wiebe; Mr and Mrs Geo. Webb; Mr. and Mrs. Elmore Stewart; Anne Semychuk; Jim and Grace Adam and family; Eva, Ed and Joan Carley; Mr and Mrs Buckingham; Mr Katz and Alex; Mr. and Mrs. Floyd Morris; Staff of Canadian National Railways.

Death and Funeral of Brian McGinnis

On Saturday February 7th Brian McGinnis, son of Mr and Mrs. Norman McGinnis passed away at the age of 11 months. He is survived by his mother and dad, three sisters and two brothers.

Funeral services were conducted from the Roman Catholic church at 2 o'clock Wednesday afternoon Feb. 11. The Rev. Father MacDonell officiated. Interment was made at the Catholic cemetery.

Beautiful floral tributes were received from Mom and Dad; Grandpa Morton, Uncle Tom, Uncle Ed, Uncle Alec, Auntie Ina, Auntie Lois, all from Grandview, Manitoba; Auntie Nell, Auntie Verda, Auntie Florence all of Aldergrove, B.C.; Clarence, Grandpa and Grandma McGinnis; Auntie Evelyn and Uncle Leo, Auntie Jessie and Uncle Leo, Innisfail, Alta.; Auntie Laura, Auntie Margaret and Uncle Bob, Lavoy, Alta.

THE WEATHER

DAILY TEMPERATURES

Date	High	Low	Snow
Feb. 12	27	9	
Feb. 13	13	-6	
Feb. 14	-8	-13

CHILDREN WITHOUT CHILDHOOD—

It is with pleasure we recall the fun we had in our childhood—of those things which were not important then but which are now treasures in our memory book. That is the way childhood should be — carefree and secure, no worries, no wants.

But how different it is for those boys and girls in Europe whose lives have been sliced by the ravages of war! Truly, they are old before they are young. They are half-fed and cold. Many, made orphans, will never know the love within their mother's heart. Thousands know no other shape than a pile of rubble. Garbage dumps is where they eke out food to help stretch the skin over their dwarfed bodies. Their lives are miserable.

Childhood for these boys and girls has passed them by. Living and survival has been earnest business — a 24-hour-a-day job and it started at the cradle. It is to these poor unfortunates that we are asked to extend our help with donations to the Canadian Appeal for Children. Money collected in this appeal will be used to purchase food and clothing. Money will be spent for books and pencils. It's a fresh start for millions and it must succeed. Donations may be made through your local bank.

Over 500 people from the town and surrounding districts attended the John Deere day held under the auspices of the local agents, Reg and Pat Ambler on Thursday last week. Three shows were given, two in the afternoon at the Columbia theatre and one at the V.S.A. during the evening.

The program was good and very interesting. The day was very mild and the town was crowded all afternoon, parking space being at a premium.

Vermilion District Hockey League

V. S. A. 9 VERMILION 2

The V.S.A. had a field day Wednesday last week running in 9 goals to the town's 2 and this gave the collegians quite a lead in the league. Alec Katz and Allan Heidebrecht notched the Tigers goals with the V. S. A. sharpshooters being Adamson 2, Marler, Gangstein, Melnyk 2, Ziegler 2, Shantz.

VERMILION 5 BUFFALO C. 2

Playing shorthanded the Buffalo Coulee team took the short end of a 5-2 score Monday at the hands of the town crew in one of the best games this winter, played before a handful of fans. Arthur and Sylvan scored the southerners' goals with Heidebrecht, Fink, Katz 2, and Manyluk notching the town's counters.

Next games Thursday Feb. 26th and Saturday Feb. 28th. See advert on the front page for particulars.

Forage Crops
Seed Distribution Policy

To encourage a WIDER USE of Forage Crops

The Alberta Department of Agriculture

has arranged to make Grass and Legume Seeds available to farmers at cost.

For details as to kinds of seed and prices, see the following local representatives who are co-operating in this policy:

PROUDFOOT & MERCER, Mannville
ED. BLAIR, Kitscoty
P. F. PETERSEN, Minburn
HARRY FISHER, Innisfree
E. H. BUCKINGHAM, Vermilion

SEED SUPPLIES ARE LIMITED

Only farmers who place their orders for seed at an early date can be assured that seed will be available.

For additional information see your District Agriculturist, E. H. Buckingham of Vermilion, Alberta.

HON. D. B. MacMILLAN, Minister of Agriculture.
A. M. WILSON, Field Crops Commissioner.

Orchids!

To the Teaching Staffs of the Vermilion High and the Vermilion Public School, the Children, and all those persons associated with the staging of "The Flower Queen's Coronation" Ice Ballet, we say "THANK YOU" in sincere appreciation for a wonderful evening's entertainment. We want you to know that your hours of work, rehearsing, making costumes and all the difficulties that must be overcome in producing such a colorful spectacle were not in vain. Please accept our "ORCHIDS OF APPRECIATION."

OUR COMPLETE SHORT STORY—

CAR THIRTEEN

By E. JERVIS BLOOMFIELD

BENTON wiped his glove over the inside of the windshield. Ice crystals showed in the plush against the last arcs of the swipes.

"A couple degrees drop and it'll be snow, sergeant."

I roused myself. "Yeah. Makes dirty driving. But we only got a quarter hour till four."

"Right."

"We haven't been shooting the breeze much. Don't you and Williams talk?"

"Not much. I'm no hand at gossip."

"Married?"

"Yeh."

"How long?"

"A bit over a year."

"Tough having to work nights."

Harry Benton was a new man. When his partner was taken sick, I'd had to pinch hit.

Car Thirteen eased onto Fifth Street, and the clock showed ten to four. The slush was getting thicker and the trolley tracks didn't show any longer.

The radio crackled and I saw Harry stiffen.

"Car Thirteen. Calling Car Thirteen. Code sixty-seven. Code six seven. That is all."

That woke me up plenty.

Harry turned carefully and stepped on the gas. The wheels spun. I was getting mad.

"A hospital call, with ten minutes to go! I tell yu, Benton, there is no justice!"

He nodded, "Maybe not . . and again, maybe . . ."

We hadn't gone two or three blocks when the radio peeped again. Harry eased on the gas.

"Calling all cars. Calling all cars. Code twenty-three. Code two three. All cars. . ."

We crawfished a little as he touched the brakes. I was too sore to speak.

"Well. . .?" he asked tentatively.

"That's Inner Jacquin — that's dynamite," I said. "What would you do if you were sergeant?"

Reluctantly he started the U-turn. "Head for West Waterway—that's our station. But they ought to cancel."

Then the radio came in with details: "Stick-up at Maynard's. Getaway car is tan sedan. Car Thirteen cancel six seven. . ."

"There it is!" I swore. "There is no justice. It's not as though they ever show up—just keep you waiting all night."

"Yeh!"

Harry looked grim as he pushed the waiting car into the whitening night. It didn't take two minutes to reach the bridge. He came to a stop in the middle of the viaduct, switched on the roof spot, unloosened his holster.

I reached for the riot gun, opened the door.

"Never do show up. Just keep you waiting until you're froze."

Then two headlights showed from the city side, grew bright and wider apart. They were belting right along.

Harry twisted the spot as I circled. The light caught the other driver. He locked his wheels, swung sideways.

I heard Harry yell, "Get clear, sergeant!"

He backed his spinning wheels over the footwalk. I slid for points north. The tan sedan spun between us like it was acting for the movies. It finished one circle, kept going.

The tail-lights faded, and I heard Harry howl, "It's them! Jump in!"

The outfit was well in the clear before we set sail again. I called HQ on the two-way and gave them the dope. Then we started to edge up on them. The way we travelled over that slick made me nervous.

"Keep this up, and we'll finish in the morgue."

"Yeh? Better limber your gun and start on their tires."

Little stabs of red flame came from the car ahead. Our windshield cobwebbed as the slugs hit.

I pushed open the gun port, went to work — and I wasn't aiming at rubber.

The driver gave a little jerk and the sedan started to weave. The man on the right leaned over, tried to manhandle the wheel. They hit the curb, slid on one side until a building stopped them. It took us another hundred yards to get ourselves under control.

Back at the wreck you could hear the wail of other sirens, like a pack of hungry wolves. It wasn't until the ambulance and dead-wagon had come and gone that the lieutenant gave us the good word.

"Back to the station and make your report. Then you can check out."

I stamped the snow from my boots. "About time. But I'm glad we were there. They sure came helling across that bridge."

Harry wheeled us right smart to town. But he missed the turn off Fifth to headquarters.

"Hey! Where yu going?"

He grinned. "I haven't forgotten that code six seven."

"Hospital call! That's forgotten. What do you want to follow that up for."

"The wife's there. I asked them to tip me off—I'd like to know if it's a boy or a girl."

MACDONALD'S
BRIER
Canada's Standard Smoke

Hello Folks!

"An important part of my diet ever since my first bottle has been Crown Brand Corn Syrup. Now that may be all right for a little character like myself, but let me tell you, these grown-ups sure are lucky what with Mom serving them Crown Brand Corn Syrup with so many of their dishes. And she uses it in her baking, too, as a sweetener. I can hardly wait until I'm old enough to have some hot waffles or pancakes smothered with delicious Crown Brand. If it's as good as it is in my cereal—mmmmm!"

For years doctors have recommended the use of Crown Brand Corn Syrup as a satisfactory carbohydrate acting as a milk modifier for bottle-fed infants.

WORLD'S BIGGEST PLANE MAY BE FIRST AND LAST FOR U.S. ARMY — The U.S. air force admits that while it has bought the world's largest land plane — the Consolidated-Vultee C-99, shown here — it doesn't know just what to do with it and has no desire to buy more. Statistics revealing it was 182 feet long, 57 feet high and would carry 400 fully equipped soldiers were released by the air force. Most aeronautical engineers believe the C-99 could land only on three or four fields in the U.S. and as few outside the country. One U.S.A.F. spokesman said: "It taught us a lot of things. It taught us not to buy any more."

Western Briefs

ARCOLA, Sask. — This southeastern Saskatchewan town's first woman settler, Mrs. Lovinia Beggs who settled here in 1882, celebrated her 100th birthday recently. Born in Prescott county in Ontario, Mrs. Beggs received congratulatory telegrams from the King and Queen and Prime Minister Mackenzie King.

• • • •

RED DEER, Alta.—Plans for another Alberta pulp mill are being contemplated by an anonymous client of a Seattle engineer. The mill is to be located in the Red Deer area. Application for a timber berth has been made to the provincial government.

• • • •

KELOWNA, B.C.—Hunters coming to British Columbia increased nearly 500 per cent.—from 4,000 in 1943 to 19,000 last year, Game Commissioner James Cunningham told Kelowna Rod and Gun club. "That's a little bit more than B.C. can stand," he said. "Tourist associations may be proud of these figures, but they give the game commission cause for alarm."

• • • •

WINNIPEG.—Grocery and department stores here have launched a campaign to wipe out shoplifting, with 18 convictions on such charges recorded since beginning of the year, city court officials said.

• • • •

GWYNNE, Alta. — A new central school of 5 rooms is being planned for Gwynne, Alberta, in the Wetaskiwin district.

• • • •

VANCOUVER. — The suggested building of a huge auditorium here, rivalling the hockey palaces of eastern Canada's major cities, has Vancouver sport fans looking forward to a new sport era on the Pacific coast. Hockey and lacrosse enthusiasts, who habitually line up for hours — and blocks at playoff time, hope to see soon their favorites perform in a local version of Toronto's Maple Leaf Gardens.

• • • •

WINNIPEG. — Stuart Garson said the Manitoba government had inquired of the federal government about the possibility of Dominion assistance in construction of a road that would link the Pas and Flin Flon. The premier told a delegation from the two northern centres that Manitoba had requested federal assistance in construction of a road from Cranberry Portage to Flin Flon on condition the province undertake construction of another section from Wekusko to Cranberry Portage.

Snowplane Used To Feed Game Birds

MELITA, Man. — The provincial game and fisheries department has stationed a snowplane at Melita to facilitate the job of caring for and feeding upland game birds during the winter. Tentative reports indicate that the birds are holding their own and also taking advantage of the feed laid out last fall. So far 4,200 pounds of grain have been distributed over a wide area. The trapping and banding of prairie chicken to ascertain their migrations is now in progress.

CANADA'S BOY SCOUT MEMBERSHIP GROWS

OTTAWA — The Boy Scout News says there are 5,202 more Boy Scouts in Canada now than there were in 1946. In 1947 the Canadian membership reached an all-time high of 108,750. Canada now has 94,805 boys in the Scout Movement under the direction of 8,934 adult leaders. The previous high mark was in 1939 when the Canadian Boy Scout membership was 103,873.

Horse Population Declining Rapidly

TORONTO.—The horse population in Canada continues its rapid decline, due to old age and the processing of horses for human consumption, T. P. Devlin, of Winnipeg, Man., secretary-treasurer of the Clydesdale Horse Association of Canada, told the annual meeting.

Mr. Devlin said the two processing plants at Swift Current, Sask., and Edmonton, are working at capacity. Since these plants started operations two years ago, $7,000,000 in products have been sold from the processing of 100,000 horses, he added.

Many Joining Canadian Navy

OTTAWA. — Recruiting for the Royal Canadian navy (Reserve) looked bright as 1948 got under way, for already two of the 20 naval divisions reaching from coast to coast had exceeded their quotas as the year opened, Hon. Brooke Claxton, minister of National Defence, said.

Both, however, are still recruiting.

Six others, including the two with the largest interim complements, were past the 75 per cent. mark, and all but three of the 20 had advanced at least half way to their targets. A total of 3,108 reservists were under training as of January 1.

During 1947 the R.C.N. (R) had 1,600 officers and men afloat for varying periods.

Mary Queen of Scots became Queen of Scotland when only a week old.

Gives Warning Of Grasshopper Plague For 1948

REGINA. — Warning that grasshoppers, the bane of western farmers during the mid-thirties, would be more numerous and widespread in Saskatchewan in 1948 than in any year since 1940, was issued by Agriculture Minister I. C. Nollet.

Referring to the 1948 grasshopper forecast prepared by the Dominion entomological laboratory, Saskatoon, he urged municipalities to order bait and other supplies immediately in preparation for an all-out control campaign.

"Bait spreaders should be put in working condition now," Mr. Nollet said. "A good poisoning campaign can prevent spring damage to crops and poisoning in the spring can also reduce the extent of crop damage by winged grasshoppers in the fall."

The Dominion entomological laboratory forecast showed grasshopper eggs present in sufficient numbers in 170 municipalities to threaten crops this spring, with the infested area extending southward from North Battleford to the U.S. border and from Alberta eastward to Wynyard, Regina and Estevan.

Intensity varies from very light and patchy to continuous and severe. Infestation is largely of the roadside and field margin type, although light to moderate stubble infestation was found in all the severe and moderate areas south and east of the South Saskatchewan river. Over the rest of the area field infestations were very minor except in a few areas of light soil.

Contributing largely to the severity of the expected outbreak are heavy concentrations of eggs of the two-striped grasshopper, Packard's grasshopper and the roadside grasshopper along field margins and on roadsides, with more moderate infestations of the lesser-migratory or stubble grasshopper found in the forecast areas south of No. 1 highway and in the Davidson-Craik district.

Ledue Oil Field May Last 25 Years

CALGARY. — The Ledue oil field may last 20 to 25 years if produced at an economical rate, J. D. Gustafson of Calgary, representing the Imperial Oil company said at a public hearing before the Alberta Petroleum and Natural Gas Conservation board.

The hearing is being held to hear submissions from oil companies interested in the field on production rates to be imposed on oil wells in the field to allow for economical production.

MANY U.S. TOURISTS

VANCOUVER. — United States tourists visiting Vancouver in 1947 numbered 612,052, more than double the annual average before the war, the tourist association announced.

During World War I numbers of British troops were infected with anthrax carried on shaving brushes imported from Japan.

2,4-D Sprayers Pamphlets Available

During 1947, [illegible] were sprayed with 2,4-D as a weed control measure on the Canadian prairies. It is estimated that about 5 to 10 times that amount will be sprayed in 1948. According to a mimeograph just released by the Alberta Department of Agriculture spraying to date has proved much more satisfactory than dusting. Only a very limited amount of dusting with 2,4-D was done in Alberta last year.

The amount of water required in the spraying process has been considerably reduced. Early spraying was done with adapted orchard or livestock sprayers, and from 80 to 100 gallons of water per acre were used. It is now agreed that 2 to 5 gallons per acre is adequate.

The mimeograph, "2,4-D Sprayers", provides a guide for the information of those considering purchase of sprayers. It contains a list of sprayer manufacturers, and gives a number of suggestions that should prove useful to the prospective buyer. Some of the qualifications outlined as desirable in a sprayer are high concentration, low pressure, low gallonage or fog type nozzles, even coverage and distribution of liquid, rust-proof equipment and so on.

A copy of the mimeograph "2,4-D Sprayers" can be had by writing to the Field Crops Branch, Alberta Department of Agriculture, Edmonton.

Pieces of old tires are used for shoes for children in many sections of Greece. Clothing is included in the help Canadians will send these children through the Canadian Appeal for Children. Your local bank takes donations.

Critical people are [illegible] the answer for critical days.

OL' MAN WINTER PRODUCES WEIRD TYPE OF BEAUTY—Cold waves might chill you to the marrow, but they also produce an almost indescribable type of beauty. This eye-catching pattern of ice-studded piling presents a unique winter scene for folk in Chicago. The long row of ice formations, gracefully following the sweep of Lake Michigan's shoreline against a backdrop of leaden sky and smooth water, is artist's delight.

FOLLOW DEMAND WITH BULLET—Toronto police fear the start of "protection" racket following an extortion demand and the firing of a shot at the home of Michael Blidner, fruit merchant. For the past five days Blidner has received telephone calls demanding $10,000. He told the caller no money would be given. Police believe the bullet fired at the house and narrowly missing Blidner was the extortionist's way of saying he "meant business". A circle shows where the bullet entered the house.

WELCOME! U.N. COMMISSION ON KOREA
NO WORLD PEACE
WITHOUT KOREAN INDEPENDENCE!

KOREAN WELCOME MAT FOR U.N. COMMISSION — Koreans in the occupied area went all out to greet the special United Nations commission upon their arrival in Seoul Korea, to supervise special democratic elections in the territory. Hundreds of Koreans lined the roadway from Kimpo army airbase to Seoul, in freezing weather, to await the arrival of the commission members. The Koreans even built a special archway across the street en route to the capital building as shown here. K. P. S. Menon of India is [illegible] chairman of the commission which went into session soon after their arrival. The Soviet delegation snubbed the meeting and thereafter announced that they will refuse the commission entry into Soviet-occupied northern Korea. Now the problem of the [illegible] whether to hold elections in the U.S. occupied South Korea, appeal to the U.S. [illegible] for further instructions or to let the matter rest until the general [illegible]

[illegible] PIRATE [illegible] — With the maps and explanations that she is confident will lead her to the treasure, Mrs. Bula E. Croker, widow of New York's fabled Tammany Boss Croker, is looking forward to recovering a cache of pirate gold, estimated at $76,000,000. The gold, she says was buried in the years 1781 to 1783, 40 miles from Pensacola, Fla. She owns the land where the treasure is buried. She is negotiating with a firm of contractors to help her dig up the mamma. The maps came into the family when Mrs. Croker's grandfather was a boy. They were originally in the possession of a Spanish sea captain.

WIFE OF CANADA'S AIR ACE SEEKS DIVORCE—[illegible] Eve Whittall Beurling, wife of George "Buzz" Beurling, Canada's top-scoring fighter ace of [illegible] II, has petitioned parliament for a divorce. Mrs. Beurling is a stenographer, now living in Westmount, Que., formerly a resident of Vancouver. With a score of 31 German and Italian aircraft destroyed, Beurling was the [illegible]st of Canadian fighter pilots and a master of deflection shooting. Mrs. Beurling's divorce petition [illegible] must be approved by parliament because she is a resident of Quebec, was entered last June. Evidence will be heard by a Senate committee and the petition must then be passed by both Houses.

ATOMIC COIFFURE—Placing her hand on an electro-static generator at the Atomic Energy Commission's exhibit in New York City, Miss Jean Klein suddenly finds herself the possessor of an atomic hairdo. The machine, used in atomic research, shot 125,000 volts of electricity through Miss Klein's body, causing her hair to stand on end.

POST OFFICE

JEWS SEARCH ARABS, ARABS SEARCH JEWS — Although they work side-by-side in the Jerusalem Palestine postoffice, Arab and Jewish workers view one another with suspicion. In the above picture a Jew is shown searching an Arab for weapons, while an Arab frisks the pockets of a Jew. A British policeman looks on. At right, a barbed wire entanglement protects one side of the building. According to news dispatches large concentrations of Arabs were reported northeast of the city, and a new Arab [illegible] was [illegible]

ICE JAM IMPERILS CHICAGO WATER SUPPLY — A tug noses in close to the intake pipes of a water supply "crib" in Lake Michigan in an effort to break an ice jam. Following sub-zero temperatures the floes choked the pipe openings and cut off all water from nearly 2,000,000 Chicago residents. Workmen dynamited the ice to start water flowing again.

GOOD USE FOR BARRAGE BALLOONS—A group of Japanese boys and girls stand beside a half inflated barrage balloon in Tokyo wearing raincoats made from the waterproof materials of the balloons. These balloons which were formerly used by the Japanese navy to prevent low flying planes from approaching the Yokosuka naval base, were turned over to the Japanese Red Cross to help alleviate the shortage of wet weather materials in the country.

HUNGRY JOBLESS LINE UP FOR MEAL IN TORONTO—Free meal tickets donated by an unknown financier were the target of almost 300 [illegible] who lined up at an office recently. Three hundred pasteboards entitling holders to a meal were given out and this will be duplicated every day until the end of March. [illegible] the days of 1932 when hunger [illegible]

CONVOYS PROTECT PALESTINE MOTOR CARAVANS—Activities of Arab bands in lonely areas between the cities of Palestine have made it necessary to adopt the convoy system for travel in the Holy Land. Here is one such convoy en route from Tel Aviv to Jerusalem passing a Haganah (Jewish defence army) patrol on the road. [illegible] is an armed bus. Such convoys are frequently fired upon by Arab snipers. 2764

APPEAL FOR CHILDREN

These children are citizens of the same world but their worlds are more than [illegible] apart. One is a happy Canadian boy — well fed, happy, his cheeks radiant and being schooled today for living tomorrow. The other is a European child, not well fed, his cheeks sallow and living in a world of [illegible]. The Canadian Appeal for Children seeks to help [illegible] million boys and girls in Europe and Asia—help them to know what it is like not to be hungry, to know the happiness of health and be taught the ways of peace and understanding. Help the Canadian Appeal for Children bring happiness to these boys and girls. If you wish to help, send your donation to any bank today.

Canadians Asked To Help Innocent Victims of War

Canada today is being asked to contribute to help the needy of Europe and Asia and that help is sought by the most deserving — the boys and girls of the world who have been innocent victims of the war.

Those of us whose lives are spent within hospital corridors, know first hand the value of our equipment. At our disposal we have labs for research, x-ray equipment for accurate diagnosis, modern surgical instruments and all things necessary for the treatment of the sick. But there are those of us who complain that some facilities are lacking. And maybe their complaints are justified.

How different in countries ravaged by war! More than three million children in Europe are hungry. To protect their feet they wear rags, on their backs, too, are tattered clothes. Malnutrition is rampant. And in its wake has come tuberculosis and rickets. All diseases are on the increase. With the elements and want sapping their vitality, these children fall easy prey to illness and hospitals — those not smashed during five years of war — are fighting a losing struggle.

Recent surveys conducted in these countries evidence the dire plight of the hospitals. Treating the ill is a make-shift business. Labs have been wrecked and libraries sacked. Surgical instruments have been pillaged or lost. Everything that goes for the operation of a hospital is in short supply.

Canada is now in the midst of a campaign to raise funds for the children in Europe and Asia. It is the Canadian appeal for Children. The money will be used for the purchase of food and clothing. Money will also be sent to equip hospitals. Until Europe and Asia have recovered from the ills of war, the world will remain in an unhealthy state. If you wish to aid in this recovery plan, send your donation to any branch of any bank in Canada. The need is great. The need is urgent.

Pictured above is the newly appointed executive of the Vermilion branch of the Alberta Fish and Game League. They are as follows, front row right to left, Reg Spencer, Sec.-Treas., Claude Brennan, President, Gordon Arnold, 1st Vice-Pres. Back Row — right to left, Norman McGlonis, game birds committee, Melvin Hill, delegate to convention; Chas. Herkbert, [illegible]ttee, George Beck, 2nd Vice-Pres., Russell Carroll, Publicity.

Decision is Pending On Drivers' Tests

Whether tests will be ordered this year when applications are received for drivers' licenses still is being considered by the provincial cabinet, according to official word received by the Alberta Motor Association.

The move has been under consideration for some months but still is "up in the air". One reason doubtless is the absence in England of Hon. A. J. Hooke, provincial secretary who had this matter in hand last year.

One proposal was to make compulsory tests of those who were applying for the first time or had been involved in accidents during the past year.

At another time there was a suggestion to apply the tests to all persons applying for licenses to drive motor vehicles.

Tests would be undertaken under the supervision of the R.C.M.P.

As little more than six weeks remain before the province commences to issue the 1948-49 licenses which become operative on April 1st, it is realized that a decision will have to be made soon as to whether drivers tests will be tightened up this year.

There's no need to change anything in this world but people's hearts.

How does your label read?

WOODVALE

Fortunately last week's cold spell did not last long after all the nice weather one seems to feel the cold more. A few more snow drifts have appeared on our roads, but did not block any completely. The ladies of the Red Cross had their meeting on the worst day and only two made it to the home of Mrs. McGirath. As the quilt did not get nearly finished it was decided to have the next meeting again at Mrs. McGirath's on March 3. It is hoped there will be a good turn out then so that this quilt can be finished and one of the small one's sent from headquarters too. So keep the date in mind!

The Farm Forum group had a lively and interesting meeting at the store on the 2nd, and the lunch was greatly enjoyed too.

Adam Dorosh and Art Lyons have done some fast skiing lately, holding on to ropes attached to a car, they travelled at considerable speed too and it was a wonder they did not fall more as occasionally they got tangled up in the small brush in the ditch and would completely disappear in the snow. Art needed some help at one time, had one ski around his neck and could not move it or his head. When straightened out no one could understand exactly what had happened. It was apparently the most weird human knot ever seen around here but neither Art nor the skis were hurt or bent permanently.

Quite a number of people have had birthday celebrations this month from teen-age Roy Lampert to 74 year old Mr. Charles McGirath, also Mrs. Florence McQuaid and her twin brother Fred Slocum and Adam Dorosh. To all of them congrats and many happy returns of the day.

One of the local little girls on coming home from school found her mother up again for the first time after several days in bed with the flu, she exclaimed "Oh mamma, you still look awful", at which three year old sister promptly replied "Yes, the old gray mare ain't what she used to be."

DR. E. E. BALLANTYNE ADDRESSES FARM MEETING

Provincial Veterinarian, Dr. E. E. Ballantyne, was speaker at a special meeting of livestock men called to discuss the outbreak of Bang's Disease in the Vermilion district.

Dr. Ballantyne explained that this disease, otherwise known as contagious abortion of cattle, is caused by the same germ as results in [illegible] fever in human beings.

Farmers and veterinarians who work with infected stock may contact undulant fever. Humans can also be infected with this disease by consuming milk from cows having contagious abortion unless the milk is pasteurized. Boiling of milk will also destroy germs.

The seriousness of the situation is apparent when contagious abortion is reported to be scattered over the district and this is true of many other parts of Alberta. Any farmer who has more than one cow to abort should suspect having an outbreak of the disease.

Calfhood vaccination was reported by Dr. Ballantyne as offering the best means of clearing up a herd of Bang's disease. Calves must be vaccinated between the ages of 4 to 8 months. Continued vaccination of calves for several years will eventually build up a herd of females which are free of the disease. Many stock men are protecting themselves from losses by starting vaccinations of their calves before the disease is found to infect the herd.

Dr. Ballantyne stated that the Provincial Department of Agriculture had established a program of providing free serum for vaccination of calves. Also blood samples submitted by practicing veterinarians for detection of the disease would be reported free of charge.

Anyone desiring to have cattle vaccinated for Bang's Disease should apply to his District Agriculturist. There is an established scale of fees for vaccinations.

The matter of the lack of veterinary services in country districts was discussed at the meeting at some length. It was felt that considerable numbers of stock were lost which might be saved if veterinarians were available.

District Agriculturist E. H. [illegible] was asked to [illegible] efforts which had been made in recent years to obtain the services of a veterinary surgeon at Vermilion.

The local member of the legislature, Mr. W. R. Cornish reported that the matter of country vets was considered from time to time by the Government but that no policy could be implemented until men now in training had graduated from veterinary college. There were not nearly enough qualified men available at the present time.

A motion was passed urging the Provincial Government to set up some policy of assistance whereby veterinarians could be induced to take up practice in country districts.

The meeting was held at the school of agriculture, Vermilion. J. L. Keras, live stock instructor at the school was chairman.

Help for Cancer Patients

Plans for the allocation of a definite proportion of all funds received in the annual cancer campaign to be allotted for the direct assistance of needy cancer patients were discussed at the annual meeting of the Alberta Branch of the Society, held in Calgary recently. The proposal submitted by the Edmonton Council of the Society calls for direct assistance to be given in cases where transportation, housekeeping services and other direct assistance is required by cancer sufferers. The proposal was referred to the Board of Directors for implementation.

Mrs. N. S. Symons, R.N., Director of the Cancer Dressing Service, reported that 341 cancer patients were served through the free dressing service operated by the Branch during 1947. This province-wide service supplies surgical dressings free of charge to all home cancer patients and has filled a very pressing need since its inauguration during the past year.

DEWBERRY

Dewberry's annual mixed bonspiel is now in full swing. 21 rinks are participating. Just like an army that moves on its stomach so do the curlers with a great variety of lunch and refreshments being served by the local ladies in the waiting room.

Curling has become a very popular sport in this town and rinks have competed in outside bonspiels which include Nipawin, Calgary, Edmonton, Marwayne and next week rinks will be at Vermilion. It is hoped to have more ice next year when Dewberry [illegible] will be able to hold an open bonspiel.

Still on the subject of sport, Dewberry hockey club enjoyed the [illegible] Amateur Athletic Assn. hockey tournament despite their [illegible]. The [illegible] and midget teams [illegible]. Cold weather [illegible] our outside skating rink [illegible] of the [illegible] the cold spell.

Keith [illegible] trip but found the last [illegible] to travel due to our last blizzard [illegible] roads are [illegible] being opened [illegible] is very comforting to motorists [illegible] nice to know that we are progressing even if slowly, in this way of keeping motor traffic going in winter.

All this tends to remind us of the annual meeting of the electors of the M.D. which will be held in the Elk hall, Vermilion, on Feb. 21st. Your chance folks to do all your complaining at the proper place. Have your "beef" heard by the right parties.

Gerald Hudson, manager of the Dewberry Co-op store, is attending a Co-op meeting in Edmonton. The Co-op store has had a very good year and the annual meeting will be held in the Dewberry hall March 4th.

Mrs. Winston Braithwaite is a patient in the Islay hospital recovering from [illegible] appendix operation.

Henry Robinson, second son of Mr. and Mrs. Walter Robinson, has [illegible] for Ripley. You [illegible] off the cob or off the ear anytime but to get it out of your own ear is something else. Henry had the misfortune to get a kernel of unpopped popping corn into his ear which required medical aid to remove.

Sol Lemp has purchased a new John Deere tractor from the local agent, Neil Jones.

Don Braithwaite who has recently acquired a snow plane from [illegible], has so far managed to sail it over once without mishap.

Dewberry ladies aid served a very enjoyable Valentine tea at the [illegible] on Saturday.

Children on two-thirds of the face of the world are in dire need of help. You may help by contributing to the Canadian Appeal for Children. Donations taken at your local bank.

ISLAY

Saturday, Feb. 21st is the date of the annual meeting of the Islay S.D. at 2:30 p.m.

Islay curlers are participating in the [illegible] bonspiel.

Noticed Frank [illegible] in town on Saturday first time since December. Wonder where he hibernated? He didn't look hungry either.

We hear Dick Smee has a muskrat which Mr. Worgnuk captured with a wash tub. [illegible] wonders if he might set up a rat farm or does someone else want to?

A thrill [illegible] lifetime for the school was a [illegible] of their very own last week, ending up with a banquet being tendered [illegible] the United [illegible].

The age [illegible] think, ranged from 5 to [illegible] of [illegible] young [illegible] really were good and [illegible] a thrill. The children [illegible] have a wonderful [illegible] that evening.

GORDON R. McGREGOR O.B.E., D.F.C.

[illegible] named president of Trans-Canada Air Lines by its Board of Directors. He succeeds H. J. Symington, C.M.G., K.C. The first combat flier of World War Two to become president of a major air line, Mr. McGregor joined T.C.A. in 1945 following a distinguished career with the R.C.A.F. and became general traffic manager of the company in January, 1946. Since then he has been widely acclaimed for his contributions to the study of traffic problems confronting the air transport industry at both national and international levels. He chairmanned an important meeting of the traffic conference of the International Air Transport Association in Brazil last fall. As a flight lieutenant, Mr. McGregor was one of the "few" who staved off defeat during the early days of the Battle of Britain. He commanded a R.C.A.F. wing in the Aleutians in 1942-43 and returned overseas to command a wing in the Second Tactical Air Force during the invasion. Retiring with the rank of group captain, he was repatriated in October, 1945 joining Trans-Canada shortly afterward.

Islay High School 'Spiel, Banquet

The Islay high school completed a very successful bonspiel, followed by an enjoyable banquet given the students by the W.A. in the Knox [illegible] church.

The curlers showed real enthusiasm over the game, to most of whom the sport was new. All [illegible] they had a good time. The six [illegible] were as follows: Carole Mitchell, R. Inman, E. Olds, M. Rochford; M. Hatton, D. Gannon, J. Miller, D. Olds; D. Bristow, H. Landell, D. McFadyen, J. McFadyen, J. Waterfield, P. Dupuit, R. Sweet, K. Robinson, V. Hutchinson, B. McLennan, L. Sherwood, J. Hanson, L. Kohn, C. Mitchell, M. Lewis, B. Hanson.

The Hutchinson rink took the honors in the Professional and Grand Challenge events. Second and 3rd in the Professional event were Waterfield and Bristow; 2nd and 3rd in the Grand Challenge were Hatton and Bristow. First and second in the Merchants, Kohn and Mitchell and in the Consolation were Mitchell and Kohn.

The banquet was well attended and guests of honor were Mrs. Mitchell, Mrs. Clark, Miss Donnill, Mr. McLennan, Mr. Clark and Mr Anderson who said "Grace".

Mr Clark introduced the guests and responses were made. Mrs. Mitchell gave an inspiring address saying "the kind of boys and girls you are now is the kind of men and women you will likely be later on"

Prizes were presented by Mr Clark and the skips replied with thanks to the prize donors, the merchants of the town and to the W.A. and the Islay Curling club.

The table was tastefully arranged and decorated with candles and Valentine motif place cards.

Regret was expressed that weather prevented the attendance of Mr J. R. Robson and Supt. Mr E. C. Miller, both of Vermilion.

Hot Election for Students' Council

AT ELK POINT

After a strongly contested election the new members of the Students Council of the Elk Point High School students' [illegible], were sworn into office. A special feature of the election for this term, was the pre-election speeches, in which each of the candidates for office, presented his "platform". Placards displayed by the students proclaimed their choices for the various offices. Each student voted in a special voting booth, before Miss Grace Miller, who acted as returning officer. The successful candidates for office were: President—Eugene Dembicki; Past Pres.—Vern Raham, Vice-Pres.—Margaret Holliday, Secretary—Lillian Miller, Treasurer—Andrew Barutcki, Editor Eugene Dembicki, Asst. Editor—Margaret Hobden, Social Committee—Vern Raham, Jean Marusyk and Mary O'Kane, Sports Committee—Gertrude Keck, Billy Spolny and Arthur Vaughan, Carnival Committee—Virginia Arnold, Vern Raham, Lillian Miller, Eugene Dembicki. The students plan to hold their annual high school banquet this week and arrangements for the event are in the hands of Arthur Vaughan, Billy Spolny and Gertrude Keck.

Bowtell

Thank you Mrs. L. Payne for your kind letter.

The last Busy Bee meeting was held at the home of Mrs. Hardy with 12 present. Everyone was pleased to have Mrs. Fenton, Mrs. Scott and Mrs. [illegible] present. It was decided to have a dance on Feb. 20th and we are introducing a new orchestra "The [illegible]" to our school. Thanks are extended to Mrs. McClellan for fruit and to Mrs. [illegible] for flowers. It was decided to hold a dance on March [illegible] also the proceeds for the ambulance fund in Vermilion. The next meeting will be held at Mrs. Bogg's, lunch by Mrs. Perkins and Mrs. Sherwood. Iris Lind wishes to thank the club for fruit received while she was in the hospital.

Mrs. Fenton enjoyed a few days visit from her cousin Mrs. McClaren of Millet.

Mrs. [illegible] and [illegible] motored to Edmonton [illegible] last Thursday evening.

Congratulations to Noreen Motion [illegible] a Bowtell girl who won the honor of Queen of the school carnival last Saturday.

[illegible] was a recent patient in the hospital.

Quite a number from this district attended and enjoyed the John Deere show in town last Thursday.

[illegible] Sherwood spent the week end at the home of Mr and Mrs E. [illegible] at Islay.

At time of writing we are surely snowed in with more snow falling.

Word received from Grandma [illegible] who is 86 years of age, says that she is well and is interested in hearing all news of Vermilion and of her old friends and neighbors.

Deepest sympathy is extended to Mrs. [illegible] and to Mr and Mrs. Norman [illegible] in their recent bereavement.

Back from Conference

Field supervisors, store managers and representatives of Macleod's Ltd. retail stores department, convened in Winnipeg at the Royal Alexandra hotel, Feb. 2 to 6 inclusive.

Aggressive merchandising methods, outlined by company executives, headlined the 4-day sales show and conference. R. R. Schwartz, vice-president and general manager, in the that accrue from competitive selling and stressed advantages to the consumer as the outstanding [illegible] ment in modern merchandising. "The customer", he averred, "is our number one boss".

C. N. Upshall, manager of the company's store in Vermilion, as well as representatives of 34 Macleod's stores, situated throughout the prairie provinces, and Western Auto Supply Stores, operated by the company in B.C., was in attendance at all sessions of the conference.

Don't deny yourself the pleasure of helping your blind neighbor. Help build for the blind by leaving your generous contribution at your bank today.

Chatsworth Chatter

Since the advent of February we've experienced some real wintry weather with snowing, blowing and the odd day of very low temperature (38 below on morning of the 9th). However, we have had a few nice days, too, one such being Thursday the 12th which was a lovely spring-like day. Though the [illegible] past week and added more snow and drifts, Alberta still seems to be the choice spot, judging by reports of bad weather, gales, floods, etc. from other parts of the world.

The days are certainly lengthening out—Spring must be coming!

The horse shelter erected in town is quite a [illegible] to farmers who live a distance off the main roads and have to drive horses to town. It is [illegible] horses out after a long [illegible] [illegible] so few [illegible] farms these [illegible] it is a team [illegible] to town and [illegible] every [illegible] scrap of paper or wisp of hay that blows near them [illegible] to know that [illegible] pull up the hitching rail [illegible]

Little Judy Cameron, daughter of Mr and Mrs Bob Cameron, celebrated the first anniversary of her birthday on Feb 12th.

Mr and Mrs. Ernest Fowler of Edson visited with relatives in and around Vermilion during the latter part of January.

Mr. [illegible] left on Saturday Jan 31 to [illegible] but lay at the Pacific coast planning also to visit relatives in the [illegible]

Jim and Bus Panter made a trip by truck to Edson two weeks ago. As we had quite a storm that week they had to do some travelling to get from [illegible] corner west past the school on their return home a couple of days later.

Mike Parkash helped with chores at Panter's while Jim was away.

The Islay community is to be commended on their undertaking of making Islay such a live and interesting place in which to live, with practically all the advantages of a large town.

During this past week, and the municipal snow plow opened the Ottawa road and the east-west road past the school and out to the King Edward highway. There is a general complaint that the plow is not clearing deep enough. In a good many places the snow pushes in front of car or truck wheels, necessitating backing up and running at the piled up heaps to get by. The first two weeks of this month have been difficult times to keep roads open for car traffic with so much drifting of snow.

Noticed around—Mr and Mrs. Dave [illegible] visiting in Vermilion last Thursday 12th.

Annual Scout-Guide Week Will Be Observed at Elk Point

At a meeting of the leaders of the 1st Elk Point Group, Girl Guides, Boy Scouts, Wolf Cubs and Brownies, plans were made for the holding of the Annual Boy Scout and Girl Guide week on Feb 15 to 22nd. For each day of the week some activity has been planned. The first Sunday will be reserved for a church parade to the Elk Point United church, where a special Scout and Guides' Own will be conducted by pastor Rev. W. N. Blackmore. On Monday all members of the group will endeavor to perform community "good turns". A prize will be awarded for the six or patrol doing the most useful set of good turns. Tuesday will be the regular meeting day of the Scouts and Guides, and parents will be invited to attend their meetings. For Wednesday, a Parent's Night has been planned, to be held in the Legion hall with all groups present. A luncheon will be served the parents, and demonstrations of group activities will be given. On Thursday, the groups will meet with former members and on Friday Cubs and Brownies will have open house to the parents. The leaders will congregate together on Saturday. On Sunday, the last day of the special week, another church parade will be held, at St. Michael's Roman Catholic church with Rev. Father Morin, O.M.I. officiating.

Officials of the groups in charge of arrangements will consist of: S.M. J. V. Jacobson, Guide Captain Mrs. N. R. Pumpton, Cubmaster Vern Raham and Tawny Owl Marion Johnson.

The Boy Scouts held a Valentine dance in the Elk Point hall on Friday, Feb. 13th. Arrangements were in charge of Troop Leader Sydney Kates and Patrol Leaders Carl Hall and Danny Libich.

HONORS PILE UP FOR WESTERN JUNIOR JUDGES

Here are the 60 boys and girls [illegible] who brought high honors to the four western provinces during the recent Royal Winter Fair show at Toronto. In beef judging, Saskatchewan placed first, British Columbia second, Manitoba third and Alberta fourth — a clean sweep. [illegible] won the dairy [illegible] with B.C. third [illegible] and Alberta [illegible] were low in the judging [illegible] Manitoba taking [illegible] B.C. and Saskatchewan [illegible] British Alberta [illegible] fourth [illegible] Manitoba had another [illegible]

UNION

Court whist drive at Union school on Friday Feb. 27th. Everybody welcome. 39-40

RIVERTON

Congratulations are extended this week to Mr. and Mrs. Frank Staley who are celebrating their 22nd wedding anniversary, also to Mr. and Mrs. R. Walker who celebrated their 32nd [illegible]

The ladies aid was held at Mrs. [illegible] Vivian's last Thursday with an attendance of 15 ladies. The [illegible] session was short. [illegible] meeting at which a white [illegible] table was displayed, each [illegible] bringing an article for [illegible] ceeds were $16.70. Along with some individual contributions [illegible] Dewberry hospital.

Sixteen Years Ago Today

Feb. 17th, 1932
(Mouth-Watering Prices!)

Hamburger was 3 lbs. for 25c; pork varied from 7 to 11c per lb. according to cuts; beef from 6c to 16c per lb. for a T-bone steak.

Vermilion bonspiel will open March 1st, owing to the extreme stringency of the pocketbook it was almost decided to postpone this annual event but better judgment prevailed and it will be held as usual.

Thirty-two Years Ago Today

Interesting Items Gleaned from the Files of the Vermilion Standard 32 YEARS AGO TODAY

Feb 16, 1916

A pleasant change from the sustained cold spell arrived Saturday in the form of a real chinook. It is still with us Wednesday and the streets are lying in water.

Edmonton bonspiel opened with 81 rinks competing including 23 visiting quartets.

Proceeds of a concert and dance in aid of the Red Cross at Islay amounted to $260.

Ninety nine more boys from Vermilion have enlisted during the last week.

A number of folks from Chatsworth attended the John Deere show in Ver[illegible]

AND TO MY BROTHER GEORGE, I BEQUEATH
all the worries of an Executor?

OF COURSE he didn't actually tell his lawyer to put that second line in his Will. Like most people appointing a friend or relative as Executor he didn't even think of it! But the fact remains—to the average person the duties of an Executor are a constant source of work and worry. And lack of experience creates a confusion that often results in unnecessary losses.

When you appoint National Trust your Executor, you place your family's affairs safely in the charge of expert administrators. They are qualified in every way to manage your estate without fuss, to the greatest advantage of your beneficiaries.

For the security of your family, and in the interests of greatest economy, name National Trust as Executor in your Will.

We welcome your inquiries.

NATIONAL TRUST
COMPANY LIMITED
10072 JASPER AVE., EDMONTON

WRITE FOR THIS NEW BOOKLET
It explains the duties and responsibilities of an Executor and how the fees of an Executor are fixed. It contains interesting and highly valuable information for you whether your estate is small or large.

WORLD HAPPENINGS

BRIEFLY TOLD

[illegible] 450 [illegible] exported to Canada and the United States last year earned Britain nearly $1,000,000.

Burma will have about 1,600,000 tons of rice available for export this year, it was officially announced.

Work has begun at Belfast on building one of the largest aeronautical research centres in the world.

[illegible] the meeting place for the first assembly of the United Nations world health organization in June.

The French foreign ministry has announced the appointment of former vice-premier Francisque Gay, 62, as [illegible]

An estimated 500 homes will be erected in Edmonton by city contractors under the federal government's [illegible] housing plan.

[illegible] announced recently that he wanted a crew of 20 to accompany him on a world cruise in an 80-foot ketch, he received 830 applicants, 20 of whom were women. No women were taken.

A committee at Shawbury, Shropshire, England, is studying the possibility of using trained falcons to clear airports of birds which last year caused £20,000 ($80,000) damage to aircraft with which they collided.

B.C.'s ONLY GIRL LIGHTKEEPER RESIGNS

VANCOUVER — Leslie Thomson 18, only girl lightkeeper on the British Columbia coast has resigned from her post on windswept Pine Island Light, Queen Charlotte Sound, in favor of her brother Alan.

Leslie two years ago at the age of 16, became assistant lightkeeper when her father took over the lighthouse.

It is believed that when she got her last pay cheque, government officials did not know Leslie Thomson, who stood a lonely night vigil seven days a week, was a girl.

The attractive, black-haired girl was christened "Leslie" and when the lightkeeping service wanted an assistant, officials checked the family list. They thought his "young son Leslie" was just the man for the job, and so she was appointed.

Smilingly, Leslie said she loved the sea, the light and even the seagulls.

Only visitor to the island is the supply ship which comes once monthly if it isn't too stormy. But Leslie said she had dozens of friends she saw every day. Coastal boats steamed past and blasted hello whistles. At night the friendly winking lights of passing steamers kept her company.

Leslie is as proud of the lightkeeping tradition as her grandfather was before her. For many years he and her own father as a boy kept the famous Scottish light of [illegible] first landfall of the [illegible] ferry pilots' trans-Atlantic trips to England.

MOST IMPORTANT

The battle of Manila was started at 8 a.m., but shortly thereafter the American squadron withdrew to permit the officers and men to eat breakfast.

ONE SECOND FROM ETERNITY

This letter, which first appeared anonymously in an Omaha paper and attracted wide attention, is revealed to be the work of Chester Bolts, 55, of Council Bluffs, Ia., who was fireman aboard a speeding Union Pacific train that came close to [illegible] an automobile at a [illegible]

"I don't know who you are, it's true, but I do know you were scared to death Sunday evening about 8 o'clock when you drove your car across the tracks directly in front of a speeding passenger train. It was so close that I, in the cab, could see the young girl (your sweetheart, I presume) throw her hands up in front of her face and cringe up against you in stark horror. If I were that young girl I'd pull away from you, fast. You don't show good sense, son. You probably say you love her. I wonder. Those we love we try to protect. But not you.

"Wouldn't that have been a nice present to hand her mother—a broken and battered body? And how do you think that we in the cab of that engine would feel? We are human beings, too. We have young ones waiting home for us to return. We, too, could have been killed.

"You and your girl were one second from eternity Sunday, son.

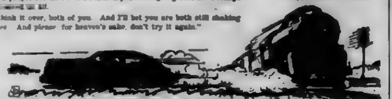
"I hope you read this and know it means you, and that the girl will, too. Next time you go driving around, stop and look. We don't want to hit you, but we are helpless, as we cannot swerve away from our given rail.

"If I were you, son, and you, too, sis, I'd thank God for that split second He granted you Sunday evening.

"I said a prayer for all when I realized you were going across. Perhaps [illegible] hit.

"Now think it over, both of you. And I'll bet you are both still shaking in your shoes. And please for heaven's sake, don't try it again."

Fireman Bolts
"Stop, look, and listen."



[illegible] Run Rings Around Snowmobile

THE PAS, Man.—A motorized toboggan is no match for the speed of a caribou as Game Guardian Edward Johanson found out.

Johanson said he had been tobogganing from Cross Lake to Wekusko when his machine, traveling well above 20 miles an hour, [illegible] an ambling herd of caribou on a small lake.

The caribou observed the low-slung vehicle with interest and playfully galloped ahead for a time. But then, said Johanson, they apparently tired of the "slow speed" and began running in circles around the traveling machine.

A FIREMAN'S DATE

NIAGARA FALLS.— Local volunteer fireman took his girl friend with him to a fire rather than desert her on their first date. Leaving her in his parked automobile, he shouted: "I'll be back in a few minutes." Six hours later she hired a taxi to take her home.

PUTS $5,000,000 VALUE ON TWO-DAY RAINSTORM

LOS ANGELES.—Agricultural officials put a $5,000,000 value on a two-day rainstorm which broke the southern California's worst drought in 75 years recently.

Rain totals topped two inches in some sectors, with mountain snow piling up to a depth above three feet at high levels.

The gusty storm brought hail and even snow to some valley points.

AUTOMOBILE ASSOCIATION SAYS LONGER HEMLINES DANGEROUS TO WOMEN

PHILADELPHIA. — The American Automobile Association is the latest group to oppose the longer hemlines for women.

Lower your hemline, cautions Burton W. Marsh, safety director for the auto club, and you lower your chances of survival as a pedestrian.

The reason: "Feminine legs, clad in light-colored stockings, catch the car driver's eye, particularly at night."

Girls in the new long skirts made of dark material haven't the same chance of being noticed in time.

Cinnamon was frequently used by the early Greeks as a votive offering to the gods. Egyptians imported cinnamon as early as 1600 B.C.

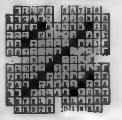
Answer To Last Week's Puzzle



RECIPES

SHEPHERD'S PIE OR SCALLOPED MEAT

- 2 cups chopped, cooked meat
- 2 cups mashed potato
- 2 cups left-over gravy
- 1 teaspoon salt
- ¼ teaspoon pepper
- ¼ teaspoon paprika
- 1 teaspoon onion juice
- 1 or 2 tablespoons butter

It is unnecessary to follow above proportions. Use available amounts of meat and potato, and gravy, and season to taste. Line bottom of buttered baking dish with well beaten mashed potato (either hot or left over). Add thick layer of meat and gravy, then layer of potato until dish is full. Make the top crust of potato. Dot with bits of butter. Or, meat and gravy may be placed in lower part of baking dish with single thick layer of mashed potato for the crust. Stiffly beaten egg white may be folded into mashed potatoes before adding to meat, if desired. Bake in hot oven till potatoes are brown, or if cold potatoes have been used, till thoroughly heated and browned. Crumbs, macaroni or rice may be substituted for potatoes.

CHINA'S GREAT WALL

China's Great Wall was begun by Chin Shah about 300 B.C., and is constructed of brick and stone. Ten years were required to construct it.

BARLEY CHAMPIONS HONOURED

The growers of the four best samples of malting barley in carload quantities in Alberta are shown above after receiving their prize cheques and awards. The awards were presented at a dinner in the Palliser Hotel, Friday, January 30, as a part of the $35,000 National Barley Contest sponsored by the Brewing and Malting Industries of Canada. From left to right are J. W. [illegible] of Airdrie, provincial first prize winner; A. [illegible] of Leduc, second prize winner; J. E. [illegible] of Sylvan Lake, third prize winner and J. [illegible] of Olive, who won the fourth prize.

100,000 Road Maps to Be Issued by A.M.A.

Providing the latest information of highway routes and conditions, more than 100,000 strip or sectional maps will be issued this season by the Alberta Motor Association.

These maps are based on official information from the public works department. Any changes in the past year are obtained so that the type of surfacing shown and other data is entirely up to date.

With a greatly increased volume of tourist travel expected to enter Alberta this year, it is anticipated that there will be an increased demand for these sectional maps. They will be available for distribution at official appointments of the A.M.A. and at branch offices. Large stocks will be supplied to garages and service stations, hotels, auto camps, lake resorts and other distributing outlets.

The maps contain information as to road mileages, service station and hotel facilities. Such material will prove of considerable value to tourist visitors and others.

F.I.L.A. Makes 495 Building Loans in Alberta in 1947

OTTAWA — Alberta farmers borrowed $436,276 through 495 loans under the provisions of The Farm Improvement Loans Act during 1947 for the purpose of construction or repairs to farm buildings.

The Alberta branches of the chartered banks made the loans under a partial government guarantee against loss which is a provision of the Act.

Loaning for the construction of a new farm house or utility building or the carrying out of repairs, alterations and additions to existing buildings was 29.61% greater in Alberta during 1947 than in the previous year.

In 1946 414 loans were made to an amount of $312,492.79 under the section of FILA which provides for this phase of farm improvements.

Alberta led all other western provinces for 1947 with the amount borrowed by its farmers for this purpose.

FERTILIZER INCLUDED IN PLAN

First figures released in the Marshall Plan, now called the European Recovery Program, show that provisions have been made for the spending of $3,200,000,000 for food and fertilizers in 1948. Total expenditures for all items for this year will amount to $6,800,000,000—if the program is followed through.

FREEDOM OF CHOICE —NOT COMPULSION

As long ago as May, 1887, a writer in "The Calgary Herald" said:

> "With both the Wheat Board and The Grain Exchange in operation, every farmer would have a choice as to the method he desired to employ in disposing of his grain.
>
> "He could sell for cash through The Grain Exchange or deliver to the Wheat Board and take an initial payment, with further payments being made as the grain is disposed of.
>
> "The first plan would give him (the farmer) cash for his grain on any particular day he chose to sell, and the latter would give an average price over the year. There would be no coercion to compel any farmer to use one method against his will".

This is exactly what our members believe in. Farmers who wish to continue selling their grain at the Government's Controlled Price, through the Canadian Wheat Board are entitled to do so. But other farmers who wish to sell on the Free and Open Market should have the right to do so and get the full prevailing world prices. Under such conditions, there would be no compulsion, no dictation; each farmer could use the plan of his choice.

Freedom of choice—not compulsion—nor coercion, should be the policy in marketing all Canadian wheat.

Our members so firmly believe in a *Floor Price* for wheat as they maintain that a farmer should get top prices now. What do you think?

Many prairie wheat growers still do not know how much they are regulated and controlled by the Canadian Wheat Board Act and its Amendments.

Do you? If not, mail the coupon below at once and get the facts. It will be to your interest to read and to study this pamphlet.

To The Winnipeg Grain Exchange,
Winnipeg, Manitoba.

Please send me the pamphlet explaining the Canadian Wheat Board Act and its Amendments. I want to know how the Act affects me.

Elk Point Ice Carnival Feb. 27

At a meeting of the executive of the Elk Point High School Students Union held here this week, plans were made for the holding of the 2nd Annual Ice Carnival on Feb. 27th. Many more items have been planned for this year's event and several entertainment features are being added. For all events contestants have been divided off into the following classes by age groups: 10 and under, Ages 10-11, Ages 12 to 14 and the open class from 15 and up. [illegible] will compete in separate events. Races will include bottle race, [illegible], relay races, [illegible] race, balloon race, partner and hockey races. Prizes will be awarded for the best costume in the different classes under the following groups: Most Beautiful, Most Comical, Best Character Costume. There will also be prizes for comedy acts. Ice skills are to be [illegible] by the [illegible] rooms in the Elk Point school. It is expected that there will be a large number of entries. [illegible] From each [illegible] All entries are being [illegible], the Carnival Committee [illegible] of Eugene [illegible], [illegible] Arnold, Doreen [illegible] and [illegible] Other committees are: [illegible] M. J. V. Jacobson, Sydney [illegible] Miller, Advertising [illegible] Arnold, Margaret [illegible] Program Committee [illegible] Beattie, Andrew [illegible] Ice Committee [illegible] Costuming: Doreen [illegible] Margaret [illegible] Margaret [illegible] Lunch Committee [illegible] Virginia Arnold, Evelyn Bartling, Marion Johnson, Philip [illegible] Prize Committee—Sam [illegible] John [illegible], Lillian Miller. A contest will be held to [illegible] this year's Carnival Queen.

Police Act to Check Glaring Headlights

In a fresh effort to reduce the number of highway accidents the R.C.M.P. has initiated a close check on glaring headlights, according to information received by officials of the Alberta Motor Association.

The police have completed a survey of the causes of accidents on the highways. This reveals that the majority have been caused by glaring lights, or at least they have been contributing factors in a great percentage of cases involving loss of life or physical and property damage.

Thus police have decided to enforce regulations dealing with glaring headlights.

The Vehicle and Highways Traffic Act provides that "on approaching or being approached by another vehicle proceeding in the opposite direction and when within not less than 200 yards of it, any person in charge of a motor vehicle whether in motion or stationary which is equipped with electric headlamps shall dim or tilt such headlamps."

There are two children's hospitals in China to care for [illegible] children. The Canadian Appeal for Children seeks to better that record. Send your donation to your local bank now.

A charge of 50c is made for [illegible] When sent in by mail remittance should be made with order to ensure publication.

Making New Citizens

THERE IS NOW A STEADY FLOW of people immigrating to Canada from various parts of Europe, all hopeful of finding a new and better way of life in this country. At such a time, it would be well for Canadians to give consideration to the many problems which these people must face in adjusting themselves to the life here, and to interest themselves in helping the newcomers to become good citizens of Canada. Attention has been given to this matter by the government and by various voluntary agencies, but none of these efforts can be entirely successful unless they receive sympathetic public support. It is now realized that in the past too little interest was taken in foreign-born residents once they had been admitted to the country and consequently they tended to form their own groups, instead of assimilating themselves with the rest of the population.

• • • • •

To Be Taught The Language In the past, many of the first generation of foreign-born settlers never became completely familiar with the English language, or with all that this country had to offer in the way of interest and opportunity. Efforts will now be made to help newcomers to learn English as quickly as possible so that they may be able to mix freely with the people, read our newspapers and magazines and be absorbed into the life of the country rather than isolated in small national groups. Canada's Citizenship law, which came into effect more than a year ago was an important step in impressing new Canadians with the privileges and responsibilities of citizenship, but there is much that could be done for them in the interval between their arrival in this country and the time that they become eligible for citizenship, through the interest of the people around them.

• • • • •

Is A Need For Good Citizens This matter was discussed at a recent convention of the Canadian Citizenship Council and of the Canadian Association for Adult Education. Numerous recommendations were made to the Dominion government concerning the treatment of newcomers to this country. One of them was that there should be a plan for social services for immigrants during the period in which they were meeting the residence requirements for citizenship. Another subject which was discussed concerned the evil of misrepresenting conditions in Canada to those who are about to come here, causing them to be disappointed when they arrive. Canada is a land of opportunity and we have need of new citizens who will help to build for the future. It is timely that the government and public organizations are giving thought to the need, not only of bringing in immigrants, but of encouraging them to become good citizens and to learn to fully understand our way of life. It is an effort which should be supported by all who have occasion to come in contact with newcomers to Canada.

Ontario Wants Alberta Gas

WINDSOR, Ont.—Ald. W. O. Riggs of Windsor said a $65,000,000 pipeline to carry natural gas from Alberta to northwestern Ontario is being considered by a Canadian company. He did not name the company.

"Alberta has enough gas to supply all Canada for 200 years," said Ald. Riggs.

He said he will introduce a motion before council aimed at curbing the recurring gas shortages in Windsor and intimated Ontario operation of a pipeline to Alberta would be part of it.

Lloydminster Man Transferred To Ottawa

Air Force Headquarters has announced the transfer of Group Captain C. H. Greenway, O.B.E., Lloydminster, Sask., from Camp Borden to Ottawa as Director of Ground Training for the R.C.A.F., replacing W. C. A. Walmsley who is attending the National Defence College, Kingston, Ont.

Group Captain Greenway joined the Air Force in 1928 after graduating from the University of Saskatchewan with a B.Sc. in Mechanical Engineering. Before the war he was employed on flying instructional duties at Trenton and Camp Borden, and in 1940 went overseas with 112 (Army Co-operation) Squadron. Repatriated for training duties under the British Commonwealth Air Training Plan, G. C. Greenway was Chief Instructor at McLeod, Alta., and Yorkton, Sask., and served on the West Coast for [illegible] Commanding Officer at No. 4 Service Flying Training School, Saskatoon, Sask., and later was appointed Senior Air Staff Officer at No. 2 Air Command Headquarters, Winnipeg, Man. In September, 1946, he was appointed Commanding Officer R.C.A.F. station Camp Borden, a position he held until his present appointment.

LARGEST FISH HAUL

FLIN FLON, Man.—A Saskatchewan government freight haul arrived at this centre recently with the largest fish catch of the season, about 100,000 pounds packed aboard nine sleighs hooked up by three tractors.

On Willie's return from his first dancing class, his mother asked: "Well, Willie, how do you like your dancing lesson?"

"Oh," he replied, "It's easy. All you have to do is turn round and keep wiping your feet!"

• • • •

Tattered Tim: "I've been trampin' four years, ma'am, and it's all 'cause I heard that the doctors recommended walkin' as the best exercise."

Mrs. Prim: "Well, the doctors are right. Walk along."

Man. Holstein Sets Record For Dominion

Cow Owned By Rockwood Holsteins Of St. Norbert Establishes New High For Butterfat Production

Anmiree Baroness Pietje, a purebred Holstein cow owned by Rockwood Holsteins, St. Norbert, Man., has just established a Canadian record for butterfat production for two consecutive yearly tests on three times-a-day milking. Starting on [illegible] as an eight year old she produc[illegible] 365 days 1,0[illegible] pounds fat from 26,070 pounds milk, average test 4.21 per cent. butterfat and now has just finished her next yearly test with 1,2[illegible] pounds fat from 32,080 pounds milk (3.92 per cent. butterfat) for a two lactation total of 2,287 pounds fat from 58,150 pounds milk. Not only is this the largest two lactation butterfat record ever made by a Canadian Holstein on three time-a-day milking but it stands second regardless of times milked daily having been beaten only by the total of 2,287 pounds fat from 56,150 pounds milk made on four times-a-day milking in 1922 and 1923 by DeKol Plus Segis Dixie, owned by Hon. D. Raymond, Vaudreuil, Que.

The only Holstein in the world ever to surpass on three times-a-day milking the latest yearly record of 1,2[illegible] pounds fat made by Baroness, was Montvic Rag Apple Colantha Abbekerk who in 1941 established her world championship record of 1,282 pounds fat from 30,386 pounds of milk at Mount Victoria Farms, Hudson Heights, Que. Canada thus has the honor of having the two top Holstein cows of the world on three times-a-day milking. It will be noted that the butterfat record of Baroness is just five pounds below that of the champion. Her milk record stands fourth in Canada.

Baroness's record of 1,0[illegible] pounds fat was the largest completed in Canada in 1946 and her 1947 record of 1,250 pounds fat was the largest in the Dominion in 1947. Both records were "tops" regardless of age or times milked daily.

"Baroness" is a good sized cow with great capacity and a good udder and made these exceptionally large records without difficulty. She was bred by Hon. T. A. Crerar, Clandeboyne, Man., and is one of 17 tested daughters of Springbank Snow Pietje of whom 11 are still in the Rockwood herd. Springbank Snow Pietje is a son of Montvic Rag Apple Pietje noted inbred son of Johanna [illegible] Pabst, he the foundation [illegible] of the Rag Apple family in Canada.

This great cow is passing along her inheritance for high production for one of her daughters in the [illegible] wood herd has produced 820 [illegible] fat from 22,821 pounds milk [illegible] days as a six-year-old, another has given 723 pounds fat from 18,812 pounds milk as a three-year-old and a two-year-old has just finished a 780 pound fat record.

"Baroness" made both her records under the personal supervision of Martin Carrico, herdsman at Rockwood.

RUNS AS COUNTY SHERIFF—Promising to clean up gambling, Mrs. Frances H. Wire of Willoughby, O., has announced her candidacy for office of Lake County sheriff. The gray-haired grandmother has had 26 years of police experience.

Under Burmese law, a wife may become head of the household if her husband drinks too freely.

Local News of Interest

Mr. and Mrs. W. S. Roberts of Fun-ay Castle, Wells, Somerset, England, formerly of Vermilion, announce the marriage of their daughter Ursula Maude (Judy) to Mr. Glynne Roberts of Tewkesbury on February 7th, 1948, at Oxford.

Picture of the members of the executive of the Vermilion Branch of the Fish and Game league was taken by Wally Gay, Studio of Photographic Arts, Vermilion. Look up Wally's advertisement on the back page.

Mrs. George Miller of the bakery staff was called to Kelowna, B.C. on Monday of his week due to the serious condition of her father Mr. Castle, who had been stricken by a stroke and heart attack. During her absence her son Murray is a guest at the home of Rex Beake.

Fred C. Lang spent last week in Vermilion, relieving at the local store while Carman hospitalized at Lloydminster. Fred returned to the city on Saturday and is now skipping a rink in the Edmonton Veteran's bonspiel.

Mr. and Mrs. John Craig spent last week in Vermilion, guests at the home of their daughter Mrs. E. M. Stewart and family.

Mrs. Thos. Bothwell of Islay spent a week as a guest at the home of her daughter Mrs. Ashley H. Cooper and family. She returned home Thursday morning.

Mr. and Mrs. Melvin May plan to leave this Thursday morning for Calgary where Melvin will attend a convention of Canadian Oil Co. agents. Mrs. F. J. Richardson accompanied them as far as Olds where she remained to visit her sister Mrs. Geoff Dawson and family.

E. S. Cooper and Ronnie Chapman were in Edmonton for a day or two this week where the former wrote some mechanic's examinations.

A. Y. P. A.

On February 10th a dance was held in the Armouries with the United Church Young Peoples present. On behalf of their organization Mildred Conboy thanked us very much and invited us to a skating party a week from Thursday. Many thanks to Mr. Lloyd Donnelly who so kindly let us use the hall.

Stagette Notes

A regular meeting of the Stagettes was held on Feb. 17th with 16 members present. A short business session was held. The tea for March 10 was discussed. We are to serve tea at Vivian's style show in the Elks hall. It was suggested that we get a picture of the Stagette float to send into the Magazette.

Congratulations to Marilyn (Mrs. A. Gunn) on the birth of a son.

Following the business the girls went to work on their gloves and next meeting we are going to finish them.

Each girl is to make two articles for the bazaar outside the club and one is to be handed in, in three weeks' time.

The next meeting will see a short business session and then to work on the gloves ... so please don't forget them.

CARD OF THANKS

We wish to extend our sincere thanks for the help and sympathy received during our recent bereavement with special thanks to Doctors Bradford, Stephens and King and matron and staff of the Vermilion hospital.

Hilda and Norman McGillivray

CARD OF THANKS

We wish to extend our heartfelt thanks and appreciation for the many acts of kindness, messages of sympathy and beautiful floral tributes received during our recent bereavement in the loss of our beloved mother. To Dr. Bradford, Miss Keith and nurses for their kind efficient care during her illness.

Selina (Slim) Hammond, Wes Riddington and family

CARD OF THANKS

We wish to sincerely thank all our friends for the help, acts of kindness, messages of sympathy and beautiful floral tributes received during our recent sad bereavement, with special thanks to Mrs. R. Hutchinson, Mrs. W. Telford and Meyer Brothers.

The Fowler Family

IN MEMORIAM

In loving memory of Douglas Ross —who passed away Feb. 17, 1936.

"Days of sadness still come o'er us
Tears in silence often flow
Memory keeps you ever near us
Though you passed on long ago."

—Ever remembered by Dad, Mother, Alma, Mattie and family

CLANDONALD

Through the efforts of the Clandonald Community Affairs Society a very satisfactory meeting was held in the Clandonald hotel with about 45 in attendance, towards the organizing of a curling rink in Clandonald.

This organization, the C.C.A. Society is doing a wonderful lot of good toward benefiting this community, such as attending to town streets, roads, sidewalks, fire protection, bringing in of the T.B. X-Ray clinic and immediate action towards arranging for a doctor to come to Clandonald to inoculate against diptheria at this time. A great deal of credit is thus due the C.C.A. Society in their quick action to prevent the spread of this dread disease. No more cases have been reported. The old proverb "a stitch in time saves nine", is still a proven fact.

Come on Clandonald Community farmers and others, join this society for a very nominal membership fee and help better and improve the welfare of our community.

It is with regret that we learn of the illness of Horace Ostachuk and George Ermblin who have undergone operations in the Elk Point hospital. This is a severe blow to the Clandonald hockey team as these two boys are considered as the Blitz when it comes to scoring. A speedy recovery is wished them by all of this community.

C. C. A. Society

Silver Wedding Anniversary at Landonville

The home of Mr. and Mrs. Dumbie Waltae of Landonville was the scene of a surprise party on Tuesday night when a group of friends gathered to honor them on the occasion of their 25th wedding anniversary. During an enjoyable evening songs were sung and games played. Mr. and Mrs. Waltae were presented with a very appropriate and lovely silver gift with the good wishes of all their friends.

Enjoy Long Trip

Mr. and Mrs. N. T. Nielson and nephew Herbert Soderstrom, who formerly farmed in the Vermilion district, were in town this past week renewing friendships, before continuing on to Armena, Alta., where they will farm. The Nielsons left Vermilion last fall for New Westminster where they remained for two months. While there they visited many former Vermilionites among them being the Currie, Jewel and Kreiler families. In January they left for an extended trip into the states passing through Washington, Oregon, and south to Sacramento, Cal., which is really a lovely spot. On the way back they came via Nevada, Salt Lake City where they visited the lovely Mormons' Temple and then through Wyoming in a blinding snowstorm with a wind of [illegible] miles per hour. While [illegible] [illegible] the [illegible] [illegible] [illegible] [illegible] [illegible] with Colorado a neighboring state registering a chilly 52 below. In spite of the vast area covered Alberta still looks the best to Mr. Nielson.

Mr. and Mrs. H. F. Lang [illegible] this week in Edmonton.

'TEEN TOWN

The regular meeting of the executive of the 'Teen Agers Canteen was held at the home of Shirley Carroll on Feb. 11th. A motion was passed that we send two representatives from the executive to the Teen Agers [illegible] at Calgary in March. To avoid hard feelings it was decided to put the names in a hat and draw out the people who would go. Patsy Crow and Gerald Willmer were the lucky pair. With no further business the meeting was adjourned.

The Firemen's Ball held last Friday evening was a very well attended and enjoyable event.

A new Year, but the same quick personalized service at Lloyd Harris' Barber shop. Miss Hofbauer in charge of the Beauty parlor. 34tf

Mr. and Mrs. Jas. Cavil Observe 62nd Wedding Anniversary

On February 18th, the occasion of their 62nd wedding anniversary, Mr. and Mrs. James Cavil received the following poem written specially for this occasion by a local friend —

"Mr and Mrs. Cavil—
Your wedded life is like the flowers
That made up your bride's bouquet
Which was carried by you proudly
Sixty two years past to-day
Every flower had its meaning
Had you picked them one-by-one
But you held them, loved their beauty
Tossed them back to friends in fun.
Now you've gathered back your posies,
Till your arms are filled once more,
Every year is as a flower,
Just as precious as before
As each flower told its story,
So each year has stood apart
With some special thing to treasure
Always closely, in your heart.
There were thorns in those first blossoms
There have been rough spots in the years,
Maybe dew drops on the flowers
In the other, has been tears.
But as your whole bouquet was lovely
When you viewed it young and gay
Aren't the flower-years you've gathered
Treasured in your hearts today?"

Vermilion W. I. News

The February meeting was held at the home of Mrs. Hildreth with 11 members present. Reports were given on the dance held Feb. 6th and on a food hamper raffled at the dance. The food hamper was won by Mrs. Bell who kindly asked that it be auctioned off. This time it was won by E. Currie. The card parties for the food for Britain fund are proving to be quite popular and we hope to continue them during the next month.

Mrs. Jensen gave an outline of the purpose of the Canadian Association of Consumers and 7 members joined the organization. Anyone wishing to join the above may do so by getting in touch with the W.I. secretary.

Following the business meeting Mrs. Robson gave us a very interesting talk on her trip to England, telling us of the food conditions there. Pictures were passed around and a delightful half hour was spent visiting the land of our forefathers. Mrs. Jensen ably thanked Mrs. Robson on behalf of the members for her enlightening talk, following which a nice lunch was served by the hostess. Next meeting at Mrs. Holte's March 3.

Letters to the Editor

Vermilion High School,
Vermilion, Feb. 17, 1948

Editor, Vermilion Standard.

Dear Sir:

Would you be so kind as to allow space for the publication of the following open letter:

To the Citizens of Vermilion:

We, the staff and students of the Vermilion schools take this way of expressing our gratitude and appreciation for the exceptionally fine support our recent Carnival received.

We wish to convey our thanks to all those who actively assisted us to put this production "on ice". We thank the mothers, sisters and other relations who helped with costumes [illegible]. Our thanks also to each of the four organizations who sponsored a candidate for Carnival Queen and who promoted such keen public interest in our undertaking. A special vote of thanks to the committees who did such good work in making and decorating each of the four floats which made the parade the biggest and most colorful [illegible].

Our especial gratitude also to Grant McQuarrington and Gordon Williams who showed great patience and gave us most wholehearted co-operation through our many practices, and who provided a marvellous sheet of ice for the final performance—we really appreciated that ice.

We say thanks too, to Mayor Morrison for his opening address, and to Harold and Richard Bushell and to Lois Beresford who gave freely of their time and talent to make our show successful.

Another vote of thanks goes to the organizations and individuals who lent us equipment and gave us advice without which we could not have done so well.

And to all those people who bought tickets, voted for candidates, and showed interest in our production and to those who braved the cold to give us such a grand audience — we say, thank you.

Sincerely,
The Staff and Students
of the Vermilion Schools.

ELECTION CARD

Mr. O. H. Quiet has consented to [illegible] as Councillor for Division [illegible] of the Vermilion River Municipal District and we ask the support of the electors [illegible] held at the polls on election day.

Signed [illegible] Nelson
on behalf of a committee favoring the election of Mr. Quiet.

Vol. XXXIX. No. 40. Vermilion, Alberta, Thursday, February 26th, 1948. $2.00 A Year

PLAN HALF-MILLION DOLLAR POWER PLANT FOR VERMILION

PLANS FOR CONSTRUCTION PROGRESSING

Plans are progressing steadily for the construction of a half million dollar power plant here by the Canadian Utilities. While progress on the plans has not been as fast as the Company wished, they are getting along very well. The actual power plant building will be located at the immediate bottom of the river valley just to the west of the main river hill road. If you have a good memory it will be built not far north of the old creamery site.

The building will be a large one, 98 feet by 94 feet by 25 feet high. Located near it will be a cooling tower 60ft. x 26ft. x 26ft. high. It is expected to have the first unit in operation by August 1st but this of course depends on many factors relative to construction and supply.

Canadian Utilities have purchased four Turbo-Generators with a capacity of 1,800 K.W. so that the total plant when it is completed sometime in 1948 will have a capacity of 7,200 K.W. Two of the boilers and two turbines are already here and are stored in the railway yard. These came off the U.S. escort vessel "Chase". Two more identical boilers and two turbines have been loaded at Philadelphia and these are from the U.S. vessel "Lexington". These ships were built in 1942 and 1943 and have very interesting war histories.

Material is now arriving in Vermilion for the construction of the 22,000 volt line to Elk Point and St. Paul. Construction of this line will start first thing in the spring and will be carried out from Vermilion.

Correction in Carnival

A corrected line following proof reading was inserted in the wrong space in the report of the school children's carnival. This resulted in a very mixed up paragraph and the Standard is therefore reproducing it as it should have appeared.

"The Twilight Fairy (Glenys Martin) did a pretty solo skating number while the Sunrise Fairy (Lois Beresford) gave another of her scintillating exhibitions of fancy skating in carrying out her art. During the play too, Betty Beresford and Marion Pilkie as Starbells did some very neat duo skating."

Second Recital In Prairie Celebrity Series

AT UNITED CHURCH MARCH 10th

Vermilion and district are soon to have another opportunity to hear two outstanding artists in the Prairie Celebrity Concert series. Randall Stevens, baritone and Constance Drever, pianist, will be heard in a joint recital to be held in the United church March 10th. The concert here is sponsored by the United church choir.

Born in London England, Randall Stevens was intended by his parents for a medical career. Fortunately for the musical world, World War 1 interrupted his career and his marriage to Constance Drever, well known English musician, led him into a musical career which he has followed ever since with fame for himself and pleasure for the thousands who have enjoyed hearing his fine voice.

With his wife Constance Drever as his accompanist, he has toured the principal concert halls in England, and has appeared in Paris, Monte Carlo and Cairo. Engagements in opera and featured broadcasts over the BBC occupied his time up to the commencement of World War 2 when he was recalled to the Royal Air Force. During his service he broadcast often with the Scottish Symphony orchestra, as well as doing a large number of shows for the benefit of the R.A.F. Benevolent fund. In 1943 he was chosen by the air ministry to represent the R.A.F. vocally at the Royal Albert Hall Remembrance service at which Their Majesties the King and Queen were present. He was also chosen to sing at the Pageant of Liberation for Brussels on Nov. 10 and 11, 1944 with the massed bands of the Life Guards and Black Watch.

Tickets will be on sale this week end and may be obtained from any member of the choir.

Wheels Are Used for Landing On Vermilion Field

PASSENGERS ARE JANZ QUARTET

A Stinson plane landed on wheels at the Vermilion airfield Saturday and experienced no trouble whatever although only ski-equipped planes have used the runways for some time now. The Stinson was piloted by Donald Smith pilot from Three Hills, Alberta, and his passengers were the Janz Quartet who were in charge of services at the Alliance Mission over the week end.

The Vermilion field was rolled and hard and in excellent condition for either wheels or skis.

The visiting pilot Mr. Smith took off again Monday on the return trip to Three Hills with his passengers. This pilot maintains his own landing field at Three Hills, has three runways and keeps them rolled with his own roller, packer and tractor.

WATCH FOR IT!

Watch for the opening announcement of the ultra-modern car and tractor garage at Vermilion Sales and Service. This shop is equipped with a complete set of precision tools and any type of mechanical and repair work can be handled. Watch for the big display advertisement in next week's Vermilion Standard.

Takes Over Canadian Oil Company Agency

The Canadian Oil Sub-Station, formerly handled by Geo. C. Webb, has been taken over by Melvin May, a well known young man of the district.

Record Bonspiel Nears Final Stages

LARGEST 'SPIEL IN RURAL ALBERTA

Fifty-nine rinks are battling it out for the prizes at the annual Vermilion bonspiel which opened on Monday morning this week. The record-setting number is comprised of 32 local and 27 visiting quartets. At one time the number reached 61 rinks but two of the visitors, Munroe of North Battleford and Delaney of Kitscoty withdrew after the opening draws were made. Ice is in lovely condition and curling has been of real bonspiel calibre. It is possible that late flashes concerning the standing of the various competitions will be found elsewhere on this page.

The visiting rinks are skipped by: Michel, Warren and Langridge, Vegreville; Hughes and Anderson, Minburn; Bowman, Landon, Braithwaite, Jarrett, Parker, Timanson, all of Dewberry; Inman and Shaw, Islay; Koch and Lane, Wainwright; Southgate, Humber, Lloydminster; Seward, Gray, Kitscoty; Westers, Edam, Sask.; A. C.T., Edmonton; Craig, White, North Battleford; Smith, Wildmore; Mans, Van Dusen, Gerhart, Lamoureux, Gamble, Mercer, McFadden, Mannville.

The only local rink other than the usual club rinks is skipped by Joe Laddy.

Transformation in Quick Time At Arena

Quite a transformation was effected in very quick time at the arena when it was changed from a large sheet of hockey ice to five sheets of perfect curling ice — that was the result, for the ice there is absolutely true and can be depended upon to act normally on the 12 foot as on the 4 foot. This change-over is a lot of work but the boys responsible made a good job of it in a short time — and what a bonspiel it makes having this extra ice!

Incidentally, 59 rinks makes a record for rural Alberta. In fact it is thought to be the most largely attended spiel in the province with the exception of the four larger cities.

Bonspiel Standing

By Wednesday night the two primary events had reached the semi finals with the E. M. Stewart rink meeting Landon of Dewberry in the upper bracket, George Webb playing Westers of Edam, Sask, in the lower bracket. Prizes will be thus equally divided between the town and visiting clubs. This is in the Grand Challenge.

In the other primary, the Vermilion Hotel, Parker of Dewberry meets the Stewart rink, which is the only town quartet in this competition while [illegible] McFadden of Mannville plays Len Mans, also of Mannville in the other semi-final.

Secondaries, the Telford Memorial and the Brunswick have reached the eights. Finals are scheduled for Thursday evening.

Red Cross Annual Drive Opens Mar. 1

The annual Dominion-wide appeal for funds to carry on the work of the Red Cross will commence March 1st in Vermilion in common with all of Canada, and generous support is asked for this great and worthy cause.

W. P. Pilkie is again managing the canvass for Vermilion and district and he asks that all canvassers of former years be prepared to solicit donations from their areas. There is no need to dwell on the wonderful work of mercy the Red Cross is continually doing, or how important this work is, the Red Cross work is for all humanity, 365 days a year.

It would also be a great help if the proceeds of all activities held in March be earmarked for the Red Cross.

Council Sells Plant Site to Utilities

A special meeting of the Town Council was held Friday, Feb. 6th with Mayor Morrison and Crs. Beake, Dawson, Kohoe, Stack, Stephens, Urquhart present.

Meeting was called to approve sale of 2.67 acres of land in the well site area to Canadian Utilities Ltd.

The following motions carried:

That Council agrees to sell to Canadian Utilities Ltd. approximately 2.67 acres of land for power plant site at a price of $300.

That lease between the Elks lodge and the Town of Vermilion as dated Sept. 15th 1947 and as amended, be duly signed by Mayor and Secretary.

Meeting adjourned.

Win Majority of Prizes At Vegreville Bonspiel

The Two Vermilion rinks competing at the Vegreville bonspiel last week brought home 50% of the prizes in the open events. Eddie Corley, Dr. Ben King, Loyal Amos and Jack Beresford gathered in 3rd in the Merchants and 4th in the Challenge while Bill Sutherland, Ross Beake, Wally Dalgleish and Doug Brimacombe won 2nd in the Grand Challenge and 4th in the Merchants. All of which adds up to very good curling.

"GREEN ACRES"

EDMONTON STOCK SHOW

April 6th to 9th the Edmonton Exhibition Association is putting on its annual show of Fat Cattle and the Bull Sale. This is a worthwhile event for every live stock man. Why not make up some carloads from the community?

2,4-D SPRAYERS

Although the experimental stage for 2,4-D is still going on there is some definite information available. Any one thinking of purchasing a power sprayer should see the [illegible] on 2,4-D sprayers issued by the Provincial Department of Agriculture.

GREEN FOXTAIL

This is a new weed in this district but on some farms it is greatly reducing crop yields. The recommendations for control are similar to those for wild oats, that is, one or two cultivations in the spring and seeding late with early barley. Use of fertiliser with the barley is also recommended.

RED WING FLAX

There is no doubt that this variety is earlier and yields more than other varieties commonly grown. Flax is proving to be a paying crop in this [illegible].

FATHER-SON BUSINESS

Here is what you have been waiting for, a circular on a Father-Son Business agreement. It would certainly be [illegible] for every farmer to have an arrangement with his sons. As time goes on [illegible] will justify the trouble of drawing it up.

BULLS AVAILABLE

Bulls at 75% of cost are available under the Cattle Improvement Policy of the Provincial Department of Agriculture. Also the freight is paid. See your D.A. about this policy [illegible] good bulls will be scarce after the Edmonton and Calgary bull sales.

Many Candidates For Municipal Office

M. D. ELECTIONS MARCH 20th

Elections will be held in four of the five divisions in the Vermilion River M.D. as a result of nominations made at the annual meeting on Saturday last. Members to the hospital boards were elected by acclamation.

In Division 1, now represented by J. A. Currie, there are two candidates, Henry Haan of Rivercourse and Arthur Clarke of Paradise Valley.

Division 2, the present councillor G. E. Cuy of Paradise Valley and J. D. Stone of R.R. 2 Kitscoty are candidates.

In Division 3 Roger Watt takes the place of former Councillor [illegible] by acclamation.

Division 4 the present Reeve O. H. Quiet of Marwayne is again being opposed by W. H. Gordon of Islay.

Division 7 from which Tom Lamble is retiring there are three candidates, Thos. Bensmiller, Clandonald, D. G. Lawrence, Clandonald and Steve Remanchuk of Dewberry.

Election day is Saturday March 20.

For the Vermilion hospital board Harry Perkins takes the place of Norman McClellan retired, while Charles E. Thompson of Clandonald was re-elected by acclamation.

Approximately 150 attended the annual meeting of the municipal district which was held in the Elks hall on Saturday afternoon Feb. [illegible].

Vermilion Presbyterial W. M. S. Holds Annual Meeting At Mannville

The Vermilion Presbyterial of the Women's Missionary Society met at Mannville on Feb. 5th with representatives from the Auxiliaries and affiliated groups in attendance. The President Mrs. K. C. McLeod conducted the meetings.

Morning devotional service was conducted by the Vermilion Auxiliary. Reports from the secretaries showed that the year had been a successful one. An increase in visits to homes and hospitals was noted, with Lamont Auxiliary again in the lead. Islay group topped the list in number of books read per person. The Treasurer reported the allocation had been exceeded. Reports of C.G.I.T. activities showed that the girls and their leaders had taken a keen interest in their work.

The afternoon session opened with a memorial service led by Lamont Auxiliary. The Literature Secretary Mrs. W. S. Cash gave an interesting review of some of the books in the attractive literature display. Solos by Mrs. [illegible] and Mrs. M. Hill were much enjoyed.

The guest speaker Rev. K. C. McLeod brought an inspiring message to the gathering. Mr. McLeod emphasized the need of personal contacts in [illegible] and the increasing necessity of [illegible] in the home [illegible] making their [illegible] of the [illegible]. We must [illegible] the wall of partition between us and the pagans and give the world back to God.

Officers for 1948 were installed by Rev. K. C. McLeod.

At the close of the afternoon [illegible] was prepared by the young women of the [illegible] church, and much appreciated.

Greetings were brought to Presbyterial by Mrs. Wood of Mannville W.A. and by Rev. McLeod from Presbytery. A vocal trio was pleasingly rendered and a playlet on Christian Stewardship given by the local C.G.I.T. group.

Delegates dispersed to meet in Vegreville in 1949.

Leap Year Dance to Feature Novelty And Prize Dances

ELKS HALL, TUESDAY, MARCH 2

According to advance information the big Leap Year dance which is being held by the Ladies of the Royal Purple on Tuesday March 2nd, will be one of the most enjoyable and novel [illegible] spring events.

Taking advantage of 1948 being a Leap Year the ladies are bending every effort to make this affair one to be remembered by all who attend. Featured will be novelty dances, balloon dances and spot dances with many couple prizes for fortunate couples. There will be ladies' choices and other innovations.

Special music has been arranged, so be on hand for a really gala time on Tuesday March 2nd. The place — Elks Hall. Advance tickets are on sale by members at 50c each [illegible] for the charity work.

Reg Mitchell Is New Member School Board

Reg Mitchell is the new member of the Vermilion school board, replacing Mrs. D. S. Wiebe who resigned due to ill health. The term has one year to run. The three other retiring members, Jas. D. Adam, Carman Long and Ashley Cooper were re-elected without opposition. Donald Taylor is the 5th member of the board.

Nominations and elections took place at the annual meeting held last Friday evening. A full report concerning all matters at the annual school meeting will appear in next week's Standard. The news editor became very much involved with curling and draws at the local bonspiel this week and writing time was at a minimum.

Play Night at V.S.A. Saturday, March 6th

Students of the Vermilion School of Agriculture are preparing a program of one-act plays for presentation to the public on Saturday March 6th. During recent years "Play Night" has attracted a large audience and very favorable comment has been made on the quality of entertainment provided. Indications are that this year's program will again appeal to many citizens of the town and district who are interested in amateur theatricals.

Three plays will be presented in a two-hour program. The curtain raiser is "To Meet the Chinooks", by Alan A. Fraser. This is a merry comedy of life in the early pioneer days around Calgary. It was awarded first prize in the 1946 Playwriting Competition sponsored by the Alberta Folklore and Local History Project. The second play is a mystery thriller, "The Hiding Place", by Clarence Dunn and the last play "Get Up and Bar the Door", by Arthur P. Hudson is a ballad comedy. Staff members by whom preparation for the staging is being directed are Miss M. Long, Mr. C. M. Hay and Mr. L. Blades.

Musical selections by members of the choral group under the direction of Mr. D. C. Falk will be heard during the intermissions. Curtain time is 8:15 p.m.

EMERGENCY AUTO SERVICE

Gasoline and emergency auto service at Oilfield Motors for Sunday Feb. 29th and the following week. Garage open to 11 p.m. week days and 7 p.m. Sundays.

Halver Jahre, in spite of lack of practice competed in the ski tournament at Edmonton Sunday and jumped 119 and 127 feet and received 198.6 points to gain 5th place in a large class. The winner was Pete Bjornson of Edmonton with jumps of 126, 128 feet for 227.1 points. A bus load of 125 Vermilion young people made the trip to Edmonton to see the ski jumping and the outing proved a very enjoyable one.

DERWENT

Mr. L. R. Hicks celebrated his 76th birthday last Wednesday and received many lovely presents. Mr. Hicks is well and strong and looking forward to retirement which will take place in a few weeks' time. He has served many years as post master at Derwent also J.P. and is well known throughout the country and in the Vermilion district where he was in business for himself as well as farming before he moved to Derwent. The birthday party was highlighted with a turkey dinner. The immediate family and relatives enjoyed themselves to the [illegible].

The Derwent village election took place Feb. 23rd. Three names were up before the voters to fill two vacancies, viz., M. N. Cherniawski, John Palinka and John Perby. According to the ballots cast and the final count, M. N. Cherniawski and John Perby were elected. Mr. V. Christensen as Mayor and M. D. Charran as Secretary forms the slate of village council for the next two years.

Miss Bertha Napora, local Derwent girl is the new egg grading agent for the Smith Produce Co., Derwent, taking the place of Miss Mary Leskiw who recently moved to Edmonton with her parents. Mary is now working in that city.

The local bonspiel is well under way with many rinks entered. Some competitions have reached the finals and others the ¼s and ½s. Some very fine curling has taken place with many extra ends to decide a winner and a few lopsided scores. Clarence Algar claims to have made the lowest score in the history of curling at Derwent when he defeated his opponent Ivan Chrapko 5-3 in a [illegible]. 3 ends were blank and the game was as close as the score indicated.

NEW POWER FOR DERWENT

To Be Supplied from Vermilion

Alex Kadlewski is busy unloading poles for the Canadian Utilities which will extend their power line from Vermilion to [illegible] salt wells a few miles east of Elk Point. [illegible] in a very short while will enjoy AC current as against the present DC current. The line will run straight north from Vermilion through the village of Derwent which will satisfy many farmers en route. It is understood a sub-station will be built [illegible] Derwent. This new service it is hoped will eliminate the continual noise and interruptions on the radios in this town for there are so many machines here that require attention to enable radio owners to receive good reception.

"PARENTS NIGHT" AT ELK POINT

GUESTS OF SCOUTS, GUIDES, CUBS AND BROWNIES

Scouts, Guides, Cubs and Brownies of the First Elk Point Group were hosts to their parents on Thursday of this week when a joint Parent's Night was held in the Legion hall. About 40 parents and former Scouts and Guides attended the dinner and entertainment provided by the group. Following dinner which was served by the Girl Guides, Scoutmaster Jacobson in the absence of Dr. Wingerinch, President of the Local Association and group committee, presented the Good Turn trophy to P.L. Muriel Hain, who accepted it on behalf of the Guide Swallow patrol, which had done the greatest number of 'man hours' of good turns on Good Turn day. Mrs. Neil Fenton, secretary of the Local Association presented a warrant of appointment as Tawny Owl to Miss Marion Johnson, leader of the Brownie Pack.

The Brownies then showed the parents some of the activities which were carried on at regular Brownie meetings including Fairy dances and the Fairy Ring. The Cubs, under Cubmaster [illegible] Rabin, presented some of their jungle games, which were followed by an impressive enrollment ceremony in which Ronnie [illegible], Jimmy Shipleway and Walter Wichoten were invested as Wolf Cubs. The Scouts under the leadership of Scoutmaster Jacobson and Troop Leader Sydney Kates demonstrated each of the tests a boy must pass in order to become a Boy Scout. Each boy in the troop demonstrated one of the requirements. Following this an investiture ceremony was held in which two new scouts Jimmy Keitges and David Didow, were invested into the Boy Scout movement. Danny Libich was presented with his Fireman's Badge, and Billy Sumpton with his Leaping Wolf Badge and his Second Class.

The Girl Guides under the leadership of Captain Sumpton, Acting Lt. Blackmore and Troop-Ldr. Gertrude Koch conducted a regular Guide meeting, to show parents what was being done. Olga Krawchuck, Norma Wenzel and Lydia Patrucks were invested as Guides and Joan Sumpton, Valie Kipp, Norma Barling and Elizabeth Seldon were presented with their 2nd class badges. Muriel Hain was awarded her Cook, Cyclist and Child Nurse proficiency badges.

On Friday several parents attended the regular Cub and Brownie meeting and were shown some of the handiwork being done by the group.

On Saturday leaders of the group congregated at the home of Mr. and Mrs. E. McDonald where tea was served them as they discussed common problems and the activities of the week.

The special week was concluded with a Church Parade to St. Michael's Roman Catholic church, where Rev. Father Morin, O.M.I., paid tribute to the work being done by the leaders of the group. In the service he laid stress on the duty of each member of the group to God, and that regular church attendance was expected of each member, no matter what his religious affiliation. Members of the Color Party consisted of Patrol Leaders Doreen Lindquist, Muriel Hain and Carl Hall.

RIVERTON

This week two of the district's residents are in the Islay hospital. A speedy recovery is wished to Miss Jean Parr and Mr. W. S. MacLean.

The big snow plow has gone through to Lea Park. There were some large drifts to contend with too. If the wind stays down the roads may be of some use this time.

Mr. R. Timanson took a rink to the Vermilion bonspiel this week. He won a 2-lb. jar of coffee at the Dewberry spiel.

Mrs. W. S. MacLean is visiting her daughter at Marwayne.

The bridge and whist players will gather at the school on Friday. The draw will be made for the cushion. This was to have taken place on Feb. 6th when our dance was postponed.

HARVEST OF HATE

By Gregory Clark

The fears, hates and prejudices acquired in childhood discolor all the rest of the years of men and women. A dying German corporal told me this as the excuse for his own lunatic behavior.

In a field dressing station near Carpiquet in Normandy, I was told there was a German prisoner who spoke perfect English, having worked for five years in Rochester, N.Y. He was one of those fanatical SS troops who, when our advance passed, lay hidden in the tall grain sniping our men though without any hope of escape for themselves. In hunting him down, our men had smothered him with smoke bombs one of which had burned him terribly and it was from burns he was going to die.

Because of my gray hair, he mistook me for a chaplain. "You can pray for me if you like, but I am not afraid," he said. "I was a child in 1922 when you people starved us. I saw my mother die. I starved myself. All my life I have waited to get even. Now I am even. I have done no wrong so you can pray if you like."

Well, I didn't pray then; but I can pray now for the millions of children of Europe and Asia who are having the SS seeds of fear, hate and vengeance implanted in them. And we can also pray for our own children who will soon be men and women face to face with the fatal harvest of that planting. The Canadian Appeal for Children is a prayer in the form of action, and cash on the barrel head.

Here Is Your Winter's Snowfall

Vermilion people interested in the total snowfall to date this winter will find the following snowfall figures interesting. The statistics are supplied by the Dept. of Radio Transport Beam station here —

Sept. 1947	2.0in.
October	—
November	10.5in.
December	6.0in.
January, 1948	7.2in.
February	3.3in.
TOTAL	29.0in.

Total snowfall this winter so far does not set a record one way or the other.

RULES IN CASE OF FIRES

1. Familiarize yourself with the location of windows and natural escapes.
2. Learn the position of all stairways, particularly the top landing and scuttle to the roof.
3. Keep the doors of rooms shut.
4. Wet a towel, stuff it in the mouth, breathe through it instead of nose, so as not to inhale smoke.
5. Never get excited, try to recall the means of exit.
6. If room fills with smoke keep close to floor and crawl along by the walls to the window.
7. NEVER go to roof, unless as a last resort and you know there is escape to adjoining buildings.
8. NEVER jump through flames in a building without covering the head with a blanket or heavy clothing.
9. Open windows from the top.

World News In Pictures

FIREMEN BATTLE BLAZE AS THEIR OWN STATION BURNS— "Hurry back, your own station is on fire," was the call to Ottawa, Ont., firemen as they battle a blaze. Here they are seen trying to save their station as flames, said caused by furnace blast, swept through it. Damage was heavy to the old building.

U.S. SERGEANT WAS INDIAN GENERAL.—Pictured as he arrived in the U.S. is Russell K. Haight, Jr., 28-year-old ex-GI from New York, who served for two months as a brigadier general in the Free Kashmir rebel army. He is seen wearing an Indian turban and in this closeup his sergeant stripes are noticeable, as is the Indian army uniform. He was commander of wild tribal warriors in the snowy mountains of an embattled princely state. He said he is ready, if necessary, to testify that Pakistan supported Moslem tribal invaders of Kashmir. An attempt on his life caused him to leave India.

DISASTER FOR RHONA — Rhona Wurtele considered with her twin sister, Rhoda, to have had a chance in the women's skiing at the Olympics, wound up on a stretcher with chipped ankle after finishing 27th.

DIVORCE ENDS MARRIAGE — [illegible] to mark the definite end of the marriage trail for Jane Wyman and Ronald Reagan. The actress separated from Reagan [illegible] same time sues for divorce. Her attorney said a settlement has been reached on property and the care and custody of the two children, Maureen [illegible] and Michael [illegible].

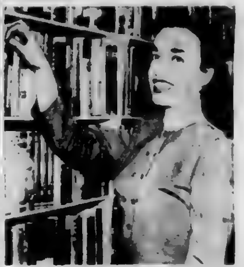
TRAGIC SCENE AFTER JAP SHIP DISASTER—This tragic scene greeted the eyes of a cameraman who arrived on the scene of the sinking of a Japanese ferryboat off Kurijima, Japan, drowning 260 Japanese. The beach scene at Kurijima where survivors of the ill-fated ferryboat, the Joso Maru, were brought ashore were littered with bodies pulled ashore by rescuers. Others saved from the icy waters of the Inland Sea near Osaka are seen huddled on the beach. In the distance, marked by an X, is the spot of the disaster. The ferry struck a mine and sank with a violent explosion. It was en route on a regular run from Japan's main island off Honshu to the archipelago's southernmost isle of Kyushu, when the accident happened. U.S. Far East air forces headquarters in Tokyo termed it a major sea tragedy. Only 145 occupants of the crowded vessel had been rescued.

BOOKMOBILE

"BOOKMOBILE" FOR ONTARIO COMMUNITY — Travelling library to serve York township was initiated recently on a two-hour three stops per day schedule. Books, bus will carry [illegible] volumes.

GIANT TELESCOPE READY TO VIEW HEAVENS— Byron Hill, supervisor of construction on the Palomar observatory telescope is shown seated in the "prime focus" cage looking down the tube into the huge 200-inch mirror of the gigantic instrument. The hole he is looking through is where the film will be placed to take pictures of the distant planets, stars and other heavenly bodies. This is the first photograph taken of the now nearly completed telescope in its mountain-top home in California. The picture was made as the world's most expensive scientific instrument, the $6,500,000 observatory, held a press preview.

FIRE CAUSES $350,000 DAMAGE.— At Verdun, Ont., a general alarm fire destroyed five buildings and damage is placed at $350,000. One fireman suffered a broken leg. Ice-coated members of brigade are pictured on the roof.



New service is designed to meet the increased demand for libraries and to combat the high costs of constructing permanent buildings. Mary Higgins is a librarian.

YOUTHS SENTENCED TO DIE — Norman Gerald Kindy, (centre), and Edwin Farrington, (right) are led from the courtroom at Welland, Ont., after being sentenced to hang on April 20 for the murder of James Bell, 58-year-old resident of Stamford county. Counsel for the two youths said an appeal was being considered. Kindy, 17, was a neighbor of the dead man. Farrington, 20, whose home is in Glendale, Rhode Island, was sheltered by Bell a few days before his body was found. The two were arrested in Turley, Ohio, eight days after the murder. 3760

STANDING EGGS FORECAST GOOD WEATHER —It's going to be mild from now on, according to these eggs. Feb. 14 was the first day of Chinese spring, says Winnie Chu, Toronto Chinese, and eggs standing on end mean good weather. This fable, like the accident [illegible] about the groundhog and his shadow, is centuries old among the Chinese.

RESCUE HOLY OBJECTS AS HISTORIC CHURCH BURNS—A $200,000 fire swept [illegible] St. Francis de Sales church near Smiths Falls, Ont. Valuable and irreplaceable religious figures and paintings were lost. Stained glass windows were [illegible] except for the big one behind the altar. The tower bell and tower were saved. With lightning speed the flames spread through the church and only the stone walls and steeple were left. Working in below zero weather firemen of Smiths Falls, Perth, and from a local factory were still pouring water on the embers 24 hours after the blaze began. Sacraments and vestments were rescued from the inferno.

Agricultural Services Board Meets

HEAVY AGENDA — STRICT WEED CONTROL MEASURES

Meeting of the Agricultural Services Board was held in the Municipal office, Vermilion, on Thursday, Feb. 12.

Those present were E. H. Buckingham, O. H. Oslot, J. Leighton, F. Braithwaite, H. Haan and W. A. Dixon, Field Supervisor.

Minutes of the last meeting held on July 8th, 1947 were accepted as read.

Moved by F. Braithwaite and J. Leighton, that we accept the following suggestions, relative to tree planting for snow traps, made by H. Haan and that same be submitted to Council as a progress report.

Soil preparation, use caragana, 1 year seedlings, single row, maple, 2 year trees at 26 feet, pine at 250 feet spacing, distance from road line, 27 feet, cultivate 4 feet each side of trees, backslope road ditch, seed down 5 lbs. crested wheat, 4 lbs. brome, 2 lbs. alfalfa. Fence 41 feet from road line. M.D. to assume cost of forage seed and transportation. Concession to owner equal to 30% of assessment for three year period, or total of 90% on parcel affected, payable after three years, provided the Agreement satisfactorily carried out. Maximum grant per ¼ Section $50, minimum grant $40. Cd.

E. H. Buckingham speaking on the matter of a Veterinary Surgeon for the District, reported that there was no Government policy in effect meantime.

Moved by J. Leighton and F. Braithwaite that in view of the fact that the M.D. is in favor of a scheme to have a Veterinary Surgeon located in the district, that the Provincial Government be urged to set up such a policy with Government assistance. Cd.

The Field Supervisor reported 360 quarter sections badly infested with noxious weeds. 66 notices to destroy were issued, also 27 Notices to Prohibit seeding. 66 other places on record that need close watch. 14 quarters had Toad Flax, 4 quarters have Hoary Cress and 4 quarters have Bindweed. From 1[illegible] samples of seed taken one sample contained 540 noxious weed seeds per pound of oats. The district average was 197 noxious weed seeds per pound of oats. Only 2 samples were clean.

Moved by E. H. Buckingham and H. Haan that Supervisor arrange to hold meetings in as many of the following places as possible: Riverscourse, McLaughlin, Paradise Valley, Blackfoot, Mannville, Streamstown, and Islay; also in the following schools: Fenham, Duvane, Clear Range, Tricksville, Wildwood, Thomasville, Preston, Shorncliffe, Battleview, Bruchville and Lea Park. Cd.

Moved by F. Braithwaite and J. Leighton that we proceed with Good Farming Competition in 1948, using the score card recommended by the Dept. of Agriculture and that we accept the offer of a trophy made by the Bank of Toronto at Marwayne. Cd.

Moved by H. Haan and F. Braithwaite that Messrs. Buckingham and Dixon be appointed as committee to report in use of sprayer in the M.D.

Moved by H. Haan and J. Leighton that it be recommended to Council to seed all new grades to grass, using a mixture of Crested Wheat and Alsike, and that we make application to the Dept. of Agriculture for the maximum grant. Cd.

Moved by J. Leighton and H. Haan that E. H. Buckingham and W. A. Dixon and Secretary prepare a circular letter to be mailed with Tax Notices. Carried.

E. H. Buckingham gave a report on Soil Conservation and it was generally agreed that implementation of same must have the complete support of the farming community.

The supervisor was instructed to keep in contact with the C.P.R., Hudson's Bay Co. and the Veterans Land Act re weeds on company lands.

Moved by F. Braithwaite and J. Leighton that Dept. of Agriculture be approached to authorize publication of the article "Green Acres" in Lloydminster Times. Cd.

It was agreed to approve the issue of a circular letter with respect to the Warble Fly campaign.

Moved by H. Haan and F. Braithwaite that E. H. Buckingham and W. A. Dixon make arrangement for the demonstration plots, also that arrangement be made to take pictures of Calf Club shows at Lloydminster and Vermilion. Cd.

Moved by J. Leighton and F. Braithwaite that Messrs. J. Cameron, P. [illegible] and R. Arthurs be requested to attend the meeting to be held April 8th. Cd.

Moved by E. H. Buckingham and H. Haan that it be recommended to Council that a grant of $35 be made toward a film library for use in the District. Carried.

Moved by F. Braithwaite and J. Leighton that meeting adjourn. Cd.

SIMPLY DELICIOUS! The Superb flavor of Maxwell House makes it the most popular of all brands of coffee. It has extra flavor because it [illegible] choice Latin-American coffees.

Ethelwyn News

Who says that Friday 13th is unlucky? Not in our district, as two very successful social affairs were held on that day in the school. In the afternoon the school children held a Valentine party which was spent in playing games and singing. The little chap with the bow and arrow was surely busy, many and varied were the love tokens. The children served a lovely lunch to their guest Mrs. [illegible] The writer is sorry [illegible] that Norman and Allan [illegible] could not attend the party. That same evening Mrs. Attfield and her son [illegible] were host and hostess at a [illegible] dance in the school. Mr Collins [illegible] played the music. Friday 13th and 13 [illegible]. Even if the crowd was small we are quite sure it was the best dance of the season and did not end until the wee small hours.

A large crowd attended the [illegible] school meeting. Many subjects were discussed. We are not sure if any were [illegible]. We hope to be able to buy the rods for the playground soon.

Mr Jack Grant Jr. was returned as trustee for another 3 years and Mr. A. MacDonald was elected for a one-year term, [illegible] his brother's [illegible].

Birthday greetings to Darlene Taylor and Helen Shrumkowich on Feb. 22nd.

Practically everyone in the district has been a victim of the prevalent cold germ. It takes a long time to recover from it. Two little girls, Kathleen McClellan and Charlotte Burns were taken to hospital suffering from pneumonia. Mrs. Grant Jr. was a patient in the hospital for a few days also.

We did enjoy the front page story about Islay a short time ago. The Islay people have reason to be proud of their comeback after being [illegible] wiped off the map by [illegible] and fire. What is the secret of your success?—We could use it up here.

Another very pleasant evening was spent at the hall Feb. [illegible] when four tables of whist were played. The prizes were won by Katie Shrumkowich, Alina MacDonald, David Attfield. A short program followed the [illegible] of which Don MacGillivary was M.C.

Another whist drive and bingo party will be held in St. Patrick's hall in the near future. The committee in charge would like to see more of the neighbors attend. It would be much appreciated if everyone would make some contribution to the program.

The writer is sorry to learn that Father McPee is sick and is in hospital. His many friends wish him a speedy recovery.

COLOSSAL LOSSES

It was estimated that insects, rats and mice destroyed stored grains in U.S. granaries last year amounting to $[illegible],000,000. Use of rodenticides and insecticides would have cut this great loss perceptibly.

What National Employment Service is doing for the Country

1,500,000 jobs were filled through the National Employment Service in twenty-two months—January, 1946, to November, 1947.

481,145 of these jobs were found for veterans.

5,534 more were found for persons in the higher earnings bracket through the Executive and Professional Division of the Service.

25,531 more of these placements were made through the Special Placements Division for physically handicapped workers—

394 for persons totally blind, 825 for persons totally deaf, and 53 for persons handicapped by double amputations.

Make full use of your local office of the National Employment Service.

OUR COMPLETE SHORT STORY—

HOMEWRECKER NIGHT

By CHARLES DORMAN

NELLIE NORTY had blue eyes and red hair and a peach of a disposition, and she [illegible] playing bridge.

Stephen Southy had brown eyes and black curly hair. He had a shy temperament—and he hated playing bridge.

Yet these people were very much in love.

[illegible]

"Stephen," Nellie reminded him, "when we are married we will have to play bridge now and then, so I wish you would buckle down and learn the game. Everybody plays."

"Everybody?" he questioned. "I've seen some play at it and even in my poor opinion they make an awful mess of it! Now, I wouldn't think of having you read the stuff I like to read, so, if you like cards so much, you could go and play 'em while I sit home and smoke my pipe and enjoy my reading."

"But that sort of divides the family," she reasoned. "I'd like to have you with me when I go places. And bridge is interesting—very interesting, when you learn the fine points."

"Well," he surrendered. "Perhaps if I do not succumb to it as a habit, I'll be well advised to learn something about those fine points. And then, of course, the neighbors might like to have a game now and then." In a short time he was studying various sequences and finding the game very intriguing.

And Nellie persuaded him to enter the Homewrecker's Bridge Tournament, sponsored by the Business Men's Association of Carville.

The rules of the tournament demanded that wives play with husbands, and fiancees with fiancees, with the avowed object of testing their tempers.

Any player, who by any sign or word, betrayed a rising temper was to be fined one dollar. The Association members had a committee to circulate around the tables to keep tab on all facial and labial expressions.

The Association assumed all expenses as an advertising venture and the prizes were liberal. Twenty-five dollars to the pair having the highest score; five dollars for the lowest.

In addition to these prizes $100 was offered to the first couple bidding and making a grand slam in no-trump. The committee felt quite safe in making this offer, which they called the Joker prize, because from past experience such a contract was muffed more often than it was fulfilled.

Nellie was thrilled. If anybody could use that hundred dollars, she could. With the rising cost of trousseau habiliments she had already exceeded her budget. Stephen was apathetic. He could do with the money, too, but he knew he would [illegible] a slam hand if he had one.

It was a gay and friendly party. Fifty tables were in play and tempers were subdued up to the third round. Then one poor fellow got into a 7 no-trump contract and went down two tricks. [illegible]

Things were not going very well with Nellie and Stephen. At the last table they were seated against Stephen's father and mother. [illegible] Stephen would be glad when the thing was over because of nervous tension.

He picked up the cards to deal the last hand with a sigh of relief. His eyes opened wide as he glanced over his holdings. Excitedly he chirped "seven no-trump."

"Eh?" gasped his dad. Nellie laughed. Mr. Southy groaned.

Dad doubled because his holdings included the K-Q hearts and K-Q clubs, and over his face spread a broad grin. He remarked, generously expanding his massive chest:

"Well, my boy, if your side makes this contract I'll add another hundred dollars to the prize, and you may get married as soon as you like."

Stephen was looking at his cards and breathing heavily. His face turned ashy. He clutched at his throat desperately. Nellie thought he had taken ill. She looked alarmed but forced a smile because two kibitzers were hovering near. His mother exclaimed:

"Stephen, son—what is it? Are you ill?"

"I'm all—" he choked, "all right." He looked across at Nellie and shook his head ruefully. He had made a terrible blunder. His hand contained thirteen Spades.

Dad toyed for a minute with a decision of what to lead. At last he played the king of hearts.

"Thank heaven," breathed Mrs. Southy when Nellie dropped it with the ace. Mrs. Southy was all for the marriage. When Nellie's hand was spread in dummy it showed the ace of clubs single along with the single ace of hearts just played—and eleven diamonds to the ace-king-queen! Nellie was wildly embraced by Mrs. Southy and even Mr. Southy seemed pleased.

When the kibitzers vanished he whispered to Stephen:

"You'll have to teach your bride some of the fine points of this game. When you bid seven no-trump she must have known that you held the ace of spades. With her holding she should have RE-DOUBLED."

Manitoba's Dairy Industry Growing

MANITOBA'S dairy industry is growing up. This year the association held its 63rd annual meeting in Winnipeg recently with Wm. Hollingsworth, Kirkfield Park in the chair. He also presided over the annual banquet of which some 700 partook. Manitoba's dairy products in 1947 where valued at $32,000,000, he said. These consist chiefly of butter, whole milk, ice cream and cheese. Creamery butter production in Manitoba was up seven per cent. over 1946.

Left to right: R. Couture, Winnipeg, secretary and B. L. Reimer, Giroux, president, Manitoba Cheesemakers Association, and J. A. McManus, Dominion cheese grader, giving his annual report.

J. J. Collins, Roblin, president Manitoba Buttermakers Association, and L. A. Gibson, retired Dairy Commissioner, Winnipeg, who presented the special prizes.

To Press For Completion Of Highway

NELSON, B.C.—Representatives of Alberta and British Columbia chamber of commerce and boards of trade this spring will converge on Nelson to press for completion of the trans-Canada Highway.

Spearheaded by the Lethbridge Chamber of Commerce, the organizations will seek federal aid in the ultimate construction of the trans-Canada highway through Medicine Hat, Lethbridge, Cranbrook, Nelson and Penticton to the coast.

E. B. McFarland, president of the Lethbridge chamber, suggested the inter-provincial meeting and in talks with members of the Nelson Board of Trade outlined a general plan which would see the chambers and boards combine to present their case as an integral unit.

While the plan is yet in its formative stages, Nelson has been named the meeting centre and other organizations are being advised.

Also present will be representatives of the Alberta and B.C. governments. Likely date of the meeting is the first two weeks of May.

BLAMES BUSY "PARTY LINE" FOR CAUSE OF DEATH

FORT ERIE. — A telephone "party line" which prevented him from calling for aid in time was blamed by Robert F. Dennis for the death from coal gas fumes of his 20-month-old daughter. Dennis said party line subscribers refused to listen to his frantic pleas and he was unable to get speedy aid.

Two Alberta Cows are North American Champs

CALGARY—Two Alberta Holsteins have been named North American champions in their class, it was learned here. They are Swalwell Texal Bess, a junior yearling heifer owned by Pickard and Clark, of Acme, Alta., and Highcrest Pippin Rag Apple, a senior yearling heifer owned by R. C. Briggs, of South Edmonton. Both were named champions at the Toronto Royal Winter Fair last November and had previously topped their classes in the all-Canadian contest, sponsored by the Holstein-Friesian Association of Canada.

VANCOUVER-BORN AIRMAN PROMOTED

LONDON. — Vancouver-born Air Commodore P. C. Livingston, a leading expert on night vision, has been promoted to the rank of air vice-marshal, the London Gazette announced. In 1940, he invented the rotating hexagon for testing the sight of night fighter pilots.

In music "adagio poi allegro" means to play slowly, then quickly.

Boy Scout and Girl Guide Activities At Elk Point

As a fitting beginning for Scout and Guide week, 65 members of the First Elk Point Group, Boy Scouts, Girl Guides, Wolf Cubs and Brownies paraded Sunday to the Elk Point United church for a Scout and Guides' Own Church Service conducted by the pastor, Rev. W. N. Blackmore. In addressing the group of young people and parents assembled, Mr. Blackmore paid tribute to the founder of the movement, Lord Baden Powell of Gilwell, whose birthday is being commemorated this week. He saw Lord Baden-Powell as a sportsman in the truest sense of the word with keen interests in acting, music, drawing, boatmanship, fishing and shooting. In short he saw the Founder as a Scout to whose high ideals of life all of us could aspire.

In addressing the group, Mr. Blackmore emphasized four phases of Scouting and Guiding as being probably the most important of all, these being Honor, Loyalty, Brotherhood and Purity. He expressed the view that if all of us could uphold these ideals we would develop into the kind of citizens of which Canada could be justly proud. Hymns appropriate to the occasion were sung.

As a fitting conclusion to the service, a flag dedication service was held, in which the flags were set apart as a sign of the duty of the Scouts and Guides to God. The Scout flag was presented by Scoutmaster Jacobson to Troop Leader Sydney Kates, who accepted it on behalf of the troop, and the Guide flag was presented by Captain Sumpton to Patrol Leader Muriel Hain who accepted it on behalf of the Guide Company.

Members of the Colour Party consisted of Patrol Leaders Doreen Lindquist and Muriel Hain and Troop Leader Sydney Kates. Leaders in charge of the group were: Scouts — S.M. Joe Jacobson; Guides—Captain (Mrs.) N. B. Sumpton and Acting-[illegible] (Mrs.) W. N. Blackmore; Wolf Cubs—Cubmaster Vern Baham; The Brownies — Tawny Owl Marion Johnson assisted by Mrs. F. McDonell.

The offering was taken by Scouts Billy Sumpton and Jimmy Reid.

On Monday all members of the group spent the day doing community good turns. A total of 75 hours of good turns were done, with the Guide Swallow Patrol led by P.L. Muriel Hain doing the most hours of service (30¾ hrs.) and the Brownie Fairy Ring doing the greatest number of individual good turns. These were closely followed by the Scout Antelope Patrol and the Cub Red Six, and the other patrols. Parents were invited to attend Scout and Guide [illegible] on Tuesday and a street parade was held on Wednesday.

DEWBERRY

Co-operation has again taken another foothold in the town of Dewberry. The local Reliance elevator has been purchased by the United Grain Growers. Ralph Lauten is to remain as operator.

Congratulations to Mr. and Mrs. Toms, local station agent, on the birth of a son. Yours truly also takes a bow and says thanks to all for the congratulations received on the birth of a son at the Islay hospital Feb. 13th.

Evidently some people are interested in municipal affairs. The annual meeting at Vermilion was of great interest and information to all. For this Division, 6, three men are candidates for councillor. They are George Lawrence, Tom Brassmiller and Steve Romanyszyn. Sam Betz has been appointed to the Islay hospital board replacing Mr. A. Wood. A very interesting bit of information was given by Mr. Wood who stated that all medicines necessary for the recovery of a patient in the Islay hospital were not charged directly to the patient. Penicillin etc. is included in the $2 per day rate. With regard to snow plowing of roads in the division, Mr. Tom Lamble, retiring councillor, plainly stated that main highways have priority over school routes etc. Also that the Islay hospital road would be opened first if not possible.

Mr. Joe Sunderland is a visitor in the district. He has sold his farm north of Dewberry to Wilfred Pottas. Mr. Sunderland, 97 years of age, is hale and hearty, and enjoys life to the fullest. Despite losing a leg 22 years ago Mr. Sunderland still walks several miles some days. We wish him good health for years to come. A long tribute to a representative of a hardy and a generation.

To young Arthur Hodman we wish many happy returns of his birthday on Feb. 29th. A good day on which to be born in order to escape the birthday spanking every year.

The Dewberry annual mixed spiel has now been concluded. W. Parker with his rink of Herb Malanie lead, Helen Malanie and George Davies proved the pick of the competitors and carried off both the Professional [illegible] and [illegible] Challenge prizes. They defeated the Frank Bowman rink in the Challenge and the O. Landen rink in the Professional. In the Citizens event the Guilda Dennis rink defeated Nell Jones for first prize. In the [illegible] Ralph Landen was the victor.

The local high school are now staging their bonspiel with 7 rinks entered.

The Dewberry Co-op store directors have released the news of payment this year of series A.B. dividends. A good attendance is expected for their annual meeting March 4th.

VARSITY SUMMER SESSION

The summer session of the University of Alberta will be held between July 5th and Aug. 13th.

Copies of the announcement which contain details of the courses available may be obtained from the office of the Registrar of the University.

Is a child's life worth one day of yours? The Canadian Appeal for Children asks you for one day's pay to save a child's life. Please make your donation now to your local bank.

In The Legislature

By W. R. Cornish, M.L.A.
Vermilion Constituency.

Through the courtesy of the Editor of the Standard it is my intention to again, as in the past, bring to you each week some of the highlights of the present session. I will endeavor to give the high spots of the more important bills, motions and debates coming before the members.

LEGISLATION FORECAST

With more than usual color, the present session got under way on Thursday last, when the Speech from the Throne was read by Chief Justice Harvey, acting for Lt.-Gov. J. C. Bowen, the Lt.-Governor was ill. The motion to adopt the Throne Speech was moved the following day by J. C. Landeryou, M.L.A. for Lethbridge, and seconded by the member for Peace River, Mr. Wm. F. Gilliland. The Speech from the Throne forecast considerable legislation in the direct interests of the farmers of this province. It includes wider services by District Agriculturists, Home Economists and Agricultural Service Boards; it promised the completion of the Animal Pathological Laboratory; the extension of irrigation; and an enquiry into the feasibility of building a dam on the Red Deer river for electric power and irrigation purposes. The Government is going to make a comprehensive enquiry into the cost of farm production.

ASSISTANCE FOR OIL SEARCH

Every assistance is promised to continue the search for oil in the province in an attempt to overcome the general shortage of this much-needed commodity. A survey of the natural gas picture will be made to insure that there are no exports until the supply for Alberta citizens is assured.

NEW HEALTH UNITS

Three new full-time health units will be established, and a mobile mental hygiene clinic will be organized to serve the needs of the northern part of the Province. Work will start this year on a new 205 bed T.B. sanitarium.

ROAD BUILDING

Continued road building expansion, as part of the Government's five-year program will form a large part of this year's activities. It seems likely that increased grants for municipal road construction and improvements will be made this year.

DAYLIGHT SAVING

A Bill has already been introduced which will eliminate Daylight Saving Time in the Province.

CABINET CHANGE

The early days of the new session show the dismissal of one Deputy Minister, L. D. Byrne, who was in the Dept. of Economic Affairs, and at the same time, was Technical Advisor to the Social Credit Board. His dismissal resulted in the Premier requesting the resignation of the Minister of Education, R. E. Ansley. Both these men persisted in following policies opposed to the present administration. The new Minister of Education will be Mr. Ivan Casey, member for Okotoks-High River. Mr. Casey has had a good many years' experience teaching in this Province, as well as business experience in High River and is well fitted for the new post.

WOODVALE

With the cold weather and the bad roads we thought we would not be able to collect any local news, but a weary traveller down our road got so tired of wading through drifts and deep snow that he decided to turn in at our place and so we heard a few bits of news worth passing on to our readers, we hope!

First, we have to welcome Artie Friedland back to Woodvale. He has been staying with his parents for the past few weeks. We wished it was only a visit and pleasure trip but it is ill health that brought him back. Here is hoping that a year spent in our community will make him well enough again to join his wife and daughter Joan in Toronto.

We hear that Hughie Potter is a driver of one of Edmonton's street cars. Bob Middelmann has been living at the Potter place for quite a while now.

To the Farm Forum meeting on the 10th at the Van Waganingen home, three cold enthusiasts arrived after 10 o'clock, having lost the trail on the Lyons's place and plodding through one drift after another. The rest of the evening was spent in pleasant discussion and conversation. The next meeting will be at the home of Mr. and Mrs. O. Walters on March 1st.

An U.F.A. meeting is to be held on Feb. 28th at the Oaston school in the afternoon and a special reminder to the ladies that the Red Cross meeting and quilting bee is on March 3rd at Mrs. C. McGrath's.

Quite a number of interested tax payers attended the general meeting of the Vermilion River M.D. Several carloads went in from this direction. Mr. Roger Watt is taking Mr. D. Trueman's place as councillor by acclamation. How many people have asked you for a new road since then Roger? It was noticed that you were button holed and interviewed when leaving the meeting. In this kind of weather roads loom large in everyone's interest!

The Woodvale schoolchildren enjoyed a Valentine party on the 13th having one guest only but they had fun anyway playing games and singing.

On Saturday Feb. 28th a wedding of interest to the community is taking place in Vancouver when Gwen Phillips of that city becomes the bride of Mac Tarves, who has lived and farmed in the Ilminster and Union districts for the past ten years but who has returned to B.C. where he has bought an interest in a sawmill on Vancouver Island. Congratulations Mac and here's hoping you and your wife will come to visit your many friends here in the near future.

We are really late with our good wishes for a happy married life to Mr. and Mrs. Jim Turner of the Auburndale district, but we just did not hear about it any sooner. Jim is a former Woodvale boy and maybe some more of his former friends here did not hear about it either. His sisters Glenna and [illegible] are both working in the Royal Alexandra hospital in Edmonton while Tim has a job in a sawmill in the Peace River district.

One horse shays have never been very popular around here, but one horse drawn toboggans are very much on the increase. Adam Tussock has owned one for years, now Bud Heidebrecht, the Lyons and the Isley boys have all made one and enjoy very much going to school in them. Dickie and Syl la Vieu have also a light open box-like sleigh pulled by a horse and so it seems that there are even fashions in school conveyance. We remember the years that only a saddle horse would do and on the road to the rural halls of learning one would meet the old faithfuls with two or three youngsters on their backs, several pairs of legs waving in uneven rhythm to encourage a faster pace. Now parka hooded figures like eskimos drive in their small boat-like sleighs behind the big-looking trotting horses.

One half of all the children who have been born in Europe since the end of the war are now dead. These babies are the future citizens of the world. Keep them alive by giving the food they need through the Canadian Appeal for Children. Vermilion banks take donations.

V.C. Winner Speaks For Red Cross Work

TORONTO — Col. Paul Triquet, a Victoria Cross winner who saw the Canadian Red Cross Society work in war, finds its peacetime program "well worthy of the support of all those for [illegible]" [illegible] supporting the Society's campaign in March for $3,000,000.

He stresses the help that Red Cross gives to veterans and others suffering from physical disabilities [illegible]

As long as [illegible] their problem.

National Health

WHEN NATIONAL HEALTH WEEK was observed in February an official of the Health League of Canada suggested that "every week should be a Health Week and that every Canadian should be healthy." The great importance of good health both to the individual and to the nation cannot be overestimated. Illness is costly to the individual both in personal inconvenience and in money, while a nation with poor standards of health suffers as well from increased expenses in maintaining hospitals and medical services, and in loss in production due to illness among workers. Money spent on health education and on preventative medicine is likely in the long run to prove to be an economy both in increasing the efficiency of labor and in reducing human suffering.

• • • • •

Great Enemies Of Mankind

Ignorance, apathy and neglect in matters of health are among the greatest enemies of mankind. Medical science has provided us with the means of preventing many serious diseases, yet there are still some communities where, either through lack of interest, or the lack of proper medical facilities, the health of the people is not protected as it should be. [illegible] children against preventable diseases, the pasteurization of [illegible] to be sold for human consumption, regular physical examinations and healthful living and working conditions are all measures which are known to [illegible] standards of health and should be available to everyone. Continued attention to health education and steady expansion of medical services would be needed to bring these benefits to all the people and there is no [illegible] in Canada we should not make continued progress in this matter.

• • • • •

Rural Health Service Asked

At the twelfth annual meeting of the Canadian Federation of Agriculture, held at Brockville, Ont., the question of rural health service was discussed and a resolution was passed demanding that the government set up a national health service which will provide benefits for those living in rural communities as good as those now provided in the cities. It was also suggested that departments of "rural medicine" should be set up in the medical faculties of Canadian universities to train young doctors to work in country districts. In medicine as in other matters, those who live in rural communities should not be deprived of the benefits they would enjoy if they lived in a city. For some time there has been dissatisfaction with rural medical services in many parts of the country, and it is to be hoped that the demands of the members of the C.F.A. will receive attention. Canada is a growing nation and it should be realized that high standards of health are important in building for the future.

New-Type Wheat Ready For Growers

OTTAWA.—Canada's wheat scientists, whose experiments produced sawfly-resistant Rescue and rugged Regent and Renown wheats for the prairie farmer, came up with a new spring wheat called Cascade, especially developed for growing in eastern Canada.

The agricultural department announced that the new strain developed by the cereal division of the central experimental farm at Ottawa, now is available to farmers. Limited quantities of seed are being offered for next spring's seeding.

Like Rescue which beat the prairie sawfly and rust-resistant Renown, Cascade was developed to serve a special purpose—this time to meet the frequent shortage of soft white wheat for the cake and pastry trade. It has been in the development stage since 1936.

Cascade is a white semi-hard beardless wheat and resulted from a [illegible] of low protein yet rust-resistant types. Under exacting tests during the last few years it has proved to be of excellent yielding ability.

BIRD CALLS IMITATED BY STREET SWEEPER

LONDON. — The Northstead district's early cuckoo has turned out to be Hezekiah Johnson.

After several delighted bird lovers reported hearing a cuckoo's call as early as January, Johnson, a street sweeper, confessed to a reporter:

"I wait until a crowd gathers at the Northstead bus stop and then I go in the park and do the cuckoo. They all take it in. I used to do the nightingale when I had my teeth in."

How COLDS affect Your KIDNEYS

The kidneys are very delicate organs, easily affected—especially by a cold. Their duty is to filter impurities and excess acids from the blood. When you have a cold extra work is thrown upon your kidneys. Dodd's Kidney Pills help your kidneys clear your system of excess acids and poisons caused by colds and give you a [illegible]. If you have a cold get and use Dodd's Kidney Pills.

Dodd's Kidney Pills

Constipated! Try All-Vegetable Laxative

NR, a mild all-vegetable laxative, is an easy way to help sick stomach, headache, weary feeling caused by constipation. NR's have thorough, pleasing action. They're all vegetable. NR Tonight (Nature's Remedy) for [illegible] action. Regular NR's the average use of laxatives [illegible].

NR [illegible]

FUNNY And OTHERWISE

His Heroine: "Do you know, papa can't keep his feet still when he hears music."

Her Hero (timidly): "Well, please don't play until I get outside."

• • • •

Sheerhurch: "Glad to hear you have gone back to your wife."

Bankroll: "Yes, the dear girl! I didn't realize how much she meant to me until the judge set the alimony."

• • • •

The Higginbotthams had just moved to the country from the big city in the same state. Mr. H wanted to vote in the coming election so one day he stopped the Town Clerk and asked: "How long must a person reside in this town before he can vote?"

"What ticket?" asked the clerk.

• • • •

"Poor old Bill, he's workin' himself to death."

"How's that?"

"Well, he's that short-sighted he can't see when the boss ain't [illegible]."

• • • •

Movie Star: "I've decided to demand a new trial."

Interviewer: "But why? You won the case."

Movie Star: "I know, but I'm not satisfied with the publicity."

• • • •

Into a club walked a member wearing an unaccustomed tan on his cheeks. It attracted general attention.

"Hello, old chap," he was asked, "have you been yachting, or on the moors?"

"No, I took my holiday at home, the club [illegible]."

• • • •

An American died and went to Heaven and promptly boasted about his native land.

"Do you know," he told a group of spirits, "that at Niagara Falls eight billion cubic feet of water flows over the cliffs every second!"

"Poof!" said Noah, scornfully. "Dewdrops!"

• • • •

"I want something really nice for a present," explained the shopper to the assistant.

"For your husband, madam?" asked the man behind the counter.

"No, from my husband," came the reply, sweetly.

ENGLISH PILOT GETS SOUVENIR FROM DIEPPE

LONDON. — A piece of silk from a parachute that saved his life has brought back memories to Archie R. Shawbolton. A former French underground member who helped rescue Shawbolton when his bomber crashed on his 12th mission sent him the souvenir from Dieppe.

MONEY FROM TREES

HUDSON BAY. — You can't tell W. D. Bennett that money doesn't come from trees, he knows better. Bennett operates a trapline east of this Northeastern Saskatchewan town and found one of his traps had been dragged away. Following the tracks, he finally found the trap up a tree—still holding a large fisher whose pelt was valued at $140.

Primitive man used stone tools as early as 125,000 B.C.

SMALL ENOUGH TO ENTER THE KITCHEN—Lyle Reaser, Illinois farmer, is shown with his Hereford steer which, although he will be two years old in May, is only as tall as the yardstick Lyle holds. "Shorty" would be an obvious name for the stubby fellow, but — guess again — he's known as "Toby." Small as he is, Toby has come a long ways from his baby days when, at 21 inches in height, he could walk under any cow on the farm and practically had to stand on tiptoes to reach his dinner. Now at nearly 200 pounds the rebellious-natured "Toby" is treated as a pet and has the run of the Reaser farm. Owner Reaser is uncertain of his future plans for "Toby."

Pipeline From Edmonton To Regina Considered

EDMONTON. — H. H. Hewetson, president of Imperial Oil Limited, announced his company was considering construction in the near future of a $30,000,000 pipeline to carry crude oil 500 miles southeast from Edmonton to prairie refining centres at Regina and Moose Jaw.

He said company plans for 1948 and 1949 would save Canada at least $40,000,000 in United States currency.

His announcements included a $30,000,000 exploratory and development well drilling programme for the Leduc-Calmar sector of the Edmonton oil field in 1948 and immediate start on erection of a gas gathering system and a $1,500,000 gas absorption plant for the field. Imperial will drill 100 development wells in the field by the end of the year.

In recent years annual flood losses in the United States have exceeded $110,000,000.

Restrictions Lifted On Alaska Road

OTTAWA. — Restrictions on tourist and pleasure travel over the Alaska highway have been removed and permits to travel over the route will no longer be required, Hon. J. A. Glen, resources minister, announced.

The announcement said an increase in travel facilities and accommodation along the 1,523-mile route has made it possible to lift the restrictions. Previously the war-built gravel strip from Dawson Creek, B.C., to Fairbanks, Alaska, was held for military use and permits to travel over it were limited mainly to persons having business reasons for using it.

"An important contributing factor" the statement said, "has been the establishment by the Canadian government of public camp grounds at several locations along the Alaska highway in Yukon territory."

About 40 per cent. of all rope made in the United States is used on ships and in related shore activities.

No Australian Butter For Canada

OTTAWA. — The government has dropped the idea of obtaining butter for Canada this year from New Zealand or Australia, Trade Minister Howe told Commons.

Mr. Howe confirmed reports that Canada had sounded out the Antipodean governments on the possibility of augmenting the Dominion's stocks, but said the proposal had been abandoned when it was found the United Kingdom had heavy requirements in that area.

CANADIAN EGGS STILL WANTED BY BRITAIN

LONDON. — Britain's egg agreement with Australia, which it is hoped will double the supply of Australian eggs during winter months over the next five years, will not affect egg purchases from Canada, Food Minister John Strachey said.

Strachey told his weekly press conference that Britain would continue to want the maximum quantity of eggs from Canada "as long as we can pay for our supplies."

TOURIST ATTRACTION

Suggests Mounties For Border Points

VANCOUVER.—American tourists are pouring into Canada in greater numbers than ever before, despite adverse publicity in the U.S. and the austerity "[illegible]" plan.

E. H. Baker, secretary-manager, Greater Vancouver Tourist Association, reported that tourist traffic through border points adjacent to Vancouver had increased 40 per cent. during January.

Mr. Baker also suggested that "mounties" be posted on duty at the main border crossing points. He pointed out that presence of the red coated officers would be a "major tourist attraction."

A warning to auto camp operators in B.C. was given by E. G. Rowebottom, deputy minister of trade and industry, who said that camps not conforming to standards set by the B.C. government travel bureau will be closed.

Shipbuilding was considered such an important occupation in the United States in 1630, that shipbuilders were exempted from military service and other public duties.

GLEN HILDRETH — PROP.

EVERYBODY'S BUSINESS by Don Graham

Many men make the mistake of regarding themselves as completely self-contained.

Actually, all of us depend to some degree on other people in order to make a living. In most jobs we are part of a large or small group of workers. Or else we deal with customers or some group requiring our services.

And no matter how skilled a man may be as a worker, he cannot reach maximum success unless he has harmonious relations with those with whom he works.

This means being co-operative and willing on the job. It means being interested in other people's ideas and methods . . . and being tolerant when they differ from yours. And it means being cheerful and friendly.

Nobody loves the lone-wolf type of operator. But the man who is really co-operative builds goodwill in all directions. And he *learns* more because he is receptive to good advice and ideas from a wide variety of sources. No wonder employers prefer his kind! No wonder he meets with greater success!

SEED PRIZES FOR BARLEY GROWERS

One hundred and twenty regional winners in the Western division of the 1947 National Barley Contest sponsored by the brewing and malting industries, are to get 1200 bushels of registered certified seed of approved malting variety in addition to their cash prizes.

In each of the three provinces of Manitoba, Saskatchewan and Alberta, which comprise the Western division of the contest, there are 40 regional winners. Each will get 10 bushels of seed barley.

In Alberta, Montcalm is being distributed in some parts and the variety O.A.C. 21 in other areas where it has been found that for various reasons Montcalm does not do so well.

In Saskatchewan and Alberta the regional winners in the 1947 contest have already been announced and distribution of the seed barley has already started.

In Manitoba seed prizes to regional winners will not be distributed until after the awards are announced on March 22nd.

Wildmere Winks

Our sympathy is extended to the bereaved family of Mrs. Ridington who lost a beloved mother. We first met Mrs. Hammond in Dr. Knoll's office several years ago and always remembered her as a very fine lady, her many kindnesses will live on and on. And to Mr. and Mrs. Norman McGinnis on the loss of a little son, our sincere sympathy.

Our roads are still blocked with snow. Mr. Mayhew came out with the road maintainer with the snow plow attachment and did his best but it really is useless to open snow blocked roads—it takes the caterpillar tractor and plow to open roads. After the maintainer had gone over the road last time only a few folks got to town as it was so narrow it blew full right away again.

The boys who went to Mannville to curl got home Thursday, winning one game and losing two. They could have stayed and had at least one more game but came home instead. Next week they intend going to Vermilion to the big spiel there.

Wildmere-Tolland Mutual Telephone Co. held the annual shareholders' meeting at Wildmere school on Saturday Feb. 14 with 5 present. Business of the year was gone over and officers were re-elected. Jimmie Wallington remains as president and J. Wilson is on his same job as secretary. The directors are now J. Bathe, W. Smith and Ray Osterberg.

J. Kennedy has not been very well this last while. He went across to the west highway on Monday to try and get to town to see a doctor. We all hope it's not serious Jim.

J. Wallington an Adam Smith were trouble-shooting on the telephone line on Monday. After travelling miles through those heavily drifted roads looking for the trouble they got Sheldon May with his car to run them north and found the trouble, a broken wire north of the Grizzly Bear coulee on the west highway. It means a lot of work on some to keep our telephone line working so perfectly.

Noticed around: Mr. and Mrs. J. Bathe at the Cruthers' home last week. The writer and Graham children over at the local curling rink on Saturday evening. Mr. and Mrs. Ray Osterberg at the Fadden home Sunday. Billie Smith, Cliff Cruthers, Laurence Graham and Albert Smith snowplowing a road to the west highway with two tractors on a snow plow.

Lloyd Howard is the proud owner of a new ½-ton Dodge truck.

PARTICULAR ABOUT coffee? Then try Maxwell House. It contains choice Latin-American coffees. Expert Blending combines them all in a superb Maxwell House blend that has extra flavor.

Letters to the Editor

Editor, Vermilion Standard,
Vermilion, Alberta.
Dear Sir:

The 1947-48 Christmas Seal is over; we will shortly be closing our books for this campaign, and we expect the final figures to be in the neighborhood of $120,000, an increase of about $15,000 over last year.

This large sum will represent nearly 75,000 individual contributions, freely given to aid in the great fight to wipe out tuberculosis.

May we, through your columns, express our gratitude to all who have helped make this year's Xmas Seal sale so successful—to the publishers and all the staff of The Vermilion Standard, to those business firms who donate space, to all who contribute either in money or in voluntary work, so that we may not only carry on our present program, but also enlarge our case-finding and rehabilitation activities.

In closing, we might just remind your readers that though the current campaign is closed, the books are opened for the 1948-49 campaign, and that contributions are gratefully received at any time in the year. Tuberculosis never takes a holiday—we who fight it cannot relax either. Contributions are allowable deductions for income tax purposes. Our address is "Alberta Tuberculosis Association, 340-7th Avenue West, Calgary."

Faithfuly yours,
R. W. Reeson, President,
Alberta Tuberculosis Assoc.

Ninety per cent of all the teachers in Greece were killed to prevent them teaching the lessons of democracy.

Red Cross Sunday Set for Feb. 29th

Arthur L. Bishop, chairman of the national executive committee, Canadian Red Cross, announced recently that Feb. 29th has been set aside as Red Cross Sunday.

This practice is a tradition among clergymen of all faiths to give spiritual meaning to the Red Cross Appeal, said Mr. Bishop. The Red Cross National Appeal for funds opens Monday March 1st.

The Canadian Appeal for Children puts books and pencils into the hands of thousands of knowledge-hungry children. Your bank takes donations.

Thirty-two Years Ago Today

Feb. 23, 1916

Bill Steele, formerly gardener for the Vermilion Greenhouses, has secured a position with a nursery firm in Calgary.

Forty four men are attending the I. H.C. engine school at Joe McKone's warehouse.

Sixteen Years Ago Today

Feb. 25, 1932

The town council was able to cut two mills off the tax rate for the year 1932. This leaves a 52 mill rate as against 54 for 1931.

Vermilion's first school musical festival will be held May 10th.

The cold snap ended and 44 above was registered Wednesday afternoon.

They're here! the NEW IMPROVED 1948 FAIRVIEW WEED-COP Sprayers and Fairview Weed-Cop 2,4-D!

Built in Western Canada for Western Conditions!

Two Models

Tractor Model
Trailer Model

These two new, improved sprayers bearing the famous FAIRVIEW name will enable you at low cost, to grow weed-free cereal and flax crops. You will appreciate the improvements over previous models. See these new and better sprayers at your nearest dealer. The Trade Name, "WEED-COP 2, 4-D" covers the field in both Amine and Ester Formulations, just the same as the new 1948 WEED-COP 2, 4-D SPRAYERS cover the field in efficient economical operation.

WEED-COP Tractor Models are priced so low that the small scale farmer can now undertake a weed control program on an equal footing with the large operator.

WEED-COP 2, 4-D SPRAYERS are custom built to our own specifications in Western Canada, to meet Western conditions.

Check These Points:

• FAIRVIEW WEED-COP 2, 4-D in Amine, Ester and Dust Formulations. BOOM TYPE SPRAYERS trailer or tractor types. Low pressure pumping motors deliver approximately four gallons of [illegible] per acre. FAIRVIEW'S technical advice at no cost or obligation.

FREE! Send at once for literature [illegible] in detail these new improved sprayers. This illustrated folder gives full information [illegible] the name of your nearest dealer will be supplied. SEND NOW.

What MAKES a good citizen?

A good citizen respects himself . . .
and respects the rights of others.

He avoids bigotry and intolerance.

He puts the welfare of his country and his community
before his own advantage.

He is moderate in his thinking and moderate in his actions.
He is moderate in his use of luxuries.

The good citizen knows, as The House of Seagram has so
frequently pointed out, that he has a
personal responsibility
to himself, to his family and to his country,
to be moderate in all things.

Men who Think of Tomorrow Practice Moderation Today!

In a setting of regal splendor and in the presence of representatives from 27 countries the Duke of [illegible] opened the first dominion parliament of Ceylon.

Mrs Rebecca Havers, 107, believed to be the oldest woman in England, has died in a London old folks home.

The Australian wool clip for the 1947-48 season is expected to bring a record return of $444 million. The average price has been 48 cents a pound.

The Australian Navy will pay a good-will visit to the United States Pacific naval base of Pearl Harbor after it has received a new aircraft carrier from Britain next June.

Applications have been received already for space at the British Industries Fair held annually about May in London and Birmingham.

In an effort to strengthen the Metropolitan police force, the age minimum in Britain for recruits has been reduced from 20 to 19.

HOW AUSTRALIAN FARMS ARE DIVIDED

In the state of Victoria, Australia the average farm of about 640 acres has about 300 acres kept in bare fallow, 200 acres sown with wheat, 100 acres sown with oats for hay and grain and the rest left to natural grass. Sheep have proved successful in conjunction with wheat. Mixed wheat and sheep farming is common. The sheep use up roughage, keep the fallows clean and add to farm income.

no butter needed inside or outside

MAGIC Cheese Biscuits

2 1/2 cups flour, 1/2 cup milk, 1/2 tsps. salt, 3 tbsps. shortening, 4 tbsps. grated cheese, 3 tsps. Magic Baking Powder. (When half-baked, place square of cheese on top of biscuits for the last few minutes.)

Sift dry ingredients together; cut in shortening, add the cheese, then milk. Roll out on floured board 1/2-inch thick. Cut with small biscuit cutter. Bake in hot oven (450°F.) 12 to 15 minutes. [illegible]

Brief Sketch Of The Activities Of H. A. Head, Founder And Publisher Of "The Fertile Valley Enterprise"

H. A. HEAD

This photo was taken during the First Great War, when Mr. Head held the rank of Sergeant in the Canadian Army.

HENRY A. HEAD, owner and editor of the weekly newspaper "The Fertile Valley Enterprise" published at Conquest, Sask., has disposed of his plant and The Enterprise, which has been published continuously since 1912 now passes out of existence.

Mr. Head began his printing career as a lad when he was "devil" in the office of the Hamiota, Manitoba, "Echo" published at that time by Messrs. Ed. L. Stone and Chas. W. Venables. After a few years in that office he moved to Harris, Sask., in 1911, to accept employment on the staff of the Harris "Herald". In 1912, an election year in Saskatchewan saw a change in the set-up at Harris, and Mr. Head, who at one time had hoped to purchase the plant of "The Herald" saw those plans go a-glimmering, and in September of that year he accidentally learned that the new village of Conquest, about 30 miles across country from Harris was looking for a printer. He drove to Conquest via horse-and-buggy and by good fortune arrived in Conquest the same night the Board of Trade was meeting. After a discussion with the Board who decided to back him in the venture Mr. Head entrained for Winnipeg and there a country lad still in his teens wandered into a printing equipment wholesale house to emerge a few hours later with a deal completed to set up a plant at Conquest.

The paper press was damaged in shipment and was held up for repairs but in the early hours of the morning of November 1st, 1912, the first paper was printed.

From that time Mr. Head's round of activities has been a remarkable one. Shortly after opening he purchased the plant of the Bounty "Advocate" which he incorporated with his own, and later published a second paper—the Ardath "Advance". Just as things were rounding out into an era of advancement the First War broke out and Mr. Head rented his plant as a going concern and enlisted with the 128th Battalion in training at Moose Jaw, Sask. Preceding overseas he was drafted to France to the 46th Battalion and in November of 1917 was wounded in the right arm at Passchendaele. Invalided back to England he was later transferred to Forestry Corps and again to the Railway Corps, and was stationed at Purfleet, Essex, when the armistice was signed. Held as an "indispensable" sergeant at records office at Knotty Ash camp near Liverpool he was not able to get back to Canada until late in May, 1919. Without loss of time and eager to return to the printing business he resumed control of the Enterprise in July. Business boomed but setbacks occurred. Serious breakages made it necessary to purchase a new press, and a typesetting machine. Additional territory was brought into the scope of the paper so that to make it more embracing the name "Conquest" was dropped from the heading and the community name of "Fertile Valley" was added. Sections for the villages Bounty and Ardath were contracted for. Later a section was added for Milden.

Mr. Head married Miss Dora Sibbald, of Ardath, in 1921, and their family consists of three daughters and one son. The eldest daughter, Jean, a qualified stenographer, was a member of the R.C.A.F. (WD) [illegible] the Alberta Government Telephone executive staff in Edmonton, the second daughter, Mabel, graduated as registered nurse at Grey Nun's hospital, Regina, the third daughter, Dora, has passed through Saskatoon Normal and is now teaching at Warman, Sask. Philip, the only son, is at home attending school and showing great interest in sports of all kinds.

Mr. Head carried on all the work single handed during the whole period with the exception of about three years in the late 20s.

His community service has been of dynamic and untiring nature. He was a member of the hockey team for some years, a curler, a member of the baseball team up to the time of enlistment, is a Past D.D. Grand Master of the I.O.O.F., Past E.R. of the B.P.O. Elks, a Past Master of the Masonic Lodge, for two years a member of the Village council, for 25 years superintendent of the United Sunday School, a member of the United Church board for 30 years, a past President of the local Canadian Legion, former director of the Fertile Valley Agricultural Society, a motion picture projectionist; Ration Board member, organized the local Red Cross during the past war, and on committees and boards without number, also Victory Loan committee chairman.

The sale of the plant and a "tapering off" of activities was made advisable for health reasons. During the entire management of the Enterprise Mr. Head missed only three issues by reason of ill health. A fire in 1945 almost destroyed the plant but although the loss was heavy no major equipment was ruined.

Mr. Head is not retiring from public life as he will continue in his position as local postmaster.

WORD CHAUFFEUR IS FRENCH FOR STOKER

Collier's says the word "chauffeur" which has become the occupational title of drivers of all kinds of motorcars is the French word for stoker, which was first applied to operators of the early coal-burning automobiles who literally were stokers.

Eleven hundred Methodist ministers in England have barred the word "obey" in marriage ceremonies.

Eskimo Girl Homesick; To Return In June

FELIXSTOWE, Eng. — Fifteen-year-old Eskimo girl who came to England with Mrs. John Turner, widow of a far northern missionary, is homesick and will return to the Canadian north in June.

Rebecca will travel to Canada with a group of missionaries. Since she came to England she has helped Mrs. Turner with her two older children and a baby born shortly after their arrival here.

Mrs. Turner is the widow of Canon John Turner, who was injured fatally in an Arctic shooting accident last fall. He died in hospital in Winnipeg.

Health League of Canada presents TOPICS of VITAL INTEREST

SULFA DRUGS

The sulfa drugs are so widely known, so remarkable in their effect, and so easily administered that a few words of caution about them are in order. Since these drugs have simply to be swallowed in pill form, there is a tendency for them to be used as a means of home treatment without medical advice.

These drugs form a group each especially potent against a particular number of infections. Like many effective drugs they are dangerous if not administered wisely and with the necessary precautions. This is a point that must be stressed because these drugs can result in, and have caused, death.

Fortunately your doctor can provide you with the necessary "do's and dont's" when he prescribes a sulfa drug for your illness. He can also make certain tests which will guide him as to whether it is necessary to discontinue treatment with sulfa.

B.C. Doctor Wraps Man's Heart In Cellophane

VICTORIA — A cellophane wrapping encases the heart of a male patient in St. Joseph's hospital here after a rare and delicate operation.

The patient received the wrapping to stimulate the growth of a new wall of the heart and to prevent rupture after Dr. J. D. Stenstorm had corrected a defective condition of the aorta, a main artery from the heart.

Dr. D. B. Roxburgh, superintendent of the hospital, said he believed the operation was the first of its kind performed in Canada.

New Zealand's Maori people are closely allied to the Hawaiians. Both Hawaiians and New Zealand Maoris trace their ancestry to Tahitians.

COYOTES GANG UP TO SLAY DEER WHILE RUNNING ACROSS ICE

CRANBROOK, B.C.—Around a dozen coyotes have fallen to hunters in the immediate vicinity of Cranbrook recently, victims of their own greed.

All have been shot on ice, most of them on Moyie Lake. Johnny [illegible], assistant game warden, reported seeing a coyote run down and hamstring a deer on the ice, joined by a second who ripped the deer's throat, then ten others joined to feast on the carcass. The coyotes have evidently discovered the precariousness of deer running on ice, but in addition to the deer slain in the open, many are falling to coyotes in the woods. A carcass is usually cleaned up over night.

Hunters after these predators look for the carcass on the ice, they wait near shore to take a bead on the gorged coyote as it hits for its lair to digest the feast, unable to run fast.

His Luck Held

PETERBOROUGH, Ont. — After a giant snowplow weighing 32 tons had crossed a bridge on a sideroad here, it came to another bridge that was too narrow. The driver turned around, and coming to the bridge he had just crossed, noticed the sign: "Gross weight limit: 5 tons." He took the 32 tons safely across again—with his heart in his mouth.

Local News of Interest

The W. M. S.

On Feb. 5th the W.M.S. of the United church held their second monthly meeting of the year at the home of Mrs. M. Hill. After all business had been transacted Mrs. Hill wanted each individual member to tell just what she had enjoyed most at the Presbyterial held in Mannville on Friday, Jan. 30. 11 members from Vermilion had attended and each one gave her version of what had most impressed her. One thing all agreed upon was that everyone was treated wonderfully by the Rev. and Mrs. McLeod and all the Mannville ladies. The visit was greatly enjoyed by all, thanks to them.

Leonard Jory of Roblin, Man., was a guest at the home of his brother Roy for a week. Mr. Jory is so interested in educational affairs that he attended the Vermilion school meeting Friday evening and listened attentively to all that transpired there. He is a member of the Roblin school board and seems to be very much on the alert for ways and means toward widening the scope of present day education.

S. C. Kerslake formerly of this district and now resident at New Westminster states that they like things very much in their new location but do miss their many old friends very much. The weather has been enjoyable with the first snow in that part of the country falling the week of Feb. 16th. Mr. Kerslake keeps in touch with the Vermilion and district happenings through the Standard.

Ellef Johnson, with Regent Drilling Co. Edmonton, was a visitor in Vermilion over the week end.

Gerald Ommsen, at present working in the oil field at Lloydminster, was a visitor to his home town here on Wednesday.

Rummage Sale at the Masonic hall on Saturday Feb. 28th from 2 to 6 p.m. under the auspices of Mrs. E. Waldenberger's group of the United church W.A. 39-40

W.I.

The regular meeting of the W.I. will be held at the home of Mrs. Albert Hoke on Wed., March 3 at 3 p.m.

W.A. TO CANADIAN LEGION

The W. A. to Canadian Legion will hold their regular meeting on Monday March 1st in the Legion hall. Social evening.

I. O. D. E.

Frog Lake Chapter I.O.D.E. will hold their regular meeting on Tuesday, March 2nd at the home of Mrs. [illegible]

MORRISON NEWS

The weather is much better but the roads are very bad. Let's hope we get a thaw soon.

Lloyd has returned home from [illegible] where he was employed with a lumber firm; Mrs. Gillies is spending a few days in Kitscoty after being a patient in the Vermilion hospital for nearly two weeks. Chrissie came home from Vermilion with her new baby daughter Linda May. Fernand [illegible] has been staying in Islay with her aunt during the cold spell.

Lila [illegible] and little nephew [illegible] are now in [illegible] visiting relatives there for a month.

Morrison people have spent a very quiet winter, no dances were held at the school, but a few neighbors have gathered round and the odd card party held. There are only a few grandmothers left in the district now so it appears as if our dancing days were over.

Don't forget the annual meeting at the home of Mrs. Monaghan on Wednesday ladies.

The writer has a lovely pink tulip in bloom.

ADMINISTRATION

Monday, Feb. 23 - 1900-1915 Squadron Parade and Roll Call. 1915-2000—Navigation, Inst. Mr Sutherland. 2000-2100—Films, Projectionist F.L. F. Walker and F/O J. Ridington; 2100 Squadron fall in and dismissal.

Vermilion, Alberta

Oil Production for December 10,070 bbls.

44 WELLS OPERATED

Only 44 of the 53 wells in the Vermilion oil field were on production during December and total production for the month was 10,070 barrels. This compared with 10,291 in November and 11,631 in December of 1946.

Natural gas burned during December was 31,281,000 cu. ft., November 16,986,000 cu. ft. In December one year ago consumption was 20,656,000 cu. ft.

Celebrates 100th Birthday; Has Relatives at Mannville

In last week's issue of the Standard in the "Western Briefs" column, there appeared an item to the effect that Mrs. Lovina Begem of Arcola, Sask., had just celebrated her 100th birthday. One of her several granddaughters is Mrs. Nils Gonsvik (nee Myrtle McLeod) who resides north-west of Mannville. Mrs. Gonsvik has three children who are thus great-grandchildren of the centenarian. Granny Begem was feted at a reception held in the United church at Arcola where nearly 200 guests called. She was the recipient of many gifts and no less than 32 telegrams of good wishes.

S. C. Heckbert Officiates at Installation

Miss Helen Stewart was installed as president of the Edmonton Women's Branch No. 215, Canadian Legion B.E.S.L., at an installation ceremony conducted Sunday afternoon by Mr. S. C. Heckbert, of Vermilion, provincial president. Mrs. Mary Dover, O.B.E., of Calgary, second vice-president of the Alberta Provincial Command, presided at the meeting.

Tea was served later, with Mrs. Heckbert, Mrs. G. R. Gleave, Mrs. E. Brown, Mrs. W. G. Peterson and Miss M. Martin presiding at the urns.

The death occurred in Portage la Prairie, Man., on February 14th of Mrs. E. Roddy. The deceased, who has visited frequently in Vermilion, was a sister of Mrs. G. C. Dunsmore. Mr. and Mrs. Dunsmore have been visiting in Portage and Winnipeg since last October.

Miss Doris Bohme, daughter of Mr. and Mrs. Ed Bohme of Edmonton, and former Vermilion residents, was one of the ladies-in-waiting to Carnival Queen Mary Johnstone of Edmonton, at the recent winter carnival held at Banff.

Miss Tilly Heitman and Miss Lorraine Messier of Lloydminster were guests of Miss Marge West over the week end.

The name of Mr. and Mrs. Albert M. West was omitted from the list of those giving floral offerings at the funeral of Mrs. Hammond.

Donald Taylor travelled by T.C.A. to Ottawa the first of this week on business in connection with the Canadian Postmasters' Association.

BORN—To Mr. and Mrs. J. M. Calvert (nee Pat Easton of Islay) of Chipman, Alberta, on Feb. 13th a daughter, Karen Lois.

Ken MacDonald of the R.C.A.F. has now completed a year's course in the east and is home for a few days leave. He will then be stationed in Edmonton prior to going to the [illegible] with [illegible] time.

Five Point W. I. Held Interesting Meeting

The February meeting of Five Point Women's Institute was held on the 12th of the month at the home of Mrs. D. Smith, our president.

The President was in the chair and there was a full attendance of members and four visitors.

The opening chorus was a Valentine song in keeping with the season and the Roll Call response was a home-made Valentine. These were judged later, Mrs Ryan being the winner with a most unique one.

The minutes of the January meeting were read by the Secretary and adopted as read by motion of Mrs. [illegible], seconded by Mrs Ryan.

The committees then gave their reports, not much doing in the social line, but the Welfare convener reported sending magazines and cards to sick people and had letters of thanks from the recipients. We had also sent a gift of money for comforts of his own choosing to a patient in the University hospital, Edward Clark, a son of Mr and Mrs. J. Clark of the Hamilton district who has had his leg amputated.

Our project for the next meeting is used clothing to be sent to a lady in England, a relative of one of our members who has four small children.

A masquerade dance has been arranged for the 19th of March.

We elected two delegates, Mrs Smith and Mrs Summers for the District No. 2 convention to be held in Edmonton on the 16th and 17th. A grab box netted a nice sum. We had a nice showing of aprons and numerous other articles for our bazaar the date of which has not been set yet. More material to be made up was also given out for bazaar articles.

After adjournment our hostess served a delicious lunch.

Stagette Notes

Sixteen members attended the meeting Tuesday evening, the cause of the low attendance was that many of the girls were serving at the curlers' banquet.

A short business session cleaned up the bills, gifts, and goods to be returned concerning our float. The work to be done for our Stagette tea was then discussed.

Vivian Voss is staging a Fashion show on March 10th in the Elks hall and the Stagettes have offered to help Vivian by having a tea at the same time. Each girl was notified to bring something for the tea and each will be responsible for one or two tables. The girls not present will be notified just what to bring.

After the business the girls got to work on their gloves. Mary must have a nervous system made of cast iron trying to instruct the girls, but we are really getting ahead, and the leather is turning into fine looking gloves.

The next meeting will be a short business session as the girls want to go to the Leap Year dance that night.

Bowtell Bulletin

The writer is sorry to say that it is necessary for Mary Gow to go to Edmonton this week to see a specialist.

It is nice to have our roads all plowed out again and the snow plow surely did an excellent job.

The Harrison and Morrison children stayed in town during the time the school bus was unable to run.

Morrison school children missed 6 days as the bus was unable to get to [illegible].

Mr and Mrs Repp were supper guests Sunday at the home of Mr and Mrs [illegible].

Neil Coutts of Pouce Coupe spent four days here visiting his brother and mother.

Mrs. Walker was in Edmonton for a few days this past week. While there she visited Mrs. Magistad.

Since the announcement that a new bicycle will be given as a prize for the most crow and magpie legs the boys here are certainly studying ways and means of killing the pests.

Mrs. F. Jones, Mrs. Perkins and Evelyn were Sunday visitors at the [illegible] home.

Hon. W. A. and Mrs. Fallow Leave for South

Hon. W. A. Fallow, minister of public works, and Mrs Fallow left Sunday on a motor trip to Phoenix, Arizona, where the minister plans to make a stay to improve his health. During Mr. Fallow's absence, for probably 2 months, Hon. D. Bruce MacMillan, minister of agriculture, will be acting [illegible] of public works.

Did you feed your cat this morning? That milk would be a three-day ration for a baby in Poland. These babies will be given the food they need for life through the Canadian Appeal for Children. Vermilion people may donate through your local bank.

WOUTERS RINK OF EDAM, SASK., WINS GRAND CHALLENGE

EDER McFADDEN TAKES VERMILION HOTEL — PERCY MOFFAT SWEEPS BOTH SECONDARIES — PILKIE CUP TO ALF GERHART, OF MANNVILLE.

Cor Wouters' rink from Edam, Sask., skipped by the youthful Keith Hardcastle, with Cor Wouters at third, Harry Washbrook second, and Jack Beresford, a local boy, handling the lead position, last Thursday night captured the Grand Challenge in Vermilion's 35th annual bonspiel. The entry list of 60 rinks set a new high record.

The Wouters rink scored a close victory over the local club rink of R. M. Stewart, skip, Ashley Cooper 3rd, Tom Kilduff 2nd and Mel McKay lead, in a game claimed to be a fitting climax for a record setting spiel. The score at the end of the 10th saw the visitors leading 7-6 and they picked up a single on each of the 11th and 12th to make the final score 9-6. The game could easily have swung either way and a large crowd watched every rock played.

Third prize in this blue ribbon event went to the George Webb rink of Gordon Ross, Gordon Arnold and Glen Gibbons, with skip Ralph Landen, Ollie Landen, John Fleming and Milton Brett of Dewberry annexing fourth.

THE VERMILION HOTEL

The second primary event was won by Eder McFadden of Mannville, Wes Sargent was third, Bob Bennett 2nd and Gerald Michel lead. Second prize went to Skip Walter [illegible] of Dewberry with Gerald Hodgson, Geo. [illegible] and Mel Lomp. Lou Manz, Mannville, carried off 3rd, and the Stewart rink of Vermilion took 4th.

The Stewart rink was the only quartet to reach the prize class (semi-finals) in the two open events, running up 8 straight victories before suffering defeat. Their final standing was 9 wins, 2 losses.

THE SECONDARIES

The secondary competitions were featured by the unstoppable rush of Percy Moffatt and Co., Darrell Cutrah 3rd, Mark Norton 2nd and Sandy Moffatt of Unity lead. The Moffatt rink, after being eliminated from the two primary events, went on to capture both the Telford Memorial and the Brunswick Hotel cups. They won ten straight games to do this and thus had the longest winning streak of the bonspiel. Their final score was 12 wins and 2 losses.

Winners in the Telford Memorial, secondary to the Challenge, were:

1, Moffatt, Vermilion; 2, Warren, Vegreville; 3, Timmeson, Dewberry; 4, [illegible], Lloydminster.

The Brunswick, secondary to the Vermilion:

1, Moffatt, Vermilion; 2, Whyte, N. Battleford; 3, Sutherland, Vermilion; 4, Van Dusen, Mannville.

The Pilkie Cup (Consolation):

1, Gerhart, Mannville, with Wally Antrim, Les Kreller and Vern Willes; 2, Bert Everitt, Vermilion; 3, Gordon Park, Vermilion; 4, Joe Leddy, Vermilion.

Competition at the local bonspiel is becoming stronger all the time and this is proved by the fact that both primary cups went to visiting rinks as well as the majority of prizes in the four competitions, excluding the Consolation. Just six of the 16 sets of prizes in the open and secondary events stayed home but only four rinks shared in them, Stewart picked up two in the primaries with Webb getting one, and Moffatt two in the secondaries and Sutherland, whose rink was comprised of Fred and Doug Brimacombe and Art Webb, one.

FINE BANQUET

The Bonspiel banquet, always a feature, was attended by no less than [illegible] this year. The spacious Elks hall was crowded to the limit and a truly sumptuous turkey banquet was served by the ladies auxiliary of the Anglican church. Serving [illegible] men is no small task and it was carried out quickly and perfectly by the ladies. They came in for many tributes from the men in the after dinner remarks. President Russell Carroll of the local curling club was in the chair and introduced the visiting rinks. The short program included songs by Dr. Ben King and the Rev. Father Strickland of Vegreville. Mayor J.W.G. Morrison handed the keys of the town to the visitors in a short address of welcome.

The hard luck prize awarded to the rink winning the largest number of games but still not getting into any of the prize brackets, went to Fred Braithwaite of Dewberry.

Bouquets should be handed out to the caretakers of the two rinks, Roy Stone and assistant Melvin Fish at the curling rink and Norman McGinnis and Ernie Rivett at the arena. These boys were on duty for as long as 18 hours a day, were cheerful about it all and did a very excellent job of keeping the ice clean, keeping the barks smooth and the hundred odd jobs which mean so much to enjoyable curling. To these men the curlers proffer their sincere thanks.

Red Cross Ambulance At Call of Vermilion and District People

ANNUAL RED CROSS APPEAL FOR FUNDS IS UNDERWAY

The Vermilion Branch of the Red Cross announces that the ambulance recently purchased is now at the call of Vermilion and district people. Anyone in need should call their doctor and he will contact the local Red Cross officials. This is a service provided by the local Red Cross branch.

March is the month of the annual Red Cross campaign for funds—give generously when the canvasser calls at your door.

There is no need to dwell on the wonderful work the Red Cross is continually doing or how important the Red Cross work is to all humanity 365 days of the year.

Organizations are asked to earmark proceeds from all March activities for the annual Red Cross campaign for funds. March is Canadian Red Cross month.

MILITARY DANCE PROPOSED AGAIN

CITIZENS COMMITTEE OF REGIMENT RE-ORGANIZED

Plans for another Military Ball are being made by the Citizens' Committee of the Vermilion Company of the Loyal Edmonton Regiment. The event was so successful last year that it was decided to make it an annual affair. It is proposed to hold the dance this year during the first week in June.

At the meeting A. E. Kaiser was elected Chairman to replace Capt. W. H. Scott who has moved to Edmonton. Gordon Ross was named Vice-chairman. On the resignation of R. H. Buckingham, secretary for the past two years, Gordon Hay was elected to this position.

The Committee will sponsor the erection of a rifle range where training can take place in the use of high powered rifles and machine guns.

Sec. Lieut. Donnelly, Officer Commanding "A" Company, gave a report on the strength, training and activities of the unit. Lieut. Donnelly was assured of the Committees' support in every way possible in establishing a Reserve Force Company in Vermilion which will be second to none in the Province.

Members of the Committee will visit the Armory on the next parade to see the men in training under the officers and N.C.O.s

"GREEN ACRES"

WARBLE FLIES AGAIN

In March and April the warble fly grubs appear on the backs of most cattle in this district. It is easy to kill them now by using Warble fly powder and exterminate this costly nuisance. Losses caused in cattle by Warbles can easily be as high as [illegible] per year for each animal infested.

FROZEN FOOD LOCKERS

There are 100 frozen food locker plants in Alberta but none in Vermilion. Surely the time has come when an effort should be made to get one here. There is no doubt of the great saving for customers. The majority of the frozen food lockers are rented by farm people. Most of the plants cure and smoke meats and many of the new ones slaughter, cut up and freeze beef, pork and poultry.

COMBINES FOR U.S.A.

No arrangements have, as yet been made for the movement of combines to U.S. Anyone interested can leave particulars at the D.A. office. If, and when, any announcement is made, I can then pass on the news.

Celebrity Concert On March 10th at The United Church

The forthcoming concert on the evening of Wednesday, March 10th by Randall Stevens, baritone, with his wife, the former Constance Drever, as accompanist, is arousing wide interest and tickets are in brisk demand. The concert will be held in the United church, Vermilion, commencing at 8:15 sharp and is under the auspices of the church choir; this is the second in the series of Prairie Celebrity concerts.

The artists who are to perform are both widely known and Randall Stevens has achieved national and even international fame as a concert baritone. This venture deserves, therefore, to receive the support of a capacity audience. Tickets may be had from any member of the choir or at Brimacombe's book store.

Open Dance at The School of Agriculture

MARCH 12th — PUBLIC INVITED

The people of Vermilion and district will have the opportunity to attend a dance at the school of agriculture on Friday evening, March 12th. Special arrangements are being made for the dance which will begin at 9.00 o'clock and lunch will be served in the dining room. College dances have proven popular in the past and a good attendance is expected again for March 12th.

This will be the last major function of the winter season as the school will be holding its "Little Royal and Achievement Day on March 31st and then Graduation Exercises on April 7th.

CANADIAN LEGION TO MAKE CANVASS

FUND NEEDED TO COMPLETE BUILDING

Elsewhere in this issue of the Standard Canadian Legion Post 11 is announcing a drive for funds to pay for the completion of the new Legion hall. The Legion has exhausted its funds and [illegible] is urgently required to finish the building.

To Hold Plebiscite On Pasteurization

COUNCIL COMMITTEES APPOINTED FOR YEAR

A regular meeting of the town council was held March 1st, 1948 with Mayor Morrison and Crs. Doake, Dawson, Kehoe, Stack, Stephens, Urquhart present.

Business: Adjournment of 1947 Council, First meeting of 1948 Council; Swearing in of Crs. Stephens and Doake; Committees for 1948 and the appointment of deputy mayor for March 1948; Date of Court of Revision on assessments, Appointment of five members of Court of Revision by the Council; Finance committee re 1948 budget, preliminary discussion.

The following motions carried:

That By-law 2-48, being Pasteurization by-law be read first time.

This By-law provides that all milk sold, offered for sale or delivered within the town limits must be pasteurized before being sold, offered for sale or delivered but does not apply to milk brought into town by the producer and sold by wholesale to a distributor, a milk processing plant, a creamery or a cheese factory nor to products of milk prepared in a plant and by methods approved by the Prov. Board of Health.

That By-law 3-48 authorizing a plebiscite on Pasteurization By-law 2-48 to be held in Masonic hall on Monday, April 26th be given first reading.

That the council committees for 1948 be as follows:

Finance—Stephens, Dawson.
Utilities—Doake, Stack.
Public Works—Kehoe, Urquhart.
Rink, Airport—Stack, Doake.
Fire, Police—Urquhart, Dawson.
Health & Relief—Stephens, Kehoe.
Board of Health — Mayor, M.O.H., Doake, Stephens, Urquhart.

That Court of Revision on assessments be held Monday, March 22 at 4 p.m. at the Town hall.

That the members of the Court of Revision on assessments be as follows: Dawson, Stephens, Urquhart, Kehoe, Morrison.

That G. F. Stephens be appointed deputy mayor until March 31, 1949.

That a rent of $25 per year be charged Clarence Cox for lots 9, 10, 11 and 12 in Blk. 41.

Town accounts and steam heat accounts were passed and ordered paid.

Messrs. E. Caskey and Leslie G. Wright interviewed council re the approval of transfer of bus and taxi licence to Mr. Wright.

Council instructed Secretary to advise the Highway Traffic board the [illegible] approved by them.

Bishop of Edmonton To Officiate Here

AT INDUCTION AND CONFIRMATION SERVICES, SUNDAY MARCH 14th

The Bishop of Edmonton, M.A., D.D., will be in Vermilion for the week end [illegible] W. Teape into the [illegible] local Anglican church. [illegible]

Ed Astley Passes Away

An old time resident and prominent [illegible] hospital [illegible] funeral [illegible] held [illegible] daughter Mrs. [illegible] of Vancouver [illegible] great many [illegible] the [illegible] and in town [illegible] integrity and [illegible] people generally. He [illegible] West 9th Avenue.

Clandonald Society Making A Drive For Memberships

[illegible]

Hockey Play-Offs Start Saturday

VERMILION VS. CLANDONALD IN SEMI-FINAL — WINNER TO MEET COLLEGE

Semi-final of the Vermilion District Hockey league will start Saturday evening at 8:30 with Vermilion meeting Clandonald in a 2 game total goals to count series, [illegible] game is billed for Monday, March 8th.

The winner of the semi-finals then meets the College team in a best of three series with games scheduled for Wednesday March 10th, Saturday 13th and Monday 15th if a third game is necessary.

Good games are in prospect so be sure and attend.

Alberta Boy Scout Commissioner Will Visit Vermilion

WILL ADDRESS BOARD OF TRADE WEDNESDAY NOON — INSPECT SCOUTS AND MEET LOCAL COMMITTEE

Mr. H. B. Holloway, Executive Commissioner of the Alberta Boy Scouts Association, will be the guest speaker at the Board of Trade luncheon on Wednesday noon March 10th. This is an open meeting and everyone is invited to attend.

Mr Holloway is visiting all Scout groups along the line and it is an honor to have him speak here. He will inspect the local Troop of Boy Scouts and meet the local group committee later in the day.

It is hoped that as many as possible will hear Mr Holloway so that each might have a further insight into the importance of Boy Scout work and so help the promotion of the movement in Vermilion.

Three One-Act Plays

The Students' Literary Society at the school of agriculture will present three one-act plays in the V.S.A. gymnasium on Saturday, March 6th. Curtain time is 8:15 p.m. The public is invited to attend.

Bob Watt to Train with Cleveland Barons

The following note is taken from [illegible]'s sports column in the Edmonton Journal:

"Bob Watt, Vermilion boy who had such a fine season in the Central Alberta loop with Riley Mullen's Ponoka Stampeders, will train next fall with Cleveland Barons of the A.H.L. One of Watt's biggest boosters is Eddie Wiseman, onetime National league star who coached Red Deer [illegible] in the Central Circuit. "He has a good chance to make it." Wiseman [illegible] forward.

Death and Funeral of Robert McCann, Sr.

Robert George McCann Sr., aged 80 years, passed away at the hospital on February 20th, 1948. Born in Belfast Ireland, he came to Canada and Vermilion 22 years ago, in 1926.

Left to mourn his loss are his sorrowing wife, two sons, Pat of Vermilion and Bob of Vancouver, and eight daughters Mrs. A Dalton, Lockharra, Sask., Mrs. O. P. Blake, Vancouver; Mrs. J McGaughey, Vancouver; Miss Marie McCann, Vancouver; Miss Eileen McCann, Vancouver; Miss Nora McCann, North Battleford; Miss Kathleen McCann and Miss Veronica McCann, Vermilion.

Funeral services were held at the Holy Name church on Tuesday Feb. 24th and interment was made at the Roman Catholic cemetery. The Rev. Father MacDonell officiated. The pallbearers were Messrs. B. Klashinsky, D. Noonan, P Wilkinson, E. Madill, R. MacDonell, E. Duchesneau.

Meyers were in charge of arrangements.

Beautiful floral tributes were received from the following: Family Wreath, Mr and Mrs. O'Neill and family; Mr. and Mrs. G. Martin and family; Mr and Mrs. Clarence Wilson and family, Mr and Mrs. Harold Stevens and family; Mr. and Mrs. Ed Caskey and family, Mr and Mrs. W.J. Bell, Mr and Mrs Roy Jory; Mr. and Mrs Donald Wilson, Mr and Mrs. Cyril Lewis and family, Mr and Mrs. J. Leddy, Mrs Maggs Dolly, Arnold and Marion Mr and Mrs Geo Maggs and family, Mr and Mrs. Pat McCann and Sharon; Mr and Mrs. Frank Wilson and family; Mr. and Mrs. Bob McCann and family, Mr and Mrs. Wm. Levings and Arthur; Mr. and Mrs. O P. Blake and family.

Masses given in memory: Mr. and Mrs. B Klashinsky and George; Mr. and Mrs. H. McGaughey and Pat; Mr. and Mrs. A. Dalton; Billie and Donna Dalton Mr. and Mrs. Pat McCann and Sharon Misses Nora, Kathleen, Veronica McCann; Miss Eileen, Mary McCann, Mr and Mrs. Joe McGaughey and Beverly, Mr. and Mrs. Geo. Sullivan; Mr and Mrs Wm McLaughlin, Mr. and Mrs. Leo Klashinsky and family; Mr. and Mrs. A. Klashinsky and family

'TEEN TOWN

The regular meeting of the executive of the 'Teen Agers canteen was held at the home of Patsy Cross on Feb. 25th. It was decided to call off the dance planned for Feb. 26th as there are too many dances near that date. The next meeting will be held at the home of Shirley Davidson.

United Church Y. P.

On Feb. 19th a skating party was held at which the A.Y.P.A. were guests. After skating the young people gathered in the church parlors for a lunch of baked beans and buns.

On Sunday, Feb. 22th a joint executive meeting of Vegreville Lloydminster and Vermilion groups was held at the manse. It was decided to hold the annual Young People's Rally in Vermilion this year on the 8th and 9th of May.

MILITARY NOTES

"A" Coy. The Loyal Edmonton Regiment will parade at the armories on Sunday March 7 at 1330 hours sharp for field firing of Bren L.M.G. Dress will be overalls, boots, puttees, belts and winter mitts.

Norman Sax Winner In V.S.A. Bonspiel

STAFF RINKS ARE DEFEATED

Students at the school of agriculture again this year have had the opportunity to hold a bonspiel at the Vermilion curling rink through courtesies extended to them by the Curling club.

Sixteen student rinks competed in the spiel which was played in two events a primary and a secondary. Norman Sax whose home is Lougheed, skipped his rink to four straight wins for first in the primary. The last game in which he defeated Desmond George with his last rock was a real thriller. The Sax rink included Clarence Alton Westlock, Rene Durocher, St Lina and Kenneth Osinke. Fe [illegible] George who reports that his home town of Grande Prairie knows a thing or two about curling, had Sandy MacMillan, Clandonald, playing third, Eve Shand, Provost 2nd and Wm Wallace from Camrose as lead.

The secondary was won by Carl Naslund when he gained a decisive victory over the Hoptuk's rink skipped by Noel Garnett. Carl who learned to play the game at Viking had on his rink Leo Court and Don Parsons both from Daysland and Betty Barr of Vermilion.

While the finals in the [illegible] competitions were being played two staff rinks competed for the right to meet the winners. When this game reached a decision the rink skipped by Mr. [illegible] the [illegible] rink and Mr. Rawlser's quartette of staff [illegible] played [illegible] rink. All in all, it was a grand day for the students. Yes, they won both games!

Information Desired

Anyone knowing the whereabouts of one Aurelia Crawford who is reported to have lived in the Vermilion district some 20 years ago would confer a favor by communicating with J.W.G. Morrison, K.C., Vermilion. A legacy awaits this person.

PEE-WEE LEAGUE

Ken Swanson's Blackhawks broke their long line of tied games last Saturday night at the expense of Tommy Acheson's Canadiens when they won 3 to 1. The goals were scored by Stewart Barr for the Canadiens, and by Leo Leahy, Bill Schmidt, and Ken Swanson on a pass from Stewart Cooper for the Hawks.

LEAGUE STANDING

Team	P	W	L	T	Pts	F	A
Rangers	6	2	0	4	8	12	10
Blackhawks	6	2	0	4	8	12	9
Maple Leafs	6	1	2	3	5	9	11
Canadiens	6	1	4	1	2	8	11

Mannville Scouts Win Hockey Game, 4 to 3

The Mannville Scouts hockey team played a team of Vermilion Scouts last Saturday afternoon at the local arena and won a close game by 4 goals to 3. Tommy Acheson was the sharpshooter for the Vermilion boys, notching all three counters.

Vermilion Boys Show Up in Boxing Tourney

Two Vermilion boys, Marvin and Herbie Little, attended the boxing tourney at Lloydminster Monday night in company with their father W. J. Little and unexpectedly found themselves competing.

In the 93-pound class the advertised opposition for K. Christofferson failed to turn up and although giving away considerable in the way of height and weight, Marvin Little volunteered to fill in. This he did, gave a very good account of himself and proved very popular with the crowd.

Herbie Little entered the 145 pound 15 year old class and outpointed Stevenson of Lloydminster in a bout of three 2 minute rounds packed full of action.

The boxing matches were enthusiastically received by a large audience.

Chatsworth Chatter

Now that we are into March let's hope the snowing and blowing is over. The storm on Friday the 27th certainly piled up the drifts and blocked roads. However, cars are reported to be getting through to town by the Ottawa road.

A number of the men folks attended the municipal meeting at Innisfree on Monday, 23rd, Jim Thompson taking a car load.

Two little folks of the district celebrated birthday anniversaries [illegible], Bobbie Panter, his 5th on Feb. 21 and Allen Good, his 2nd on Feb. 28.

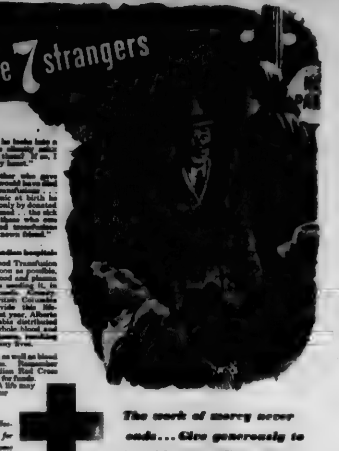
Four reports on the work of the Red Cross by leading Canadian writers

The case of the 7 strangers



by Claire Wallace

There is a man in Canada who has the blood of seven total strangers in his veins. Maybe you wince at that idea. He doesn't. Without it, he would be dead.

Two years ago he was seriously injured in a crash. He received desperate head injuries, and a delicate operation was imperative. But shock and loss of blood had so weakened him that he couldn't have survived one. If . . . seven strangers had not stepped in.

They were Canadian men and women who had each given a blood donation to the Canadian Red Cross Blood Transfusion Service. When the doctors called for blood to save the life of the accident victim, it was the blood of these seven which pulled him through.

"Were you one of them?"

Today, he is a healthy, happy, useful citizen of Victoria, British Columbia. The only thing that marks him as different from the average man is a rather searching look that sometimes comes into his eyes as he walks along the street. For he often thinks of the seven who saved his life and wonders who they are. As he looks into a stranger's face, he silently asks "Were you one of them? If so, I thank you from my heart."

Similarly, the mother who gave birth to twins and would have died except for blood transfusions . . . the baby so anaemic at birth he could be kept alive only by donated blood . . . the maimed . . . the sick . . . the old—all those who owe their lives to blood transfusions say: "Thanks, unknown friend."

Free blood for Canadian hospitals

The Red Cross Blood Transfusion Service plans, as soon as possible, to extend whole blood and plasma free to all patients needing it, in hospitals across Canada. Already two provinces—British Columbia and Alberta—provide this life-saving service. Last year, Alberta and British Columbia distributed 21,844 bottles of whole blood and 2,804 bottles of plasma, resulting in the saving of many lives.

But it takes money as well as blood to save these lives. Remember this, as the Canadian Red Cross appeals to you now for funds. Give generously. A life may depend upon your donation.

Red Cross Services include: Blood Transfusion, Outpost Hospitals, Aid to Sick and Disabled Veterans, Treatment for Crippled Children, Disaster Relief, Nutrition Services, Home Nursing Courses, Swimming and Water Safety, etc.

The work of mercy never ends... Give generously to the CANADIAN RED CROSS

W. P. PILKIE, CAMPAIGN MANAGER, PHONE 121, VERMILION, ALBERTA.

What's the Good of UNEMPLOYMENT INSURANCE?

$87,500,000 was paid from the Unemployment Insurance fund to unemployed Canadians from September 1, 1945, to October 31, 1947.

$31,000,000 was contributed to this fund by the Government of Canada.

500,000 individual unemployed workers and their dependants benefitted from these payments.

In many cases had payments not been available the unemployed would have suffered want!

What's the good of Unemployment Insurance?—Can there be any doubt!

Unemployment Insurance helps the employer by providing unemployed with purchasing power; and helps the worker by providing maintenance allowances during unemployment. Employer and Employee and the Government all have an interest—Unemployment Insurance is a large factor in a healthy National Economy.

Make full use of your local office of the National Employment Service.

R. E. Beattie Heads Elk Point Chamber of Com.

R. E. Beattie was elected president of the Elk Point Chamber of Commerce at the annual dinner meeting of that organization held at the Alberta hotel this week. Carl Nissen is the vice-president and J. V. Jacobson the secretary-treasurer. The personnel of the various committees and offices indicate the active interest being taken in the Chamber's activities by the people of the community. The president, Mr. Beattie reviewed the activities of the past year, proving that 1947 had been a very active and productive year indeed. Some of the accomplishments were: establishment of a daily mail and train service assurance that the gap in the C.N. railway would be completed at an early date, establishment of a branch of the Dominion Bank here, improvements in roads and highways in the area, and initiating a farmers' bonspiel. In addition, village improvements were suggested, the possibility of rural telephones and rural mail delivery were investigated, the establishment of an R.C.M.P. barracks here was urged, and several other needed improvements brought up. President Beattie saw the most urgent need for 1948, that of urging the Provincial government to build a bridge across the Saskatchewan river at Elk Point, and the construction of a highway from Vermilion [illegible]. The Chamber urged the investigation of supplying natural gas to Elk Point from the nearby gas wells. A contribution of $25 was voted to the Trans-Canada Highway Assoc.

Mr. Beattie presented the Certificate of Membership in the Canadian Chamber of Commerce and the Charter from the Secretary of State, to the Chamber's secretary, Mr. Jacobson, who accepted them on behalf of the organization.

The complete slate of officers elected was as follows:

President—R. E. Beattie
Vice-President—Carl Nissen
Secretary-Treasurer—J. V. Jacobson
Past President—Dave Nelson
Executive Committee—Frank Lambright, H.R. Robertson, Dr. A. G. Rose, Max Fischer, D. C. Nelson, Carl Nissen, Alex Zarowny, Cliff Flanders.
Bridge Committee — Frank Lambright, Paul Stepa, Andy Miller, Joe Topilko, Alex Zarowny, Joe Jacobson.
Roads Committee — Carl Nissen, Lawrence Sumpton, D.C. Nelson, Dr. F.G. Miller, Rev. Father Morin
Railway Committee — H.R. Robertson, Joe Treiger, Max Fischer, Mike Bartoshyk
Natural Resources Dr. A. G. Rose, Dr. F.G. Miller, Frank Lambright, Jack Zarowny, Mike Bartoshyk
Community Improvement D.C. Nelson, Mike Nikiforuk, Paul Stepa
Finance Max Fischer, Paul Stepa, Andy Miller, Alf Hala.

It was decided to hold future meetings in the new Legion hall.

Require Participation Certificates

The Canadian Wheat Board is notifying farmers to send in their wheat participation certificates covering the 1946-47 crop. The 1947-8 certificates are not required at present and will be called in later when the preliminary work on other certificates has been completed.

It is the intention of the Wheat Board to pay 20c a bushel on wheat delivered from the 1945, 1946 and 1947 crops. The total payment will approximate $200,000,000. Henceforth the initial payment will be on the basis of $1.55 a bushel for 1 Northern at the terminal. — The Budget.

Thirty-two Years Ago Today

March 1, 1916

An important business deal was concluded last week whereby the Edmonton City Dairy took over the local creamery.

The Hayward Lumber Co. [illegible] the head offices from Vermilion to Edmonton. W. K. Mur [illegible] remains as manager here with A. H. Edwards still acting as yard superintendent.

Wm. Morgan has sold his butcher business to E Allen. Mr Morgan intends to enlist for overseas service with Lieut Col [illegible] 151st [illegible] landers.

Sixteen Years Ago Today

March 3, 1932

Twenty rinks are playing in the annual bonspiel this week 12 local and 8 visitors.

Dr Heaslip, formerly of Mannville, has returned to Edmonton following several months doing post-graduate work in Europe.

John Shaw won the Grand Challenge at the Islay bonspiel and Hart Durnas the Metalmasts competition.

CLEM HILDRETH — PROP.

Are You Free to Choose When, Where, and to Whom You Shall Sell Your Wheat AND AT WHAT PRICE?

The Answer is—NO!

If you are satisfied to sell it to the Wheat Board at a controlled price, about one-half of what you would now get for it on a free and open market, well and good.

But if you want to sell your wheat on a free and open market and get a much higher price than the Wheat Board pays, why should the Government stop you?

Freedom of choice should be yours as to when, where, to whom and at what price you shall sell. Do you have it now?

Why should prairie wheat growers be compelled to pay the whole cost of subsidizing cheap wheat for Britain as well as cheap wheat for home consumption? These subsidies should be paid by the Government, that is by all the people and not loaded on to wheat growers alone.

You are compelled to pay top prices for everything you buy. Why not then demand top prices for your wheat?

We repeat — if some farmers are satisfied with a low price for their wheat, why should they and their leaders stop you from getting high prices for yours?

Do you realize how you are now controlled and regulated by the Canadian Wheat Board Act and its Amendments? If you don't, send at once for the pamphlet which gives you the facts.

Mail the coupon below and DO IT NOW.

To The Winnipeg Grain Exchange,
Winnipeg, Manitoba.

Please send me the pamphlet explaining how I am regulated and controlled by the Canadian Wheat Board Act and its Amendments.

Whist Drive, Prizes, Lunch At Armouries

TUESDAY, MARCH 9th

Something unusually entertaining in the way of a whist drive will be held in the Armories on Tuesday March 9th by the Women's Institute. Proceeds for overseas food parcels. There will be whist, prizes and lunch. This is a very worthy cause and everyone should attend. The whist commences at 8 o'clock p.m. 41x

Cadets Enroll In Nursing and Ambulance Divisions

AT ELK POINT

At a joint meeting of the Elk Point No. 214 Cadet Ambulance Division and the No. 259 Cadet Nursing Div., St. John Ambulance Assoc., held this week, new members of the two divisions were enrolled into the Order of St. John. The members were lined up into a V-formation, and each new member repeated the Cadet code of chivalry before his enrolling officer. Nursing Cadets enrolled were: Helen Prusak, Mary Serabe, Isabel Zarowny, Lydia Paterycka, Olga Kranchuk, Anne Arnold, Vale Kipp, Norma Bartling, Irene Jenkins, Marlene Vauthen, Alice Johnson, Elsie Jenkins, Rosie Prusak and Betty Zacharuk.

Ambulance Cadets enrolled were: Edward Seldan, Billy Sumpton, James Reid, David Didow and Raymond Pinder. Sgt. Vern Raham was presented with his sergeant's stripes and Corporals Andrew Borutski and Eugene Dembicki were presented with their Corporal's stripes. Membership in the Nursing Division now stands at 33, and in the Ambulance Division, 24. Officers in charge of the two groups are Ambulance Superintendent Joe Jacobson, Nursing Superintendent M. B. Sumpton and Nursing Officer Lois Blackmore. Members of both groups are competing in the Dominion and Provincial First Aid championships.

WILDMERE WINKS

Sunday Feb. 22 the writer and family enjoyed a nice visit with Mr. and Mrs. Adam Smith. They also saw the blue prints of the Smith's new home in Vancouver. While Mr. and Mrs. Smith intend spending the winters at the coast, we hope they come back to Wildmere for the summers.

Skip Adam Smith, Bob Martin, Cliff Cruthers and Otto Weisenberger did very well at the bonspiel in Vermilion among so many rinks, winning their share of games. They did not stay for the Consolation event as they felt they were [illegible] on the [illegible] where feed now has to be hauled for stock.

We have two more power washing machines to mention. One Mrs. Roy Gibbon's we forgot last time. Mrs. Bob Smith has the other new one. This makes 14 power washers. It's really grand that farm women can have such a labor saving device — clothes can really get dirty on a farm.

Lawrence Mayhew came through with the maintainer snow plow last Thursday and a good many made use of the chance to get to town, and it was a good thing as that heavy storm hit on Friday. However he came back and opened it up on Sunday and the bulldozer also came out. We have a good road now to town. Here's hoping we have no more bad storms.

The curling schedule is now over at our local rink. Skip Adam Smith's rink is the holder of the cup this year. This week they are holding a mixed spiel with 4 rinks competing. To wind up the season a banquet is to be held at J. Wilson's Saturday March 13th.

Mrs. Robert Martin is the W.W.I. delegate to the district convention to be held in Edmonton on March 16-17.

For the first time, we think, Miss Fay Watson, Hindville-Tolland to Wildmere mail carrier, had to stay over night last Friday. She came through that storm, had to shovel her horses out of drifts and by the time she made Wildmere P.O. her horses were about all in as well as herself. Saturday morning she made her return trip with the incoming mail. It really was a terrible day for having to drive so far as Miss Watson. Sheldon May brought the mail across from the west highway by team. Now that the road is open again Mr. Martin will be able to come out our road for a change.

We are indeed sorry to say that Mrs. Graham at the San in Calgary has suffered a set back and is now confined to her bed again for a while. For one who has been in so long it is surely disheartening. We all hope this will be the last set-back she'll have.

Most farmers are puzzling over their income tax return forms. It was reported they were to be much simpler but the writer hears they are more complicated than ever. Never mind, a hundred years from now you will have forgotten all about your 1947 forms, Taxpayers!

Thanks Mrs. Kyben of New Westminster for your very kind interest in the Winks. We'll do our best to keep them in the paper.

Congratulations to Mr. and Mrs. Joe Covil, a grand couple, on their 42nd wedding anniversary.

After the show on Saturday evening attend the dance at the [illegible] hall. An enjoyable hour or two for only 50c

ELECTION CARD

I have submitted my name to stand for Councillor in Division 7, Vermilion River M.D., and ask your approval on Election Day, March 20th.

If elected I shall endeavor to co-operate with all the councillors to the best of my ability for the betterment of the municipality.

STEVE ROMANCHUK,
R. R. 1 Dewberry. 41-2

EXTENSIVE FILM LIBRARY PROPOSED FOR VERMILION

OF GREAT VALUE TO ALL ORGANIZATIONS, BOTH LADIES' AND MEN'S, IN TOWN AND COUNTRY

The purpose of the film library will be to cater to the film needs of communities and groups within communities. Films on hand will be of interest to various groups such as Board of Trade, Service club, Women's groups, Church group, Fish & Game clubs, Agricultural groups etc.

What the Plan Involves: A minimum of $800 is needed which will be used for the outright purchase of 16 mm. sound film. This sum will buy approximately 5 or 6 prints. In addition to this, substantial donations of film are made by the National Film board and by the Dept. of Extension, University of Alberta. The Extension Department will put in a block of films on a split fee basis. This means that the normal rent will be charged on films but half of this is retained by the film library, the other half going to the University. The film library can pass on the saving to the library members. Revenue from the library will be obtained through rents on films charged to non-members and will be used to cover mailing and handling costs and for keeping films in good repair.

Members will receive synopsized reviews on all films.

After these films have been used in the area for two months they are exchanged with another film library on the circulating exchange. Five of these changes are made a year so that during the course of the year a good many films are available.

The film library is controlled by a film council which will consist of a representative from each member group.

This plan will perhaps not meet all the film needs that are bound to arise, but will go a long way in this direction. The library will be able to obtain special films from other sources for interested groups. It must be kept in mind that these are educational films and are not intended for straight entertainment, although a few cartoons, sport subjects etc., will be on hand.

The majority of films will be of a general interest nature and will deal with such subjects as conditions and development across Canada and throughout the world, travel, music, United Nations, Sociological developments, etc. etc.

Projectors and operators will be available in Vermilion for groups belonging to the library. Other centres in the area with projectors of their own are also participating.

Our present plan calls for raising half the needed sum in Vermilion and the remainder from other communities in the district.

So far most of the money has been pledged. Any group or organization wishing to participate is asked to get in touch with R. B. Smith, National Film Board representative or Mr. E. H. Buckingham, District Agriculturist. Further information on the library is available at these sources.

Communities and groups that have already given pledges are asked to choose a representative for the film council as it is planned to call an organizational meeting very shortly. This council will decide on the films to be purchased and will draw up the rules and regulations for the library.

DISTRICT HOCKEY LEAGUE

With bonspiel over and, it is hoped, the stormy weather done, the District Hockey league games got under way again with games Thursday and Saturday. Wednesday evening this week will see the last of the regular league games when Clandonald meets the league leading V.S.A. Then the teams will launch into the play-offs, dates of which are announced elsewhere in this issue of the Standard.

VERMILION 6 CLANDONALD 0

Playing with a weakened team Clandonald went down to Vermilion by a 6-0 score last Saturday evening. Clandonald has two players in hospital suffering from appendicitis and others were beyond reach due to bad roads.

Sharpshooters for the town were Les Williams; Chesnick from Les Williams; Manyluk from Mac Fisk, Heidebrecht from Chesnick; Chesnick from Les Williams; Mackell from Swanson.

Penalties were meted out to Altiser, Mackell, Bill Williams of Vermilion and to Reberge and Schoenmaker of Clandonald.

V.S.A. 6 BUFFALO COULEE 2

The V.S.A. continued its winning ways by turning in a 6-2 victory over Buffalo Coulee Thursday evening of last week. The boys from the south gave their best display of the season and were out in front 2-1 at the beginning of the 3rd, and Wilson Brooks was outstanding in goal. However the pace had been too fast and the southern team faded with the young Aggies running in 5 goals, with Adamson doing the hat trick, 3 in a row.

Goal-getters were Staden from Hinton and Staden unassisted for the southerners; for the V.S.A., MacMillan from Baldock; Adamson; Adamson from Lewis; Adamson; Lewis, Brosseau from Melnyk.

Penalties went to Johnny Kochan, Hinton, Brosseau, and Chants (2)

CLANDONALD

On Friday evening Feb. 27 a whist drive was held in the Orange hall the proceeds of which went to the Canadian appeal for children fund. 11 tables were needed to accommodate the players. Several donations were received and as the prizes etc. were all donated the sum of nearly $30 was handed over to the local bank.

We wonder what Jake put into the coffee to cause ten respectable citizens to fall out of a sleigh on their way home, on a level road!

Mr. and Mrs. T. J. Souder and Mr. Souder's mother recently returned from a very enjoyable four weeks spent at the coast. While there a short visit was made to Seattle to visit Mr. Souder's sister. The trip to Seattle was made by plane which Mr. Souder Sr. enjoyed immensely.

We are glad to report that Harry Drake and his young daughter Marilyn have now nicely recovered from their recent severe attacks of flu.

A few days after Harry arrived home from the hospital about 15 neighbors paid him a surprise visit. Before they left they had cut and hauled him a year's supply of wood. Two came with sawn and split wood which was also very acceptable.

Keith Kelliert, son of our Pool agent, has made a nice recovery following his recent foot injury.

Who says Vermilion is the coldest spot in Alberta. Anyone listening to the weather reports at the end of February will have no doubts that we live in one of the most favored spots in the north west.

If anybody thinks we have had a lot of snow here this winter they should be thankful that they do not get the snowfall recorded between Golden and Revelstoke at Glacier Creek. According to a recent statement by a C.P.R. official, there had been a fall of 217 inches early in February.

Alexander Urges Canadians Support Work of Mercy

OTTAWA.—For the continuation of work vital to Canada, His Excellency the Governor-General, Viscount Alexander of Tunis today urged all Canadians to support the Canadian Red Cross appeal for $[illegible] which opened March 1st.

Viscount Alexander said [illegible] travels in Canada he has been able to observe personally the splendid work the Red Cross is doing and as President of the Canadian Red Cross he is appealing to all Canadians to give full support to the [illegible]

In a special [illegible] from Government House, His Excellency [illegible] to the Society's three million dollar objective as the minimum which would enable the Canadian Red Cross Society to carry out its program for the improvement of health, the prevention of disease and the relief of suffering among so many who are in dire need of these services.

"This work of mercy [illegible] of Canada. It is a work which never ends. I know that all Canadians will contribute as generously as they can to ensure that the services of the Canadian Red Cross can continue for the benefit of all," he said.

Red Cross services which will be financed by this month's appeal as mentioned by Lord Alexander include the free National Blood Transfusion service, an organized system of outpost Hospitals and Nursing stations in 71 frontier communities of the Dominion, Disaster Relief, Crippled Children's work, free public instruction in swimming and water safety, First Aid, Home Nursing, Nutrition and many other undertakings directed at saving lives and safeguarding of health.

Your Help Is Needed To Save These Children

From the garbage dumps in the war-torn countries of Europe or Asia more than 400 million boys and girls seek part of their daily bread. Pictured here is a scene which is common in these ravaged lands. Give your dollars to support the Canadian Appeal for Children. The Appeal seeks $10 million for the purchase of food, clothing, medical and educational supplies to assist these children.

Eight Provinces to Have Free Blood Within A Year

TORONTO. — Five more provinces have signed agreements with the Red Cross Blood Transfusion Service, making free blood transfusions available to the majority of Canadians within a year, Harold Leather, national chairman of this Red Cross Service, recently announced.

Already in operation in Alberta and British Columbia, the Blood Transfusion service will soon be available to citizens of Ontario, Quebec, Manitoba, New Brunswick and Nova Scotia. Prince Edward Island residents will receive the benefits of the free service through the depots of the other two Maritime provinces.

Those who subscribe to the Red Cross national campaign now in progress for $3,000,000 will be contributing to the success of this plan to make free blood transfusions and blood products available to all Canadians.

Wainwright Wedding Of Interest Here

SEALE—McTURK

Grace United church, Wainwright, was the scene of a very pretty wedding on Wednesday, Feb. 18th, at 2:30 p.m., when Rev. M. Dobson read the marriage rites joining Miss Martha Elizabeth McTurk, daughter of Mr. and Mrs. N. W. McTurk of Heath, and Mr. Forest Keith Seale, youngest son of Mr. and Mrs. E. A. Seale of Wainwright.

Given in marriage by her father the bride was lovely in a floor-length white satin gown with fitted bodice and long sleeves ending in lily points, the yoke of the bodice was overlaid with silk appliqued with satin motifs, studded by rhinestones. Her full-length veil was of silk net with figured embroidery, this was held by a tiara of seed pearls and she carried a bouquet of red roses and white carnations. The bride's only jewelry was a double strand of pearls with ear rings to match, a gift from the groom.

Laureen McTurk, sister of the bride, was maid of honor and wore a floor-length pink chiffon dress with matching chapel veil and net mittens. Irene Seale, sister of the groom, as bridesmaid, chose a floor-length blue taffeta gown with full skirt and matching chapel veil and net mittens. Both carried bouquets of daffodils, tulips and iris. Little Miss Laverne Everett, niece of the groom, was a charming flower girl in a blue nylon frock with matching headdress and pink accessories. She carried a nosegay of spring flowers.

Amos Church supported the groom as best man and Stanley Chynoweth and Jim Vietch acted as ushers for the guests.

The wedding music was played by Miss Audrey Symes who played "I Love You Truly" and "Always" during the signing of the register.

Following the ceremony a reception to some forty guests was held in the dining room of the Wainwright hotel where the tables were laid with white linen and decorated with spring flowers. The bride's table was centred by the three tier wedding cake flanked with white candles. Rev. M. Dobson proposed the toast to the bride to which the groom fittingly responded.

For her daughter's wedding Mrs. McTurk chose a royal blue crepe dress with seed pearl trim on the bodice, and black accessories. Her corsage was of pink carnations. Mrs. Seale, the groom's mother, wore a black crepe dress with powder blue trimming. Her hat and accessories were black and she wore a pink carnation corsage.

In the evening the young couple were hosts to a large number of friends at a wedding dance given in the Masonic hall which was effectively trimmed with pink and white streamers and bells intermingled with pink and white roses and asters. A delicious lunch was served at midnight.

A honeymoon will be spent motoring to Edmonton and Calgary. For travel the bride changed to a pastel gabardine, leaf green top coat with black hat and accessories and a corsage of roses. On their return the newlyweds will make their home on the groom's farm in the Auburndale district. —Wainwright Star

CANADIANS SAVING MORE

With employment and wages at a high level Canadians increased their savings accounts in chartered banks by $329 millions, to a total of $3,806 millions, last year, reports The Financial Post. Savings accounts average $800, an increase of approximately $27 over 1946.

When a fella loses his shirt...

That's when a man is really down. A fellow risks everything else before he parts with his shirt. Then goes last. He values it too much.

The expression lose your shirt is used for good reason. A good cotton shirt is something to cherish. The same amount of money could buy nothing of similar quality.

That applies also to cotton bed sheets, handkerchiefs, gowns, and scores of other items of daily use that are made of cotton. Cotton with its freshness, its washability, its resistance to sun and heat and its durability gives top value for your money.

You can bet your shirt on that!

Local News of Interest

NEW WAY RINK WINS

The New Way Cleaners' rink, composed of Wally Antrim, Bill Dyck, Aldous Kent and Vern Voss won 2nd in the Grand Challenge at the recent Kitscoty bonspiel.

Johnny Maxwell Gets Presents

School Children Appreciate Cheery Bus Driver

Johnny Maxwell completed four years driving the Bowtell school bus on Friday last when he made his final trip before handing over the bus and driver's job to Morris Watt who went on duty Monday.

As a mark of appreciation of Johnny's cheerfulness, his care and neverfailing duty as the bus driver, the kids banded together and made him some very nice presentations. In all the four years, in spite of rain, of snow, with consequent bad roads John was never late for school once.

NEW BOOKS AT I.O.D.E. LIBRARY

The following new books have just arrived at the I.O.D.E. library:

In Due Season; Fortress North; Tamarack Tree; East Side West Side; Certain Rich Man; Bright Promise; Touchstone; Judge's Story; Hopeful Heart; Gentleman's Agreement; How Green Was My Valley; Friends and Lovers; B. F. Daughter; Gus the Great; In a Dark Garden; East River; Nothing So Strange; Out of To Morrow; Flaming Hour; The Purple Plain.

Clandonald Old-Timer 79 Years Old

Mr. Alfred Bull, well known old timer and homesteader of the Clandonald district is celebrating his 79th birthday Thursday March 4th. Mr. Bull was born in Coventry, England, in 1869. He came to Canada and homesteaded his present farm in 1906, and has lived there ever since.

His many old friends in the Clandonald and Vermilion districts extend to him their very best wishes on this occasion.

United Church W.A. Group Meetings

The W.A. groups of the United church will meet on Tuesday, March 9th at 3 p.m. as follows: Mrs. Waldenberger's group at home of Mrs. Roebuck; Mrs. Hay's group at home of Mrs. Oakley; Mrs. Dick's group at home of Mrs. Geo. Webb.

Rummage Sale at the Masonic hall on Saturday March 6th from 2 to 6 p.m. under auspices of Mrs. E. Waldenberger's group of United church W.A. 41c

WHIST DRIVE

The Ladies Auxiliary to Canadian Legion Post 11 is holding a card party in the new Legion hall on Thursday evening April 1st commencing at 8 p.m. Bridge, whist and cribbage will be played. 41c

St. Patrick's Day Dance March 17th

Hold everything for the big St. Patrick's Day dance on March 17th. Your opportunity to celebrate the wearing o' the green at the Elks hall, Vermilion, with a big 5-piece orchestra supplying snappy music for both old time and modern dances. This is a dance for everybody, young and old. Watch for further details next week.

Whist Drive, Prizes, Lunch At Armouries

TUESDAY, MARCH 9th

Something unusually entertaining in the way of a whist drive will be held in the Armories on Tuesday March 9th, by the Women's Institute. Proceeds for overseas food parcels. There will be whist prizes and lunch. This is a very worthy cause and everyone should attend. The whist commences at 8 o'clock p.m. 41c

BOWTELL

Dance at Bowtell school on Friday March 5th. Islay's music. All welcome. 41c

UNION

Court whist and party at the Union school on Friday March 12th under auspices of the A.F.U. 41

ADMINISTRATION

Monday March 8 — 1900-1915 Squadron parade and roll call; 1915-2100 Navigation, Instr. Mr. W. Sutherland.

Thursday March 11th — 1900-1915 Squadron parade and roll call; 1915-2100—Photography, Instr. Mr. W. Guy.

Frank H. Walker, Fl. Lt., C.O.
No. 97 Squadron, R.C.A.C.
Vermilion, Alberta

A large number of adverts, and a quantity of news is being held until next week due to lack of space.

Proprietors of Vivian's Style shop are showing the new spring styles in ladies' wear, coats, dresses, suits, skirts and blouses at the Elks hall from 2:30 to 5:30 March 10th. The modelling will be done by local girls. Tea served by the Stagettes.

Mr. and Mrs. N. K. Bentley, Miss Lang and Mr. MacPherson entertained members of the school of agriculture graduating class at tea on Sunday Feb. 29th.

A welcome note has been received from Mr. and Mrs. Red McIver who are now settled in Regina at 2349 Garnet street where they have purchased their own home after selling their Saskatoon residence. Friends here are requested to make a note of the new address. Red is really enjoying his work at the Simpson retail store which is the former large William's Department store, located well in the centre of Regina's business section.

On his return trip to Adam, Sask., last Sunday Mr. Wooters was accompanied by his daughter Mrs. Ken Deaton and her little daughter Lynn. Mrs. Deaton and Lynn will visit at the old family home for a week or so.

W. J. Muir of Islay left last Wednesday for Nakusp, B.C. where he will visit Mr. and Mrs. Sidney Millward. He will also visit friends at Vancouver and other coastal points before his return home.

Mrs. Len Clevette and baby son are visiting the former's parents at North Battleford this week.

R. W. Kelly, excise tax auditor, of Edmonton, was in town Tuesday.

Bob Maggs returned home last week from an extensive trip to Vancouver, Victoria, Portland and Seattle. He visited friends and relatives at each of the cities mentioned with the exception of Portland. The trip to Portland was an unscheduled one, some of Bob's former shipmates playing a real shanghai trick on him one night when he was aboard the ship at Vancouver—the first stop thereafter was Portland.

Attending the Vermilion bonspiel for possibly the last occasion was Cam Mitchell of Islay. "Mitch" has been in charge of an elevator at Islay for the past 25 years and in that time has attended the Vermilion bonspiel no less than 21 times. He has now been transferred to Thorsby, Alta. and leaves this week end for the western Alberta town.

CARD OF THANKS

Mr. and Mrs. Cameron Mitchell and twins wish to thank their many friends of the town and surrounding district, the Community club, the Sunday school, the school children and teachers and their former [illegible] for the beautiful [illegible] and many acts of kindness on the occasion of their leaving for Thorsby.

Ernest Schurman President Credit Union

H. P. LONG, SECY-TREASURER

At the recent monthly meeting of the Board of Directors of the Vermilion Savings and Credit Union Ltd., the following officers were elected for the current year

President—Ernest Schurman
Vice-President—Roy L. Stoik

Other members of the board are Messrs. Ralph A. Wilson, Hugh B. Evans, F. Van Wagningen Sr., A. H. Whitcher and D. C. Polk. H. Percy Long was appointed secretary-treasurer.

There are two other independent committees whose membership is elected by shareholders and who have considerable to do and say in the general administration of the affairs of the Credit Union. These are the Supervisory committee composed of J.W.G. Morrison, K.C., Geo H. Wheeler and Ken Stone, and the Credit committee of whom Jas. R. Robson, Ross B. Taylor and Roy Walker are the members.

The credit union movement is starting its 10th year in Alberta. It was in 1938 that the Credit Union Act was passed. This gave the green light for the credit union to go ahead in this province. According to the last government report to hand as of Nov. 30, 1947, there have been 2[illegible] formed with a total membership of 22,491. Up to that date the members had loaned to each other $8,136,968.26. Although the Credit Union is not a lending institution, it does help its members. There is no other form of a co-operative that is in a position to help as much as a Credit Union. It has been built up on moral security—this is the asset you are very likely to think and say is in scarce supply in the world today—chaotic conditions prove it—you are wrong, adjust yourself, raise your sights and you will see it. Join the credit union and save the protected way, that is group insurance carried on your savings while you save.

Salvation Army Young People Receive Awards

The Annual Award Giving, and Young People's Annual was held at The Salvation Army Citadel last Sunday. There was a good attendance of young people.

The afternoon's proceedings got underway as the assembly sang, I'll be a Sunbeam for Jesus, and Jesus Loves Me. After some vigorous singing of gospel choruses, the Sunday school divided into the regular classes for the lesson of the day, under Company Guards, Mrs. Ken Isley, Mrs. Lorne Dow and Mrs. Bellingham.

After classes all joined in the singing of Tell Me the Story of Jesus, accompanied by the orchestra. Then followed the announcing of marks earned by each pupil. Thirteen young people qualified for recognition, as follows:

Marjorie Smith—6th Year Bar and Seal; Vera Bellingham—6th Year Bar and Seal, Directory Certificate and Illuminated Certificate (this award for successfully passing examinations for three successive years); Lillian Bellingham 5th Year Bar and Seal, Directory Certificate and an Illuminated Certificate; Rovina Bellingham — 2nd Year Bar and Seal; Verne Smith — Silver Medallion and Tri-Color and Certificate; Donna Isley—Silver Medallion and Tri-Color, Dorothy Harris Silver Medallion and Tri-Color; Lawrence Harris — Silver Medallion and Tri-Color. Gordon Smith — Silver Medallion with honors, and prize.

Sharon Isley, David Dow, Marline Stephens and Roy Tuey each received an attendance prize.

The afternoon's proceedings were brought to a close by the singing of Come to the Saviour Make No Delay, with the orchestra again accompanying [illegible].

Adjutant Chas. Stewart offered the closing prayer.

Stagette Notes

Twenty members attended the regular stagette meeting.

The Stagette tea which will be held March [illegible]th at Vivian's Style show was the topic for the evening. Each member is responsible for the dishes for one table. All girls off work at 12 noon Wednesday are to come to the Elks hall as soon as possible to prepare the tables. The tea will be held from 2 30 to 5 30 p.m. A silver collection will be taken at each table.

All members wishing to attend the plays at the V.H.A. Saturday evening are to be at the club room not later than 7 15 that evening.

We are very sorry to report that we are losing Jo McLaughlin, a new member of this year. Jo is moving to Edmonton and the best of luck [illegible] her.

The next meeting will consist of a short business session. It is supposed to be our social meeting but the social part will be the tea on Wednesday.

RURAL VOTERS GO TO POLLS

VERMILION RIVER ELECTION ON MARCH 20 — MINBURN M. D. MARCH 22nd

Vermilion River voters in four divisions, 1, 2, 6 and 7 will go to the polls on Saturday March 20th to select councillors. In Division 1 former Reeve Currie has resigned and here are two candidates Arthur Clarke and Henry Haas. In Division 2 Elmer Clay is seeking re-election but is opposed by James D. Stone. Division 6 sees two former candidates again opposing each other. They are O. H. Quist seeking re-election and at the present, reeve of the municipality, and Harry Gordon. Very few votes separated these two men on the occasion of the last election in that division. Up north in Division 7 Tom Lambie is not seeking re-election and there are three aspirants, Tom Braunmiller of Landonville, George Lawrence of Clandonald and Steve Romanchuk of Dewberry.

A. B. Wood of Dewberry is returning officer.

MINBURN M.D.

To the west of Vermilion in the Minburn M.D. only two divisions go to the polls. In Division 6, four candidates are running. They are Peter Franchuk, Paul Kaminski, Mike Mackney, Harold Warrilow. In Division 7 the present councillor Charles Stewart is seeking re-election and is being opposed by Hugh Thompson.

Election day in the Minburn M.D. is Monday March 22nd. Ralph Wagner is the returning officer.

$1400.00 Raised at Clandonald Towards New Curling Rink

OBJECTIVE IS $3,000.00

Regret is expressed that it was unable to have the following news items published in last week's issue of the Standard.

It is very pleasing to note that the Clandonald Community Affairs Society which includes farmers and others, from Feb. 16th to March 1st, have done, we all feel, exceedingly well toward funds for the purpose of the curling rink. The cost will be approximately $3000 for a two-sheet rink. Contributions between the above dates were $1400.

We of this community might well be proud of the keen interest shown by the generous response toward this good cause. It is expected that as soon as roads permit, our good country canvassers, Mike Osinchuk, Isidore Nelson, Jim Smith and Harold Schoonmaker will bring our thermometer up to the $2000 degree. They, so far, have done extremely well, taking the road conditions into consideration.

It might be of interest to the residents of Clandonald to know that their total contributions to March 1st were $1060. Come on Clandonald residents, let's make it $1500.

These results are very pleasing to all and almost definitely assure this community a curling rink for next winter.

Membership in this Society is gradually increasing as a result of farmers attending the regular meetings. The meetings are held in the Clandonald hotel on the 1st Monday of every month, and they make all realize the benefit this Society is to their community. It was very pleasing to have Angus MacMillan and Johnny Rudyk attend the last meeting, held March 1st.

C. C. A. Society

Frog Lake Chapter I.O.D.E. Notes

Plans have been made for a social evening and food shower for overseas parcels to be held at the home of Mrs. Hill on March 19th.

Four new members were welcomed into our Chapter at our last meeting namely Mrs. Roy Stone, Mrs. D. Matheson, Mrs. A. Mead and Mrs. L. McDonald.

We are hoping to be well represented at the annual convention which will be held in Edmonton April 6-8th.

Conveners of standing committees are: Child and Family Welfare Mrs. N. Petch; Post War Service—Mrs. J. Dougan; Press & Publicity—Mrs. D. Moyer; Sunshine — Mrs. J. Cross; Empire Study—Mrs. L. McDonald; Films — Mrs. A. Mead; Library — Mrs. L. Mayhew, Mrs. Hill, Mrs. S. Carroll and Mrs. Parker.

Mrs. Parker was appointed Honorary Regent.

The Chapter will sponsor a Wabasso Style show in April, date of which will be given later.

Mrs. A. V. Smith was named Chapter representative on the Consumers' League.

EMERGENCY AUTO SERVICE

Gasoline and emergency auto service at Vermilion Motors for Sunday March 14th and the following week. Garage open to 11 p.m. week days and 7 p.m. Sundays. 42c

Canadian Legion Officers Installed

SOCIAL EVENING MONDAY IN NEW HALL

Officers recently elected by Canadian Legion Post 11 for the ensuing year were duly installed in the new Legion hall on Monday evening by the provincial president S. C. Heckbert. Over 100 members were in attendance. Ken MacDonald presented the officers who were piped to their stations by Piper Bob MacKinnon. Officers installed were:

President — E. Swanson
Vice-Pres.—Geo. Martin, Alex Katz
Secretary—Lawrence Webb
Executive—W. Sutherland, F. Brinscombe, A. Manyluk, L. Mayhew, V. Tillett, R. B. Spencer, B. Rindale.

Six new members were initiated by the president.

Miss Phyllis Westman was presented with a token of esteem for having been the Legion's candidate for queen in the school carnival.

The evening was completed by a social hour with the Legion W. A. and other friends participating. Comrades Tom Watts and Dr. King rendered vocal selections which were very well received. Comrade Fred Brinscombe presided at the piano.

MIXED BONSPIEL IS COMPLETED

DYCK, MITCHELL WIN PRIMARY
D. Currah and A. Cooper, Secondary

The mixed bonspiel was completed Tuesday night with the Bill Dyck rink winning the primary from Reg Mitchell, and the Darrel Currah quartette defeating Ashley Cooper and Co. in the secondary final.

Personnel of the rinks were:

1, Bill Dyck, Kae Part, Vic. Tillett, Helen Goshta; 2, Reg Mitchell, Eva Corley, Glen Good, Kae Caron.

The secondary—1, Darrell Currah, Maud Calvert, Mrs. Calvert, Mrs. Currah; 2, Ashley Cooper, Kae Stewart, Charlie English, Marjorie Knapp.

Annual Meeting of Athletic Assoc'n Friday, March 19

Attention of everyone interested in athletics is directed to the fact that the annual meeting of the Vermilion Amateur Athletic association will be held at George's Lower Deck Friday evening, March 19th at 8 o'clock.

The V.A.A.A. widened its activities considerably during the past year or two, and besides helping clubs with loans, took active steps to re-organize the Pee-Wee hockey league, assisted the high school curlers by financing their trip to Edmonton, held the country hockey tourney, have done considerable work on the new athletic park. This organization is also responsible for Vermilion's mammoth 24th of May sports. These are just some of the projects carried out by the V.A.A.A. which occur to the writer while penning this notice of annual meeting. No doubt a little delving into the records would reveal even more of the valuable work done by this enterprising organization.

Attend the meeting Friday evening March 19th.

Boy Scout Official Addresses Local Board of Trade

Mr. Harry Holloway, executive commissioner of the Provincial Boy Scout association, was the guest speaker at the regular meeting of the Board of Trade on Wednesday. Mr. Holloway was introduced by Ken G. Urquhart, secretary of the local scout association. Dr. King, president of the local association, was chairman of the meeting.

Other guests introduced were Mr. Donald McPherson, Dean of the boys' dormitory at the V.S.A., introduced by S. C. Acheson, Mr. Sternberg and Mr. Campbell Rose of Edmonton, introduced by George Webb.

During a short business session the board voted $25 towards the locating of a film library in Vermilion and $50 to the Trans-Canada Highway association (Yellowhead Route).

Some of us think that co-operation means everybody doing what we tell them.

"GREEN ACRES"

GIRLS' GARDEN CLUBS

We have never had a Girls' Garden club in this district because no one has ever offered to be a leader and get a group of girls together. All we need to start is someone, preferably a girl graduate of the school of agriculture, who will act as leader. Would anyone volunteer?

FEATHER PULLING AGAIN

This vice has been reported as occurring in several flocks lately. The [illegible] usually [illegible] to overcrowding along with feed which is lacking in minerals and vitamins. It often develops into cannibalism with considerable losses in eggs and dead birds.

CALF FEED CLUBS

There are 5 Calf clubs in my district with 135 boys and girls as members. Meetings will be held in two weeks' time in Dewberry, Kitscoty, McLaughlin, Paradise Valley, Clandonald, Mannville, Minburn and Vermilion. Members are urged to feed boiled barley, oil cake meal or calf meal and minerals, to keep the calves gaining at top speed. The aim with these calves is not just to top the market but to have something much better than that.

WARTS ON CATTLE

Last week, while checking over Club calves, I found one with an unusual outbreak of warts. There must be 20 to 30 pounds of warts on the neck and dewlap of this calf. Warts should be treated as soon as the first one appears by painting with tincture of iodine. Isolate infected animals [illegible] with warts or with [illegible] do not make satisfactory [illegible] best [illegible] of these conditions.

BOARD MEETINGS

Meetings called [illegible] Supervisor of Vermilion River Agricultural Service Board and your D.A. will be held this week [illegible] Streamstown, Willowby [illegible] St. Andrews [illegible] meeting will be held at the hall [illegible] King Edw. [illegible]

BLACKLEG

One of the calf club calves died [illegible] Blackleg last week. This disease [illegible] preventable by vaccination and it seems too bad that so many farmers neglect to protect their stock from [illegible]. Calves treated last fall should be done again now as an added protection as the early vaccination may not make them immune for life. Vaccination now of calves nearly 12 [illegible] for a lifetime.

Flower Queen and Attendants Receive Souvenir Pictures

FROM BOARD OF TRADE

Souvenir pictures, nicely mounted, of the crowning of the Flower Queen at the recent school carnival, were presented to Miss Noreen McGinnis, Miss Shirley Carroll, Miss Ruth Simonson and Miss Phyllis Westman by the Board of Trade at their luncheon meeting Wednesday. These four girls were candidates for queen. Miss Noreen McGinnis who was the Board of Trade representative in the race and Queen, was also presented with a large mounted photo of herself. This photo was taken during the Carnival activity.

Mr. N. N. Bentley made the presentations and in doing so commented on the excellence of the Carnival and the contribution such activities make to the welfare and interest of the town and community.

Miss Shirley Carroll replied on behalf of the girls, thanking the board for the opportunity of attending their luncheon meeting and for the pictures.

The meeting was a very well attended one with 17 present. The president Melvin Hill was in the chair and guests were Mrs. Cleo Day, Mr. Bob Horne, Mr. Aubrey McGinnis, Mr. Greig of Edmonton, Mr. Traves, the Poultry Commissioner of the province and his assistant Mr. Kitchen.

A variety of matters were discussed including establishment of a film library here, radio advertising, Red Cross drive with airfield and roads committee reporting.

Clandonald Eliminated In League Title Race

Vermilion eliminated Clandonald in the first round of the league play-off. This was a two-game total goal series and ended up 11 goals to 9.

Clandonald lost the first game on Saturday night by a 9-2 count only to come back strong on Monday to win 7-2 — not quite enough to make up the leeway. The first game saw the town team travelling at a fast clip and having everything break just right, while on Monday night the boys from the north looked like a million dollars. Their passes clicked, they were skating fast and their shooting was accurate. At the beginning of the third period they had the series tied 9 goals all as they then enjoyed a 7-0 lead. The pace told however and the homesters ran in two counters to take the series.

Vermilion now meets the V.S.A. in a best 2 of 3 game series for the league title. These games are scheduled for Wednesday, Saturday and Monday evenings.

Currah Wins Merchants Event at Islay

Darrell Currah skipped his rink composed of Don Park 2nd, Jim Fisk 3rd and Rand Calvert lead to victory in the Merchants' open competition at the Islay bonspiel last week bringing home the cup and first prize. [illegible] and his rink won 3rd in the Challenge. Five Vermilion rinks took part.

Lady Curlers Win at Lloydminster 'Spiel

A rink of Vermilion lady curlers brought home the Merchants cup from the recent Lloydminster ladies bonspiel. The rink was skipped by Mrs Dora Caron with Mrs Lila Beresford 3rd, Mrs. Jean Rowe 2nd and Mrs. W. Krause lead. They received an expensive blouse for the prize.

Two other rinks from here also competed.

Appreciate Publicity in The Standard

Vermilion Alta., Feb. 21

Mr. R.R.P. Cooper
Publisher, Vermilion Standard.
Dear Sir:

The Frog Lake Chapter Imperial Order Daughters of the Empire wish to thank you and your staff for the courtesy extended in contributing valuable space and publicity to our organization during 1947.

Yours truly,
Mary Moyer,
Asst. Secy.

Scout Hockey Team Loses At Mannville

The Vermilion Boy Scouts hockey team lost at Mannville to the Scouts of that town by a 7-2 score Tuesday evening. [illegible] scored both the local boys' goals.

Following the game the boys were treated to a bountiful lunch in the Parish hall by their Mannville hosts.

Fine Response To Red Cross Appeal

Campaign manager W. P. Pillitz reports that very generous response has been forthcoming so far to the Red Cross annual appeal for funds. Already canvassers have covered most of the town and the results have been gratifying indeed. Canvassing teams who have not yet been out are urged to cover their territories as soon as possible.

Elks Deal With Heavy Agenda at Regular Meeting

MAKE DONATIONS TOTALLING $350.00 — DON LOGAN PRESENTED WITH P. E. R. JEWEL

A very heavy agenda was dealt with by the local Lodge B.P.O. Elks at their regular meeting held Tuesday evening this week. In keeping with one of the primary objects of the organization donations totalling $350 were voted made up of $50 to the Red Cross, $100 to the Save the Children fund and $200 to the local playground committee for further improvements to the kiddies park.

A large amount of correspondence was dealt with among which were letters of appreciation [illegible] from the Vermilion schools for help rendered by the [illegible] in connection with the ice show, from the I.O.D.E. for gift of piano, and from several individuals for help rendered and gifts sent during illness. One or two cases of local distress were dealt with and are now receiving attention.

Towards the close of the meeting Bro. Don Taylor, on behalf of the members, presented Bro. Don Logan with a Past Exalted Ruler's jewel, thanking him for very valuable and energetic services rendered the lodge during his two years in the chair. Bro. Logan offered his grateful thanks for the gift and asked the support of every member in making Vermilion Elkdom better than ever in 1948.

A rather tasty lunch was served up by Bro. LeRossignol and his refreshment committee at the close of the meeting.

Farm Body Leads in the Canadian Appeal for Children

The Alberta Federation of Agriculture is taking the lead in Alberta in organizing agricultural areas in support of needy children in Europe.

Mr. E. W. Brunsden has been appointed as organizer to work with a committee representative of all branches of agriculture.

The committee is working through elevator companies, Co-op creameries, poultry producers, co-op stores, farm forums and the U.F.A.

Early indications are that the campaign will receive support sufficient to raise the quota asked of Alberta farmers. The committee urges you to make your contribution early and give freely. The cause is a worthy one.

Salvation Army Home League Arrange Program

The program committee of the Home League met at the Salvation Army citadel Wednesday and arranged the program for the coming month.

At the regular Home League meeting Secretary Mrs. Ken Isley opened the meeting and read the Scriptures, and the reading for the week. Mrs. Lorn Dow officiated at the piano as the group sang, "Heavenly Father Bless Me Now". Adjutant Stewart led in prayer.

Mrs. Ken Isley called upon the Adjutant to read a report of activities for February. The report was well received, and was in part as follows:

"Articles of clothing shipped to Europe 179, including 65 articles of baby clothing. A letter of appreciation was read from Spennymoor, Durham, England."

Adjutant Stewart mentioned that the high cost of sending used clothing overseas, coupled with the fact that new clothing was becoming more plentiful had brought about the decision to close the central office for the handling of used clothing for overseas. It was pointed out that there is considerable used clothing on hand to be sorted, mended, cleaned and pressed.

Cent-a-meal boxes were given to each lady present, the proceeds to be devoted to missionary overseas work.

The rest of the evening was spent in sewing and other work.

Lunch was served and the Home League meeting dismissed with prayer by Mrs. Arthur Smith.

ISLAY

Tundra—a picture in color will be shown in the hall Friday March 12th at 8 p.m. It will display the projector machine the school would like to purchase with the assistance of the Community Association. It is sponsored by the school. Admission 35c and 25c.

Miss Mary McEachern who has been visiting at her home the past three weeks left Wednesday morning on her way back to Vancouver where she is employed by the B.C. Telephones.

Mr. and Mrs. Mitchell and the twins left Sunday for their new home at Thorsby. They were accompanied by Harry Young and Jim Carey in Jim's car. It seems the twins didn't think it was much like home.

The ladies of the United church are quilting a quilt to put in the used clothing parcel for overseas. We have been unable to get our bundles away earlier as clothing kept coming late. So, if anyone finds they have a coat, a quilt, a sheet, pins, needles, thread etc., leave them at the hardware store early next week.

Tuesday morning March 9th—and it was 40 below zero!

It was thrilling to hear Barbara Ann Scott speaking over the radio on Tuesday.

Mrs. R. Scott and son David are spending some time with the former's mother Mrs. R. Martin. Mr. Martin is in the Royal Alex hospital in Edmonton.

A play "The Pampered Darling" is in process of rehearsal. Practice was at the Hatlen home Monday night. There was great excitement because Mary wasn't there and won't be. Anyway we had quite a nice time after the excitement died down. It is hoped to produce the play before Easter — And for Mrs. Mac at Drumheller, the wall into the dining room is now an archway making a fine large room.

The Islay bonspiel is finally finished. 21 rinks competed this year.

A very good remedy for high blood pressure is said to be garlic pills — Ask Mr. John Young if they are good.

A sharp knife is actually less dangerous than a dull one that is likely to slip.

ELECTION CARD

I have accepted nomination for the office of Councillor for Division 7 Vermilion River Municipality and would greatly appreciate your support on Election Day Saturday March 20th. Respectfully submitted —

ESTABLISHED [illegible]

Published Every Thursday Afternoon

At the Office, Main St.

S. R. P. COOPER — PUBLISHER

Vermilion, Alberta, March 11, 1948.

The frozen food locker plant industry in Alberta has proved very popular and expansion continues. In 1947, 17 new plants commenced operation and an additional 20 were approved for licenses. At December 31st, 1947, 90% of all lockers installed were rented— and this figure includes a few plants that had just commenced operation and had not yet had an opportunity to become thoroughly established.

During the 1941 session of the Alberta legislature, an Act was passed providing for licensing and inspection of frozen food locker plants. To ensure satisfactory temperatures and proper sanitation in handling the food, all plants are now inspected by the officials of Alberta Department of Agriculture's Dairy Branch. In 1941 there were 22 plants in operation with approximately 8,000 lockers. Today, there are 100 plants with a total of 28,000 lockers—each locker capable of holding around 200 pounds of food.

The majority of frozen food lockers are rented to farm people, but there is increasing interest among city and town dwellers. Most of the plants cure and smoke pork products and render lard. Many of the new plants are equipped to slaughter, process, pack and freeze all kinds of farm animals.

WARMER WEATHER FORECAST

Following the low March temperatures to date, warmer weather is now forecast. The following daily readings tell their own story —

Date	High	Low
Monday, March 1	5	-16
Tuesday, March 2	6	15
Wednesday, March 3	6	6
Thursday, March 4	2	16
Friday, March 5	26	1
Saturday, March 6	16	4
Sunday, March 7	4	-2
Monday, March 8	2	-11
Tuesday, March 9	4	-33
Wednesday, March 10	12	27
Thursday, March 11	22	-30

SNOWFALL

A heavy snowfall of 4 inches fell on Friday, Feb. 27. The snowfall for the winter now totals 40.2 inches. The long-time average for snow is 46 inches. Last winter's snowfall was 44.9 inches. The general idea that we have more snow this winter than last or than usual is probably due to the fact that there has been considerable snow blowing since the new year and has piled the snow in huge drifts on road allowances, around bluffs and buildings.

Beauvallon Farmers Sue Municipality

HURT IN ROAD MISHAP

Three residents of the Beauvallon district Wednesday last week filed a statement of claim in supreme court asking damages totalling $5,929 from the municipal district of Eagle.

The claim was the result of an accident Dec. 8th in which a car went out of control on the approach to the bridge crossing the Vermilion river near Old Warwick. The vehicle rolled over on the slippery embankment, according to the claim.

Paul J. Saruk, driver of the car is asking damages of $3,679 for injuries he received in the accident. Paul Maloch, owner of the car is asking $1,750 from damages to the car and injuries and Harry Makowecki is claiming $500 for injuries.

The plaintiffs are charging negligence on the part of the municipal district in failing to have guard rails placed on the west approach to the bridge.

DEWBERRY NEWS

John McKnight is home again after being a patient in the Islay hospital suffering from influenza. While on the sick list the schools are being looked after by Alty Stone.

So much snow has fallen during February that school bus roads are becoming hard to plow. Quite a number of school days are being missed by children due to the busses not running.

The Dewberry Co-operative store annual meeting proved very interesting. Mr. Fitzpatrick, supervisor of Co-op activities was in attendance, also a representative of the Co-op life. Directors for the Co-op for the ensuing year are, new, George Finney, Philip Lemp, Frank Stone; former, G. Skinner, Mrs. G. Mathieson, Dan Vivian, Bob Grey.

We notice one comment on the farmers' new income tax form from the south. We will soon be hearing from all points regarding this as March is the last month to file your income tax return.

Walter Parker continues to bring home the bacon at bonspiels. His latest prizes include 2nd in the Grand Challenge and 3rd in the Merchants at Islay. His rink was Walter Parker skip, George Davies, W. Donnll and Sol Lemp.

In the recent high school bonspiel the winners were skipped by: Sandy Donnll the Grand Challenge; Bob Donnll the Merchants; Leonard Romanchuk, the Professional; Leonard Romanchuk the Citizens' event.

Dewberry contestants captured a great many prizes at the recent Marwayne amateur night. Some of the prize winners were James Munro, Shirley Volker, Bernice Romanchuk, Ernie Braithwaite, Jimmie Ryan. Dewberry people are seen all over the country on entertainment nights — what we would like to see is the compliment returned to us.

Our last trip to Islay on the occasion of their amateur night proved costly for Joe Braithwaite and Lloyd Brett. Both had the anti-freeze drained from their cars. This was not discovered until on the way home the car engines became hot.

The masquerade held by the Dewberry Young Peoples' club was much enjoyed. Prizes went to Mrs. Ben Axley and Mildred Bowman dressed as Maggie and Jiggs; Bernice [illegible] and Miss [illegible] as the Philip [illegible] boys; Miss Koch and Miss Nicholas [illegible].

Motor License Fees Same This Year

Annual license fees for motor cars will not be changed by the provincial government this year, according to word given by representatives of the Alberta Motor Association.

There will be the customary reduction in the license rate on cars that are 10 years old or more. But on those of more modern vintage, the rate will be the same as in 1947.

Neither is any change contemplated in the cost of drivers' licenses.

Government officials also have indicated that the $1 extra charge on motorists under the Automobile Accident Indemnity Act to set up an unsatisfied judgment fund will be continued this year, but legislation will be brought in at the present session of the legislature to provide wider benefits. In Manitoba the collecting of this $1 fee has been suspended owing to the small number of claims against the unsatisfied judgment fund in Alberta. The fund is believed to amount to $100,000 while few claims have been filed.

For Sale — Property

HERE IS YOUR BARGAIN—5 Room house on Main street in Vermilion. One lot with garage at back. Gas and lights. Lot 14, Blk. 14. $1875 cash. See F. J. Richardson for transfer. 41-4x

Asphalt, which is insoluble and unaffected by water, is one of the most weatherproof substances in the construction industry. Thus it plays its most prominent part in protecting materials exposed to the weather and climate — roads, and the roofs of houses and buildings.

ELECTION CARD

I have submitted my name to stand for Councillor in Division 7, Vermilion River M.D., and ask your approval on Election Day, March 20th.

If elected I shall endeavor to cooperate with all the councillors to the best of my ability for the betterment of the municipality.

STEVE ROMANCHUK,
R. R. 1, Dewberry. 41-2

Notice of Preparation of Assessment Roll, 1948

VILLAGE OF DERWENT, ALBERTA

NOTICE is hereby given that the assessment of the previous year has been adopted under the provisions of The Assessment Act, and that the assessment roll of the said municipality has been duly prepared, and that if any person thinks that any property has been wrongfully assessed, or assessed too high, or too low, or that his name or the name of any other person has been wrongfully entered upon or omitted from the roll, he may at any time prior to the 30th day of April, notify the secretary treasurer in writing of the particulars and grounds of his complaint.

Dated at Derwent Alberta, this 6th day of March, 1948.

Matt D. Charchun,
42x Secretary-Treasurer.

After the show on Saturday evening attend the dance at the Elks hall. An enjoyable hour or two for only 35c.

OUR WESTERN TOWNS

ST. WALBURG

SASKATCHEWAN

Located in One of Best Mixed Farming Districts of Province

ALEC VINGE
Editor of The St. Walburg Enterprise

"The Enterprise has been published for fifteen years, being established in 1933 by Mr. Vinge, the owner and publisher, and covers the Paradise Hill, Spruce Lake, Frenchman Butte, Red Cross and Bright Sand districts. Editor Vinge learned his trade in Minneapolis, Minn. Came to Canada in 1912 and worked on several Saskatchewan papers before moving to St. Walburg. He saw five years service with the Canadian Forces in World War I, and is a past president of the Canadian Legion."

ST. WALBURG, lying in one of the best mixed farming districts in Northwestern Saskatchewan, was founded in 1921 when the [illegible] line of the Canadian National Railways was extended to a point 77 miles northwest from North Battleford. St. Walburg is still at the end of the steel.

With a population of over 600, and with over 80 business places the village is well equipped to supply the Northland with their needs. There is more freight unloaded at St. Walburg than all the other towns from North Battleford to the end of steel combined.

The territory around St. Walburg is well suited for mixed farming. The soil as a rule is of a black loam and the district is known as a sure crop district. It is an ideal district for raising stock, too, as there is plenty of feed and water, and the wooded areas afford protection for the winter.

St. Walburg is located in the centre of well known summer resort lakes. Such lakes as Bright Sand, Perch and Loon Lake are known all over Saskatchewan. Vacationists are assured of good fishing at these points. Cold Lake, famous for its trout can be reached from here easily, and many tourists come up here every year for their holidays and spend their time in these beautiful surroundings. Many other lakes in the district afford good fishing.

Game, both feathered and fur, can be found in abundance within easy driving distance of St. Walburg. The provincial government is establishing a game reserve in the district shortly.

A two sheet curling rink and a full size skating rink takes care of the winter sports and a well equipped sports ground is well patronized in the summer time. Golf is also a popular pastime in the village.

St. Walburg has five modern garages, three large department stores, one grocery and one meat and grocery, one machine shop and three cabinet and woodwork shops, two cafes and two hotels, two furniture stores, three variety stores, one ladies wear and one gents wear, two shoe repair shops, two real estate and insurance offices and one insurance office, one hardware store, tailor, dry cleaner, two doctors, one dentist, one lawyer, one blacksmith, one printing office and newspaper, photo studio, moving picture theatre, bank, liquor store, lumber yard, radio repair shop, two licensed electricians, funeral parlor, two auctioneering firms, three elevators, pool hall and bowling alley, beauty parlor, barber shop, six implement dealers, seven car dealers, one creamery, two dray lines, egg grading station, bakery, natural resources office, R.C.M.P. Barracks, two livery stables, three oil sheds and tanks, three coal dealers, telephone exchange, two jewellery stores and drug store.

Two schools, public and separate, take care of the education of the young people, seven teachers are engaged in this work. A new school will be built in the near future. Three churches are represented in the village, Catholic, United and Lutheran.

A big building boom has taken place in St. Walburg, over 30 buildings have been completed or still under construction at the present time. A live board of trade meets every month and are working enthusiastically for the welfare of the village and a well [illegible] agricultural society is [illegible] for the benefit of the [illegible] stock raiser.

NOTE [illegible]

The enterprising Town of St. Walburg located in northwestern Saskatchewan boasts of up-to-date business and residential homes, as above pictures show. Upper left and bottom pictures show parts of Main Street, Top centre, The Enterprise office, and upper right showing a part of the residential section.

Western Briefs

EDMONTON.—Oil produced in Alberta during 1947 was worth a record $17,000,000, it was estimated recently as it was revealed last year's production totalled 6,800,282 barrels, a decrease of 339,349 barrels from the 1946 production total.

• • • •

SWIFT CURRENT—The matter of bettering the type of entertainment now provided at most fairs and summer shows of that nature came in for discussion at a recent session of the Swift Current ministerial association. Much of the present type of entertainment is unsuitable members of the clergy contended, and tabled the matter in order to investigate it more fully.

• • • •

WINNIPEG. — Manitoba suffered fire damage to "not more than 74,000 acres" of her forests in 1947, whereas the average annual loss in the 20 years up to 1946 ran to 301,009 acres, Robson Black, president of the Canadian Forestry Association, said at a Winnipeg Canadian Club luncheon.

• • • •

CARMAN, Man.—Elie Pierre Major ate a piece of angel cake and played a game of checkers recently and counted it a happy 106th birthday. The cake had been baked for the man who is one of Manitoba's oldest residents—if not the oldest—by Mrs. Gladys Gilhuly, a neighbor. Each year since 1944 she has made him an angel cake and he has never failed to eat a piece of it.

• • • •

EDMONTON — It's a big job to dismantle the Whitehorse refinery being moved to the oil company site just east of here. The 74-foot processing tower, weighing 76 tons, has been lowered and is the heaviest single unit to be shipped.

OUR COMPLETE SHORT STORY—

THE BEAUTY AND HUNCH

By EDWARD EARL LEE

HUNCH MORANO had been able to devote just enough watchfulness to prevent the woman from raising an alarm. Now, after hearing her proposition, he ceased rummaging the bureau drawer and focusing full attention upon her, straightened up. That is, thought Marilyn Brandwynne, assumed erect posture as his small, stoop-shouldered body would permit.

She noticed rat-like eyes mirror indecision. To the scrutiny he subjected her she presented the face that admirers complimented as being pretty as a doll's and which she hoped now was just as impersonal.

"Cool," Hunch commented, mentally. Most dames would have been hospital cases by this time. Hunch had ascertained her quarters in this resident apartment hotel and effected a stealthy entrance. Warned to remain silent the woman had closed the book she had been reading and regarded him through untroubled eyes.

However, that emotionless attitude disappeared when Hunch demanded the diamond necklace he had noticed her wearing when she had left a restaurant and the reason for his trailing her home. It was then that she rose and offered to reveal it.

Hunch cocked his head suspiciously and asked, "What's the idea?"

"You're determined to get the necklace. I may as well tell you where it is and be rid of you all the more quickly."

"If I was sure you were on the square."

"Here's proof. Open the second drawer. Find the false back. That's it. Press it and...Oh, you have it."

Hunch's bony fingers fondled the necklace as he gloated: "Some haul! It's worth a grand, sure."

"I'll make a deal with you. My husband gave me that necklace on our second anniversary. A week later he died. I cherish it."

Marilyn opened a large pocketbook on the table and let tumble out a roll of currency.

"Five hundred dollars," she said in a bargaining tone as she replaced her purse atop the book just under the telephone cradle. "It's all yours, if you leave the necklace."

Hunch scratched his head with grimy fingers, eyes narrowing speculatively as he said, "Make it a grand."

"No! That necklace is too hot for you or anyone else to dispose of whole. Broken up, after the fence gets his share, you will be lucky to obtain two hundred dollars. After you leave I can furnish the police with your description. Two hundred dollars won't carry you far enough to escape their dragnet."

Hunch, surprised by her words, attempted to regain the upper hand. He endeavored to straighten his shoulders to force a harshness into his voice saying, "It will if I kill you."

[illegible] aware her life might depend upon this answer, Marilyn forced her speech to remain firm, replying, "You're a sneak thief, not a murderer."

Scarcely breathing, she waited. Her blue eyes [illegible] returned his glare. One tense moment thus and then the [illegible] in Hunch's eyes wavered despite all his efforts to the contrary. He glanced [illegible] anything.

[illegible]

"That's what you think."

Hunch whirled in the direction of [illegible]. His eyes bulged as [illegible] the sight of the hulking [illegible] serge and whose right hand held a service pistol on a level with [illegible].

"All right punk turn around."

As Hunch complied the stranger crossed from his position in the adjoining room's doorway and frisked the intruder with professional thoroughness. Finished, he handcuffed his prisoner and holstering the weapon said to the tenant: "I am the hotel detective, Mrs. Brandwynne. I hope this thug didn't cause you a great deal of unpleasantness. I came up soon as I could and entered with a passkey, your bedroom that opens into the corridor. I figured to surprise him that way."

"You certainly did. It was a commendable job."

"You didn't do so badly yourself. I still can't figure out how you let the switchboard operator in on what was happening while this punk was sticking you up. You see, the girl called me and said I'd better investigate a conversation going on in your room concerning a 'hot necklace' and some 'fence's share' and about a 'murderer'."

"It was very simple. After removing the money, I replaced my pocketbook in such a manner that it tipped one end of the cradled telephone. The released pressure signaled the operator and she reacted just as I planned she would."

KEEP DOWN THE COST PER ACRE
Imperial Marvelube
FILL UP WITH clean long lasting MARVELUBE

The oil you use in your tractor is your insurance against breakdowns, delays and costly repair bills. Using the right grade of the right oil will definitely keep down your cost per acre.

That is why we recommend MARVELUBE Motor Oil. It is recognized as Canada's leading motor oil—used in more farm machines and motor cars than any other oil you can buy.

Why take a chance on inferior quality when you can use the leader at no extra cost? Fill up with tough, long-lasting MARVELUBE and your engine will stay clean longer and free from damaging deposits. You'll save money in the long run by using MARVELUBE, Canada's favorite motor oil.

In The Legislature

BY W. R. CORNISH, M.L.A.,
VERMILION CONSTITUENCY.

The second week of the Session saw a continuation of the debate on the Speech from the Throne, with many members on both sides of the House taking part.

Hon. C. E. Gerhart, Minister of Municipal Affairs, indicated that the Alberta Government will prepare a City Act which will cover all Alberta cities and replace the existing 7 City charters, all of which are different. This will provide uniformity of city charters for Alberta cities. The Departments of the Attorney-General and Municipal Affairs, assisted by the cities involved, will prepare the legislation. Mr. Gerhart indicated that the cities today have wealth 5 million dollars in excess of what their assets were a year ago. At the same time, the city expenditures in dollars have been higher than in the past, but the actual rate of taxation has been lowered in some cases, and there has been no substantial rise in any city in Alberta. The old rates on new wealth still provide sufficient money to cover all of the costs. The city centres of largest population have been denied hospitalization at a dollar-a-day rate. During the same period of time, in the rural municipalities, the rate of our taxation has exceeded the rate of increase in new wealth. The rate of taxation in the rural municipalities has kept an upward pace with the rising cost of living while it has provided municipal hospitalization. City residents are still paying hospital deficits through taxation, and yet do not get the benefits of a dollar-a-day hospitalization. The Government urges city taxpayers to request a plebiscite in which they can indicate their desire to have municipal hospital rates in Alberta cities.

Many members including H. E. DeBolt and Gordon Taylor urged the keeping of natural gas in Alberta, inviting industry to come to Alberta to use it. An enquiry will be made by the Government into the matter of supply and needs, for the purpose of seeing that the supply is always adequate to meet the Provincial needs.

Mr. Ira McLaughlin contended that an austerity program was not linked to prosperity and that "eat less and work more" was not a desirable slogan for Canadian people.

A motion was introduced into the House from the Opposition side, requesting a branch of the University of Alberta to be established at Calgary. this motion was defeated. The request was turned down by the Government because the present costs of the University of Alberta have reached such a high figure that present circumstances do not warrant increasing this expenditure by the consideration of another branch of the University. It was felt that the future will hold the need for such a branch, but that we have, for the present, reached the peak of enrolment at the University. When conditions reach normal, the Government is prepared to consider the Calgary branch on its own merits. It is felt that the Province is better to have one superior University than two poorer ones.

Figures were given in the House that more than 22,000 miles of road were graded or gravelled or had other work done on them on the main highways of Alberta last year. There has been 132 miles of work done on the Grimshaw road since last Session, and more than 4,400 miles of highways have been maintained. 120 bridges, wood and steel have been built or repaired, including the new bridge at Red Deer. The Government contributed, during that time, nearly $2,000,000 to municipalities and local improvement districts, where more than 16,000 miles of road work have been done in the past year.

Debates also brought out that the number of wells producing oil in Alberta in 1935 was 300; today it is 604. The number of wells producing gas in 1935 was 84, today 286.

I urged the Department of Lands and Mines to lend every assistance in the establishment of pulp mills in this Province, and was assured that this matter was being given every consideration.

Nickel Bars Gone Forever . . ?

Gone are the days of nickel chocolate bars—unless costs of ingredients come down, or size of the product is cut, says Canadian Grocer.

The grocery business paper says this goes right back to the high price of cocoa beans. They're about as high today as they have ever been. A rising standard of living in cocoa producing countries makes it doubtful if labor costs—and so the price of cocoa—will ever return to pre-war levels.

Manufacturers of chocolate products in Canada are reported now talking about the possibility of further price increases.

Radiograms

IN TRIBUTE TO THE AGENTS

Every evening at ten CJCA presents the Alberta Wheat Pool news. The sponsors are a large organization with grain agents located at hundreds of points in Alberta. In an effort to bring the agents and the communities they serve more closely into the news picture CJCA's News Bureau has instituted a rather unique feature.

At the conclusion of each newscast CJCA pays tribute to an Alberta community making mention of pioneers, war heroes, championships, location, founding and other interesting features. At the conclusion the Wheat Pool agent in that community receives a credit line for supplying CJCA with the information.

It's a public service that's proving very popular because of its informative and localized nature.

DERWENT NEWS

Dan Chrapko dashing around looking into several places and finally the curling rink where he found two lost boys—Russell Larick and Paul Grytsiuk whom he marched ahead of him back to school. It is understood the runaways received a fitting reprimand from Sir Dan.

Big Chris was noticed walking down Main street inspecting his handiwork on the cement sidewalks — his coat wide open and swinging in the wind—not a care in the world!

Clarence Algot was very proud of three achievements he turned in during the spiel. 3 these were at the expense of Dan's rink—A 5-3 win with 2 blank ends; A 10-9 win when Dan had him down 9-0 in the 5th end, and a spectacular drubbing to the tune of 18-4.

George McConnell thinks he will give up his present job and join the ranks of the pros in curling. He was able to knock over the Cherniawsky rink in one of the major events which is more than a number of skips could do in the local spiel.

Marshall Cherniawsky is looking as proud as a peacock these days on being elevated to the rank of Mayor for the village of Derwent for the coming year, and John Porkey feeling very happy about the whole thing.

Jerry Strong examining baby chicks at the C.P.R. station as they arrive and wondering why they are not growing [illegible] instead of feathers.

Alex Rudowsky and "Uncle Bill" both smelling of creoline after unloading 7 cars of poles for the Canadian Utilities Ltd.

It's quite the fad for the up and coming young business men of the town to wear smoked glasses (cheaters). Wonder what they are hiding?

Joe "Spud" Surbo, patting himself on the back as he helped to put his man in office (town council) in the recent elections.

Steve Maloneosky considering the weather prospects and hoping for another shot at the Melnyk rink. The reason is sweet revenge.

Max Hannayk looking friendly as ever but with a downcast approach as his rink did not do so well during the local spiel. Max says there is another year coming however and he and Chris will get together and win some games.

A number of high school students carrying curling brooms back and forth to school. Our guess is that they are getting in shape for next year's curling in the new 3-sheet rink.

Matt Charchun (Doc) wearing a broad grin as he rakes in the folding money at the show—Doc is happy when meeting the public.

DISTRICT HOCKEY LEAGUE

Final League Game Fastest of Season

V.S.A. and Clandonald Travel at Merry Clip — Score Seventeen Goals

Travelling at the fastest clip of the season the V.S.A. and Clandonald teams gave a great display of hockey Wednesday evening last week in what was the last scheduled league game. The final score was 11-6 in favor of the V.S.A. It was a fine hockey display and gave promise of some very fast play-off games.

The Collegians got away to a fast start in the opening period and ended it with a comfortable 5-1 lead. The 2nd and 3rd period were evenly contested with little to choose between the two teams.

College sharpshooters who boosted their scoring averages were Melnyk from Pratt; Adamson; Baldock from Adamson; Brosseau from Googlein; Koss from Adamson and Melnyk; G. Ziegler from Chanta; Googlein from MacMillan, C. Ziegler from Chanta; G. Ziegler from Brosseau; Chanta from Googlein; Ziegler from Marler.

Clandonald goals were scored by Martin from Anderson; McCambridge from Ralph Strome; Specht from Martin; J. Ramstad; Anderson from Maltais, Schoonmaker from Martin.

Clandonald Society Making A Drive For Memberships

The Clandonald Community Affairs Society is conducting a drive for new members and everyone in the hamlet and surrounding district is invited to join this active and very worthwhile organization. A movement of this kind is vital to every community. Meetings are held the first Monday evening of each month.

COME TO CHURCH

"And the hour shall be filled with music,
With songs, and praise, and prayer;
And the burdens of life shall be lifted
From all who enter there."

It is good for us in the general uproar of the world to pass through a season of quiet meditation and put our fingers on our spiritual pulses and see what kind of life we are living. We cannot best estimate our own life in the noise of the street and the turbulence of the world and need to retire within and shut the door that we may see with a quiet eye and balanced judgment what manner of persons we are. The world is too much with us, and late or soon we spend our spiritual substance in worldly ambitions and anxious living. Simply to step into the seclusion and quiet of a church tends to cool our fevered pulses and calm our agitated hearts and give us peace. God is the great need of our souls, and while we should always live in His presence, yet there are times and means for realizing in a special degree His nearness.

In arranging your kitchen place the range away from the sink. If the range and sink are side by side, water is likely to splash on the range, and the work surface at the sink is reduced.

WILDMERE WINKS

Our deepest sympathy is extended to Mrs. Robert McCann and family on the loss of a loving husband and father.

The Wildmere Women's Institute held their March meeting at the home of Mrs. W. J. Garnett of Rosewood with 9 members present. Our President took the chair. Roll call was answered by a line from Shakespeare; donations were made to the Red Cross, Children's fund and to Mrs. Wilson to get books for the school. A nice lot of used clothing was handed in for our January project. Articles for another food parcel were donated. The topic "Canadian Industries" was given by Mrs. Wallington who chose Trans-Canada Air Lines as her subject. Social was an Irish joke by each member and some good laughs were enjoyed over them. Johnny Jump-Up was won by Mr. Garnett Sr. who turned it back and it was later won by Mrs. Wallington. Our March project is a baby layette. Next meeting to be at Mrs. W. J. Garnett's in April. Roll call, spring plans. Readings by Mrs. L. Smith, Mrs. Steele and Mrs. Martin. Mrs. Garnett, assisted by her daughter-in-law served a tasty lunch.

The rink skipped by J. Wilson won top money in the mixed spiel at our local rink. Skip Cliff Cruthers took second prize.

The storm on Saturday blocked our good road to town again in some places. It's too bad as it really was a dandy road. Mr. Fleming and his helper surely did a grand job with the bulldozer. The M.D. has done its best to keep the road open but Ma Nature always manages to spoil it. Spring must be just around the corner now but, as our young nephew said, it's stuck in the snow!

Lawrence Graham visited at the Adam Smith home on Sunday evening.

Mrs. Albert Smith of Rosewood visited at the home of Mr. and Mrs. Cliff Cruthers and family on Sunday, Feb. 29th.

Feed for stock is getting very scarce in our part of the country. Some are hauling feed over 12 miles already. Hay [illegible] will be a welcome sight to everyone.

In closing we will give one of the Irish jokes heard at the W.I. meeting. Pat had got knocked down by a car and the crowd gathered around the injured man. Maggie Murphy came up and said to give him a drink of whiskey. No one paid any attention to her so she repeated it, still no one heeded. Pat, raising his head, yelled out, "Stand back and listen to what Maggie has to say."

Road Plans Talked At Engineers' Parley

Plans for an extensive road improvement program in Alberta this year were talked over when 40 engineers from various parts of the province met in Edmonton recently.

The conference had been called by the public works department to enable the engineers to meet Alex Frame, the commissioner of highways, and discuss common problems.

As the province is planning a $12,000,000 road improvement program this year, it was felt that much good would come out of a conference of this kind when conditions in all areas could be discussed with the district engineers and others.

Officials have told the A.M.A. that it is the intention to advance the road programme just as early as spring conditions permit. Already six gravel crushing outfits are operating in the province preparing material for hard surfacing.

There will be no delays so far as the supplying of material is concerned and with good weather, work will be started earlier than usual.

NOSE BREATHING

Air breathed through the nose reaches the lungs filtered and purified, so, if you want to stay healthy, breathe through the nose. Mouth breathing permits dust and germs direct access to the throat.

Any condition which makes nose breathing difficult, or favors mouth breathing, should be discussed with the family physician, so that the trouble may be cleared up.

For the Baby
BABY GOWNS
—of soft White Flannelette, in Pink or Blue trim. Infants' sizes EACH 59c

Report to the People

— BY ROBERT FAIR, M.P., —
BATTLE RIVER

Since making my last report very little progress has been made with the work of the House, most of the time being taken up with the foreign exchange conservation and the address in reply to the Speech from the Throne, which is not quite complete, at the time of writing this article.

FOREIGN EXCHANGE CONSERVATION MEASURE

There is strong opposition to the Government's foreign exchange conservation measure and the accompanying increase in excise tax on certain articles imported into, or manufactured in Canada, and this can best be shown by the fact that during the passage of the legislation three votes, in particular, were recorded, giving the Government majorities of 10, 8 and 5 respectively. During the discussion the Minister of Finance was unable to give any idea of how long these conservation measures would be necessary, but it would seem that we shall have to put up with them during all of 1948 at least.

DETERRENT TO SPENDING

As pointed out before, the excise tax is not being used for the purpose of bringing in revenue, but is exclusively as a deterrent to the spending of money on goods that are being brought in from the U.S., and many people regret that it has been found necessary to prohibit importation of many of the articles that we have imported from the United States in the past as our own manufacturers are unable to supply the peoples' needs, even at the increased prices.

DISCONTENT REFLECTED IN SPEECH FROM THRONE

The Speech from the Throne, as usual, has covered a wide variety of subjects and has brought home to the Government the discontent that exists among the people in connection with heavy taxation, the rising cost of living, increases in the price of farm implements and many other lines that the people are compelled to buy for everyday use. The question of increased allowances for single and married veterans has also been discussed on many occasions, and while certain increases have been made, it is felt that these are not sufficient to meet the increased cost of living of those concerned.

RENT CONTROL

Advantage has also been taken of the Speech from the Throne and the Orders of the Day for the purpose of bringing to the attention of the Government the serious situation that exists in connection with the removal of commercial rent control on March 8th. On Feb. 25th Mr. Solon Low (Social Credit Leader) brought to the attention of the Government a request from the executive of the Retail Merchants' Association in Alberta that the clause dealing with rentals in the W.P.T.B. regulations be kept in effect, as it is pointed out that many landlords are seeking rental increases amounting to as high as 500% over present rentals. Further discussion took place the following day and it is possible now that the W.P.T.B. will investigate unjust increases and prosecute offenders under the Section already referred to.

(Continued next week)

CLUB BONSPIEL AT ELK POINT

The Elk Point Curling club reported holding a very successful local bonspiel, concluded here recently with 18 rinks competing. Curling showed a decided improvement over previous curling at the beginning of the season. Many new curlers competed. Winning rinks in the various events were:

Andrishak Event—1st, Keitges; 2nd, Wm. Soldan; 3rd, Wm. Milholland; 4th, D. C. Nelson. Merchants' Event—1st, Kaiser Wengrynowski; 2nd, Mike Farasol; 3rd, John Moruzyk; 4th, August Bartling. Primary Co-op Event—1st, D. C. Nelson; 2nd, Mike Bartosh; 3rd, Clarence Boos; 4th Paul Stepa; Secondary Co-op Event—1st, Dr. F. G. Miller; 2nd, Frank Keitges; 3rd, R. E. Beattie; 4th, Mike Nikiforuk. Consolation — 1st, R. E. Beattie; 2nd, Paul Stepa, 3rd, Clarence Boos, 4th Max Fischer.

A second mixed bonspiel is now being held and the Ladies' Curling club plan on holding a bonspiel next week.

Running and sagging of fresh paint is usually caused by putting it on to thickly and not brushing it out. It sags under its own weight.

What about that Label date?

RIVERTON

Wishes for a speedy recovery are extended to the hospital patients, Mrs. Parr, Sr., Mr. and Mrs. MacLean and Joan Parr. Joan had her appendix removed and will be home this week.

Mrs. D. Vivian and Freddie visited at Clandonald for a few days during the past week.

The Hamiltons were visitors at their former home, Mannville, for a couple of days.

Mr B. Maddex had the misfortune to lose a good milk cow this week.

Once again the blow and snow stopped the bus for a day or two.

Spring will be a welcome visitor around these parts—if it comes with a bang someone is likely to get wet!

Award of Honorary Degrees

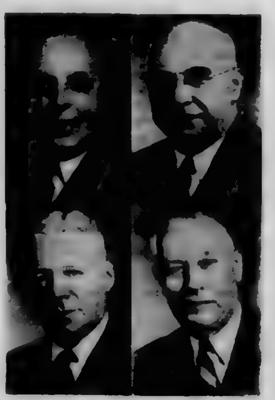
The Senate of the U. of A. has decided unanimously to offer the honorary degree of Doctor of Laws to Premier E. C. Manning and the Hon. Mr Justice H. H. Parlee.

Premier Manning has graciously consented to accept this degree and to deliver the Convocation address on May 14, 1948.

Mr. Justice Parlee has expressed gratification at being thus honored on the completion of his second statutory term of office as Chairman of the University of Alberta Board of Governors, and especial pleasure in being associated with Premier Manning in receiving the degree.

The degrees will be conferred by Dr. G. F. McNally, Chancellor of the University.

C.P.R. FREIGHT TRAFFIC CHANGES



Important changes in the C.P.R.'s traffic department see C. E. Jefferson (top left), assume the position of general traffic manager at Montreal, H. W. Gillis (top right), and Gerald Hiam (bottom left), become system freight traffic managers at Montreal, and C. F. Buckingham (bottom right), taking over the post of freight traffic manager at Winnipeg for Western Canada and United States Pacific Coast agencies.

BUILDING LAGS

A world population increase of 200 million people, equal to the number of persons in all North America, has been added since the first world war. This many more people to be housed makes the world-wide shortage of building materials even more acute. Heavy war damage and slow reconstruction also are listed among the chief reasons for the current world shortage of nearly every type of building material.

Sixteen Years Ago Today

March 10th, 1932

Skip Vernon Cooper, Dr. Clarke, Albert West and Newt Cooper won the Grand Challenge at the bonspiel with H. R. Parker taking 2nd, Stewart 3rd and Wes Waldenberger 4th. The Brunswick hotel went to Fred Kemp of Edmonton with Jock Morison 2nd. The secondaries were won by E. M. Stewart and Jock Morison and the Consolation by Bert Duncan.

Donald F. Anderson, a resident of Vermilion district for 19 years, died at Pontiac, Mich.

Thirty-two Years Ago Today

March 8th, 1916

Fred Keys took over the pool room and barber shop on Main street from Tim Kehoe.

The U.F.A. formed a local at Islay and the officers were: President—Chas. Gilchrist, Vice-Pres. — Jas. Carey; Sec.-Treas.—R. Carey; Committee—E. Maire, John Giles, N. H. Burkehead, W. G. Roebuck, W. Buchanan and Geo. Wilson.

T. Barnes died suddenly in his barber shop shortly after commencing work Saturday morning.

Cup winners in the annual bonspiel were: Grand Challenge—Skip S.R.P. Cooper, A. J. Reynolds, Geo. S. Matthews, Andy McWilliams; Brunswick Hotel—B. K. Jones, Mannville; Alberta Hotel—John Law; Blue Ribbon—W. A. Fallow.

NATIONAL BARLEY CONTEST RENEWED IN 1948

Rules and regulations for this year's National Barley contest sponsored by the brewing and malting industry in 1946 and 1947, and being continued in 1948, will be prepared within the next two or three weeks. Chairman of the contest committee, T. J. Harrison, has already consulted with the Manitoba representatives and this week and next will meet representatives of Alberta and Saskatchewan.

In effect there will be two contests in 1948, the first for malting barley shipped in carload lots through the ordinary commercial channels. This part of the contest will carry the inter-provincial or national prizes.

The second will be for growers of registered seed of malting barley varieties. It will be operated separately by each province. Whether carload lot entries will be used in both competitions as heretofore is one of the points to be settled. Carload entries will continue in commercial shipments.

One of the other changes will be a reduction in number of regional prizes.

The Cross of Mercy

Nearly a century ago Red Cross was an idea in one man's mind. As a visitor from Switzerland, he stood on a battleground in Italy and saw the wounded, the dying and the dead left untended, like refuse on a playing field.

His idea was Mercy—a mercy which would know no enemies, no national barriers, no racial or religious differences, a mercy which would work on behalf of suffering men, regardless of the uniform they wore.

Today Henri Dunant's idea embraces 65 nations of the world bringing comfort and help to the suffering in war and peace alike and uniting men on a common ground of brotherhood, sympathy and kindness.

In Canada it would be difficult to find many persons today who do not know the Red Cross symbol and what it means. The Society's work for the improvement of health, the prevention of disease and the relief of suffering reaches out to citizens old and new, into the largest cities and farthest frontier settlements, from Halifax to Victoria, from the 49th parallel to the North West Territories.

The Red Cross in all its aspects of national service has advanced a long way since the day of Henri Dunant. As each of the 65 Societies advance, so advances the Red Cross of the world. As they are strong, it is strong. And here at a time when uncertainty, discord in international affairs is mounting to perilous proportions, the thinking men of every party and belief can meet in agreement, share in constructive good, in this great, humane and urgent mission.

Today we ask you—Support the Red Cross. Make it strong. Canada—the world—has need of it.

2,4-D To Clear Rights of Way

The new weedkiller 2,4-D will soon replace the [illegible] method of [illegible] brush along highways, railroad power lines and telephone rights of way [illegible]. Lasting in its effect than the cutting method of brush control, the chief obstacle to the wide-spread use of the [illegible] lack of suitable spray equipment.

In [illegible] to members of the Canadian Electrical Association at Montreal, G. R. Snyder of the agricultural [illegible] stated that recent experiment showed a good kill with a [illegible] concentration of 2,4-D on poplar, sumac, willow, wild cherry and hawthorn. Hard to kill varieties such as hard maple, ash, basswood and raspberry required at least a one per cent concentration.

Chatsworth Chatter

Mr Chas Stewart called a meeting at Ottawa school last Wednesday evening when the problems of road building and winter road plowing were discussed. About 50 local farmers were present to hear Mr Stewart's report on work done, moneys expended, etc.

We are sorry to report that George Farkash is a patient in the hospital. George was sick with a cold last week, evidently complications set in later. Hope you'll soon be out again Georgie.

Alice Thompson is also a casualty this week. Alice was skiing down the school hill on her way home when she collided with the drawbar on the [illegible]. In an effort to [illegible] put out her hand [illegible] upon examination [illegible] was found that she had suffered a broken arm. The injured member is now in a cast and Alice is doing her correspondence lessons at home. It was her left arm — [illegible]

[illegible] Joe [illegible] and Leo [illegible] the east west road from the Ottawa road [illegible] they are using Joe's engine a team [illegible]. They have the mile north of Maggs left to clear. At 11 p.m. they were at E. [illegible] the [illegible]

School [illegible] have been postponed [illegible] of work at least.

Order Supplies Now For Children's Appeal

WE MUST SAVE THEM

[illegible] to assist children [illegible] blighted [illegible] Asia. The [illegible] articles of [illegible] medical [illegible] boys and girls [illegible] to health. [illegible] A considerable amount will be spent on books and [illegible]

Vermilion and district people may make their donations at their own local bank.

DRAFT AND DAMP

When the [illegible] selves produce cold drafts often sap the vitality [illegible] of plants [illegible] the medical profession [illegible]

Everybody's Business

by

Don Graham

Curiosity [illegible] the [illegible] many men to do great things.

Because Dr. Lister wondered why so many patients died after operations he discovered that germs cause infection and developed modern antiseptic practices. For our modern lighting we can thank Edison's curiosity about electricity. Again, curiosity about what and how people buy, led Woolworth to develop a new kind of store which grew into a multi-million dollar chain.

You may make some profitable discoveries by asking yourself (and others) questions about everything from mousetraps to market trends. Knowledge is Power. The more you learn, provided you have the ability to use such knowledge, increases your value to your employer and may start you on a new and exciting career.

And don't forget to be curious about *people*, too. A study of their tastes, wants, behaviour and opinions can be equally rewarding.

• • •

Are you curious about what happens to life insurance dollars? Savings effected by Canadians through their life insurance premiums provide funds for investments in a wide variety of public enterprises, such as new schools, highways, power plants, harbours, homes and farms.

Sixes and Eights with the Famous GM Hydra-Matic Drive*!

Today, Pontiac announces a series of notable advancements in the car that has already won the wholehearted endorsement of more than a million owners and friends.

Foremost among these advancements is the great General Motors Hydra-Matic Drive.* Pontiac is the lowest-priced car in the world to offer (as an option) this great mechanical masterpiece — which shifts gears automatically, and completely eliminates the clutch pedal.

Coupled with this great engineering triumph is a striking improvement in beauty and luxury. New exterior smartness extends from the new radiator grille to the streamlined rear bumper.

Interiors, too, are remarkably improved. Upholsteries are more beautiful and provide new attractiveness and charm. Instrument panels are finished in a smart design, and an adroit use of chrome moulding adds a deft touch of modernity.

Engine and chassis retain, basically, the same engineering masterpieces which have become synonymous in the automotive industry with goodness and dependability.

A wide range of Pontiacs is produced in many body types and striking colours with six and eight cylinder engines, and with wheelbases of 116" and 119". This triumph of engineering stands alone in its field for beauty — for performance — for comfort — and for dependability. Again for 1948—it is truly THE FINEST CAR IN THE LOW PRICE FIELD.

May Develop Perennial Wheat In 10-20 Years

University Of Saskatchewan Scientists Say Plenty Of Time Needed To Cross Wheat And Grass Plants

SASKATOON.—University of Saskatchewan scientists estimate 10 to 20 years may be needed for completion of experiments that hold staggering possibilities for western agriculture—development of perennial wheat.

Cautious researchers will make few predictions except that plenty of time and a fair amount of luck are involved in crossing thousands of wheat and grass plants to obtain a bread wheat that will come up every spring without seeding.

But many agriculturalists say perennial wheat, if developed, might be a shot in the arm for western farming.

A perennial wheat would mean a tremendous annual saving in seed and labor costs. The heavy root structure characteristic of perennial plants would aid soil and moisture conservation—vital on the Prairies with uncertain rains and persistent winds that sweep away precious top soil. The straw probably would have a higher nutritional value for the soil than would straw from annual wheat.

Achievements to date are growing in a greenhouse plot comprising less than 40 square feet. From crosses of wheat with a hardy native grass made in 1936 Professor L. H. Shebeski has a few prize perennial plants with [illegible] wheat heads but a stalk that stays green even after the head has ripened.

But the plants are too tender for rigorous western climates and before they [illegible] for the farm [illegible] insects and [illegible] successive generations.

With [illegible] the best specimens of each generation suitable for further breeding, Professor Shebeski said. It is [illegible] that a perennial wheat of economic importance for Western Canadian agriculture will be produced in the next decade or two.

The work started in Canada in 1936 was interrupted by war in 1941 and resumed in 1945. Similar experiments began in Russia in 1926.

Low Temperatures Hold No Terror For Him

Sid Lowthian crawls out of his sleeping bag after sleeping out in the back yard of his home in Regina, Sask., in weather which kept the temperature at 10 degrees below zero.

(Central Press Canadian)

REGINA, Sask.—Landlords who in these days of fuel shortages may be hearing a number of complaints from tenants drawing attention to the temperature of their living quarters will no doubt wish that there were more people in the country like Sid Lowthian of this city. He is not afraid of low temperatures.

Sid is Scoutmaster of the 14th troop Regina Boy Scouts and you might also describe him as a rugged type. He is regularly accustomed to sleeping out on the veranda of his home, summer and winter. Recently, he went a step further and with the temperature at 10 degrees below zero, he took his sleeping bag out into the back yard and spent the night.

It was not just a publicity stunt. Sid had made tentative plans to take his scout troop on a winter camping expedition. But he was not sure the boys would be able to withstand sleeping outdoors in the winter. So he chose a cold night to make a test on himself, believing that if he could stand 10 below the boys would not suffer too much hardship.

They are ready now to attempt the expedition when the weather is a bit warmer.

$1,500,000 Unclaimed In Canadian Banks

OTTAWA.—A cool $1,500,000—not in one big beautiful pile, mind you, but in the ledgers of banks from coast to coast—is just sitting there waiting for people to come along and claim it.

Canada's banks told the same old wonderful but almost unbelievable story of unclaimed balances, dividends, certified cheques [illegible] and bills of exchange.

Tabled in the Commons were the annual straightforward reports of 12 Canadian banks conforming routinely to the requirements of subsections 1-4 of section 117 of the bank act.

They said that supposedly better-heeled persons have apparently forgotten the tidy sum of $1,431,477.25.

The unclaimed sums range from 17 cents to $21,623.12. The address of the woman in whose name that big amount is listed as "unknown." Many of the thousands of dormant amounts run into four figures, but by far the greater majority are the savings of little people, $10.27 and $39.03 and $21.94.

There's $13.14 at Edmonton waiting for the Klu Klux Klan to come and collect.

FUNNY And OTHERWISE

The prospective father-in-law was interviewing his daughter's young [illegible]

"And what are your prospects?" he inquired.

"Oh pretty good. Unless your daughter's been lying to me," the reply.

* * *

"I see you advertised your saxophone for sale," said the friend.

"Yes," he sighed, "I saw my neighbor in the hardware store yesterday buying a gun."

* * *

Ernest was back to magistrate: "I can't stand it any longer. My husband actually swore at me. And I was learning to drive just to please him too."

Magistrate: "What did he say?"

"He sat there in the ditch and said: 'It is cute woman, didn't you see that truck.'"

* * *

"How many fish was it that you said you caught Saturday, Ernest?"

"There were six of them, dear. Don't you remember?"

"Yes, that was what I thought you said, but that fish market has made a mistake again. They've charged you for eight."

* * *

[illegible]

* * *

"So your wife takes in washing?" the judge asked a man who was up for vagrancy. "What do you do?"

"Well, judge," explained the accused, "I takes in the washin', the old woman does the washin', I takes the washin' back, the old woman collects the money and I talks her out of most of it."

Seek To Recover Ore From Lake Bottom

FLIN FLON, Man.—Two Flin Flon men disclosed they hoped to recover copper ore which has been at the bottom of Cumberland Lake, 125 miles northwest, since barges carrying the ore were sunk a quarter-century ago.

Johnny Johnson and Stan Schiltroth said they estimated close to 300 tons of ore now valued as high as $100 a ton had gone to the bottom.

The ore from Flin Flon mines, used to be loaded on barges which were towed to the rail head at Cumberland House. Thence it was freighted to the smelting town of Trail, B.C. It was on one of these trips that several barges sank.

THE NEWEST METHOD

CHICAGO.—An Army B-17 bomber parachuted a prefabricated house to the slopes of Mt. McKinley, Alaska, during cosmic ray experiments conducted there by University of Chicago scientists. The house was equipped with heating facilities to protect the scientists from sub-zero temperatures.

The RCAF offers everything a young man wants!

You'll learn about the operation of modern aircraft and technical equipment. You'll make friends ... master a valuable trade under the guidance of experts. And while you're still young enough to enjoy it, you'll be able to retire on pension for the rest of your life.

You need no previous experience or special training. And you draw full pay from the start. You'll have a chance to see Canada ... perhaps take part in thrilling and important exercises such as northern transport flights or summer photographic surveys.

It's a job in which you can take pleasure and pride.

YOU GET ALL THESE in the RCAF

- Continuous employment and pay.
- Technical trades training.
- Full opportunity for advancement.
- Progressive pay increases.
- Sports and recreational facilities.
- 30 days vacation a year with full pay.
- Medical, dental and clothing service provided.
- Retirement income assured.

Join the RCAF today!

West To Build C.N. Cars

WINNIPEG.—There was good news for the West in the announcement recently by E.R. Battley, chief of motive power and car equipment, Canadian National Railways of a 4½ million dollar car building program to be completed at Transcona shops here this year.

This program means the Transcona organization will operate at peak capacity right through December next. The cars shops employ 1,225 men in coping with a capacity program.

Material has been secured to build 300 refrigerator cars and 60 express refrigerator cars at Transcona.
